# **Public Participation**

Public comment is encouraged and will be listed as an agenda item at every regular Board meeting.

Each individual wishing to be heard during the public comment period will be given up to three (3) minutes to make a comment.

The public comment period will not be used to make political endorsements or for political campaign purposes.

Questions from the Board will be for clarification purposes only. Public comment will not be used as a time for problem solving or reacting to comments made but, rather, for listening to the comments of citizens without taking any formal action.

The Board may direct the Town Administrator to provide information requested by a speaker during the public comment period.

Speakers are not allowed to make belligerent, accusatory, impertinent, slanderous, threatening, abusive, or disparaging comments.

The Mayor may elect to defer public comment on a specific issue that appears on the regular agenda until that specific item is addressed.

The Mayor may call for order when sidebar conversations occur in the audience. Those conversations are distracting from the Board addressing the topics at hand.

Members of the public who do not follow proper conduct after a warning in a public meeting may be barred from further participation at that meeting or removed from the Board Chambers pursuant to the Elizabeth Municipal Code and Colorado Revised Statutes.

\*Note – An Elizabeth mailing address does not necessarily mean you reside in the jurisdictional boundaries of the Town of Elizabeth. If you are unsure if you are a Town resident, please call the Elizabeth Town Clerk to verify.

Please respond to the following questions. Feel free to attach additional pages as may be necessary.

1. Have you ever held an elected office? If so, please provide the location, length of service, and any positions held:

No

2. Past and Present memberships on a Board, Committee, or Task Force in the public sector (business, civic, community, religious, political, professional, recreational or social). Please provide the name of the organization, role/title/position, and dates of service. I have served as Marketing Director for the Denver SQL Server Women in Tech and I have also served on the Habitat Women's Build Board as well and Computershare North American Women for Women Board.

3. Please list all other volunteer experiences. I have volunteered at the Colorado Tech Assoc functions, S.T.E.M events for high schoolers, Habitat for Humanity, Colorado Code Camp, Computershare Christmas drive for the homeless and many other various charities.

4. What do you consider the two (2) most important challenges facing the Town of Elizabeth in the next few years? What do you think should be done? First would be to ensure that we have good schools and infrastructure for our community. We need to ensure that our local business can thrive. Second would be smart growth. From what I have observed and heard, the people of this town love our community and wish to keep it rural. We will have growth here however and we need to make sure that we don't threaten the community's wish to keep things rural. Additionally, there is great concern regarding the amount of water and the traffic that growth can bring if not done properly. The challenge will be to keep our town safe, going strong and to continue growing but keeping our rural roots intact.

5. What is something you would like to change about the operations of the Town of Elizabeth, and how would you change that item? Not any fault of the town, but we do have many people who do not attend the meetings, nor read the meeting notes,

Version 1: Adopted 9/26/2023

but get their info from social media and from friends. I would like to see more board information on social media sites so that the information comes from the board and not from rumor mills. By being proactive, we can stop rumors in advance and hopefully keep people calm as change occurs.

- 6. Please list any skills or expertise, if selected, you would bring to the Board of Trustees?
  - 1) Problem Solving Skills -I have been trained to identify problems and devise effective solutions.
  - 2) Analytical Thinking -I am adept and analyzing complex situations, breaking them down into manageable parts, and making data-driven decision. An analytical mindset can aid in making strategic decisions.
  - 3) Project Management I have worked on many projects and I am familiar with working with time lines, resources and budget constraints.
  - 4) Communication Skills I frequently collaborate with diverse teams, clients, and stakeholders in my day-to-day work. Strong communication skills, both verbal and written, are essential for conveying complex technical concepts to non-technical stakeholders, fostering understanding and alignment.
  - 5) Teamwork and Collaboration –In my day-to-day work, my projects often require teamwork and collaboration. My experience working in teams can contribute to a positive board dynamic, encouraging collaboration and effective teamwork among board members.
  - 6) Adaptability -I am frequently ask to make changes quickly and adapt to new requirements

7. What papers, documents, websites, or other information did you review in anticipation of submitting this application to the Board of Trustees? I do get my information from many news sources for example Prairie Times, and not just from social media. I look at the Elbert County websites in addition to news articles and the Town's website to stay up to date with the news.

8. Why do you want to serve on the Board of Trustees for the Town of Elizabeth?

I believe in the power of active civic engagement to make a positive impact. Serving on the Board of Trustees is not just a responsibility for me; it's a heartfelt obligation to contribute meaningfully to the town that I call home and to its citizens.

I am inspired by the Town of Elizabeth's rich history, its growing population, and the shared sense of pride that binds us together. I am eager to work alongside fellow members of our community and local leaders to ensure that our town continues to thrive while preserving the qualities that make our town so special.

9. If you are appointed to the Board of Trustees, are you willing to run for the position again? Why or why not? I believe that everyone should contribute their time and gifts to make their community better, so yes, I would be willing to run for the position again.

10. Do you have any experience in accounting, reviewing budgets, bookkeeping or related fields? Please explain. Back in the 90s, I was tasked with daily financial reports of monies taken in and not only counted the money and completed the reports but also took care of the bank deposits.

11. An appointment to the Board of Trustees requires several orientation meetings with Department Heads and the Town Administration, preparing for bi-monthly Board Meetings, attendance at bi-monthly Board meetings, meeting with residents and citizens, occasional Saturday workshops, attendance at Town Events, and other official duties. Are you able and willing to devote the necessary time to the position? **Yes** 

12. Please provide any additional information that you believe is valuable for the Board in making its decision for your potential appointment to the Board of Trustees. I have attended some Smart Growth for Elizabeth meetings so I am aware of their concerns as well as many other members of the community. I am also active in the Ladies of Elizabeth and in a short time have made many acquaintances and friends in Elizabeth and have heard people's concerns and what they like and don't like.

13. Are you aware of any conflicts of interest – perceived or actual – that would require you to recuse yourself from participating in certain actions by the Board of Trustees? **No** 

Marianne Mayer Opl

| DATED:   | October 24, 2023                                      |  |
| SUBJECT: | Resolution 07R020 Snow Route "NO PARKING" Amendment   |  |

# BACKGROUND

This Memorandum seeks approval for an amendment to the existing Snow Routes "NO PARKING" code that was approved and adopted by Resolution 07R020 (Exhibit A) by the Town Board of Trustees on October 23, 2007. The "Exhibit B" Town of Elizabeth Code Article V Snow Routes Sec. 11-5-10, 11-5-20, 11-5-30, 11-5-40, and 11-5-50 cover the entirety of the snow route code. One of the main focuses are on the Safety and Welfare of our citizens, emergency responders, bus routes, school traffic and commuters.

At this time, Public Works is seeking approval by amendment to extend the list of streets currently existing to enhance plowing and snow removal capabilities.

# STAFF RECOMMENDATION

Staff recommends approval of Resolution 23R36 allowing Public Works to more efficiently remove snow during storm events and enhance the Safety and Welfare of all citizens.

