# MEETING PROTOCOL AND STANDARDS OF CONDUCT

## Public Participation

Public comment is encouraged and will be listed as an agenda item at every regular Board meeting.

Each individual wishing to be heard during the public comment period will be given up to three (3) minutes to make a comment.

The public comment period will not be used to make political endorsements or for political campaign purposes.

Questions from the Board will be for clarification purposes only. Public comment will not be used as a time for problem solving or reacting to comments made but, rather, for listening to the comments of citizens without taking any formal action.

The Board may direct the Town Administrator to provide information requested by a speaker during the public comment period.

Speakers are not allowed to make belligerent, accusatory, impertinent, slanderous, threatening, abusive, or disparaging comments.

The Mayor may elect to defer public comment on a specific issue that appears on the regular agenda until that specific item is addressed.

The Mayor may call for order when sidebar conversations occur in the audience. Those conversations are distracting from the Board addressing the topics at hand.

Members of the public who do not follow proper conduct after a warning in a public meeting may be barred from further participation at that meeting or removed from the Board Chambers pursuant to the Elizabeth Municipal Code and Colorado Revised Statutes.

## TOWN OF ELIZABETH

### Board of Trustees – Record of Proceedings

October 11, 2022

#### **CALL TO ORDER**

The Regular Meeting of the Board of Trustees of the Town of Elizabeth was called to order on Tuesday, October 11, 2022, at 7:00 pm by Mayor Megan Vasquez.

#### **ROLL CALL**

Present were Mayor Megan Vasquez, Mayor Pro Tem Angela Ternus, and Trustees Loren Einspahr, Tammy Payne, Linda Secrist, and Nick Snively. There was a quorum to do business.

Also present were Town Administrator Patrick Davidson, Town Clerk Michelle Oeser, Chief of Police Melvin Berghahn, Public Works Director Mike DeVol, Assistant Public Works Director James McErnie, Community Development Director Pam Cherry, and Planner/Project Manager Zach Higgins.

#### **PLEDGE OF ALLEGIANCE**

Mayor Vasquez led the Board in the Pledge of Allegiance.

#### **UNSCHEDULED PUBLIC COMMENT**

Paul Schwarzkopf – Town of Elizabeth resident

#### **AGENDA CHANGES**

No agenda changes from the Administration.

No agenda changes from the Board.

Agenda set.

#### **CONSENT AGENDA**

##### **1. Minutes of the Regular Meeting of September 27, 2022**

Motion by Trustee Einspahr, seconded by Trustee Snively, to approve the Consent Agenda. The vote of those Trustees present was 6 in favor and 0 opposed. Motion passed unanimously.

#### **NEW BUSINESS**

##### **2. Discussion and possible action on the appointment of Bob Rasmussen to the Historic Advisory Board, with a term through 12/31/2022**

Mr. Higgins gave a brief staff report and introduced Bob Rasmussen. Mr. Rasmussen introduced himself to the Board.

## TOWN OF ELIZABETH

Motion by Mayor Pro Tem Ternus, seconded by Trustee Einspahr, to appoint Bob Rasmussen to the Historic Advisory Board with term ending December 31, 2022.

The vote of those Trustees present was 6 in favor and 0 opposed. Motion passed unanimously.

### 3. Discussion and possible action on cancelation of the December 27, 2022, regular Board meeting

Motion by Trustee Payne, seconded by Trustee Snively, to cancel the December 27, 2022, regular Board meeting.

The vote of those Trustees present was 6 in favor and 0 opposed. Motion passed unanimously.

### **MANAGEMENT MONITORING REPORTS**

- Town Administrator Patrick Davidson gave an update regarding the survey on the Senior Center project.
- Discussion followed on the Senior Center project.
- Community Development Director Pam Cherry gave the Board progress updates regarding Pine Ridge Apartments and the Cleary Building.
- Ms. Cherry updated the Board regarding Countryside Village Shopping Center.
- Discussion on projects in process at Safeway.
- Town Clerk Michelle Oeser gave the Board an update on the Senior Basket project.
- Ms. Oeser updated the Board on the status of the Student Liaison.
- Ms. Oeser updated the Board on the Mayor's Tree Lighting.
- Discussion on proposed locations for Electric Vehicle Charging Stations in Town.
- Ms. Oeser updated the Board regarding passport training with the Town of Northglenn.
- Chief of Police Melvin Berghahn discussed the Student Academy Graduation dinner.
- Chief Berghahn gave an update on the recent truck inspection enforcement.
- Discussion followed on the truck inspection enforcement.
- Trustee Einspahr discussed the new electronic sign that the Town had purchased.
- Trustee Einspahr asked if there has been any follow up on the property to the north of Greenlee's Auto.

### **BOARD OF TRUSTEE REPORTS**

- Trustee Payne gave the Board an update on the Senior Basket team meeting and how the project is moving forward.
- Trustee Snively inquired about the lot located at Beverly Street and Elizabeth Street.
- Discussion followed regarding the lot at Beverly Street and Elizabeth Street.

### STUDENT LIAISON REPORT

The Board reviewed the report provided by Student Liaison Karli Pronske.

### MINUTES

6. Minutes of the Historic Advisory Board Meeting of September 12, 2022

7. Minutes of the Planning Commission Meeting of September 20, 2022

### ADJOURNMENT

Motion by Trustee Secrist, seconded by Trustee Snively, to adjourn the meeting at 7:51 p.m.  
The vote of those Trustees present was unanimously in favor. Motion carried.

## **STAFF REPORT**

### **Board of Trustees**

### **PUD Zoning Elizabeth West**

**Date:** October 6, 2022  
**Applicant:** MF Investments, Jim Marshall  
**Owners:** Parcel 1 – MF Investment Partners, LLC  
Parcel 2 - BK2, LLC  
**Applicant's Consultant:** John Prestwich, PLA – PCS Group  
**Location:** Generally located on the south side of Highway 86, between Legacy Ridge Street on the west and Wild Pointe Subdivision on the east.  
**Subject:** Elizabeth West Zoning Map Amendment (rezoning) from A-1, Agriculture to Planned Unit Development (PUD).

---

#### **REQUEST:**

The Applicant, Jim Marshall, on behalf of the owners: BK2, LLC and MF Investment Partners, LLC requests approval to rezone 425.9 acres located south of Highway 86 and immediately east of Legacy Ridge Street (CR 3) from A-1, Agriculture to Planned Unit Development (PUD) to accommodate residential, regional commercial, mixed use commercial, public and semi-public land uses.

This application to rezone the property from Agriculture (A-1) to Planned Unit Development (PUD) was considered by the Planning Commission at their meeting on October 4, 2022, where the Planning Commission on a vote of 3 in favor and 1 opposed recommended approval, with two conditions:

1. Within thirty (30) days of final rezoning approval, the Property Owner shall adjudicate the New Points Properties groundwater prior to conveyance of the groundwater to the Town pursuant to the Annexation Agreement.
2. The Property Owner shall dedicate a 30 ft +/- length of Highway 86 right-of-way located at the far northeast corner of the property.

There were approximately 35 citizens in attendance, one identified himself as living in the Town of Elizabeth. There was considerable citizen comment from those living in the Wilde Point Subdivision as well as the Cimarron Subdivision. The issues of most concern were:

1. Transportation/Traffic
  - Increased traffic on HWY 86, particularly at potential intersections

- Traffic lights not identified as CDOT has not yet made recommendations under this stage of the review process
- The alignment of streets and access from the proposed subdivision to streets on the north side of HWY 86
- Staff has insufficient knowledge to review traffic implications
- School bus access into and out of the proposed subdivision, as well as access into and out of Wilde Point and Cimarron Subdivisions (access in and around HWY 86 for school buses)
- The future of existing access for regional and adjacent property owners into and off HWY 86
- The traffic studies reliance on outdated data from the Trip Generation Handbook used by both the Town's and the Applicant's traffic studies

## 2. Water supply and Wastewater

- The availability of water both within the proposed subdivision and for the Town of Elizabeth
- Concerns on the loss of water by adjacent properties through the development
- Town staff is insufficiently knowledgeable to determine water usage
- Town staff is insufficiently knowledgeable to determine wastewater needs
- The "mining" of water from aquifers that will not be subject to recharge
- Concerns as to the waste of water through landscaping versus xeriscaping
- Interference of water rights from different aquifers
- The use of potentially outdated water data from Table 2 Water Table dated 5/10/2007
- Capacity of the Town's wastewater treatment facility
- The costs of improvements to the water and wastewater treatment facilities being borne by the developer and not the community at large

## 3. Density

- The proposed development is too dense compared to surrounding subdivisions
- Definition of "high density" should be viewed from adjacent property owners
- Accuracy of density tables
- Ability for the developer to ignore density to create additional housing
- The installation of "low income" housing on the property
- Concerns that this is "high density" with comparisons to other properties ("Marshall Fire")
- Insufficient buffers between the proposed subdivision and adjacent properties (comments from the owners of 3 lots in Red Hawk Estates)
- Building heights are incompatible with existing housing (loss of "view-scape")
- Insufficient setbacks from HWY 86 when compared to other properties in the area
- Growth is not being done in a planned manner or correctly to remain rural community
- Building heights may be increased to 35 feet
- Dwelling units could be allowed above the commercial properties
- Development too dense – Stage Run – 430 acres has only 86 homes

## 4. Fiscal Impact Report

- Staff lacks sufficient skill and training to review various reports
- Error in prior reporting as to the proposed number of homes (May 2022 report considered 900 homes +/- when proposed plans estimate 623 residential lots)
- September 2022 report with 623 homes is insufficient or incorrect in calculations

5. Lengthy packet, not enough time to review
  - The application packet, with supporting documents, is too large for review
  - The 422 pages are too much for concerned citizens to review in six (6) days
  - Citizens need more time to review the information
  - Elbert County should have time to review the information
6. Dark Skies
  - Landscape lighting by individual homeowners does not maintain “dark skies” (Gold Creek areas is example)
  - Landscape guidelines should be made or tightened to include landscape lighting
7. Preserving trees and wildlife– Setbacks for trails from Wild Pointe
  - Existing stands of trees need to be preserved
  - Additional trees should be included to provide additional buffer to adjacent properties
  - Setbacks are insufficient from the community trails in Wilde Point
  - Wildlife will leave the area and not return
8. Other
  - School District should not accept a fee in lieu as the cost to construct a new school will exceed \$2M to be paid by developer
  - Opposition to the Comprehensive Plan
  - Parkland proposed in the subdivision will not be public, but controlled by HOA
  - Maintenance of proposed parks and open spaces
  - The planning and process has been done in secret
  - Notice of the meeting should have been posted on Facebook and NextDoor social media
  - The Commission was provided the possible motions in advance to “be told” what they could or could not do during the meeting

#### **PLANNING COMMISSION DISCUSSION:**

On Tuesday, October 4, 2022, at approximately 6:30pm, the Planning Commission met and discussed the proposed zoning change for action. This meeting occurred at 151 South Banner, Elizabeth, Colorado, pursuant to public notice of the anticipated meeting. The meeting started with the Chair making inquiry as to whether there were any ex parte communications with members of the public regarding this matter. All members of the Planning Commission stated they had not been involved in any ex parte discussions.

Representatives of the applicant / developer provided a brief review of the necessary requirements for a zoning change including providing schematics of the proposed plan. Following the presentation, the Community Development Director for the Town of Elizabeth provided staff’s overview of the proposed zoning amendment. Staff’s overview focused on Referral Agency Reviews, Case Analysis, proposed findings as to how the proposed zoning would comply with the existing Comprehensive Plan, and the Planned Unit Development Analysis.

The Planning Commission then took public comment from those in attendance. As previously identified, the comments made included the following topics: (1) transportation and traffic; (2) water

supply and wastewater capacity; (3) density; (4) fiscal impact report; (5) length of the packet; (6) dark skies analysis; (7) preservation of trees and wildlife; (8) and other matters of potential concern.

The public hearing of the meeting was then closed, and the Planning Commission began its discussion of the matter at hand. All members of the Planning Commission, both voting and non-voting members participated in the discussion of the proposed action item.

During the discussion, members of the Planning Commission considered whether there was a need for additional time in which to review the supporting documents. Ultimately, after a lengthy discussion, the Commission decided additional time was not necessary for further analysis at this stage as it is solely a zoning amendment. Additionally, the Commission acknowledged that their decision on the matter was a recommendation to the Board of Trustees and was advisory in nature. In the discussion leading to the main motion to approve the zoning amendment, it was acknowledged that that Comprehensive Plan provides rules and guidelines as to how the property may be zoned in the future, and regardless of personal beliefs on the specific type of development, the proposal appeared to be fully in compliance with the application requirements and the Comprehensive Plan. Upon consideration of the motion, the Planning Commission approved the recommendation of the amendment on a 3-1 affirmative vote.

#### **BACKGROUND:**

The subject property consists of two parcels that were annexed into the Town in January 2019. Notable site features include the large stands of existing trees centrally located on the property and along the Gold Creek left tributary. The property is bounded by Highway 86 on the north and Legacy Ridge Street (CR 3) on the west. Highway 86 is under the jurisdiction of the Colorado Department of Transportation (CDOT).

Through the development review process, town staff identified the following key issues that have been adequately addressed within the PUD Guide and Development Plan submittal:

1. Water supply and availability (quantity, quality, and dependability)
2. Comprehensive Plan conformance
3. Transportation
4. Fiscal Impacts

#### **PROJECT SUMMARY:**

The applicant is proposing to rezone the subject property from A-1 to PUD for future development. There will be a maximum of 623 dwelling units within the PUD. Residential densities range from 2 dwelling units per acre (SFe, 18%) with these lower densities around the perimeter of the property which are all buffered by open space. The higher densities of 4.5 dwelling units per acre (SFd, 37%) are in the interior areas of the property as indicated on the Elizabeth West - PUD Development Plan. A total of 55% will be residential uses.

Regional Commercial uses are proposed in the northwest corner of the property which encompasses 2.8% of the site. The proposed uses will follow the Town of Elizabeth Municipal Code and may include large scale commercial enterprises including retail, restaurants, entertainment, convenience retail and professional offices and services including those which are permitted by special review.

Commercial Mixed uses are proposed south of Highway 86 about the midpoint of the north property line and at the west property line, south of the Regional Commercial area. CMU accounts for 5.2% of the property and uses allowed will follow the Town of Elizabeth Municipal Code. Uses may include small scale retail, professional offices and services, town facilities, live/work developments, higher density residential and commercial accommodations that promote pedestrian activity. The location of the CMU provides a transition between a limited group of uses of a commercial nature and lower density residential areas.

Open Space and Trail Corridors (OS) account for 25% of the property. Trails will include waysides that will incorporate picnic areas, static outdoor exercise equipment and single-track bike areas. Park and Recreation areas are another 3.6% of the property. These areas will provide passive and active open space uses that will separate, define, and protect the development planning areas within Elizabeth West. The primary park within Elizabeth West is 10 acres and located central to the development and provides access to the open space system.

There is another 2.8% of the site for Public Lands and Institution (PLI) dedications and 3.1% for rights-of-way, internal and adjacent. Dedication of area for a minor collector street enters from Legacy Ridge Street on the west side of the development that meanders through the property to connect with Highway 86.

#### **SURROUNDING LAND USES:**

- North: State Highway 86 and Stage Run (low density residential), large undeveloped parcels, farmhouse, outbuildings
- South: Wild Pointe Ranch (Large lot residential)
- East: Wild Pointe Ranch (Large lot residential)
- West: Large Parcel Agriculture

**COMMUNITY INPUT:**

The proposed rezoning application was publicly noticed in accordance with the public notice procedures outlined in Chapter 16 Land Use and Development, [Sec. 16-4-30](#) of the Elizabeth Municipal Code.

Staff has not received any letters of public comment as of September 27, 2022. Letters received after this time will be gathered and entered into the public record at the hearing.

A neighborhood meeting was held on September 22, 2022, at the Legacy School gymnasium. The applicant provided approximately 200 invitations to this event for members of the Wild Pointe Community. Approximately 25 residents were in attendance. The concerns expressed by the attendees were largely centered upon access into and out of the subdivision associated with Highway 86, area wildlife, and the water and sewer implications for the Town of Elizabeth. Additionally, some expressed concerns as to the density of the proposed housing in the project area, considering the larger tract density in the Wild Pointe Community. None of those speaking at the meeting identified themselves as residents of the Town of Elizabeth.

**REFERRAL AGENCY REVIEW:**

The Elizabeth West PUD rezoning application was sent on two rounds of referral to the following external referral agencies:

Elizabeth Fire Projection District  
Elizabeth School District  
Elizabeth Library District  
Elizabeth Parks and Recreation  
Elbert County  
Elizabeth Post Office  
Elbert County Assessor

Colorado Department of Transportation  
Black Hills Energy  
Core Electric  
Fish and Wildlife  
Colorado Water Conservation Board  
CenturyLink  
Elbert County Transportation

All Town Department and external agency comments have been adequately addressed within the PUD Guide and Development Plan as noted in the case analysis below.

**CASE ANALYSIS:****Rezoning Approval Considerations:**

The procedure for creating a PUD District is considered a rezoning and shall follow the procedures outlined in Chapter 16 Land Use and Development, [Section 16-1-240](#) of the Elizabeth Municipal Code (EMC). The Planning Commission and Board of Trustees, in review of rezoning requests, shall consider the following factors as outlined in Section 16-1-240(f) of the EMC:

1. A need exists for the proposal.

**Staff Comments:** According to the market assessment provided in the Fiscal Impact Analysis prepared by PGAV Planners, there is sufficient demand in the Elizabeth area for the homes and retail/commercial uses planned as part of the Elizabeth West project. Staff finds a need exists for the proposal in that Elizabeth is growing with increased demand for additional residential units, commercial parcels and parks and open space for residents of the Town.

2. The parcel of ground is indeed the correct site for the proposed development.

**Staff Comments:** The applicant is requesting the rezoning to facilitate the build-out of a master planned community over a seven-to-ten-year timeframe. Staff finds the subject property is the correct site for the proposed development upon guidance from the 2019 Town of Elizabeth Future Land Use Plan that envisions commercial development adjacent to Highway 86 and Legacy Ridge Street, a mix of residential densities internal to the property and open space along the east and southern boundaries of the property.

3. There has been an error in the original zoning or there have been significant changes in the area to warrant a zone change.

**Staff Comments:** At the time of annexation, the Property Owner consented to zoning the property Agriculture (A-1) to allow the Town to complete an update to the Comprehensive Plan. The Comprehensive Plan was adopted in December of 2019 and includes a Future Land Use Plan that provides the framework for the use of land in Elizabeth and planned areas of growth for the Town. The Future Land Use Plan envisions a mix of land uses on the Elizabeth West property including Estate and Low Density Residential with open space located along the southern boundary and Retail/Commercial land uses along the Highway 86 and Legacy Ridge Street frontages.

Staff finds that while the property was not zoned in error at the time of annexation, the 2019 Comprehensive Plan anticipated significant changes in the area to warrant a zone change to Planned Unit Development.

4. Adequate circulation exists and traffic movement would not be impeded by development.

**Staff Comments:** The subject property is bounded by State Highway 86 on the north and Legacy Ridge Street on the west and proposes an internal collector connection to a full movement access on State Highway 86 and Legacy Ridge Street.

At the time of annexation, the owners were required to dedicate the necessary right-of-way to permit the future expansion of State Highway 86 to four travel lanes, with a median and auxiliary lane and a total width of 175 feet. The applicant has dedicated said right-of-way; however, the Town Engineer discovered a 30 ft +/- length of Highway 86 right-of-way dedication located at the far northeast corner of the property that was overlooked prior to recordation. This 30' +/- of Hwy 86 right of-way is required to be dedicated. As such, staff has included a condition of approval accordingly.

CR 3 from State Highway 86 south (Legacy Ridge Street) will be improved by the Applicant to Major Collector standards at the time of final plat. Additionally, the Applicant will be responsible for all transportation improvements, including signalization required to support access to the site.

One full movement access and right-in/right-out access is proposed from State Highway 86, while three (3) full movement accesses are proposed along Legacy Ridge Street (See Figure 2 of the updated Traffic Study).

The applicant submitted an updated Traffic Study that indicates the proposed access planned to/from State Highway 86 will likely require an access control plan amendment supported by the Town and processed through CDOT. The Town's Traffic Engineer noted that the Traffic Study assumes that an Access Control Plan (ACP) amendment will be successful and assumes the following:

- More than one CO-86 access per ownership and a full movement intersection (Elizabeth West's proposed North access) that is not in alignment with the current ACP; and
- The relocation of the signalized intersection shown in the ACP for Cherokee Trail to Elizabeth West's proposed North Access and recommends that a new connection from Cherokee Trail to the North access be provided by others.

The Town's Traffic Engineer did not raise objection to these assumptions but did notify the applicant that they will be responsible for preparing an amendment to the ACP on behalf of the Town of Elizabeth. In addition to the Access Control Plan amendment, the Applicant will be responsible for obtaining state highway access permits at CR 3 and the other two proposed access points to State Highway 86. An updated traffic study will be required if the access scheme changes from what is assumed in the traffic study. CDOT was sent two referral review requests and to date, the Town has no record of comments received. The Applicant acknowledged they will be responsible for any access-related improvements necessary to obtain CDOT approval at time of final plat.

The impact of the proposed Elizabeth West development can be accommodated by the existing roadway network with the required improvements outlined in the Annexation Agreement and referenced in the updated Traffic Study.

Through the referral process, comments from the Elbert County Assessor's Office and Transportation Department were received. The Applicant's resubmittal adequately addressed said concerns as no comments were received from the June 4, 2022, referral.

Staff finds the overall vehicular access and circulation concepts are adequate to serve the proposed densities within Elizabeth West. Additionally, traffic movement would not be impeded by the project build-out as the above-referenced improvements are required at the time of final plat.

5. Additional municipal service costs will not be incurred which the Town is not prepared to meet.

**Staff Comments:** The Applicant prepared a Fiscal Impact Analysis to evaluate the expenditures and revenues attributable to the proposed development. The Town's Finance Director reviewed the analysis and concurred that at full build-out, Elizabeth West is estimated to generate approximately \$16,992 in revenue per acre, which compares favorably to an estimated approximately \$14,902 in public service expense per acre in the same timeframe. Said estimates indicate a positive fiscal impact to the Town. As such, staff finds additional municipal service costs will not be incurred, which the Town is not prepared to meet.

6. There are minimal environmental impacts or impacts can be mitigated.

**Staff Comments:** The US Fish and Wildlife Service noted that Preble's meadow jumping mouse is a federally threatened species that may be impacted by project activities. The agency provided information containing recommended conservation measures for the Preble's meadow jumping mouse to consider when planning the development as well as migratory bird guidance on best practices and conservation measures.

Elbert County Public Health Department was had no comments.

Staff finds there are minimal environmental impacts of the rezoning, and any impacts can be mitigated at time of subdivision.

7. The proposal is consistent with the Town Master Plan maps, goals, and policies.

**Staff Comments:** The 2019 Comprehensive Plan envisions approximately 224 acres for commercial/retail development, 132 estate residential units at two dwelling units per acre and 668 low density residential dwelling units at four dwelling units per acre for a total of 800 dwelling units on the Elizabeth West property. Additionally, the Comprehensive Plan seems to depict about 105 acres of open space. Through the development review process, staff raised concerns about the initial PUD Development Plan submittal deviations from the future land use designations as depicted on the Elizabeth Future Land Use plan as follows:

- Reduction in Retail/Commercial uses along Highway 86 along Legacy Ridge Street.
- Limited park/open space uses designated along the site's southern boundary and extend/connect to the southeastern boundary of the property.
- Residential densities would need to be limited to low density and estate residential land use designations internal to the property.
- Preservation of existing stand of trees on the property.

The second resubmittal included a Fiscal Impact Analysis that found that the land use designations depicted on the 2019 Future Land Use Plan ignored the generally accepted site selection criteria associated with commercial/retail uses and creates a future land use scenario in which the land may (a) never develop according to the intended use or (b) should it ever develop fully, would create a sprawling and unsustainable mix of land uses.

Based on the findings of the Fiscal Impact Analysis, the Applicant revised the PUD Development Plan that converted retail commercial land uses to residential mainly along the Highway 86 frontage. Additionally, the Applicant reduced the maximum number of dwelling units to 623 (previously 950 units), which is far less than the Comprehensive Plan envisioned on the property.

The revised PUD Development Plan provides open spaces and trail corridors that are integrated throughout the property and provide safe and direct pedestrian access to parks and other parts of the future Elizabeth West community. The proposed primary trail corridor (located in OS-2 and OS-8) matches the alignment shown in the Comprehensive Plan and coincides with existing drainage on the property. Additionally, the planning areas are defined to nurture a healthy natural resource environment by preserving existing stands of trees and maintain existing drainage patterns. Lastly, the PUD Development Plan incorporates a 100-foot-wide open space tract (OS-3) along the southern boundary of the property line with anticipated berming and vegetation to provide a physical buffer from the existing adjacent homes in substantial conformance with the open space designation set forth in the Comprehensive Plan.

Staff finds the proposed rezoning advances several Comprehensive Plan goals and policies, including:

- **Future Land Use and Development CHAPTER 4, GOAL 1:** *Maintain a sustainable balance in land uses between residential, commercial, office / business park, industrial, and park / open space land uses*
  - *The project is an enhancement to an undeveloped area helping to promote further development and balance of land uses in Town and contributing to growth of the Town.*
- **Future Land Use and Development CHAPTER 4, GOAL 3:** *Future development in Elizabeth incorporates appropriate levels of density and design to support increased housing options, the viability of neighborhood commercial and overall long-term neighborhood sustainability*
  - *The project proposes a variety of housing options that will contribute to the viability of the neighborhood and includes areas for commercial development to serve the neighborhood.*
- **Future Land Use and Development CHAPTER 4, GOAL 5:** *New development and redevelopment project incorporate creative site design. Preserve and incorporate high-quality natural, cultural, and historical features as part of the development projects.*
  - *The project proposes large areas to be not only preserved but enhanced by incorporating high-quality natural features.*
- **Economic Development and Tourism – CHAPTER 5, GOAL 2:** *Actively promote Elizabeth as a great place for investment and employment*
  - *This project positively supports reinvestment into the Town of Elizabeth’s existing businesses perpetuating owner pride and upkeep of the community presence.*

- **Parks, Recreation and Open Space – CHAPTER 6, GOAL 3:**

- *The PUD Development Plan provides a high-quality system of parks, open space, and recreational facilities by committing to develop a 10.1-acre neighborhood park and recreation facility and creating an open space network of over 100 acres.*
- *The proposed open space framework and tree protection and preservation standards included PUD Guide will ensure preservation of existing stands of trees and maintenance of existing drainage patterns.*

8. There is adequate waste and sewage disposal, water, schools, parks and recreation, and other services to the proportional degree necessary due to the impacts created by the proposed land use.

**Staff Comments:** The Town will provide water and sewer service to the property wherein the Property Owner is required to construct the necessary infrastructure and connect all existing and new construction on the property at the Town's current water and sewer tap fee rates per the Annexation Agreement. Additionally, the Property Owner is required to dedicate to the Town water and sewer line easements for any water and sewer mains constructed on the property at the time of final plat.

Water supply and availability was a key issue addressed through the development review process. Portions of the property are currently served by existing well and septic systems that will be abandoned as a condition of approval of the first final plat for any portion of the property. Per the Annexation Agreement, the Property Owner shall convey all property water rights to the Town within thirty (30) days of final rezoning approval. The applicant submitted a revised Adequacy of Water Supply Study dated June 2, 2022 (attached). The Town's Water Attorney and water consultants concurred the Study provides the evidence required as proof that an adequate water supply regarding quantity, quality, and dependability is available to meet the demands at Elizabeth West for the next 300 years.

The Town's Water Attorney noted the Study indicated that the portion of the groundwater underlying the New Point Properties (about 51.1 af based on a 300-year supply) has not been adjudicated. Section 13-4-50(a) of the Town Code requires groundwater to be adjudicated prior to dedication, although the Board of Trustees may accept unadjudicated groundwater provided the cost of adjudication and yield are addressed in the development contract or water dedication agreement. As such, any approval should address responsibility for adjudication, whether the Town will be a co-applicant in any adjudication pursuant to 13-4-50(c), and any required adjustments to the development plan if the adjudication results in a material reduction in the amount of water available for the project.

Staff recommends any approval require that the Property Owner adjudicate the New Points Properties groundwater prior to conveyance of the groundwater to the Town under the Annexation Agreement. Pursuant to section 13-4-50(c) of the Town Code, the Town shall be named as a co-applicant in the application for adjudication of the groundwater. Staff has provided a suggested condition of approval for the Commission's consideration.

The Annexation Agreement also sets forth requirements for site dedications to ensure adequate water and sewer service upon approval of final plat. As such, the applicant is proposing a Public Lands & Institutions (PLI) planning area that provides for land uses that are publicly owned or are public in nature to accommodate the water and sewer infrastructure. The PUD Guide requires compliance with the Town's Public, Semi-Public and Institutional (P-I) zone district as set forth in the Elizabeth Municipal Code, Chapter 16 – Article I – Zoning and additional buffer landscape standards to screen said above ground equipment facing public streets, transportation corridors, public open space, and residential neighborhoods. Staff finds the proposed PLI planning areas are adequate to ensure land is set aside for the required public infrastructure and the proposed additional buffer landscape standards will mitigate visual impacts of said facilities.

At the time of final plat, the Property Owner is required to dedicate two 1-acre sites for a water well and ancillary facilities to be located and drilled as part of the Town's water system. The applicant has included the required water well sites within Public Land & Institutions planning areas (PLI-1 and PLI-3). Additionally, the Property Owner is required to dedicate two (2) one-half (½) acre sites for the construction of lift stations for the Town's sewer system. The two sites are included in Public Land & Institutions planning areas (PLI-2 and PLI-4). The Public Works Department has reviewed and supports the locations of the above-referenced site dedications. Staff finds that including the required site dedications within planning areas is appropriate and adequate to provide adequate waste and sewage disposal.

**Schools.** The subject property is located within the Elizabeth School District. The District raised safety concerns regarding pupil transportation related to accesses and increase traffic generated from the development along Highway 86. The Applicant acknowledged the District's concerns and will perform a detailed traffic study with more detailed design specific improvements at the time of preliminary and final plat. Similarly, the Property Owner will be required to pay the District's fees attributable to the development at a rate of \$2,822 per housing unit at time of final plat.

**Parks and Recreation.** The subject property is within the Elizabeth Parks and Recreation District. No comments were received from the District during the referral process.

**Public Safety.** The Elizabeth Police Department serves the property and noted that the department will need to increase the number of officers to serve this new development.

The subject property is located within the Elizabeth Fire Protection District. The District's comments were limited to notification regarding impact fees, water storage capacity and fire flow requirements as well as parks and trail name/designation needs for emergency response. The Applicant acknowledged the comments and noted they will be addressed at time of subdivision and site plan review. The Division Chief of Prevention and Administration stated the Elizabeth West PUD addressed all fire concerns at this point and there will be more comments at the preliminary and final plat stages.

**Town Facilities.** The need for town facilities on the Elizabeth property was identified at the time of annexation. The PUD Development Plan includes a 5-acre planning area (PA-3) that will be dedicated to the Town upon approval of the final plat for the property. With access provided off

Legacy Ridge Street, the Public Works Department has agreed to the location of the planning area. The nature of such facilities is to be determined at the sole discretion of the Town. As such, the planning area is designated Public Lands & Institutions (PLI), which provides for the development of land uses that are publicly owned.

**PLANNED UNIT DEVELOPMENT ANALYSIS:**

[Section 16-1-190 Planned Unit Development \(PUD\)](#). Planned unit developments are encouraged to bring about innovative approaches to development, creative designs of land uses, preservation of significant natural features within the Town, retention of historic structures and sites, retention of open space, compatibility with overall community objectives and consideration of environmental concerns. As such, a PUD Development Guide and Plan that reflects any proposed variation in lot size, bulk, type, type of use or activity, density, lot coverage, open space or other regulations proposed to be modified is required when PUD zoning is proposed. The analysis below focused on how the proposed variations from the standards in [Chapter 16-Land Use and Development](#) of the EMC would result in a higher quality development pursuant to the applicable PUD general requirements, amenities, and open space requirements of the Town’s PUD zone District.

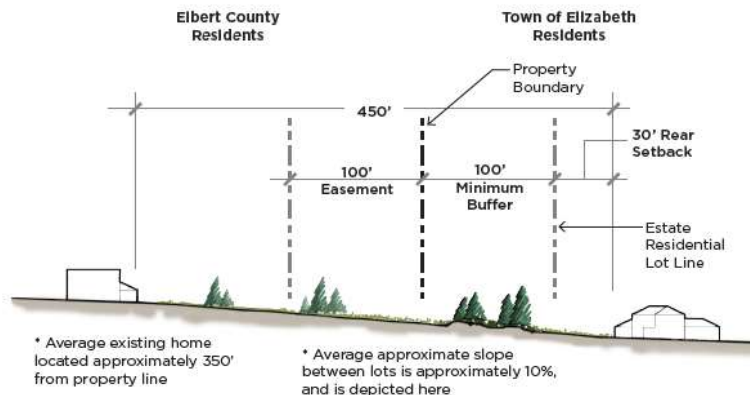

**Residential.** The Elizabeth West PUD Development Guide and Plan proposes two single family residential planning areas: SFe and SFd. These planning areas would be limited to a maximum of 623 dwelling units with an overall density of 1.46 dwelling units per acre. The PUD Guide requires all development to comply with the Town of Elizabeth Design Review Standards and Guidelines. Additionally, the PUD Guide incorporates the general provisions and additional dimensional requirements set forth in the Residential Use Matrix (Table 16-1) and Residential Dimensional Standards (Table 16-1) of the EMC, Chapter 16, Article I – Zoning to ensure block diversity and variation in lot sizes is implemented throughout the project.

Planning Areas SFe provides for estate residential development at no more than two dwelling units per acre (maximum 102 dwelling units) and are generally located on the southern boundary of the property. The closest equivalent zone district of the Town’s adopted zone district is the R-1-20 zone district. Planning Areas SFd provides for a variety of single family detached dwelling units at no more than 4.5 dwelling units per acre with a maximum of 521 dwelling units. The closest equivalent zone district of the Town’s adopted zone district is the R-1 zone district. The chart below provides a comparison of the proposed residential planning areas standards with comparable standards of the Town adopted R-1-20 and R-1 zone districts. Standards highlighted indicate the most substantial proposed variations from their equivalent town zone districts.

**(See chart, following page)**

*Page reserved to insert PUD Chart*

The proposed variations from the R-1-20 zone district requirements in the residential estate planning areas (SFe) include an increase in the minimum lot width, rear, and side setbacks, and building height. The proposed minimum lot width, rear and side setback are more stringent than the R-1-20 zone district requirements. The 30-foot rear setbacks for principal and accessory structures in combination with the buffer area OS-3 landscape standards and ten percent (10%) slope from the Wild Pointe lots to the south and east, will ensure a 450-foot separation is maintained between the neighboring Elbert County residents to the south to promote compatibility with overall community objectives.

The SFD planning areas propose a slight increase in maximum density (.5 dwelling units per acre) and significant variations in minimum lot size, lot width, rear and interior side setbacks, maximum lot coverage and building height of the R-1 zone district requirements. Staff finds the proposed parks, amenities, trails, and open space framework exceed the minimum PUD amenities and open space requirements and thus justify the proposed modifications to R-1 zone district standards.

The initial PUD Guide limited building heights in the residential planning areas to 35-feet except by special review. The applicant maintained that a 10-foot increase in maximum building height is necessary as the 25-foot height limit set forth in the R-1-20 and R-1 zone districts would not support two story homes, with a minimum 6:12 roof pitch as required by Town's Design Review Standards and guidelines. Staff raised concerns about possibly constructing three-story homes throughout the development with the allowance of 35-foot building heights. The Applicant confirmed the intention is to build two-story homes and has revised the PUD Guide to include a building height limitation to 35 feet or two stories. Staff finds the additional height limitation to two stories would ensure homes have innovative architectural and aesthetic qualities consistent with Elizabeth's small-town character and compliance with the Elizabeth Design Standards and Guidelines.

**Commercial.** The Elizabeth West PUD Development Guide and Plan proposes two commercial planning areas: Regional Commercial (RC) and Commercial Mixed Use (CMU). The commercial planning areas would accommodate up to 230,000 square feet of non-residential land uses. The PUD Guide requires compliance with the permitted uses by right and special review, dimensional standards, and general provisions of the Town's Regional Commercial (RC) and Commercial Mixed Use (CMU) zone districts as well as the Elizabeth Design Review Standards and Guidelines in the respective planning areas. Additionally, all development within the commercial planning areas will maintain a minimum 100-foot setback from the centerline of Highway 86 and Major Collectors.

PA-1 contains 12 acres and would allow up to 115,000 square feet of regional commercial land uses located at the intersection of Highway 86 and Legacy Ridge Street. The intent of the RC planning area is to provide for general and large-scale enterprises such as retail, eating, entertainment, convenience retail, professional offices, and services.

Two commercial mixed use planning areas are proposed: PA-2 and PA-13. The intent of the CMU planning areas is to provide for the integration, horizontally and vertically, of a broad range of small-scale retail, professional offices and services, town facilities, live/work developments, higher density residential and commercial accommodations that promote pedestrian activity. PA-2 contains 7.3 acres and would accommodate 40,000 square feet of non-residential land uses to be located to the east of Legacy Ridge Street. PA-13 contains 14.8 acres to accommodate 74,000 square feet of non-residential land uses located to the south of Highway 86. Although no dwelling units are allocated in the CMU planning areas, the provision for density transfers (maximum transfer is 10% beyond the recipient cap) could facilitate build-out of live/work, or higher density residential land uses within the CMU planning areas.

Staff finds the proposed location of the commercial planning areas along key transportation corridors and the PUD Guide required compliance with Town's Regional Commercial and Commercial Mixed Use zone district regulations, and the design standards and guidelines will facilitate the successful build out of up to 230,000 square feet of commercial development to serve the needs of the Town for the next 30 to 50 years.

**Public Lands & Institutions.** The PUD Development Plan includes five planning areas to accommodate land uses that are publicly owned or are public in nature as follows:

- PLI-1 contains 1 acre for a town water tank to be located along the southern boundary of the property.
- PLI-2 and PLI-4 are a half-acre in size to accommodate town lift stations
- PLI-3 contains 1 acre for town water well and ancillary facilities located in the southeast corner of the property.
- PA-3 contains 5 acres located off Legacy Ridge Street and will be dedicated to the Town for future town facilities.

The PUD Guide requires compliance with the permitted uses by right and special review, dimensional standards, and general provisions of the Town's Public, Semi-Public and Institutional (P-I) zone district. Additionally, buffer landscape standards are included in the PUD Guide to mitigate potential visual impacts of above-ground equipment facing public streets, transportation corridors, public open space, and residential neighborhoods.

Staff finds the lands designated as Public Lands and Institutions will not only fulfill the obligations of the Annexation Agreement with the land dedication for future town facilities but also provides the land needed to accommodate the water and sewer needs of the development that will be adequately screened from public view.

**Parks & Open Space.** The proposed open space framework sets aside over twenty-five percent (25%) of the development's gross land area for open space purposes, thereby exceeding the minimum open space requirements by five percent (5%). The PUD Development Plan includes eight (8) open space planning areas and four (4) park and recreation areas for a total of 135 acres of open space distributed throughout the development and made accessible by a trail system. Planning Area OS-3 contains 27.6 acres and is not credited towards the fulfillment of the open space requirements as it is the 100-foot residential buffer from the residential land uses to the south and east boundaries of the property.

A total of 44.1 acres (over ten percent of the property) are active open space areas consisting of trail corridors, neighborhood, and pocket parks in conformance with the minimum active open space requirements for planned unit developments. Planning areas OS-1 and OS-2 provide approximately 80 acres of active and passive open space that preserve the existing trees and site drainage patterns. OS-4 through OS-8 contain approximately 7.72 acres of active open space with 30-foot wide local and community trail corridors that provide convenient community access and connectivity to future pedestrian or bicycle routes outside the PUD. The community trail alignments within OS-2, OS-4 and OS-8 are consistent with the trail corridors as identified in the Comprehensive Plan. The PUD Guide sets forth development criteria for community and local trails and includes wayside areas to be located every ¼ mile that provide picnic areas, static outdoor exercise equipment, and single-track bike areas.

Parks and recreation areas to serve the Elizabeth West are provided in planning areas PK-1 through PK-4 consisting of 15.2 acres. The 10.1-acre primary park (PK-1) is located central to the development and provides access to the open space system. The PUD Guide sets forth development criteria for neighborhood and pockets that will ensure parks and open spaces are designed within each planning area to extend recreational opportunities with walking distance of most residents.

All parks and open space improvements will be owned and maintained by a Special District of the HOA and phased to coincide with the development of adjacent residential planning areas. The project phasing is included on sheet 4 of the PUD Development Plan and estimates project build out in 2030-2031. Staff raised initial concern that the amenity contributions were not evenly spread out through the PUD in a prorated fashion. The Applicant revised the phasing plan that now shows the development of the primary park (PK-1) in phase 2 with construction slated in 2027-2028.

Staff finds the parks, open space and recreational amenities outlined in the PUD Guide and Development Plan are commensurate with the projects scope and demonstrate compliance with the open space and amenity requirements of Section 16-1-190 - Planned Unit Development of the EMC.

---

#### **STAFF FINDINGS:**

Staff finds that **APPROVAL WITH CONDITIONS** is appropriate of the Elizabeth West rezoning based on the rezone approval considerations in Section 16-1-240 and Section 16-1-190 of the Elizabeth Municipal Code.

---

**PLANNING COMMISSION AND BOARD OF TRUSTEE POTENTIAL MOTIONS:**

The Board of Trustees shall conduct a public hearing for the purpose of possibly amending the Town of Elizabeth Zoning Map and approving a Planned Unit Development for the area known as Elizabeth West. These are the motion options considered by the Planning Commission and may also be used for the Board of Trustees for the rezoning request:

1. Approval of the request, with or without modifications.
2. Denial of the request, indicating for the record the reasons for the recommendation of denial. *(Cite all Code sections and/or Plan policies that resulted in motion for denial).*
3. With the consent of the applicant, continue the request until the next available meeting to obtain more information to help clarify or support the request before it. *(Provide staff and the application detail regarding information needed for a decision).*

---

**SUGGESTED MOTION:**

I move to recommend **APPROVAL** the Elizabeth West rezoning based on compliance with Sections 16-1-240 and 16-1-190 of the Elizabeth Municipal Code with the following findings and fact and conditions:

---

**FINDINGS OF FACT:**

1. The proposed rezoning is in compliance with Chapter 16, Article I – Zoning of the Elizabeth Municipal Code.
2. The proposed PUD Guide and Development Plan is in conformance with Section 16-1-190 of the Elizabeth Municipal Code.
3. The proposed rezoning is in substantial conformance with the Elizabeth Comprehensive Plan.
4. The proposed PUD Guide and Development Plan is in compliance with the Elizabeth Design Review Standards and Guidelines.

---

**PLANNING COMMISSION RECOMMENDATION:**

This application to rezone the property from Agriculture (A-1) to Planned Unit Development (PUD) was considered by the Planning Commission at their meeting on October 4, 2022, where the Planning Commission on a vote of 3 in favor and 1 opposed recommended approval subject to the two suggested conditions:

1. Within thirty (30) days of final rezoning approval, the Property Owner shall adjudicate the New Points Properties groundwater prior to conveyance of the groundwater to the Town pursuant to the Annexation Agreement.
2. The Property Owner shall dedicate a 30 ft +/- length of Highway 86 right-of-way located at the far northeast corner of the property.

---

**NOTE ON PLANNING COMMISSION RECOMMENDATION:**

Since the Planning Commission met and recommended approval conditions, the Town attorneys have provided advice related to the water condition. In lieu of the water condition the Board should reference the requirements in Section 4 of the Ordinance, included in your packets.

## ORDINANCE 22- 10

### AN ORDINANCE REZONING THE PROPERTY KNOWN AS THE ELIZABETH WEST PROPERTY FROM AGRICULTURE (A-1) DISTRICT TO PLANNED UNIT DEVELOPMENT (PUD) DISTRICT

BE IT ORDAINED BY THE BOARD OF TRUSTEES FOR THE TOWN OF ELIZABETH, COLORADO, THAT:

#### Section 1.     Findings of Fact.

- A.     The Town desires to rezone certain property within the Town of Elizabeth, Colorado, generally known as the Elizabeth West Property, as more particularly described in **Exhibit A**, attached hereto, and incorporated herein by this reference (the "Property") from Agriculture (A-1) District to Planned Unit Development (PUD) District.
- B.     Public notice has been given of such rezoning pursuant to Section 16-4-30 of the Town of Elizabeth Municipal Code more than fifteen (15) days in advance of the public hearing.
- C.     A need exists for rezoning the Property pursuant to Section 16-1-240 of the Town of Elizabeth Municipal Code.

Section 2.     The Property is hereby rezoned from Agriculture (A-1) District to Planned Unit Development (PUD) District.

Section 3.     The Zoning Ordinance and Zoning Map are hereby amended to conform to the zoning change for the Property.

Section 4.     The rezoning of the Property is approved with the following requirements related to the future development of the Property pertaining to the water serving the Property:

- A.     All water associated with the Property, including all underlying Denver Basin groundwater, shall be conveyed to the Town within thirty (30) days of the effective date of this approval pursuant to that Annexation Agreement dated January 22, 2019, by and between BK2, LLC, New Point Properties, LLC, MF Investment Partners, LL and the Town, recorded in the records of the Elbert County Clerk and Records Office on March 11, 2019, at Reception No. 584214;
- B.     The Town accepts the unadjudicated groundwater underlying the 119.5 acre MF Investment Partners LLC parcel within the Property (the "MFI Parcel"), and the Property Owner and the Developer, jointly and severally, shall reimburse the Town for the cost of adjudication of said unadjudicated groundwater pursuant to Section 13-4-50(c) of the Town of Elizabeth Municipal Code; provided however, the Town agrees that the Developer shall be responsible for adjudicating the groundwater as Applicant and shall name the Town as a co-applicant in the water court proceeding; and

- C. The Property may be subdivided based on 130.5 acre feet per year of Denver Basin groundwater (300-year supply), with any deviation as determined at the time of subdivision to be subject to an increase on cash-in-lieu payment; and the Property shall not be further subdivided or otherwise obtain any land use entitlements in excess of the amount in this subparagraph until entry of a final unappealable decree adjudicating the groundwater underlying the MFI Parcel, with any subdivision approval to be based on the actual adjudicated amount of groundwater pursuant to the final decree.

Section 5. Severability. If any section, paragraph clause, or provision of this Ordinance shall for any reason be held to be invalid or unenforceable, the invalidity or enforceability of such section, paragraph, clause, or provision shall not affect any of the remaining provisions of this Ordinance, the intent being that the same are severable.

Section 6. The Board of Trustees hereby finds, determines, and declares that this Ordinance is promulgated under the general police power of the Town, that it is promulgated for the health, safety, and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The Board of Trustees further determines that the Ordinance bears a rational relation to the proper legislative object sought to be attained.

Section 7. This Ordinance shall become effective thirty (30) days after publication.

Read and approved at a meeting of the Board of Trustees of the Town of Elizabeth, Colorado, this \_\_\_\_ day of \_\_\_\_\_, 2022.

Passed by a vote of \_\_\_\_\_ for and \_\_\_\_\_ against and ordered published.

\_\_\_\_\_  
Megan Vasquez, Mayor

ATTEST

\_\_\_\_\_  
Michelle M. Oeser, Town Clerk

**ALTA COMMITMENT FOR TITLE INSURANCE**  
**EXHIBIT "A"**  
**LEGAL DESCRIPTION**

ISSUED BY  
STEWART TITLE GUARANTY COMPANY

**File No.:** 1812446

Parcel I:

E1/2 NW1/4, NW1/4 NE1/4 of Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado,

EXCEPT the parcels deeded to the Elbert County Board of County Commissioners in Book 182 at Page 159 and Book 209 at Page 140 and that parcel deeded to the State Highway Department in Book 320 at Page 291, County of Elbert, State of Colorado.

EXCEPT that portion conveyed to The Town of Elizabeth in Special Warranty Deed recorded May 12, 2021 at Reception No. 608125.

Parcel II:

A parcel of land located in the Northeast and Southeast Quarter of Section 15, and the Southwest and Northwest Quarter of Section 14, Township 8 South, Range 65 West of the Sixth Principal Meridian, County of Elbert, State of Colorado, more particularly described as follows:

The basis of bearing of this description is an assumed bearing of North 00° 14' 48" West a distance of 2664.96 feet from a 2" aluminum cap on a number 6 rebar stamped "1999-LS 30830" at the East Quarter corner of said Section 15 to a 2" aluminum cap on a number 6 rebar stamped "1999-LS 30830" at the Northeast corner of said Section 15. Commencing at the North Quarter corner of said Section 15; thence South 00° 24' 05" East along the West line of the Northeast Quarter of said Section 15 a distance of 40.09 feet to a point on the South right of way of Colorado State Highway No. 86; thence along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

1) thence South 89° 56' 30" East a distance of 0.38 feet;  
2) thence South 83° 32' 47" East a distance of 70.12 feet to the point of beginning;  
thence continuing along the South right of way of Colorado State Highway No. 86 the following two (2) courses;  
1) thence South 83° 32' 47" East a distance of 16.52 feet;  
2) thence South 89° 56' 50" East a distance of 739.98 feet to the Northwest corner of a parcel of land described at Book 282, Page 326 filed in the Elbert County Clerk and Recorder's Office;  
thence South 00° 09' 34" East along the West boundary of the lands described at said Book 282, Page 326 a distance of 861.70 feet to the Southwest corner of the lands described at said Book 282, Page 326; said corner also being the Northwest corner of a parcel of land described at Reception No. 476359 filed in the Elbert County Clerk and Recorder's Office; thence along the West, South and East boundary lines of the lands described at said Reception No. 476359 the following three (3) courses;  
1) thence South 00° 09' 34" East a distance of 430.50 feet;  
2) thence North 89° 50' 26" East a distance of 505.93 feet;  
3) thence North 00° 09' 38" West 390.28 feet to the Southwest corner of the lands described at Book 458 Page 364 as filed in the Elbert county Clerk and Recorder's office;  
thence along the South, and East boundary of the lands described at said Book 458 Page 364 the following three (3) courses;  
1) thence South 89° 56' 50" East a distance of 1626.51 feet;  
2) thence North 05° 25' 23" East a distance of 603.03 feet;  
3) thence North 24° 48' 41" East a distance of 333.29 feet to a point on the South right of way of Colorado State Highway No. 86;

## Elizabeth West Development

---

Town of Elizabeth, Colorado

### PROJECT INTRODUCTION

The Elizabeth West planned development seeks to establish a community consistent with the Town of Elizabeth's Master Plan policies. The plan provides a mix of land uses, generally decreasing in intensity away from Highway 86, interspersed with open space and pedestrian corridors. In line with the Town of Elizabeth Comprehensive Plan, the parks and open space system connects the community with the Town of Elizabeth and preserves natural features, such as ephemeral drainage and existing ponds. Complementary uses such as commercial/retail/office/mixed-use are provided along State Highway 86.

### PROJECT SITE BACKGROUND

The Elizabeth West Development Plan and Guide provides land use regulations and standards for the design and development of a community comprising approximately 425 acres. The community is generally situated south of Highway 86 and immediately east of Legacy Ridge St.

### ZONING

The Elizabeth West site is currently zoned Agriculture (A-1) in the Town of Elizabeth.

PUD zoning shall be used to define parcels and their associated uses. Allowable densities are defined for each parcel within the land use chart provided in the PUD Guide. There are no minimum unit requirements for any given parcel. In no event shall the maximum unit count of 623 units be exceeded at Elizabeth West without an amendment of the PUD and supporting documentation.

## **DEVELOPMENT SCHEDULE AND PHASING PLAN**

Development is generally expected to occur in three phases beginning with the northeastern-most portion of the site and proceeding towards the southwest. Build out of the Elizabeth West community is projected to take between 7 and 10 years.

Please see preliminary phasing schedule below.

## **TOWN OF ELIZABETH MASTER PLAN**

Proposed land uses are consistent with the intent of the Town of Elizabeth's Master Plan. Composed of mostly residential uses interspersed with open space and park uses, the development plan generally depicts a decrease in the intensity of development as the distance from Highway 86 increases, a more detailed analysis is included in this narrative.

## PROPOSED WATER AND SEWER SERVICE

Elizabeth West PUD is proposing to connect into and extend the existing Town of Elizabeth water and sewer infrastructure to serve the site.

At this time, we anticipate main lines to be extended west along Highway 86 into the site. We have computed preliminary main line sizes to get an understanding of the scope that will be required. Further modeling is necessary to determine line sizes and exact locations to serve the development. At this time we anticipate a 15" main sewer will be necessary to serve the development at the downstream end, with a minimum of 8" mains at the lots.

Water mains will be primarily 8" with loops of 12" and 15" serving the 8". It may be necessary for the Town to provide additional storage for domestic water on this site. Once the models are produced and further design is considered the required infrastructure can be determined.

See below for preliminary calculations.

### ELIZABETH WEST - Preliminary Sanitary Sewer Main Calculations

Date: May 16, 2022

#### Sanitary Sewer Flow Calculations

Input Summary:	Persons:	2.7
	GPCD:	90 Section 500, Elbert County Construction Standards
	Peak Factor Method:	2.5 - 5 PF = 3.8/(ADF) ^0.17

#### Full Buildout Peak Day Flow Calculation

Use	Units	Persons	GPCD	Average Flow (GPD)	Average Flow (MGD)	Average Flow (CFS)	Peak Factor	Peak Flow (GPD)	Peak Flow (CFS)
Residential	623	2.7	90	151,389	0.15	0.234	4.47	676,709	1.047
Commercial	39	acres	1,000	39,200	0.039	0.061	4.47	175,224	0.271
Total				190,589	0.191	0.295	4.47	851,933	1.318

#### Pipe Sizing Input Values

Pipe Diameter (in)	Roughness Coefficient	Slope (ft/ft)
12	0.012	0.0025

#### Civil 3D Express Results

Depth of Flow in Pipe:	0.61 feet
	7.32 inches

#### Partially Full Pipe Flow Calculation

Pipe % full:	61.0 %
--------------	--------

#### Manning's for Full or Half Full Flow, Calculate Required Diameter

$$d = 1.33 (n * Q / s^{.5})^{.3/8} \quad 28-4 \text{ CERM}$$

$$d = 0.864 \text{ feet}$$

$$10.4 \text{ inches}$$

Summary : At peak flow a 12" pipe at minimum slope can carry the sewer from the site. Suggest 12" pipe or larger to allow for further development.

