RESOLUTION NO. 31-23**A RESOLUTION SETTING THE SALARIES FOR THE
DYERSVILLE FAMILY AQUATIC CENTER SUMMER EMPLOYEES OF THE
CITY OF DYERSVILLE FOR 2023****BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DYERSVILLE,
IOWA:**

SECTION 1. The following persons and positions named shall be paid the salaries or wages indicated and the City Clerk is authorized to issue checks, less legally required or authorized deductions from the amount set out below, on Friday of each week, all subject to audit and review by the City Council:

<u>First Name</u>	<u>Last Name</u>	<u>Position</u>	<u>2023 Wage</u>
Lauren	Specht	Lifeguard	\$ 11.75

SECTION 2. *Lifeguard Reimbursement.* Effective from the date of this Resolution, the City Administrator or his agent are hereby authorized to reimburse one-half of the lifeguard safety certificate training costs for Managers, Head Lifeguards and Lifeguards that have worked more than 200 hours, completed five (5) private lessons, worked 20 hours in August at the Aquatic Center and have successfully completed employment with the City of Dyersville for the entire pool season. Reimbursement request must be made by September 15, 2023 to the City Clerk. This reimburse will only cover costs to enroll and obtain the lifeguard safety certificate training; it does not cover their work time to attend the class nor mileage reimbursement.

SECTION 3. The City Administrator is hereby authorized to adjust only the lifeguard's hourly rate of pay up to \$0.25 per hour for successfully earning and using their Water Safety Instructor (WSI) certification at the Dyersville Family Aquatic Center.

SECTION 4. The Policy and Administration Committee and City Administrator are hereby authorized to meet from time to time to consider merit pay adjustments and make recommendations to the City Council. Furthermore, the City Council shall make merit pay adjustments as they may deem necessary.

PASSED AND APPROVED this 1st day of May, 2023.

DEFINITIONS

- Maximum Contaminant Level (MCL) – The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
- Maximum Contaminant Level Goal (MCLG) -- The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- ppb -- parts per billion.
- ppm -- parts per million.

- pCi/L – picocuries per liter
- N/A – Not applicable
- ND -- Not detected
- RAA – Running Annual Average
- Treatment Technique (TT) – A required process intended to reduce the level of a contaminant in drinking water.
- Action Level (AL) – The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
- Maximum Residual Disinfectant Level Goal (MRDLG) - The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
- Maximum Residual Disinfectant Level (MRDL) - The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
- SGL – Single Sample Result
- RTCR – Revised Total Coliform Rule
- NTU – Nephelometric Turbidity Units

GENERAL INFORMATION

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water posed a health risk. More information about contaminants or potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. DYERSVILLE MUNICIPAL WATER CO is responsible for providing high quality drinking water but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

SOURCE WATER ASSESSMENT INFORMATION

This water supply obtains its water from the sandstone and dolomite of the Cambrian-Ordovician aquifer. The Cambrian-Ordovician aquifer was determined to have low susceptibility to contamination because the characteristics of the aquifer and overlying materials provide natural protection from contaminants at the land surface. The Cambrian-Ordovician wells will have low susceptibility to surface contaminants such as leaking underground storage tanks, contaminant spills, and excess fertilizer application. A detailed evaluation of your source water was completed by the Iowa Department of Natural Resources and is available from the Water Operator at 563-875-7724.

CONTACT INFORMATION

For questions regarding this information, please contact City Hall at 563-875-7724 during the following hours: 8:00 am - 5:00pm. Decisions regarding the water system are made at the Council meetings held on the first and third Mondays at 6:00 pm at City Hall basement and are open to the public.

DMATS Awarded \$394K

The Dubuque Metropolitan Area Transportation Study (DMATS) - Comprehensive Safety Action Plan was selected for the FY22 Safe Streets and Roads for All Action Plan award. The selection is for \$394,186 in Federal funding.

ECIA will use this funding to help the region develop two Comprehensive Safety Action Plans. One plan will focus on communities in the Dubuque metropolitan area and the other will focus on the area's smaller communities. DMATS, the Metropolitan Planning Organization (MPO) for the Dubuque area, will serve as a joint applicant on the project.

