Section V. Item #8.

\$ 500.00 Allowance for equipment mounting in the cab for gloves and other items.

- I have not been able to find the ceiling mount glove, speaker, light unit that you sent me the picture. If you can remember where you found that, please pass along the website.
- I was able to find some tactical MOLLE panel mounts. These are black metal tactical/military mounting panels that we could use to mount glove box holders and other items to. If we cannot find the item from the picture, these would probably work.

\$ 64,788.00 Total for all the above including shipping and installation