## ELIZABETH WEST - Preliminary Domestic Water Main Calculations

Date: May 16, 2022

### Water Demand Flow Calculations

Input Summary:	Persons:	2.7
	GPCD:	145 Section 400, Elbert County Construction Standards
	Peak Factor Method:	6

#### Full Buildout Peak Day Flow Calculation

Use	Units	Persons	GPCD	Average Flow (GPD)	Average Flow (MGD)	Average Flow (CFS)	Average Flow (GPM)	Peak Factor	Peak Flow (GPD)	Peak Flow (CFS)	Peak Flow (GPM)
Residential	623	2.7	145	243,905	0.24	0.377	169	6.00	1,463,427	2.264	1,016
Commercial	39	acres	1,651	64,389	0.064	0.100	45	6.00	386,334	0.598	268
Total				308,294	0.308	0.377	214	6.00	1,849,761	2.862	1,285

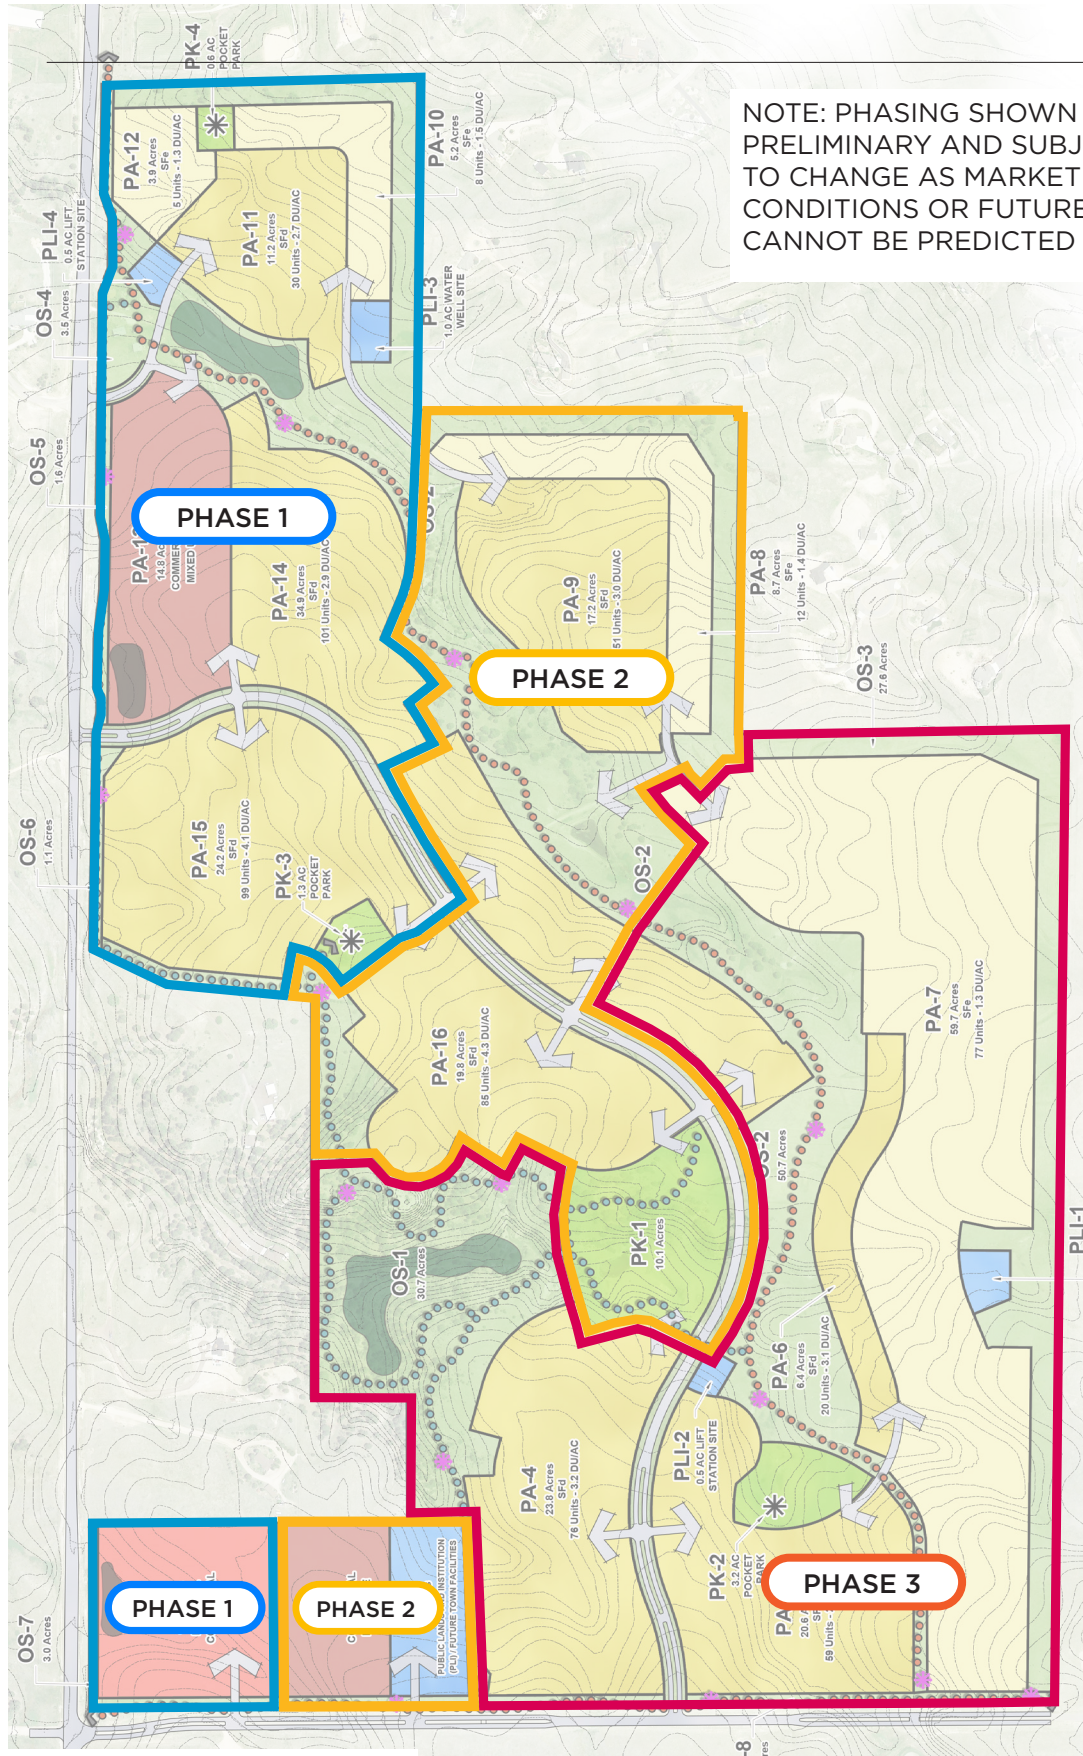

#### FIRE FLOW (PROJECTED)

Use	Construction Type	Sprinklers	Req. Flow (gpm)	Duration (hr)	Max Area (sf)
Residential	V	No	1,500	2	3,600
Commercial	V	Yes	2,150	4	25,000

\* 50% reduction in fire flow allowed with sprinklers

#### Summary:

The system will need to be capable of a minimum of 1,285 gpm peak flow plus a 2,150 gpm fire flow. These flows will need to be modeled to determine pipe size within the system. At this time it is estimated that 8" mains will serve a majority of the residential areas within the site with 12" and 15" looped waterlines providing the majority of the supply.

ESTIMATED CONSTRUCTION SCHEDULE:  
 PHASE 1: 2023-24  
 PHASE 2: 2027-28  
 PHASE 3: 2030-31

## COMPREHENSIVE PLAN COMPLIANCE

The Town of Elizabeth Comprehensive Plan generally depicts the Elizabeth West property as a combination of Open Space along the southern boundary, moving north is a band of Estate Residential, continuing north the majority of the property is identified as Low Density Residential, and generally along the Highway 86 frontage is depicted as Retail/Commercial.

The proposed plan for Elizabeth West generally follows this land use pattern, as more detailed plans have been prepared additional areas of Open Space have been identified, generally following the natural topography of the site, and an area of the property that includes some significant tree cover. Additionally, the eastern portion of the Retail/Commercial depicted in the Comprehensive Plan has been analyzed for marketability and has been sized to best fit the market potential.

### Low Density Residential

**“Low Density Residential” identifies locations where lower density residential development, typical of post-war suburban communities around Colorado, would logically locate.** As depicted on the future land use plan, these areas are focused in particular along Highway 86 to the west of Elizabeth and near Highway 86 and County Road 21, to the east of Town. This land use category assumes a general range for residential densities of 2 to 4 dwelling units per acre (on a gross basis). Within Low Density Residential, the Town also encourages the use of “clustered development” techniques that would preserve larger areas of trees or other key open space and environmental assets as open space, and cluster homes in other areas of a development.

### Estate Residential

**The future land use plan assumes that some areas within the Town limits of Elizabeth would develop in a much lower residential orientation, ranging from one home on a half acre parcel to one home on a two acre parcel.** This general density range would be similar to many of the existing residential subdivisions that have been developed on the edges of Elizabeth, within Elbert County, over the last few decades.

## COMPREHENSIVE PLAN COMPLIANCE

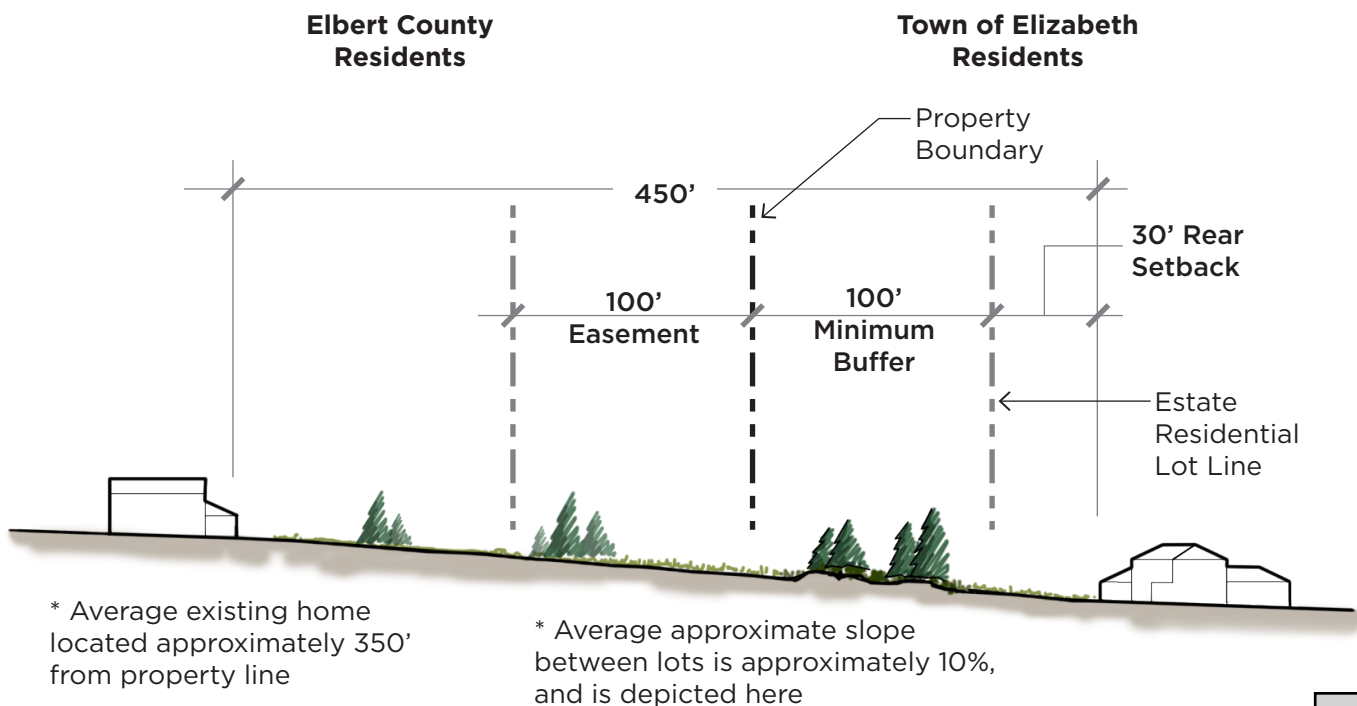

### Parks & Open Space

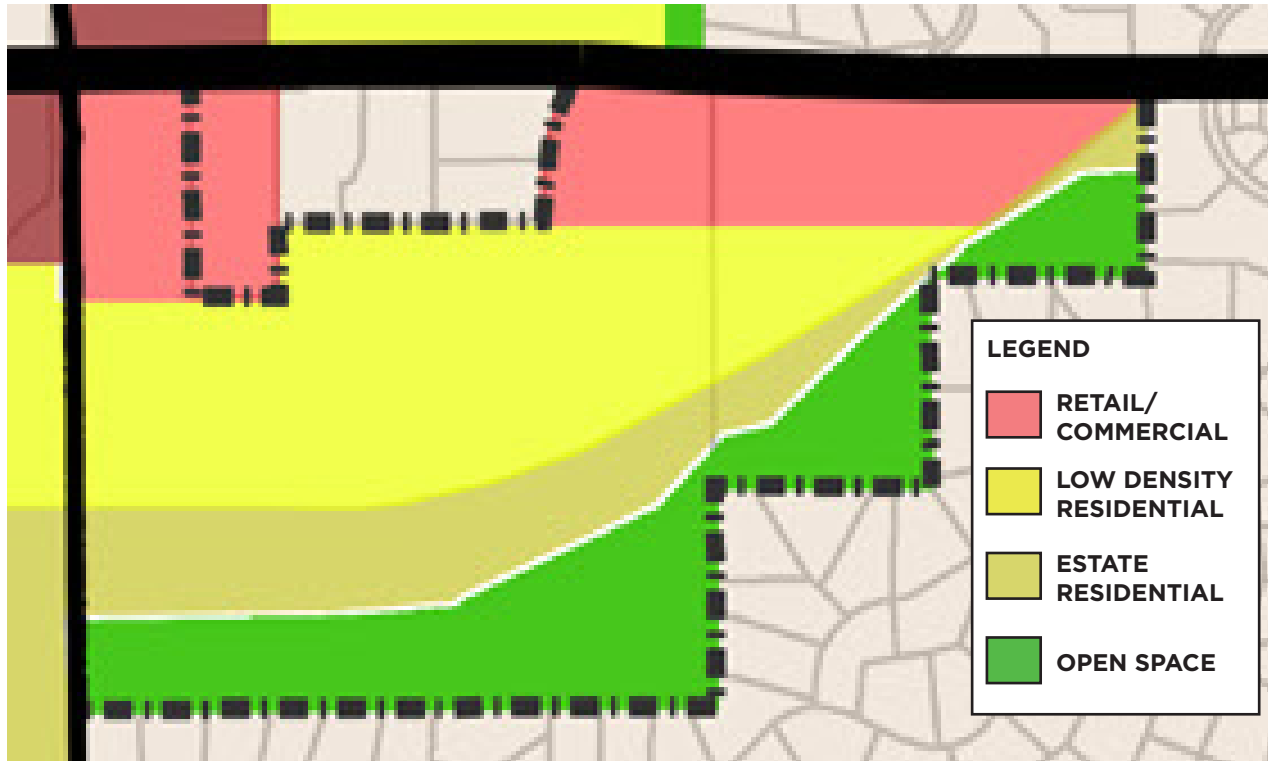

The Comprehensive Plan served as a framework for developing the parks and open spaces at Elizabeth West. Open spaces and trail corridors are integrated throughout the community and provide safe and direct pedestrian access to parks and other parts of the community. The proposed primary Trail Corridor matches the alignment shown in the Comprehensive Plan and also coincides with the existing drainage on the site.

Much of the open space planning considered the preservation of natural resources to be a high priority. As outlined in the Comprehensive Plan (Section 6, Policy 3.3), care was taken to preserve as much of the existing site trees and natural drainage patterns as possible. While the Comprehensive Plan identifies a large swath of open space along the southern property line, this designation ignores the natural drainage and existing stands of evergreens. The proposed development plan is completely in line with the stated goals and principles of the Comprehensive plan:

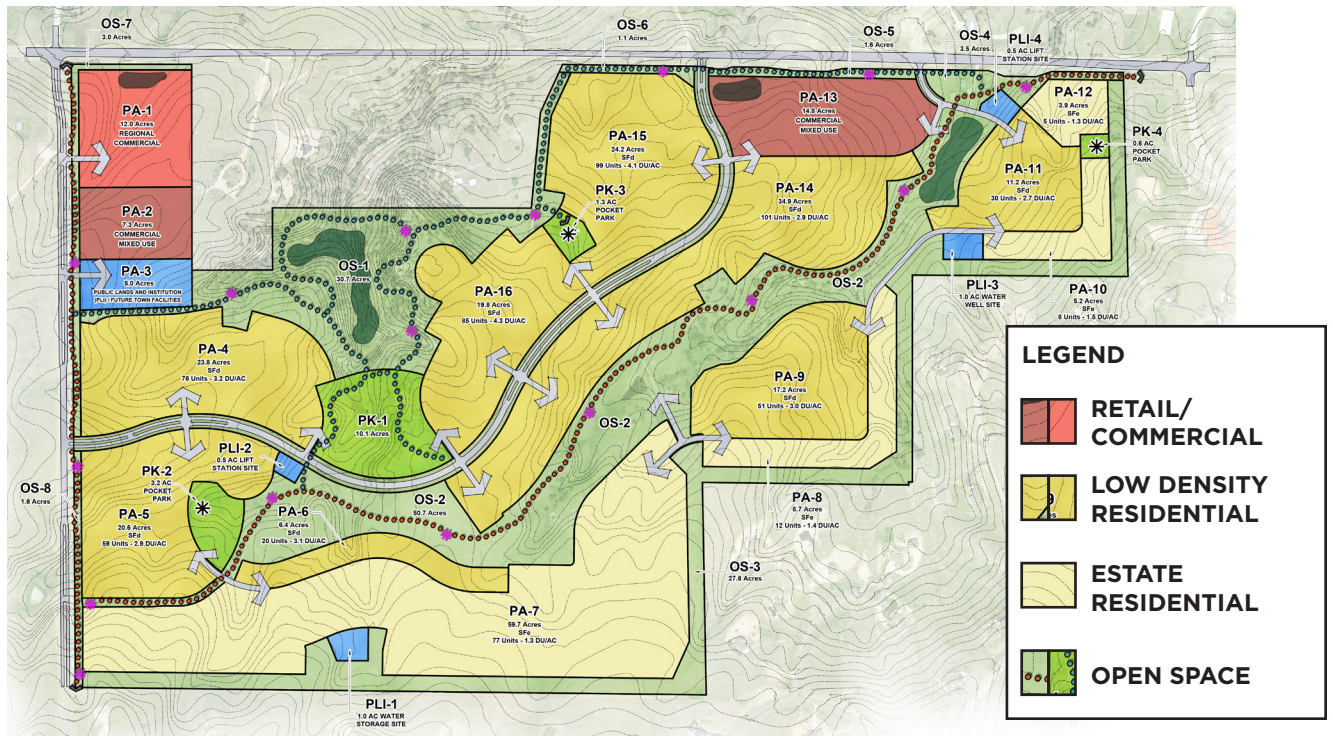

1. Creates a well-connected community by providing safe and direct pedestrian access to parks and other parts of the community.
2. Provides a High-Quality System of Parks, Open Space, Trails and Recreation Facilities by committing to develop a 5+ Acre Neighborhood Park and Recreation Facility and creating an open space network of over 100 acres, more than 25% of the site.
3. Nurture a Healthy Natural Resource Environment by preserving existing stands of trees and maintaining existing drainage patterns.
4. Leverage parks, recreation, and open space to make Elizabeth a desirable place by integrating an abundance of parks and open space into the Elizabeth West community

The proposed plan also incorporates a 100' wide tract along the southern property line with anticipated berming and vegetation to provide a physical buffer from the existing adjacent homes. Estate Residential planning areas, with minimum half-acre lots, are proposed along the full length of this buffer which is in line with what is shown on the Future Land Use Map.

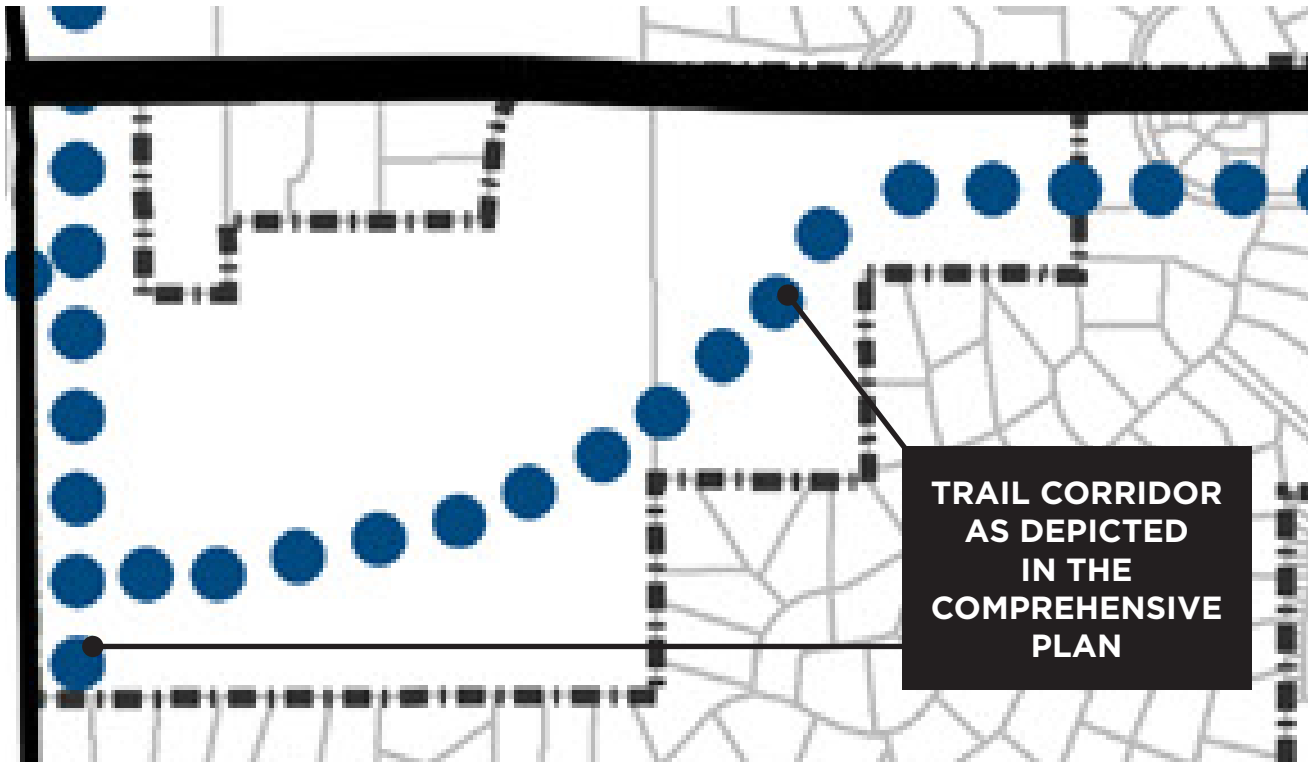

The comprehensive plan supports approximately 132 ER dwelling units at 2 DU/AC and 668 LR dwelling units at 4 DU/AC, for a total of 800 units. The comprehensive plan seems to depict about 105 acres of Open Space.

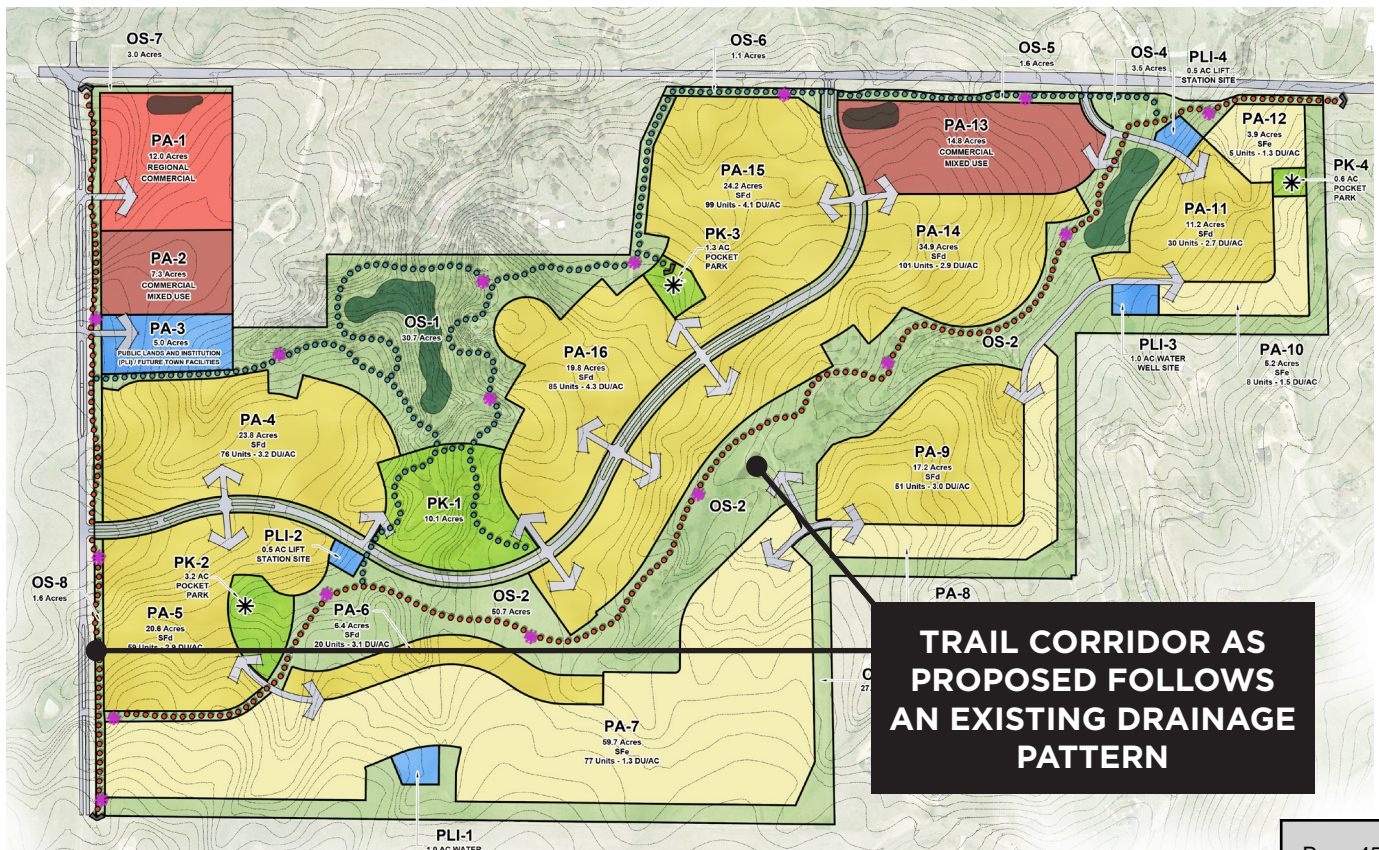

The proposed PUD has converted Retail Commercial zoning to Residential - in line with the Fiscal Impact Study submitted with this PUD. The maximum number of units proposed in the PUD is 623, far less than what the comprehensive plan would support. Additionally, the PUD proposes 134.8 acres of active and passive Open Space.

**TRAIL CORRIDOR  
AS DEPICTED  
IN THE  
COMPREHENSIVE  
PLAN**

### **TOWN OF ELIZABETH 2040 TRANSPORTATION PLAN**

Included in the submittal is a Traffic Study prepared by LSC Consultants, our team has reviewed the Town of Elizabeth 2040 Transportation Plan and we believe we are in compliance with the plan. We look forward to working with the Town as we move through the review process to confirm that our plan is in compliance with the 2040 Transportation Plan.

### **TOWN OF ELIZABETH WATER AND SEWER SYSTEM MASTER PLAN**

Included in the submittal is the required Water Adequacy Study. We will work with the Town through the review process to ensure compliance with the Water and Sewer Master Plan. Additionally, as required in the Annexation agreement, all areas for Water Storage, Future Well Sites, and Future Lift Stations are identified in the PUD Plan.

## **I. GENERAL PROVISIONS**

### **A. Application**

The provisions of this PUD shall prevail and govern the development of Elizabeth West provided; however, where the provisions of the PUD do not address a specific subject, the provisions of the Town of Elizabeth Zoning Ordinance or any other applicable ordinances, resolutions or regulations of the Town of Elizabeth shall prevail. In case of dispute or ambiguity, the Community Development Director shall interpret the PUD Guide and render a decision.

The standards outlined in the Development Guide shall apply to all property contained within the “ELIZABETH WEST PLAN AND GUIDE” (the “Development Plan”). The terms “DEVELOPMENT PLAN” and “MASTER PLAN” may be used interchangeably.

This Development Guide is only one of several documents that will help guide the Elizabeth West Planned Development. The Development Guide and the Development Plan are the planning documents for this development.

### **B. Density Standards**

The Dwelling Unit Density permitted in any residential Planning Area is an Average Density that shall apply to the entire residential Planning Area and shall not be specifically applicable to any portion thereof. The Average Density of any residential Planning Area shall be computed by dividing the total number of Dwelling Units in the residential Planning Area by the gross acres in the residential Planning Area. Please refer to Land Use Chart in Section III - Development Standards for individual Planning Area densities.

### **C. Administrative Amendments**

Any increase of dwelling units within a Planning Area by more than 10% must be processed as a PUD Amendment under Section 16-1-240 of the Elizabeth Municipal Code.

### **D. Planning Area Boundaries**

Wherever a Planning Area abuts a street as shown on the “ELIZABETH WEST DEVELOPMENT PLAN”, the Planning Area boundary is the edge of the abutting right-of-way of such. Wherever a Planning Area does not so abut a street, the Planning Area boundary shall be as shown on the “ELIZABETH WEST DEVELOPMENT PLAN”. Modifications in Planning Area boundaries and streets may be accomplished by final road alignments or engineering refinements shown on a Site Plan or Plat, without any amendment to the “ELIZABETH WEST DEVELOPMENT PLAN” provided the Planning Area does not increase or decrease by more than ten percent (10%) in size.

## **E. Design Review Standards & Guidelines**

All development shall comply with the Town of Elizabeth Design Review Standards and Guidelines, dated January 2011.

## **F. Homeowner Associations**

Homeowner Associations composed of property owners in residential areas may be created for the following purposes: a) to provide for the continued development, improvement and maintenance of properties and facilities which it owns or administers, and b) to protect the investment, enhance the value, and control the use of property owned by its members.

Homeowner's Associations or special districts may be created in residential areas where common lands or facilities are to be owned and maintained by the Homeowner's Association or special district.

## **G. Utilities**

All utilities shall be placed underground. Utility meters not sited underground shall be enclosed in a meter housing affixed to the exterior or side of structures. Above ground utility connections are not permitted on the front facade of homes. These standards may be superseded by the Utility provider.

# **II. DEFINITIONS**

**A. Purposes:** It is the purpose of this Article to define words, terms and phrases contained within this PUD Development Guide. See the Town of Elizabeth Land Development Code for other definitions not provided herein.

**B. Word Usage:** In the interpretation of this Guide, the provisions and rules of this section shall be observed and applied, except when the context requires otherwise.

1. The particular controls the general.
2. In the case of any difference of meaning or implication between the text of this Guide and any caption or table, the text shall control.
3. Words used or defined in one tense or form shall include other tenses and derivative forms.
4. Words in the singular number shall include the plural number and words in the plural number shall include the singular number.
5. The masculine gender shall include the feminine and the feminine gender shall include the masculine.
6. The word "shall" is mandatory.
7. The word "may" is permissive.

## **C. Definitions:**

1. **Accessory Buildings.** Detached subordinate building(s) or Structure(s), the use of which is customarily incidental to that of the Principal Building or to the main use of the land and which is located on the same lot with the Main Building or use.
2. **Board of Trustees.** The Board of Trustees of the Town of Elizabeth.
3. **Building, Principal or Main.** A building or buildings which may contain one or more Dwelling Unit(s) or in which is conducted one or more of the permitted Principal Uses of the Lot or project in which it is situated and including areas such as garages which are attached to or architecturally integrated with the principal building.
4. **Building Front.** That exterior wall of a Building which faces a Front Lot Line of a Lot.
5. **Building Side.** That exterior wall of a Building which faces a Side Lot Line of a Lot.

6. **Building Rear.** That exterior wall of a Building which faces a Rear Lot Line of a Lot.
7. **Community Information Center and Kiosks.** Structures related to community informational signage and wayfinding; may include mailbox clusters.
8. **Density, Gross or Average.** A ratio of number of Dwelling Units per acre calculated by dividing the total number of Dwelling Units in the residential Planning Area by the gross acres in the residential Planning Area.
9. **Dwelling Unit. Single-Family Detached.** A type of Dwelling Unit having no roof, wall or floor in common with any other Dwelling Unit.
10. **Garage, Parallel.** A garage, attached or detached, which is oriented so that the axis which corresponds with the garage opening is substantially parallel to the adjacent street from which the Lot derives access.
11. **Garage, Side-Load.** A garage, attached or detached, which is oriented so that the axis which corresponds with the garage opening is substantially perpendicular to the adjacent street from which the Lot derives access.
12. **Land Use Category.** A set of permitted land use types which are aggregated to form a land use classification similar in nature to zoning districts. Each Land Use Category is identified on the Land Use Chart in this PUD Development Guide.
13. **Planning Areas.** Areas of land delineated on the PUD Zoning Document identified with a phrase or symbol which designates a specific set of permitted land use types according to the Land Use Categories provided in this PUD Development Guide. Planning Area boundaries are as depicted on the PUD Zoning Document.
14. **Setback.** The distance between the building to property line.
15. **Structure.** Anything constructed or erected, which requires permanent location on the ground or is attached to something having a permanent location on the ground, but not including fences or walls less than six (6) feet, poles, lines, cables, or other transmission or distribution facilities or public utilities.

### III. DEVELOPMENT STANDARDS

#### A. Residential (SFe)

##### 1. Intent

Provide for Estate Residential Development allowing for a variety of Single-Family Detached Dwelling Units and Accessory Uses at no more than 2 Dwelling Units per acre.

##### 2. Uses Permitted by Right

- a. Single-Family Detached Dwelling Units.
- b. A temporary sales and marketing center function developed to showcase a variety of builders and housing types within a limited area.
- c. Temporary model home and construction trailer sales office.
- d. Community information center and kiosks.
- e. Accessory Uses.
- f. Open Space.
- g. Public or Private recreational and park uses, recreational facilities, including but not limited to: tennis courts, swimming pools and jogging, riding, hiking and biking trails.
- h. Any other uses consistent with the purposes of this Section and compatible with the uses set forth herein, as permitted by the Town of Elizabeth's code.

##### 3. Uses Permitted by Special Review

- a. Buildings, garages and utility stations related to emergency services, such as ambulance, fire, police and rescue.
- b. Neighborhood public service, health and education facilities, such as community centers.

#### 4. Development Standards

- a. **Average Density.** The Maximum Density shall be up to two (2) Dwelling Units per acre for each SFe Planning Area, specific densities are specified in the Land Use Chart in Section III - Land Use Regulations of this Development Guide and shown on the Development Plan.
- b. **Maximum Number of Dwelling Units.** The maximum number of Dwelling Units permitted within each SFe residential Planning Area are specified in Land Use Chart in Section III - Land Use Regulations of this Development Guide and shown on the Development Plan.
- c. **Building Setback and Minimum Lot Width:**
- |                             |  |
|-----------------------------|--|
| Single-Family Detached Unit |  |
| Minimum Lot Width           | 125 feet, measured at the front setback  |
| Building Front              | 25 feet (Principal Building)<br>25 feet (Side-load garage)<br>30 feet (Garage opening facing the street) |
| Building Sides              | 20 feet from local street<br>15 feet from internal property line   |
| Building Rear               | 30 feet from rear property line  |
| Accessory Buildings         |  |
| Front                       | Must be a minimum of 10' behind the forward most plane of the Principal Building                         |
| Sides                       | 20 feet from local street<br>15 feet from internal property line   |
| Rear                        | 30 feet from rear property line  |
- d. **Setback from Highway 86 and Major Collectors:** Lots shall be setback a minimum of one hundred (100) feet from the centerline of the above streets.
- e. **Driveway Access:** Driveways, unless shared, should not be closer than five (5) feet to an adjoining lot.
- f. **Building Separation.** The minimum building separation shall be the greater of:
- Thirty (30) feet for Single-Family Detached Dwelling Units and twenty (20) feet for other buildings located within SFe Land Use Planning Areas on a separate lot or tract not utilized for residential use such as a pocket park or similar, or
  - Shall be governed by the applicable building code.
- g. **Building Height.** No residential Buildings within SFe Planning Areas shall exceed thirty-five (35) feet in height, or two (2) stories, except by special review, accessory uses have a maximum height of twenty (20) feet.
- h. **Minimum Lot Sizes.** The minimum lot sizes in SFe residential Planning Areas shall be twenty-one thousand seven hundred eighty (21,780) square feet, or 1/2 acre.
- i. **Encroachments**
- Side and rear setbacks shall allow for encroachments up to 3 feet beyond the building foundation for below grade window wells.
  - Refer to Town of Elizabeth Land Use Code for all other encroachment allowances.
- j. **Lot Coverage** For SFe units, the maximum lot coverage of the primary unit shall be 40 percent, not including accessory buildings. The maximum lot coverage of all structures shall be 50 percent.

- k. **Minimum vegetative area** For SFe units, 30% minimum vegetative area.
- l. **Compliance with Land Use and Development Code** Elizabeth West will comply with Sec. 16-1-40 (f, 2,4,11,13,14), and (g, 12,14,15,17) of the Town of Elizabeth Land Use and Development Code, the provisions are listed below for simplicity.
- (f) The following general provisions shall apply:
- (2) Total lot coverage of accessory buildings shall not exceed twenty-five percent (25%) of the total square footage of the lot, and the total square footage of any single accessory building may not exceed the total square footage of the dwelling unit's footprint.
  - (4) Fences, hedges and walls. Fences, hedges and walls shall be permitted in all districts and do not have to comply with the minimum setbacks of the zoning district in which they are located if the following regulations are complied with:
    - a. Fences, hedges and walls shall not exceed thirty (30) inches in height in corner lots consistent with Section 16-1-200 of this Article.
    - b. Fences, hedges and walls in residential areas shall not exceed six (6) feet in height and shall not exceed four (4) feet in height when located in required front yards.
  - (11) The front building facade and main entrance to all residential buildings shall be oriented toward a public street.
  - (13) Roofs shall have a minimum pitch of 6:12 (six [6] units rise to twelve [12] units run), and gable style roofing shall be utilized.
    - a. Shallow-pitch gable roofs, mansard, flat, A-frame and other irregular roof forms are prohibited unless integral to a generally recognized architectural style.
  - (14) Variation:
    - a. Single-family dwellings shall vary by providing a range of compatible styles within neighborhoods and among neighborhoods throughout the community by utilizing differing elevations; sizes and footprints; number of stories; entry treatments; roof configurations; window design; use of color; and other features to achieve variety.
    - b. Single-family homes using identical or near-identical elevation separated by a minimum of three (3) single-family homes with different elevations and details. Identical or near-identical elevations shall not be located directly or diagonally across the street from one another.
- (g) The following additional dimensional requirements are applicable:
- (12) All dwellings and structures shall be constructed in accordance with all applicable Town regulations and the International Building Code, as adopted by the Town.
  - (14) For all single-family detached dwellings, the following lot variations apply:
    - a. Not more than three (3) adjacent newly platted lots shall have the same width.
    - b. Required variations in lot width shall be not less than five (5) feet.
    - c. Required variations in front yard setbacks shall be in distances of not less than five (5) feet.
    - d. Not more than sixty percent (60%) of front yard setbacks on the same side of a street within a block shall be the same. A minimum difference of eighteen (18) inches is required.
  - (15) Front-loaded garages:
    - a. Must be recessed a minimum of five (5) feet back from the main front building facade.
    - b. Are limited to not more than one (1) double-wide door and one (1) single-wide door or three (3) single-wide doors.
  - (17) Building location on a lot, including subtle variations in front yard and side yard setbacks, shall be utilized to reduce the building mass and bulk for single-family

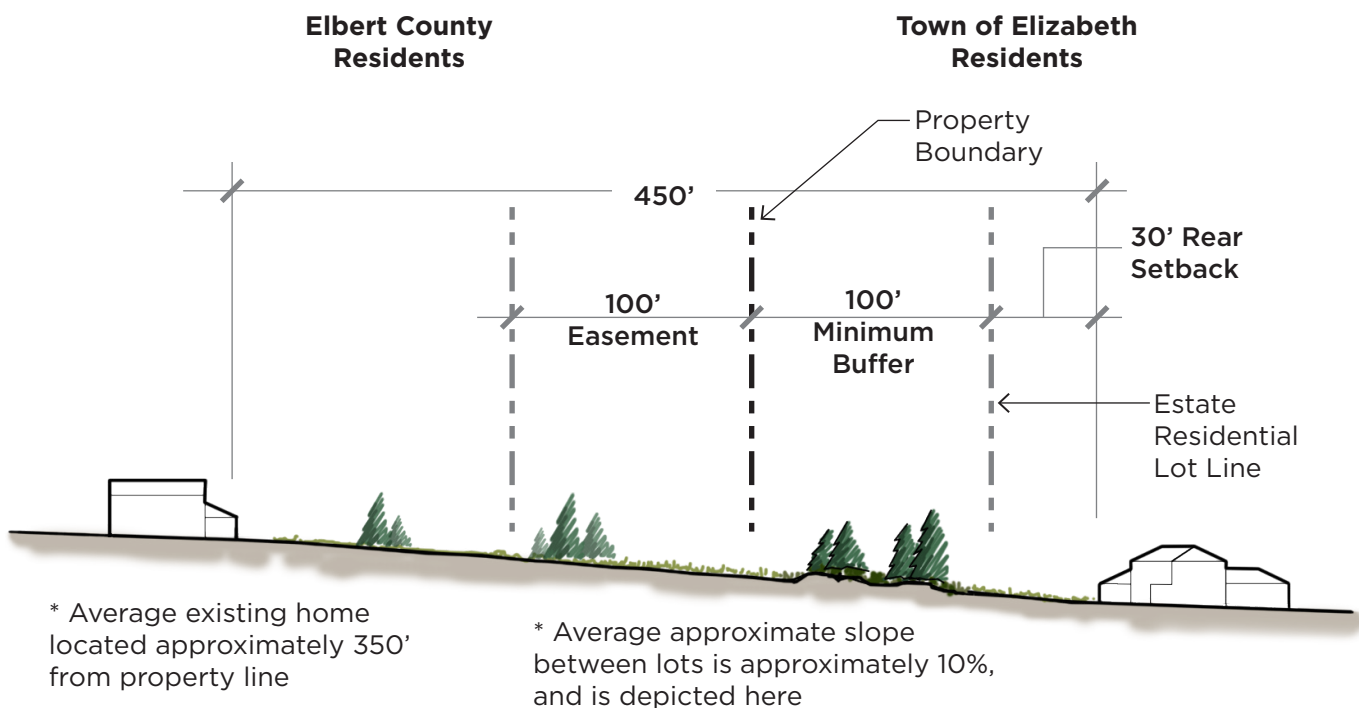

buildings, especially in larger development projects.

m. **Buffer Area OS-3 Landscape Standards**

Buffer Landscaping: At the preliminary plat stage a preliminary grading plan will be developed to determine the best location for berming during the construction stage of the project. Landscaping will be provided in the amounts listed below.

- i. Amount: Buffer plantings located within the 100' buffer shall contain a minimum of one tree and five shrubs for every 25 linear feet of the width of the proposed house and any accessory building (75% of the trees provided shall be evergreen).
- ii. Location: Plantings shall be arranged in a natural/meandering pattern and not in a rigid straight line.

n. Lot Typical

## B. Residential (SFd)

### 1. Intent

Provide for Residential Development allowing for a variety of Single-Family Detached Dwelling Units and Accessory Uses at no more than 4.5 Dwelling Units per acre.

### 2. Uses Permitted by Right

- Single-Family Detached Dwelling Units.
- A temporary sales and marketing center function developed to showcase a variety of builders and housing types within a limited area.
- Temporary model home and construction trailer sales office.
- Community information center and kiosks.
- Accessory Uses.
- Open Space.
- Public or Private recreational and park uses, recreational facilities, including but not limited to: tennis courts, swimming pools and jogging, riding, hiking and biking trails.
- Any other uses consistent with the purposes of this Section and compatible with the uses set forth herein, as permitted by the Town of Elizabeth's code.

### 3. Uses Permitted by Special Review

- a. Buildings, garages and utility stations related to emergency services, such as ambulance, fire, police and rescue.
- b. Neighborhood public service, health and education facilities, such as community centers.
- c. Child Care Centers.

### 4. Development Standards

- a. **Average Density.** The Maximum Density shall be up to four and five-tenths (4.5) Dwelling Units per acre for each SFd Planning Area, specific densities are specified in the Land Use Chart in Section III - Land Use Regulations of this Development Guide and shown on the Development Plan.
- b. **Maximum Number of Dwelling Units.** The maximum number of Dwelling Units permitted within each SFd residential Planning Area are specified in Land Use Chart in Section III - Land Use Regulations of this Development Guide and shown on the Development Plan.

- c. **Building Setback:**

Single-Family Detached Unit

Minimum Lot Width  
Building Front

45 feet, measured at the front setback

20 feet (Principal Building)

15 feet (Side-load garage)

20 feet (Garage opening facing the street)

Building Sides

10 feet from local street

5 feet from internal property line

20 feet (Side-load garage)

15 feet from rear property line

Building Rear

Accessory Buildings

Front

Must be behind the Principal Building

Sides

20 feet from local street

5 feet from internal property line

Rear

10 feet from rear property line

- d. **Setback from Highway 86 and Major Collectors:** Lots shall be setback a minimum of one hundred (100) feet from the centerline of the above streets.
- e. **Driveway Access:** Driveways, unless shared, should not be closer than five (5) feet to an adjoining lot
- f. **Building Separation.** The minimum building separation shall be the greater of:
  - i. Ten (10) feet for Single-Family Detached Dwelling Units, or
  - ii. Shall be governed by the applicable building code.
- g. **Building Height.** No residential Buildings within SFd Planning Areas shall exceed thirty-five (35) feet in height, or two (2) stories, except by special review, accessory uses have a maximum height of twenty (20) feet.
- h. **Minimum Lot Sizes.** The minimum lot sizes in SFd residential Planning Areas shall be forty-five hundred (4,500) square feet.
- i. **Encroachments**
  - i. Side and rear setbacks shall allow for encroachments up to 3 feet beyond the building foundation for below grade window wells.

- ii. Refer to Town of Elizabeth Land Use Code for all other encroachment allowances
- j. **Lot Coverage** For SFd units, the maximum lot coverage of the primary unit shall be 60 percent, not including not including accessory buildings. The maximum lot coverage of all structures shall be 70 percent.
- k. **Minimum vegetative area** For SFd units, 20% minimum vegetative area.
- l. **Compliance with Land Use and Development Code** Elizabeth West will comply with Sec. 16-1-40 (f, 2,4,11,13,14), and (g, 12,14,15,17) of the Town of Elizabeth Land Use and Development Code, the provisions are listed below for simplicity.
  - (f) The following general provisions shall apply:
    - (2) Total lot coverage of accessory buildings shall not exceed twenty-five percent (25%) of the total square footage of the lot, and the total square footage of any single accessory building may not exceed the total square footage of the dwelling unit's footprint.
    - (4) Fences, hedges and walls. Fences, hedges and walls shall be permitted in all districts and do not have to comply with the minimum setbacks of the zoning district in which they are located if the following regulations are complied with:
      - a. Fences, hedges and walls shall not exceed thirty (30) inches in height in corner lots consistent with Section 16-1-200 of this Article.
      - b. Fences, hedges and walls in residential areas shall not exceed six (6) feet in height and shall not exceed four (4) feet in height when located in required front yards.
    - (11) The front building facade and main entrance to all residential buildings shall be oriented toward a public street.
    - (13) Roofs shall have a minimum pitch of 6:12 (six [6] units rise to twelve [12] units run), and gable style roofing shall be utilized.
      - a. Shallow-pitch gable roofs, mansard, flat, A-frame and other irregular roof forms are prohibited unless integral to a generally recognized architectural style.
    - (14) Variation:
      - a. Single-family dwellings shall vary by providing a range of compatible styles within neighborhoods and among neighborhoods throughout the community by utilizing differing elevations; sizes and footprints; number of stories; entry treatments; roof configurations; window design; use of color; and other features to achieve variety.
      - b. Single-family homes using identical or near-identical elevation separated by a minimum of three (3) single-family homes with different elevations and details. Identical or near-identical elevations shall not be located directly or diagonally across the street from one another.
  - (g) The following additional dimensional requirements are applicable:
    - (12) All dwellings and structures shall be constructed in accordance with all applicable Town regulations and the International Building Code, as adopted by the Town.
    - (14) For all single-family detached dwellings, the following lot variations apply:
      - a. Not more than three (3) adjacent newly platted lots shall have the same width.
      - b. Required variations in lot width shall be not less than five (5) feet.
      - c. Required variations in front yard setbacks shall be in distances of not less than five (5) feet.
      - d. Not more than sixty percent (60%) of front yard setbacks on the same side of a street within a block shall be the same. A minimum difference of eighteen (18) inches is required.
    - (15) Front-loaded garages:
      - a. Must be recessed a minimum of five (5) feet back from the main front building facade.

- b. Are limited to not more than one (1) double-wide door and one (1) single-wide door or three (3) single-wide doors.
- (17) Building location on a lot, including subtle variations in front yard and side yard setbacks, shall be utilized to reduce the building mass and bulk for single-family buildings, especially in larger development projects.

m. Lot Typical

## C. Regional Commercial (RC)

### 1. Intent

To provide for general and large-scale commercial enterprises, such as retail, eating, entertainment, convenience retail and professional offices and services.

### 2. Uses Permitted by Right

All uses permitted by right in the Regional Commercial (RC) District as set forth in the Elizabeth Municipal Code Chapter 16- Article I - Zoning.

**3. Uses Permitted by Special Review**

All uses permitted by special review in the Regional Commercial (RC) District as set forth in Elizabeth Municipal Code Chapter 16- Article I - Zoning.

**4. Development Standards**

Comply with the dimensional standards and general provisions in the Regional Commercial (RC) District as set forth in the Elizabeth Municipal Code Chapter 16- Article I - Zoning.

- 5. Setback from Highway 86 and Major Collectors:** Lots shall be setback a minimum of one hundred (100) feet from the centerline of the above streets.

## **D. Commercial Mixed Use (CMU)**

**1. Intent**

To provide for the integration, horizontally and vertically, of a broad range of small scale retail, professional offices and services, town facilities, live/work developments, higher density residential and commercial accommodations that promote pedestrian activity.

**2. Uses Permitted by Right**

All uses permitted by right in the Commercial Mixed Use (CMU) District as set forth in the Elizabeth Municipal Code Chapter 16- Article I - Zoning.

**3. Uses Permitted by Special Review**

All uses permitted by special review in the Commercial Mixed Use (CMU) District as set forth in the Elizabeth Municipal Code Chapter 16- Article I - Zoning.

**4. Development Standards**

Comply with the dimensional standards and general provisions in the Commercial Mixed Use (CMU) District as set forth in the Elizabeth Municipal Code Chapter 16- Article I - Zoning.

- 5. Setback from Highway 86 and Major Collectors:** Lots shall be setback a minimum of one hundred (100) feet from the centerline of the above streets.

## **E. Parks & Open Space (OS)**

**1. Intent**

To provide passive and active open space uses which will separate, define and protect the development planning areas contained within this Planned Development. At a minimum 20% of the site shall be open space. A minimum 10% of the site shall be active open space, in accordance with the Town of Elizabeth's landscape requirements.

Elizabeth West will incorporate a connective system of trails and open space to provide for convenient community access and to serve as an identifiable feature of the community. Open Space is to be distributed throughout the development and made accessible by a trail system. These will accommodate a variety of recreational activities including community and regional non-motorized (i.e. pedestrian and bicycle) access. The PUD Plan indicates trail connections, but the exact locations will be determined in latter phases of the entitlement process. Smaller

pocket parks and open spaces are to be designed within each planning area to extend recreational opportunities within walking distance of most residents.

The primary park within the Elizabeth West development is identified as PK-1 and has been located to serve as a central amenity space and access point for the broader open space system. Parks shall provide uses which complement residential neighborhoods and includes both pocket parks and neighborhood parks.

Parks and Open Space improvements shall be phased to coincide with the development of adjacent residential planning areas. All parks and open space areas within Elizabeth West shall be owned and maintained by a Special District of the HOA.

## **2. Uses Permitted by Right**

- a. Passive recreation uses and open space.
- b. Jogging, hiking and/or bicycle trails.
- c. Dog Parks
- d. Community Gardens
- e. Drainage Facilities
- f. Picnic shelters.
- g. Park recreation uses, including but not limited to the following facilities: baseball diamonds, softball diamonds, soccer fields, tennis courts, volleyball courts, basketball courts, swimming pools, play apparatus, picnic areas, recreation center, and jogging, hiking and/or bicycling trails. Lighting shall be prohibited on sports fields.