The combined study area for the two plans will include 58 cities with a total population of 117,831 and a fatality rate of 5.26 per 100,000 population. Supported by robust community engagement, safety/equity analyses will be conducted, and action plans developed using a Safe Systems approach with emphasis placed on reducing crashes in disadvantaged census tracts.

To improve overall safety, the project will:

1. Conduct inclusive public engagement to ensure that all interested stakeholders can participate in the process. A steering committee will guide Action Plan development, which will include low-income and minority representation. Separate meetings will be hosted to gather input from different constituencies: 1) public entities, including cities, counties, and school districts; 2) advocacy organizations, including bike/pedestrian, freight, passenger rail, and equity groups; and 3) the general public, where residents will be encouraged to share their perspectives.
2. Identify low-cost, high-impact strategies to reduce transportation-related risks, including crosswalk improvements, speed zones, separated multi-use paths, and traffic law enforcement.
3. Explore the use of innovative technologies, such as cameras, monitors, vehicle-to-vehicle communications, and other smart transportation tools.
4. Examine evidence-based projects and strategies identified by regional/national transportation safety leaders for consideration. Based upon crash data, the Action Plan will rank project locations by safety risk and recommend innovative solutions to decrease the region's fatality rate.

The ECIA transportation policy boards will adopt the completed action plans. Member jurisdictions will approve through resolution.

EIRHA FSS Program Funding Renewed

Item 8.

The U.S. Department of Housing and Urban Development (HUD) recently announced over \$109 million to 682 Public Housing Agencies (PHAs) for the 2022 Renewal Family Self Sufficiency (FSS) Program and an additional \$6 million to 32 PHAs and 38 Project Based Rental Assistance (PBRA) owners for the 2022 New FSS Program for a total of nearly \$116 million. These funds will be used to assist families in increasing their assets and improving their financial stability through the Family Self Sufficiency (FSS) program. Eastern Iowa Regional Housing Authority (EIRHA) was awarded \$336,122 for FY22, renewing three FSS positions: Mindy Meyers and Jenny Schrobilgen for Section 8 HCV FSS, and Kristi Oberhoffer with Public Housing FSS.

The FSS program is a completely voluntary program offered to families in HUD-assisted housing who are provided coaching, referrals to services, and the establishment of a family escrow savings account. FSS Program Coordinators provide the coaching and develop local strategies to connect participating families to public and private resources to increase their earned income and financial empowerment, reduce or eliminate the need for welfare assistance, and make progress toward economic independence and self-sufficiency. Childcare, education, job training, and financial literacy are just some of the services to which families are connected under the FSS program.

Unequal access to savings, negative or invisible credit history, and engagement in mainstream banking are national problems that especially impact renters and contribute to the racial wealth gap. This leaves renters with a minimal safety net to draw from in times of unemployment or unanticipated expenses such as car repair or medical emergencies. The FSS program helps to keep the unexpected from becoming larger financial problems through savings and support.

Mindy Meyers, ECIA/EIRHA Family Support Specialist has been successfully working with clients in the Section 8 HCV FSS program for 20 years. One family Mindy worked with shared their heart-warming story:

“This was a very humbling and rewarding experience for me. My children and I moved to Iowa on Easter of 2018. Since being here I have completed two bachelor’s and a master’s degree.

I worked for Bettendorf School District for four years and now I do army contracting for the Department of Defense at Rock Island Arsenal. It was a tough road being here alone, but I made it with the grace of God. This program allowed me to juggle school, work, and kids. It made things a little less stressful through the process. Mindy was amazing at cheering me on and allowing me to vent through the situation at times. She actually cared and I was not just a name in her caseload file and that meant a lot. I am appreciative of all the resources that I was able to access. I definitely want others to know that this program is a great steppingstone to success. Thanks again, for giving me the opportunity to provide a better life for me and my children.”

Michelle Schnier, Director of Housing and Support Services stated, “the difficult days seem a little easier when we see families that are successful with the programs. Kudos to Mindy and the Section 8 HCV team for assisting this family and giving her the hand up when she needed it. This is what it truly is all about.”