# **BUDGET CONSIDERATIONS**

Currently Public Works has a remaining budget in Streets ROW Maintenance Code# 21-49-5800 of \$71,850.00 of which approximately \$23,000.00 would be used for 80 signs, posts, and labor for installation.

# Email Usage and Retention Policy

V01

Town of Elizabeth Clerk's Office Created August 2023

# PURPOSE:

To establish standards for the Town's email system and for retention and destruction of email in compliance with the requirements of the Colorado Municipal Records Retention Schedule (CMRRS) which the Town Board of Trustees adopted by Resolution 03R10 on November 25<sup>th</sup>, 2003, and the Colorado Open Records Act (CORA). This policy establishes guidelines that will promote the effective capture, management, and retention of email. This policy is not intended to discourage the use of email to conduct Town business. The goal is to establish a framework for the use of email as a communications tool and maintenance requirements of email, if necessary.

# AUTHORITY:

Pursuant to C.R.S. § 24-72-203, the Custodian of Records may formulate rules and regulations related to public records. The Town's Custodian of Records acknowledges that electronic mail (email) may constitute records subject to retention under the Town's records retention schedule and/or public records subject to public inspection.

# SCOPE:

This policy establishes the policies and procedures that govern Town Officials' and Town Employees' use of email with the Town of Elizabeth. This policy applies whether Town-owned or other equipment is used to access the Town email system. This policy is subject to any litigation and/or legal hold requests and requirements.

# **DEFINITIONS**:

*Custodian of Records* – The Town Clerk or other Town Employee designated as such under the supervision of the Town Clerk.

*Electronic Mail or Email* – a text document which is created, stored, and delivered in an electronic format and is transmitted through the Town's Outlook Exchange Servers. Email messages are similar to other forms of communicated messages, such as correspondence, memoranda, and circular letters.

*Electronic Record or E-record* – a document created and stored in an electronic format and may consist of text documents, pictures, maps, data sets, instant messaging, voice, file shares and all other forms of electronic hardware and software, commonly known as electronically stored information.

**Non-record** – documentation or correspondence that is of transitory or short-term value. These messages include advertisements, drafts and worksheets, desk notes, information or "read only" correspondence, and informal communication. The non-record does not set or discuss policy, establish guidelines or procedures, certify a transaction, or become a receipt.

# Examples of Non-records include:

1. Routine requests for information or publications which require no administrative action, policy decision, or special compilation or research, and copies of replies.

2. Copies and duplicates (either electronic or paper) of records.

3. Memoranda and other records that do not serve as the basis of official actions. (i.e., holiday notices, meeting confirmations, etc.

*Officials* – all Town elected and appointed officials of the Town Board of Trustees, Planning Commission, and other Boards that are assigned official Town email addresses.

**Public Record** – a document as defined by § 24-72-202(6)(a), C.R.S., to be all writings made, maintained, or kept by the Town for the use in the exercise of functions required or authorized by law or administrative rule or involving the receipt or expenditure of public funds.

**Records Retention Schedule** – means the Colorado Municipal Records Retention Schedule as adopted by the Town of Elizabeth through Resolution 03R10 listing records series and the applicable minimum retention period.

# **RETENTION PRACTICE OF EMAILS**:

Electronic Records, including emails, are subject to the requirements of the Town's records retention schedule. Town Officials and Town Employees are required to consider the content of the emails, rather than the form of communication, to determine whether the email must be retained and the period of retention.

- 1. Emails may be considered public records pursuant to CORA. The Town is obligated to retain public records as set forth in the Colorado Municipal Records Retention Schedule and emails must be maintained in accordance with the CMRRS.
- 2. Emails categorized as non-records should be deleted as soon as they are read and are no longer useful.
- 3. Email that is a public record may fit into one of two categories and the retention of the email depends on how the email is categorized.
  - a) <u>Enduring Long-Term Value</u> Documentation or correspondence with enduring longterm administrative, policy, legal, fiscal, historical or research value; records that relate to policy issues and actions or activities in which an important precedent is set; records of historic events relating to the municipality or the community; and other similar records and documentation. *Retention period is permanent.*
  - b) <u>Routine Value</u> Operating documentation that is routine and contains no significant administrative, legal, fiscal, historical information, or statistical value. Includes routine communications sent and received, communications containing duplicates of information that is filed elsewhere, routine requests for information, transmittal documents, etc. *Retention period is two (2) years.*

# **MANAGEMENT OF EMAILS**

1. Town Officials and Town Employees are responsible for retaining emails in a manner consistent with the retention schedules established by the Town. Employees must determine according to Department processes and procedures whether an email is to be destroyed or retained and, if

retained, for how long. Employees are to exercise judgement in retaining email in the same manner as they would for the retention of paper documents.

- 2. Employees are required to comply with the following procedures for management and retention of emails:
  - a) Emails that have enduring long-term value shall either be saved in PDF format in an appropriate location on the network drive or other approved electronic storage system (Laserfiche) or printed and added to the appropriate file.
  - b) Emails that have routine value shall be saved in PDF format in an appropriate location on the network drive or other approved electronic storage system or printed and added to the appropriate file.
  - c) Emails that are non-records shall be permanently deleted in a timely manner.
  - d) Personal emails shall be permanently deleted once read.
  - e) Calendar items will remain in the email system until deleted by the user or for a maximum period of three (3) years. After three (3) years, they will be automatically deleted from the system.
  - f) Tasks will remain in the email system until deleted by the user or for a maximum period of three (3) years. After three (3) years, they will be automatically deleted from the system.
  - g) Deleted email items and Junk Mail folders are permanently deleted after thirty (30) days.
  - h) Sent email items will be automatically deleted after six (6) months.

Outlook is not intended to be a long-term storage repository for your email records. If you have emails that need to be retained long-term, the email needs to be saved as a PDF and placed on the server or in Laserfiche in the appropriate folder. If you would like access to Laserfiche for storage of items, please reach out to the Custodian of Records for access and training. If you have emails that contain information that is for your own use, please create a personal folder on the Town server and save the email there. You can then delete the email from Outlook.

If you create subfolders in Outlook for organizing your emails. Don't forget to go through them periodically and delete or store them as appropriate. Remember that Outlook is not meant to be a long-term repository.

If you have any questions regarding records retention periods, need training, or clarification on this policy, please reach out to the Custodian of Records.

# PERMANENT DELETION OF EMAIL RECORDS FROM SERVER

Town Officials and Town Employee emails are stored long-term on the Town's servers. After departure from the Town, the email will be permanently deleted and destroyed by IT based on the below schedule:

# <u>10 Years After Leaving the Organization:</u>

Mayor, Trustees, Board Chair, Board President, Town Administrator, all staff in the Clerk's Office, all staff in the Community Development Department, Directors, Assistant Director, Chief of Police, Sergeants, Finance Officer, and the Water and Wastewater Specialist.

# 3 Years After Leaving the Organization:

All other employees and Town Officials unless otherwise directed by the Town Administrator.

# **INSTANT MESSAGING**

Instant Messaging communications are inherently unsecure and should not be retained or stored. Use caution when using Instant Messaging applications and conversation content. Examples of Instant Messaging include Teams and Zoom.