## **3. Development Standards**

- a. **Building Setback: Street.** The minimum building setback from any public street right-of-way line shall be:

Building front	25 feet
Building side	15 feet
Building rear	25 feet
- b. **Building Separation.** The minimum building or structure separation shall be the greater of:
  - i. Twenty (20) feet or
  - ii. Shall be governed by the applicable building code.
- c. **Building Height.** No buildings or structures shall exceed thirty-five (35) feet in height

## **4. Development Criteria for Parks**

- a. **Pocket Park**
  - i. Refer to the Town of Elizabeth Land Development Code for parks, trails and open space.
  - ii. Size: Generally ¼ to 3 acres in size
  - iii. Location/Orientation: Centrally located within the residential development and/or easily accessible by residents without the use of vehicles. A 5-10 minute walking distance
  - iv. Frontage: Required on one, preferred two or more local streets.
  - v. Pocket Parks are required to include all of the following infrastructure:
    - a. Benches (two minimum)
    - b. Bicycle Racks (min. to serve four bikes)
    - c. Pet Waste Station

- d. Shade Structure
- e. ADA Accessible Walkways
- f. Trash Receptacle
- g. Turf and landscape plantings to provide shade over at least 25% of the area.
- h. Irrigation
- ix. Pocket Parks are required to include at least one of the following components:
  - a. Display Garden
  - b. Group Picnic Shelter (min. 500 sf and two picnic tables)
  - c. Loop Walk (min. length 1,000 lf)
  - d. Natural Area (min. 10,000 sf and soft surface trail providing access)
  - e. Multi-level Play Structure
  - f. Basketball (one half court)
  - g. Bocce Ball, Horseshoe Pits, Shuffleboard, or similar
  - h. Boulder Play Area
  - i. Community Garden
  - j. Fitness Course
  - k. Handball or Tennis Courts
  - l. Turf play berm (min. 3 feet height)
  - m. Playground with at least 3 pieces of play equipment
  - n. Public Art

**b. Neighborhood Park**

- i. Refer to Town of Elizabeth Land Development Code for parks, trails and open space.
- ii. Size: A minimum of 10.1 acres in size.
- iii. Location/Orientation: Within an immediate neighborhood with a ¼ to ½ mile service radius. Neighborhood parks shall serve as an extension of the neighborhood around them. They shall be a social and recreation focal point. Interconnected to trails/sidewalks low-volume streets within walking/biking distance of most users.
- iv. Frontage: High visibility to surrounding local streets. On street parking
- v. Neighborhood Parks are required to include all of the following infrastructure:
  - a. Benches (ten minimum)
  - b. Bicycle Racks (min. to serve ten bikes)
  - c. Pet Waste Station (two minimum)
  - d. Group Shelter (minimum 900 sf)
  - e. Picnic Tables (four minimum)
  - f. ADA Accessible Walkways
  - g. Trash Receptacles (four minimum)
  - h. Multi-Use Play Field (roughly 200' x 200')
  - i. All Ages Playground (minimum 5 pieces of play equipment)
  - j. Internal Trails
  - k. Signage
  - l. Irrigation
- vi. Neighborhood Parks are required to include at least two of the following components:
  - a. Display Garden
  - b. Multi-level Play Structure
  - c. Basketball (one half court)
  - d. Bocce Ball, Horseshoe Pits, Shuffleboard, or other ground play surface
  - e. Boulder Play Area
  - f. Community Garden
  - g. Fitness Course
  - h. Handball or Tennis Courts

- i. Turf play berm (min. 3 feet hieght)
- j. Public Art

#### **4. Development Criteria for Open Space**

##### **a. Open Space**

- i. Refer to the Town of Elizabeth Land Development Code for parks, trails and open space.
- ii. A minimum 100' Open Space buffer shall be provided along the south and east boundaries of the property.

##### **b. Community Trails**

- i. Connects to the broader community of Elizabeth, Community Trails will generally follow an alignment from the northeast portion of the site to the southeast, as well as along the western edge of the site running north and south.
- ii. Community Trails are to be a minimum 10' wide and composed of concrete.
- iii. Slopes adjacent to trails shall not exceed 6% for a distance of 10' from edge of concrete.
- iv. Trails shall comply with Town of Elizabeth's construction specifications.

##### **c. Local Trails**

- i. Connects community residents through open space to pocket parks, neighborhood parks, and other planning areas.
- ii. Local Trails are to be a minimum 6' wide and may be composed of either a soft surface material or concrete, or both.
- iii. Slopes adjacent to trails shall not exceed 6% for a distance of 10' from edge of trail
- iv. Trails shall comply with Town of Elizabeth's construction specifications.

##### **d. Waysides**

- i. Located approximately every 1/4 mile along community and local trails, acting as respites, picnic areas, active single track bike areas, static outdoor exercise equipment areas, etc.
- ii. Will include 6' benches or tables which shall be surface mounted on a concrete pad.
- iii. Static outdoor exercise equipment will be located at one or more waysides along the community trail.

## **F. Public Lands & Institutions (PLI)**

### **1. Intent**

To provide for the development of land uses that are publicly owned or are public in nature.

### **2. Uses Permitted by Right**

All uses permitted by right in the Public, Semi-Public and Institutional (P-I) District as set forth in the Elizabeth Municipal Code Chapter 16- Article I - Zoning.

### **3. Uses Permitted by Special Review**

All uses permitted by special review in the Public, Semi-Public and Institutional (P-I) District as set forth in the Elizabeth Municipal Code Chapter 16- Article I - Zoning.

#### **4. Development Standards**

Comply with the dimensional standards and general provisions in the Public, Semi-Public and Institutional (P-I) District as set forth in the Elizabeth Municipal Code Chapter 16- Article I - Zoning.

#### **5. Buffer Landscape Standards**

Perimeter Landscaping: When any above ground equipment is located facing public streets, transportation corridors, public open space, residential neighborhoods, this area shall be landscaped with a variety of plant materials to ensure seasonal interest.

- i. Amount: Perimeter plantings located adjacent to all other uses shall have a 20' buffer and contain a minimum of one tree and five shrubs for every 25 linear feet (50% of the trees provided shall be evergreen) of the length of the exposed above ground equipment.
- ii. Location: Plantings shall be arranged to screen utility hardware and mechanical equipment, define entrances if applicable, and soften featureless walls if applicable.

### **G. Tree Protection and Preservation**

#### **1. Protection of Existing Vegetation**

Prior to commencement of any site work, the Contractor, shall identify all designated vegetation suitable for preservation. The Contractor shall employ a certified arborist to perform a tree inventory of the existing trees with a diameter of 6" and over, identifying the species, measuring the trunk diameter at breast height (dbh) (at approximately 54 inches above the ground), measuring the drip line measured as a radius from the trunk to the end of the outermost branch on the tree crown, and evaluating the general condition of each tree. All trees inventoried will be categorized into one of five groups: excellent, good, fair, poor or very poor. Vegetation that is to be preserved on the site shall be protected by creating adequate Vegetation and Tree Protection Zones. Protective fencing and signage shall be placed along the perimeter of designated Vegetation and Tree Protection Zones.

#### **2. Existing Vegetation Representation**

All significant existing vegetation shall be depicted on the construction design plans prior to adopting any "approved" plans.

#### **3. Protective Fencing**

Vegetation and Tree Protection Zones shall be protected by orange vinyl construction fencing, chain link fencing, or snow fencing at least (4) feet high and supported at (10) foot intervals by metal T-posts. Wooden stakes and rebar posts shall not be used as supports. Fencing shall be maintained upright and in place. All fencing shall be in place prior to commencement of any site work and remain in place until all work has been completed.

#### **4. Signage**

All protective fencing shall have a waterproof vegetation protection sign affixed to the fence every (20) feet in such a manner to be clearly visible to workers on the site. Signage shall be maintained visible and legible. Signage shall be written in both Spanish and English and read as follows: "Protected Vegetation: NO traffic, vehicles, or material storage in this area."

#### **5. Prohibited Practices in Tree Protection Zones**

Prohibited practices within Tree Protection Zone(s) shall include, but not limited to the following: removal, relocation, or trimming of vegetation; breaking of branches or scraping of the bark; changes to existing grade by excavating, filling, trenching, or use of augers; nailing, bolting, or using vegetation as a temporary support in any way; parking or storing equipment or building materials; dumping of construction waste or materials, disposing of liquids or contaminants; driving equipment through; or removal of protective fencing until all work has been completed.

## **6. Tree Protection Zones**

The Contractor, in conjunction with the certified arborist, shall identify the critical root zone area for all of the trees that are to be preserved on the site and create adequate Tree Protection Zone(s). The critical root zone shall be determined by whichever encompasses the greatest area: (1) the irregular shape formed around a tree by a series of vertical lines that run through the outermost portion of the canopy of the tree and extend to the ground, often referred to as the drip line; or (2) one and a half (1 1/2) feet of space from the trunk for each inch of trunk diameter in every direction. The critical root zone dimensions will serve as the required dimensions of the Tree Protection Zone.

## **7. Tunneling and Boring**

There shall be no trenching permitted within a Vegetation or Tree Protection Zone. Utilities shall be bored under the Vegetation or Tree Protection Zone in circumstances where it is not possible to trench around the protected area(s). When required, the length of the bore shall be the width of the critical root zone at a minimum depth of forty-eight (48) inches.

## **8. Soil Protection**

Under special circumstances, where vehicle and equipment access is needed through a Vegetation or Tree Protection Zone, permission must be obtained from the Town of Elizabeth or an assigned designee. Any access roads through a Vegetation or Tree Protection Zone shall be created using six (6) inches of wood mulch to reduce soil compaction in areas subject to repeated construction traffic. The mulch shall be replenished as necessary to maintain a six (6) inch depth. Upon completion of all site work, the mulch shall be removed with care taken not to change existing grade.

## **9. Penalties**

Contractor shall be held responsible for any damage to vegetation that was designated to be preserved within designated Vegetation and Tree Protection Zones. Failure to comply with Protection of Existing Vegetation specifications may result in penalties. If the violation results in damage to a tree or other woody plant, there shall be, in addition to any other applicable penalty, a penalty of three (3) times the damage caused to the tree or other woody plant, or \$500, whichever is greater. In the event a tree or other woody plant is removed in violation of any of the provisions of this section, the additional penalty shall be three (3) times the value of the tree. For purposes of calculating the damage to the tree, the most recent edition of the "Guide for Establishing Values of Trees and Other Plants" by the Council of Tree and Landscape Appraisers shall be presumed to provide the appropriate basis for determining damages.

## **10. Tree Removal Mitigation**

It is understood that not every tree on site will be maintained. When a tree that is identified as excellent, or good, in the tree inventory needs to be removed it will be replaced based on the tree inventory. For example, if a tree identified with an 18" dbh needs to be replaced, it will be replaced with a combination of coniferous trees mitigating the 18" with 18 feet of trees, ie: one 10 foot tall and one 8 foot tall coniferous trees (minimum height of 8 feet for mitigation trees). The 18" dbh could also be replaced with deciduous trees that when combined equal 18", for example six 3" caliper trees would qualify as mitigation for the 18" dbh tree that was removed.

## **H. Lighting and Dark Skies**

All lighting shall conform with Article VIII – Lighting Requirements as set forth in the Town of Elizabeth Land Use and Development Code and the Town of Elizabeth Design Review Standards & Guidelines, dated January 2011.

# ELIZABETH WEST - PUD DEVELOPMENT PLAN

LOCATED IN SECTIONS 14 AND 15, TOWNSHIP 8 SOUTH,  
RANGE 65 WEST OF THE SIXTH PRINCIPAL MERIDIAN,  
COUNTY OF ELBERT, STATE OF COLORADO

## DESCRIPTION OF PROPERTY:

A PARCEL OF PROPERTY LOCATED IN SECTIONS 15 AND 14, TOWNSHIP 8 SOUTH, RANGE 65 WEST OF THE SIXTH PRINCIPAL MERIDIAN, COUNTY OF ELBERT, STATE OF COLORADO, MORE PARTICULARLY DESCRIBED AS FOLLOWS:  
COMMENCING AT THE NORTH 1/4 CORNER OF SAID SECTION 15 AND CONSIDERING THE WEST LINE OF THE NORTHEAST 1/4 OF SAID SECTION 15 TO BEAR S00°22'36"E WITH ALL BEARINGS CONTAINED HEREIN RELATIVE THERETO;  
THENCE S00°22'36"E ALONG SAID WEST LINE A DISTANCE OF 40.09 FEET TO THE SOUTH RIGHT-OF-WAY LINE OF STATE HIGHWAY 86; THENCE CONTINUING ALONG SAID SOUTH RIGHT-OF-WAY LINE THE FOLLOWING TWO (2) COURSES;

- S89°54'23"E A DISTANCE OF 0.37 FEET;
- S83°31'18"E A DISTANCE OF 70.12 FEET TO THE POINT OF BEGINNING;  
THENCE CONTINUING ALONG SAID SOUTH RIGHT-OF-WAY LINE THE FOLLOWING TWO (2) COURSES;

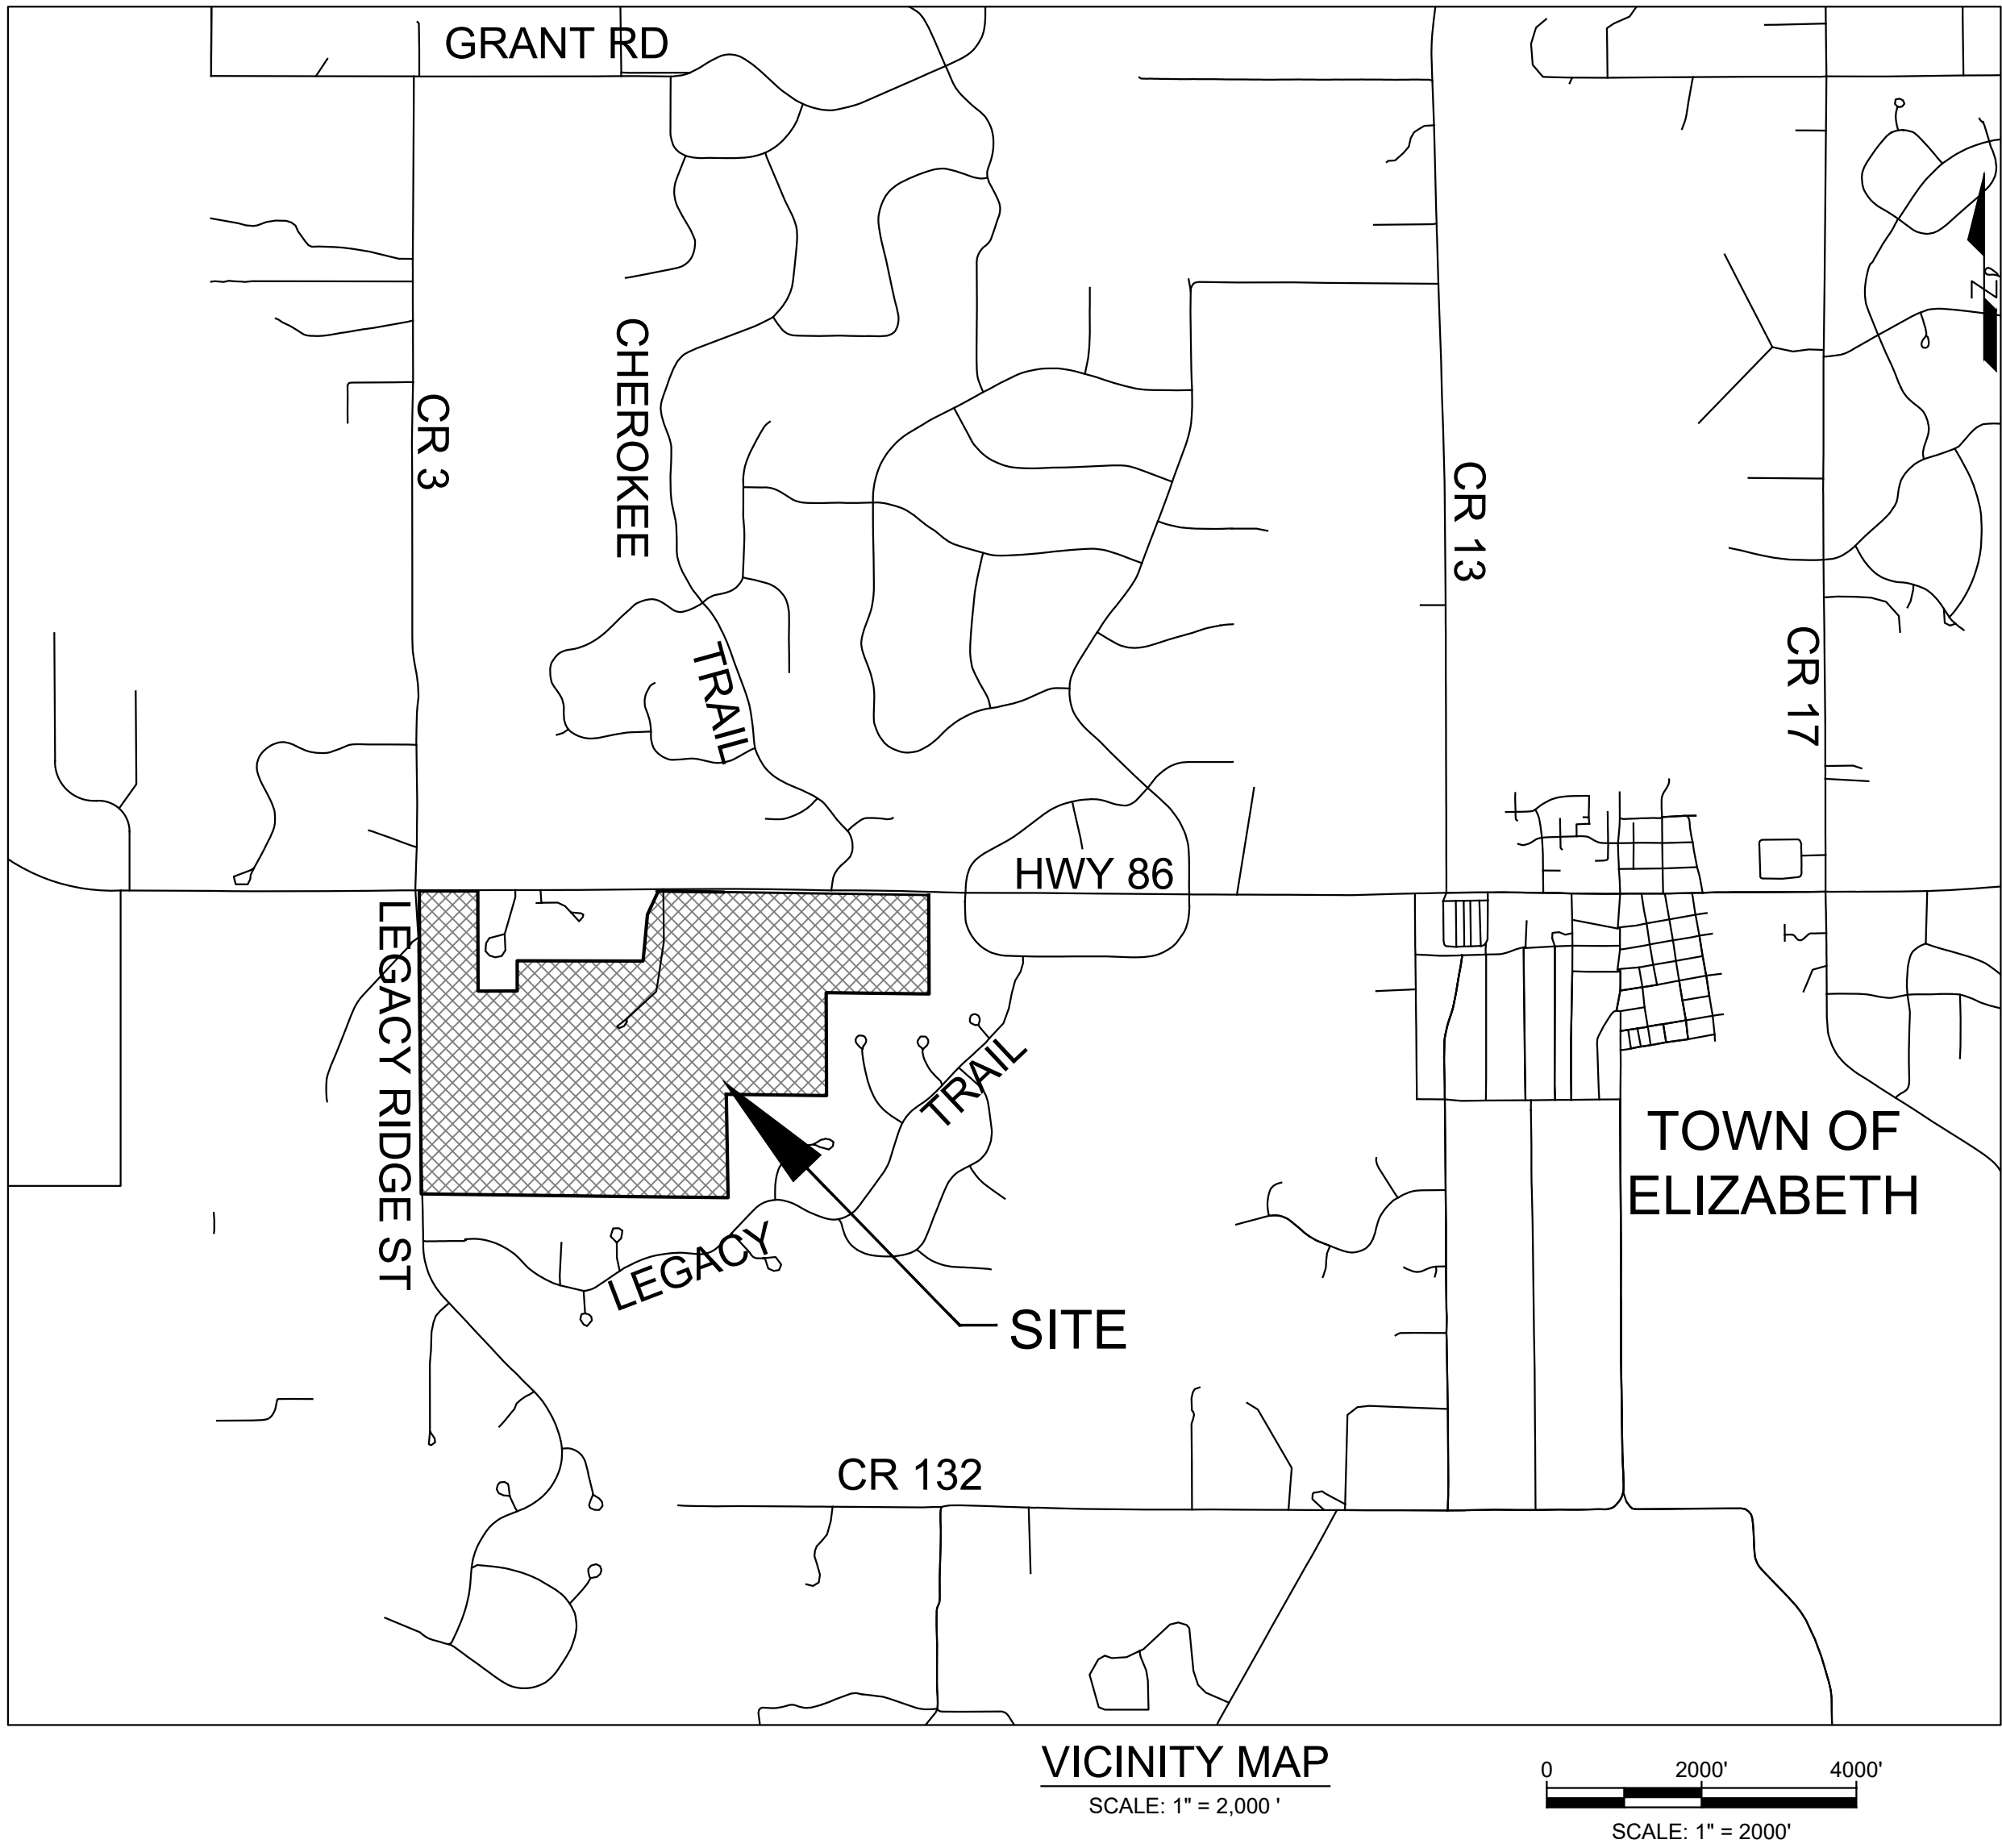

- S83°31'18"E A DISTANCE OF 16.55 FEET;
- S89°55'08"E A DISTANCE OF 740.68 FEET TO THE NORTHWEST CORNER OF A PARCEL OF PROPERTY RECORDED AT BOOK 282, PAGE 326 OF THE ELBERT COUNTY RECORDS; THENCE S00°05'50"E ALONG THE WEST LINE OF SAID BOOK 282, PAGE 326, A DISTANCE OF 1292.59 FEET TO THE SOUTHWEST CORNER OF A PARCEL OF PROPERTY AS DESCRIBED IN RECEPTION NO. 476359 OF THE ELBERT COUNTY RECORDS; THENCE N89°51'53"E ALONG THE SOUTH LINE OF SAID RECEPTION NO. 476359 A DISTANCE OF 505.82 FEET; THENCE N00°07'31"W ALONG THE SOUTH LINE OF SAID RECEPTION NO. 476359 A DISTANCE OF 390.28 FEET TO THE SOUTHWEST CORNER OF A PARCEL OF PROPERTY AS DESCRIBED IN BOOK 458, PAGE 364 OF THE ELBERT COUNTY RECORDS; THENCE ALONG THE SOUTH AND EAST BOUNDARY OF THE PARCEL OF PROPERTY AS DESCRIBED IN SAID BOOK 458, PAGE 364 THE FOLLOWING THREE (3) COURSES;

- S89°55'24"E A DISTANCE OF 1626.53 FEET;
- N05°27'16"E A DISTANCE OF 603.81 FEET;
- N24°47'53"E A DISTANCE OF 332.60 FEET TO A POINT ON THE SOUTH RIGHT-OF-WAY LINE OF STATE HIGHWAY 86; THENCE ALONG SAID SOUTH RIGHT-OF-WAY LINE THE FOLLOWING FIFTEEN (15) COURSES;

- S89°10'48"E A DISTANCE OF 835.99 FET;
- S89°10'48"E A DISTANCE OF 37.91 FEET;
- S80°15'18"E A DISTANCE OF 96.70 FEET;
- S89°10'48"E A DISTANCE OF 50.00 FEET;
- N74°07'12"E A DISTANCE OF 52.21 FEET;
- S89°10'48"E A DISTANCE OF 200.00 FEET;
- S83°28'03"E A DISTANCE OF 200.93 FEET;
- S89°10'48"E A DISTANCE OF 200.10 FEET;
- N79°30'42"E A DISTANCE OF 101.99 FEET;
- S89°10'48"E A DISTANCE OF 396.03 FEET;
- S89°10'44"E A DISTANCE OF 510.79 FEET;
- S69°52'50"E A DISTANCE OF 105.90 FEET;
- S89°10'44"E A DISTANCE OF 200.00 FEET;
- N71°31'22"E A DISTANCE OF 105.90 FEET;
- S89°10'44"E A DISTANCE OF 448.06 FEET TO A POINT ON THE OUTER BOUNDARY OF WILD POINT SUBDIVISION AS RECORDED AT RECEPTION NO. 436639 OF THE ELBERT COUNTY RECORDS;  
THENCE ALONG THE OUTER BOUNDARY OF SAID WILD POINTE SUBDIVISION THE FOLLOWING NINE (9) COURSES:

- S01°18'35"E A DISTANCE OF 1282.42 FEET
- N89°34'47"W A DISTANCE OF 1355.08 FEET
- S00°00'26"W A DISTANCE OF 1299.89 FEET
- N89°47'18"W A DISTANCE OF 24.33 FEET TO A POINT ON THE WEST LINE OF THE SOUTHWEST 1/4 OF THE NORTHEAST 1/4 OF SAID SECTION 14;
- S00°12'40"E A DISTANCE OF 19.61 FEET TO THE SOUTHEAST CORNER OF THE EAST 1/2 OF THE NORTHWEST 1/4 OF SAID SECTION 14;
- N89°15'50"W A DISTANCE OF 1295.00 FEET;
- S01°01'07"E A DISTANCE OF 1334.66 FEET;
- N89°24'56"W A DISTANCE OF 1394.60 FEET;
- N89°16'39"W A DISTANCE OF 2570.21 FEET TO A POINT 70.00 FEET EAST OF THE WEST LINE OF THE SOUTHEAST QUARTER OF SAID SECTION 15;

THENCE N00°22'36"W, PARALLEL WITH THE WEST LINE OF THE SOUTHEAST 1/4 AND NORTHEAST 1/4 OF SAID SECTION 15, A DISTANCE OF 3916.48 FEET TO THE POINT OF BEGINNING.  
CONTAINING 425.90 ACRES +/-

# ELIZABETH WEST - PUD DEVELOPMENT PLAN

LOCATED IN SECTIONS 14 AND 15, TOWNSHIP 8 SOUTH,  
RANGE 65 WEST OF THE SIXTH PRINCIPAL MERIDIAN,  
COUNTY OF ELBERT, STATE OF COLORADO

## 1.4 Parcel Boundaries

Parcel acreages and boundaries of the Planning Areas shown on the ELIZABETH WEST DEVELOPMENT PLAN are preliminary and subject to change with detailed planning. Wherever a Planning Area abuts a street as shown on the ELIZABETH WEST DEVELOPMENT PLAN, the Planning Area boundary is the edge of the abutting right-of-way of such. Wherever a Planning Area does not so abut a street, the Planning Area boundary shall be as shown on the ELIZABETH WEST DEVELOPMENT PLAN. Modifications in Planning Area boundaries and streets may be accomplished by final road alignments or engineering refinements shown on a Site Plan or Plat, without any amendment to the ELIZABETH WEST DEVELOPMENT PLAN provided the Planning Area does not increase or decrease by more than ten percent (10%) in size.

## 1.5 Development Phasing

Phasing will occur in a logical and cost effective manner based on infrastructure extension, availability of utility service and market conditions. The project will be built in several phases, as conditions dictate. It is anticipated that development will begin in the northeast and along Hwy 86, and progress to the south and southwest. However, the ELIZABETH WEST DEVELOPMENT PLAN shall permit development of Planning Areas to commence in other Phases regardless of the build-out status of parcels located in current or preceding Phases (e.g. Development of Planning Areas in Phase 3 may commence prior to commencement or completion of Planning Areas in Phase 1). Please refer to Page 4 for the anticipated phasing plan. Elizabeth West is committed to commercial development and acknowledges the importance of commercial uses within the overall community.

## 1.6 Lighting and Dark Skies

Development within Elizabeth West will conform with Lighting and Dark Sky Standards, which will be incorporated into Design Guidelines for Elizabeth West.

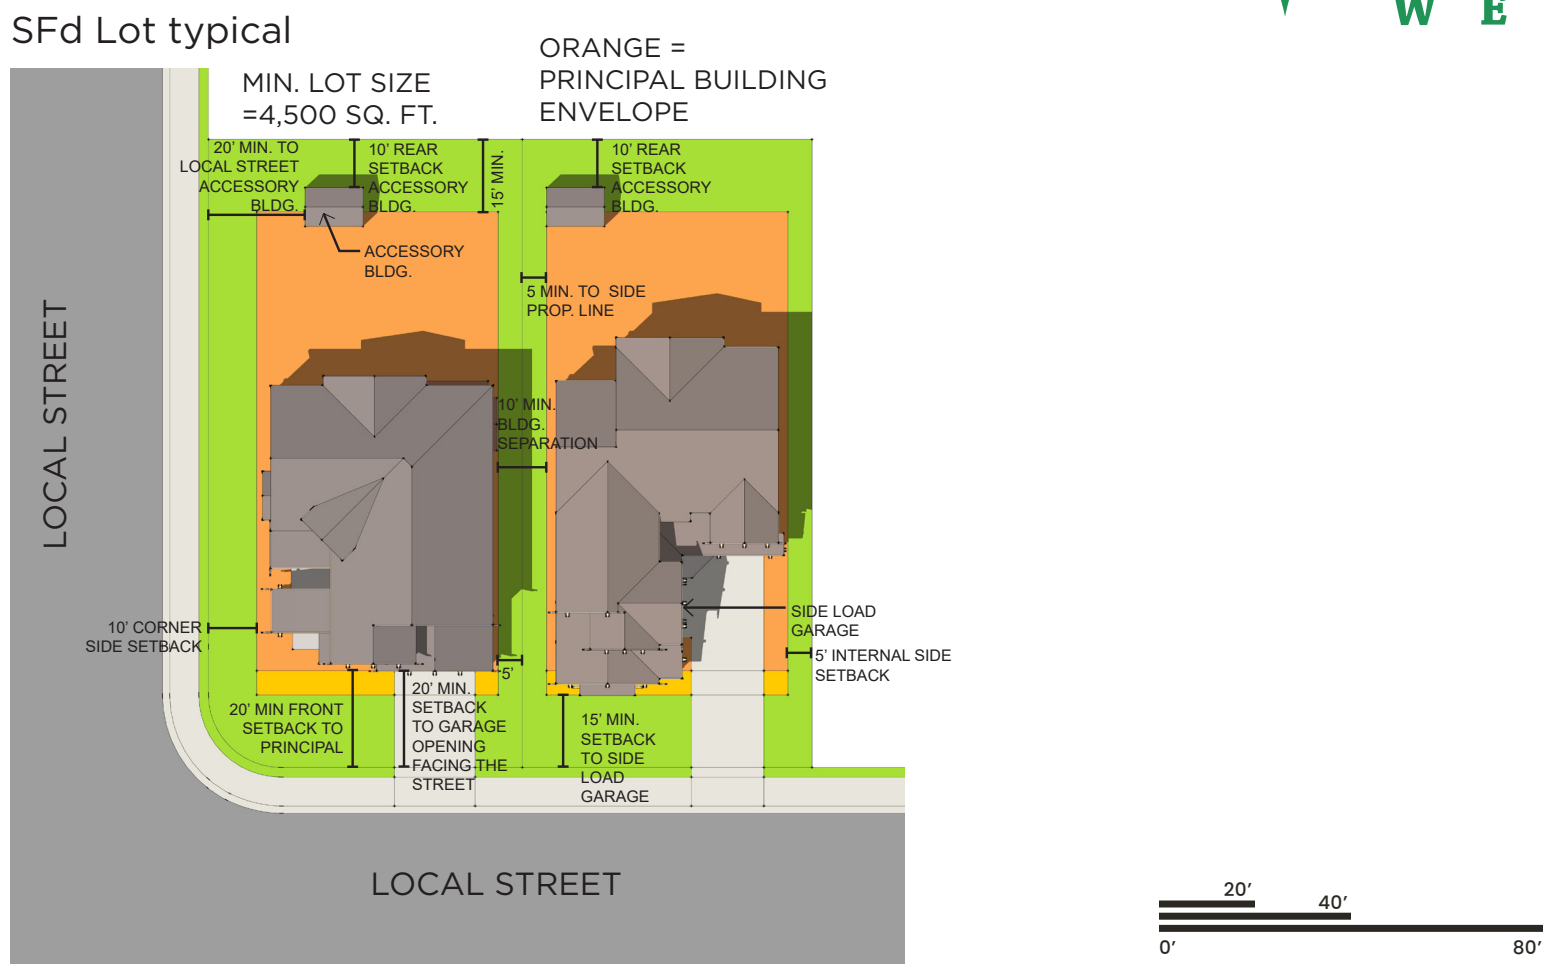

## 1.7 Effect of the Town of Elizabeth Zoning Ordinance

The provisions of this PUD shall prevail and govern the development of Elizabeth West provided; however, where the provisions of the PUD do not address a specific subject, the provisions of the Town of Elizabeth Zoning Ordinance or any other applicable ordinances, resolutions or regulations of the Town of Elizabeth shall prevail.

Lot Width in SFd Planning Areas ranges from 45' to more than 70' wide

## 1.8 Lot & Block Typicals

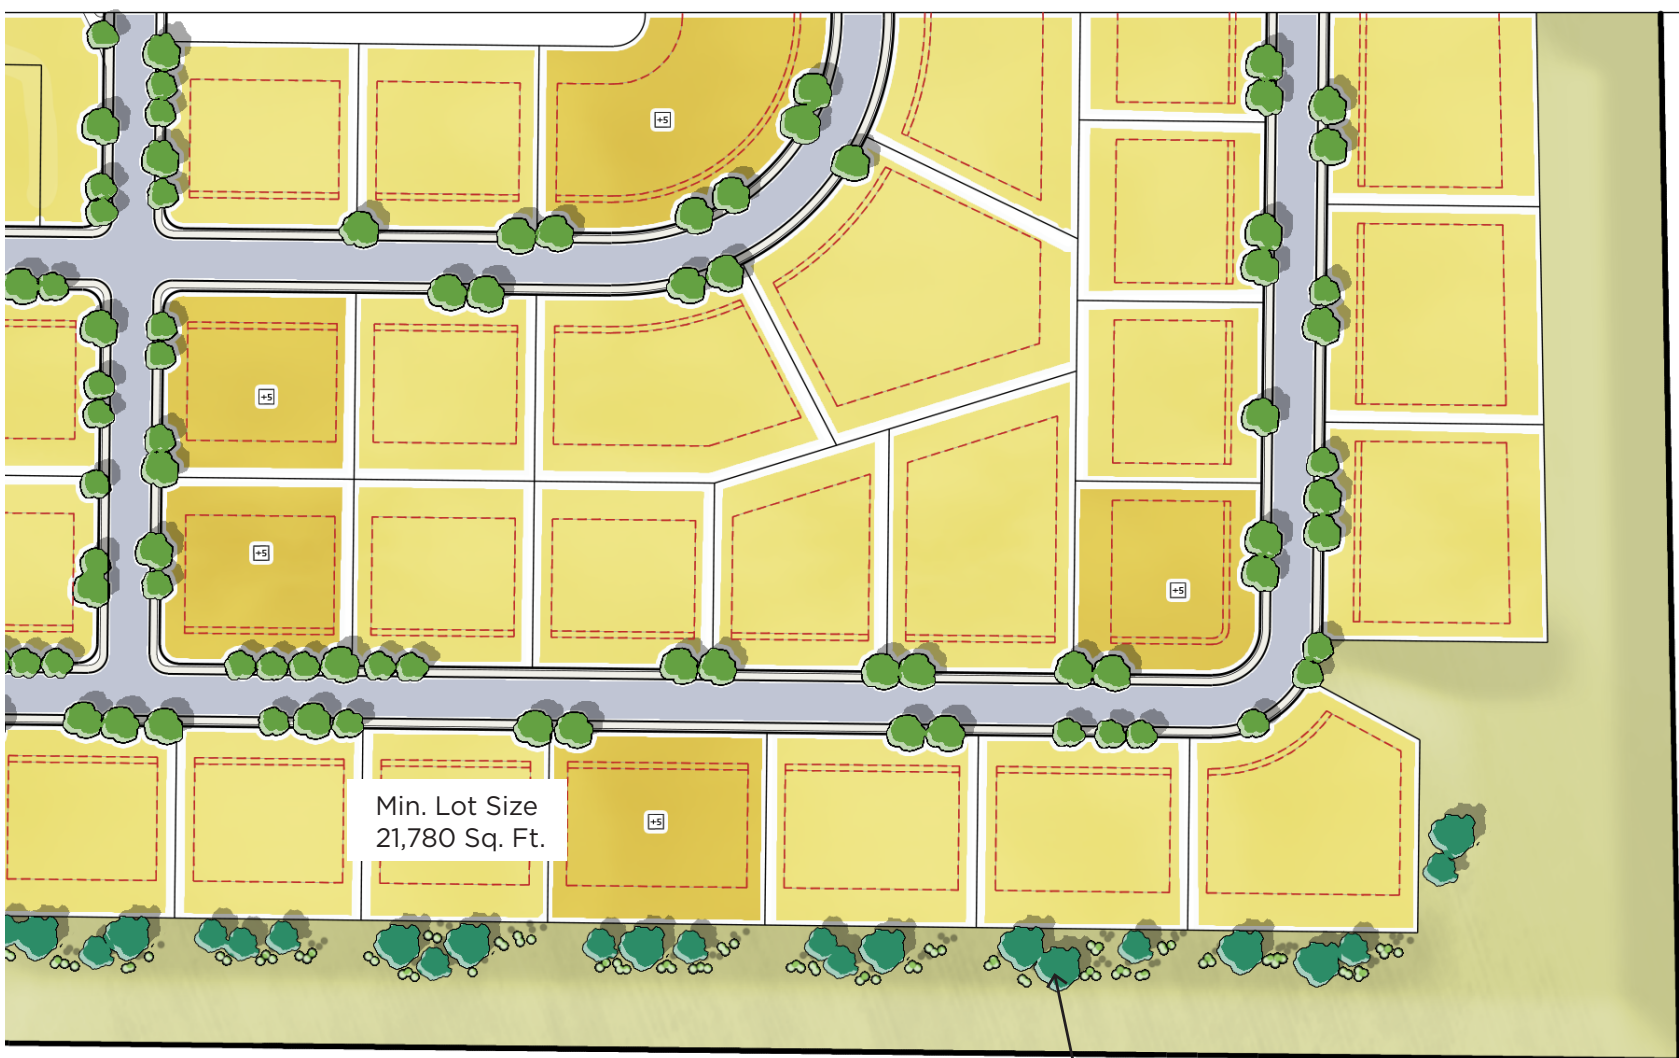

SFe Lot typical

- Lot width 5' wider than adjacent lot.
- Not more than three (3) adjacent newly platted lots shall have the same width.
  - Required variations in lot width shall be not less than five (5) feet.
  - Required variations in front yard setbacks shall be in distances of not less than five (5) feet.
  - Not more than sixty percent (60%) of front yard setbacks on the same side of a street within a block shall be the same. A minimum difference of eighteen (18) inches is required.

Building Setback

Minimum lot width in SFe Planning Areas is 125' wide

## REZONE MAP

LOCATED IN SECTIONS 14 AND 15, TOWNSHIP 8 SOUTH, RANGE 65 WEST OF THE SIXTH PRINCIPLE MERIDIAN, COUNTY OF ELBERT, STATE OF COLORADO

### DESCRIPTION OF PROPERTY:

A PARCEL OF PROPERTY LOCATED IN SECTIONS 15 AND 14, TOWNSHIP 8 SOUTH, RANGE 65 WEST OF THE SIXTH PRINCIPAL MERIDIAN, COUNTY OF ELBERT, STATE OF COLORADO, MORE PARTICULARLY DESCRIBED AS FOLLOWS:  
COMMENCING AT THE NORTH 1/4 CORNER OF SAID SECTION 15 AND CONSIDERING THE WEST LINE OF THE NORTHEAST 1/4 OF SAID SECTION 15 TO BEAR S00°22'36"E WITH ALL BEARINGS CONTAINED HEREIN RELATIVE THERETO;  
THENCE S00°22'36"E ALONG SAID WEST LINE A DISTANCE OF 40.09 FEET TO THE SOUTH RIGHT-OF-WAY LINE OF STATE HIGHWAY 86; THENCE CONTINUING ALONG SAID SOUTH RIGHT-OF-WAY LINE THE FOLLOWING TWO (2) COURSES;

- S89°54'23"E A DISTANCE OF 0.37 FEET;
- S83°31'18"E A DISTANCE OF 70.12 FEET TO THE POINT OF BEGINNING;  
THENCE CONTINUING ALONG SAID SOUTH RIGHT-OF-WAY LINE THE FOLLOWING TWO (2) COURSES;

- S83°31'18"E A DISTANCE OF 16.55 FEET;
- S89°55'08"E A DISTANCE OF 740.68 FEET TO THE NORTHWEST CORNER OF A PARCEL OF PROPERTY RECORDED AT BOOK 282, PAGE 326 OF THE ELBERT COUNTY RECORDS; THENCE S00°05'50"E ALONG THE WEST LINE OF SAID BOOK 282, PAGE 326, A DISTANCE OF 1292.59 FEET TO THE SOUTHWEST CORNER OF A PARCEL OF PROPERTY AS DESCRIBED IN RECEPTION NO. 476359 OF THE ELBERT COUNTY RECORDS; THENCE N89°51'53"E ALONG THE SOUTH LINE OF SAID RECEPTION NO. 476359 A DISTANCE OF 505.82 FEET; THENCE N00°07'31"W ALONG THE SOUTH LINE OF SAID RECEPTION NO. 476359 A DISTANCE OF 390.28 FEET TO THE SOUTHWEST CORNER OF A PARCEL OF PROPERTY AS DESCRIBED IN BOOK 458, PAGE 364 OF THE ELBERT COUNTY RECORDS; THENCE ALONG THE SOUTH AND EAST BOUNDARY OF THE PARCEL OF PROPERTY AS DESCRIBED IN SAID BOOK 458, PAGE 364 THE FOLLOWING THREE (3) COURSES;

- S89°55'24"E A DISTANCE OF 1626.53 FEET;
- N05°27'16"E A DISTANCE OF 603.81 FEET;
- N24°47'53"E A DISTANCE OF 332.60 FEET TO A POINT ON THE SOUTH RIGHT-OF-WAY LINE OF STATE HIGHWAY 86; THENCE ALONG SAID SOUTH RIGHT-OF-WAY LINE THE FOLLOWING FIFTEEN (15) COURSES;

- S89°10'48"E A DISTANCE OF 835.99 FEET;
- S89°10'48"E A DISTANCE OF 37.91 FEET;
- S80°15'18"E A DISTANCE OF 96.70 FEET;
- S89°10'48"E A DISTANCE OF 50.00 FEET;
- N74°07'12"E A DISTANCE OF 52.21 FEET;
- S89°10'48"E A DISTANCE OF 200.00 FEET;
- S83°28'03"E A DISTANCE OF 200.93 FEET;
- S89°10'48"E A DISTANCE OF 200.10 FEET;
- N79°30'42"E A DISTANCE OF 101.99 FEET;
- S89°10'48"E A DISTANCE OF 396.03 FEET;
- S89°10'44"E A DISTANCE OF 510.79 FEET;
- S69°52'50"E A DISTANCE OF 105.90 FEET;
- S89°10'44"E A DISTANCE OF 200.00 FEET;
- N71°31'22"E A DISTANCE OF 105.90 FEET;
- S89°10'44"E A DISTANCE OF 448.06 FEET TO A POINT ON THE OUTER BOUNDARY OF WILD POINT SUBDIVISION AS RECORDED AT RECEPTION NO. 436639 OF THE ELBERT COUNTY RECORDS;  
THENCE ALONG THE OUTER BOUNDARY OF SAID WILD POINTE SUBDIVISION THE FOLLOWING NINE (9) COURSES;

- S01°18'35"E A DISTANCE OF 1282.42 FEET
- N89°34'47"W A DISTANCE OF 1355.08 FEET
- S00°00'26"W A DISTANCE OF 1299.89 FEET
- N89°47'18"W A DISTANCE OF 24.33 FEET TO A POINT ON THE WEST LINE OF THE SOUTHWEST 1/4 OF THE NORTHEAST 1/4 OF SAID SECTION 14;
- S00°12'40"E A DISTANCE OF 19.61 FEET TO THE SOUTHEAST CORNER OF THE EAST 1/2 OF THE NORTHWEST 1/4 OF SAID SECTION 14;
- N89°15'50"W A DISTANCE OF 1295.00 FEET;
- S01°01'07"E A DISTANCE OF 1334.66 FEET;
- N89°24'56"W A DISTANCE OF 1394.60 FEET;
- N89°16'39"W A DISTANCE OF 2570.21 FEET TO A POINT 70.00 FEET EAST OF THE WEST LINE OF THE SOUTHEAST QUARTER OF SAID SECTION 15;

THENCE N00°22'36"W, PARALLEL WITH THE WEST LINE OF THE SOUTHEAST 1/4 AND NORTHEAST 1/4 OF SAID SECTION 15, A DISTANCE OF 3916.48 FEET TO THE POINT OF BEGINNING.  
CONTAINING 425.90 ACRES +/-

### ZONING:

EXISTING: TOWN OF ELIZABETH, AGRICULTURE (A-1)

CURRENT USE: AGRICULTURE, PASTURE, 1 EXISTING ABANDONED HOMESTEAD.

PROPOSED: PUD

DENSITY: 623 DWELLING UNITS ON 425 ACRES = 1.46 DU/AC  
PLEASE REFER TO DEVELOPMENT PLAN FOR SPECIFIC AREAS AND ASSOCIATED DENSITIES.

### UTILITIES:

WATER: THE PROJECT WILL BE SERVED VIA EXTENDING TOWN OF ELIZABETH MAIN LINES TO THE SITE.

SEWER: THE PROJECT WILL BE SERVED VIA EXTENDING TOWN OF ELIZABETH SEWER EAST ON HWY 86 TO THE SITE.

### FLOODPLAIN:

PER THE FLOOD INSURANCE RATE MAP FOR ELBERT COUNTY AND INCORPORATED AREAS, PANEL 0475 OF 1200, MAP NUMBER 08039C0475C WITH EFFECTIVE DATE OF MARCH 17, 2011. NO PART OF THE PROPERTY IS WITHIN A MAPPED 100 YEAR FLOODPLAIN.

### TOWN DEDICATIONS:

THE PLAN INCLUDES 3 ACRES OF LAND DEDICATION TO THE TOWN OF ELIZABETH FOR THE PURPOSES OF A WELL FIELD AND SANITARY SEWER FACILITIES, AND 5 ACRES FOR FUTURE TOWN FACILITIES.

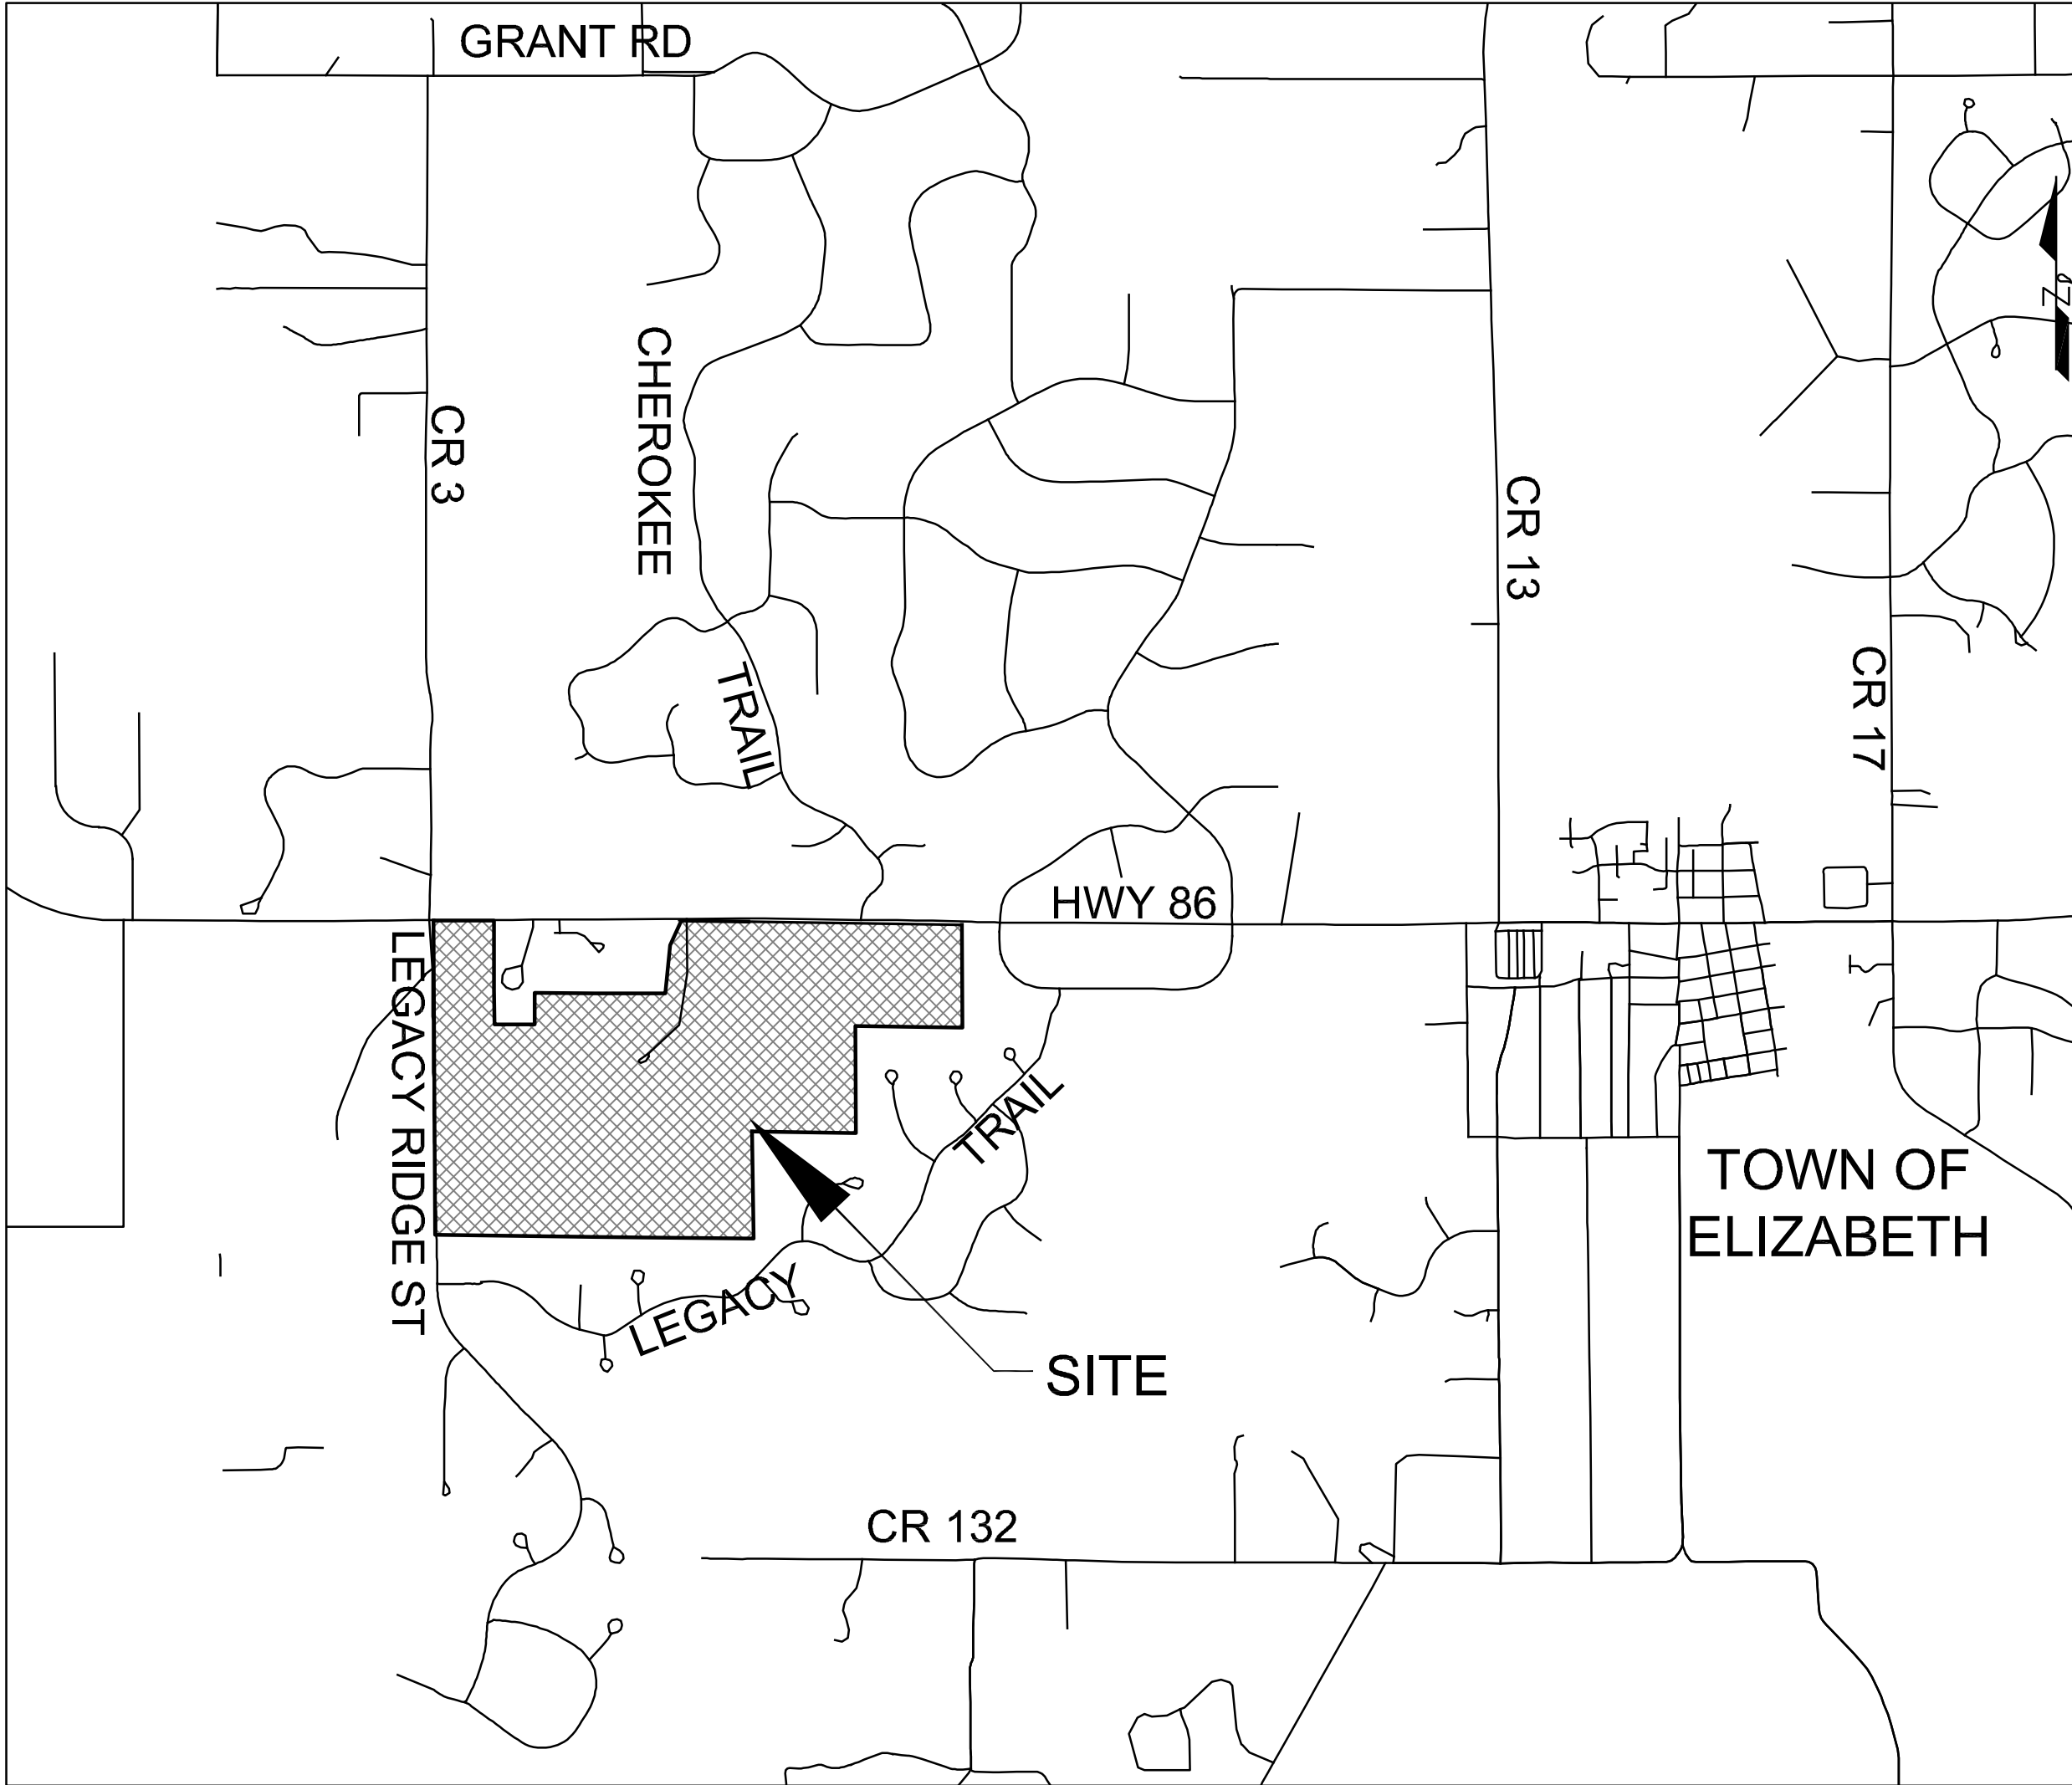

IT ALSO INCLUDES APPROXIMATELY 119.8 ACRES OF DEDICATED OPEN SPACE.