West Branch Heritage Hill Development

Item 8.

before

proposed structures

After years of anticipation, the City of West Branch saw a dream become reality in October 2022, with a celebratory groundbreaking event at the former site of Croell Redi-Mix, at 325 E Green Street. To meet the needs of its growing community, the City acquired the Green Street property in 2016. The site underwent asbestos abatement and building deconstruction to make it ready for reuse. The groundbreaking ceremony kicked off the first of a four-phased redevelopment of multiple townhouse units combined with commercial space, named Heritage Hill.

The property, located in the midst of commercial and residential areas near downtown, consisted of several commercial buildings situated on approximately 3.94 acres of land. It was once the location of a railroad bed and train depot from 1870 to 1980; some of the structures on the property were constructed in the 1920s and operated as a feed and grain company. The property also contained coal storage from 1895 to 1927. In 1927, the Western Oil Company built a storage garage located adjacent to the property to the north. In the 1970s the site was redeveloped as a commercial concrete producer, which was in operation until 2016.

In 2016, the City pursued a land swap of 12 acres of industrial park property for this site to move the concrete business to an industrial park. To assist the City in determining the level of cleanup needed on the site, in 2018, ECIA was able to use U.S. EPA Brownfield Assessment grant funding to have a Phase I environmental site assessment completed on the property. Based on the data gathered from the assessment, further investigation was recommended. A Phase II environmental assessment was then performed later that year revealing the presence of arsenic and asbestos.

The Iowa DNR Derelict Building Grant Program provided funding for asbestos abatement in 2019-2020 and arsenic levels were under state levels so no additional cleanup was required. The site was awarded the derelict building grant and deconstruction began late 2019 and was completed in 2020. The City diverted over 71% of the waste

from the site with over 13,397,126 pounds of material removed. Concrete totaled 6,670 tons with 100% of that waste stream recycled.

The City contracted with developer, BBCO Inc. for plans which included incorporating a creative approach to reusing grain elevators that remained on site. The property will be redeveloped into a new mix-use development including commercial and residential spaces, made possible with City tax rebates and Iowa Workforce Housing Tax Credits.

Adam Kofoed, West Branch City Administrator reported, “[the development] is roughly 97 units. They will be extending the Hoover Nature Trail along the West side of the property, and phase 4 will come with a mix of commercial and housing. Units will be a mix of rentals and owners in a private homeowners association. The first phase was awarded \$908,000 in workforce housing tax credits for 24 units.”

West Branch Mayor, Roger Laughlin, was on the Planning and Zoning committee at the very beginning of the project. “We noticed all the dust and thought the location would be much better suited for a housing development. Let’s get rid of the truck traffic as well. We did the land swap which worked out really well, we got four acres of developable property and the concrete plant moved to a brand-new state of the art facility which they built themselves, it was a really good deal for them. ECIA helped us with the phase one and phase two land assessment, and the deconstruction which helped us tremendously in terms of cost. West Branch has been trying to grow, which we are. This is just another phase. I’m fired up about it because it’s infilling a vacant lot which is more valuable to us than sprawling growth. It’s the density per capita, it is less costly for the city to operate when there’s a little higher density. And the school district should see an increase in students and ultimately a larger tax base.”

ECIA and the City of West Branch would like to give a special thank you to the Iowa DNR and EPA for the seed money to jump-start this massive redevelopment project.

Historic Hardacre Theater Marquee will be Restored

Item 8.

Tipton's Hardacre Theater Preservation board members were informed Feb. 15 that \$32,360 was approved through a special round of the Historical Resource Development Program (HRDP) to restore the iconic Hardacre Theater marquee. Only a month prior, the Cedar County Iowa Great Place was awarded \$348,700 for renovation of the theater from the Iowa Department of Cultural Affairs (ICA). \$77,850 of the ICA award is for a comprehensive planning study and, like the HRDP grant, included a dollar for dollar match. The \$155,700 study is being conducted by FEH Design.

The balance of the Great Places grant, \$270,850, requires a 1:2 match (\$1 match for every \$2 raised), therefore, the Hardacre board will need to raise an additional \$541,700 to access all of the Cultural Affairs grant funds. The entirety of this funding will be used for theater renovations and improvements. Grant funding was a cooperative effort of the local Hardacre organization, Cedar County Economic Development Corp. (CCEDCO), the Cedar County board of supervisors, and the City of Tipton. If all funds for HRDP and Great Places are secured, that will amount to \$1,032,970 toward the renovation of this key Cedar County asset.

