SUBJECT: Downtown District Height Requirements and Lot Coverage

SUMMARY

The Board of Trustees recently held a Workshop which discussed a few Elizabeth Municipal Code Standards which could be reviewed for alteration/update. Staff has received some recommendations from consultants, advisory boards, and through internal reviews identified a number of code sections which staff recommends additional review. These code sections include language which may be confusing or ambiguous, are outdated, contain cumbersome processes, etc.

Among those sections called out for review include a few that pertain directly to the Downtown District. These include:

- Table 16-5 Food and Beverage Processing – Possibly allow small scale beverage, beer, wine, and spirit processing in RC and DT
- Table 16-5 Schools – Possibly allow private schools in DT
- Table 16-6 Standards – Possible addition of lot coverage for development
- Table 16-6 Standards – Possible height requirement adjustment to allow for three stories