### RESIDENTIAL LOT SIZE:

RESIDENTIAL PLANNING AREAS ..... 235.6 ACRES  
TOTAL NUMBER OF UNITS ..... 623 UNITS  
AVERAGE GROSS PLANNING AREA DENSITY ..... 2.64 DU/AC  
AVERAGE GROSS LOT SIZE ..... 16,473 SQ.FT

## ALTA COMMITMENT FOR TITLE INSURANCE

ISSUED BY  
STEWART TITLE GUARANTY COMPANY

### NOTICE

**IMPORTANT - READ CAREFULLY:** THIS COMMITMENT IS AN OFFER TO ISSUE ONE OR MORE TITLE INSURANCE POLICIES. ALL CLAIMS OR REMEDIES SOUGHT AGAINST THE COMPANY INVOLVING THE CONTENT OF THIS COMMITMENT OR THE POLICY MUST BE BASED SOLELY IN CONTRACT.

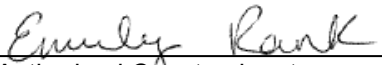

THIS COMMITMENT IS NOT AN ABSTRACT OF TITLE, REPORT OF THE CONDITION OF TITLE, LEGAL OPINION, OPINION OF TITLE, OR OTHER REPRESENTATION OF THE STATUS OF TITLE. THE PROCEDURES USED BY THE COMPANY TO DETERMINE INSURABILITY OF THE TITLE, INCLUDING ANY SEARCH AND EXAMINATION, ARE PROPRIETARY TO THE COMPANY, WERE PERFORMED SOLELY FOR THE BENEFIT OF THE COMPANY, AND CREATE NO EXTRACTIONAL LIABILITY TO ANY PERSON, INCLUDING A PROPOSED INSURED.

THE COMPANY'S OBLIGATION UNDER THIS COMMITMENT IS TO ISSUE A POLICY TO A PROPOSED INSURED IDENTIFIED IN SCHEDULE A IN ACCORDANCE WITH THE TERMS AND PROVISIONS OF THIS COMMITMENT. THE COMPANY HAS NO LIABILITY OR OBLIGATION INVOLVING THE CONTENT OF THIS COMMITMENT TO ANY OTHER PERSON.

### COMMITMENT TO ISSUE POLICY

Subject to the Notice; Schedule B, Part I - Requirements; Schedule B, Part II - Exceptions; and the Commitment Conditions, STEWART TITLE GUARANTY COMPANY, a Texas corporation (the "Company"), commits to issue the Policy according to the terms and provisions of this Commitment. This Commitment is effective as of the Commitment Date shown in Schedule A for each Policy described in Schedule A, only when the Company has entered in Schedule A both the specified dollar amount as the Proposed Policy Amount and the name of the Proposed Insured.

If all of the Schedule B, Part I - Requirements have not been met within six months after the Commitment Date, this Commitment terminates and the Company's liability and obligation end.

## COMMITMENT CONDITIONS

### 1. DEFINITIONS

- (a) "Knowledge" or "Known": Actual or imputed knowledge, but not constructive notice imparted by the Public Records.
- (b) "Land": The land described in Schedule A and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is to be insured by the Policy.
- (c) "Mortgage": A mortgage, deed of trust, or other security instrument, including one evidenced by electronic means authorized by law.
- (d) "Policy": Each contract of title insurance, in a form adopted by the American Land Title Association, issued or to be issued by the Company pursuant to this Commitment.
- (e) "Proposed Insured": Each person identified in Schedule A as the Proposed Insured of each Policy to be issued pursuant to this Commitment.
- (f) "Proposed Policy Amount": Each dollar amount specified in Schedule A as the Proposed Policy Amount of each Policy to be issued pursuant to this Commitment.
- (g) "Public Records": Records established under state statutes at the Commitment Date for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge.
- (h) "Title": The estate or interest described in Schedule A.

- 2. If all of the Schedule B, Part I - Requirements have not been met within the time period specified in the Commitment to Issue Policy, this Commitment terminates and the Company's liability and obligation end.
- 3. The Company's liability and obligation is limited by and this Commitment is not valid without:
  - (a) the Notice;
  - (b) the Commitment to Issue Policy;
  - (c) the Commitment Conditions;
  - (d) Schedule A;
  - (e) Schedule B, Part I - Requirements;
  - (f) Schedule B, Part II - Exceptions; and
  - (g) a countersignature by the Company or its issuing agent that may be in electronic form.

### 4. COMPANY'S RIGHT TO AMEND

The Company may amend this Commitment at any time. If the Company amends this Commitment to add a defect, lien, encumbrance, adverse claim, or other matter recorded in the Public Records prior to the Commitment Date, any liability of the Company is limited by Commitment Condition 5. The Company shall not be liable for any other amendment to this Commitment.

### 5. LIMITATIONS OF LIABILITY

- (a) The Company's liability under Commitment Condition 4 is limited to the Proposed Insured's actual expense incurred in the interval between the Company's delivery to the Proposed Insured of the Commitment and the delivery of the amended Commitment, resulting from the Proposed Insured's good faith reliance to:
  - (i) comply with the Schedule B, Part I - Requirements;
  - (ii) eliminate, with the Company's written consent, any Schedule B, Part II - Exceptions; or
  - (iii) acquire the Title or create the Mortgage covered by this Commitment.
- (b) The Company shall not be liable under Commitment Condition 5(a) if the Proposed Insured requested the amendment or had Knowledge of the matter and did not notify the Company about it in writing.
- (c) The Company will only have liability under Commitment Condition 4 if the Proposed Insured would not have incurred the expense had the Commitment included the added matter when the Commitment was first delivered to the Proposed Insured.

*This page is only a part of a 2016 ALTA® Commitment for Title Insurance. This Commitment is not valid without the Notice; the Commitment to Issue Policy; the Commitment Conditions; Schedule A; Schedule B, Part I - Requirements; and Schedule B, Part II - Exceptions; and a countersignature by the Company or its issuing agent that may be in electronic form.*

**Copyright 2006-2016 American Land Title Association. All rights reserved.**

The use of this Form (or any derivative thereof) is restricted to ALTA licensees and ALTA members in good standing as of the date of use. All other uses are prohibited. Reprinted under license from the American Land Title Association.

File No.: 1812446

ALTA Commitment For Title Insurance 8-1-16

Page 2 of 3

AMERICAN  
LAND TITLE

Page 74

- (d) The Company's liability shall not exceed the lesser of the Proposed Insured's actual expense incurred in good faith and described in Commitment Conditions 5(a)(i) through 5(a)(iii) or the Proposed Policy Amount.
- (e) The Company shall not be liable for the content of the Transaction Identification Data, if any.
- (f) In no event shall the Company be obligated to issue the Policy referred to in this Commitment unless all of the Schedule B, Part I - Requirements have been met to the satisfaction of the Company.
- (g) In any event, the Company's liability is limited by the terms and provisions of the Policy.

**6. LIABILITY OF THE COMPANY MUST BE BASED ON THIS COMMITMENT**

- (a) Only a Proposed Insured identified in Schedule A, and no other person, may make a claim under this Commitment.
- (b) Any claim must be based in contract and must be restricted solely to the terms and provisions of this Commitment.
- (c) Until the Policy is issued, this Commitment, as last revised, is the exclusive and entire agreement between the parties with respect to the subject matter of this Commitment and supersedes all prior commitment negotiations, representations, and proposals of any kind, whether written or oral, express or implied, relating to the subject matter of this Commitment.
- (d) The deletion or modification of any Schedule B, Part II - Exception does not constitute an agreement or obligation to provide coverage beyond the terms and provisions of this Commitment or the Policy.
- (e) Any amendment or endorsement to this Commitment must be in writing and authenticated by a person authorized by the Company.
- (f) When the Policy is issued, all liability and obligation under this Commitment will end and the Company's only liability will be under the Policy.

**7. IF THIS COMMITMENT HAS BEEN ISSUED BY AN ISSUING AGENT**

The issuing agent is the Company's agent only for the limited purpose of issuing title insurance commitments and policies. The issuing agent is not the Company's agent for the purpose of providing closing or settlement services.

**8. PRO-FORMA POLICY**

The Company may provide, at the request of a Proposed Insured, a pro-forma policy illustrating the coverage that the Company may provide. A pro-forma policy neither reflects the status of Title at the time that the pro-forma policy is delivered to a Proposed Insured, nor is it a commitment to insure.

**9. ARBITRATION**

The Policy contains an arbitration clause. All arbitrable matters when the Proposed Policy Amount is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Proposed Insured as the exclusive remedy of the parties. A Proposed Insured may review a copy of the arbitration rules at <<http://www.alta.org/arbitration>>.

## **STEWART TITLE GUARANTY COMPANY**

All notices required to be given the Company and any statement in writing required to be furnished the Company shall be addressed to it at P.O. Box 2029, Houston, Texas 77252-2029.

*This page is only a part of a 2016 ALTA® Commitment for Title Insurance. **File No.:** 1812446

Parcel I:

E1/2 NW1/4, NW1/4 NE1/4 of Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado,

EXCEPT the parcels deeded to the Elbert County Board of County Commissioners in Book 182 at Page 159 and Book 209 at Page 140 and that parcel deeded to the State Highway Department in Book 320 at Page 291, County of Elbert, State of Colorado.

EXCEPT that portion conveyed to The Town of Elizabeth in Special Warranty Deed recorded May 12, 2021 at Reception No. 608125.

Parcel II:

A parcel of land located in the Northeast and Southeast Quarter of Section 15, and the Southwest and Northwest Quarter of Section 14, Township 8 South, Range 65 West of the Sixth Principal Meridian, County of Elbert, State of Colorado, more particularly described as follows:

The basis of bearing of this description is an assumed bearing of North 00° 14' 48" West a distance of 2664.96 feet from a 2" aluminum cap on a number 6 rebar stamped "1999-LS 30830" at the East Quarter corner of said Section 15 to a 2" aluminum cap on a number 6 rebar stamped "1999-LS 30830" at the Northeast corner of said Section 15. Commencing at the North Quarter corner of said Section 15; thence South 00° 24' 05" East along the West line of the Northeast Quarter of said Section 15 a distance of 40.09 feet to a point on the South right of way of Colorado State Highway No. 86; thence along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

1) thence South 89° 56' 30" East a distance of 0.38 feet;  
2) thence South 83° 32' 47" East a distance of 70.12 feet to the point of beginning;  
thence continuing along the South right of way of Colorado State Highway No. 86 the following two (2) courses;  
1) thence South 83° 32' 47" East a distance of 16.52 feet;  
2) thence South 89° 56' 50" East a distance of 739.98 feet to the Northwest corner of a parcel of land described at Book 282, Page 326 filed in the Elbert County Clerk and Recorder's Office;  
thence South 00° 09' 34" East along the West boundary of the lands described at said Book 282, Page 326 a distance of 861.70 feet to the Southwest corner of the lands described at said Book 282, Page 326; said corner also being the Northwest corner of a parcel of land described at Reception No. 476359 filed in the Elbert County Clerk and Recorder's Office; thence along the West, South and East boundary lines of the lands described at said Reception No. 476359 the following three (3) courses;  
1) thence South 00° 09' 34" East a distance of 430.50 feet;  
2) thence North 89° 50' 26" East a distance of 505.93 feet;  
3) thence North 00° 09' 38" West 390.28 feet to the Southwest corner of the lands described at Book 458 Page 364 as filed in the Elbert county Clerk and Recorder's office;  
thence along the South, and East boundary of the lands described at said Book 458 Page 364 the following three (3) courses;  
1) thence South 89° 56' 50" East a distance of 1626.51 feet;  
2) thence North 05° 25' 23" East a distance of 603.03 feet;  
3) thence North 24° 48' 41" East a distance of 333.29 feet to a point on the South right of way of Colorado State Highway No. 86;

## SCHEDULE B PART I

ISSUED BY  
STEWART TITLE GUARANTY COMPANY

File No.: 1812446

### Requirements

All of the following Requirements must be met:

1. The Proposed Insured must notify the Company in writing of the name of any party not referred to in this Commitment who will obtain an interest in the Land or who will make a loan on the Land. The Company may then make additional Requirements or Exceptions.
2. Pay the agreed amount for the estate or interest to be insured.
3. Pay the premiums, fees, and charges for the Policy to the Company.
4. Documents satisfactory to the Company that convey the Title or create the Mortgage to be insured, or both, must be properly authorized, executed, delivered, and recorded in the Public Records.
5. Evidence satisfactory to Stewart Title Guaranty Company of payment of all outstanding taxes and assessments as certified by the County Treasurer.
6. Execution of Affidavit as to Debts and Liens and its return to Stewart Title Guaranty Company.

NOTE: If work has been performed on, or in connection with, the subject property (architectural drawings, soils testing, foundation work, installation of materials), please notify the Company's escrow officer within 10 days of receipt of this title commitment.

7. Payment of any and all Homeowners assessments and expenses which may be assessed to the property.

NOTE: If improvements have been made on, or in connection with, the subject property, please notify the Company's escrow officer within 10 days of receipt of this title commitment.

NOTE: This product is for informational purposes only. It is not a title insurance product and does not provide any form of coverage. This product is not a guarantee or assurance and does not warrant, or otherwise insure any condition, fact or circumstance. This product does not obligate this Company to issue any policies of title insurance for any subsequent transaction based on the information provided or involving the property described herein. This Company's sole liability for any error(s) relating to this product is limited to the amount that was paid for this product.

8. FOR INFORMATIONAL PURPOSES ONLY:

24-month Chain of Title: The only conveyance(s) affecting said land recorded within the 24 months preceding the date of this commitment is (are) as follows:

Parcel I: Warranty Deed recorded August 4, 2022, [in Book 830 at Page 12 as Reception No. 621661](#). Warranty Deed recorded May 12, 2021, [in Book 816 at Page 679 as Reception No. 608125](#). Warranty Deed recorded January 9, 2018, [in Book 783 at Page 571 as Reception No. 574868](#). Parcel II: Warranty Deed recorded June 18, 2009 in [Book 712 at Page 191](#).

*This page is only a part of a 2016 ALTA® Commitment for Title Insurance. This Commitment is not valid without the Notice; the Commitment to Issue Policy; the Commitment Conditions; Schedule A; Schedule B, Part I - Requirements; and Schedule B, Part II -Exceptions; and a countersignature by the Company or its issuing agent that may be in electronic form.*

## SCHEDULE B PART II

ISSUED BY  
STEWART TITLE GUARANTY COMPANY

### Exceptions

File No.: 1812446

THIS COMMITMENT DOES NOT REPUBLISH ANY COVENANT, CONDITION, RESTRICTION, OR LIMITATION CONTAINED IN ANY DOCUMENT REFERRED TO IN THIS COMMITMENT TO THE EXTENT THAT THE SPECIFIC COVENANT, CONDITION, RESTRICTION, OR LIMITATION VIOLATES STATE OR FEDERAL LAW BASED ON RACE, COLOR, RELIGION, SEX, SEXUAL ORIENTATION, GENDER IDENTITY, HANDICAP, FAMILIAL STATUS, OR NATIONAL ORIGIN.

The Policy will not insure against loss or damage resulting from the terms and provisions of any lease or easement identified in Schedule A, and will include the following Exceptions unless cleared to the satisfaction of the Company:

1. Any defect, lien, encumbrance, adverse claim, or other matter that appears for the first time in the Public Records or is created, attaches, or is disclosed between the Commitment Date and the date on which all of the Schedule B, Part I - Requirements are met.
2. Rights or claims of parties in possession, not shown by the public records.
3. Easements, or claims of easements, not shown by the public records.
4. Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the title that would be disclosed by an accurate and complete land survey of the Land and not shown by the public records.
5. Any lien, or right to a lien, for services, labor or material heretofore or hereafter furnished, imposed by law and not shown by the public records.
6. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) Minerals of whatsoever kind, subsurface and surface substances, in, on, under and that may be produced from the Land, together with all rights, privileges, and immunities relating thereto, whether or not the matters excepted under (a), (b) or (c) are shown by the Public Records or listed in Schedule B.
7. Water rights, claims or title to water.
8. Any and all unpaid taxes and assessments and any unredeemed tax sales.
9. Reservations or exceptions contained in U.S. Patents, or in Acts authorizing the issuance thereof, recorded November 18, 1874 in [Book 1 at Page 285](#); August 27, 1891 in [Book 14 at Page 97 as Reception No. 140097](#); December 21, 1891 in [Book 14 at Page 125](#); December 23, 1891 in [Book 14 at Page 126](#); January 17, 1903 in [Book 23 at Page 456](#); March 4, 1907 in [Book 14 at Page 530](#); and, July 20, 1910 in [Book 14 at Page 607](#) and [608](#) reserving 1) Rights of the proprietor of a vein or lode to extract and remove his ore therefrom and 2) rights of way for ditches and canals constructed under the authority of the United States.
10. Conveyance of Easements and Rights-of-Way recorded January 19, 1970 [in Book 271 at Page 451 as Reception No. 187901](#).
11. Slope Easement recorded November 18, 1994 [in Book 507 at Page 89 as Reception No. 326006](#).

# DISCLOSURES

File No.: 1812446

Pursuant to C.R.S. 10-11-122, notice is hereby given that:

- A. THE SUBJECT REAL PROPERTY MAY BE LOCATED IN A SPECIAL TAXING DISTRICT;
- B. A CERTIFICATE OF TAXES DUE LISTING EACH TAXING JURISDICTION SHALL BE OBTAINED FROM THE COUNTY TREASURER OR THE COUNTY TREASURER'S AUTHORIZED AGENT;
- C. INFORMATION REGARDING SPECIAL DISTRICTS AND THE BOUNDARIES OF SUCH DISTRICTS MAY BE OBTAINED FROM THE BOARD OF COUNTY COMMISSIONERS, THE COUNTY CLERK AND RECORDER, OR THE COUNTY ASSESSOR

---

Note: Colorado Division of Insurance Regulations 8-1-2, Section 5, Paragraph G requires that "Every title entity shall be responsible for all matters which appear of record prior to the time of recording whenever the title entity conducts the closing and is responsible for recording or filing of legal documents resulting from the transaction which was closed." Provided that Stewart Title Company conducts the closing of the insured transaction and is responsible for recording the legal documents from the transaction, exception number 1 will not appear on the Owner's Title Policy and the Lender's Title Policy when issued.

---

Note: Colorado Division of Insurance Regulations 8-1-2, Section 5, Paragraph M requires that every title entity shall notify in writing that

Affirmative Mechanic's Lien Protection for the Owner may be available (typically by deletion of Exception No. 5 of Schedule B, Section 2 of the Commitment from the Owner's Policy to be issued) upon compliance with the following conditions:

- A. The land described in Schedule A of this commitment must be a single-family residence, which includes a condominium or townhouse unit.
- B. No labor or materials have been furnished by mechanics or materialmen for purposes of construction on the land described in Schedule A of this Commitment within the past 6 months.
- C. The Company must receive an appropriate affidavit indemnifying the Company against unfilled Mechanic's and Materialmen's Liens.
- D. The Company must receive payment of the appropriate premium.
- E. If there has been construction, improvements or major repairs undertaken on the property to be purchased, within six months prior to the Date of the Commitment, the requirements to obtain coverage for unrecorded liens will include: disclosure of certain construction information; financial information as to the seller, the builder and/or the contractor; payment of the appropriate premium; fully executed Indemnity agreements satisfactory to the company; and, any additional requirements as may be necessary after an examination of the aforesaid information by the Company.

No coverage will be given under any circumstances for labor or material for which the insured has contracted for or agreed to pay.

---

To comply with the provisions of C.R.S. 10-11-123, the Company makes the following disclosure:

- a. That there is recorded evidence that a mineral estate has been severed, leased or otherwise conveyed from the surface estate and that there is a substantial likelihood that a third party holds some or all interest in oil, gas, other minerals, or geothermal energy in the property; and
- b. That such mineral estate may include the right to enter and use the property without the surface owner's permission.

**NOTE: THIS DISCLOSURE APPLIES ONLY IF SCHEDULE B, SECTION 2 OF THE TITLE COMMITMENT HEREIN INCLUDES AN EXCEPTION FOR SEVERED MINERALS.**

---

**Notice of Availability of a Closing Protection Letter:** Pursuant to Colorado Division of Insurance Regulation 8-1-3, Section 5, Paragraph C (11)(f), a closing protection letter is available to the consumer.

---

NOTHING HEREIN CONTAINED WILL BE DEEMED TO OBLIGATE THE COMPANY TO PROVIDE ANY OF THE COVERAGES REFERRED TO HEREIN, UNLESS THE ABOVE CONDITIONS ARE FULLY SATISFIED.

## EXHIBIT A

### Parcel I:

E1/2 NW1/4, NW1/4 NE1/4 of Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado, EXCEPT the parcels deeded to the Elbert County Board of County Commissioners in Book 182 at Page 159 and Book 209 at Page 140 and that parcel deeded to the State Highway Department in Book 320 at Page 291, County of Elbert, State of Colorado. EXCEPT that portion conveyed to The Town of Elizabeth in Special Warranty Deed recorded May 12, 2021 at Reception No. 608125.

### Parcel II:

A parcel of land located in the Northeast and Southeast Quarter of Section 15, and the Southwest and Northwest Quarter of Section 14, Township 8 South, Range 65 West of the Sixth Principal Meridian, County of Elbert, State of Colorado, more particularly described as follows: The basis of bearing of this description is an assumed bearing of North 00° 14' 48" West a distance of 2664.96 feet from a 2" aluminum cap on a number 6 rebar stamped " 1999-LS 30830" at the East Quarter corner of said Section 15 to a 2" aluminum cap on a number 6 rebar stamped "1999-LS 30830" at the Northeast corner of said Section 15. Commencing at the North Quarter corner of said Section 15; thence South 00° 24' 05" East along the West line of the Northeast Quarter of said Section 15 a distance of 40.09 feet to a point on the South right of way of Colorado State Highway No. 86; thence along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

- 1) thence South 89° 56' 30" East a distance of 0.38 feet;
- 2) thence South 83° 32' 47" East a distance of 70.12 feet to the point of beginning; thence continuing along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

- 1) thence South 83° 32' 47" East a distance of 16.52 feet;
- 2) thence South 89° 56' 50" East a distance of 739.98 feet to the Northwest corner of a parcel of land described at Book 282, Page 326 filed in the Elbert County Clerk and Recorder's Office; thence South 00° 09' 34" East along the West boundary of the lands described at said Book 282, Page 326 a distance of 861.70 feet to the Southwest corner of the lands described at said Book 282, Page 326; said corner also being the Northwest corner of a parcel of land described at Reception No. 476359 filed in the Elbert County Clerk and Recorder's Office; thence along the West, South and East boundary lines of the lands described at said Reception No. 476359 the following three (3) courses;

- 1) thence South 00° 09' 34" East a distance of 430.50 feet;
- 2) thence North 89° 50' 26" East a distance of 505.93 feet;
- 3) thence North 00° 09' 38" West 390.28 feet to the Southwest corner of the lands described at Book 458 Page 364 as filed in the Elbert county Clerk and Recorder's office; thence along the South, and East boundary of the lands described at said Book 458 Page 364 the following three (3) courses;
- 1) thence South 89° 56' 50" East a distance of 1626.51 feet;
- 2) thence North 05° 25' 23" East a distance of 603.03 feet;
- 3) thence North 24° 48' 41" East a distance of 333.29 feet to a point on the South right of way of Colorado State Highway No. 86; thence South 89° 12' 30" East along the South right of way line of Colorado State Highway No. 86 a distance of 834.80 feet to a point on the West Boundary of the lands described at Book 377 Page 350 filed in the Elbert County Clerk and Recorder's Office; thence South 00° 58' 55" East along the West boundary of the lands described at said Book 377, Page 350 a distance of 2613.60 feet to the Northwest corner of Lot 18, Wild Pointe, a Subdivision filed in the Elbert County Clerk and Recorder's Office at Plat Book 12, Page 54, thence along the boundary of said Wild Pointe the following three (3) courses;

- 1) thence South 01° 02' 37" East a distance of 1334.48 feet;
- 2) thence North 89° 26' 35" West a distance of 1394.52 feet;
- 3) thence North 89° 18' 17" West a distance of 2570.30 feet; said point being 70.00 feet East of the Westerly line of the Southeast Quarter of said Section 15; thence North 00° 24' 05" West along a line parallel with and 70.00 feet Easterly of the West line of the Southwest Quarter and the Northwest Quarter of said Section 15 a distance of 3916.04 feet to the point of beginning. Less and Except that portion Deeded to the Town of Elizabeth as described in Deed recorded May 12, 2021 at Reception No. 608123, more particularly described as follows: A parcel of property located in Section 15, Township 8 South,

Range 65 West of the 6th P.M. County of Elbert, State of Colorado being more particularly described as follows: Commencing at the North Quarter corner of said Section 15 and considering the West line of the Northwest Quarter of said Section 15 to bear South 00° 22' 36"

East with all bearing contained herein relative thereto; thence South 00° 22' 36" East along said West line, a distance of 40.09 feet to a point on the South right of way line of State Highway 86; thence South 89° 54' 23" East along said South right of way line, a distance of 0.37 feet; thence South 83° 31' 18" East, along said South right of way line, a distance of 70.12 feet to the point of beginning; thence along said South right of way line the following (2) two courses;

1) South 83° 31' 18" East, a distance of 16.55 feet;

2) South 89° 55' 08" East, a distance of 740.68 feet;

thence South 00° 04' 52" West, a distance of 35.00 feet; thence North 89° 53' 29" West, a distance of 756.81 feet; thence North 00° 22' 36" West, a distance of 39.35 feet to point on the South right of way line of said State Highway 86 and the point of beginning, County of Elbert, State of Colorado. Also Less and Except that portion Deeded to the Town of Elizabeth as described in Deed recorded May 12, 2021 at Reception No. 608124, more particularly described as follows: A parcel of property located in Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado being more particularly described as follows: Commencing at the Northwest corner of said Section 14 and considering the North line of the Northwest Quarter of said Section 14 to bear South 89° 10' 20"

East with all bearing contained herein relative thereto; thence South 89° 10' 20" East along said North line, a distance of 493.71 feet; thence South 00° 49' 38" West, a distance of 49.72 feet to a point on the South right-of-way line of State Highway 86 and the point of beginning; thence North 89° 10' 49" East, along said South right-of-way line, a distance of 836.00 feet; thence South 00° 12' 35" East, a distance of 37.90 feet; thence South 89° 10' 20" East, a distance of 853.48 feet; thence North 24° 47' 53" East, a distance of 41.34 feet to the point of beginning, County of Elbert, State of Colorado.

## TABLE OF CONTENTS

SECTION 1	INTRODUCTION	3
SECTION 2	COMPREHENSIVE PLAN REVIEW	6
SECTION 3	ECONOMIC CHARACTERISTICS	10
SECTION 4	MARKET ASSESSMENT	18
SECTION 5	FISCAL IMPACT ANALYSIS	20

## EXECUTIVE SUMMARY

The purpose of this analysis is to describe the fiscal impact to the Town of Elizabeth, Colorado (the “Town”) associated with the development of Elizabeth West (the “Project”), a 623 single-family unit residential, master-planned, multi-use community. Anticipated uses within the community include: single-family residential, commercial retail uses, professional office, and community recreational amenities such as a park, playground, and open space tracts.

This analysis reviews the Project with respect to the market, the community’s Comprehensive Plan and with respect to fiscal impacts.

### **1. The Market**

The Elizabeth area is growing. According to our review of the area’s demographics, there is sufficient demand for the homes and retail/commercial uses planned as part of the Project.

### **2. The Comprehensive Plan**

The Comprehensive Plan is an advisory document; a framework for decision-making; presenting a forward-looking vision to give guidance to Town leadership. The Comprehensive Plan may be changed from time-to-time as needed to address changing conditions.

The Project conforms with the spirit of the Town’s Comprehensive Plan by preserving open spaces and facilitating land use in an orderly, sustainable, and integrated fashion. However, the amount of space allocated for retail development in the Town’s Future Land Use Plan is more than is reasonable for the area. The proposed retail development contained in the PUD submittal for the Project is more than adequate to serve the needs of the Town for the next 30 to 50 years and is excessive considering the magnitude of the Project.

### **3. Fiscal Impact**

At full build-out, the Project is estimated to generate approximately \$16,992 in revenue per acre, which compares favorably to an estimated approximately \$14,902 in public service expense per acre in the same timeframe, which indicates a positive fiscal impact to the Town.

# SECTION 1

## INTRODUCTION

### INTRODUCTION

The purpose of this analysis is to describe the fiscal impact to the Town of Elizabeth, Colorado (the “Town”) associated with the development of Elizabeth West (the “Project”), a master-planned, multi-use community. Anticipated uses within the community include: single-family residential, commercial retail uses, professional office, and community recreational amenities such as a park, playground, and open space tracts.

The Project addresses approximately 426 contiguous acres, which has been annexed by the Town. MF Investment Partners, LLC, (hereinafter referred to as the “Applicant”) has agreed to provide water rights, well sites, extend current Town water and sewer service and pay for certain improvements to State Highway 86 as necessary to serve the community. These improvements represent significant infrastructure investments. Into the future, the Town and other service providers such as the Elizabeth Fire District and the Elizabeth School District will receive revenues (various fees and taxes) generated by the Project, which will be used to pay for services for its residents and for ongoing infrastructure maintenance needs. The goal of this analysis is to help the Town understand the implications of the potential revenues generated by the Project.

PGAV has been retained to develop an independent analysis of the taxable transaction and tax revenue generation potential of the proposed future commercial and residential assets within the Project.

PGAV, headquartered in St. Louis, Missouri, is a nationally recognized firm with expertise in the preparation of bond feasibility studies. PGAV has performed analyses of historic trends and projections of real property taxes, sales taxes and taxes associated with various types of tax increment financing districts and other special taxing districts in support of bond financings. Recent locations where PGAV has been involved with financial feasibility analyses include St. Louis, Missouri; Columbus, Ohio; Denver, Colorado; Kansas City, Missouri; Kansas City, Kansas; Memphis, Tennessee; Cleveland, Ohio; Wharton, Texas; and Elizabeth, Colorado. PGAV has personnel who are members of the National Federation of Municipal Analysts (“NFMA”). Andy Struckhoff, DFCP, AICP, Vice President of PGAV in charge of the Planners group, is a member of the Council of Development Finance Agencies (“CDFA”).

**Exhibit A – Project Site Plan**, on the following page, shows the land use of the Project. The Project, Elizabeth West, is a 426-acre development that is anticipated to contain dedicated open space with detention areas, a park, single-family residential, neighborhood commercial, and commercial mixed use. The land use plan on the following page describes and illustrates the Project components.

## SECTION 2

# COMPREHENSIVE PLAN REVIEW

In December 2019, the Town completed and adopted the Town of Elizabeth Comprehensive Plan (the “Comprehensive Plan”). The Comprehensive Plan lays out the community’s vision and goals for future land use and development. The area that would be subject to the Project is addressed in the Comprehensive Plan and denoted in the Future Land Use map for the following uses:<sup>1</sup>

***Estate Residential:*** *The future land use plan assumes that some areas within the Town limits of Elizabeth would develop in a much lower residential orientation, ranging from one home on a half-acre parcel to one home on a two-acre parcel. This general density range would be similar to many of the existing residential subdivisions that have been developed on the edges of Elizabeth, within Elbert County, over the last few decades.*

***Low Density Residential:***<sup>2</sup> *“Low Density Residential” identifies locations where lower density residential development, typical of post-war suburban communities around Colorado, would logically locate. As depicted on the future land use plan, these areas are focused in particular along Highway 86 to the west of Elizabeth and near Highway 86 and County Road 21, to the east of Town. This land use category assumes a general range for residential densities of 2 to 4 dwelling units per acre (on a gross basis). Within Low Density Residential, the Town also encourages the use of “clustered development” techniques that would preserve larger areas of trees or other key open space and environmental assets as open space, and cluster homes in other areas of a development. The Elizabeth West PUD submittal complies with the low-density residential guidelines.*

***Retail/Commercial:*** *“Retail/Commercial” areas depict locations where neighborhood or regional-level commercial centers could be located in the Elizabeth area over the next two decades. These areas include key intersections along Highway 86, to the east and west of the current Town.*

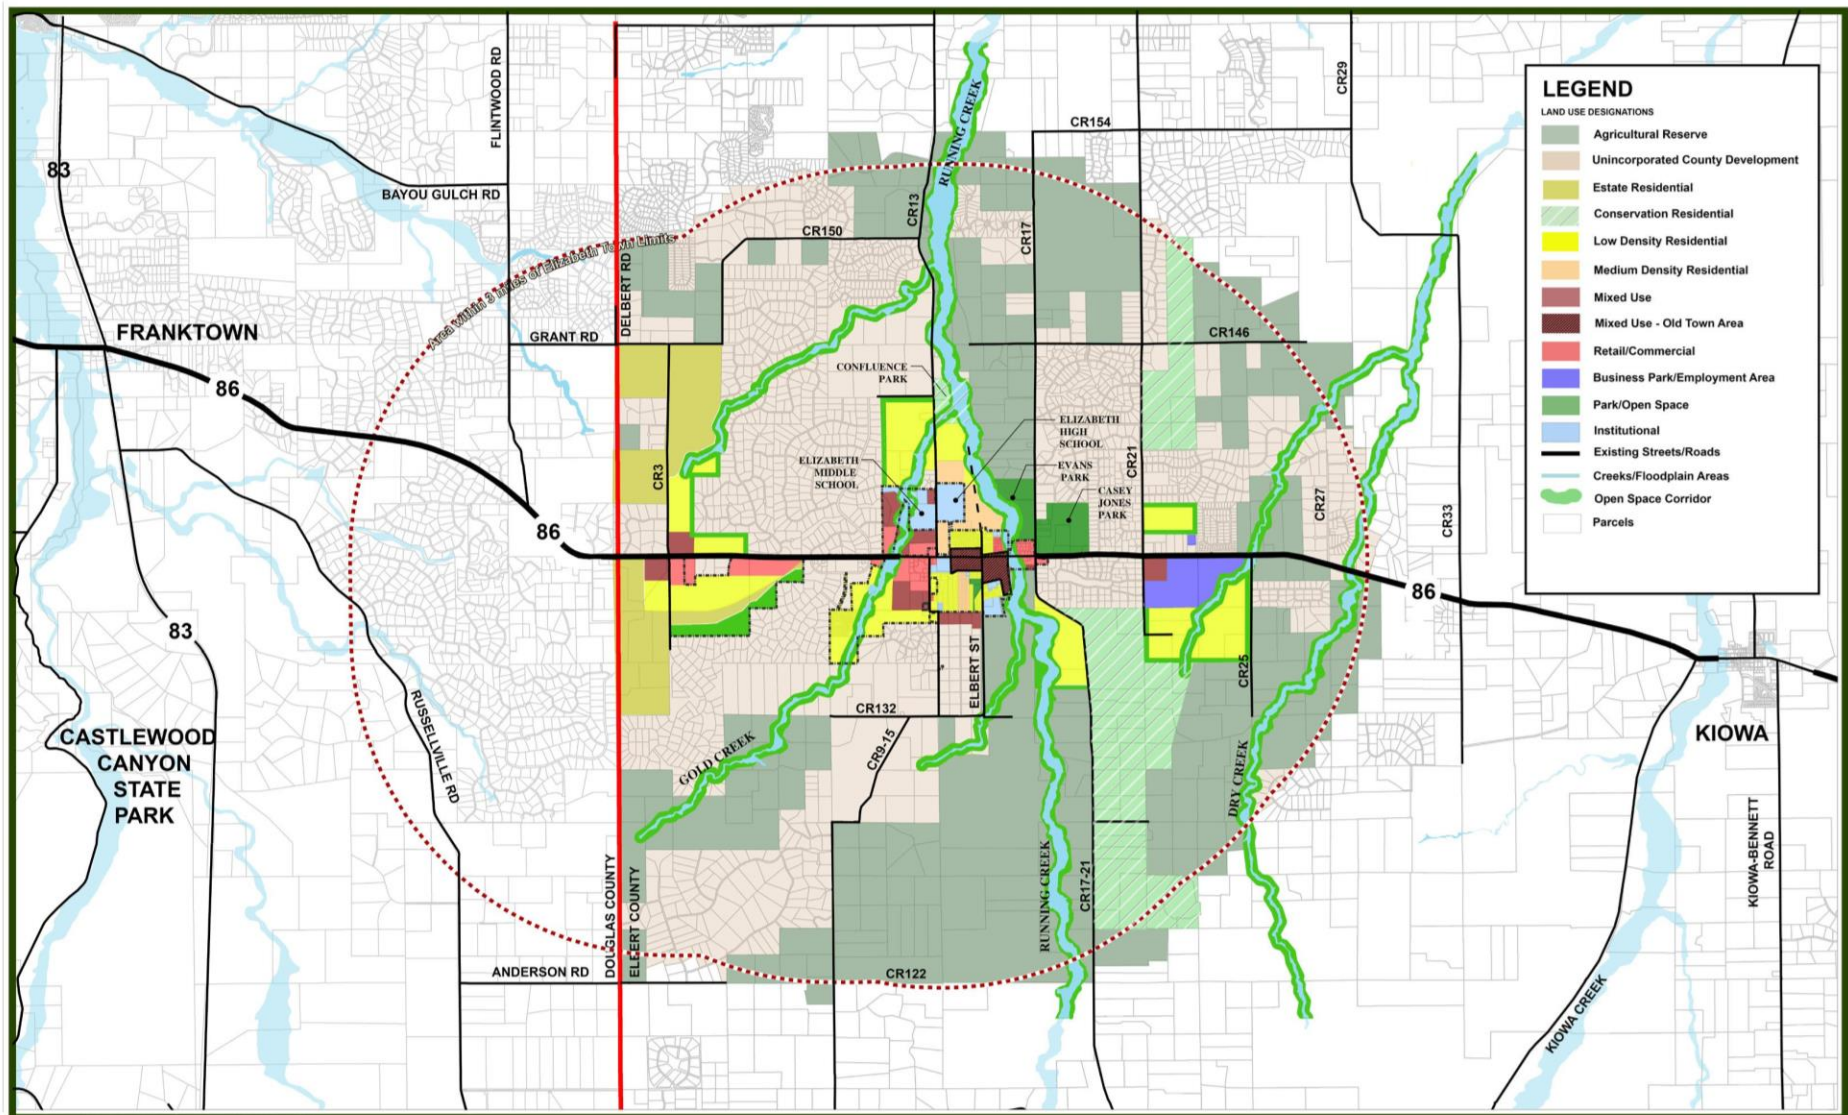

A copy of the Future Land Use Map from the Comprehensive Plan is shown on the following page.

---

<sup>1</sup> Source: Comprehensive Plan

<sup>2</sup> The Project is shown as predominantly Low Density Residential in the Comprehensive Plan.

**Elizabeth Comprehensive Plan**  
Future Land Use Plan

J-18508

Date of Exhibit: 11/13/2019  
ESRI World Imagery Base Map: 6/2017

The residential uses planned as part of the Project conform with the residential land uses described in the Future Land Use Map and the Comprehensive Plan. The Future Land Use Map designates approximately 224 acres for Commercial/Retail, which is much more than the approximately 34 acres the Project proposes for Commercial/Retail development.<sup>3</sup> The Future Land Use Map also designates considerably more land than is either necessary or appropriate for Commercial/Retail development.

When considering an appropriate amount of land to set aside for Commercial/Retail development, the Town should consider the following:

1. Market support for the type and scale of Commercial/Residential development contemplated in the Comprehensive Plan.
2. The ability of the Town's residents and the regional population to support this scale of retail development at this location.
3. The overall goals and objectives of the Town as expressed in the Comprehensive Plan.

### **1. Market Support**

The Future Land Use Map designates approximately 224 acres for commercial/retail development. Assuming a floor-area ratio of 0.375, this area of land could hold approximately 3.65 million square feet of retail building area.<sup>4</sup> As indicated earlier in this report, available demand within a 20-minute drive of the Town indicates support for up-to approximately 1.5 million square feet of retail space, which is far less than the 3.65 million square feet envisioned in the Comprehensive Plan.

Even as the Town may build out its residential areas in line with the Comprehensive Plan, support may not come from commercial retail tenants as many have site selection criteria that eliminate the Town from consideration as the overall population would likely not yet be enough to support them. A list of retailers and their site selection criteria, with indications whether the Town meets site selection criteria, is included in the Appendix to this Report.

### **2. Ability of the Town's Residents and Regional Population to Support this Scale of Retail**

A commonly used metric one may use to measure the ability of a given area to support a proposed amount of retail development is to consider the amount of retail square footage per household the overall market currently supports and may support in the future. A review of retail inventory and households in the Denver MSA indicates a retail inventory of approximately 48.3 million square feet to serve approximately 1.2 million households, which equates to approximately 40 square feet of retail building space per household in the Denver MSA.

---

<sup>3</sup> PGAV calculation of the areas shown on the Future Land Use Map.

<sup>4</sup> Floor-Area Ratio is the ratio of building area to land area. A floor-area ratio of 0.375 in this case is indicative of a blend of "neighborhood" and "regional" commercial centers as described in the Comprehensive Plan.

The Town's Future Land Use Map designates approximately 224 acres for commercial/retail development. Assuming a floor-area ratio of 0.375, this area of land could accommodate approximately 3.65 million square feet of retail building area.<sup>5</sup> This amount of retail building area translates to approximately 1,228 square feet of retail building per household in the Town; approximately 129 square feet of retail building area per household in the County, and approximately 155 square feet of retail building area per household in the Trade Area (20-minute drive time described earlier in this Report).

This amount of retail development is much more than the Town, the County, and the Trade Area could reasonably expect to support. In order to support this amount of retail area on the same level as the rest of the Denver MSA (i.e., approximately 40 square feet of retail space per household) would require more than 91,000 households in the Town and the County, which is orders of magnitude more than currently contemplated in the adopted Comprehensive Plan.

Currently, the Market may support some additional retail, as described in this Report, such that the amount of commercial and retail space contemplated in the Project may be readily absorbed on the heels of residential development. As commercial/retail development is contemplated, it is important to also consider the site requirements of major retailers.

### **3. Overall Goals and Objectives of the Comprehensive Plan**

The community's goals as expressed in the Comprehensive Plan favor economy in land use and development to support the physical character of the community, its fiscal well-being, to avoid urban sprawl, and to maintain a sustainable balance in land uses between residential, commercial, office/business park, industrial, and park/open space land uses. Setting aside approximately 224 acres for commercial/retail development contradicts this stated goal and challenges the ability of the Town to facilitate land use in an orderly, sustainable, and integrated fashion. The land set aside for commercial/retail development is more than the Town, the County, and the Trade Area could reasonably be expected to support. This order of magnitude of commercial/retail land use designation ignores the generally accepted site selection criteria associated with commercial/retail uses and creates a future land use scenario in which the land may (a) never develop according to this intended use or (b), should it ever develop fully, would create a sprawling and unsustainable mix of land uses.

The Comprehensive Plan ignored land currently set aside for commercial/retail development, such as the 12 acres at the south side of State Highway 86 east of the Project, in unincorporated Elbert County which land continues to await development and should have been considered and included in the Future Land Use Map.

---

<sup>5</sup> Floor-Area Ratio is the ratio of building area to land area. A floor-area ratio of 0.375 in this case is indicative of a blend of "neighborhood" and "regional" commercial centers as described in the Comprehensive Plan.

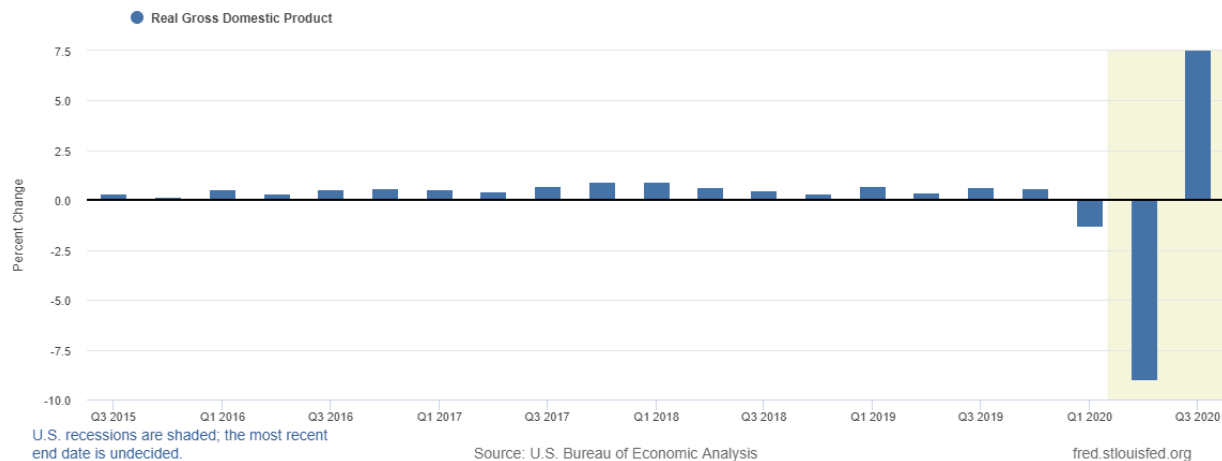

## SECTION 3

### ECONOMIC CHARACTERISTICS

#### NATIONAL ECONOMIC OUTLOOK

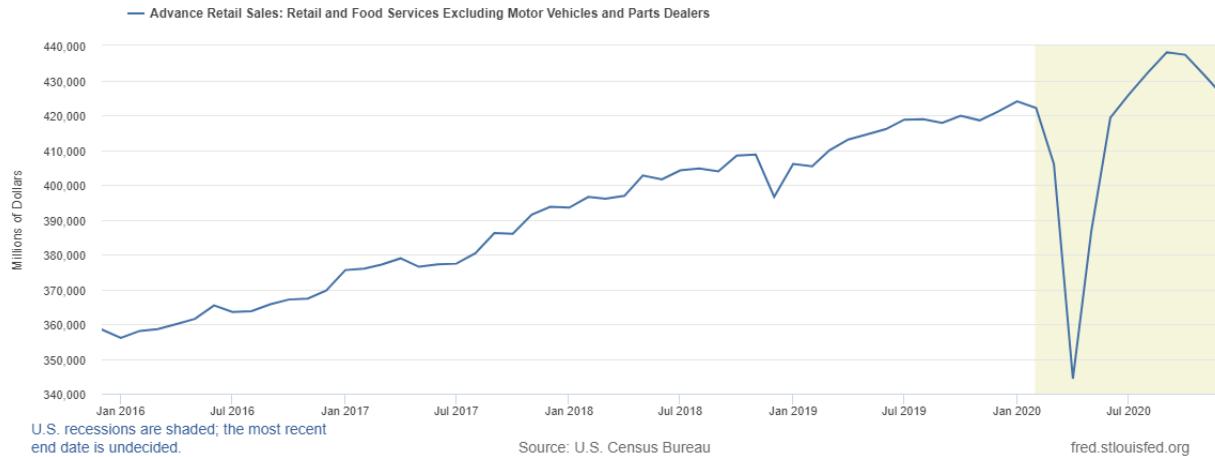

The Bureau of Economic Analysis' estimate of Gross Domestic Product ("GDP") from 2012 to present shows that the US has reached a place of stability and slow growth. Following the recession in 2008, the US economy had strong spikes in growth in 2012 and again in 2014, but also experienced periods of decline.

**Figure 1 – Gross Domestic Product**, below, shows this fluctuation in the US economy over the past 7 years.

**Figure 2 – Retail Sales & Food Services**, on the following page, shows monthly nationwide retail sales (seasonally adjusted and excluding vehicles and parts dealers' sales). The source information for this figure is the U.S. Department of Commerce and the Census Bureau's monthly "Advance Monthly Sales for Retail and Food Services" release.

**Figure 2 – Retail Sales & Food Services Excluding Motor Vehicles & Parts Dealers (2016-2020)**

**Figure 3 – E-Commerce Retail Sales as a Percent of Total Sales (2015-2020)**

**Figure 3 – E-Commerce Retail Sales as a Percent of Total Sales (2015-2020)**, above, indicates that E-Commerce sales increased significantly during the pandemic and associated recession – as one might expect as many Americans restricted personal trips and shopping excursions as much as comfortable. Notable is the decline in E-Commerce percentage later in 2020 percentage, indicating consumer return to normal patterns of behavior and that gain in E-Commerce sales seen during the height of the pandemic may not be immutable.

## METROPOLITAN AREA OVERVIEW

The Project is located on the western boundary of the Town of Elizabeth, Colorado, north and east of the intersection of CO-86 and County Road 3. The Town is a bedroom community to both Denver and Colorado Springs, Colorado, located about halfway between the two cities east of Interstate 25 and State Highway 86. Elizabeth is located in the northwest quadrant of Elbert County. Elbert County is included in the Denver-Aurora-Lakewood, Colorado Metropolitan Statistical Area.

Elizabeth has experienced significant residential growth in recent years as suburban Denver growth pressures encourage homebuyers to look to Elizabeth for new homes.