Both the City of Tipton and CCEDCO are members of Keep Iowa Beautiful, which is coached by ECIA. Membership in KIB afforded the two entities assistance with the grant writing for both the HRDP and the Iowa Great Places awards.

ECIA Voted Best Place to Work

ECIA has been selected as one of the 2023 Best Places to Work. This recognition is based solely on employee feedback gathered through a third-party survey administered by Workforce Research Group in partnership with TH Media and the Dubuque Chamber of Commerce.

The anonymous survey to employees measures several aspects of workplace culture, including alignment, execution, organization's leadership and connection to name a few.

"I always say, 'I come to work because of the people I work with!' This ECIA team is amazing, and as a team we have created a great place to work. We believe in each other and genuinely care for our co-workers. We have a very supportive and caring Board of Directors that encourages us to work hard and have fun! I couldn't be prouder of being named one of the 2023 Best Places to Work in Dubuque!" Kelley Deutmeyer, ECIA Executive Director.

ECIA has nearly 50 employees and is committed to working with member governments, their citizens, and others to empower eastern Iowa communities and enhance the quality of life in the five-county region. Through ECIA membership, local governments share resources they could not afford individually. The services and programs provided by ECIA cover six broad categories:

Community Development, Economic Development, Housing Assistance, Special Programs, Transportation and Planning, and Transit.

ECIA will be honored with other winners at an awards dinner in April at the Diamond Jo.

Preston Ribbon Cutting for Fitness Course

Item 8.

Join the City of Preston as they celebrate the completion of their Fit Core™ fitness course, the first of its kind in the ECIA region. Thanks to several grants, City funding and County support, Preston will be home to a fitness course that is appropriate for preschoolers through senior citizens. Three generations of a family can make the fitness course their destination, with ages 5 to 60 and over all using various pieces of equipment at the same time.

The Fit Core™ fitness course will be free for all to use during park hours of 5:30 a.m. - 10:00 p.m., in a park that also offers a basketball court, tennis court, small skate park and a new 1/3-mile lighted walking path. The value comes in the 'easy choice' for an individual, family, or group to get active whether intentional as part of a conditioning program or just 'let me see what I can do' attitude.

A ribbon cutting event celebrating the Fit Core™ fitness course will take place on June 3rd at 10:30 a.m. at Westside Park, 512 West School Street, Preston IA 52069 during Preston's Annual "Firemen's Celebration". Come out for the festival and join the ribbon cutting!

CSEI Awarded \$240K Grant

Item 8.

Community Solutions of Eastern Iowa (CSEI) was awarded a \$240,000 grant from the Department of Housing and Urban Development (HUD) and the Iowa Balance of State Continuum of Care (IA BoS CoC) to provide Rapid Rehousing for individuals and families experiencing homelessness in Delaware and Dubuque counties. The grant will provide extensive supportive services along with financial assistance for housing costs, prioritizing those who have experienced barriers to housing stability due to mental illness or substance abuse.

This is a critical grant for CSEI. It will help fill the gap left by the loss of a permanent supportive housing grant in Dubuque last year, and the ending of special COVID funding this year. We continue to see increasing numbers of households in our region facing complex situations that have left them without housing, and are thankful that CSEI was selected to steward this funding.

EIRHA Receives Iowa NAHRO Housing Achievement Award

The purpose of the National Association of Housing and Redevelopment Officials (NAHRO) is to be the leading housing and community development advocate for the provision of adequate and affordable housing and strong, viable communities for all Americans, particularly those with low to moderate income, and to enhance the professional development and effectiveness of NAHRO's members.

The mission of Iowa NAHRO is to increase professionalism through training, networking, and member involvement, and to educate members regarding state and national housing and community development policies with the ultimate benefit of a higher standard of service to the people in communities served.

Eastern Iowa Regional Housing Authority (EIRHA) staff Jenny Schrobilgen, Caitlin Siemionko, Maria Elgin, and Debbie Maier, (pictured to the right with their awards) were awarded the Iowa NAHRO Housing Achievement Award at the Iowa NAHRO Conference held in Des Moines, Iowa, this week. The four work tirelessly to ensure that the Eastern Iowa Regional Housing Authority maintains at High Performer Status in the Section 8 Housing Choice Voucher Program.