These applications should not be used for communications containing private/confidential Town information, personal private information, attorney-client confidential information, substantive discussions which are required to be retained by the records retention schedule, work product information, or any message that would be prohibited if sent as an email.

Instant Messaging should only be used for messages that are conversational and transitory in nature. As such, the retention of such messages can be destroyed once read.

Instant Messaging conversations may be subject to requests under CORA.

# SUBJECT TO LEGAL HOLD

The practices and procedures of this policy are always subject to Legal and Litigation holds of the Town as directed by the Town Attorney's Office or at direction from the Town Administrator.

This policy is intended only for internal processes and procedures.

PATRICK G. DAVIDSON, TOWN ADMINISTRATOR

| то:      | Honorable Mayor, Mayor Pro Tem, and Board of Trustees |
|----------|---|
| FROM:    | Patrick Davidson, Town Administrator                  |
| DATED:   | October 24, 2023                                      |
| SUBJECT: | Impact Fee Ordinance                                  |

# BACKGROUND

In a memorandum dated January 11, 2023, the Board was advised Staff had been concerned about the overall expansion of Town services, particularly in light of any potential new development. The issue of impact fees had not been specifically addressed by the Board since **1993**. In order to prepare the Town for any further growth and development, it was believed that the timing was right in which to review the impact fees by means of an independent study, and in conformity with Colorado law.

Staff reached out to BBC Research and Consulting to determine their ability to perform the Impact Fee Study. BBC had performed many of these studies in Colorado and were willing and able to conduct the study on behalf of the Town of Elizabeth. The total cost for the study was established at twenty-nine thousand dollars (\$29,000). The Board approved a contract to retain BBC to complete the study.

On July 28, 2023, a Preliminary Report was provided by BBC which did indicate that impact fees did need to be adjusted to reflect future expansion of Town services. BBC Research and Consulting generated a Final Report on August 17, 2023, which was presented to the Board of Trustees on September 26, 2023, at a regular meeting of the Board of Trustees. Direction was provided to the Town's Legal Counsel to complete the necessary documents for approval.

# ANALYSIS

The Final Report by BBC indicates that in terms of residential construction, impact fees should be imposed for the benefit of the (1) Police Department, (2) Public Buildings, (3) Parks Open Space and Trails, and (4) Public Works. For non-residential construction, similar impact fees should be assessed for (1) Police Department, (2) Public Buildings, and (4) Public Works.

It should be noted that the amounts recommended by BBC are simply a recommendation to the Board of Trustees. There is nothing binding upon the Board from having the study completed. The Board is authorized to reduce the rates identified, but likewise, based on Colorado law the Board is not authorized to adjust the fees upward beyond the study parameters. BBC Research and Consulting is recommending the following:

|   | RESIDENTIAL               | NON-RESIDENTIAL         |
|---|---------------------------|-------------------------|
| Police Impact Fee                         | \$1,522 per dwelling unit | \$355 per 1,000 sq. ft. |
| Public Buildings Impact Fee               | \$1,558 per dwelling unit | \$364 per 1,000 sq. ft. |
| Parks Open Space and Trails<br>Impact Fee | \$1,265 per dwelling unit | Not Applicable          |
| Public Works Impact Fee                   | \$2,725 per dwelling unit | \$636 per 1,000 sq. ft. |

As this imposition of Impact Fees is done by Ordinance, the rates do not become effective for a period of thirty (30) days from publication. The Ordinance provides safeguards for those seeking to make application prior to the effective date of the Ordinance through the submission of a complete application. The term "complete application" is a final decision of the Town Planner with regard to the materials submitted prior to the effective date of the Ordinance.

# STAFF RECOMMENDATION

Staff recommends the Board of Trustees consider the imposition of the impact fees as demonstrated by BBC Research and Consulting as provided herein.

# **BUDGET CONSIDERATIONS**

There are no immediate budget considerations from the passage of the Ordinance. Upon approval of the Ordinance, the Finance Manager would be required to set up independent accounts, but the financial impact of doing so is minimal, if there is any.

WHEREAS, pursuant to the authority granted in C.R.S. § 29-20-101, *et seq.*, and as a condition of issuance of a development permit, the Town of Elizabeth may impose an impact fee or other similar development charge to fund expenditures by the Town on capital facilities needed to serve new development;

WHEREAS, the Town of Elizabeth, Colorado retained BBC Research and Consulting ("BBC") to analyze and assess growth and development projections to determine the demand for capital facilities and improvements anticipated to be placed upon the Town infrastructure to accommodate new growth in the Town;

WHEREAS, BBC has prepared an Impact Fee Study, dated August 28, 2023 (the "Impact Fee Study"), concerning the demand anticipated to be placed by new growth upon the Town's police department capital assets, public buildings, a parks, open space and trails, and public works facilities;

WHEREAS, based on reasonable methodologies and analyses for determining the impacts of new development on the Town's police department capital assets, public buildings, parks, open space and trails, and public works facilities, the Impact Fee Study quantifies the reasonable impacts of new development on these capital facilities, and establishes impact fees no greater than is necessary to defray the projected impacts on these capital facilities directly related to proposed new development;

WHEREAS, in considering the impact fees to help fund new and expanded capital facilities and improvements, BBC reasonably determined how and if both residential and non-residential development generated demand for a new capital facilities and improvements and what percentage of the total cost projection was attributable to new growth;

WHEREAS, the police, public buildings, parks, open space and trails, and public works facilities impact fees to be imposed on new development will be and are hereby legislatively adopted, will be generally applicable to a broad class of property, and are intended to defray the projected impacts on such facilities and improvements caused by proposed development as

required by law;

WHEREAS, the Impact Fee Study quantifies the reasonable impacts of proposed development on existing police department capital assets, public buildings, parks, open space and trails, and public works facilities and the reasonable costs of infrastructure that would be necessary to construct and expand the Town's capital facilities to accommodate the additional demands and impacts of proposed developments in the Town, and based upon the Study, and a review of all of the facts and circumstances, in the reasonable judgment of the Board, the impact fees hereby established are at levels no greater than necessary to defray the impacts directly related to the categories of land development listed;

WHEREAS, the Impact Fee Study has been presented to and reviewed by the Board of Trustees;

WHEREAS, in adopting the police, public buildings, parks, open space and trails, and public works facilities impact fees, the Board intends and has determined that such fees are designed to and do address capital facilities needs which are brought about by development generally, which facilities are separate and distinct from the impacts and needs addressed by other requirements of the Town Code, and in no circumstance do the impact fees set forth herein address the same subjects as other requirements of the Town Code for site specific dedications or improvements;

WHEREAS, the impact fees hereby adopted do not remedy any deficiency in existing capital facilities without regard to the proposed development;

WHEREAS, provisions are included herein to ensure that no individual landowner/applicant is required to provide any site specific dedication or improvement to meet the same need for capital facilities for which the impact fees or other similar development fee is charged;