**Table 1 – Forecasted Population Growth 2020-2025**, below, shows forecasted growth in the area in terms of population and households. Demographic trends in the area surrounding the Project are highlighted in the following tables via the inclusion of demographics for a later-defined “Trade Area,” the County and the State of Colorado.

<b>Table 1</b> <b>Forecasted Annual Population Growth 2020-2025</b>						
	Population			Households		
	2020	2025	%Change	2020	2025	%Change
<b>Trade Area</b>	62,252	69,195	2.1%	21,369	23,718	2.1%
<b>Elizabeth</b>	1,461	1,600	1.8%	533	589	2.0%
<b>Elbert County</b>	26,772	30,480	2.6%	9,775	11,151	2.7%
<b>Colorado</b>	5,857,922	6,283,296	1.4%	2,285,136	2,448,665	1.4%

Source: Esri

The Trade Area is currently a bedroom community that is beginning to experience growth and development. The projected growth in population and households over the next five years is driven by homebuyers seeking a small-town lifestyle within reasonable drive-times of Denver and Colorado Springs. The development in close proximity to the Project, and the potential for additional residential development in the surrounding area is expected to satisfy a significant portion of projected growth in the Trade Area.

The Trade Area is projected to add approximately 2,350 households through 2030. The Project's estimated 623 additional housing units would satisfy only approximately 27% of the demand for housing encouraged by the area's population growth.

**Table 2 – Forecasted Income Growth**, below, suggests that incomes in the Trade Area, County, and State will continue to grow on an average annual basis through 2025. The table also drives home how much wealth there is in the Trade Area, especially as compared to Colorado as a whole.

**Table 2**  
**Forecasted Income Growth**

	Median Household Income		
	2020	2025	%Change
<b>Trade Area</b>	\$ 107,077	\$ 114,145	1.3%
<b>Elizabeth</b>	\$ 85,626	\$ 91,303	1.3%
<b>Elbert County</b>	\$ 89,573	\$ 97,034	1.6%
<b>Colorado</b>	\$ 73,219	\$ 73,420	0.1%

Source: Esri

**Exhibit B – Population Density**, below, shows the Project’s location indicated with a blue star, and 2020 population density (per square mile) by census tract<sup>6</sup>. As seen below, the project site falls between the population centers of both Denver to the north and Colorado Springs to the south. The Town of Elizabeth and the immediate surrounding areas are, by comparison, sparsely populated.

### Exhibit B - Population Density

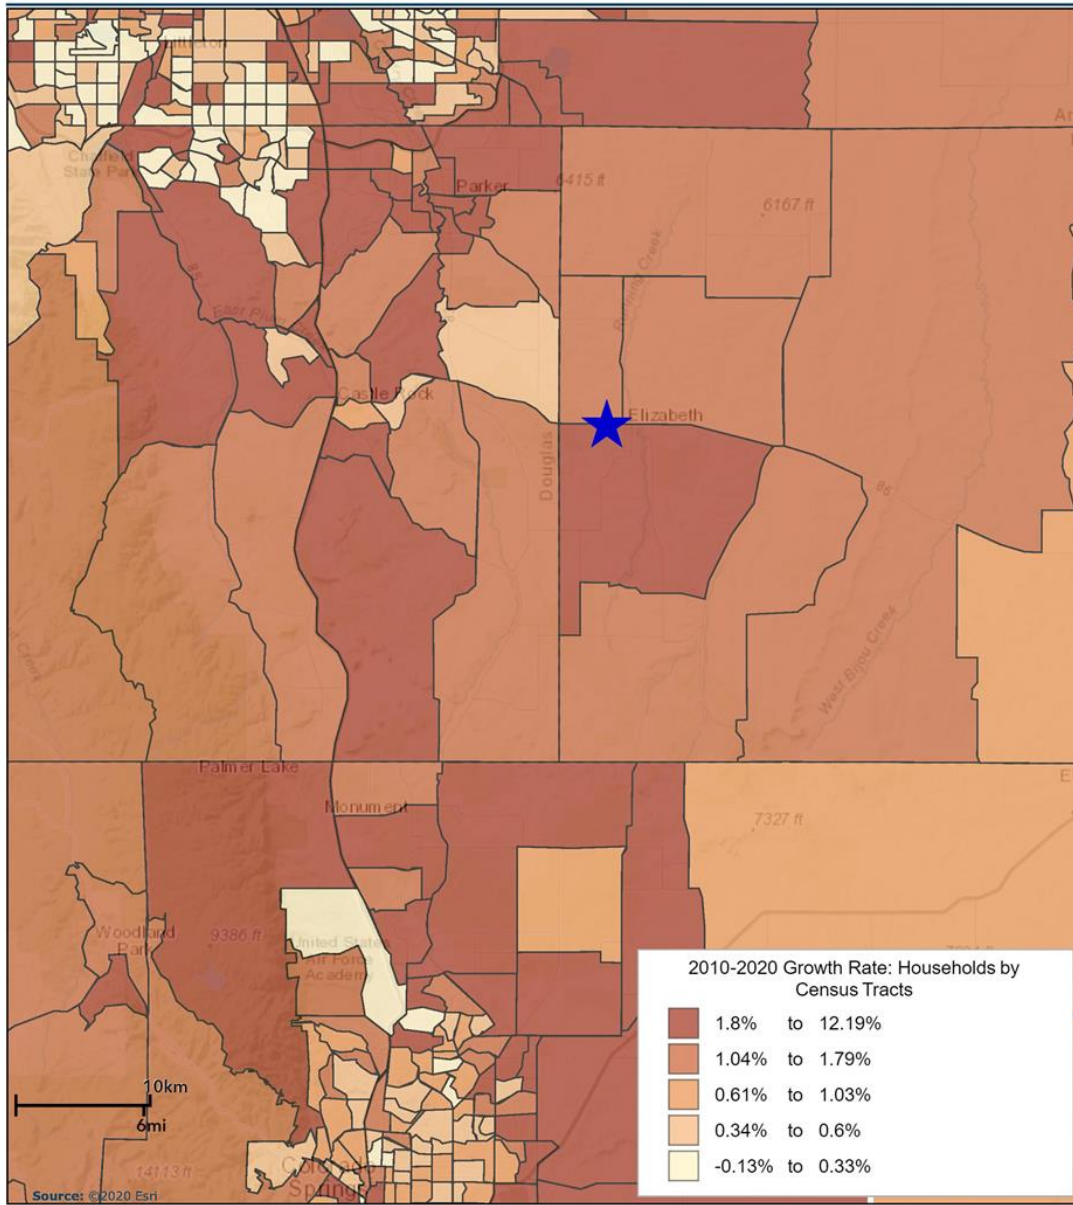

2020 Population Density by Census Tracts (estimated)

## Exhibit C - Household Growth

2010-2020 Growth Rate: Households by Census Tracts

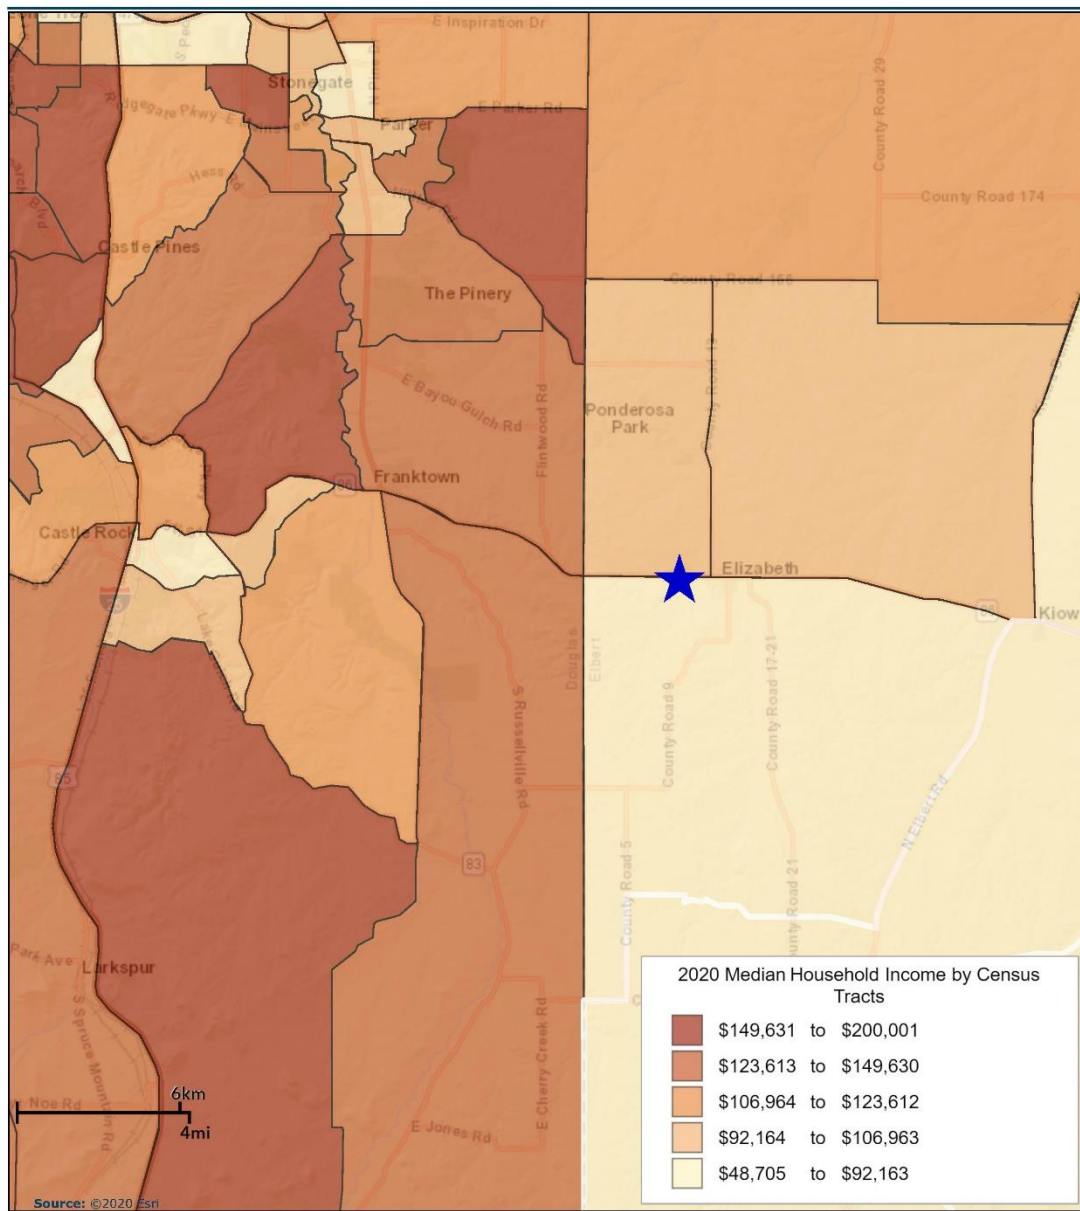

**Exhibit C – Household Growth**, below, shows household growth by census tract. As shown, census tracts immediately surrounding the project site (indicated with a blue star) have seen strong growth since 2010. Unlike parts of the metropolitan areas, the growth in the outlying areas of Denver and Colorado Springs have experienced consistently strong growth in recent years.

**Exhibit D – Median Household Income**, below, shows median household income by census tract in the area surrounding the project site (indicated with a blue star). As shown, the median household income levels are much higher than the Colorado average of \$73,219. In some areas, the median household income is more than double the state-wide average.

### Exhibit D - Median Household Income

2020 Median Household Income by Census Tracts

**Exhibit E – Per Capita Income**, below, shows per capita income by census tract.

Exhibit E - Per Capita Income

## SECTION 4

### MARKET ASSESSMENT

#### ESTIMATE OF COMMERCIAL MARKET VALUES

Commercial development planned for the Project includes 12 acres of regional commercial (PA-1), 23.9 acres of commercial mixed use (PA-2 and PA-13). Statutory market value for the Project's planned retail development was estimated using retail buildings within the Project's vicinity. Selected properties include multi-tenant neighborhood retail buildings, single-tenant retail buildings, and restaurants. The table on the following page presents estimates of statutory actual values associated with the type and scale of future development planned for the Project.

Planned Commercial Development							
Building Type	Location	Estimated Year of Completion	Square Feet	Appraised Value - Improvements	Appraised Value - Land	Estimated Statutory Market Value	Estimated Statutory Market Value per Square Foot
Neighborhood Commercial	PA-1	2026	115,000			\$ 28,750,000	\$ 250
Commercial Mixed Use	PA-2	2026	40,000			\$ 10,000,000	\$ 250
Commercial Mixed Use	PA-13	2026	75,000			\$ 18,750,000	\$ 250
Comparable Properties							
Property	Parcel	Year Built	Square Feet	Appraised Value - Improvements	Appraised Value - Land	Total Appraised Value	Statutory Market Value per Square Foot
Neighborhood Shopping Center 6583 Parker Rd	34932542	2016	7,737	\$ 2,452,412	\$ 965,588	\$ 3,418,000	\$ 442
Neighborhood Shopping Center	0.5 Miles E 8513124002	2012	14,997	\$ 1,315,805	\$ 377,130	\$ 1,692,935	\$ 113
Neighborhood Shopping Center	0.5 Miles E 8513123001	2012	12,100	\$ 1,306,456	\$ 456,754	\$ 1,763,210	\$ 146

Note: The values shown above for "Comparable Properties" are used to generate Estimated Statutory Market Values for Project components planned for development. Estimated Statutory Market Values are shown in current-year dollars.

## ESTIMATE OF RESIDENTIAL MARKET VALUES

Residential development planned for the Project includes approximately 623 single-family units. The table on the following page presents estimates of statutory actual values associated with the type and scale of residential development planned for the Project. The selected comparable properties are located in the Town of Elizabeth, Elbert County, Douglas County, and El Paso County.

Planned Residential Development					
	Square Feet	Units	Average Unit Size (Square Feet)	Total Appraised Value	Statutory Market Value per SF
Single-Family Residential	1,246,000	623	2,000	\$ 224,280,000	\$ 180
Comparable Single-Family Residential Detached					
Property	Square Feet	Appraised Value - Improvements	Appraised Value - Land	Total Appraised Value	Statutory Market Value per SF
Gold Creek Valley - Evans - 1377 Curleaf St	2,138	\$ 347,800	\$ 70,000	\$ 417,800	\$ 195
Gold Creek Valley - Tabor - 1387 Curleaf St	1,813	\$ 254,700	\$ 70,000	\$ 324,700	\$ 179
Gold Creek Valley - 1339 Curleaf St	2,508	\$ 300,700	\$ 70,000	\$ 370,700	\$ 148
2550 Gold Creek Drive	2,670	\$ 436,000	\$ 145,000	\$ 581,000	\$ 218
42028 Oakwood St	3,272	\$ 423,900	\$ 125,000	\$ 548,900	\$ 168

## SECTION 5

# FISCAL IMPACT ANALYSIS

### OVERVIEW OF ESTIMATED TAX REVENUE SOURCES

This analysis estimates revenues generated by sales taxes, annexation impact fees, tap fees, use tax, and property taxes.

### SALES TAX REVENUE ESTIMATES

#### **Taxable Sales**

The basis of revenue generation is the taxable transactions that will take place within the Project.

Taxable sales do not include products sold to nonprofit organizations and products sold at wholesale to other retailers. Also excluded from taxable sales are sales of food for home consumption and certain medical items such as drugs dispensed with a prescription and corrective eyeglasses.

**Estimated Taxable Retail Sales**, on the following page, shows estimated taxable sales for the potential retail commercial uses assuming full absorption by the year 2033. This analysis estimates average taxable sales volume of \$350 across all retail uses. This estimate reflects that retail commercial uses of various types may ultimately occupy the planned commercial retail space, including but not limited to: grocery, restaurant, clothing stores, brokerage offices, dry cleaners, salons, and other retail, dining or service-oriented establishments. PGAV has analyzed many shopping centers of this size and type, reviewed taxable sales generated by these types of shopping centers, and projected taxable sales. In light of our experience, sales volume per square foot of \$350 is a reasonable estimate.

Speculative Retail Development is anticipated to be completed by the year 2033. **Estimated Sales Tax Revenues**, on the following page, shows revenue projections pursuant to these assumptions. Taxable sales estimates are projected to grow at an average annual rate of 1% after 2033.

## Elizabeth West Fiscal Impact Analysis

### Estimated Taxable Retail Sales

<b>TOTAL</b>	<b>1,476,000</b>				<b>\$ 73,800</b>	<b>\$ 76,010</b>	<b>\$ 78,300</b>	<b>\$ 80,640</b>	<b>\$ 82,250</b>	<b>\$ 83,890</b>	<b>\$ 85,580</b>	<b>\$ 87,300</b>	<b>\$ 89,050</b>	<b>\$ 90,830</b>

#### Assumptions:

Full buildout is estimated to be completed by 2033.

Impact fees estimated to grow at an average annual rate of 3% through 2027 and 2% thereafter.

Any differences in math are due to rounding.

## **WATER RESOURCE FEES**

The Town imposes fees on new construction to defray the costs incurred by the Town in the acquisition and development of renewable water sources. These fees vary according to land use. The Water Tap Fees table, on the following page, shows estimates of water resource fees generated by the Project.

## **SEWER TAP FEES**

The Town imposes fees on new construction to defray the costs incurred by the Town in the development and maintenance of wastewater systems. These fees vary according to land use. The Sewer Tap Fees table, on the following page, shows estimates of sewer tap fees generated by the Project.

## Elizabeth West Fiscal Impact Analysis

### Water Tap Fees

Elizabeth West

Assumptions:

Full buildout is anticipated to be completed by 2033.

Tap Fees are imposed by the Town pursuant to Resolution 22R31 to help defray the wastewater management costs incurred by the Town.

Impact fees estimated to grow at an average annual rate of 3% through 2027 and 2% thereafter.

Any differences in math are due to rounding.

## PROPERTY TAXES

Commercial property taxes in Elbert County are calculated by multiplying the Actual Value by 29% assessment percentage to determine the Assessed Value. Residential property taxes in Elbert County are calculated by multiplying the Actual Value by 7.15% assessment percentage to determine the Assessed Value. The Assessed Value is rounded to the nearest 10 and then multiplied by the decimal equivalent of the total mill levy to generate an estimated property tax amount. This analysis anticipates that taxes are collected on new construction two years after the year in which construction is completed.

The Project is estimated to generate approximately \$3.4 million in tax revenue annually after full build-out.

**Estimated Property Tax Revenues**, on the following page, shows the estimated property tax revenues from the Project's anticipated commercial and residential development.

## Elizabeth West Fiscal Impact Analysis

Note: The Street Capital Improvement Fund entry does not include the existing fund balance and is meant to reflect net expenses after transfers from the fund.

### Estimated Town Revenue per Acre

Elizabeth West

Sources of Revenue	Revenue	Estimated Revenue per Acre
General Fund Summary	\$ 3,257,843	\$ 6,888
Street Maintenance	\$ 579,867	\$ 1,226
Street Capital Improvement Fund	\$ 1,427,228	\$ 3,017
Water Sewer Fund	\$ 2,530,700	\$ 5,350
Capital Improvement Fund	\$ 1,657,879	\$ 3,505
<b>Estimated Total Revenues Budgeted</b>	<b>\$ 9,453,517</b>	<b>\$ 19,986</b>

Source: Town of Elizabeth 2022 Budget

Note: The Street Capital Improvement Fund entry does not include any existing fund balance.

To compare existing revenues and expenses against estimated revenues and expenses associated with the Project, this analysis summarizes revenues and expenses on a per-acre basis. Per acre of the Town's jurisdiction, the Town budgeted approximately \$17,000 on services and more than \$21,000 in revenue for the calendar year 2022.

The Project may generate revenue for the Town and may also generate expenses in additional services and maintenance needs. This analysis assumes that the Town maintains an equivalent level of service into the future. The table on the following page shows how projected revenues compare with projected expenses.

Estimated Town Revenues per Improved Acre		\$ 75,737	\$ 49,564	\$ 36,135	\$ 30,681	\$ 29,383	\$ 28,458	\$ 26,540	\$ 25,194	\$ 24,997	\$ 24,838
Existing Level of Service per Acre		\$ 20,061	\$ 20,663	\$ 21,283	\$ 21,922	\$ 22,360	\$ 22,807	\$ 23,263	\$ 23,729	\$ 24,203	\$ 24,687
Difference		\$ 55,675	\$ 28,901	\$ 14,852	\$ 8,759	\$ 7,023	\$ 5,651	\$ 3,277	\$ 1,466	\$ 794	\$ 151

**Notes:**

Existing Level of Service per Acre is estimated to increase at an average annual rate of 3% through 2027 and 2% thereafter. The figure shown for 2024 is based on the 2022 budget to which 3% growth has been applied.

As the table above indicates, estimated property tax revenue, sales tax revenue, and impact fees indicate that the Project may generate more-than sufficient revenues to pay for the Town's public services in this area.

## Conditions and Assumptions

The conditions and assumptions that apply to the revenue projections in this document are stated throughout. A negative change in the conditions that form the basis of the assumptions used in developing the projections contained in this Report could adversely affect the estimates of revenues. In order to project future revenues that may be generated, certain assumptions must be made with regard to actions by private businesses and landowners, national and local economic conditions, public support, and legislative changes. The contents of this document are forward-looking and involve certain assumptions and judgments regarding uncertainties in the future.

The ability to achieve the revenue projections presented in this evaluation is contingent upon the timing and probability of a number of complex conditions being met in the future and certain assumptions holding true. PGAV makes no assertions as to the degree of impact that changes in any of these conditions would have upon the revenue projections included herein. Any event or action that alters an assumed event, assumption, or condition used to achieve the projections contained herein shall be considered a cause to void all financial projections contained in this Report. These assumptions include such conditions as listed below.

## APPENDIX

## Elizabeth West Fiscal Impact Analysis

SITE CRITERIA					
Name	Population	Income	Traffic	Does Elizabeth Qualify?	Other Factors
Wendy's	12,000-25,000 1 - 2 Mile	\$40,000-\$75,000	20,000	N	Drive Thru stack of 10+ cars, 2+ Miles from existing Wendy's
Starbucks	Currently in Safeway Center	\$60,000	25,000	N	Signalized corners w/ multiple access points
Dutch Brothers	50,000 5+ Mile Radius	\$50,000	N/A	N	Free Standing, Single/Double Drive Thru, Close to shopping center environments
Burger King	25,000 2 Mile Radius	\$65,000	N/A	N	N/A

# Final Water Adequacy Report

June 2, 2022

Mr. Jim Marshall  
BCX Development  
7400 East Crestline Circle, Suite 250  
Greenwood Village, CO 80111

Re: Adequacy of Water Supply Study for the Proposed Elizabeth West Development  
Job No. 1003.1

Dear Mr. Marshall:

This Letter is Elizabeth West's Adequacy of Water Supply Study that is to be provided to the Town of Elizabeth as required as part of the Town's development review process. The proposed Elizabeth West project is located in portions of Sections 14 and 15, Township 8 S, Range 65 West, of the 6<sup>th</sup> P.M., Elbert County Colorado, as shown on Figure 1. Elizabeth West is anticipated to include 623 homes and approximately 250,000 square-feet of commercial space. This Letter presents the studies and analyses to provide the Town of Elizabeth with the necessary information regarding the quantity, quality, and dependability of the water supply for the proposed Elizabeth West development in support of their zoning application. Projected demands for Elizabeth West are estimated and the source of the water supply to meet the proposed demands is presented within this Adequacy of Water Supply Study.

### **Water Supply Requirements**

The Elizabeth West development plans include a maximum residential unit count of 623 units and approximately 250,000 square-feet of commercial use. Outside of the residential lots and parks, the landscaping is planned to be mainly naturalistic consisting of drought-tolerant sod, native grasses, and vegetation, so that the rural open character of the area will be preserved (*Water Conservation & Demand Management Measures*). Irrigated lands will consist of both turf and drip irrigated landscapes. The applicant is also considering synthetic surfaces in areas to reduce overall water demand. Pocket parks and a large, central park are planned. Other irrigated land will include frontage road, median and other right-of-way irrigation. No open water features are planned.

The water demands for the residences, commercial and irrigation are provided in Table 1, attached. The overall water demands for the Elizabeth West development, as outlined in Table 1, are estimated to be 262.13 acre-feet per year (af/yr).

### **Water Availability**

Elizabeth West, as shown on Figure 1, is underlain by all five of the Denver Basin aquifers: Upper Dawson, Lower Dawson, Denver, Arapahoe, and Laramie-Fox Hills aquifers. A portion of the water rights, underlying the property, were quantified and adjudicated in Case No. 2006CW260, Division 1 Water Court. Table 2 provides a summary of the decreed water rights by aquifer, totaling 488.5 af/yr. The remaining property within Elizabeth West has yet to be adjudicated (Figure 2). Also included in Table 2, the New Point Properties parcel ground water rights were estimated by utilizing the Division of Water Resources SB5 model to estimate the saturated thicknesses for each aquifer. Based on decree and estimated calculations, Elizabeth west has approximately 683 af/yr underlying the property within the five Denver Basin aquifers.

Per the Town of Elizabeth's Water and Sewer System Master Plan, dated February 2020, the Town has voluntarily opted to follow a 300-year aquifer life standard in recognition of the valuable nature of their ground water resources. Table 2 shows the adjustment of the decreed and estimated 100-year aquifer life amounts to the 300-year Town requirement. A total of 227.6 af/yr (33% of the total water underlying the property) would then be available underlying the property. Removing the not-nontributary Upper Dawson aquifer water rights from the water available to the project, a total of 181.7 af/yr of nontributary Denver Basin aquifer ground water may be available to meet demands within the Elizabeth West development and meets the Town's 300-year aquifer life requirement. The applicant has elected to work with the Town of Elizabeth on their reuse program. Per the Town's Water and Sewer System Master Plan, a 50% credit is available for reuse which would increase the amount of water available to serve Elizabeth West to 272.6 af/yr.

As discussed above, at this time the total demands estimated for the proposed development is 262.13 af/yr. Based on the available ground water rights underlying the Elizabeth West property, including participation in the reuse program, the proposed development has more than an adequate water supply available.

As the Denver Basin aquifers, in the vicinity of Elizabeth West and within the Town of Elizabeth, are currently utilized to meet demands within the Town, the quality of the water contained in the Denver Basin aquifers are not of issue to meet the demands within Elizabeth West.

### **On-Site Well Communication**

As shown on the attached Figure 3, the applicant is proposing to reserve three well locations that will be large enough to contain one well from each of the four aquifers being proposed as supply for Elizabeth West, the Lower Dawson, Denver, Arapahoe, and Laramie-Fox Hills. The Town's water consultant asked that the applicant address on-site well field communications as there was concern of negative impacts to the on-site wells from pumping at each location. In order to determine the potential well to well impact, we created models for each aquifer where we could model different pumping scenarios. Utilizing aquifer parameters summarized in the attached Table 3 from the Elbert County Rural Water Supply Study, those provided by HRS for the Town's dually completed Dawson well, the Division of Water Resources and in-house files from wells our office has completed in the vicinity of Elizabeth West, we were able to simulate pumping the total water available to the proposed development of 272.6 af/yr from the three proposed well locations. Please note that Table 3 provides what we consider a low, medium and high hydraulic conductivity value for the Lower Dawson aquifer. The low hydraulic conductivity value was from the Elbert County Study, which we believe represents a value that is too low for the aquifer in the vicinity of the Town of Elizabeth. The high hydraulic conductivity value is from the data provided by HRS. As stated above, this value is from a dually completed well which is completed 50/50 into the Upper and Lower Dawson aquifers. We also elected to utilize what is designated as a medium hydraulic conductivity which equates to the average of the high and low values.

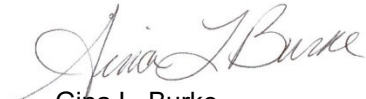

Summarized in the attached Table 4 are the modeling results for each aquifer. We elected to run all three hydraulic conductivity scenarios for the Lower Dawson aquifer to show that the low value is definitely too low for an aquifer that is known to be a producing aquifer in the area. As shown, three wells pumping from the same aquifer will be able to meet the total demands for Elizabeth West for the next 300 years.

The Elizabeth West Adequacy of Water Supply Study discussed herein provides proof of an adequate and dependable water supply. It is our professional opinion that this Adequacy of Water Supply Study provides the evidence required by the Town of Elizabeth as proof that an adequate water supply in regard to quantity, quality and dependability is available to meet the demands at Elizabeth West for the next 300 years.

**Well Simulation Notes:**

Saturated sand thickness estimated from CO Division of Water Resources (DWR) Aquifer Determination Tool.

Storage Coefficient and Hydraulic Conductivity from Elbert County Rural Water Supply Study, Forsgren and Associates Inc., June 2018.

Lower Dawson Lower Hydraulic Conductivity from Elbert County Study, High from Town of Elizabeth Dawson Well, Mid is an average.

Denver Lower Hydraulic Conductivity from nearby well drilled and tested by JWC, 2020.

Available Drawdown calculated as the difference between the base of the aquifer and the estimated static water level.

Estimated Static Water Levels are from nearby wells reporting water levels to the DWR.

Lower Dawson: Permit No. 319845, measured 4/6/2021

Denver: Town of Elizabeth Well 16210-F-R, measured 4/30/2019

Arapahoe: Town of Elizabeth Well Ka-1, measured 4/30/2019

Laramie-Fox Hills: no nearby wells were found, SWL is an estimate using Permit No. 24625-F, measured 6/12/2019.

# Traffic Study

May 27, 2022

Mr. Jim Marshall  
MF Investment Partners  
[jimmarshall@bcxdevelopment.com](mailto:jimmarshall@bcxdevelopment.com)

Re: Elizabeth West - 2022 Update  
Elizabeth, CO  
LSC #190272

Dear Mr. Marshall:

Per your request, LSC Transportation Consultants, Inc. has prepared this updated traffic impact analysis for the Elizabeth West development in Elizabeth, Colorado, to account for a reduction in overall density. As shown in Figure 1, the site is located south of SH 86 and east of County Road 3.

## REPORT CONTENTS

The report contains the following: the existing roadway and traffic conditions in the vicinity of the site including the lane geometries, traffic controls, posted speed limits, etc.; the existing weekday peak-hour traffic volumes; the existing daily traffic volumes in the area; the typical weekday site-generated traffic volume projections for the site; the assignment of the projected traffic volumes to the area roadways; the 2042 background and resulting total traffic volumes and capacity analyses on the area roadways; and recommendations for improvements to mitigate the growth in background traffic or from the impacts of the site.

## LAND USE AND ACCESS

The site is proposed to include a maximum of 623 single-family detached dwelling units, a Town Office use with about 20,000 square feet, and about 230,000 square feet of retail space. Access is proposed from several locations as shown in the conceptual site plan in Figure 2. The proposed access planned to/from SH 86 will likely require an access control plan amendment supported by the Town and processed through CDOT.

## ROADWAY AND TRAFFIC CONDITIONS

### Area Roadways

The major roadways in the site's vicinity are shown on Figure 1 and are described below.

- **SH 86** is an east-west, two-lane state highway north of the site. It is classified as R-A (Regional Highway) per the attached CDOT Straight Line Diagram. The intersection with

Legacy Circle/Pinto Trail is planned to be signalized in the near future and the intersections with Deerfield Road, Flintwood Road, and County Road 3 are stop-sign controlled. The posted speed limit in the vicinity of the site is 55 mph. It is assumed to be a four-lane section with all applicable auxiliary lanes by 2042.

- **Legacy Circle** is a two-lane loop County roadway that aligns with Pinto Trail on the west and Cimarron Trail on the east. The intersections with SH 86 are stop-sign controlled. The posted speed limit in the vicinity of the site is 35 mph. The western location aligning with Pinto Trail is planned to be signalized in the near future.
- **County Road 3** is a north-south, two-lane County roadway west of the site. The intersections with SH 86 and Legacy Trail are stop-sign controlled. The intersection with SH 86 will likely be signalized in the future which is supported by the existing *SH 86 Access Control Plan*.

### Existing Traffic Conditions

Figure 3 shows the existing daily traffic volumes, lane geometry, traffic control, and posted speed limits in the vicinity of the sites on a typical weekday. Intersections #1, #2, and #3 were recounted in May, 2022 and balanced with the other intersections. The ADT on SH 86 is based on CDOT data.

### 2042 Background Traffic

Figure 4 shows the estimated 2042 background traffic. The projected traffic volumes at Intersection No. 6 match the 2040 total traffic volumes from the *SH 86 East Access Control Plan Amendment Study* by LSC grown for two years at an annual rate of one percent. Side street volumes are expected to grow at an annual growth rate of about two percent, except Deerfield Road which is expected to grow at only one percent. It also assumes mixed-use development occurs on the north side of the highway between Intersections #3 and #4.

### Existing and 2042 Background Levels of Service

Level of service (LOS) is a quantitative measure of the level of congestion or delay at an intersection. Level of service is indicated on a scale from “A” to “F.” LOS A is indicative of little congestion or delay and LOS F is indicative of a high level of congestion or delay. Attached are specific level of service definitions for signalized and unsignalized intersections.

The intersections in the study area were analyzed to determine the existing and 2042 background levels of service using Synchro. Table 1 shows the level of service analysis results. The level of service reports are attached.

1. **SH 86/Deerfield Road:** All movements at this stop-controlled intersection currently operate at LOS “C” or better during both morning and afternoon peak-hours and are expected to do so through 2042 with the following exception: The northbound approach is expected to operate at LOS “E” in the 2042 afternoon peak-hour.
2. **SH 86/Flintwood Road:** All movements at this stop-controlled intersection currently operate at LOS “B” or better during both morning and afternoon peak-hours with the following

exception: The southbound approach operates at LOS “E” during the morning peak-hour and LOS “F” during the afternoon peak-hour. By 2042, the intersection is expected to be signalized and operate at LOS “A” in both peak-hours.

3. **SH 86/County Road 3:** All movements at this stop-controlled intersection currently operate at LOS “D” or better during both morning and afternoon peak-hours. By 2042, the intersection is expected to be signalized and operate at LOS “B” during both peak-hours.
4. **SH 86/North Site Access:** All movements at this stop-controlled intersection currently operate at LOS “C” or better during both morning and afternoon peak-hours. By 2042, this intersection is expected to be signalized and is expected to operate at an overall LOS “A” during both peak-hours.
5. **SH 86/Cherokee Trail/Northeast Site Access:** All movements at this stop-controlled intersection currently operate at LOS “D” or better during both morning and afternoon peak-hours and are expected to do so through 2042 if converted to three-quarter to the north and right-in/right-out to the south.
6. **SH 86/Legacy Circle/Pinto Trail:** All movements at this stop-controlled intersection currently operate at LOS “D” or better during both morning and afternoon peak-hours with the following exception: The northbound left/through movement operates at LOS “F” in the morning peak-hour. By 2042, this intersection is expected to be signalized and operate at an overall LOS “B” during both peak-hours.
7. **County Road 3/Pine Hills Place/Northwest Site Access:** All movements at this stop-controlled intersection currently operate at LOS “A” during both morning and afternoon peak-hours and are expected to do so through 2042.
8. **County Road 3/Middle West Site Access:** This intersection was only analyzed in the 2042 total scenario.
9. **County Road 3/Internal Collector:** This intersection was only analyzed in the 2042 total scenario.
10. **County Road 3/Legacy Trail:** All movements at this stop-controlled intersection currently operate at LOS “A” during both morning and afternoon peak-hours and are expected to do so through 2042.
11. **Collector Road/West Internal Access:** This intersection was only analyzed in the 2042 total scenario.
12. **Collector Road/East Internal Access:** This intersection was only analyzed in the 2042 total scenario.

## TRIP GENERATION

Table 2 shows the estimated average weekday, morning peak-hour, and afternoon peak-hour trip generation for the proposed sites based on the rates from *Trip Generation, 11th Edition, 2021* by the Institute of Transportation Engineers (ITE) for the proposed land use.

The site is projected to generate about 12,600 external vehicle-trips on the average weekday, with about half entering and half exiting during a 24-hour period. During the morning peak-hour, which generally occurs for one hour between 6:30 and 8:30 a.m., about 317 vehicles would enter and about 428 vehicles would exit the site. During the afternoon peak-hour, which generally occurs for one hour between 4:00 and 6:00 p.m., about 757 vehicles would enter and about 659 vehicles would exit. These estimates assume an internal trip reduction of five percent and 34 percent passby trips for the commercial use based on the *Trip Generation Handbook*, 3<sup>rd</sup> Edition, 2017.

## TRIP DISTRIBUTION

Figure 5 shows the estimated directional distribution of the site-generated traffic volumes on the area roadways. The estimates were based on the location of the site with respect to the regional population, employment, and activity centers; and the site's proposed land use.

## TRIP ASSIGNMENT

Figure 6a shows the assignment of the residential site-generated traffic volumes based on the directional distribution percentages (from Figure 5) and the residential trip generation estimate (from Table 2).

Figure 6b shows the assignment of the primary commercial site-generated traffic volumes based on the directional distribution percentages (from Figure 5) and the primary commercial trip generation estimate (from Table 2).

Figure 6c shows the assignment of the passby commercial site-generated traffic based on the passby commercial trip generation estimate from Table 2.

## 2042 TOTAL TRAFFIC

Figure 7 shows the 2042 total traffic which is the sum of the 2042 background traffic volumes (from Figure 4) and the site-generated traffic volumes (from Figures 6a, 6b, and 6c). Figure 7 also shows the recommended 2042 lane geometry and traffic control. Table 3 provides additional details on the recommended improvements.

## PROJECTED LEVELS OF SERVICE

The intersections in Figure 7 were analyzed to determine the 2042 total levels of service. Table 2 shows the level of service analysis results. The level of service reports are attached.

- 1. SH 86/Deerfield Road:** All movements at this stop-controlled intersection are expected to operate at LOS "C or better during both morning and afternoon peak-hours through 2042 with the exception of the northbound approach which is expected to operate at LOS "F in the afternoon peak-hour. The left-turn movement onto SH 86 may need to be restricted over time.
- 2. SH 86/Flintwood Road:** This signalized intersection is expected to operate at an overall LOS "A" during the morning peak-hour and LOS "B" during the afternoon peak-hour through 2042.

3. **SH 86/County Road 3:** This signalized intersection is expected to operate at an overall LOS “C” during the morning peak-hour and LOS “B” during the afternoon peak-hour through 2042.
4. **SH 86/North Site Access:** This signalized intersection is expected to operate at an overall LOS “B” or better during both morning and afternoon peak-hours through 2042.
5. **SH 86/Cherokee Trail/Northeast Site Access:** All movements at this limited access stop-controlled intersection are expected to operate at LOS “A” during both morning and afternoon peak-hours through 2042.
6. **SH 86/Legacy Circle/Pinto Trail:** This signalized intersection is expected to operate at an overall LOS “B” during the morning peak-hour and LOS “C” during the afternoon peak-hour through 2042.
7. **County Road 3/Pine Hills Place/Northwest Site Access:** All movements at this stop-controlled intersection are expected to operate at LOS “D” or better during both morning and afternoon peak-hours through 2042.
8. **County Road 3/Middle West Site Access:** All movements at this stop-controlled intersection are expected to operate at LOS “B” or better during both morning and afternoon peak-hours through 2042.
9. **County Road 3/Internal Collector:** All movements at this stop-controlled intersection are expected to operate at LOS “A” during both morning and afternoon peak-hours through 2042.
10. **County Road 3/Legacy Trail:** All movements at this stop-controlled intersection are expected to operate at LOS “A” during both morning and afternoon peak-hours through 2042.
11. **Collector Road/West Internal Access:** All movements at this stop-controlled intersection are expected to operate at LOS “B” or better during both morning and afternoon peak-hours through 2042.
12. **Collector Road/East Internal Access:** All movements at this stop-controlled intersection are expected to operate at LOS “C” or better during both morning and afternoon peak-hours through 2042.

## CONCLUSIONS AND RECOMMENDATIONS

### Trip Generation

1. The site is projected to generate about 12,600 external vehicle-trips on the average week-day, with about half entering and half exiting during a 24-hour period. During the morning peak-hour, about 317 vehicles would enter and about 428 vehicles would exit the site. During the afternoon peak-hour, about 757 vehicles would enter and about 659 vehicles would exit. These estimates assume an internal trip reduction of five percent and

34 percent passby trips for the commercial use based on the *Trip Generation Handbook*, 3<sup>rd</sup> Edition, 2017.

### Projected Levels of Service

2. All movements at the intersections analyzed are expected to operate at acceptable levels of service during both morning and afternoon peak-hours through 2042 with the recommended improvements with the exception of the northbound approach of Deerfield Road to SH 86 which could operate at LOS "E" in the afternoon peak-hour by 2042. The intersection may need to be converted to three-quarter movement by 2042.

### Conclusions

3. The impact of the proposed Elizabeth West development can be accommodated by the existing roadway network with the recommended improvements below.

### Recommendations

4. The recommended improvements are shown in Figure 7 and detailed in Table 3.

\* \* \*

We trust our findings will assist you in planning for the proposed Elizabeth West development. Please contact me if you have any questions or need further assistance.

Respectfully submitted,

LSC Transportation Consultants, Inc.

## LEVEL OF SERVICE DEFINITIONS

From *Highway Capacity Manual*, Transportation Research Board, 2016, 6th Edition

### SIGNALIZED INTERSECTION LEVEL OF SERVICE (LOS)

<b>LOS</b>	<b><u>Average Vehicle Delay</u> sec/vehicle</b>	<b><u>Operational Characteristics</u></b>
<b>A</b>	<10 seconds	Describes operations with low control delay, up to 10 sec/veh. This LOS occurs when progression is extremely favorable and most vehicles arrive during the green phase. Many vehicles do not stop at all. Short cycle lengths may tend to contribute to low delay values.
<b>B</b>	10 to 20 seconds	Describes operations with control delay greater than 10 seconds and up to 20 sec/veh. This level generally occurs with good progression, short cycle lengths, or both. More vehicles stop than with LOS A, causing higher levels of delay.
<b>C</b>	20 to 35 seconds	Describes operations with control delay greater than 20 and up to 35 sec/veh. These higher delays may result from only fair progression, longer cycle length, or both. Individual cycle failures may begin to appear at this level. Cycle failure occurs when a given green phase does not serve queued vehicles, and overflows occur. The number of vehicles stopping is significant at this level, though many still pass through the intersection without stopping.
<b>D</b>	35 to 55 seconds	Describes operations with control delay greater than 35 and up to 55 sec/veh. At LOS D, the influence of congestion becomes more noticeable. Longer delays may result from some combination of unfavorable progression, long cycle lengths, and high v/c ratios. Many vehicles stop, and the proportion of vehicles not stopping declines. Individual cycle failures are noticeable.
<b>E</b>	55 to 80 seconds	Describes operations with control delay greater than 55 and up to 80 sec/veh. These high delay values generally indicate poor progression, long cycle lengths, and high v/c ratios. Individual cycle failures are frequent.
<b>F</b>	>80 seconds	Describes operations with control delay in excess of 80 sec/veh. This level, considered unacceptable to most drivers, often occurs with over-saturation, that is, when arrival flow rates exceed the capacity of lane groups. It may also occur at high v/c ratios with many individual cycle failures. Poor progression and long cycle lengths may also contribute significantly to high delay levels.

## LEVEL OF SERVICE DEFINITIONS

From *Highway Capacity Manual*, Transportation Research Board, 2016, 6th Edition

### UNSIGNALIZED INTERSECTION LEVEL OF SERVICE (LOS)

Applicable to Two-Way Stop Control, All-Way Stop Control, and Roundabouts

LOS	Average Vehicle Control Delay	Operational Characteristics
A	<10 seconds	Normally, vehicles on the stop-controlled approach only have to wait up to 10 seconds before being able to clear the intersection. Left-turning vehicles on the uncontrolled street do not have to wait to make their turn.
B	10 to 15 seconds	Vehicles on the stop-controlled approach will experience delays before being able to clear the intersection. <u>The delay could be up to 15 seconds.</u> Left-turning vehicles on the uncontrolled street may have to wait to make their turn.
C	15 to 25 seconds	Vehicles on the stop-controlled approach can expect delays in the range of 15 to 25 seconds before clearing the intersection. Motorists may begin to take chances due to the long delays, thereby posing a safety risk to through traffic. <u>Left-turning vehicles on the uncontrolled street will now be required to wait to make their turn causing a queue to be created in the turn lane.</u>
D	25 to 35 seconds	<u>This is the point at which a traffic signal may be warranted for this intersection.</u> The delays for the stop-controlled intersection are not considered to be excessive. The length of the queue may begin to block other public and private access points.
E	35 to 50 seconds	The delays for all critical traffic movements are considered to be unacceptable. The length of the queues for the stop-controlled approaches as well as the left-turn movements are extremely long. <u>There is a high probability that this intersection will meet traffic signal warrants.</u> The ability to install a traffic signal is affected by the location of other existing traffic signals. Consideration may be given to restricting the accesses by eliminating the left-turn movements from and to the stop-controlled approach.
F	>50 seconds	The delay for the critical traffic movements are probably in excess of 100 seconds. The length of the queues are extremely long. Motorists are selecting alternative routes due to the long delays. <u>The only remedy for these long delays is installing a traffic signal or restricting the accesses.</u> The potential for accidents at this intersection are extremely high due to motorist taking more risky chances. If the median permits, motorists begin making two-stage left-turns.

### Intersection Summary

Area Type: Other

Cycle Length: 120

Actuated Cycle Length: 120

Offset: 30 (25%), Referenced to phase 4:EBTL and 8:WBTL, Start of Green

Natural Cycle: 90

Control Type: Actuated-Coordinated

Maximum v/c Ratio: 0.85

Intersection Signal Delay: 23.2

Intersection LOS: C

Intersection Capacity Utilization 80.1%

ICU Level of Service D

Analysis Period (min) 15

Splits and Phases: 6: Legacy Circle/Pinto Trail & State Highway 86

HCM 6th TWSC  
7: County Road 3 & Pine Hills Place/Northwest Site Access

### TOWN OF ELIZABETH ELECTRONIC REFERRAL REQUEST

TODAY'S DATE: June 4, 2022

**SUBJECT:** Rezone approximately 425 acres from Agriculture (A-1) to Planned Unit Development (PUD)

**PROJECT NAME:** Elizabeth West

**PROJECT LOCATION:** 1574 SH 86, Elizabeth, Colorado

**APPLICATION TYPE:** Rezoning

**APPLICANT:** MF Investment Partners, LLC

**APPLICANT REPRESENTATIVE:** Jim Marshall: [jim@mglinvestments.com](mailto:jim@mglinvestments.com), Phone: 303.507.6651

**CASE MANAGER:** Carrie McCool, Elizabeth Contract Planner: [carrie@mccooldevelopment.com](mailto:carrie@mccooldevelopment.com), 303.378.4540

**COMMENTS DUE:** Friday, July 8, 2022

The Town of Elizabeth Community Development Department has received a resubmittal of the Elizabeth West Rezoning application. All documents can be viewed [HERE](#). Don't hesitate to contact me if you have any questions or need assistance accessing the files.

Please review the resubmittal documents and **provide comments by replying to this email by the due date above, or we will assume you have no comments and/or objections.** Thank you for your time and effort in reviewing this rezoning request.

**Carrie McCool, Elizabeth Contract Planner**

McCool Development Solutions  
4383 Tennyson Street, Unit 1-D  
Denver, CO 80212  
Direct: 303.378.4540  
[www.mccooldevelopment.com](http://www.mccooldevelopment.com)

**COMMENTS SUMMARY REPORT**

**Date:** August 23, 2022

**Owner:** BK2, LLC  
New Point Properties, LLC

**Applicant:** Jim Marshall

**Planning Consultant:** John Prestwich, PCS Group

**From:** Pam Cherry, Community Development Director  
Carrie McCool, Community Development consultant to the Town of Elizabeth

**Subject:** Elizabeth West Rezone from Agricultural to Planned Unit Development – 4<sup>th</sup> Review

---

Please see the following summary of review comments from Town staff/consultants and external reviewing agencies for your zone change submittal from Ag to PUD. For your convenience, this Comment Summary Report is formatted to serve as the cover letter for the resubmittal. Please complete this form by selecting whether or not each comment/change was made and note where to find the change made in the resubmittal documents; please use revision balloons for the changes to the drawings. If you have questions about any comment, please do not hesitate to reach out to the reviewer who made the comment. You may also contact me at 720-351-4502 or via email at [pcherry@townofelizabeth.org](mailto:pcherry@townofelizabeth.org), if you have any questions.

**Comment received from Greg Thompson - Elbert County Community Development:**  
*Really, the only question/issue that Elbert County has is in relation to County Road 3 on the west side of the site. If this stretch of county road is not yet annexed into the Town, it probably should be. It would also make sense for the Town to be maintaining this stretch of road and identifying the best place for access to occur for this development.*

*I copied Jim on this since he and I talked about the annexation issue earlier today. Please let me know if you have any questions.*

**TOWN REVIEW COMMENTS**  
**Community Development Department**

**Pam Cherry**[pcherry@townofelizabeth.org](mailto:pcherry@townofelizabeth.org)

The revised PUD Development Plan and PUD Guide represent a significant reduction in overall project density to 623 single-family units on 425 acres with approximately 134 acres of parks and open space. Community Development Department staff has conducted the following review in the context of the Town of Elizabeth Land Use and Development Code, the Town of Elizabeth Design Review Standards and Guidelines, and the 2019 Comprehensive Plan.

**REZONE MAP**

It appears the following comments from the June 14, 2021, comment letter have not been addressed on the Rezone Map. Additionally, the map has a density of 950 units.

1. Add the current use of the property under Zoning on the cover page.
2. Indicate any land to be dedicated to the Town.
3. Delineate any known one-hundred-year floodplain affecting the property. If one does not exist, please add a note stating such.
4. Delineate (dimension) existing easements on the site, their uses, and who holds or owns the right to that easement.
5. Please depict the recent State Highway 86 right-of-way dedication and recordation numbers on the rezoning map.
6. Include the average lot size on the rezone map.
7. Provide Section line/corner locations.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

1. Zoning is stated on the cover page. 2. Land dedications are indicated on the cover page under "Town Dedications". 3. See the floodplain note on the cover page, no floodplain exists. 4. Easements are shown on the map that exist. 5. Right of way dedications are shown with reception numbers. 6. Overall density of 1.46 du/ac is shown on the cover page, average lot size will not be determined until platting. 7. Section lines and corners are shown on the map.

Changes made to 1-5 and 7 - Thank you

6. Correct the Density Units on the Rezone map, it reads 2.64 DU/AC instead of 1.46.

## PUD GUIDE

### General Provisions

8. The revised PUD Guide defers to standards and regulations contained in Chapter 16 – Article 1 – Zoning. As such, please update the Application section to clearly state that where the PUD Guide is silent to any provision, the Elizabeth Municipal Code including Chapter 16 – Article 1 – Zoning shall supersede so that it is aligned with Section 1.7 of the PUD Development Plan (Sheet 2 of 3). An additional conflict statement needs to be included that states "in case of dispute or ambiguity, the Community Development Director shall interpret the PUD Guide and render a decision."

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

We updated the language to be the same as sheet 2 of the Development Plan and added the requested conflict statement.

Revisions made - Thank you

9. Please include general road setbacks & buffer requirements for Highway 86 and Major Collectors.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

This has been added to the PUD Guide to the Development Standards.

Revisions made - Thank you

## Architectural Standards

10. Please revise the first sentence to state compliance (not deferral) with the Town of Elizabeth Design Review Standards and Guidelines is required. Since there is commercial proposed in the PUD, staff recommends compliance with all the design review standards and not limit it to Chapters 4 and 5.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

We have made the requested change.

The term defer is used three times on page 11 of the PUD Guide - Please revise to compliance for clarity and consistency. Thank you

11. The Design Review Standards and Guidelines work in tandem with Sec. 16-1-40 (f) and (g) of the Land Use and Development Code. Please include the standards (e.g., (f) 2,4,11,13, 14 and relevant residential dimensional of g) in the PUD Guide or provide justification for excluding them. It might be simplest to require compliance within the Architectural Standards section or within the Development Standards for SFe and SFd.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

This has been added to the Development Standards for SFe and SFd.

Revisions made, Thank you

12. Adequate justification to not have lot width variation by a minimum of five feet for every third lot has not been provided. The minimum lot size in the SFd is 4,500 square feet and ½ acre in SFe planning areas with no minimum lot width requirements delineated. Although the narrative states that there are a wide range of lot sizes generally in range of width from 4,500 feet to ½ acre, there is nothing in the PUD Guide that would ensure a variation of lot sizes or lot widths would occur.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

We have added the requirement and are no longer requesting the variance from the requirement.

Revisions made, Thank you

13. Please include language that requires lot size variation and limits the number of lots with the same lot width to no more than three in a row per the Land use and Development Code requirements.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

This has been added to the Development Standards for SFe and SFd.

Revisions made, Thank you

### Utilities

14. Please include standards that address utility meters not sited underground as they shall be enclosed in a meter housing affixed to the exterior or side of structures. Additionally, above ground utility connections are not permitted on the front façade of homes needs to be included.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

### Definitions

This has been added to the PUD Guide in the utilities section.

Revisions made, Thank you

15. Building, Principal or Main definition may be problematic to interpret considering the uses are predominantly single-family residential. Are carports allowed in the PUD? Storage sheds are accessory uses that are not typically attached to principal buildings. Please clarify.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Removed the reference to carports and storage sheds.

Revisions made, Thank you

16. Shouldn't the definition of cluster development be deleted since cluster development is not proposed in the PUD?

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Yes, this has been removed.

Revisions made, Thank you

**Residential SFe (Single Family Residential R-1-20)**  
**Development Standards**

17. How does the definition of “garage parallel” correlate to “garage face” identified in the front building setback requirement? It's always best to utilize the same terminology of the Land Use and Development Code, which is front loaded garages. Regulations to ensure front loaded garages are recessed a minimum of 5 feet back from the main front building façade and are limited to not more than one double-wide door and 1 single wide door or 3 single wide doors shall be included the PUD Guide or provide justification for excluding them. Please address in SFd as well.

Applicant Comment:

Applicant Response:

☐ Change Made

☐ Change Not Made

Added the requested regulations for front load garages, changed garage face to garage opening in the lot typical.

Revisions made, Thank you

18. Please provide setbacks for accessory buildings.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Setbacks added.

Revisions made, Thank you

19. PA-12 abuts a major highway and PA-7 abuts a major collector. Please include a minimum front yard setback of 100 feet from the highway centerline and set forth setbacks from major collectors.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Setbacks to Hwy 86 and Major Collector added to standards.

