RECREATION DEPARTMENT REPORT

MAY 2025

Programs Taking Place this Month

- Cookie Decorating Class (Parent/child) – 11 pairs enrolled
- Youth Softball – 69 players enrolled
- Youth Baseball – 42 players enrolled

What I Have Been Up To

- Our parent/child Cookie Decorating Class was a success!
- Grace and I hosted a staff orientation day for new and returning summer employees to stop in and complete paperwork. We were happy with majority showing up and sticking around to complete paperwork, but we do still have 8 employees who need to turn in their paperwork.
- Alisa and I held interviews for swim team coach, lifeguard and front desk employees. Pool staff list is now final and Alisa has some upcoming trainings on the schedule to be ready for the pool opening on May 31st!
- I am honored to be asked to be part of the interview team at the School District for Head Girls Basketball Coach this month. I have been able to chat with applicants about how they would like to include youth for their program and involving City Rec. I am looking forward to the future partnerships we can take to develop a strong program for each of the athletic teams through the school district.
- I have working hard on securing umpires, field prep and concessions staff for this year's City Rec baseball and softball teams. We are a few umpires short, so I am hoping that we can come up with a few more to add to our list. Games are beginning week of May 19th.
- Our Parks and Recreation Commission met at the end of April. We had some great discussions as this was a first meeting for many of us for the Parks and Rec Commission. We plan to meet the last Wednesday of each month, and various park locations, so that we can explore and prioritize some necessary projects and improvements. Our next meeting is May 28 at Centennial Park Shelter 1.

EMS WEEK

Section VI. Item #11.

1 FAQ – FREQUENTLY ASKED QUESTIONS

Who can participate?

- All state and local government entities are eligible to participate in the State and Local Cybersecurity Grant Program (SLCGP).
 1. Counties, cities, villages, towns, local public authorities.
 2. School districts, special districts, intrastate districts.
 3. Councils of government, regional or interstate government entities, or agencies or instrumentalities of a local government.
 4. Indian tribes or authorized tribal organizations.
 5. Rural communities, unincorporated towns or villages, or other public entities.
- Ineligible entities include nonprofit organizations and private corporations.
- Federal law requires states to pass through at least 80% of the total funding to local governments through shared solutions/capabilities or subgrants. Further, at least 25% of Wisconsin's total funding will benefit rural communities, defined as communities with a population of less than 50,000 residents.

How can my organization apply?

- Wisconsin Emergency Management website: [Available Grants | Wisconsin Emergency Management](#).
- The Notice of Funding Opportunity (NOFO) for SLCGP provides comprehensive information on how to apply: [Cycle 2 Funding 2023 \(wi.gov\)](#).
- Organizations are required to apply through the [Egrants](#) online system. For information about registering and using Egrants, please see the [Egrants System User Guide](#).

Which project types are eligible for funding?

- Multifactor authentication (MFA)
- Managed detection and response (MDR)
- Endpoint detection and response (EDR)
- Extended detection and response (XDR)

Is equipment eligible for funding?

- No; however, in the grant application, there is a line for equipment because software can meet the federal definition of equipment if it's sustained for over one year and over a specific cost threshold.

How long can a grant recipient pay for services using grant funding?

- All services must be received within the period of performance of the grant, which starts when the grant is both awarded and accepted by the recipient and ends August 31, 2027. For subscription services, the contract must end on or before August 31, 2027, or the cost of a longer

SLCGP – Supporting Information

subscription must be pro-rated to cover only services received on or before August 31, 2027.

- Services may not be purchased or contracted for prior to the date the grant is awarded and accepted by the recipient. No costs incurred prior to this date are eligible for reimbursement.

If we expand our current MFA to more users would this classify as new?

- The grant cannot cover any activities that are already funded or for which funding is planned. Additional licenses can be covered; however, only the costs of the additional licenses can be paid with grant funding.

How long are funds available?

- The program is funded for four federal fiscal years: 2022-2025. Each year of funding has a three-year period of performance.

What are the goals of the SLCGP?

- From the Wisconsin December 2024 [Wisconsin Cybersecurity Plan](#):
 1. Improve K-12 and postsecondary education, local units of government, tribes and publicly owned critical infrastructure capability and capacity to adopt and use best practices and methodologies to enhance cybersecurity.
 2. Increase K-12 and postsecondary education, local units of government, tribes and publicly owned critical infrastructure understanding of cybersecurity best practices.
 3. Ensure personnel are appropriately trained in cybersecurity.

What are the benefits of participating in the SLCGP?

- Participation will enable you to:
 1. Mature cybersecurity capabilities.
 2. Reduce risk by leveraging statewide programs.
 3. Collaborate and share information across entities.
 4. Plan and prepare for cyber incidents.
 5. Keep Wisconsin's data secure.

How can my organization understand our current cybersecurity gaps and capabilities?

- The [Nationwide Cybersecurity Review \(NCSR\)](#) is a no-cost, anonymous, self-assessment offered to all states, local governments, Tribal Nations, and territorial governments through the Center for Internet Security (CIS). This is an excellent way to learn about your organizational baseline. The assessment is open from Oct. 1 – Feb. 28 each year.
- The [Cybersecurity and Infrastructure Security Agency \(CISA\)](#) provides risk and vulnerability assessments as well as other tools for state, local, tribal, and territorial governments. To schedule a Risk and Vulnerability Assessment, contact central@cisa.dhs.gov.