WHEREAS, provisions are included herein to provide for an offset or credit against the impact fees payable by a particular applicant where a site specific dedication or improvement is required from the same applicant for the same capital need;

WHEREAS, the impact fees adopted hereby shall be collected and accounted for in accordance with C.R.S. § 29-1-801, *et seq.*, and each of the three categories of impact adopted herein shall be accounted for separately;

WHEREAS, no impact fees set forth herein will be imposed on any development permit for which the applicant has submitted a complete application before the adoption of the impact fees pursuant to this Ordinance;

2

WHEREAS, the Board of Trustees held a public hearing to discuss, review and hear public comments on the proposed impact fees set forth herein;

WHEREAS, based upon the testimony at the Public Hearing, in the reasonable judgment of the Board, it finds that: (1) new development upon which the impact fees are charged creates a need for the capital facilities being funded by the fees; (2) new development will benefit from the construction of the facilities and improvements to be funded by the impact fees; and (3) the amounts of the facilities and improvements funded by the impact fees are directly related to that required by new development; and

WHEREAS, the impact fees adopted hereby are fair and rational, charge new development according to its impact on the Town's capital facilities and benefits the developers who pay them in a tangible way.

BE IT ORDAINED BY THE BOARD OF TRUSTEES FOR THE TOWN OF ELIZABETH, COLORADO, THAT:

**Section 1.** The Town of Elizabeth Municipal Code is amended by the addition thereto of a new Article VIII to Chapter 4 to read as follows:

## Article VIII.

## **DEVELOPMENT IMPACT FEES**

## **Impact Fees Created**

## Sec. 4-8-10. Legislative findings.

The Board of Trustees finds that:

(a) The protection of the health, safety, and general welfare of the citizens of the Town requires that the Town's police facilities, public buildings, parks, open space and trails, and public works facilities be expanded and improved to accommodate continuing growth within the Town.

(b) New residential and non-residential development imposes increasing demands upon the Town-wide police facilities, public buildings, parks, open space and trails, and public works facilities, and often overburdens such facilities and systems.

(c) The tax revenues currently generated from new development do not generate sufficient funds to provide the Town-wide police facilities, public buildings, parks, open space and trails, and public works facilities expansions necessary to serve the new development.

(d) New development is expected to continue and will place ever-increasing demands on the Town to provide such capital facilities to serve new development.

3

(e) All types of development that are not expressly exempt from the provisions of this Article will generate demand for Town-wide police department capital assets, public buildings, parks, open space and trails, and public works facilities.

(f) The *Impact Fee Study*, prepared by BBC, dated August 28, 2023, sets forth a reasonable methodology and analysis for determining and quantifying the reasonable impacts of various types of proposed residential and non-residential development on the Town's police department capital assets, public buildings, parks, open space and trails, and public works facilities; quantified the reasonable impact of proposed development on the capital facilities addressed therein; determined the costs necessary to meet the demands created by new development; and determined impact fees as set forth in this Article that are at a level no greater than necessary to defray such impacts of proposed new development on the Town's existing capital facilities. The Town hereby establishes as Town standards the assumptions and level of service standards referenced in the Impact Fee Study as part of its current plans for future expansions to the Town's capital facilities addressed in such Study.

(g) The impact fees set forth in this Article are based on the *Impact Fee Study* and are intended to defray the projected impacts on the Town's police department capital assets, public buildings, parks, open space and trails, and public works facilities directly related to and caused by proposed development.

(h) All capital facilities and improvements financed with the impact fees set forth herein will benefit all development in the Town, and it is therefore appropriate to treat the entire Town as a single service area for purposes of calculating, collecting, and spending the impact fees provided for in this Article.

(i) The impact fees set forth in this Article are based on the *Impact Fee Study* and do not and will not be used to remedy any deficiencies in capital facilities or improvements that exist without regard to the proposed development.

(j) This Article includes provisions to ensure that no individual landowner is required to provide any site specific dedication or improvement to meet the same need for capital facilities or improvements for which an impact fee is imposed.

(k) Except as described in Section 4-8-50(i) concerning optional independent fee calculation studies, each category of impact fee created by this Article is a standardized fee to be applied uniformly to a broad class of property and is not a discretionary fee to be determined on a case-by-case basis, except as provided in Section 4-8-130(f).

# Sec. 4-8-20. Authority, applicability, and effective date.

(a) This Article is enacted pursuant to the Town's general police powers pursuant to the authority granted to the Town by C.R.S. § 31-15-101, *et seq.*, and pursuant to the authority granted to the Town by C.R.S. § 29-20-101, *et seq.* 

(b) The provisions of this Article shall apply to all of the territory within the limits of the Town.

(c) The provisions of this Article shall not apply to any development for which the applicant has submitted a "complete application" prior to the effective date of this Article, as the term "complete application" is defined in Section 4-8-40 below.

## Sec. 4-8-30. Intent.

(a) The intent of this Article is to comply with the provisions set forth in C.R.S. § 29-20-101, *et seq.*, and the provisions of this Article shall be interpreted, construed, and enforced in accordance with the provisions set forth in C.R.S. § 29-20-101, *et seq.* 

(b) The intent of this Article is to ensure that new development bears a proportionate share of the cost of capital facilities and improvements, to ensure that such proportionate share does not exceed the cost of the capital facilities and improvements required to serve such new development and to ensure that the funds collected from new developments are used to construct capital facilities and improvements that benefit such new developments.

(c) It is the further intent of this Article that new development pay for its proportionate share of Town-wide police department capital assets, public buildings, parks, open space and trails, and public works facilities and improvements through the imposition of an impact fee for each of such categories of capital needs, which fees will be used to finance, defray or reimburse all or a portion of the costs incurred by the Town to construct or acquire the capital facilities and improvements that will serve or benefit such new development.

(d) It is the intent of this Article to collect from new development only that amount of money directly related to the impacts of new development and necessary to offset new demand for capital facilities and improvements generated by that new development.

(e) It is not the intent of this Article that the impact fees be used to remedy any deficiency in capital facilities or improvements existing on the effective date of this Article.

(f) It is not the intent of this Article that any monies collected from any impact fee deposited in an impact fee fund ever be commingled with monies from a different impact fee fund, or ever be used for capital facilities that are different from that for which the fee was paid.

## Sec. 4-8-40. Definitions.

(a) "Applicant" means any person or entity who files an application with the Town for a building permit for land development.

(b) "Capital facility" means any improvement or facility that (1) is directly related to any service that the Town is authorized to provide; (2) has an estimated useful life of seven years or longer; and (3) is required by the general policy of the Town.

(c) "Complete application" means an application for development for which (1) all of the required information and submittal material, in the amount and dimensions required by Town, have been submitted to and received by the Town, and (2) the Town Planner in writing has certified the application as complete. The decision of the Town Planner with respect to completeness and applicability of submittal requirements shall be final;

(d) "Impact Fee Study" means the *Impact Fee Study*, prepared by BBC, dated August 28, 2023.

