SUBJECT: Discussion Regarding Elizabeth Municipal Code

SUMMARY

Staff has received some recommendations from consultants, advisory boards, and through internal reviews identified a number of code sections which staff recommends additional review. These code sections include language which may be confusing or ambiguous, are outdated, contain cumbersome processes, etc.

Staff requests your discussion and feedback on the sections from the attached spreadsheet. In previous meetings we completed discussion of items #1-#5. Tonight we begin with #6 Beverage Processing and will attempt to go through Item 11 related to defining educational institutions. The majority of these items are not in the regulations at the present time, I have attached Table 16-5 which states what uses are permitted in which commercial zone district.

The other item is to define Educational Institutions. Should that definition include cooking clubs, dancing, welding, carpentry, etc? Should private schools be included as a use-by-right in any zone districts?

RECOMMENDATION

Please provide feedback/comments regarding what is presented and direction on if a specific code section update should be explored further.