Revisions made, Thank you

20. Please provide justification for deviation in accessory building requirements (e.g., accessory buildings may exceed the total square footage of the dwelling unit's footprint) per the general provisions that are applicable to Table 16-1 (Sec. 16-1-40 (f) 2).

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

The previous restriction has been removed and defers to Land Use and development Code. For clarification, the previous restriction stated the accessory unit could not be larger than the first floor of the principal building.

Revisions made, Thank you

21. Building Separation. Provide clarification on “other buildings” 20-foot separation. Does it include principal buildings and accessory structures?

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Added clarification that the separation is for a building on a separate lot or tract not utilized for residential use such as a pocket park or similar

Revisions made, Thank you

22. Lot coverage. Please provide justification/clarification on the reference to “outbuildings or accessory units.”

Outbuildings are not defined in the PUD or the Elizabeth Land Development Code. Weren't accessory units eliminated from the PUD? Additionally, lot coverage for accessory buildings is addressed in the development standards A(4) e of the PUD Guide. Please follow the lot coverage terminology of the Code for standards (e.g., under roof).

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Changed to Accessory Buildings, yes accessory units were removed, the text was supposed to say accessory uses not units.

Revisions made, Thank you

23. Please include a required Minimum vegetative area. The comparable standard (R-1-20), is 30%.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Added as requested.

Revisions made, Thank you

24. Please set forth minimum lot widths and standards to ensure the variation in lot sizes and widths would be accomplished.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Minimum lot width has been added, the Land Use Code variations requirements have been added to the standards.

Revisions made, Thank you

25. The lot typical is helpful addition to the PUD Guide; however they need to include all lot configurations, garage configurations (front loaded and side loaded), accessory structures, depict the lot size, lot coverage, and dimension all design standards.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Additional Lot Typical information has been added.

Revisions made, Thank you

## Residential SFd (Single Family R-1)

### Development Standards

26. Please delete attached or detached private garages (3 cars maximum) from the list of permitted uses by right. These were previously relocated to Accessory Buildings.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Removed as requested.

Revisions made, Thank you

27. Building Setbacks. Under building sides, 5 feet is listed, but no indication from what. Maybe it's from other property lines? Please clarify.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Has been clarified to state 5 feet from internal property line.

Revisions made, Thank you

28. See address comment 18 of the SFe above within the SFd building setbacks.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Setbacks added.

Revisions made, Thank you

29. PA-15 abuts a major highway and PA-4 and PA-5 abuts a major collector. Please include a minimum front yard setback of 100 feet from the highway centerline and set forth setbacks from major collectors.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

Setbacks to Hwy 86 and Major Collector added to standards.

Revisions made, Thank you

30. Please set forth minimum lot widths and standards to ensure the variation in lot sizes and widths would be accomplished.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

Minimum lot width has been added, the Land Use Code variations requirements have been added to the standards.

Revisions made, Thank you

31. Lot coverage. See comment **Residential SFe** 22 above.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

Changed to Accessory Buildings, yes accessory units were removed, the text was supposed to say accessory uses not units.

Revisions made, Thank you

32. Please include a required Minimum vegetative area. The comparable standard (R-1), is 20%.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

Added as requested.

Revisions made, Thank you

33. Lot typical. See comment **Residential SFe** 25 above.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

Additional Lot Typical information has been added.

Revisions made, Thank you

### General Residential Comments

34. It appears the suitability analysis for the requested increase in building heights was not included in the resubmittal. Specially, staff requested the analysis include variation of viewshed and height analysis for appropriate suitability to the site's topography.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

A 25 foot height limit would not support two story homes, in particular with a minimum 6:12 roof pitch.

A Suitability Analysis has previously been requested. Rationale seems to be able to justify the increase in bldg heights. There might be areas on the site where their proposed increase would be fine. Others, might not. Please give this considerable thought through platting.

35. Please incorporate standards that would create buffers between the transition of various land uses (particularly areas adjacent to PA-13, PA-3, PLI-1, PLI-2, PLI-3 and PLI-4).

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

We have added buffer landscape standards to the PLI design standards.

Revisions made, Thank you

36. Fencing, hedges and wall regulations needs to be addressed in the PUD Guide or simply require compliance with the Land Use and Development Code.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

Compliance with the Land Use and Development Code has been added.

Revisions made, Thank you

37. Please provide a block typical to demonstrate conformance with the Design Review Standards and Guidelines and the Town of Elizabeth Land Use and Development Code.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

We have created block typicals as requested and have added them to the PUD Land Use Document.

Revisions made, Thank you

## Commercial Mixed Use (CMU)

38. The intent of the underlying zoning is to provide a mix of higher density residential and commercial accommodations; however, no dwelling units are allocated for the planning areas. Please clarify.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Understood, we acknowledge that any potential future units in the CMU areas would need to bring water for their use.

Note: All residential uses in the CMU are by Special Review.

Response noted.

## Lighting and Dark Skies

39. Replace "Development within Elizabeth West will conform...." with a statement that all lighting shall conform with Article VIII – Lighting Requirements as set forth in the Town of Elizabeth Land Use and Development Code and the Town of Elizabeth Design Review Standards & Guidelines, dated January 2011."

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

The note has been updated as requested.

Revisions made, Thank you

## Parks & Open Space (OS)

40. The percentage of active open space is right at the minimum required for PUDs. Please provide the acreage of the trails and detention areas in the Land Use Chart's passive vs. active open space portion. Staff is having difficulty confirming acreages for the trail square footage (trails are delineated in miles), detention areas in OS-1 and OS-2, and wayside areas. Please provide the square footages/acres for each with clear delineation of what is proposed to be counted as active. The total should add up to the total active area acreage in the chart. Please provide a definition of wayside areas.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

We have clarified how the calculations have been made, in addition we have added standards for wayside areas to be used in the more detailed design stage.

Thank you for the clarification. Response acceptable.

41. Staff recommends including exercise components along the community trail.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

A commitment to the addition of outdoor exercise equipment is memorialized in the waysides section of Development Criteria for Open Space.

Revisions made, Thank you

42. Please delineate the residential buffer square footages per planning area.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

The Land Use and Development Code, as well as the Town of Elizabeth Design Standards reference buffers as part of the landscape plans/site plans, for example a 25' buffer is required when a parking lot adjoins property zoned for any residential use. At the more detailed design stage buffers will be incorporated where required. OS-3 – 27.6 acres, has been excluded from the passive open space calculation.

Thank you for the clarification. Response acceptable.

43. OS-2 may need to extend further west (within PA-5) to that point at which the drainage basin exceeds 130 acres.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Additional open space within PA-5 may be required during platting to convey the offsite drainage basin; however, at this time we anticipate the drainage could be accommodated in a storm pipe or channel improvement.

Thank you for the clarification. Response acceptable.

44. Allowing school facilities as a use permitted by right does not appear to be consistent with the intent of parks and open space in Elizabeth West. Please clarify.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Removed.

Revisions made, Thank you

45. Clearly delineate the active and passive amenities in the pocket parks and neighborhood parks. The acreages need to match the acreages in the Land Use Chart.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

The intent is that the park areas would be active, if an example could be provided showing how another Zoning application provided that level of information it would be extremely helpful. We referenced the recently approved Legacy Village Zoning documents, as well as the final CD's and have prepared this Zoning level document in the same way that Legacy Village was completed.

Thank you for the clarification. Response acceptable.

46. In pocket parks, staff recommends removing open turf area of 3,000 square feet and replace with turf and landscape plantings to provide shade over at least 15% of the area. This way, the turf and landscape area would correlate to the ultimate size of the pocket park that would be anywhere between ¼ acre to 3 acres.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Good suggestion, this has been updated to read that turf and landscape plantings to provide shade over at least 25% of the area, again the intent of the park areas is to provide for active use.

Revisions made, Thank you

47. One neighborhood park is proposed (PK-1). Please revise the minimum park size to correspond with the PUD Development Plan (e.g., 10.1 acres).

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Updated as requested.

Revisions made, Thank you

48. Due to the size of PK-1, minimum development features and/or amenities should be a 50%/50% split between active and passive recreation uses or only include active amenities for the neighborhood park. Please delineate all amenities that would be passive and those that would be active. Other considerations to update:
- A minimum of five benches might not be enough to serve a 10.1-acre neighborhood park.
  - Not sure if 10,000 square feet of natural area is an adequate neighborhood park amenity considering the proximity to 80-acres of natural open space.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

We anticipate active uses and have removed the natural area, as well as increased the number of benches to a minimum of 10.

Revisions made, Thank you

49. Thank you for providing community and local trail standards. Please remove reference to the intention of connectivity as it needs to be required (e.g., shall connect to the broader community of Elizabeth community trails for community trails, etc.).

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

The reference has been changed as requested.

Revisions made, Thank you

50. Please include standards (e.g., berming, vegetation) for the 100-foot-wide tract along the southern property line that would buffer estate residential planning areas. The graphic provided on page 10 of the PUD narrative shall be included in the PUD Guide to illustrate the buffering standards.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Standards have been added to the development standards for SFe.

Revisions made, Thank you

## PUD DEVELOPMENT PLAN

51. Please add a table showing the dimensional standards for each land use proposed for the PUD on the PUD Development Plan.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

It was previously requested to remove this and only have these standards in the PUD Guide.

Thank you for the clarification. Response acceptable.

52. Section 1.1 Introduction & Project Narrative mentions a mix of housing types, variety of housing products, lot sizes and uses. Please be sure the development and dimensional standards implement the project narrative. Additionally, the narrative states open areas in the form of passive and active open space, pond areas, floodplain, etc. Previous submittals indicated there are no 100-year floodplains affecting the property. Please confirm.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Standards have been updated per this comment letter, the reference to floodplain has been removed, there is no floodplain on the property.

Revisions made, Thank you

53. Please address the preservation of the existing trees and pond areas within the PUD Guide and Development Plan.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

We have added tree protection standards to the PUD Guide.

Revisions made, Thank you

54. In Section 1.3, please replace "Town of Elizabeth Planning Manager" with "Community Development Director."

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Changed as requested.

Revisions made, Thank you

55. Please include the phasing plan and narrative from page 8 in the PUD Development Plan. Per the Phasing Plan, the critical parks and open space amenities (e.g., 10.1 acre neighborhood park, 3.2 acre pocket park, and OS-1) are not proposed to be constructed until 2030, but a significant amount of the project density is proposed in Phase 1 and 2. Amenity contributions should be evenly spread in a prorated fashion rather than on the back end of the development.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

We have modified the phasing plan to include PK-1 in Phase Two.

Revisions made, Thank you

## Land Use Chart

56. Please include PA-3 in the Site Dedication section of the Land Use Chart as it will be dedicated to the Town upon approval of the final plat for the property.
57. For PLI-1, replace “public lands/institutions” with Town water storage tank.
58. For PLI-2 and PLI-4, replace “public lands/institutions” with Town lift stations.
59. For PLI-3, “public lands/institutions” with Town water well and ancillary facilities.
60. Delete the reference to “anticipated” neighborhood park in the Land Use Chart.
61. Delete “approximately” and replace with “minimum” for trail lengths.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Updated as requested.

Revisions made, Thank you

## COMPREHENSIVE PLAN CONFORMANCE

Staff substantially concurs with the Comprehensive Plan Compliance Overview provided in the resubmittal once all comments included in this Comment Summary Report are addressed.

### Finance

**Brian Murray, Elizabeth Finance Officer**

[bmurray@townofelizabeth.org](mailto:bmurray@townofelizabeth.org)

I'm confused what they've done here; I was happy with the revisions that they had made when revision 3 was released, and this seems to have taken two steps back. Page 31 of the document is the most important, as it is encompassing all of the estimates leading up to that point. We had discussed that the Elizabeth Parks and Rec District is not part of the Town and their revenue should not be included in our revenue sources, and they have added that back in. This table also is demonstrating that long-term this development is not sustainable. I made them aware of that, and that they needed to include utility services as a revenue source in order to offset the increasing expenditures, which they had also corrected. Now that line item is gone. This is the link to revision 3 -

[https://www.dropbox.com/sh/fhor3r4hve1c2ox/AABmJxNxX8R3\\_C0ekVjm5q7Ea?dl=0&preview=Elizabeth+West+Fiscal+Impact+Analysis+v20210929.pdf](https://www.dropbox.com/sh/fhor3r4hve1c2ox/AABmJxNxX8R3_C0ekVjm5q7Ea?dl=0&preview=Elizabeth+West+Fiscal+Impact+Analysis+v20210929.pdf)

I was happy with the way that it looked at that point. It looks like their intent with this revision was to change beginning start date and thus lower expected home values based on rising interest rates, which I understand, but I don't know why they changed some of the other items that had already been corrected.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

We have made the requested edits, which resulted from an unintentional oversight.

Revisions made, Thank you

As noted, we have yet to see the section lines added to the applicant's zoning documents to be able to verify access. This is a repeated comment that has not been previously addressed.

This comment extends back to the 2nd submittal of this project and remains unresolved. We have previously requested that Section Corners and Section Lines be included on the Zoning Exhibit, which we note has not been done. The need for this Section information stems from our concern that this property may not have direct access to Legacy Village Road on the West side. Until Section information AND the designation of the full existing Right of Way of Legacy Village Road is identified on the Zoning map, we cannot presume that access is available.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

Our surveyor has confirmed the section lines and ROW, these have been added to the Zoning Exhibit.

Revisions made, Thank you

### Public Works Department – Water and Sewer Review

**Rob Anderson, JVA Senior Project Manager**  
**Mike DeVol, Elizabeth Public Works Director**

[randerson@jvaiva.com](mailto:randerson@jvaiva.com)  
[mdevol@townofelizabeth.org](mailto:mdevol@townofelizabeth.org)

On behalf of the Town of Elizabeth, JVA has reviewed the following documents submitted in June 2022.

- PUD Development Plan
- PUD Development Narrative

The planned development totals approximately 425 acres with a proposed 623 residential lots and 250,000 sf of commercial and 15 acres of park and recreation areas.

1.) Water Supply – HRS is reviewing the Adequacy of Water Supply Study

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

Understood, many conversations have taken place over the last approximately year. The revised plan has been catered to the water supply as suggested by the town and town representatives.

Noted. Thank you. See HRS and JVA comments attached.

2.) Developer shall contribute funds for the construction of reuse facilities or related systems.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

Understood, these conversations are ongoing.

Noted. Thank you. See HRS and JVA comments attached.

### 3.) Water Infrastructure

- a. An off-site water transmission main along HWY 86 will be required to interconnect with the Town infrastructure.
- b. A pumped high zone is likely and may require property dedication.
- c. Water storage tank(s) will be required. The proposed tank site may require adjustment due to grade elevations and hydraulics.
- d. Suggest a larger two-to-three-acre tank site to accommodate wells, pump station, water treatment and future utility expansions.
- e. Provide multiple well sites for current and future groundwater development.
- f. Irrigation for parks and road medians should be minimized.
- g. Minimize irrigation for residential and commercial properties and adopt a form of Xeriscaping.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

Thank you for this information, it will be helpful when we move into the detailed design.

Noted. Thank you. See HRS and JVA comments attached.

### 4.) Sewer Infrastructure

- a. The Gold Creek WWTP will require expansion.
- b. Multiple lift stations (more than two) may be required to serve the development
- c. Replacement of the Gold Creek Lift Station maybe required.
- d. Sewer main extensions in Town proper will be required
- e. Forcemain and sewer interconnects with the Town, aligned along HWY 86 will be required.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

Thank you for this information, it will be helpful when we move into the detailed design.

Noted. Thank you. See HRS and JVA comments attached.

5.) Other

- a. Given the size of the development, a water and sewer plan for the entire development should be submitted for review and comment.
- b. Provide documentation on how infrastructure is to be constructed in relation to the development phasing.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Per direction from the Patrick Davidson the Town Manager, a Utility Study/Water & Sewer Plan is not required at the zoning stage of the project.

Response acceptable, it is not possible to engineer until the site layout has been determined.

**Matt Seitz, HRS Water Consultants, Inc**

303-462-1111 ex 301, [mseitz@hrswater.com](mailto:mseitz@hrswater.com)

Reviews the quantities in the Jehn Report and they check out as others noted. No other comments beyond what has been commented on in our previous letters.

**David L. Kueter, Of Counsel, Holsinger Law, LLC**

303-722-2828, [dkueter@holsingerlaw.com](mailto:dkueter@holsingerlaw.com)

The Water Availability analysis appears to be consistent with the discussions we have been having with the applicant (the discrepancy between their calculation of 272.6 af/yr vs. HRS' 272.4 af/yr appears not to be significant if their demand calculations are correct). I just have a couple comments:

1. As noted in the report, the portion of the groundwater underlying the New Point Properties (about 51.1 af based on a 300-year supply) has not been adjudicated. Section 13-4-50(a) of the Town Code requires groundwater to be adjudicated prior to dedication, although the Board of Trustees may accept unadjudicated groundwater provided the cost of adjudication and yield are addressed in the development contract or water dedication agreement. Gina Burke at Jehn Water Consultants has reached out to Matt Seitz to discuss adjudication of the groundwater. Any approval should address responsibility for adjudication, whether the Town will be a co-applicant in any adjudication pursuant to 13-4-50(c), and any required adjustments to the development plan if the adjudication results in a material reduction in the amount of water available for the project.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Comment noted.

Noted.

2. Thank you for providing the July 13, 2011 Bargain and Sale Deed referenced in the notes to Table 2 of the report. These documents are consistent with the amounts claimed in the Jehn report and with my previously provided comments.

## Transportation

Matt Brown, Stolfus & Associates, Inc.

303-221-2330, [Matt@stolfusandassociates.com](mailto:Matt@stolfusandassociates.com)

1. The PUD exhibit shows a right-in, right-out access to CO-86 immediately east of CR 3. This isn't reflected in the traffic study and should be removed from the PUD exhibits.

Applicant Response: ☐ Change Made

☐ Change Not Made

Applicant Comment:

This has been removed from the PUD exhibit.

Revisions made, Thank you

2. The traffic study assumes that an Access Control Plan (ACP) amendment will be successful. It also assumes more than one CO-86 access per ownership and a full movement intersection (Elizabeth West's proposed North Access) that is not in alignment with the current ACP. The applicant will be responsible for preparing an amendment to the Access Control Plan on behalf of the Town of Elizabeth. An updated traffic study will be required if the access scheme changes from what is assumed in the traffic study.

Applicant Response: ☐ Change Made

☐ Change Not Made

Applicant Comment:

Comment noted.

Noted

3. The study assumes relocation of the signalized intersection shown in the ACP for Cherokee Trail to Elizabeth West's proposed North Access and recommends that a new connection from Cherokee Trail to the North Access be provided by others. A signal at the North Access would serve Elizabeth West as well as future development north of CO-86. The applicant will be responsible for preparing an amendment to the Access Control Plan on behalf of the Town of Elizabeth. An updated traffic study will be required if the access scheme changes from what is assumed in the traffic study.

Applicant Response: ☐ Change Made

☐ Change Not Made

Applicant Comment:

Comment noted.

Noted

4. In addition to the access control plan amendment, the Applicant will be responsible for obtaining state highway access permits at CR 3 and the other 2 proposed access points to CO-86. The applicant will be responsible for any access-related improvements necessary to obtain CDOT approval.

Applicant Response: ☐ Change Made

☐ Change Not Made

Applicant Comment:

Comment noted.

Noted

5. Referring to Table 3, some of the improvements required of the applicant will trigger the need for improvements at locations currently identified as the responsibility of “others”. For example, construction of a northbound dual left at CO-86 and CR 3 will likely require that improvements be made to CR 3 north of the intersection to accommodate the widening and make sure that the north/south thru lanes align across the intersection. The applicant is responsible for the entirety of the improvement necessary to accommodate Elizabeth West traffic.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Comment noted. The updated traffic study no longer recommends dual left-turn lanes because of a significant overall drop in density. The latest version of the traffic study was emailed to the review to make sure they have the latest version.

Noted

6. The applicant should not assume a cost share with others for the signal at CR 3. Similarly, the traffic signal at the north access will be an applicant cost, not “others” as shown in Table 3. There are no other developments currently planned so all required improvements to accommodate Elizabeth West are the responsibility of the applicant.

Applicant Response:

☐ Change Made

☐ Change Not Made

Comment noted.

Noted

Applicant Comment:

7. Improvements to CR 3 from CO-86 south to the property limit are not listed. The applicant is responsible for improving the roadway to Major Collector standards per the Annexation Agreement.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Comment noted.

Noted

## EXTERNAL REFERRAL AGENCY COMMENTS

Kara Gerczynski, Division Chief/Fire Marshall

303-646-3800 [kara@elizabethfire.com](mailto:kara@elizabethfire.com)

Note: Fire review and Impact Fee Form attached.

1. The fire code requires 1000 gpm at 20 psi for 60 minutes of fire flow for residential developments. The total water storage shall be \$60,000 in excess of the daily maximum flows.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

Understood, as stated below this will be assessed at site plan/plat review.

Noted

2. The fire code bases fire flow on the type of building and size. Fire flow requirements will be assessed at site plan review. The lowest fire flow will be 1500 gpm at 20 psi for 2 hours. The total water storage shall be a minimum of 180,000 gallons in excess of the daily maximum flows.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

Understood, as stated above this will be assessed at site plan/plat review.

Noted

3. All parks shall have some type of name/designation for immediate emergency response.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

Understood, we will name the parks as part of the more detailed design process but not at the zoning stage of the project.

Noted

4. Trail that extends into open space shall have designators along the trail for immediate emergency response.

Applicant Response: ☐ Change Made ☐ Change Not Made

Applicant Comment:

Understood, the trails will be named for emergency response as part of the more detailed design process but not at the zoning stage of the project.

Noted

1. Thank you for the opportunity to review the referenced project. Similar to a prior response, the district's first concern is a safety issue from our transportation department. Safety is of the utmost concern when it comes to pupil transportation. At all of the accesses to Highway 86 or other busy roads it would be important to have proper turn lanes and merge lanes to allow safe turns for slow-accelerating buses. That part of Highway 86 is notorious for high speeds and problems seeing slow-accelerating buses when the sun is rising or setting.

Applicant Response:  
Applicant Comment:

☐ Change Made

☐ Change Not Made

We agree, and as part of the more detailed design specific improvements will be designed, but the zoning stage of the entitlement process is not where this level of design is completed.

Noted

2. One other thought is more of a broader transportation concern. Highway 86 has a near constant flow of traffic during rush hour, and that is during a time when many people are working from home. Adding this many more homes where workers will be using 86 to get to/from work may cause serious logjams every day. A plan to widen 86 to four lanes should be in the works as this, and other developments, are approved.

Applicant Response:  
Applicant Comment:

☐ Change Made

☐ Change Not Made

We understand, this is a regional improvement. A detailed traffic study will be done with the more detailed design after zoning.

Noted

3. In reviewing the development documents, we noticed that in the land use application it states that there will be 950 units developed, while the narrative states there will be 623 units. For planning purposes, the school district would like to have this clarified.

Applicant Response:  
Applicant Comment:

☐ Change Made

☐ Change Not Made

Understood, the application was not updated since it was originally submitted but 623 units is correct.

Noted

4. In a previous version of this proposal, there was a site that was dedicated for a future school. However, it is not obvious in this version there is not any land dedicated for a school. Again, for planning purposes, the school district would like to have this clarified.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

Our understanding is that a school site is no longer a part of this proposal, and we have removed school uses from the permitted uses in the open space areas.

Noted

5. The final concern of the District is the collection of fees attributable to the development. Currently, the district collects \$2,822 per housing unit due to the impact attributable to growth. Therefore, the district requests that the applicant enter into an agreement for the timely payment of all applicable fees to the district.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

This agreement will be entered into with the platting stage of the project, the same as other projects in the Town of Elizabeth.

**COMMENTS SUMMARY REPORT**

**Date:** July 18, 2022

**Owner:** BK2, LLC  
New Point Properties, LLC

**Applicant:** Jim Marshall

**Planning Consultant:** John Prestwich, PCS Group

**From:** Pam Cherry, Community Development Director  
Carrie McCool, Community Development consultant to the Town of Elizabeth

**Subject:** Elizabeth West Rezone from Agricultural to Planned Unit Development – 4<sup>th</sup> Review

---

Please see the following summary of review comments from Town staff/consultants and external reviewing agencies for your zone change submittal from Ag to PUD. For your convenience, this Comment Summary Report is formatted to serve as the cover letter for the resubmittal. Please complete this form by selecting whether or not each comment/change was made and note where to find the change made in the resubmittal documents; please use revision balloons for the changes to the drawings. If you have questions about any comment, please do not hesitate to reach out to the reviewer who made the comment. You may also contact me at 720-351-4502 or via email at [pcherry@townofelizabeth.org](mailto:pcherry@townofelizabeth.org), if you have any questions.

**TOWN REVIEW COMMENTS**  
**Community Development Department****Pam Cherry**[pcherry@townofelizabeth.org](mailto:pcherry@townofelizabeth.org)

The revised PUD Development Plan and PUD Guide represent a significant reduction in overall project density to 623 single-family units on 425 acres with approximately 134 acres of parks and open space. Community Development Department staff has conducted the following review in the context of the Town of Elizabeth Land Use and Development Code, the Town of Elizabeth Design Review Standards and Guidelines, and the 2019 Comprehensive Plan.

**REZONE MAP**

It appears the following comments from the June 14, 2021, comment letter have not been addressed on the Rezone Map. Additionally, the map has a density of 950 units.

1. Add the current use of the property under Zoning on the cover page.
2. Indicate any land to be dedicated to the Town.
3. Delineate any known one-hundred-year floodplain affecting the property. If one does not exist, please add a note stating such.

4. Delineate (dimension) existing easements on the site, their uses, and who holds or owns the right to that easement.
5. Please depict the recent State Highway 86 right-of-way dedication and recordation numbers on the rezoning map.
6. Include the average lot size on the rezone map.
7. Provide Section line/corner locations.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

1. Zoning is stated on the cover page. 2. Land dedications are indicated on the cover page under "Town Dedications". 3. See the floodplain note on the cover page, no floodplain exists. 4. Easements are shown on the map that exist. 5. Right of way dedications are shown with reception numbers. 6. Overall density of 1.46 du/ac is shown on the cover page, average lot size will not be determined until platting. 7. Section lines and corners are shown on the map.

## PUD GUIDE

### General Provisions

8. The revised PUD Guide defers to standards and regulations contained in Chapter 16 – Article 1 – Zoning. As such, please update the Application section to clearly state that where the PUD Guide is silent to any provision, the Elizabeth Municipal Code including Chapter 16 – Article 1 – Zoning shall supersede so that it is aligned with Section 1.7 of the PUD Development Plan (Sheet 2 of 3). An additional conflict statement needs to be included that states "in case of dispute or ambiguity, the Community Development Director shall interpret the PUD Guide and render a decision."

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

We updated the language to be the same as sheet 2 of the Development Plan and added the requested conflict statement.

9. Please include general road setbacks & buffer requirements for Highway 86 and Major Collectors.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

This has been added to the PUD Guide in the standards for SFe and SFd.

### Architectural Standards

10. Please revise the first sentence to state compliance (not deferral) with the Town of Elizabeth Design Review Standards and Guidelines is required. Since there is commercial proposed in the PUD, staff recommends compliance with all the design review standards and not limit it to Chapters 4 and 5.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

We have made the requested change.

11. The Design Review Standards and Guidelines work in tandem with Sec. 16-1-40 (f) and (g) of the Land Use and Development Code. Please include the standards (e.g., (f) 2,4,11,13, 14 and relevant residential dimensional of g) in the PUD Guide or provide justification for excluding them. It might be simplest to require compliance within the Architectural Standards section or within the Development Standards for SFe and SFd.

Applicant Response:  
Applicant Comment:

☒ Change Made

☐ Change Not Made

This has been added to the Development Standards for SFe and SFd.

12. Adequate justification to not have lot width variation by a minimum of five feet for every third lot has not been provided. The minimum lot size in the SFd is 4,500 square feet and ½ acre in SFe planning areas with no minimum lot width requirements delineated. Although the narrative states that there are a wide range of lot sizes generally in range of width from 4,500 feet to ½ acre, there is nothing in the PUD Guide that would ensure a variation of lot sizes or lot widths would occur.

Applicant Response:  
Applicant Comment:

☒ Change Made

☐ Change Not Made

We have added the requirement and are no longer requesting the variance from the requirement.

13. Please include language that requires lot size variation and limits the number of lots with the same lot width to no more than three in a row per the Land use and Development Code requirements.

Applicant Response:  
Applicant Comment:

☒ Change Made

☐ Change Not Made

This has been added to the Development Standards for SFe and SFd.

### Utilities

14. Please include standards that address utility meters not sited underground as they shall be enclosed in a meter housing affixed to the exterior or side of structures. Additionally, above ground utility connections are not permitted on the front façade of homes needs to be included.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

This has been added to the PUD Guide in the utilities section.

### Definitions

15. Building, Principal or Main definition may be problematic to interpret considering the uses are predominantly single-family residential. Are carports allowed in the PUD? Storage sheds are accessory uses that are not typically attached to principal buildings. Please clarify.

Applicant Response: ☒ Change Made

☐ Change Not Made

Applicant Comment:

Removed the reference to carports and storage sheds.

16. Shouldn't the definition of cluster development be deleted since cluster development is not proposed in the PUD?

Applicant Response: ☒ Change Made

☐ Change Not Made

Applicant Comment:

Yes this has been removed.

### Residential SFe (Single Family Residential R-1-20)

#### Development Standards

17. How does the definition of "garage parallel" correlate to "garage face" identified in the front building setback requirement? It's always best to utilize the same terminology of the Land Use and Development Code, which is front loaded garages. Regulations to ensure front loaded garages are recessed a minimum of 5 feet back from the main front building façade and are limited to not more than one double-wide door and 1 single wide door or 3 single wide doors shall be included the PUD Guide or provide justification for excluding them. Please address in SFd as well.

Applicant Response: ☒ Change Made

☐ Change Not Made

Applicant Comment:

Added the requested regulations for front load garages, changed garage face to garage opening in the lot typical.

18. Please provide setbacks for accessory buildings.

Applicant Response: ☒ Change Made

☐ Change Not Made

Applicant Comment:

Setbacks added.

19. PA-12 abuts a major highway and PA-7 abuts a major collector. Please include a minimum front yard setback of 100 feet from the highway centerline and set forth setbacks from major collectors.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

Setbacks to Hwy 86 and Major Collector added to standards.

20. Please provide justification for deviation in accessory building requirements (e.g., accessory buildings may exceed the total square footage of the dwelling unit's footprint) per the general provisions that are applicable to Table 16-1 (Sec. 16-1-40 (f) 2).

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

The previous restriction has been removed and defers to Land Use and development Code. For clarification, the previous restriction stated the accessory unit could not be larger than the first floor of the principal building.

21. Building Separation. Provide clarification on "other buildings" 20-foot separation. Does it include principal buildings and accessory structures?

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

Added clarification that the separation is for a building on a separate lot or tract not utilized for residential use such as a pocket park or similar

22. Lot coverage. Please provide justification/clarification on the reference to "outbuildings or accessory units." Outbuilding are not defined in the PUD or the Elizabeth Land Development Code. Weren't accessory units eliminated from the PUD? Additionally, lot coverage for accessory buildings is addressed in the development standards A(4) e of the PUD Guide. Please follow the lot coverage terminology of the Code for standards (e.g., under roof).

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

Changed to Accessory Buildings, yes accessory units were removed, the text was supposed to say accessory uses not units.

23. Please include a required Minimum vegetative area. The comparable standard (R-1-20), is 30%.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Added as requested.

24. Please set forth minimum lot widths and standards to ensure the variation in lot sizes and widths would be accomplished.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Minimum lot width has been added, the Land Use Code variations requirements have been added to the standards.

25. The lot typical is helpful addition to the PUD Guide; however they need to include all lot configurations, garage configurations (front loaded and side loaded), accessory structures, depict the lot size, lot coverage, and dimension all design standards.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Additional Lot Typical information has been added.

## Residential SFd (Single Family R-1)

### Development Standards

26. Please delete attached or detached private garages (3 cars maximum) from the list of permitted uses by right. These were previously relocated to Accessory Buildings.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Removed as requested.

27. Building Setbacks. Under building sides, 5 feet is listed, but no indication from what. Maybe it's from other property lines? Please clarify.

Applicant Response: ☒ Change Made ☐ Change Not Made

Applicant Comment:

Has been clarified to state 5 feet from internal property line.

28. See address comment 18 of the SFe above within the SFd building setbacks.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Setbacks added.

29. PA-15 abuts a major highway and PA-4 and PA-5 abuts a major collector. Please include a minimum front yard setback of 100 feet from the highway centerline and set forth setbacks from major collectors.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Setbacks to Hwy 86 and Major Collector added to standards.

30. Please set forth minimum lot widths and standards to ensure the variation in lot sizes and widths would be accomplished.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Minimum lot width has been added, the Land Use Code variations requirements have been added to the standards.

31. Lot coverage. See comment **Residential SFe** 22 above.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Changed to Accessory Buildings, yes accessory units were removed, the text was supposed to say accessory uses not units.

32. Please include a required Minimum vegetative area. The comparable standard (R-1), is 20%.

Applicant Response: ☒ Change Made ☐ Change Not Made

Applicant Comment:

Added as requested.

33. Lot typical. See comment **Residential SFe** 25 above.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Additional Lot Typical information has been added.

### General Residential Comments

34. It appears the suitability analysis for the requested increase in building heights was not included in the resubmittal. Specially, staff requested the analysis include variation of viewshed and height analysis for appropriate suitability to the site's topography.

Applicant Response: ☐ Change Made ☒ Change Not Made  
Applicant Comment:

A 25 foot height limit would not support two story homes, in particular with a minimum 6:12 roof pitch.

35. Please incorporate standards that would create buffers between the transition of various land uses (particularly areas adjacent to PA-13, PA-3, PLI-1, PLI-2, PLI-3 and PLI-4).

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

We have added buffer landscape standards to the PLI design standards.

36. Fencing, hedges and wall regulations needs to be addressed in the PUD Guide or simply require compliance with the Land Use and Development Code.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Compliance with the Land Use and Development Code has been added.

37. Please provide a block typical to demonstrate conformance with the Design Review Standards and Guidelines and the Town of Elizabeth Land Use and Development Code.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

We have created block typicals as requested and have added them to the PUD Land Use Document.

### Commercial Mixed Use (CMU)

38. The intent of the underlying zoning is to provide a mix of higher density residential and commercial accommodations; however, no dwelling units are allocated for the planning areas. Please clarify.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Understood, we acknowledge that any potential future units in the CMU areas would need to bring water for their use.

39. PA-3 should have an underlying zone district designation of Public Lands and Institution (PLI).

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

This has been added as a note to the PUD for PA-3.

### Lighting and Dark Skies

40. Replace "Development within Elizabeth West will conform...." with a statement that all lighting shall conform with Article VIII – Lighting Requirements as set forth in the Town of Elizabeth Land Use and Development Code and the Town of Elizabeth Design Review Standards & Guidelines, dated January 2011."

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

The note has been updated as requested.

### Parks & Open Space (OS)

41. The percentage of active open space is right at the minimum required for PUDs. Please provide the acreage of the trails and detention areas in the Land Use Chart's passive vs. active open space portion. Staff is having difficulty confirming acreages for the trail square footage (trails are delineated in miles), detention areas in OS-1 and OS-2, and wayside areas. Please provide the square footages/acres for each with clear delineation of what is proposed to be counted as active. The total should add up to the total active area acreage in the chart. Please provide a definition of wayside areas.

Applicant Response: ☒ Change Made ☐ Change Not Made

Applicant Comment:

We have clarified how the calculations have been made, in addition we have added standards for wayside areas to be used in the more detailed design stage.

42. Staff recommends including exercise components along the community trail.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

A commitment to the addition of outdoor exercise equipment is memorialized in the waysides section of Development Criteria for Open Space.

43. Please delineate the residential buffer square footages per planning area.

Applicant Response:

☐ Change Made

☒ Change Not Made

Applicant Comment:

The Land Use and Development Code, as well as the Town of Elizabeth Design Standards reference buffers as part of the landscape plans/site plans, for example a 25' buffer is required when a parking lot adjoins property zoned for any residential use. At the more detailed design stage buffers will be incorporated where required. OS-3 - 27.6 acres, has been excluded from the passive open space calculation.

44. OS-2 may need to extend further west (within PA-5) to that point at which the drainage basin exceeds 130 acres.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

Additional open space within PA-5 may be required during platting to convey the offsite drainage basin; however, at this time we anticipate the drainage could be accommodated in a storm pipe or channel improvement.

45. Allowing school facilities as a use permitted by right does not appear to be consistent with the intent of parks and open space in Elizabeth West. Please clarify.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

Removed.

46. Clearly delineate the active and passive amenities in the pocket parks and neighborhood parks. The acreages need to match the acreages in the Land Use Chart.

Applicant Response:

☐ Change Made

☒ Change Not Made

The intent is that the park areas would be active, if an example could be provided showing how another Zoning application provided that level of information it would be extremely helpful. We referenced the recently approved Legacy Village Zoning documents, as well as the final CD's and have prepared this Zoning level document in the same way that Legacy Village was completed.

47. In pocket parks, staff recommends removing open turf area of 3,000 square feet and replace with turf and landscape plantings to provide shade over at least 15% of the area. This way, the turf and landscape area would correlate to the ultimate size of the pocket park that would be anywhere between ¼ acre to 3 acres.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

Good suggestion, this has been updated to read that turf and landscape plantings to provide shade over at least 25% of the area, again the intent of the park areas is to provide for active use.

48. One neighborhood park is proposed (PK-1). Please revise the minimum park size to correspond with the PUD Development Plan (e.g., 10.1 acres).

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

Updated as requested.

49. Due to the size of PK-1, minimum development features and/or amenities should be a 50%/50% split between active and passive recreation uses or only include active amenities for the neighborhood park. Please delineate all amenities that would be passive and those that would be active. Other considerations to update:

- a. A minimum of five benches might not be enough to serve a 10.1-acre neighborhood park.
- b. Not sure if 10,000 square feet of natural area is an adequate neighborhood park amenity considering the proximity to 80-acres of natural open space.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

We anticipate active uses and have removed the natural area, as well as increased the number of benches to a minimum of 10.

50. Thank you for providing community and local trail standards. Please remove reference to the intention of connectivity as it needs to be required (e.g., shall connect to the broader community of Elizabeth community trails for community trails, etc.).

Applicant Response:  
Applicant Comment:

☒ Change Made

☐ Change Not Made

The reference has been changed as requested.

51. Please include standards (e.g., berming, vegetation) for the 100-foot-wide tract along the southern property line that would buffer estate residential planning areas. The graphic provided on page 10 of the PUD narrative shall be included in the PUD Guide to illustrate the buffering standards.

Applicant Response:  
Applicant Comment:

☒ Change Made

☐ Change Not Made

Standards have been added to the development standards for SFe.

#### PUD DEVELOPMENT PLAN

52. Please add a table showing the dimensional standards for each land use proposed for the PUD on the PUD Development Plan.

Applicant Response:  
Applicant Comment:

☐ Change Made

☒ Change Not Made

It was previously requested to remove this and only have these standards in the PUD Guide.

53. Section 1.1 Introduction & Project Narrative mentions a mix of housing types, variety of housing products, lot sizes and uses. Please be sure the development and dimensional standards implement the project narrative. Additionally, the narrative states open areas in the form of passive and active open space, pond areas, floodplain, etc. Previous submittals indicated there are no 100-year floodplains affecting the property. Please confirm.

Applicant Response:  
Applicant Comment:

☒ Change Made

☐ Change Not Made

Standards have been updated per this comment letter, the reference to floodplain has been removed, there is no floodplain on the property.

54. Please address the preservation of the existing trees and pond areas within the PUD Guide and Development Plan.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

We have added tree protection standards to the PUD Guide.

55. In Section 1.3, please replace “Town of Elizabeth Planning Manager” with “Community Development Director.”

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Changed as requested.

56. Please include the phasing plan and narrative from page 8 in the PUD Development Plan. Per the Phasing Plan, the critical parks and open space amenities (e.g., 10.1 acre neighborhood park, 3.2 acre pocket park, and OS-1) are not proposed to be constructed until 2030, but a significant amount of the project density is proposed in Phase 1 and 2. Amenity contributions should be evenly spread in a prorated fashion rather than on the back end of the development.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

We have modified the phasing plan to include PK-1 in Phase Two.

### Land Use Chart

57. Please include PA-3 in the Site Dedication section of the Land Use Chart as it will be dedicated to the Town upon approval of the final plat for the property.
58. For PLI-1, replace “public lands/institutions” with Town water storage tank.
59. For PLI-2 and PLI-4, replace “public lands/institutions” with Town lift stations.
60. For PLI-3, “public lands/institutions” with Town water well and ancillary facilities.
61. Delete the reference to “anticipated” neighborhood park in the Land Use Chart.
62. Delete “approximately” and replace with “minimum” for trail lengths.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

Updated as requested.

### COMPREHENSIVE PLAN CONFORMANCE

Staff substantially concurs with the Comprehensive Plan Compliance Overview provided in the resubmittal once all comments included in this Comment Summary Report are addressed.

### Finance

I'm confused what they've done here; I was happy with the revisions that they had made when revision 3 was released, and this seems to have taken two steps back. Page 31 of the document is the most important, as it is encompassing all of the estimates leading up to that point. We had discussed that the Elizabeth Parks and Rec District is not part of the Town and their revenue should not be included in our revenue sources, and they have added that back in. This table also is demonstrating that long-term this development is not sustainable. I made them aware of that, and that they needed to include utility services as a revenue source in order to offset the increasing expenditures, which they had also corrected.

Now that line item is gone. This is the link to revision 3 -

[https://www.dropbox.com/sh/fhor3r4hve1c2ox/AABmJxNxX8R3\\_C0ekVjm5g7Ea?dl=0&preview=Elizabeth+West+Fiscal+Impact+Analysis+v20210929.pdf](https://www.dropbox.com/sh/fhor3r4hve1c2ox/AABmJxNxX8R3_C0ekVjm5g7Ea?dl=0&preview=Elizabeth+West+Fiscal+Impact+Analysis+v20210929.pdf)

I was happy with the way that it looked at that point. It looks like their intent with this revision was to change beginning start date and thus lower expected home values based on rising interest rates, which I understand, but I don't know why they changed some of the other items that had already been corrected.

Applicant Response:

☐ Change Made

☐ Change Not Made

Applicant Comment:

### Town Engineering

Manny Nuno, CORE, Project Engineer

[mnuno@liveyourcore.com](mailto:mnuno@liveyourcore.com)

As noted, we have yet to see the section lines added to the applicant's zoning documents to be able to verify access. This is a repeated comment that has not been previously addressed.

This comment extends back to the 2nd submittal of this project and remains unresolved. We have previously requested that Section Corners and Section Lines be included on the Zoning Exhibit, which we note has not been done. The need for this Section information stems from our concern that this property may not have direct access to Legacy Village Road on the West side. Until Section information AND the designation of the full existing Right of Way of Legacy Village Road is identified on the Zoning map, we cannot presume that access is available.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

**Our surveyor has confirmed the section lines and ROW, these have been added to the Zoning Exhibit.**

## Public Works Department – Water and Sewer Review

Rob Anderson, JVA Senior Project Manager  
Mike DeVol, Elizabeth Public Works Director

[randerson@jvaiva.com](mailto:randerson@jvaiva.com)  
[mdevol@townofelizabeth.org](mailto:mdevol@townofelizabeth.org)

On behalf of the Town of Elizabeth, JVA has reviewed the following documents submitted in June 2022.

- PUD Development Plan
- PUD Development Narrative

The planned development totals approximately 425 acres with a proposed 623 residential lots and 250,000 sf of commercial and 15 acres of park and recreation areas.

### 1.) Water Supply – HRS is reviewing the Adequacy of Water Supply Study

Applicant Response: ☐ Change Made ☒ Change Not Made  
Applicant Comment:

Understood, many conversations have taken place over the last approximately year. The revised plan has been catered to the water supply as suggested by the town and town representatives.

### 2.) Developer shall contribute funds for the construction of reuse facilities or related systems.

Applicant Response: ☐ Change Made ☒ Change Not Made  
Applicant Comment:

Understood, these conversations are ongoing.

### 3.) Water Infrastructure

- An off-site water transmission main along HWY 86 will be required to interconnect with the Town infrastructure.
- A pumped high zone is likely and may require property dedication.
- Water storage tank(s) will be required. The proposed tank site may require adjustment due to grade elevations and hydraulics.
- Suggest a larger two-to-three-acre tank site to accommodate wells, pump station, water treatment and future utility expansions.
- Provide multiple well sites for current and future groundwater development.
- Irrigation for parks and road medians should be minimized.
- Minimize irrigation for residential and commercial properties and adopt a form of Xeriscaping.

Applicant Response: ☐ Change Made ☒ Change Not Made  
Applicant Comment:

Thank you for this information, it will be helpful when we move into the detailed design.

#### 4.) Sewer Infrastructure

- a. The Gold Creek WWTP will require expansion.
- b. Multiple lift stations (more than two) may be required to serve the development
- c. Replacement of the Gold Creek Lift Station maybe required.
- d. Sewer main extensions in Town proper will be required
- e. Forcemain and sewer interconnects with the Town, aligned along HWY 86 will be required.

Applicant Response:

☐ Change Made

☒ Change Not Made

Applicant Comment:

Thank you for this information, it will be helpful when we move into the detailed design.

#### 5.) Other

- a. Given the size of the development, a water and sewer plan for the entire development should be submitted for review and comment.
- b. Provide documentation on how infrastructure is to be constructed in relation to the development phasing.

Applicant Response:

☐ Change Made

☒ Change Not Made

Applicant Comment:

Per direction from the Patrick Davidson the Town Manager, a Utility Study/Water & Sewer Plan is not required at the zoning stage of the project.

**Matt Seitz, HRS Water Consultants, Inc**

303-462-1111 ex 301, [mseitz@hrswater.com](mailto:mseitz@hrswater.com)

Reviews the quantities in the Jehn Report and they check out as others noted. No other comments beyond what has been commented on in our previous letters.

**David L. Kueter, Of Counsel, Holsinger Law, LLC**

303-722-2828, [dkueter@holsingerlaw.com](mailto:dkueter@holsingerlaw.com)

The Water Availability analysis appears to be consistent with the discussions we have been having with the applicant (the discrepancy between their calculation of 272.6 af/yr vs. HRS' 272.4 af/yr appears not to be significant if their demand calculations are correct). I just have a couple comments:

1. As noted in the report, the portion of the groundwater underlying the New Point Properties (about 51.1 af based on a 300-year supply) has not been adjudicated. Section 13-4-50(a) of the Town Code requires groundwater to be adjudicated prior to dedication, although the Board of Trustees may accept unadjudicated groundwater provided the cost of adjudication and yield are addressed in the development contract or water dedication agreement. Gina Burke at

Jehn Water Consultants has reached out to Matt Seitz to discuss adjudication of the groundwater. Any approval should address responsibility for adjudication, whether the Town will be a co-applicant in any adjudication pursuant to 13-4-50(c), and any required adjustments to the development plan if the adjudication results in a material reduction in the amount of water available for the project.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

2. Thank you for providing the July 13, 2011 Bargain and Sale Deed referenced in the notes to Table 2 of the report. These documents are consistent with the amounts claimed in the Jehn report and with my previously provided comments.

### Transportation

**Matt Brown, Stolfus & Associates, Inc.**

303-221-2330, [Matt@stolfusandassociates.com](mailto:Matt@stolfusandassociates.com)

1. The PUD exhibit shows a right-in, right-out access to CO-86 immediately east of CR 3. This isn't reflected in the traffic study and should be removed from the PUD exhibits.

Applicant Response: ☒ Change Made ☐ Change Not Made  
Applicant Comment:

**This has been removed from the PUD exhibit.**

2. The traffic study assumes that an Access Control Plan (ACP) amendment will be successful. It also assumes more than one CO-86 access per ownership and a full movement intersection (Elizabeth West's proposed North Access) that is not in alignment with the current ACP. The applicant will be responsible for preparing an amendment to the Access Control Plan on behalf of the Town of Elizabeth. An updated traffic study will be required if the access scheme changes from what is assumed in the traffic study.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

3. The study assumes relocation of the signalized intersection shown in the ACP for Cherokee Trail to Elizabeth West's proposed North Access and recommends that a new connection from Cherokee Trail to the North Access be provided by others. A signal at the North Access would serve Elizabeth West as well as future development north of CO-86. The applicant will be responsible for preparing an amendment to the Access Control Plan on behalf of the Town of

Elizabeth. An updated traffic study will be required if the access scheme changes from what is assumed in the traffic study.

Applicant Response:  
Applicant Comment:

☐ Change Made

☐ Change Not Made

4. In addition to the access control plan amendment, the Applicant will be responsible for obtaining state highway access permits at CR 3 and the other 2 proposed access points to CO-86. The applicant will be responsible for any access-related improvements necessary to obtain CDOT approval.

Applicant Response:  
Applicant Comment:

☐ Change Made

☐ Change Not Made

5. Referring to Table 3, some of the improvements required of the applicant will trigger the need for improvements at locations currently identified as the responsibility of “others”. For example, construction of a northbound dual left at CO-86 and CR 3 will likely require that improvements be made to CR 3 north of the intersection to accommodate the widening and make sure that the north/south thru lanes align across the intersection. The applicant is responsible for the entirety of the improvement necessary to accommodate Elizabeth West traffic.

Applicant Response:  
Applicant Comment:

☐ Change Made

☐ Change Not Made

6. The applicant should not assume a cost share with others for the signal at CR 3. Similarly, the traffic signal at the north access will be an applicant cost, not “others” as shown in Table 3. There are no other developments currently planned so all required improvements to accommodate Elizabeth West are the responsibility of the applicant.

Applicant Response:  
Applicant Comment:

☐ Change Made

☐ Change Not Made

7. Improvements to CR 3 from CO-86 south to the property limit are not listed. The applicant is responsible for improving the roadway to Major Collector standards per the Annexation Agreement.

Applicant Response: ☐ Change Made ☐ Change Not Made  
Applicant Comment:

### EXTERNAL REFERRAL AGENCY COMMENTS

**Kara Gerczynski, Division Chief/Fire Marshall**

303-646-3800 [kara@elizabethfire.com](mailto:kara@elizabethfire.com)

Note: Fire review and Impact Fee Form attached.

1. The fire code requires 1000 gpm at 20 psi for 60 minutes of fire flow for residential developments. The total water storage shall be \$60,000 in excess of the daily maximum flows.

Applicant Response: ☐ Change Made ☒ Change Not Made  
Applicant Comment:

**Understood, as stated below this will be assessed at site plan/plat review.**

2. The fire code bases fire flow on the type of building and size. Fire flow requirements will be assessed at site plan review. The lowest fire flow will be 1500 gpm at 20 psi for 2 hours. The total water storage shall be a minimum of 180,000 gallons in excess of the daily maximum flows.

Applicant Response: ☐ Change Made ☒ Change Not Made  
Applicant Comment:

**Understood, as stated above this will be assessed at site plan/plat review.**

3. All parks shall have some type of name/designation for immediate emergency response.

Applicant Response: ☐ Change Made ☒ Change Not Made  
Applicant Comment:

**Understood, we will name the parks as part of the more detailed design process but not at the zoning stage of the project.**

4. Trail that extends into open space shall have designators along the trail for immediate emergency response.

Applicant Response: ☐ Change Made ☒ Change Not Made

Applicant Comment:

Understood, the trails will be named for emergency response as part of the more detailed design process but not at the zoning stage of the project.

Elizabeth School District, Ron Patera

[rpatera@esdk12.org](mailto:rpatera@esdk12.org)

1. Thank you for the opportunity to review the referenced project. Similar to a prior response, the district's first concern is a safety issue from our transportation department. Safety is of the utmost concern when it comes to pupil transportation. At all of the accesses to Highway 86 or other busy roads it would be important to have proper turn lanes and merge lanes to allow safe turns for slow-accelerating buses. That part of Highway 86 is notorious for high speeds and problems seeing slow-accelerating buses when the sun is rising or setting.

Applicant Response:

☐ Change Made

☒ Change Not Made

Applicant Comment:

We agree, and as part of the more detailed design specific improvements will be designed, but the zoning stage of the entitlement process is not where this level of design is completed.

2. One other thought is more of a broader transportation concern. Highway 86 has a near constant flow of traffic during rush hour, and that is during a time when many people are working from home. Adding this many more homes where workers will be using 86 to get to/from work may cause serious logjams every day. A plan to widen 86 to four lanes should be in the works as this, and other developments, are approved.

Applicant Response:

☐ Change Made

☒ Change Not Made

Applicant Comment:

We understand, this is a regional improvement. A detailed traffic study will be done with the more detailed design after zoning.

3. In reviewing the development documents, we noticed that in the land use application it states that there will be 950 units developed, while the narrative states there will be 623 units. For planning purposes, the school district would like to have this clarified.

Applicant Response:

☐ Change Made

☒ Change Not Made

Applicant Comment:

Understood, the application was not updated since it was originally submitted but 623 units is correct.

4. In a previous version of this proposal, there was a site that was dedicated for a future school. However, it is not obvious in this version there is not any land dedicated for a school. Again, for planning purposes, the school district would like to have this clarified.

Applicant Response:

☒ Change Made

☐ Change Not Made

Applicant Comment:

Our understanding is that a school site is no longer a part of this proposal, and we have removed school uses from the permitted uses in the open space areas.

5. The final concern of the District is the collection of fees attributable to the development. Currently, the district collects \$2,822 per housing unit due to the impact attributable to growth. Therefore, the district requests that the applicant enter into an agreement for the timely payment of all applicable fees to the district.

Applicant Response:

☐ Change Made

☒ Change Not Made

Applicant Comment:

This agreement will be entered into with the platting stage of the project, the same as other projects in the Town of Elizabeth.

Hi Carrie,

I have reviewed the document and the concerns Brian was addressing before he left. Everything is great now based on his initial analysis. Do you need me to add the verbiage to the document or will this email suffice?

**Staff Comment:** The applicant prepared a Fiscal Impact Analysis to describe the fiscal impacts to the Town. The Town's Finance Director reviewed the analysis and concurs that at full build-out, Elizabeth West is estimated to generate approximately \$16,992 in revenue per acre, which compares favorably to an estimated approximately \$14,902 in public service expense per acre in the same timeframe. Said estimates indicate a positive fiscal impact to the Town. As such, staff finds additional municipal service costs will not be incurred, which the Town is not prepared to meet.