(e) "Independent fee calculation study" means a study prepared by an applicant for a permit or extension calculating the cost of expansions or improvements to one or more of the Town's capital facilities required to serve the applicant's proposed development, that is performed on the same methodology, uses the same units, unit costs, staffing, building sizes, improvements and construction costs stated in the Impact Fee Study and is performed in compliance with any criteria for such studies established by this Article or by the Town.

(f) "Land development" means any construction, reconstruction, expansion, or conversion of a building, structure or use, or any change in the use of any land, building or structure, which creates additional demand for public services.

(g) "Parks open space and trails impact fee" means the parks, open space and trails impact fee established by this Article.

(h) "Parks open space and trails impact fee Impact Fee Fund" means the Parks open space and trails Impact Fee Fund established by this Article.

(i) "Parks open space and trails facilities and improvements" means planning, land acquisition, engineering design, construction inspection, on-site construction, off-site construction and park open space and trails equipment purchases associated with new or expanded park open space and trails capital facilities or equipment that expand the capacity of the Town's parks system and that have an average useful life of at least seven (7) years, but not including maintenance, operations or improvements that do not expand capacity, and not including neighborhood parks and related improvements. The costs of parks, open space and trails improvements shall include any financing costs associated with such improvements.

(j) "Police facilities impact fee" means the police facilities impact fee established by this Article.

(k) "Police Impact Fee Fund" means the Police Facilities Impact Fee Fund established by this Article.

(1) "Police department capital assets " means planning, land acquisition, engineering design, construction inspection, on-site construction, off-site construction and police capital facility purchases associated with new or expanded police facilities, including without limitation, additional police office space, police parking, police building and storage space and other police capital facilities that expand the capacity of the Town's police facilities and that have an average useful life of at least seven (7) years, but not including maintenance, operations or improvements that do not expand capacity, and not including site specific dedications or improvements to meet the same need for police capital facilities for which the police facilities impact fee is imposed. The costs of police facility improvements shall include any financing costs associated with such improvements.

(m) "Public buildings impact fee" means the public buildings impact fee established by this Article.

(n) "Public Buildings Impact Fee Fund" means the Public Buildings Impact Fee Fund established by this Article.

(o) "Public Buildings" means planning, land acquisition, engineering design, construction inspection, on-site construction, off-site construction and public building facility purchases associated with new or expanded public facilities and buildings, including without limitation, additional municipal office space, municipal office equipment, municipal office space parking, public works building and storage space and other municipal capital building facilities that expand the capacity of the Town's public facilities and that have an average useful life of at least seven (7) years, but not including maintenance, operations or improvements that do not expand capacity, and not including site specific dedications or improvements to meet the same need for public building facilities for which the public facilities impact fee is imposed. The costs of public facility building improvements shall include any financing costs associated with such improvements.

(p) "Public Works facilities impact fee" means the public works facilities impact fee established by this Article.

(q) "Public Works Facilities Impact Fee Fund" means the Public Works Facilities Impact Fee Fund established by this Article.

(r) "Public works facilities and improvements" means planning, land acquisition, engineering design, construction inspection, on-site construction, off-site construction and public works capital facility purchases associated with new or expanded public works facilities, including without limitation, additional public works office space but not including municipal office space, public works building and storage space, public utilities and other public works capital facilities that expand the capacity of the Town's public works facilities and that have an average useful life of at least seven (7) years, but not including maintenance, operations or improvements that do not expand capacity, and not

including site specific dedications or improvements to meet the same need for public works capital facilities for which the public works facilities impact fee is imposed. The costs of public works facility improvements shall include any financing costs associated with such improvements.

(s) "Site-related or site specific improvements" include, without limitation:

(1) with respect to the parks, open space and trails fee set forth herein, all neighborhood and local park facilities and equipment located within the boundaries of the proposed development and designed and intended to provide neighborhood and local park facilities and equipment only within the boundaries of the proposed development, or located outside the boundaries of the development and designed and intended to provide connections from existing parks, open space and trails facilities to only the applicant's development;

(2) with respect to the police impact fees set forth herein, respectively, all police department capital assets located within the boundaries of the proposed development and designed and intended to provide such facilities only within the boundaries of the proposed development, or located outside the boundaries of the development and designed and intended to provide such facilities to only the applicant's development;

(3) with respect to the public buildings impact fee, all such buildings serving on the proposed development; and

(4) with respect to the public works facilities impact fee, all such facilities including utility infrastructure located within the boundaries of the proposed development and designed and intended to provide such facilities only within the boundaries of the proposed development.

# Sec. 4-8-50. Imposition and computation of impact fees.

(a) There is hereby established a police, public buildings, parks, open space and trails, and public works facilities impact fee which shall be imposed in the amounts and pursuant to the provisions of this Article.

(b) Each such fee shall be required as a condition of approval of all development in the Town for which a building permit is required pursuant to subsection (c) of this Section 4-8-50 and payable prior to the issuance of any building permit for a residential or non-residential structure.

(c) Each such fee shall be imposed and calculated in accordance with this Section 4-8-50 upon approval of the following type of development applications:

(1) Subdivision approval, whether such subdivision approval is a final plat approval, a minor development plat approval or the approval of a replat;

(2) Approval of a rezoning, including approval of a planned unit development, only in the event the Board of Trustees determines that the rezoning approval

generates demand for a new capital facilities and improvements in excess of what the previous entitlements had allowed for on an application for which approval of a subdivision is not necessary.

(d) Except for such fee as may be calculated, paid, and accepted pursuant to an independent fee calculation study, the amount of each fee shall be as is set forth in the schedule attached hereto and incorporated herein as **Exhibit A**.

(e) After the effective date of this Article, no building permit shall be issued until the impact fees described in this Article have been paid, unless the development for which the permit is sought is exempted by Section 4-8-90 or approved credits are used to cover the impact fee, as set forth in Section 4-8-110. The obligation to pay impact fees shall run with the land.

(f) The impact fees shall be in addition to any public land dedication and school site dedication requirements imposed by the Municipal Code of the Town of Elizabeth.

(g) An applicant required by this Article to pay an impact fee may choose to have the amount of such fee determined pursuant to either subsection (h) or (i) below. Regardless of whether the applicant calculates the amount of the fee pursuant to subsection (h) or (i), such fee shall be subject to the adjustment described in Section 4-8-110, if applicable.

(h) Unless an applicant requests that the Town determine the amount of such fee pursuant to subsection (i) below, the Town shall determine the amount of the required impact fee pursuant to the schedule set forth in **Exhibit A**.

(1) If the applicant's development is of a type not listed in subsection (b), then the Town shall use the fee applicable to the most nearly comparable type of land use in subsection (b).

(2) If the applicant's development includes a mix of those uses listed in subsection (b), then the fee shall be determined by adding up the fees that would be payable for each use if it was a freestanding use pursuant to subsection (b).

(3) If the applicant is applying for a permit to allow (1) a change of use, or (2) the expansion or modification of an existing non-residential building by more than one thousand (1,000) square feet, the fee shall be based on the net positive increase in the fee for the new use or structure as compared to the impact fee, if any, that would have been due under this Article for the previous use or structure, whether or not such fee was actually paid.

