V. NEW BUSINESS

- 8. Discussion and possible action to allow Chamber of Commerce to utilize Ley Pavilion Stage for Town Square in 2026

Commission members unanimously voted no for Chamber to utilize the stage for Town Square, as the biggest concern being weather (rain, humidity, etc) affecting the aluminum stage.

- 8. Contract Review for Ice Wolves Youth Hockey Association

Lots of discussion and concerns were mentioned regarding increase in fees for all sports organizations, but mostly Ice Wolves Youth Hockey Association. Another big concern of Commission members was budget transparency and the intent of the money collected from these contracts. Megan and Dylan reiterated the intent is for the money to go back to Parks and Recreation maintenance and improvements that are much needed. Megan will send 2025 year to date budget, and once 2026 budget is finalized for Park and Rec, we will also send that over to Commission members. Megan presented a chart that showed the breakdown of what each organization has been paying (or not paying), what they utilize, and what the City needs are for their production. The discussions led to no decisions being made but rather Megan collecting more information from youth organizations to help the Commission

members make a better judgement and decision moving forward for all of these organizations and their contracts with the City.

9. Contract Review for Iowa County Youth Soccer Association

Lots of discussion and concerns were mentioned regarding increase in fees, wanting to see the Parks and Rec Budget to be able to visualize where the money is going now and will go, and are looking for more information to help make better guided decisions on the contracts with the City. Megan will reach out to organizations to gather data such as the organization budgets, participant numbers for all groups including non-residents vs residents numbers.