Best regards,

#

Hi Pam,  
For the purposes of rezone, I'm satisfied with the Applicant's response to my July comments.

I wanted to confirm with you that at this time we are reviewing zoning, and that site plan will be a subsequent review. Is that correct?

Town Municipal Code Chapter 16 Article II – Site Plan Standards and Procedures includes the following:

- (h) The Town may require public improvements to be constructed as a condition of site plan approval. Any such improvements to the proposed use and may include, but not be limited to, street widening, acceleration/deceleration lanes, access to sewer lines, pedestrian/bicycle trails or other related improvements.

With this in mind, I've not reviewed the entirety of the traffic study recommendations to determine their suitability for Site Plan approval, only the overall vehicular access and circulation concept as it relates to rezoning of the parcel for the PUD use. Feel free to give me a call if you would like to discuss this further.

Regards,  
Matt

**Subject:** Elizabeth West - follow up on traffic study

Matt,

I have reviewed your recent comments dated July 18, 2022 regarding the Elizabeth West traffic study.

The theme of the comments is we need to follow the State Highway Access Code requirements for access to SH 86 which will include needing an Access Control Plan amendment to allow the access currently being proposed. Jim Marshall's intent is to get through the high level approvals and then coordinate with CDOT on the access details once we get into the details of site planning. If the amendment is not approved we may need to modify the access plan to be consistent with the existing Access Control Plan.

One of the comments mentioned a dual left-turn lane. The 2020 traffic study originally submitted assumed up to 1,400 homes, an elementary school and 250,000 square feet of commercial space. Since that time the density was lowered and the traffic study updated. The updated traffic study from May, 2022 assumed only 623 homes, a 20,000 Town building and 230,000 square feet of commercial space. The updated study had considerably fewer trips so the dual left-turn lane recommendations were dropped. Not sure if this comment was a carry over from last time or if you did not receive the updated study.

I have attached the May, 2022 in case you didn't receive it.

We will coordinate with the CDOT when the time is right after high level approvals have been made to modify the existing Access Control Plan. If the amendment is not approved we may need to modify the access plan to be consistent with the existing Access Control Plan.

We don't feel any additional traffic study updates are needed at this time.

Thank you,

## Memorandum

**To:** Carrie McCool, Town of Elizabeth Contract Planner  
Pam Cherry, Town of Elizabeth Community Development Director

**From:** Matthew J. Brown, PE, PTOE

**Date:** July 18, 2022

**Re:** Elizabeth West Rezone

---

Stolfus & Associates, Inc. has reviewed the Elizabeth West Rezone application and has the following comments:

1. The PUD exhibit shows a right-in, right-out access to CO-86 immediately east of CR 3. This isn't reflected in the traffic study and should be removed from the PUD exhibits.
2. The traffic study assumes that an Access Control Plan (ACP) amendment will be successful. It also assumes more than one CO-86 access per ownership and a full movement intersection (Elizabeth West's proposed North Access) that is not in alignment with the current ACP. The applicant will be responsible for preparing an amendment to the Access Control Plan on behalf of the Town of Elizabeth. An updated traffic study will be required if the access scheme changes from what is assumed in the traffic study.
3. The study assumes relocation of the signalized intersection shown in the ACP for Cherokee Trail to Elizabeth West's proposed North Access and recommends that a new connection from Cherokee Trail to the North Access be provided by others. A signal at the North Access would serve Elizabeth West as well as future development north of CO-86. The applicant will be responsible for preparing an amendment to the Access Control Plan on behalf of the Town of Elizabeth. An updated traffic study will be required if the access scheme changes from what is assumed in the traffic study.
4. In addition to the access control plan amendment, the Applicant will be responsible for obtaining state highway access permits at CR 3 and the other 2 proposed access points to CO-86. The applicant will be responsible for any access-related improvements necessary to obtain CDOT approval.
5. Referring to Table 3, some of the improvements required of the applicant will trigger the need for improvements at locations currently identified as the responsibility of "others". For example, construction of a northbound dual left at CO-86 and CR 3 will likely require that improvements be made to CR 3 north of the intersection to accommodate the widening and make sure that the north/south thru lanes align across the intersection. The applicant is responsible for the entirety of the improvement necessary to accommodate Elizabeth West traffic.
6. The applicant should not assume a cost share with others for the signal at CR 3. Similarly, the traffic signal at the north access will be an applicant cost, not "others" as

shown in Table 3. There are no other developments currently planned so all required improvements to accommodate Elizabeth West are the responsibility of the applicant.

7. Improvements to CR 3 from CO-86 south to the property limit are not listed. The applicant is responsible for improving the roadway to Major Collector standards per the Annexation Agreement.

Thank you for the opportunity to complete this review. Please let me know if you would like to discuss any of these comments.

**Subject:** Elizabeth West PUD Zoning request

Rob and Michael,

The Town of Elizabeth is not going to require Elizabeth West to design water and sewer plans or provide information on how the infrastructure is to be constructed. The requests are premature. There is not sufficient information at this time to determine what will be needed or how to begin design of infrastructure. These requests are not appropriate until plat application.

Thank you

RE: Referral – Water & Sewer Review  
Rezone & PUD Application - Elizabeth West – Resubmittal  
JVA Job No. 1052.e

Dear Mike:

On behalf of the Town of Elizabeth, JVA has reviewed the following documents submitted in June 2022.

- PUD Development Plan
- PUD Development Narrative

The planned development totals approximately 425 acres with a proposed 623 residential lots and 250,000 sf of commercial and 15 acres of park and recreation areas. We have the following comments.

- 1.) Water Supply – HRS is reviewing the Adequacy of Water Supply Study
- 2.) Developer shall contribute funds for the construction of reuse facilities or related systems.
- 3.) Water Infrastructure
  - a. An off-site water transmission main along HWY 86 will be required to interconnect with the Town infrastructure.
  - b. A pumped high zone is likely and may require property dedication
  - c. Water storage tank(s) will be required. The proposed tank site may require adjustment due to grade elevations and hydraulics.
  - d. Suggest a larger two-to-three-acre tank site to accommodate wells, pump station, water treatment and future utility expansions.
  - e. Provide multiple well sites for current and future groundwater development.
  - f. Irrigation for parks and road medians should be minimized.
  - g. Minimize irrigation for residential and commercial properties and adopt a form of Xeriscaping.

4.) Sewer Infrastructure

- a. The Gold Creek WWTP will require expansion.
- b. Multiple lift stations (more than two) may be required to serve the development
- c. Replacement of the Gold Creek Lift Station maybe required.
- d. Sewer main extensions in Town proper will be required
- e. Forcemain and sewer interconnects with the Town, aligned along HWY 86 will be required.

5.) Other

- a. Given the size of the development, a water and sewer plan for the entire development should be submitted for review and comment.
- b. Provide documentation on how infrastructure is to be constructed in relation to the development phasing.

Please contact me if you need any clarifications.

Sincerely,  
JVA, INCORPORATED

By:   
Robert J. Anderson, PE

DISTRICT COURT, WATER DIVISION 1, COLORADO	
Court Address: 901-9 <sup>th</sup> Street Greeley, CO 80632	
Concerning the Application of:	
CAROL J. GRAEFF; FRANCIS E. AND BETTY M. RAILSBACK; STEVEN F. AND WENDI L. SETTLE; AND STEPHEN L. AND KATHLEEN M. HOWARD;	
Applicants,	
IN ELBERT COUNTY.	
▲ COURT USE ONLY ▲	
Case Number: 2006CW260	
FINDINGS OF FACT, CONCLUSIONS OF LAW, RULING OF THE REFEREE, JUDGMENT AND DECREE	

This claim for nontributary and not nontributary ground water, having been filed in December, 2006, and all matters contained in the application having been reviewed, and testimony having been taken where such testimony is necessary, and such corrections made as are indicated by the evidence presented herein, the following is hereby the Ruling of the Referee:

#### FINDINGS OF FACT

1. **Name, Address, and Telephone Number of Applicants:**

Carol J. Graeff; Francis E. and Betty M. Railsback; Steven F. and Wendi L. Settle;  
and Stephen L. and Kathleen M. Howard

c/o G. Kirby Ross

19751 East Mainstreet, Suite 200

Parker, CO 80138

[Telephone: 303-805-1000, ext 14]

2. **Background:**

A. Applicants are the owners of a parcel of land consisting of 356 acres, more or less, in Elbert County, generally described as the W ½, NW ¼ and the NW ¼, SW ¼ of Section 14 and the NE ¼ and the N ½, SE ¼ of Section 15, Township 8 South, Range 65 West of the 6<sup>th</sup> P.M., as shown on the General Location Map, attached as Exhibit A, the Site Location Map, attached as Exhibit B, and as described in the Property Legal Description, attached as Exhibit C, hereto ("Applicants' Property").

502731 B: 712 P: 175 JUDDEC

06/17/2009 04:26:12 PM Page 1 of 10 R: \$51.00 D:  
Amy L. Fordyce Clerk/Recorder, Elbert County, CO

B. Applicants certify that they own all such described parcel and that only one other person or entity has a financial interest in such land. Such party has been duly notified of the filing of this application in accordance with the notice requirements of § 37-92-302(2), C.R.S., and Applicants certify their compliance therewith.

3. **Objections:** No statements of opposition were filed in this matter and the time for filing such statements has expired.

4. **Subject Matter Jurisdiction:** Timely and adequate notice of the application was published as required by statute, and the Court has jurisdiction over the subject matter of this proceeding and over the parties affected hereby, whether they have appeared or not. The ground water adjudicated herein is not within the boundaries of a designated ground water basin.

#### APPROVAL OF GROUND WATER RIGHTS

5. **Wells and Well Permits:**

A. Well permit applications for wells to be constructed pursuant to this ruling and decree will be applied for at a later time pursuant to the terms herein. Applicants may construct such wells anywhere on the Applicants' property in order to recover the entire amount of ground water found to be available in each aquifer.

B. There are four (4) existing exempt domestic wells located on Applicants' Property, Well Permit Nos. 211219, 211204, 165872, and 60770, all completed into the Upper Dawson aquifer. These wells are not affected by this ruling and decree, and the annual amounts of Upper Dawson aquifer withdrawals allowed by the permits are excluded from this adjudication.

C. The groundwater may be withdrawn at rates of flow necessary to efficiently withdraw the amounts decreed herein. Applicants hereby waive any 600 foot spacing rule for wells located on the Subject Property, but must satisfy Section 37-90-137(4), C.R.S. for wells owned by others on adjacent properties.

6. **Aquifer Depths and Average Annual Amounts:**

A. Approximate depths to the base of each aquifer are estimated as follows:

<u>Aquifer</u>	<u>Depths Below Land Surface</u>
Upper Dawson	560 Feet
Lower Dawson	840 Feet
Denver	1170 Feet
Arapahoe	2300 Feet
Laramie-Fox Hills	2980 Feet

B. The average annual amounts available from each aquifer are shown below. These values and amounts are consistent with the State Engineer's Determination of Facts dated May 10, 2007.

<u>Aquifer</u>	<u>Land Area</u>	<u>Saturated Thickness</u>	<u>Specific Yield</u>	<u>Average Annual Amount</u>
Upper Dawson	356 Ac.	175 feet	20 %	112.6 AF
Lower Dawson	356 Ac.	110 feet	20 %	78.3 AF
Denver	356 Ac.	185 feet	17 %	112.0 AF
Arapahoe	356 Ac.	240 feet	17 %	145.2 AF
Laramie-Fox Hills	356 Ac.	225 feet	15 %	120.2 AF

7. **Uses:** The groundwater decreed herein will be used and reused for domestic, industrial, commercial, irrigation, stock watering, recreational, fire protection, and augmentation purposes, both on and off the Subject Property. The ground water subject to this ruling and decree may also be used for municipal purposes if such ground water is conveyed to a municipality or a quasi-municipal entity.

8. **Final Average Annual Amounts of Withdrawal; Banking of Unused Amounts:**

A. Final determination of the applicable average saturated sand thicknesses and resulting average annual amounts available to Applicants will be made pursuant to the retained jurisdiction of this Court, as described in paragraph 20 below. The Court shall use the acre-foot amounts in paragraph 6 herein in the interim period, until a final determination of water rights is made.

B. The allowed annual amount of ground water which may be withdrawn through the wells specified above and any additional wells, pursuant to Section 37-90-137(10), C.R.S., may exceed the average annual amount of withdrawal, as long as the total volume of water withdrawn through such wells and any additional wells therefor subsequent to the date of this decree does not exceed the product of the number of years since the date of the issuance of any well permits or the date of this decree, whichever is earliest in time, multiplied by the average annual amount of withdrawal, as specified above or as determined pursuant to the retained jurisdiction of the Court. However, amounts set forth in well permits will not be exceeded.

9. **Sources of Ground Water and Limitations on Consumption:**

A. The ground water to be withdrawn from the Lower Dawson, Denver, Arapahoe, and Laramie-Fox Hills aquifers is "nontributary ground water" as defined in Section 37-90-103(10.5), C.R.S., and in the Denver Basin Rules, the withdrawal of which will not, within 100 years, deplete the flow of a natural stream, including a natural stream as defined in Section 37-82-101(2) and Section 37-92-102(1)(b), C.R.S., at an annual rate greater than 1/10 of 1% of the annual rate of withdrawal.

B. Applicants may not consume more than 98% of the annual quantity of water withdrawn from the nontributary aquifers. The relinquishment of 2% of the annual amount of water withdrawn to the stream system, as required by the Denver Basin Rules effective January 1, 1988, may be satisfied by any method selected by the Applicants and satisfactory to the State Engineer, so long as Applicants can demonstrate that an amount equal to 2% of such withdrawals (by volume) has been relinquished to the stream system.

C. The ground water to be withdrawn from the Upper Dawson aquifer is "not nontributary" as defined in Sections 37-90-103(10.7) and 37-90-137(9)(c), C.R.S. Such not nontributary ground water decreed herein may be withdrawn only pursuant to an augmentation plan to be sought separate from this ruling and decree. No such plan was sought in this case.

D. There is unappropriated groundwater available for withdrawal from the subject aquifers beneath the Subject Property, and the vested water rights of others will not be materially injured by such withdrawals as described herein. Withdrawals hereunder are allowed on the basis of an aquifer life of 100 years, assuming no substantial artificial recharge within 100 years. Withdrawals of not nontributary ground water are not authorized under this decree.

**10. Additional Wells and Well Fields:**

A. Applicants may construct additional and replacement wells in order to maintain levels of production, to meet water supply demands or to recover the entire amount of ground water in the subject aquifers underlying the Subject Property. As additional wells are planned, applications shall be filed in accordance with Section 37-90-137(10), C.R.S.

B. Two or more wells constructed into a given aquifer shall be considered a well field. In effecting production of water from such well field, Applicants may produce the entire amount which may be produced from any given aquifer through any combination of wells within the well field.

C. In considering applications for permits for wells or additional wells to withdraw the ground water which is the subject of this decree, the State Engineer shall be bound by this decree and shall issue said permits in accordance with provisions of this decree and Section 37-90-137(10), C.R.S.

D. In the event that the allowed average annual amounts decreed herein are adjusted pursuant to the retained jurisdiction of the Court, Applicants shall obtain permits to reflect such adjusted average annual amounts. Subsequent permits for wells herein shall likewise reflect any such adjustment of the average annual amounts decreed herein.

E. The water in the Upper Dawson aquifer is not nontributary and may not be withdrawn unless and until an augmentation plan has been applied for and approved by this Court in a separate proceeding.

**CONCLUSIONS OF LAW**

11. The Water Court has jurisdiction over this proceeding pursuant to Section 37-90-137(6), C.R.S. This Court concludes as a matter of law that the application herein is one contemplated by law. Section 37-90-137(4), C.R.S.
12. The application for a decree confirming Applicants' right to withdraw and use all unappropriated ground water from the nontributary aquifers beneath the Subject Property as described herein pursuant to Section 37-90-137(4), C.R.S., should be granted, subject to the provisions of this decree. As a condition precedent to withdrawal of the Upper Dawson aquifer ground water adjudicated herein, Applicants must obtain this Court's approval of an augmentation plan for the replacement of modeled stream depletions in accordance with the provisions of Section 37-90-137(9)(c), C.R.S.
13. The rights to ground water determined herein shall not be administered in accordance with priority of appropriation. Such rights are not "conditional water rights" as defined by Section 37-92-103(6), C.R.S., and findings of reasonable diligence are not applicable to the ground water rights determined herein. The determination of ground water rights herein need not include a date of initiation of the withdrawal project. See Section 37-92-305(11), C.R.S.

**JUDGMENT AND DECREE**

14. The Findings of Fact and Conclusions of Law set forth above are hereby incorporated into the terms of this Ruling and Decree as if the same were fully set forth herein.
15. Full and adequate notice of the application was given, and the Court has jurisdiction over the subject matter and over the parties whether they have appeared or not.
16. The Applicants may withdraw the nontributary ground water herein through wells to be located anywhere on the Subject Property, in the average annual amounts and at the estimated average rates of flow specified herein, subject to the limitations herein and the retained jurisdiction by this Court. Applicants may not withdraw ground water from the not nontributary Upper Dawson aquifer until a plan for augmentation is decreed pursuant to Section 37-90-137(9)(c), C.R.S.
17. Applicants have complied with all requirements and met all standards and burdens of proof, including but not limited to Sections 37-92-103(9), 37-92-302, 37-92-304(6), 37-92-305(1), (2), (3), (4), (6), (8), (9), C.R.S., to adjudicate their underlying ground water and are therefore entitled to a decree confirming such ground water rights as described herein.
18. The ground water rights described in the Findings of Fact is hereby approved, confirmed, and adjudicated, including and subject to the terms and conditions specified herein.

19. No owners of or person entitled to use water under a vested water right or decreed conditional water right will be injured or injuriously affected by the pumping of Applicants' ground water resources as decreed herein.

20. **Retained Jurisdiction:**

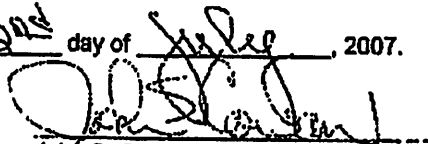

A. The Court retains jurisdiction as necessary to adjust the average annual amounts of ground water available under the property to conform to actual local aquifer characteristics as determined from adequate information obtained from wells, pursuant to Section 37-92-305(11), C.R.S. Within 60 days after completion of any well decreed herein or any test hole(s), Applicants or any successor in interest to these water rights shall serve copies of such log(s) upon the State Engineer and the parties herein.

B. At such time as adequate data are available, any person, including the State Engineer, may invoke the Court's retained jurisdiction to make a Final Determination of Water Right. Within four months of notice that the retained jurisdiction for such purpose has been invoked, the State Engineer shall use the information available to him to make a final determination of water rights findings. The State Engineer shall submit such finding to the Water Court, Applicants, and parties herein.

C. If no protest to such finding is made within 60 days, the Final Determination of Water Rights shall be incorporated into the decree by the Water Court. In the event of a protest, or in the event the State Engineer makes no determination within four months, such final determination shall be made by the Water Court after notice and hearing.

21. The ground water rights decreed herein are vested property rights decreed to the Applicants and shall be owned by the Applicants until such time as the Applicants expressly convey all the water underlying the Subject Property, or a portion of the water to another entity through a deed that identifies this case number, the specific aquifer, and the annual volume (based on a 100 year aquifer life) or a total volume of ground water being conveyed. If any deed for the Subject Property is silent to the conveyance of the water rights decreed herein, it is assumed that the water rights have been conveyed with the Subject Property, unless all or part of the water rights have been specifically reserved by the Grantor in that deed.

RULING ENTERED this 2nd day of July, 2007.

  
John S. Cowan  
Water Referee  
Water Division 1

THE COURT DOETH FIND THAT NO PROTEST TO THE RULING OF THE REFEREE HAS BEEN FILED. THE FOREGOING RULING IS CONFIRMED AND APPROVED AND IS HEREBY MADE THE JUDGMENT AND DECREE OF THIS COURT.

### EXHIBIT C

A PARCEL OF LAND LOCATED IN THE NORTHEAST AND SOUTHEAST QUARTER OF SECTION 15, AND THE SOUTHWEST AND NORTHWEST QUARTER OF SECTION 14, TOWNSHIP 8 SOUTH, RANGE 65 WEST OF THE SIXTH PRINCIPAL MERIDIAN, COUNTY OF ELBERT, STATE OF COLORADO, MORE PARTICULARLY DESCRIBED AS FOLLOWS:

THE BASIS OF BEARING OF THIS DESCRIPTION IS AN ASSUMED BEARING OF  $N00^{\circ}14'48''W$  A DISTANCE OF 2664.96 FEET FROM A 2" ALUMINUM CAP ON A NUMBER 6 REBAR STAMPED "1999 - LS 30830" AT THE EAST QUARTER CORNER OF SAID SECTION 15 TO A 2" ALUMINUM CAP ON A NUMBER 6 REBAR STAMPED "1999 - LS 30830" AT THE NORTHEAST CORNER OF SAID SECTION 15.

COMMENCING AT THE NORTH QUARTER CORNER OF SAID SECTION 15; THENCE  $S00^{\circ}24'05''E$  ALONG THE WEST LINE OF THE NORTHEAST QUARTER OF SAID SECTION 15 A DISTANCE OF 40.09 FEET TO A POINT ON THE SOUTH RIGHT OF WAY OF COLORADO STATE HIGHWAY NO. 86; THENCE ALONG THE SOUTH RIGHT OF WAY OF COLORADO STATE HIGHWAY NO. 86 THE FOLLOWING TWO (2) COURSES;

- 1) THENCE  $S89^{\circ}56'30''E$  A DISTANCE OF 0.38 FEET;
  - 2) THENCE  $S83^{\circ}32'47''E$  A DISTANCE OF 70.12 FEET TO THE POINT OF BEGINNING;
- THENCE CONTINUING ALONG THE SOUTH RIGHT OF WAY OF COLORADO STATE HIGHWAY NO. 86 THE FOLLOWING EIGHT (8) COURSES;
- 1) THENCE  $S83^{\circ}32'47''E$  A DISTANCE OF 16.52 FEET;
  - 2) THENCE  $S89^{\circ}56'50''E$  A DISTANCE OF 1399.38 FEET ;
  - 3) THENCE  $N84^{\circ}37'44''E$  A DISTANCE OF 100.50 FEET;
  - 4) THENCE  $S89^{\circ}56'26''E$  A DISTANCE OF 1079.13 FEET;
  - 5) THENCE  $S77^{\circ}05'28''E$  A DISTANCE OF 166.77 FEET;
  - 6) THENCE  $S89^{\circ}12'30''E$  A DISTANCE OF 200.06 FEET;
  - 7) THENCE  $N71^{\circ}29'49''E$  A DISTANCE OF 105.92 FEET;
  - 8) THENCE  $S89^{\circ}12'30''E$  A DISTANCE OF 864.97 FEET TO A POINT ON THE WEST BOUNDARY OF THE LANDS DESCRIBED AT BOOK 377, PAGE 350 FILED IN THE ELBERT COUNTY CLERK AND RECORDER'S OFFICE;

THENCE  $S00^{\circ}58'55''E$  ALONG THE WEST BOUNDARY OF THE LANDS DESCRIBED AT SAID BOOK 377, PAGE 350 A DISTANCE OF 2613.60 FEET TO THE NORTHWEST CORNER OF LOT 18, WILD POINTE, A SUBDIVISION FILED IN THE ELBERT COUNTY CLERK AND RECORDER'S OFFICE AT PLAT BOOK 12, PAGE 54; THENCE ALONG THE BOUNDARY OF SAID WILD POINTE THE FOLLOWING THREE (3) COURSES;

- 1) THENCE  $S01^{\circ}02'37''E$  A DISTANCE OF 1334.48 FEET;
  - 2) THENCE  $N89^{\circ}26'35''W$  A DISTANCE OF 1394.52 FEET;
  - 3) THENCE  $N89^{\circ}18'17''W$  A DISTANCE OF 2570.30 FEET; SAID POINT BEING 70.00 FEET EAST OF THE WESTERLY LINE OF THE SOUTHEAST QUARTER OF SAID SECTION 15;
- THENCE  $N00^{\circ}24'05''W$  ALONG A LINE PARALLEL WITH AND 70.00 FEET EASTERLY OF THE WEST LINE OF THE SOUTHWEST QUARTER AND THE NORTHWEST QUARTER OF SAID SECTION 15 A DISTANCE OF 3916.04 FEET TO THE POINT OF BEGINNING;

SAID PARCEL CONTAINS 15,518,416 SQUARE FEET, 356.25 ACRES, MORE OR LESS.

### GROUND WATER RIGHTS DISTRIBUTION AGREEMENT

DATE: June 11<sup>th</sup>, 2009

PARTIES: Carol J. Graeff, Francis E. Railsback, Betty M. Railsback,  
Steven F. Settle, Wendi L. Settle

#### RECITALS

WHEREAS, the above named Parties are the owners of a certain undivided parcel of land in Elbert County, Colorado, generally described as a parcel of land consisting of 356 acres, more or less, in Elbert County, described as the W  $\frac{1}{2}$ , NW  $\frac{1}{4}$  and the NW  $\frac{1}{4}$ , SW  $\frac{1}{4}$  of Section 14 and the NE  $\frac{1}{4}$  and the N  $\frac{1}{2}$ , SE  $\frac{1}{4}$  of Section 15, Township 8 South, Range 65 West of the 6<sup>th</sup> P.M. ("Entire Parcel."); and

WHEREAS, the Parties sought and obtained an adjudication of the ground water underlying said parcel of land from the Water Court, Water Division 1, in a decree of such Court in Case No. 06-CW-260 entered on July 24, 2007; and

WHEREAS, the Parties now wish to distribute such ground water rights described and adjudicated in such Water Court decree into undivided portions according to the proportion of overlying land owned by each of the Parties;

#### COVENANTS

NOW, THEREFORE, in consideration of these mutual promises and covenants, the Parties agree as follows:

**Section 1. Ground Water Distribution to Each Party.** The Parties agree that all the ground water decreed in said Case No. 06-CW-260, Water Division 1, should be conveyed to each of the Parties in the same ratio as the amount of land owned by such Party in relation to the Entire Parcel.

**Section 2. Amounts of Ground Water in the Water Court Decree.** The decree in Case No. 06-CW-260, Water Division 1, found that the following average annual amounts were available underlying the Entire Parcel in each aquifer:

Aquifer	Average Annual Amount
Upper Dawson	112.6 AF
Lower Dawson	78.3 AF
Denver	112.0 AF
Arapahoe	145.2 AF
Laramie-Fox Hills	120.2 AF

Ground Water Right Distribution Agreement  
Page 2

**Section 3. Parties' Proportion of Land Ownership.** Each of the named Parties owns the following acreage and resulting percentage of the Entire Parcel:

<u>Party</u>	<u>Approx. Acreage</u>	<u>Percent Owned</u>
Carol J. Graeff	306 Ac.	85.96%
Steven F. Settle & Wendi L. Settle	35 Ac.	9.83%
Francis E. Railsback and Betty M. Railsback	15 Ac.	4.21%

**Section 4. Amount of Acre-Feet Per Year to Each Party.** Based on the above stated decreed average annual amounts and the above stated percentages of overlying land ownership, each Party shall be conveyed an undivided interest in the following average annual amounts of ground water underlying the entire parcel:

<u>Aquifer</u>	<u>Carol J. Graeff</u>	<u>Steve &amp; Wendi Settle</u>	<u>Francis &amp; Betty Railsback</u>	<u>Total</u>
Upper Dawson	96.79 AF	11.07 AF	4.74 AF	112.6 AF
Lower Dawson	67.31 AF	7.70 AF	3.29 AF	78.3 AF
Denver	96.28 AF	11.01 AF	4.71 AF	112.0 AF
Arapahoe	124.81 AF	14.27 AF	6.11 AF	145.2 AF
Laramie-Fox Hills	103.32 AF	11.82 AF	5.06 AF	120.2 AF

**Section 5. Conveyance by Bargain & Sale Deed.** Undivided portions of the decreed ground water in the amounts shown above in Section 4 shall be conveyed to each of the Parties by Bargain and Sale Deed. The Parties understand that the amounts stated for each aquifer in the Water Court decree are subject to retained jurisdiction of the Court for adjustment based on site specific geological data. Accordingly, it is possible that such amounts may be adjusted either upward or downward in the future.

**Section 6. Consideration.** The parties agree that the consideration for the conveyance of ground water rights is the mutual promise or forbearance of each Party hereto between and amount the Parties.

**Section 7. Term of Use.** By statute the ground water subject to the decree in Case No. 06-CW-260, Water Division 1, is assumed to have a 100-year life, if the average annual amounts are withdrawn each year. Amounts not used in a given year may be "banked" and stored in the aquifer for use in future years.

**Section 8. Uses.** The ground water rights conveyed to each Party may be used for any beneficial use as described in the Water Court decree in Case No. 06-CW-260, Water Division 1.

**Section 9. Title and Deed.** The Parties warrant that title to such ground water rights is marketable and free and clear of all liens, charges, claims, actions, encumbrances, or exceptions of any kind whatsoever.

Ground Water Right Distribution Agreement  
Page 3

**Section 10. Closing.** The Closing for the conveyance of the ground water as described above shall be held no later than June 16, 2009, at a location agreed upon by the Parties.

**Section 11. Notices.** Notices, consents, approvals, or other communications provided for herein or given in connection herewith shall be deemed given, made, delivered, or served if made in writing and delivered personally or sent by registered or certified United States mail, return receipt requested and postage prepaid, to:

**Parties:**

G. Kirby Ross

Parker, CO 80134  
Copy to:  
Robert E. Schween, Esq.  
Duncan, Ostrander & Dingess, P.C.  
3600 South Yosemite St., Suite 500  
Denver, CO 80237

**Section 12. Remedies.** Time is of the essence, and if any condition hereof is not made, tendered, or performed by the individual Party as provided herein, the non-defaulting remaining Parties may have such remedies as provided by law.

**Section 13. Successors and Assigns.** There shall be no assignment of any interest under this Agreement without the prior written consent of the other Parties, which consent shall not be unreasonably withheld. Upon an authorized assignment, all of the provisions hereof shall inure to the benefit of and be binding upon the successors and assigns of the Parties hereto.

**Section 14. Waiver.** No delay in exercising any right or remedy shall constitute a waiver thereof, and no waiver by any Party of the breach of any covenant of this Agreement shall be construed as a waiver of any preceding or succeeding breach of the same, or any other covenant or condition of this Agreement.

**Section 15. Captions.** The captions of the paragraphs hereof are for convenience only and shall not govern or influence the interpretation hereof.

**Section 16. Colorado Law.** This Agreement shall be governed by the laws of the State of Colorado.

**Section 17. Further Documents.** The Parties shall execute and deliver all such documents and perform all such acts as reasonably requested by any individual Party from time to time at and after the Closing, to carry out the matters contemplated by this Agreement.

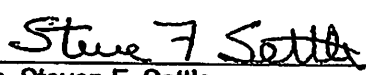

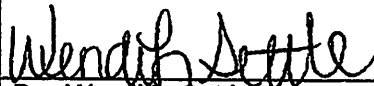

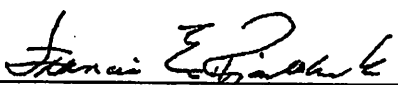

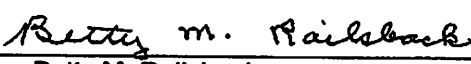

**Section 18. Entire Agreement.** This Agreement constitutes the entire agreement between the Parties pertaining to the subject matter hereof. All prior and contemporaneous agreements, representations and understandings of the Parties, oral or written, are hereby superseded and merged herein. No change or addition is to be made to this Agreement, except by a written agreement executed by the Parties.

Ground Water Right Distribution Agreement  
Page 4

**Section 19. No Warranties.** Notwithstanding the warranties to title set forth in Section 5 herein, and because ground water rights are somewhat dependent upon withdrawals of neighboring entities or users and varying aquifer responses, the Parties do not warrant any specific quantity or the quality of water that may transferable to each Party's use hereunder.

**Section 20. Survival of Closing.** All terms and conditions of this Agreement shall survive the closing and conveyance of the ground water specified herein.

**Section 21. Counterparts.** This Agreement may be executed in counterparts and all such executed counterparts shall together constitute this Agreement.

### WATER RIGHT BARGAIN AND SALE DEED

**THIS DEED**, made this 16<sup>th</sup> day of June, 2009, between **Carol J. Graeff**, whose address is 557 York Street, Martinsville, IL 62442, hereinafter referred to as "Grantor," and **BK2, LLC**, a Colorado limited liability company, whose address is P.O. Box 3229, Parker, Colorado 80134, hereinafter referred to as "Grantee";

WITNESSETH that Grantor, for good and valuable consideration extended to it by Grantee, the receipt and adequacy whereof is hereby confessed and acknowledged, has bargained, sold, and conveyed, and by these presents does bargain, sell, convey, and confirm unto Grantee, its successors and assigns forever, all right, title, and interest in and to a undivided portion of certain decreed ground water rights including the right to pump, withdraw, and use the ground water in each Denver Basin aquifer, said rights being more fully described as follows:

An undivided **85.96%** interest in the ground water rights decreed by the Water Court, Water Division 1, in Case No. 2006-CW-260, entered on July 24, 2007. Said ground water underlies the land area generally described as a parcel of land consisting of 306 acres, more or less, in the W  $\frac{1}{2}$ , NW  $\frac{1}{4}$  and the NW  $\frac{1}{4}$ , SW  $\frac{1}{4}$  of Section 14 and the NE  $\frac{1}{4}$  and the N  $\frac{1}{2}$ , SE  $\frac{1}{4}$  of Section 15, Township 8 South, Range 65 West of the 6<sup>th</sup> P.M., situate in Elbert County, Colorado, as more particularly described in Exhibit A, attached hereto. Such ground water has been adjudicated in the average annual amounts shown on Exhibit B hereto.

Grantor warrants that she is the owner of the above described and decreed ground water rights, Grantor further warrants that same are free and clear from all liens, taxes, assessments, and restrictions of whatever kind or nature, and so warrants against all and every person or persons lawfully claiming through Grantor, a whole or any part thereof.

Together with all and singular the hereditaments and appurtenances thereunto belonging, or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof; and all the estate, right, title, interest, claim and demand whatsoever, of Grantor in such ground water rights, either in law or equity, of, in and to the above bargained water rights, with its hereditaments and appurtenances;

TO HAVE AND TO HOLD the water rights above bargained, assigned, and described, with the appurtenances, unto Grantee and its heirs and assigns forever; PROVIDED, however, Grantor does not hereby warrant the quantity or quality of the ground water available under or in exercise of the above bargained water rights.

IN WITNESS WHEREOF, Grantor has hereunto set her hand and seal the day and year first above written.

GRANTOR:

CAROL J. GRAEFF

  
Carol J. Graeff

STATE OF COLORADO     )  
                                  ) ss.  
COUNTY OF DOUGLAS    )

The foregoing Water Right Deed was acknowledged before me this 16<sup>th</sup> day of June, 2009, by Carol J. Graeff.

Witness my hand and official seal.

Notary Public

[SEAL]

My Commission Expires:

**EXHIBIT B**

**WATER RIGHTS BARGAIN AND SALE DEED**

The average annual amounts adjudicated in Case No. 2006-CW-260, Water Division 1, are shown below, along with Grantee's proportional undivided interest therein:

<b><u>Aquifer</u></b>	<b><u>Total Average Annual Amount</u></b>	<b><u>Grantee's Undivided Average Annual Amount</u></b>
Upper Dawson	112.6 AF	96.79 AF
Lower Dawson	78.3 AF	67.31 AF
Denver	112.0 AF	96.28 AF
Arapahoe	145.2 AF	124.81 AF
Laramie-Fox Hills	120.2 AF	103.32 AF

## **EXHIBIT A**

**306.31 Acres**

A PARCEL OF LAND LOCATED IN THE NORTHEAST AND SOUTHEAST QUARTER OF SECTION 15, AND THE SOUTHWEST AND NORTHWEST QUARTER OF SECTION 14, TOWNSHIP 8 SOUTH, RANGE 65 WEST OF THE SIXTH PRINCIPAL MERIDIAN, COUNTY OF ELBERT, STATE OF COLORADO, MORE PARTICULARLY DESCRIBED AS FOLLOWS:

THE BASIS OF BEARING OF THIS DESCRIPTION IS AN ASSUMED BEARING OF  $N88^{\circ}14'48''W$  A DISTANCE OF 2864.96 FEET FROM A 2" ALUMINUM CAP ON A NUMBER 8 REBAR STAMPED "1999 - LS 38838" AT THE EAST QUARTER CORNER OF SAID SECTION 15 TO A 2" ALUMINUM CAP ON A NUMBER 8 REBAR STAMPED "1999 - LS 38838" AT THE NORTHEAST CORNER OF SAID SECTION 15.

COMMENCING AT THE NORTH QUARTER CORNER OF SAID SECTION 15; THENCE  $S88^{\circ}24'05''E$  ALONG THE WEST LINE OF THE NORTHEAST QUARTER OF SAID SECTION 15 A DISTANCE OF 40.09 FEET TO A POINT ON THE SOUTH RIGHT OF WAY OF COLORADO STATE HIGHWAY NO. 88; THENCE ALONG THE SOUTH RIGHT OF WAY OF COLORADO STATE HIGHWAY NO. 88 THE FOLLOWING TWO (2) COURSES;

- 1) THENCE  $S89^{\circ}56'38''E$  A DISTANCE OF 6.38 FEET;
- 2) THENCE  $S83^{\circ}32'47''E$  A DISTANCE OF 70.12 FEET TO THE POINT OF BEGINNING;

THENCE CONTINUING ALONG THE SOUTH RIGHT OF WAY OF COLORADO STATE HIGHWAY NO. 88 THE FOLLOWING TWO (2) COURSES;

- 1) THENCE  $S83^{\circ}32'47''E$  A DISTANCE OF 16.52 FEET;
- 2) THENCE  $S89^{\circ}56'58''E$  A DISTANCE OF 739.98 FEET TO THE NORTHWEST CORNER OF A PARCEL OF LAND DESCRIBED AT BOOK 282, PAGE 326 FILED IN THE ELBERT COUNTY CLERK AND RECORDER'S OFFICE;

THENCE  $S88^{\circ}09'34''E$  ALONG THE WEST BOUNDARY OF THE LANDS DESCRIBED AT SAID BOOK 282, PAGE 326 A DISTANCE OF 661.70 FEET TO THE SOUTHWEST CORNER OF THE LANDS DESCRIBED AT SAID BOOK 282, PAGE 326; SAID CORNER ALSO BEING THE NORTHWEST CORNER OF A PARCEL OF LAND DESCRIBED AT RECEPTION NO. 476359 FILED IN THE ELBERT COUNTY CLERK AND RECORDER'S OFFICE; THENCE ALONG THE WEST, SOUTH AND EAST BOUNDARY LINES OF THE LANDS DESCRIBED AT SAID RECEPTION NO. 476359 THE FOLLOWING THREE (3) COURSES;

- 1) THENCE  $S88^{\circ}09'34''E$  A DISTANCE OF 430.50 FEET;
- 2) THENCE  $N89^{\circ}58'26''E$  A DISTANCE OF 505.93 FEET;
- 3) THENCE  $N88^{\circ}09'38''W$  390.28 FEET TO THE SOUTHWEST CORNER OF THE LANDS DESCRIBED AT BOOK 458, PAGE 364 AS FILED IN THE ELBERT COUNTY CLERK AND RECORDER'S OFFICE;

THENCE ALONG THE SOUTH, AND EAST BOUNDARY OF THE LANDS DESCRIBED AT SAID BOOK 458, PAGE 364 THE FOLLOWING THREE (3) COURSES;

Good afternoon Carrie,

Attached for your review and compilation are CORE's comments on the latest submittal of the Elizabeth West PUD submittal. In general, CORE has no remaining comments, though we wanted to give the applicant fair warning that master utility studies are likely to be required at the submittal of the first round of the plat. Please feel free to let me know if you have any questions. Have a great night!

**RE: Elizabeth West PUD – Civil Review Comments**

Dear Carrie

On behalf of the Town of Elizabeth, CORE Consultants has reviewed the latest submittal of the PUD/Rezone for the proposed Elizabeth West development. At this time, CORE has no remaining comments on the submittal, however, we wanted to outline some of the requirements that we will be requesting:

1. At the first submittal of the Plat, the Town will require a master drainage report encompassing the total project area. The drainage report will analyze historic drainage patterns across the site, including any major drainageways or water features. The report should also analyze the proposed conditions for the 100-year design storm. At a minimum, the report should include proposed regional drainage channels and detention ponds per the Town's Storm Drainage Criteria. This requirement is in addition to Final Drainage Reports required for each individual Filing or Site Plan.
2. At the first submittal of the Plat, the Town's Public Works Department may require a master utility report encompassing the total project area. The master utility study would include the proposed water and sanitary infrastructure to serve the project at full build-out. The master utility report should include demand calculations to verify proposed pipe sizes and infrastructure needs such as lift stations and fire flow capacities. The report should also address any necessary offsite improvements required to connect to the Town's existing infrastructure.

Should you have any questions, please feel free to contact me at (303) 730-5985 or by email at [mnuno@liveyourcore.com](mailto:mnuno@liveyourcore.com)

Sincerely,  
**CORE Consultants, Inc.**

**RE: Elizabeth West PUD – Civil Review Comments**

Dear Carrie.

This comment extends back to the 2<sup>nd</sup> submittal of this project and remains unresolved. We have previously requested that Section Corners and Section Lines be included on the Zoning Exhibit, which we note has not been done.

The need for this Section information stems from our concern that this property may not have direct access to Legacy Village Road on the West side. Until Section information AND the designation of the full existing Right of Way of Legacy Village Road is identified on the Zoning map, we cannot presume that access is available.

Should you have any questions, please feel free to contact me at (303) 730-5985 or by email at [mnuno@liveyourcore.com](mailto:mnuno@liveyourcore.com)

Sincerely,  
**CORE Consultants, Inc.**

Dear Mrs. Erickson;

The Association has reviewed the contents in the above-referenced referral response packet. We reviewed the project for maintaining our existing facilities, utility easements, electric loading, and service requirements. We are advising you of the following concerns and comments:

The Association has existing underground/overhead electric facilities on the subject property. The Association will maintain these existing utility easements and facilities unless otherwise requested by the applicant to modify them under the Association's current extension policies.

The Association will provide comments at site plan and plat review. The Association approves the PUD Elizabeth West.

Respectfully

Grace,

With the traffic issues on Hwy 86, I would suggest limiting the direct access. PA-1 does not need direct access (It has access through Legacy Ridge St). Access to Hwy 86 between PA-13 and PA-9 is not needed (the access on the west side of PA-13 should be adequate).

Does PA-2 and PA-3 share access to Legacy Ridge St or will there be separate access points?

My big concern is Hwy 86. Other than that, I think it looks great.

Happy Thanksgiving

RE: ELIZABETH WEST REZONE

Hi Carrie,

Thank you for the opportunity to review the referenced project. Similar to a prior response, the district's first concern is a safety issue from our transportation department. Safety is of the utmost concern when it comes to pupil transportation. At all of the accesses to Highway 86 or other busy roads it would be important to have proper turn lanes and merge lanes to allow safe turns for slow-accelerating buses. That part of Highway 86 is notorious for high speeds and problems seeing slow-accelerating buses when the sun is rising or setting.

One other thought is more of a broader transportation concern. Highway 86 has a near constant flow of traffic during rush hour, and that is during a time when many people are working from home. Adding this many more homes where workers will be using 86 to get to/from work may cause serious logjams every day. A plan to widen 86 to four lanes should be in the works as this, and other developments, are approved.

In reviewing the development documents, we noticed that in the land use application it states that there will be 950 units developed, while the narrative states there will be 623 units. For planning purposes, the school district would like to have this clarified.

In a previous version of this proposal, there was a site that was dedicated for a future school. However, it is not obvious in this version there is not any land dedicated for a school. Again, for planning purposes, the school district would like to have this clarified.

The final concern of the District is the collection of fees attributable to the development. Currently, the district collects \$2,822 per housing unit due to the impact attributable to growth. Therefore, the district requests that the applicant enter into an agreement for the timely payment of all applicable fees to the district. Sincerely,

Ron Patera  
Director of Finance and Operations

Hello Grace Erickson -

The U.S. Fish and Wildlife Service (Service) has reviewed the documents associated with the Elizabeth West site in Elizabeth, Colorado in Elbert County. It is currently zoned as agriculture; planned use development zoning is proposed for the site of approximately 425 acres, located south of Highway 86 and east of Legacy Ridge Street. Proposed actions include community development over a period of 7 to 10 years.

The Preble's meadow jumping mouse (*Zapus hudsonius preblei*) is a federally threatened species that may be impacted by project activities. Please see the file attached to this email, which contains recommended conservation measures for this species that you may want to consider when planning the development.

The Town of Elizabeth Water Supply fact sheet states that the Town owns and maintains three Denver Basin wells. The Denver Basin aquifer system is part of the South Platte Alluvial Aquifer. In regard to water storage, future well sites, and other water-use planning: are federal funds being used for this project, or is a federal permit needed, such as from the Army Corps of Engineers? If so, please consult [this site](#) to learn about the *de minimis* threshold for Platte River species depletions consultations. Please also review the content at [this site](#), which includes [guidance for water-related projects in Colorado](#). Federally threatened or endangered species that may be affected by depletions in the South Platte include:

1. Least tern (*Sterna antillarum*) – federally endangered
2. Piping plover (*Charadrius melodus*) – federally threatened
3. Whooping crane (*Grus americana*) – federally endangered
4. Pallid sturgeon (*Scaphirhynchus albus*) – federally endangered
5. Western prairie fringed orchid (*Platanthera praeclara*) – federally threatened

If there is no federal nexus for water use, the project will need to comply with state water law.

We also recommend that you review our migratory bird guidance on best practices and conservation measures, available online [here](#).

We appreciate your efforts to ensure the conservation of threatened and endangered species. Thank you for contacting us and please let me know if you have any further questions. I can be reached at 303-236-4758 or at [jen\\_williams@fws.gov](mailto:jen_williams@fws.gov).

Hello,

So this review phase is all zoning (approvals on land uses, density, amenities, etc.). Actual land development/platting is a bit farther down the line. I've attached the narrative. Please let me know if you have any questions/comments/concerns.

Thanks,

Grace

All,

Please find below the link to the rezoning/PUD submittal for the project known as Elizabeth West.

[https://drive.google.com/drive/folders/11G74ls\\_SJNPHNCNvCuLewwB5FhKue7EO?usp=sharing](https://drive.google.com/drive/folders/11G74ls_SJNPHNCNvCuLewwB5FhKue7EO?usp=sharing)

If your agency has comments on the rezoning application, please send me your comments no later than Monday, November 23<sup>rd</sup>. If no comments are received from an agency, it will be assumed the agency has no comments. Always feel free to reach out to me with any questions.

Thanks,

Grace

**Recommended Conservation Measures**  
**Preble's Meadow Jumping Mouse**  
**USFWS March 2020**

**PRE-CONSTRUCTION DESIGN:**

1. Design the project to avoid and minimize the permanent and temporary impacts to riparian and adjacent upland habitats.
  - a. Before construction, identify and prioritize riparian and adjacent upland habitats within the project area. Design the project so that it avoids these habitats.
  - b. Avoid or minimize the amount of concrete, riprap, bridge footings, and other "hard," impermeable engineering features intended to be constructed within the stream channel and riparian or adjacent upland habitats.
  - c. Where feasible, use bioengineering techniques to stabilize stream banks (<https://www.fema.gov/media-library/assets/documents/156338>).
  - d. If riprap is used, bury the riprap with soil, then plant with native riparian vegetation.
  - e. Minimize the number and footprint of access routes, staging areas, and work areas.
  - f. Locate access routes, staging areas, and work areas within previously disturbed or modified non-habitat areas.
  - g. Maintain habitat connectivity under bridges or through culverts by installing ledges or dry culverts adjacent to the culverts with water flow. Design bridges that allow sunlight in to support vegetation cover, and allow shrubs to grow at either end of culverts.
  - h. Avoid fragmenting linear riparian corridors.
2. Install limits of work fencing (e.g., orange barrier netting or silt fencing), signage, or other visible markers to delineate access routes and the project area from habitats. Use this fencing to enforce no-entry zones.
3. Hold a preconstruction briefing for onsite personnel to explain the limits of work and other conservation measures.
4. Follow regional stormwater management guidelines and design best management practices (BMPs) to control contamination, erosion, and sedimentation, such as silt fences, silt basins, gravel bags, biodegradable and wildlife friendly netting and blankets, and other controls needed to stabilize soils in denuded or graded areas, during and after construction.
5. Locate utilities along existing road corridors, and if possible, within the roadway or road shoulder.
  - a. Bury overhead utilities whenever possible.
  - b. Directionally bore utilities and pipes underneath habitats.
6. Develop and implement a habitat restoration plan that addresses site preparation, salvaging desirable shrubs and saplings, planting techniques, control of non-native weeds, native species seed mixtures, and post-construction monitoring.

## PROJECT IMPLEMENTATION:

7. Contact the US Fish and Wildlife Service (Service) immediately by telephone at (303) 236–4773 if a Preble’s mouse is found alive, dead, injured, or hibernating within the project area. Please also contact the Service if any other listed species are found within the project area.
8. To the maximum extent practicable, limit disturbing (e.g., crushing, trampling) or removing (e.g., cutting, clearing) all native vegetation, such as willows, trees, shrubs, and grasses within riparian and adjacent upland habitats.
  - a. Restrict the temporary or permanent removal of vegetation to the footprint of the project area.
  - b. If habitat must be affected, clip to ground level vegetation that will be permanently or temporarily affected one to two weeks prior to initiation of construction to discourage use of areas where the project intersects Preble’s mouse habitat.
  - c. Minimize the use of heavy machinery and use smaller equipment and hand tools when possible. Plan heavy equipment and vehicle access to the work site via previously disturbed areas, or use a route that avoids damaging live or dormant vegetation.
  - d. Soil compaction: Temporarily line access routes with geotextiles or other materials, especially in wet, unstable soils to protect roots and the seed bank.
9. Locate, store, stage, operate, and refuel equipment outside of riparian or adjacent upland habitats.
  - a. Operate equipment from previously disturbed or modified roadbeds or road shoulders above the riparian habitats.
  - b. Limit the number of entrance and exit points leading into the project area.
  - c. Stockpile topsoil, trash and debris outside the riparian corridor and protect from stream flows or runoff.
10. To minimize impacts to the Preble’s mouse, plan project construction during the species’ hibernation season (approximately November 1 – April 30). If construction needs to occur during the species’ active season, trim potential hibernation habitat to ground level one to two weeks prior to initiation of construction to discourage the area’s use by the species as described above.
11. If the project has to be implemented during the Preble’s mouse active season (May 1 through October 31), work only during daylight hours to avoid disrupting Preble’s mouse nocturnal activities.
12. Utilize wildlife-proof garbage containers on site and promptly remove waste to minimize site disturbance and avoid attracting predators.
13. Cover exposed holes or piles of loose dirt with boards, tarps, or other materials to prevent entrapment.

14. Weed Control

- a. Wash and inspect vehicles and equipment before entering or leaving the project area so that they are free of noxious weed seeds and plant parts.
- b. Use only weed free certified materials, including gravel, sand, top soil, seed, and mulch.
- c. Invasive aquatic invertebrates: Resource management work often facilitates the spread of invasive species to unique and critical habitats for already endangered species. Equipment and vehicles operating in streams should be cleaned in accordance with Hazard Analysis-Critical Control Point (HACCP) guidelines: <https://nctc.fws.gov/courses/HACCP/>

15. Complete construction before beginning restoration or enhancement activities.

16. Work site lighting would be restricted to the Preble's mouse hibernation season (November 1 to April 30). Any temporary lighting installed will use downcast LED full-cutoff fixtures that comply with the International Dark-Sky Association's recommendations for outdoor illumination. Shielding and directing of lighting will be used to minimize light spill off the site.

**POST-CONSTRUCTION:**

17. Upon project completion, revegetate all disturbed areas with native shrubs, trees, forbs, and grasses.

- a. Rip compacted access routes prior to replanting with native vegetation.
- b. Fill and reseed with weed free material and native seed mixtures.
- c. Consult the Service before finalizing a seed species and plant species list.

18. Bury riprap, then plant with native riparian vegetation.

19. Place educational signage along retained or newly established trails in Preble's mouse habitat to inform users about the species and measures in place to protect it. Use fencing to discourage public access into sensitive habitat. Require pedestrians to stay on established trails and pets to be kept on leash.

20. Monitor revegetated areas for success. The Service can help establish success criteria during the consultation process, such as species composition and herbaceous vegetation height.

**Town of Elizabeth**

151 S. Banner Street  
Elizabeth, CO. 80107

**RE: Elizabeth West Proposed Development**

Ladies and Gentlemen:

With respect to the Elizabeth West Land Use Plan dated September 8, 2020, and with emphasis on page 7 of 9 thereof (the “Plan”), the Wild Pointe Ranch Homeowners Association (the “HOA”) offer the following on a preliminary basis. Please note the HOA does not purport to speak for either individual homeowners nor any affected metropolitan district.

1. When the Plan is compared and contrasted with the Town of Elizabeth – Comprehensive Plan dated December 2019 (the “Comprehensive Plan”), there are substantial issues.
  - a. First, the Comprehensive Plan calls for a substantial open space along the border of the Wild Pointe properties. Minimal open space is shown by the Plan. In addition to more space, an organic shaped open space area is preferred.
  - b. Second, the Comprehensive Plan provides for multiple housing densities progressing from less dense at the Wild Point perimeter to more dense at the proposed commercial zones in the proposed development. The Plan, however, calls for a total of 292 units of medium density variety. Any allowance for Medium Density Residential in the proposed Elizabeth West development is in direct contravention of the Comprehensive Plan, and the fact that the developer proposes to make over 25% of the units in the proposed development Medium Density Residential in nature should result in the rejection of the Plan.
  - c. Further, it appears that the levels of Low Density Residential and commercial related uses seem disproportionately high to that which is called for by the Comprehensive Plan. And correspondingly, the level of Estate Residential appears to be disproportionately low. Re-balancing of these proportions are required to comply with the intent of the Master Plan.
2. Once the developer re-submits a proposal conforming with the Comprehensive Plan, please keep in mind there is a 100- foot special use easement that basically borders the entire property line between Wild Pointe and the proposed development. The land is owned by the individual property owners but available to residents to use for horses and walkers. There is no defined path. There is a barbed wire fence on the common property line which needs to be

addressed. Wild Pointe doesn't allow screen fencing, and consistent with the requirement that open space be provided for along the border, the existing barbed wire fence should remain as the dividing point between the properties and any fencing proposed for the adjacent properties in the proposed development shall be open pole or board fencing.