The provisions of sub-subsection (1)-(3) of this subsection (h) shall not apply to the parks, open space and trails impact fee.

(i) An applicant may request that the Town determine the amount of the required impact fee by reference to an independent fee calculation study for the applicant's development prepared at the applicant's cost by qualified professional engineers and/or economists and submitted to the Town's Engineer or its designee. Any such study shall be

based on the same methodology and the same levels of service standards, service standards, units, unit costs, staffing, building sizes, improvements, and construction costs used in the *Impact Fee Study* for the fee category at issue, and must document the economic methodologies and assumptions used. The Town may hire professional engineers or other consultants to review any independent fee calculation study on behalf of the Town and may charge the costs of such review to the applicant. Any independent fee calculation study submitted by an applicant may be accepted, rejected, or accepted with modifications by the Town as the basis for calculating impact fees. The Town shall not be required to accept any such study or documentation the Town deems to be inaccurate or unreliable and shall have the authority to request that the applicant submit additional or different documentation for consideration in connection with review of any study. If such study is accepted or accepted with modifications as a more accurate measure of the demand for capital facilities created by the applicant's proposed development than the applicable fee set forth in **Exhibit A**, then the impact fee due under this Article may be calculated according to such study.

## Sec. 4-8-60. Payment of impact fees.

(a) After the effective date of this Article, all applicants shall pay the impact fees required by this Article to the Town prior to the issuance of any building permit for a residential or non-residential structure.

(b) All monies paid by an applicant pursuant to this Article shall be identified as a fee paid under the applicable fee category and shall be promptly deposited in the applicable Impact Fee Fund described in Section 4-8-70.

## Sec. 4-8-70. Impact fee funds.

(a) There are hereby established the following funds for the purpose of ensuring impact fees collected pursuant to this Article are designated for the accommodation of capital facility impacts reasonably attributable to new development that paid the fee:

(1) A Police Impact Fee Fund, into which shall be deposited all police impact fees;

(2) A Public Buildings Impact Fee Fund, into which shall be deposited all public buildings impact fees;

(3) A Parks, Open Space and Trails Impact Fee Fund, into which shall be deposited all parks open space, and trails impact fees; and

(4) A Public Works Facilities Impact Fee Fund, into which shall be deposited all public works facilities impact fees.

(b) Each Fund shall be an interest-bearing account which shall be accounted for separately from other Funds. Any interest or other income earned on monies deposited in each such Fund shall be credited to such Fund.

(c) Each Fund shall contain only those impact fees collected pursuant to this Article

10/17/2023

which are to be deposited in accordance with subsection (a), and any interest which may accrue from time to time on such Fund.

## Sec. 4-8-80. Use of Impact Fees.

(a) The monies in the Police Impact Fee Fund shall be used only (1) to acquire land for and/or acquire, develop, or construct police department capital assets and improvements; or (2) as described in Section 4-8-100.

(b) The monies in the Public Buildings Impact Fee Fund shall be used only (1) to acquire land for and/or acquire, develop and/or construct public building facility improvements; or (2) as described in Section 4-8-100.

(c) The monies in the Parks Open Space and Trails Impact Fee Fund shall be used only: (1) to acquire land for or acquire, develop, or construct parks, open space and trails, and related appurtenances or (2) as described in Section 4-8-100.

(d) The monies in the Public Works Facilities Impact Fee Fund shall be used only: (1) to acquire land for or acquire, develop, or construct public works facilities and related appurtenances or (2) as described in Section 4-8-100.

(e) No monies from the Impact Fee Funds shall be spent for periodic or routine maintenance, rehabilitation, or replacement of any Town capital facilities.

(f) No monies from the Impact Fee Funds shall be spent to remedy deficiencies in capital facilities existing on the effective date of this Article.

## Sec. 4-8-90. Exemptions from impact fees.

(a) Except where expressly stated for a particular impact fee, the following types of land development shall be exempted from payment of the impact fees imposed by this Article:

(1) Reconstruction, expansion, or replacement of a residential unit existing on the effective date of this Article, provided that the reconstructed, expanded or replacement residential unit is within the same residential size category as the current residential unit.

(2) Reconstruction, expansion, or replacement of a non-residential building existing on the effective date of this Article, provided that no more than one thousand (1,000) square feet of additional usable non-residential space is created.

(3) Construction of an unoccupied, detached accessory structure, related to a residential unit; provided, however, that with respect to the streets impact fee, this exemption may be applied to construction of any unoccupied, detached accessory structure, provided such structure will not produce additional vehicle trips over and above those produced by the primary building or land use.

(4) The replacement of a destroyed or partially destroyed non-residential building or structure with a new non-residential building or structure of the same size as the original structure and which does not exceed the size of the original structure by more than one thousand (1,000) square feet of usable non-residential space.

(5) The replacement of a destroyed or partially destroyed building or structure with a new building or structure of the same size and use, where no additional vehicle trips will be produced over and above those produced by the original building or structure.

(6) The installation or replacement of a mobile home on a lot or a mobile home site when an impact fee for such lot or site has previously been paid pursuant to this Article or where a mobile home legally existed on such site on or prior to the effective date of this Article.

(7) Any type of development for which an impact fee is not otherwise due and payable pursuant to Section 4-8-50.

(8) Any other type of development for which the applicant can demonstrate that the proposed land use and development will produce no greater demand for the capital facility for which the fee is imposed, or produce no more vehicle trips from such site over and above the trips from such site prior to the proposed development, or for which the applicant can show that an impact fee for such site has previously been paid in an amount that equals or exceeds the impact fee that would be required by this Article. The burden shall be on the applicant to demonstrate that such a fee was previously paid.

(b) Any such claim for exemption must be made no later than the time when the applicant applies for the first building permit for the proposed development that creates the obligation to pay the impact fee, and any claim for exemption not made at or before that time shall have been waived.

(c) The Town Administrator or the Town Administrator's designee shall determine the validity of any claim for exemption pursuant to the criteria set forth in subsection (a) above.

(d) The Board of Trustees may, pursuant to C.R.S. § 29-20-104.5(5), exempt from payment or reduce the amount of the payment of the impact fees imposed by this Article for any portion of a development which includes low or moderate income housing or affordable employee housing as the same may be defined by the Board of Trustees.

## Sec. 4-8-100. Refunds of impact fees paid.

(a) Fees deposited in each Fund shall be appropriated and expended within ten (10) years from the date on which such fee was paid. Any fees not so appropriated or expended shall be refunded, upon application to the Town, to the record owner of the property for which the impact fee was paid, together with interest calculated at the two-year treasury rate adjusted annually on the last business day of the year for each year from the date of

collection to the date of refund; provided, however, that the Town shall retain an additional two percent (2%) of the fee to offset the cost of the refund.

(b) Any application for a refund under the provisions of this Article shall be required to be made to the Town Treasurer within six (6) months of the expiration of such ten-year period following the date of payment of such fee. If a refund is due hereunder, the amount of such refund shall be divided proportionately among all applicants for refunds who have filed applications during said six (6) month period; provided, however, that in no event shall the amount of any refund exceed the amount of the fee paid on behalf of the property for which the refund is sought, plus interest as calculated above.