"They are the unsung heroes working with the families ensuring that they have decent, safe and affordable housing. Through the COVID Pandemic they implemented the remote inspection process, were flexible with working from home, and ensured there was an uninterrupted flow of services to the families served. Between the four of them, they have almost 100 years of service in the housing field. Their professionalism both in the office and in the field is exemplary, despite some of the most trying situations that they encounter. They are very worthy of receiving the Iowa NAHRO Housing Achievement Award," stated Michelle Schnier, Director of Housing and Support Services.

Don't Forget- Register for the 2023 Pick-Up Iowa Program!

Keep Iowa Beautiful invites Iowans to join the Great American Cleanup and an estimated 3 million volunteers across the nation by removing litter from public areas during Pick-Up Iowa from April 15th through July 31st.

New to Pick Up Iowa this year is a reimbursement program. The first 35 communities who sign up will be eligible for a \$50 reimbursement for purchases made to aid their pick-up event. Qualifying purchases may include trash bags, gloves, litter grabbers, or food and beverages for volunteers. Awarded communities will receive notification on May 5th, 2023.

“Keep Iowa Beautiful is continuously impressed by the amount of time and care Iowans give to ensure their communities are able to thrive both physical and economically,” said Andy Frantz, executive director of Keep Iowa Beautiful. “We are thrilled to continue this partnership between Pick-Up Iowa and the Great American Cleanup to help Iowans take action in reducing litter and trash in their towns.”

Pick Up Iowa creates focused efforts to clean up trash along Iowa’s roadsides, neighborhoods, streets, school grounds, parks, forests, and streams. In 2022, Pick Up Iowa volunteers in 36 communities spent over 6,500 hours collecting 2,000 bags of litter and debris.

Community members or groups are invited to participate. Organizations who often host clean up events include civic associations, schools, church groups, local sports teams, college clubs, groups of families and friends, businesses, Scouts, and others.

Sign-up now at <http://bit.ly/40nN0XW>. Applications are due April 30th, 2023. Awarded communities will receive notification on May 5th, 2023.

ZONING APPLICATION

Item 11.

The procedures for all zoning applications are listed in the Dyersville Code of Ordinances, Chapter 165. The application review procedure will not begin until a complete application is submitted to the City, according to Chapter 165 of the Dyersville Code of Ordinances. **Incomplete Applications Cannot Be Processed. Call the City at 563-875-7724 for meeting dates and deadlines.**

Site Layout

Use this checklist to provide a general site plan, drawn to scale with dimensions, as a part of all zoning applications required for site plan review, planned unit developments, and sign permits. The site plan is required to show the following, however, the City may waive items for inclusion after a pre-application meeting:

- _____ The date, scale, north point, title, name of owner and name of the person preparing the plan.
- _____ The location and dimensions of boundary lines, easements, and setbacks of all existing and proposed buildings and parking areas from the boundary lines.
- _____ The location, size, height, and use of proposed and existing structures on the site.
- _____ The location of major site features, including drainage systems with existing and proposed contour lines to display proposed grading, but in no case greater than at 5-foot intervals, and 2-foot intervals for PUD applications.
- _____ The location of all proposed site improvements, including parking and loading areas, pedestrian and vehicular access, sewers, sidewalks, utilities, service areas, fencing, screening, landscaping, and lighting.
- _____ Landscape concept plan showing location and type of existing trees over 6 inches in diameter and proposed plantings, berms, bufferyards, screening, fencing, and lighting schemes.
- _____ For a sign permit include the location of the sign, schematic design, dimensions, and total sign area.
- _____ Any other information that may be required for review by the Administrator, or his/her designee, such as stormwater management plans, utility plans, landscaping plans, architectural elevations, and off-site improvements.

Site Plan and Planned Unit Development Applications

Please submit additional pages describing the proposed uses and site design. This should include information about the hours of operation, number of employees and clients, type of programming or services, traffic expected to be generated, use of landscaping/buffering when applied, a development schedule, and any other information showing compatibility between the proposed development, surrounding land uses (existing or planned), and the natural environment.
