## **COUNCIL DECISIONS:**

**Mayor Gardner Motions** Approval of moving forward with the HostDime project allocating funds for infrastructure; Moved by Vice Mayor Daniels; Second by Councilwoman Randolph; **Discussion:** (Gardner) to vote to move forward gives the perception of approval without having all documents to ensure steps were done properly; (Legal) need to do further research after receiving information yesterday; it is noted that the \$200,000 is a reimbursement agreement which will require documented expenses, where funds will come from will need to be clearly whether CRA or general funds; request more time for further research; (Pressley) if approved, still do not have documents that outlines what is being approved (HostDime can provide the documents for further vetting and time can allow for proper determination of where funds will come from); it would be best to table and bring back; (Mr. Manny) documentation was submitted a year ago, can provide again; project must be completed before the Wi-Fi can be addressed, provided information on how the bandwidth and fiber to the homes leading to water that can be broadcast through Kennedy Blvd. leveraging the internet to the residents; are committed to fulfilling this project; (M. Daniels) request that both the town meeting and CRA meeting be scheduled at the same time to resolve this matter; proper noticing can be done to set such meeting (to bring back October 3, 2023); (Randolph) no record of signed agreement, Mr. Manny will send over to town for records: **(Prior motion is rescinded); Mayor Gardner Motions** to table this item for the HostDime project allocating funds for infrastructure; Moved by Councilman M.