(c) After an impact fee has been paid pursuant to this Article, no refund of any part of such fee shall be made if the project for which the fee was paid is later demolished or destroyed or is altered, reconstructed, or reconfigured so as to reduce the size of the project, the number of units in the project or the use of any building or structure.

## Sec. 4-8-110. Credits against impact fees.

No applicant shall be required to provide any site specific dedication or (a) improvement to meet the same need for capital facilities for which an impact fee is imposed. Therefore, after the effective date of this Article, all land dedications and improvements for a capital need for which an impact fee is imposed, over and above those required by the Town in connection with a proposed development, shall result in a credit against the impact fee otherwise due for such development. However, no credit shall be awarded for: (1) any land dedications for or acquisition or construction of site-related or site-specific improvements; (2) any land dedications not accepted by the Town; (3) any acquisition or construction of facilities and improvements not approved in writing by the Town prior to commencement of the acquisition, development or construction; or (4) any dedication, construction or acquisition of a type of facilities or improvements not included in the calculation of the applicable capital facilities impact fee in the Impact Fee Study. No credit shall exceed the amount of the applicable impact fee due from the applicant or property owner; provided, however, that if the amount of the credit due from the dedication or construction of a capital facility or improvement is calculated to be greater than the amount of the fee due, nothing herein shall be construed as preventing the Town from entering into a reimbursement agreement with the applicant under other applicable provisions of the Town Code, whereby said applicant may be reimbursed by subsequent property owners benefiting from the dedication or construction.

(b) In order to obtain a credit against impact fees otherwise due, an applicant must submit a written offer to dedicate to the Town specific parcels of land over and above those regularly required by the Town or to acquire or construct specific facilities and improvements in accordance with all applicable state or Town codes, ordinance and design and construction standards, and must specifically request a credit against the applicable impact fee. Such written request must be made on a form provided by the Town, must contain a statement under oath of the facts that qualify the applicant to receive a credit, must be accompanied by documents evidencing those facts and must be filed not later than the time when an applicant applies for the first building permit that includes the obligation to pay the impact fee against which the credit is requested. Failure by the applicant to follow the above procedures waives the claim for credit.

(c) The credit due to an applicant shall be calculated and documented as follows:

(1) Credit for qualifying land dedications shall, at the applicant's option, be valued at (a) one hundred percent (100%) of the most recent estimated actual value for such land as shown in the records of the County Assessor, or (b) that fair market value established by an MAI or Colorado Certified General Real Estate Appraiser acceptable to the Town in an appraisal paid for by the applicant.

(2) In order to receive credit for qualifying acquisition or construction of capital facility improvements, the applicant shall submit completed engineering drawings, specifications, and construction cost estimates to the Town. The Town shall determine the amount of credit due based on the information submitted or, if it determines that such information is inaccurate or unreliable, then on alternative engineering or construction costs acceptable to the Town.

(d) Approved credits shall become effective at the following times:

(1) Approved credits for land dedications shall become effective when the land has been conveyed to the Town in a form acceptable to the Town at no cost to the Town and accepted by the Town. When such conditions have been met, the Town shall note that fact in its records. Upon written request from the applicant, the Town shall issue a letter stating the amount of credit available.

(2)Approved credits for the acquisition or construction of capital facilities and improvements shall generally become effective when: (a) all required construction has been completed and has been accepted by the Town; (b) a suitable maintenance and warranty bond has been received and approved by the Town; and (c) all design, construction, inspection, testing, bonding, and acceptance procedures have been completed in compliance with all applicable Town and state procedures. However, approved credits for the construction of capital facilities and improvements may become effective at an earlier date if the applicant posts security in the form of a performance bond, irrevocable letter of credit or escrow agreement and the amount and terms of such security are accepted by the Town. At a minimum, such security must be in the amount of one hundred twenty-five percent (125%) of the approved credit or one hundred twenty-five percent (125%) of the amount determined to be adequate to allow the Town to construct the capital facilities and improvements for which the credit was given, whichever is higher. When such conditions have been met, the Town shall note that fact in its records. Upon request of the applicant, the Town shall issue a letter stating the amount of credit available.

(e) Approved credits may be used to reduce the amount of impact fees due from any proposed development until the amount of the credit is exhausted. A credit may only be applied to the same category of impact fee for which the credit was obtained. Each time a request to use approved credits is presented to the Town, the Town shall reduce the amount

of the applicable impact fee otherwise due from the applicant and shall note in the Town records the amount of credit remaining, if any. Upon request of the applicant, the Town shall send the applicant a letter stating the number of credits available.

(f) Approved credits shall only be used to reduce the amount of the impact fee otherwise due under this Article and shall not be paid to the applicant in cash or in credits against any other monies due from the applicant to the Town. If the credit has not been exhausted within ten (10) years of the date of issuance of the first building permit for which a fee was due and payable under the provisions of this Article, or within such other period as may be designated in writing by the Town, such credit shall lapse.

## Sec. 4-8-120. Appeals.

(a) Any property owner or applicant may appeal the following decisions to the Town Administrator pursuant to such administrative hearing process as may be established by the Town Administrator:

- (1) The applicability of an impact fee to the development;
- (2) The amount of an impact fee to be paid for the development;
- (3) The availability, amount or application of any credit; or
- (4) The amount of any refund, as determined by the Town.

(b) The burden of proof in any such hearing shall be on the applicant to demonstrate that the amount of the impact fee, credit or refund was not properly calculated by the Town. In the event of an appeal of the amount of the impact fee, the fee payer shall, at his or her expense, prepare and submit to the Town Administrator an independent fee calculation study for the impact fee in question. The independent fee calculation study shall follow the methodologies used in the Impact Fee Study and the applicable provisions set forth in Section 4-8-50(g). The independent fee calculation study shall be conducted by a professional in impact fee analysis. The burden shall be on the fee payer to provide the Town Administrator all relevant data, analysis and reports which would assist the Town Administrator in determining whether the impact fee should be adjusted.

(c) All appeals must state with specificity the reasons for the appeal and shall contain such data and documentation upon which the applicant seeks to rely. The Town Administrator, as applicable, shall notify the applicant of the hearing date on the application, which notice shall be given no less than fifteen (15) working days prior to the date of the hearing. At the hearing, the Town Administrator shall provide the applicant and Town staff an opportunity to present testimony and evidence regarding the fee, credit or refund being appealed. The Town Administrator shall modify said amount only if there is substantial competent evidence in the record that the Town erred, based upon the methodologies contained in the *Impact Fee Study*. The decision of the Town Administrator shall be final.

(d) The Town Administrator is hereby authorized to delegate any of the functions or

authorities in this Section 4-8-120 to the Administrator's designee.

## Sec. 4-8-130. Miscellaneous provisions.

(a) Interest earned on monies in each of the Impact Fee Funds shall be considered part of each such Fund and shall be subject to the same restrictions on use applicable to the impact fees deposited in such Fund.

(b) Monies in each of the Impact Fee Funds shall be considered to be spent in the order collected, on a first-in/first-out basis.

(c) Nothing in this Article shall restrict the Town from requiring an applicant to construct improvements required to serve the applicant's project and otherwise permitted under applicable law, whether or not such improvements are of a type for which credits are available under Section 4-8-110.

(d) Any monies, including any accrued interest, not assigned to specific projects in any year and not expended pursuant to Section 4-8-80 shall be retained in the Impact Fee Fund until the next fiscal year.

(e) If an impact fee has been calculated and incurred based on a mistake or misrepresentation, it shall be recalculated. Any amounts overpaid by an applicant shall be refunded by the Town to the applicant within thirty (30) days after the Town's acceptance of the recalculated amount or the date of a final decision in any appeal for the recalculation pursuant to Section 4-8-120, whichever is later, with interest at the rate of two percent (2%) per annum since the date of such overpayment. Any amounts underpaid by the applicant shall be paid to the Town within thirty (30) days after the Town's acceptance of the recalculated amount, from the date of a final decision in any appeal of the recalculation pursuant to Section 4-8-120, whichever is later, with interest at the rate of two percent (2%) per annum since the date of a final decision in any appeal of the recalculation pursuant to Section 4-8-120, whichever is later, with interest at the rate of two percent (2%) per annum since the date of such underpayment. In the case of an underpayment to the Town, the Town shall not issue any additional permits or approvals for the project for which the impact fee was previously paid until such underpayment is corrected.

(f) The Board of Trustees may agree to pay some or all of an impact fee imposed on a proposed development by this Article from other funds of the Town that are not restricted to other uses. Any such decision to pay impact fees on behalf of an applicant shall be at the discretion of the Board of Trustees and shall be made pursuant to goals and objectives previously adopted by the Board of Trustees to promote any legally permitted purpose.

(g) The impact fees described in this Article and the administrative procedures of this Article shall be reviewed at least once every five (5) years to ensure that: (1) the demand and cost assumptions and other assumptions underlying such fees are still valid; (2) the resulting fees do not exceed the actual costs of constructing capital facilities and improvements required to serve new development; (3) the monies collected in the Impact Fee Funds have been and are expected to be spent for capital facilities and improvements; and (4) such capital facilities and improvements will benefit those developments for which the fees were paid. Failure to perform such review within such time shall not invalidate any portion of this Article or restrict the Town from collecting the fees described in this

Article.

(h) Violation of this Article shall be subject to those remedies provided in this Code. Knowingly furnishing false information to any official of the Town charged with the administration of this Article on any matter relating to the administration of this Article, including without limitation the furnishing of false information regarding the expected size or use of a proposed development, shall be a violation of this Article.

(i) The subsection titles used in this Article are for convenience only and shall not affect the interpretation of any portion of the text of this Article.

(j) On January 1, 2025, and on January 1<sup>st</sup> of each year thereafter in which an impact fee is in effect, the amount of the impact fee per dwelling unit for residential development and the per square footage of gross floor area for non-residential development shall be automatically adjusted to account for inflation increases in the cost of providing capital facilities, utilizing the most recent data from the Engineering News Record construction cost index for the Denver metropolitan area. In lieu of this automatic annual adjustment, the Town may, at its option, determine the appropriate annual inflation factor. Moreover, nothing herein shall prevent the Town from electing to maintain a then-existing capital facilities impact fee or from electing to waive the inflation adjustment for any given fiscal year, or years. Any such action to determine an inflation factor other than that set forth above shall be by Board resolution.

(k) Authority is hereby granted for each of the Impact Fee Funds established hereby to borrow funds from and lends funds to each of the other Impact Fee Funds established hereby, to the extent permissible by law and in compliance with C.R.S. § 29-1-801, *et seq.*, and C.R.S. § 29-20-101, *et seq.*, and provided that all funds so borrowed or lent are repaid accordingly.

<u>Section 2</u>. <u>Severability</u>. If any section, paragraph clause, or provision of this Ordinance shall for any reason be held to be invalid or unenforceable, the invalidity or enforceability of such section, paragraph, clause, or provision shall not affect any of the remaining provisions of this Ordinance, the intent being that the same are severable.

<u>Section 3</u>. The Board of Trustees hereby finds, determines, and declares that this Ordinance is promulgated under the general police power of the Town, that it is promulgated for the health, safety, and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Board of Trustees further determines that the Ordinance bears a rational relation to the proper legislative object sought to be attained.

Section 4. This Ordinance shall become effective thirty (30) days after publication.

## Management Team Updates

## Community Development – Zach Higgins

- The Main Street Board and Staff have given DOLA approval to move forward with the contract with DHM and CORE Engineering to provide services for the Main Street Monument Sign. The first design meeting was held on June 26<sup>th</sup> at Town Hall. Stakeholders were in attendance to give DHM direction. The second meeting took place on August 14<sup>th</sup> where the gateway over Main Street option was chosen.
- The MSBOD and HAB have given formal recommendation of a request to include a façade improvement grant in the Town budget for 2024. The BOT has given direction for Staff to work on the creation of the program. Staff has met with both the HAB and MSBOD to get feedback on the guidelines.
- The HAB continues to work on the creation of the first Historic District in Town and updates to the Design Guidelines in relation to Historic and adjacent buildings. June 12th was the second public meeting to get feedback regarding the district and design guidelines. HAB will be pursuing individual property owner feedback. In addition, two (2) HAB members and two (2) staff will be traveling to a community with a recently implemented historic district to get feedback from that community's staff and business owners about the process, overcoming contention, and feedback since implementation.
- The HAB has started their Oral History program.
- CORE Engineering presented the Streetscape options based on the requested block-by-block analysis on June 27<sup>th</sup>. The BOT has given a recommendation to update the Cross-Sections based on this analysis. The BOT has formally adopted the updated Cross-Sections on 08/22/2023.
- CDOT has processed the deeds for remnant parcels of land to the Town adjacent to the CR-13 realignment. Staff will now work to annex and zone said parcels.
- Wine in the Pines had over 500 attendees per Jason Piter's tallies.

## Town Clerk – Michelle Oeser

- Staff are happy to say currently we have five confirmed sponsors of the Senior Project Bags. Bags will be ordered within the next two weeks.
- Allison enjoyed her Caselle Conference, not only learning new technology, but was also a top performing presenter.
- Hannah has worked to fine turn the budget to have clear information to present the Board at the October 21<sup>st</sup> Workshop.
- Hannah has done an outstanding job working with the Elizabeth School District to balance out the water ORC account services.
- Staff appreciate the responses received for the invitation to the Boards and Commissions Christmas Celebration. If you have not responded, please do so, even if it is a no. Staff is working on getting a count for the restaurant.
- In your packet you will see the email retention Resolution, Harmony developed this policy as another step in the retention of Town records.
- Reminder that the Harvest Festival is on Saturday, October28th, from 10 a.m. to 3:30 p.m.