3. We assume the individual land owners within 500 feet of the proposed development will receive notice from the Town and the opportunity to be heard; we do not believe this has been done to date. Please advise accordingly on this issue.
4. Traffic and congestion will be an issue for Wild Pointe Ranch residents. Improvements and signalization at the intersection of Legacy Trail Street and Hwy 86, widening of highway 86 and widening and improvements of Legacy Trail Street up to the proposed access road to the proposed residential area will need to be addressed, resolved and completed before construction of homes or businesses begin.
5. Appropriate signage and restrictions are needed at two locations to minimize the use by new residents and commercial traffic of the Legacy Trail road system as an alternate route to Highway 86.
6. Wild Pointe Ranch owns an easement at the intersection of Legacy Trail Street and Highway 86 for signage. This is not indicated on the plan. Water service to this area is required in the proposed development plan.
7. The residents of Wild Pointe Ranch and our associated improvement districts will not be burdened by any additional costs for the development of this property. Further, inconveniences to residents for access to our properties, control of fugitive dust and limits of construction activities to 7am to 7pm Monday thru Friday are required.
8. There are proposed land uses in the commercial development area for public facilities. We recommend that any public safety uses be limited to branch or substation activities only. Relocation of the town hall to this area is not acceptable. This facility is crucial as an anchor to the Main Street development program of for the Town of Elizabeth.
9. This development impacts not only the Town (minimally in some respects), but Elbert and Douglas counties as well as the state highway system. When the Town receives copies of referral responses from all of the various agencies impacted we would request that copies be provided to the HOA. No matter how you slice it, if any development of Elizabeth West is approved, it will impact travel to and from Elizabeth proper. Our initial reaction is that if road improvements are currently planned by CDOT et al. to accommodate growth in the area that construction of improvements at Elizabeth West be delayed until the completion of any planned road improvements.
10. Growth pays for growth, and we can only assume the Town will take this into account once the developer submits plans consistent with the Comprehensive Plan. The Town and Elbert County have one bite at the apple to make sure any development approved and all of its attendant costs will be paid for by the developer on the front end. No taxpayer should bear the risk or the direct or indirect burden of the growth proposed by the developer in this instance.

Thank you for your courtesies in this and other matters. We look forward to working with you, and we are always available to confer on either an informal or formal basis.

Very truly yours,

Signed

---

T.R. Rice, President, For the HOA Board

Signed

---

John Quest, Chair, For the ARC

# Legal Notices

## **NOTICE OF PUBLIC HEARINGS**

Notice is hereby given that the Planning Commission and Board of Trustees shall hold public hearings concerning a rezone application for the project known as Elizabeth West generally located on the south side of Highway 86, between Legacy Ridge St on the west and Wild Pointe subdivision on the east. The property to be rezoned is addressed as 988, 1090 and 1574 State Hwy 86. The property is 425.9 acres and is zoned A-1, Agriculture, the proposed zone is Planned Unit Development (PUD).

The public hearings are to be held before the Planning Commission on October 4, 2022 at 6:30 p.m. and Board of Trustees on October 25, 2022 at 7:00 p.m., or as soon as possible thereafter. The public hearings shall be held in the Town Hall, 151 South Banner Street, Elizabeth, Colorado, or at such other time or place in the event this hearing is adjourned. Further information is available through the Town Community Development Department at (303) 646-4166.

### **ALL INTERESTED PERSONS MAY ATTEND.**

#### **EXHIBIT A (legal description)**

##### **EXHIBIT A**

###### **Parcel I:**

E1/2 NW1/4, NW1/4 NE1/4 of Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado, EXCEPT the parcels deeded to the Elbert County Board of County Commissioners in Book 182 at Page 159 and Book 209 at Page 140 and that parcel deeded to the State Highway Department in Book 320 at Page 291, County of Elbert, State of Colorado. EXCEPT that portion conveyed to The Town of Elizabeth in Special Warranty Deed recorded May 12, 2021 at Reception No. 608125.

###### **Parcel II:**

A parcel of land located in the Northeast and Southeast Quarter of Section 15, and the Southwest and Northwest Quarter of Section 14, Township 8 South, Range 65 West of the Sixth Principal Meridian, County of Elbert, State of Colorado, more particularly described as follows: The basis of bearing of this description is an assumed bearing of North 00° 14' 48" West a distance of 2664.96 feet from a 2" aluminum cap on a number 6 rebar stamped " 1999-LS 30830" at the East Quarter corner of said Section 15 to a 2" aluminum cap on a number 6 rebar stamped "1999-LS 30830" at the Northeast corner of said Section 15. Commencing at the North Quarter corner of said Section 15; thence South 00° 24' 05" East along the West line of the Northeast Quarter of said Section 15 a distance of 40.09 feet to a point on the South right of way of Colorado State Highway No. 86; thence along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

1) thence South 89° 56' 30" East a distance of 0.38 feet;  
2) thence South 83° 32' 47" East a distance of 70.12 feet to the point of beginning; thence continuing along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

1) thence South 83° 32' 47" East a distance of 16.52 feet;  
2) thence South 89° 56' 50" East a distance of 739.98 feet to the Northwest corner of a parcel of land described at Book 282, Page 326 filed in the Elbert County Clerk and Recorder's Office;  
thence South 00° 09' 34" East along the West boundary of the lands described at said Book 282, Page 326 a distance of 861.70 feet to the Southwest corner of the lands described at said Book 282, Page 326; said corner also being the Northwest corner of a parcel of land described at Reception No. 476359 filed in the Elbert County Clerk and Recorder's Office; thence along the West, South and East boundary lines of the lands described at said Reception No. 476359 the following three (3) courses;

1) thence South 00° 09' 34" East a distance of 430.50 feet;  
 2) thence North 89° 50' 26" East a distance of 505.93 feet;  
 3) thence North 00° 09' 38" West 390.28 feet to the Southwest corner of the lands described at Book 458 Page 364 as filed in the Elbert county Clerk and Recorder's office; thence along the South, and East boundary of the lands described at said Book 458 Page 364 the following three (3) courses;  
 1) thence South 89° 56' 50" East a distance of 1626.51 feet;  
 2) thence North 05° 25' 23" East a distance of 603.03 feet;  
 3) thence North 24° 48' 41" East a distance of 333.29 feet to a point on the South right of way of Colorado State Highway No. 86; thence South 89° 12' 30" East along the South right of way line of Colorado State Highway No. 86 a distance of 834.80 feet to a point on the West Boundary of the lands described at Book 377 Page 350 filed in the Elbert County Clerk and Recorder's Office; thence South 00° 58' 55" East along the West boundary of the lands described at said Book 377, Page 350 a distance of 2613.60 feet to the Northwest corner of Lot 18, Wild Pointe, a Subdivision filed in the Elbert County Clerk and Recorder's Office at Plat Book 12, Page 54, thence along the boundary of said Wild Pointe the following three (3) courses;  
 1) thence South 01° 02' 37" East a distance of 1334.48 feet;  
 2) thence North 89° 26' 35" West a distance of 1394.52 feet;  
 3) thence North 89° 18' 17" West a distance of 2570.30 feet; said point being 70.00 feet East of the Westerly line of the Southeast Quarter of said Section 15; thence North 00° 24' 05" West along a line parallel with and 70.00 feet Easterly of the West line of the Southwest Quarter and the Northwest Quarter of said Section 15 a distance of 3916.04 feet to the point of beginning. Less and Except that portion Deeded to the Town of Elizabeth as described in Deed recorded May 12, 2021 at Reception No. 608123, more particularly described as follows: A parcel of property located in Section 15, Township 8 South, Range 65 West of the 6th P.M. County of Elbert, State of Colorado being more particularly described as follows: Commencing at the North Quarter corner of said Section 15 and considering the West line of the Northwest Quarter of said Section 15 to bear South 00° 22' 36" East with all bearing contained herein relative thereto; thence South 00° 22' 36" East along said West line, a distance of 40.09 feet to a point on the South right of way line of State Highway 86; thence South 89° 54' 23" East along said South right of way line, a distance of 0.37 feet; thence South 83° 31' 18" East, along said South right of way line, a distance of 70.12 feet to the point of beginning; thence along said South right of way line the following (2) two courses;  
 1) South 83° 31' 18" East, a distance of 16.55 feet;  
 2) South 89° 55' 08" East, a distance of 740.68 feet;  
 thence South 00° 04' 52" West, a distance of 35.00 feet; thence North 89° 53' 29" West, a distance of 756.81 feet; thence North 00° 22' 36" West, a distance of 39.35 feet to point on the South ight of way line of said State Highway 86 and the point of beginning, County of Elbert, State of Colorado. Also Less and Except that portion Deeded to the Town of Elizabeth as described in Deed recorded May 12, 2021 at Reception No. 608124, more particularly described as follows: A parcel of property located in Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado being more particularly described as follows: Commencing at the Northwest corner of said Section 14 and considering the North line of the Northwest Quarter of said Section 14 to bear South 89° 10' 20" East with all bearing contained herein relative thereto; thence South 89° 10' 20" East along said North line, a distance of 493.71 feet; thence South 00° 49' 38" West, a distance of 49.72 feet to a point on the South right-of-way line of State Highway 86 and the point of beginning; thence North 89° 10' 49" East, along said South right-of-way line, a distance of 836.00 feet; thence South 00° 12' 35" East, a distance of 37.90 feet; thence South 89° 10' 20" East, a distance of 853.48 feet; thence North 24° 47' 53" East, a distance of 41.34 feet to the point of beginning, County of Elbert, State of Colorado.

# PUBLISHER'S AFFIDAVIT

STATE OF COLORADO )  
 ) ss.  
COUNTY OF ELBERT )

I, Jenna Lister, do solemnly affirm that I am the Publisher of RANCHLAND NEWS; that the same is a weekly newspaper published at Simla, County of Elbert, State of Colorado, and has a general circulation therein; that said newspaper has been continuously and uninterruptedly published in said County of Elbert for a period of at least 52 consecutive weeks next prior to the first publication of the annexed notice, that said newspaper is entered in the post office at Calhan, Colorado as second class mail matter and that said newspaper is a newspaper within the meaning of the Act of the General Assembly of the State of Colorado, approved March 30, 1923, and entitled "Legal Notices and Advertisements," with other Acts relating to the printing and publishing of legal notices and advertisements. That the annexed notice was published in the regular and entire issue of said newspaper, once each week for one successive weeks; that the first publication of said notice was in the Issue of said newspaper dated;

September 8, 2022

and the last publication of said notice was in the issue of said newspaper dated;

September 8, 2022

and that copies of each number of said paper in which said notice and/or list was published were delivered by carriers or transmitted by mail to each of the subscribers of said newspaper, Ranchland News, according to the accustomed mode of business in this office.

Publisher

The above certificate of publication was subscribed and affirmed to before me, a Notary Public, to be the identical person described in the above certificate, on the

## TOWN OF ELIZABETH

COMMUNITY DEVELOPMENT DEPARTMENT

September 8, 2022

Dear Property Owner,

The Town of Elizabeth has received a rezone application for the project known as Elizabeth West for property described in Exhibit A and generally located on the south side of Highway 86, between Legacy Ridge St on the west and Wild Point subdivision, 1<sup>st</sup> amendment on the east. The property to be rezoned is addressed as 988, 1090 and 1574 State Hwy 86. The property is 425.9 acres and is zoned A-1, Agriculture the proposed zone is Planned Unit Development (PUD).

Public hearings are scheduled regarding the proposed rezone. Please see the accompanying public notice for more details.

Community Development Department  
Town of Elizabeth  
(303) 646-4166

### NOTICE OF PUBLIC HEARINGS

Notice is hereby given that the Planning Commission and Board of Trustees shall hold public hearings concerning a rezone application for the project known as Elizabeth West generally located on the south side of Highway 86, between Legacy Ridge St on the west and Wild Point subdivision, 1<sup>st</sup> amendment on the east. The property to be rezoned is addressed as 988, 1090 and 1574 State Hwy 86. The property is 425.9 acres and is zoned A-1, Agriculture the proposed zone is Planned Unit Development (PUD).

The public hearings are to be held before the Planning Commission on October 4, 2022 at 6:30 p.m. and Board of Trustees on October 25, 2022 at 7:00 p.m., or as soon as possible thereafter. The public hearings shall be held in the Town Hall, 151 South Banner Street, Elizabeth, Colorado, or at such other time or place in the event this hearing is adjourned. Further information is available through the Town Community Development Department at (303) 646-4166.

**ALL INTERESTED PERSONS MAY ATTEND.**

## EXHIBIT A

### Parcel I:

E1/2 NW1/4, NW1/4 NE1/4 of Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado, EXCEPT the parcels deeded to the Elbert County Board of County Commissioners in Book 182 at Page 159 and Book 209 at Page 140 and that parcel deeded to the State Highway Department in Book 320 at Page 291, County of Elbert, State of Colorado. EXCEPT that portion conveyed to The Town of Elizabeth in Special Warranty Deed recorded May 12, 2021 at Reception No. 608125.

### Parcel II:

A parcel of land located in the Northeast and Southeast Quarter of Section 15, and the Southwest and Northwest Quarter of Section 14, Township 8 South, Range 65 West of the Sixth Principal Meridian, County of Elbert, State of Colorado, more particularly described as follows: The basis of bearing of this description is an assumed bearing of North 00° 14' 48" West a distance of 2664.96 feet from a 2" aluminum cap on a number 6 rebar stamped "1999-LS 30830" at the East Quarter corner of said Section 15 to a 2" aluminum cap on a number 6 rebar stamped "1999-LS 30830" at the Northeast corner of said Section 15. Commencing at the North Quarter corner of said Section 15; thence South 00° 24' 05" East along the West line of the Northeast Quarter of said Section 15 a distance of 40.09 feet to a point on the South right of way of Colorado State Highway No. 86; thence along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

- 1) thence South 89° 56' 30" East a distance of 0.38 feet;
- 2) thence South 83° 32' 47" East a distance of 70.12 feet to the point of beginning; thence continuing along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

- 1) thence South 83° 32' 47" East a distance of 16.52 feet;
- 2) thence South 89° 56' 50" East a distance of 739.98 feet to the Northwest corner of a parcel of land described at Book 282, Page 326 filed in the Elbert County Clerk and Recorder's Office; thence South 00° 09' 34" East along the West boundary of the lands described at said Book 282, Page 326 a distance of 861.70 feet to the Southwest corner of the lands described at said Book 282, Page 326; said corner also being the Northwest corner of a parcel of land described at Reception No. 476359 filed in the Elbert County Clerk and Recorder's Office; thence along the West, South and East boundary lines of the lands described at said Reception No. 476359 the following three (3) courses;

- 1) thence South 00° 09' 34" East a distance of 430.50 feet;
- 2) thence North 89° 50' 26" East a distance of 505.93 feet;
- 3) thence North 00° 09' 38" West 390.28 feet to the Southwest corner of the lands described at Book 458 Page 364 as filed in the Elbert county Clerk and Recorder's office; thence along the South, and East boundary of the lands described at said Book 458 Page 364 the following three (3) courses;

- 1) thence South 89° 56' 50" East a distance of 1626.51 feet;
- 2) thence North 05° 25' 23" East a distance of 603.03 feet;
- 3) thence North 24° 48' 41" East a distance of 333.29 feet to a point on the South right of way of Colorado State Highway No. 86; thence South 89° 12' 30" East along the South right of way line of Colorado State Highway No. 86 a distance of 834.80 feet to a point on the West Boundary of the lands described at Book 377 Page 350 filed in the Elbert County Clerk and Recorder's Office; thence South 00° 58' 55" East along the West boundary of the lands described at said Book 377, Page 350 a distance of 2613.60 feet to the Northwest corner of Lot 18, Wild Pointe, a Subdivision filed in the Elbert County Clerk and Recorder's Office at Plat Book 12, Page 54, thence along the boundary of said Wild Pointe the following three (3) courses;

- 1) thence South 01° 02' 37" East a distance of 1334.48 feet;
- 2) thence North 89° 26' 35" West a distance of 1394.52 feet;
- 3) thence North 89° 18' 17" West a distance of 2570.30 feet; said point being 70.00 feet East of the Westerly line of the Southeast Quarter of said Section 15; thence North 00° 24' 05" West along a line parallel with and 70.00 feet Easterly of the West line of the Southwest Quarter and the Northwest Quarter of said Section 15 a distance of 3916.04 feet to the point of beginning. Less and Except that portion Deeded to the Town of Elizabeth as described in Deed recorded May 12, 2021 at Reception No. 608123, more particularly described as follows: A parcel of property located in Section 15, Township 8 South,

Range 65 West of the 6th P.M. County of Elbert, State of Colorado being more particularly described as follows: Commencing at the North Quarter corner of said Section 15 and considering the West line of the Northwest Quarter of said Section 15 to bear South 00° 22' 36"

East with all bearing contained herein relative thereto; thence South 00° 22' 36" East along said West line, a distance of 40.09 feet to a point on the South right of way line of State Highway 86; thence South 89° 54' 23" East along said South right of way line, a distance of 0.37 feet; thence South 83° 31' 18" East, along said South right of way line, a distance of 70.12 feet to the point of beginning; thence along said South right of way line the following (2) two courses;

1) South 83° 31' 18" East, a distance of 16.55 feet;

2) South 89° 55' 08" East, a distance of 740.68 feet;

thence South 00° 04' 52" West, a distance of 35.00 feet; thence North 89° 53' 29" West, a distance of 756.81 feet; thence North 00° 22' 36" West, a distance of 39.35 feet to point on the South right of way line of said State Highway 86 and the point of beginning, County of Elbert, State of Colorado. Also Less and Except that portion Deeded to the Town of Elizabeth as described in Deed recorded May 12, 2021 at Reception No. 608124, more particularly described as follows: A parcel of property located in Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado being more particularly described as follows: Commencing at the Northwest corner of said Section 14 and considering the North line of the Northwest Quarter of said Section 14 to bear South 89° 10' 20"

East with all bearing contained herein relative thereto; thence South 89° 10' 20" East along said North line, a distance of 493.71 feet; thence South 00° 49' 38" West, a distance of 49.72 feet to a point on the South right-of-way line of State Highway 86 and the point of beginning; thence North 89° 10' 49" East, along said South right-of-way line, a distance of 836.00 feet; thence South 00° 12' 35" East, a distance of 37.90 feet; thence South 89° 10' 20" East, a distance of 853.48 feet; thence North 24° 47' 53" East, a distance of 41.34 feet to the point of beginning, County of Elbert, State of Colorado.

Re: Notification of Proposed Surface Development

**TO WHOM IT MAY CONCERN:**

I represent MF Investment Partners, LLC. In connection with my client's plan to develop the property identified on Exhibit A, MF Investment Partners, LLC has submitted an Application for Approval of Surface Development to the Town of Elizabeth, Colorado.

We understand you may have an interest in the mineral estate associated with the property. The initial hearings on the proposed development will be held on October 4, 2022 at 6:30 p.m. (Planning Commission) and October 25, 2022 at 6:00 p.m. (Board of Trustees). The hearing will be held at the Town of Elizabeth Town Hall, located at 151 South Banner Street, Elizabeth, CO 80107.

If you would like further information about the proposed development, please contact Jim Marshall at 303.507.6651 or [Jim@mginvestments.com](mailto:Jim@mginvestments.com).

Please let me know if you have any questions.

Sincerely,

RJB LAWYER, LLC

Robert J. Bruce

**EXHIBIT A**  
(Legal Description)

Parcel I:

E1/2 NW1/4, NW1/4 NE1/4 of Section 14, Township 8 South, Range 65 West of the 6th P.M.,  
County of Elbert, State of Colorado,

EXCEPT the parcels deeded to the Elbert County Board of County Commissioners in Book 182  
at Page 159 and Book 209 at Page 140 and that parcel deeded to the State Highway Department  
in Book 320 at Page 291, County of Elbert, State of Colorado.

EXCEPT that portion conveyed to The Town of Elizabeth in Special Warranty Deed recorded  
May 12, 2021 at Reception No. 608125.

Parcel II:

A parcel of land located in the Northeast and Southeast Quarter of Section 15, and the  
Southwest and Northwest Quarter of Section 14, Township 8 South, Range 65 West of the Sixth  
Principal Meridian, County of Elbert, State of Colorado, more particularly described as follows:

The basis of bearing of this description is an assumed bearing of North 00° 14' 48" West a  
distance of 2664.96 feet from a 2" aluminum cap on a number 6 rebar stamped " 1999-LS  
30830" at the East Quarter corner of said Section 15 to a 2" aluminum cap on a number 6 rebar  
stamped "1999-LS 30830" at the Northeast corner of said Section 15. Commencing at the North  
Quarter corner of said Section 15; thence South 00° 24' 05" East along the West line of the  
Northeast Quarter of said Section 15 a distance of 40.09 feet to a point on the South right of way  
of Colorado State Highway No. 86; thence along the South right of way of Colorado State  
Highway No. 86 the following two (2) courses;

1) thence South 89° 56' 30" East a distance of 0.38 feet;  
2) thence South 83° 32' 47" East a distance of 70.12 feet to the point of beginning; thence  
continuing along the South right of way of Colorado State Highway No. 86 the following two (2)  
courses;

1) thence South 83° 32' 47" East a distance of 16.52 feet;  
2) thence South 89° 56' 50" East a distance of 739.98 feet to the Northwest corner of a parcel of  
land described at Book 282, Page 326 filed in the Elbert County Clerk and Recorder's Office;  
thence South 00° 09' 34" East along the West boundary of the lands described at said Book 282,  
Page 326 a distance of 861.70 feet to the Southwest corner of the lands described at said Book  
282, Page 326; said corner also being the Northwest corner of a parcel of land described at  
Reception No. 476359 filed in the Elbert County Clerk and Recorder's Office; thence along the  
West, South and East boundary lines of the lands described at said Reception No. 476359 the  
following three (3) courses;

1) thence South 00° 09' 34" East a distance of 430.50 feet;  
2) thence North 89° 50' 26" East a distance of 505.93 feet;

3) thence North 00° 09' 38" West 390.28 feet to the Southwest corner of the lands described at Book 458 Page 364 as filed in the Elbert county Clerk and Recorder's office; thence along the South, and East boundary of the lands described at said Book 458 Page 364 the following three (3) courses;

1) thence South 89° 56' 50" East a distance of 1626.51 feet;

2) thence North 05° 25' 23" East a distance of 603.03 feet;

3) thence North 24° 48' 41" East a distance of 333.29 feet to a point on the South right of way of Colorado State Highway No. 86; thence South 89° 12' 30" East along the South right of way line of Colorado State Highway No. 86 a distance of 834.80 feet to a point on the West Boundary of the lands described at Book 377 Page 350 filed in the Elbert County Clerk and Recorder's Office; thence South 00° 58' 55" East along the West boundary of the lands described at said Book 377, Page 350 a distance of 2613.60 feet to the Northwest corner of Lot 18, Wild Pointe, a Subdivision filed in the Elbert County Clerk and Recorder's Office at Plat Book 12, Page 54, thence along the boundary of said Wild Pointe the following three (3) courses;

1) thence South 01° 02' 37" East a distance of 1334.48 feet;

2) thence North 89° 26' 35" West a distance of 1394.52 feet;

3) thence North 89° 18' 17" West a distance of 2570.30 feet; said point being 70.00 feet East of the Westerly line of the Southeast Quarter of said Section 15; thence North 00° 24' 05" West along a line parallel with and 70.00 feet Easterly of the West line of the Southwest Quarter and the Northwest Quarter of said Section 15 a distance of 3916.04 feet to the point of beginning.

Less and

EXCEPT that portion Deeded to the Town of Elizabeth as described in Deed recorded May 12, 2021 at Reception No. 608123, more particularly described as follows:

A parcel of property located in Section 15, Township 8 South, Range 65 West of the 6th P.M. County of Elbert, State of Colorado being more particularly described as follows:

Commencing at the North Quarter corner of said Section 15 and considering the West line of the Northwest Quarter of said Section 15 to bear South 00° 22' 36" East with all bearing contained herein relative thereto; thence South 00° 22' 36" East along said West line, a distance of 40.09 feet to a point on the South right of way line of State Highway 86; thence South 89° 54' 23" East along said South right of way line, a distance of 0.37 feet; thence South 83° 31' 18" East, along said South right of way line, a distance of 70.12 feet to the point of beginning; thence along said South right of way line the following (2) two courses;

1) South 83° 31' 18" East, a distance of 16.55 feet;

2) South 89° 55' 08" East, a distance of 740.68 feet; thence South 00° 04' 52" West, a distance of 35.00 feet; thence North 89° 53' 29" West, a distance of 756.81 feet; thence North 00° 22' 36" West, a distance of 39.35 feet to point on the South right of way line of said State Highway 86 and the point of beginning, County of Elbert, State of Colorado. Also Less and

EXCEPT that portion Deeded to the Town of Elizabeth as described in Deed recorded May 12, 2021 at Reception No. 608124, more particularly described as follows:

A parcel of property located in Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado being more particularly described as follows:

Commencing at the Northwest corner of said Section 14 and considering the North line of the Northwest Quarter of said Section 14 to bear South 89° 10' 20" East with all bearing contained herein relative thereto; thence South 89° 10' 20" East along said North line, a distance of 493.71 feet; thence South 00° 49' 38" West, a distance of 49.72 feet to a point on the South right-of-way line of State Highway 86 and the point of beginning; thence North 89° 10' 49" East, along said South right-of-way line, a distance of 836.00 feet; thence South 00° 12' 35" East, a distance of 37.90 feet; thence South 89° 10' 20" East, a distance of 853.48 feet; thence North 24° 47' 53" East, a distance of 41.34 feet to the point of beginning,

I represent MF Investment Partners, LLC. In connection with my client's plan to develop the property identified on Exhibit A, MF Investment Partners, LLC has submitted an Application for Approval of Surface Development to the Town of Elizabeth, Colorado.

We understand you may have an interest in the mineral estate associated with the property. The initial hearings on the proposed development will be held on October 4, 2022 at 6:30 p.m. (Planning Commission) and October 25, 2022 at 6:00 p.m. (Board of Trustees). The hearing will be held at the Town of Elizabeth Town Hall, located at 151 South Banner Street, Elizabeth, CO 80107. If you would like further information about the proposed development, please contact Jim Marshall at 303.507.6651 or [Jim@mginvestments.com](mailto:Jim@mginvestments.com).

Please let me know if you have any questions.

Sincerely,

RJB LAWYER, LLC

Town of Elizabeth

**EXHIBIT A**  
(Legal Description)

Parcel I:

E1/2 NW1/4, NW1/4 NE1/4 of Section 14, Township 8 South, Range 65 West of the 6th P.M., County of Elbert, State of Colorado,

EXCEPT the parcels deeded to the Elbert County Board of County Commissioners in Book 182 at Page 159 and Book 209 at Page 140 and that parcel deeded to the State Highway Department in Book 320 at Page 291, County of Elbert, State of Colorado.

EXCEPT that portion conveyed to The Town of Elizabeth in Special Warranty Deed recorded May 12, 2021 at Reception No. 608125.

Parcel II:

A parcel of land located in the Northeast and Southeast Quarter of Section 15, and the Southwest and Northwest Quarter of Section 14, Township 8 South, Range 65 West of the Sixth Principal Meridian, County of Elbert, State of Colorado, more particularly described as follows:

The basis of bearing of this description is an assumed bearing of North 00° 14' 48" West a distance of 2664.96 feet from a 2" aluminum cap on a number 6 rebar stamped " 1999-LS 30830" at the East Quarter corner of said Section 15 to a 2" aluminum cap on a number 6 rebar stamped "1999-LS 30830" at the Northeast corner of said Section 15. Commencing at the North Quarter corner of said Section 15; thence South 00° 24' 05" East along the West line of the Northeast Quarter of said Section 15 a distance of 40.09 feet to a point on the South right of way of Colorado State Highway No. 86; thence along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

1) thence South 89° 56' 30" East a distance of 0.38 feet;  
2) thence South 83° 32' 47" East a distance of 70.12 feet to the point of beginning; thence continuing along the South right of way of Colorado State Highway No. 86 the following two (2) courses;

1) thence South 83° 32' 47" East a distance of 16.52 feet;  
2) thence South 89° 56' 50" East a distance of 739.98 feet to the Northwest corner of a parcel of land described at Book 282, Page 326 filed in the Elbert County Clerk and Recorder's Office; thence South 00° 09' 34" East along the West boundary of the lands described at said Book 282, Page 326 a distance of 861.70 feet to the Southwest corner of the lands described at said Book 282, Page 326; said corner also being the Northwest corner of a parcel of land described at Reception No. 476359 filed in the Elbert County Clerk and Recorder's Office; thence along the West, South and East boundary lines of the lands described at said Reception No. 476359 the following three (3) courses;

1) thence South 00° 09' 34" East a distance of 430.50 feet;  
2) thence North 89° 50' 26" East a distance of 505.93 feet;

3) thence North 00° 09' 38" West 390.28 feet to the Southwest corner of the lands described at Book 458 Page 364 as filed in the Elbert county Clerk and Recorder's office; thence along the South, and East boundary of the lands described at said Book 458 Page 364 the following three (3) courses;

1) thence South 89° 56' 50" East a distance of 1626.51 feet;

2) thence North 05° 25' 23" East a distance of 603.03 feet;

3) thence North 24° 48' 41" East a distance of 333.29 feet to a point on the South right of way of Colorado State Highway No. 86; thence South 89° 12' 30" East along the South right of way line of Colorado State Highway No. 86 a distance of 834.80 feet to a point on the West Boundary of the lands described at Book 377 Page 350 filed in the Elbert County Clerk and Recorder's Office; thence South 00° 58' 55" East along the West boundary of the lands described at said Book 377, Page 350 a distance of 2613.60 feet to the Northwest corner of Lot 18, Wild Pointe, a Subdivision filed in the Elbert County Clerk and Recorder's Office at Plat Book 12, Page 54, thence along the boundary of said Wild Pointe the following three (3) courses;

1) thence South 01° 02' 37" East a distance of 1334.48 feet;

2) thence North 89° 26' 35" West a distance of 1394.52 feet;

3) thence North 89° 18' 17" West a distance of 2570.30 feet; said point being 70.00 feet East of the Westerly line of the Southeast Quarter of said Section 15; thence North 00° 24' 05" West along a line parallel with and 70.00 feet Easterly of the West line of the Southwest Quarter and the Northwest Quarter of said Section 15 a distance of 3916.04 feet to the point of beginning.

# Neighborhood Meeting

## NEIGHBORHOOD MEETING NOTICE

**DATE:** September 22, 2022  
**TIME:** 6:30 p.m. to 7:30 p.m.  
**PLACE:** Legacy Academy – Charter School  
1975 Legacy Circle  
Elizabeth, CO - 80107

RECEIVED  
SEP 19 2022  
Town of Elizabeth

The Elizabeth West team will be conducting a neighborhood meeting regarding a land use application that is located near a property you own; and, currently under review with the Town of Elizabeth. The meeting is an opportunity for you to hear about the land use application; and, to have the opportunity to provide comments to the Elizabeth West team.

**APPLICATION TYPE:** PUD  
**PROJECT NAME:** Elizabeth West  
**PROJECT LOCATION:** South of Hwy 86, East of Legacy Ridge St.

### PROJECT OVERVIEW

The Elizabeth West planned development seeks to establish a community consistent with the Town of Elizabeth's Master Plan policies. The plan provides a mix of land uses, generally decreasing in intensity away from Highway 86, interspersed with open space and pedestrian corridors. In line with the Town of Elizabeth Comprehensive Plan, the parks and open space system connects the community with the Town of Elizabeth and preserves natural features, such as ephemeral drainage and existing ponds. Complementary uses such as commercial/ retail/office/mixed-use are provided along State Highway 86.

The Town of Elizabeth will provide all water and sewer service to the project. The specified density for the Elizabeth West project is in compliance with the Town of Elizabeth's 300 year water rule and is subject to the dedication of all existing water rights from the Elizabeth West property owners to the Town of Elizabeth.

The proposed plan also incorporates a 100' wide tract along the southern property line with berming and vegetation to provide a physical buffer from the existing adjacent homes. Estate Residential planning areas, with minimum half-acre lots, are proposed along the full length of this buffer which is in line with what is shown on the Town of Elizabeth Future Land Use Map.

### PROJECT SITE BACKGROUND

The Elizabeth West Development Plan and Guide provides land use regulations and standards for the design and development of a community comprising approximately 425 acres. The community is generally situated south of Highway 86 and immediately east of Legacy Ridge St.

### ZONING

The Elizabeth West site is currently zoned Agriculture (A-1) in the Town of Elizabeth.

PUD zoning shall be used to define parcels and their associated uses. Allowable densities are defined for each parcel within the land use chart provided in the PUD Guide. There are no minimum unit requirements for any given parcel. In no event shall the maximum unit count of 623 units be exceeded at Elizabeth West without an amendment of the PUD and supporting documentation.

**ELIZABETH  
WEST**

# **Annexation Agreement**

## ANNEXATION AGREEMENT

THIS AGREEMENT is made and entered into this 22<sup>nd</sup> day of January, 2019, by and between BK2, LLC, a Colorado limited liability company, New Point Properties, LLC, a Colorado limited liability company (hereinafter Collectively referred to as the "Property Owners"), and MF Investment Partners, LLC, a Colorado limited liability company ("MFI") as to paragraphs 11 and 17, and the Town of Elizabeth, Colorado, (hereinafter referred to as the "Town").

### WITNESSETH:

WHEREAS, a petition has been filed with the Town, pursuant to Section 31-12-107(1), C.R.S., for annexation of the unincorporated lands described in **Exhibit A** attached hereto and incorporated herein by reference (said lands being hereinafter referred to as the "Property");

WHEREAS, the Property Owners are the owners of one hundred percent (100%) of the Property;

WHEREAS, BK2, LLC is the owner of that portion of the Property more particularly described in **Exhibit A-1**, attached hereto and incorporated herein by this reference, and New Point Properties, LLC is the owner of that portion of the Property more particularly described in **Exhibit A-2**, attached hereto and incorporated herein by this reference.

WHEREAS, the Property Owners desire to have the Property annexed into the Town in order to obtain from the Town such municipal services as the Town may now or in the future extend, including, but not limited to, those described herein; and

WHEREAS, the Town has determined that it is in its best interest to annex the Property, to provide municipal services thereto, and to receive revenues from the development occurring thereon upon the terms and conditions contained herein.

NOW, THEREFORE, in consideration of the foregoing premises and the covenants, promises and agreements of each of the parties hereto to be kept and performed by each of them, the parties agree as follows:

1. Annexation. The annexation of the Property shall be in accordance with the Colorado Municipal Act of 1965, as amended.

2. Purpose. The purpose of this Agreement is to set forth the terms, conditions, and fees to be paid by the Property Owners upon annexation and development of the Property. Unless otherwise expressly provided to the contrary herein, all conditions contained herein are in addition to any and all requirements of the Town of Elizabeth Land Development Ordinance, as currently in effect, or as hereinafter amended, any and all applicable state statutes, and other ordinances of the Town of Elizabeth.

3. Zoning. The Property Owners hereby consent and the Town hereby agrees to zone the Property as Agriculture (A-1) District

4. Water and Sewer Service. The Town shall provide water and sewer service for the Property consistent with the development of the Property as approved by the Town. The Property Owners or the Property Owners' assignee shall be required at the Property Owners' sole cost and expense to construct necessary water and sewer infrastructure and connect all existing and new construction on the Property to the Town's water and sewer system. All such connections shall be at the Town's then current water and sewer tap fee rates, and the Property Owners further consent and agree to the following:

- a. Water Conveyance. Within thirty (30) days of the final approval of the rezoning of the Property or any portion of the Property from Agriculture (A-1) to any other zoning designation, the Property Owners shall convey their respective interests to the Town by special warranty deed, free and clear of all liens and encumbrances, all water rights to the Property, including, but not limited to, well and water rights associated with any existing wells located on the Property. The water rights to be conveyed to the Town are described in **Exhibit B**, which is attached hereto and incorporated by this reference. To the extent water rights have not been adjudicated, the conveyance of such water rights may be achieved by bargain and sale deed. Notwithstanding the foregoing it is understood that there is currently two (2) single family homes ("Units") on the Property using domestic wells. Upon conveyance of the water pursuant to this paragraph, the Town agrees to lease the water identified in the well permits back to the Owner for \$1.00 per year. The lease shall continue annually until a first final plat is approved for any portion of the Property pursuant to paragraph 4.e. hereof.
- b. Water and Sewer Line Easements. The Property Owners shall dedicate to the Town, free and clear of all liens and encumbrances, their respective portions of the property necessary for the water and sewer line easements for any water and sewer mains constructed on the Property at the time of the final plat for that portion of the Property for which such infrastructure is being constructed.
- c. Site Dedications. The Property Owners shall dedicate to the Town their respective portion of the property described below, free and clear of all liens and encumbrances, upon approval of the final plat for that portion of the Property within which such site is included, or when such site is determined to be necessary to serve the property being platted, the following:
  - (i) A one (1) acre site at a location to be mutually determined by the Town and the Property Owners for a water storage tank to be located on the Property;
  - (ii) A one (1) acre site at a location to be mutually determined by the Town and the Property Owners for a water well and ancillary facilities, to be located and drilled as part of the Town's water system; and
  - (iii) Two (2) sites, one-half (½) acre in size each for the construction of lift stations for the Town's sewer system.
- d. The Property Owners or MFI upon an assignment, further agree to oversize interconnecting water mains on the Property to be sixteen (16) inch water mains.

Provided however, the Town shall, subject to the Town's ability to exercise its police power, cause other property owners who connect to such interconnecting water lines to pay their proportionate share of such infrastructure at the time of such connection and the Town shall remit the amount collected to Owners for any over-sizing of lines serving others.

- e. Existing Well and Septic. The Town and Property Owners acknowledge that portions of the Property are currently served by existing well and septic systems. Property Owners shall abandon all such well and septic systems as a condition of approval of the first final plat for any portion of the Property.
5. Town Ordinances, Regulations, Codes, Policies and Procedures. Except as expressly provided herein, all Town ordinances, regulations, codes, policies, and procedures shall be applicable to the use and development of the Property.
6. Existing Special Districts. There are currently special districts serving the Property which provide fire and recreation services. Unless otherwise agreed to by the Town, no general improvement district shall be formed to provide any financing for improvements to the Property. And special district to be created pursuant to Title 32 of the Colorado Revised Statutes shall be subject to approval by the Town.
7. Public Improvements Financed or Constructed by the Town. The Town has no obligation to construct or finance any public improvements under this Agreement for the benefit of the Property.
8. Road Dedications and Improvements. The Property Owners or their assignee shall be required to do the following:
  - a. The Property Owners shall dedicate their respective interests to the Town, free and clear of all liens and encumbrances, upon approval of the first final plat for the Property, the property necessary for the County Road 3/Legacy Ridge Street improvements south to the limits of the Property, which shall include right-of-way necessary for a ninety (90) foot in width necessary for a major collector, and the construction of the County Road 3/Legacy Ridge Street ultimate curb, gutter and roadway in accordance with Town standards from State Highway 86 to the southern limit of the Property, and shall further include construction of a detached walk (east side) from State Highway 86 to the southern limit of the Property;
  - b. The Property Owners shall dedicate their respective interests to the Town, free and clear of all liens and encumbrances, upon approval of the final plat for the Property including the proposed State Highway 86/County Road 3/Legacy Ridge Street intersection, that property necessary for the State Highway 86/County Road 3/Legacy Ridge Street intersection realignment and signalization. Provided however, said property may be required to be dedicated sooner as a condition of the traffic study contemplated by this subsection if such dedication is required to construct the intersection as a regional improvement. The Property Owners shall further be required to submit a CDOT Access Permit, including a traffic impact study at a time determined

by the Town and CDOT, but no later than as part of the final plat requiring dedication. The construction of the intersection improvements, including the cost of signalization shall then be required when determined to be warranted by CDOT, and the Town may further authorize cost-sharing and the reimbursement to the Property Owners of such costs of the signalization upon further development approval that impacts such intersection improvements;

- c. The Property Owners shall dedicate their respective interests to the Town, free and clear of all liens and encumbrances, upon approval of the final plat for the Property including the proposed State Highway 86 and Prairie Hawk Circle "right-in/right-out" improvements, the property necessary for the State Highway 86 and Prairie Hawk Circle "right-in/right-out" improvements. Provided however, said property may be required to be dedicated sooner as a condition of the traffic study contemplated by this subsection if such dedication is required to construct the intersection as a regional improvement. The Property Owners shall further be required to submit a CDOT Access Permit, including a traffic impact study at a time determined by the Town and CDOT, but no later than as part of the final plat requiring dedication. The construction of such access improvements shall be the responsibility of the Property Owners;
- d. The Property Owners shall dedicate their respective interests to the Town, free and clear of all liens and encumbrances, at the time of final plat, the property necessary to accomplish other access from the Property to State Highway 86 as required by the CDOT Access Permit Process, and the Property Owners will be responsible for all costs associated with an application to amend the existing State Highway 86 Access Control Plan as necessary. The construction of such additional access improvements shall be the responsibility of the Property Owners;
- e. The Property Owners shall dedicate their respective interests to the Town, free and clear of all liens and encumbrances, within thirty (30) days of approval of this annexation one-half (½) of the ultimate right-of-way from the existing centerline of State Highway 86, as shown in **Exhibit C**, in order to accomplish the widening of State Highway 86 to four (4) travel lanes, with a median and auxiliary lanes and a total width of one hundred seventy-five (175) feet, consistent with the State Highway 83/86 Corridor Optimization Plan; and
- f. The Property Owners will dedicate their respective interests of the property necessary to provide for the adequate infrastructure for any future development in accordance with the Town of Elizabeth Street Plan, Design Standards, and the Town of Elizabeth Municipal Code, or alternative standard subsequently approved by the Town. The Property Owners will be solely responsible for the design and construction and maintenance of any needed infrastructure improvements internal to the site.

9. Other Site Dedications. The Property Owners shall dedicate to the Town, free and clear of all liens and encumbrances, upon approval of the final plat for the Property within which such site is included, their respective interests in a five (5) acre site for future Town facilities, the nature of such facilities to be determined at the sole discretion of the Town, at a mutually agreed upon location with access from a major or minor collector.

10. Annexation Impact Fee. The Property Owners shall, as a condition of obtaining any building permit for new construction on the Property, pay an annexation impact fee in the amount of fifty cents (\$.50) per square foot of floor area in accordance with Section 15-2-30 of the Elizabeth Municipal Code.

11. Main Street Streetscape Design Contribution. Within thirty (30) days of approval of the rezoning of the Property or any portion of the Property from Agriculture (A-1) to any other zoning designation, MFI shall contribute the amount of twenty-five thousand dollars (\$25,000.00) to the Town as a contribution towards the Town's design of the streetscape for Main Street. In addition, MFI shall, upon approval of the first final plat for the Property, contribute the additional amount of seventy-five thousand dollars (\$75,000.00) to the Town's capital improvement fund as contribution towards the Town's streetscape design and/or construction for Main Street, whether or not the construction of the project has already been completed. Provided however, if MFI is no longer a party to this Agreement or is no longer involved in the entitlement process set forth in this paragraph 11, none of the land use approvals referenced in this paragraph 11 shall be final until the amounts contemplated by this paragraph have been paid to the Town.

12. Recordation of Agreement. This Agreement shall be recorded with the Clerk and Recorder of Elbert County, Colorado, shall run with the land, shall be binding upon and shall inure to the benefit of the heirs, successors and permitted assigns of the parties hereto.

13. Assignment. Any and all of the rights, duties and obligations of the Property Owners hereunder may be assigned by the Property Owners to any person or entity that is financially responsible. The financial responsibility of such assignee shall be subject to the approval of the Town, which approval shall not be unreasonably withheld, conditioned, or delayed. Upon such approval, the Town shall provide the Property Owners with written acknowledgment of such approval. In such event, the assignee shall assume all of the rights, duties and obligations of the Property Owners hereunder as to the portion of the Property so assigned, and the Property Owners shall be relieved from all further liabilities, duties and obligations as to the portion of the Property so assigned. In addition, to the extent the rights, duties and obligations of the Property Owner are assigned to either MF Investment Partners, LLC, such approval is and shall be deemed to be approved by the Town without any further action.

14. Cure of Legal Defects. In the event the annexation or zoning of the Property, or any portion of this Agreement, is declared void or unenforceable by final court action, the Town and the Property Owners shall cooperate to cure any legal defects cited by the court, and immediately upon such cure, the Town shall reinstitute and complete proceedings to annex the Property subject to the terms of this Agreement.

15. Remedies. The Property Owners waive any constitutional claims it may have against the Town arising out of a breach of this Agreement. The remedies of the Property Owners against the Town under this Agreement are limited to breach of contract claims. The Town's remedies under this Agreement include, but are not limited to, the following:

- a. The refusal to issue any building permit or certificate of occupancy;

- b. The revocation of any building permit previously issued under which construction directly related to such building permit has not commenced, except a building permit previously issued to a third party;
- c. A demand that the security given for the completion of the public improvements be paid or honored; or
- d. Any other remedy available at law.

16. Effective Date. This Agreement shall be effective and binding upon the parties immediately upon the effective date of an ordinance annexing and zoning the Property, regardless of whether the Agreement is executed prior to the effective date of said ordinance annexing and zoning the Property.

17. Town Fees. MFI hereby agrees to pay the actual cost plus fifteen percent (15%) to defray the reasonable administrative and engineering expenses of the Town, to the Town for engineering, surveying, and legal services rendered in connection with the review of the annexation of the Property, which costs shall be determined by the Town Community Development Director. In addition, MFI shall reimburse the Town for the actual cost of making corrections or additions to the official Town map, with a fee for recording such map, if necessary, and accompanying documents with the Elbert County Clerk and Recorder. The Property Owners acknowledges that all impact fees as established by Town ordinance shall be paid at the time of development of the Property.

18. Authority of the Town. Nothing contained in this Agreement shall constitute or be interpreted as a repeal of existing codes or ordinances, or as a waiver or abrogation of the Town's legislative, governmental, or police powers to promote and protect the health, safety and general welfare of the Town or its inhabitants; nor shall this Agreement prohibit the enactment by the Town of any fee that is of uniform or general application.

19. Waiver of Prior Vested Rights. The Property Owners waive any prior vested property rights acquired in Elbert County so long as the Property remains annexed into the Town.

20. Indemnification. The Property Owners and MFI agree to indemnify and hold harmless the Town and the Town's officers, employees, agents and contractors from and against all liability, claims and demands, including attorneys' fees and court costs, which arise out of or are in any manner connected with the annexation of the Property, or other action by the Town in order to effectuate the annexation of the Property, or which are in any manner connected with the Town's enforcement of this Agreement, with the exception of enforcement of this Agreement against the Property Owners if the Property Owners substantially prevail. The Property Owners further agree to investigate, handle, respond to and to provide defense for and defend against or, at the Town's option, to pay the attorneys' fees for defense counsel of the Town's choice for any such liability, claims or demands.

21. Severability. It is understood and agreed by the parties hereto that if any part, term, or provision of this Agreement is held by the courts to be illegal or in conflict with any law of the State of Colorado, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did

not contain the particular part, term, or provision held to be invalid, and the parties shall cooperate to cure any such defect as provided in paragraph 12 of this Agreement.

22. Governing Law. The laws of the State of Colorado shall govern the validity, performance and enforcement of this Agreement. Should either party institute legal suit or action for enforcement of any obligation contained herein, it is agreed that venue of such suit or action shall be in Elbert County, Colorado.

23. Notice. All notices required under this Agreement shall be in writing and shall be hand-delivered or sent by registered or certified mail, return receipt requested, postage prepaid, to the addresses of the parties herein set forth. All notices so given shall be considered effective on the earlier of actual receipt or seventy-two (72) hours after deposit in the United States Mail with the proper address as set forth below. Either party by notice so given may change the address to which future notices shall be sent.

To the Town:	Town of Elizabeth P.O. Box 159 151 South Banner Street Elizabeth, Colorado 80107
Copy to:	Corey Y. Hoffmann, Esq. Hoffmann, Parker, Wilson & Carberry, P.C. 511 16th Street, Suite 610 Denver, Colorado 80202

Copy to:	MF Investment Partners, LLC P.O. Box 4701 Greenwood Village, Colorado 80155

24. Entire Agreement - Amendments. This Agreement embodies the whole agreement of the parties. There are no promises, terms, conditions, or obligations other than those contained herein, and this Agreement shall supersede all previous communications, representations or agreements, either verbal or written, between the parties hereto. This Agreement may be amended by written agreement between the Property Owners and the Town acting pursuant to authorization of the Board of Trustees.

## Management Team Updates

### ***Town Clerk – Michelle Oeser***

- Safeway has renewed their liquor license.
- Election Boxes have been unlocked for the election season.
- Trustee Payne and I have met with Alana Wolner and Danielle Gregory about the senior project for Christmas and beyond.
- There are two trials scheduled for October 25<sup>th</sup>.
- Hannah is working on updating the 2023 employee timesheets to reflect the new PTO leave.
- There is no November 8<sup>th</sup> Board meeting due to elections. The County will be using the Boardroom for election day and into election night.
- The next regular Board meeting will be on November 15, 2022, with a workshop beforehand at 5:00 pm.
- The cleaning service that has been taking care of Town Hall and the Police department has let us know they will no longer be in business as of November 27<sup>th</sup>. We are looking for a new service for both buildings.

## Elizabeth Police Department Activity Statistics Report

Reporting Period:

09/18/2022 to 10/01/2022

### Closed Case/Incident Reports:

Case/Incident Number:	Call Type:	Details:
22-6136	Civil Assist	EPD responded to a child custody dispute. As the dispute was civil in nature, both parties were advised of civil remedies.
22-6169	Harassment	EPD responded to a harassment. As the alleged crime occurred outside of EPD's jurisdiction, the case was forwarded to the appropriate jurisdiction.
22-6170	Welfare Check	EPD responded to a residence on report of a welfare check. Upon investigation, it was determined that the subject no longer resided within Town limits. The case was forwarded to the appropriate jurisdiction.
22-6193	Safe2Tell	EPD received an anonymous report of an alleged drug activity. There was not enough information provided to open an investigation.
22-6155	Found Property	A wallet was reported to be found at a local store. EPD responded and took custody of the wallet. The wallet was later released back to the owner.
22-6145	Welfare Check	EPD responded to a residence on report of an intoxicated female. No crime occurred.
22-6185	Medical Assist	EPD responded to an intoxicated female. The female was transported to the hospital by ambulance.
22-6233	Domestic Violence & Restraining Order Violation	EPD responded to a restraining order violation. Probable cause was found that a crime had been committed. The suspect in the case declined to turn themselves in, and a warrant was applied for.
22-6206	Vape	EPD responded to a local school on report of a student who was in possession of a vape pen. As this was the student's 1 <sup>st</sup> offense, they were referred to the 2 <sup>nd</sup> chance program.
22-6176	Domestic Violence	EPD responded to a local business on report of a domestic violence call. Upon investigation, probable cause was found

### **Chief of Police's Advisements:**

EPD student academy continues to be a hit, most recently topics covered were accident investigation, DUI, victim advocacy and a visit to the Elbert County Jail. Invites for the graduation have been sent out.

EPD conducted an end of season truck inspection, a total of 42 trucks were contacted by EPD and CSP, 5 citations were issued along with 3 trucks being taken out of service due to identified problems. The total number of violations is not known at the writing of this report as that information is still being compiled, 10/05/2022.

If you have any questions, please let me know!

Respectfully,

Chief Melvin Berghahn

Chief of Police

### SUMMARY

#### Winter activities approach Elizabeth High School!

Since Homecoming Week EHS students have been incredibly busy. Fall sports are coming to a close, the play is in a few weeks, the choir, band, and orchestra concerts all already occurred, and students are now looking forward to Halloween. Clubs around the school have really taken off as well and membership throughout is continually increasing. Students are really beginning to get more and more involved in the school community.

This year, our fall athletics have competed unlike any year before. Our varsity softball team won league with a 10-0 league record. The first day of state will take place this Friday, October 21st, and a large portion of the student body will be there in support. The varsity football team has had an incredibly successful season, with a 6-1 league record, despite many injuries throughout. They are currently second in league and will take on The Classical Academy in their next game on Friday, October 28th. The girls Varsity Volleyball team will have their last home game and senior night on Thursday, October 20th. They as well have had an exciting season, with a 6-2 league record, and have a chance at taking first place in league if they give it their all against The Classical Academy on October 25th. Varsity Boys Soccer has seen much improvement this year and their players grew not only in the sport, but as a family as well. Cross country and boys golf are also wrapping up their seasons and are looking forward to next year!

As students begin to prepare for winter, they're also getting excited for the activities that come with it. The EHS Performing Arts will be debuting "The Odd Couple: Female Version" on November 3rd at 7pm. The other shows will take place November 4th at 7pm, and November 5th at 2pm and 7pm. The theatre program has been working very hard on this and dedicated countless hours to putting on this show for the community.

Dodge for Life, run by FCCLA (Family, Career, and Community Leaders of America) will be on Thursday, October 27th from 5pm to around 8pm. This is another really fun event for students to create teams and participate in a massive dodgeball tournament. It is \$10 per player, and all proceeds go to whichever cause FCCLA picks for that year. This year there will also be a costume contest because it is so close to Halloween!

## TOWN OF ELIZABETH

### MAIN STREET BOARD OF DIRECTORS – RECORD OF PROCEEDINGS SEPTEMBER 8, 2022

#### CALL TO ORDER

The Regular Meeting of the Main Street Board of Directors was called to order on Thursday, September 8, 2022, at 8:34 AM by President Tedd Lipka.

#### ROLL CALL

Present were President Tedd Lipka, Vice President Linda Bulmer, Board Members Michael Hussey, Jeff Struthers, and Brandon Jeffress. Board Member Kurt Prinslow was not present. There was a quorum to conduct business.

Also present were Town Administrator Patrick Davidson, Planner/Project Manager Zach Higgins, Deputy Town Clerk Harmony Malakowski, and Community Development Administrative Assistant Dianna Hiatt.

#### AGENDA CHANGES

Mr. Higgins requested to add a New Business item #2 – Discussion and possible action regarding 2022 ornament program.

Motion by Mr. Hussey, seconded by Vice President Bulmer, to approve recommended agenda change.

The vote of those Board Members present was unanimously in favor. Motion carried.

#### MINUTES

##### Regular Minutes of August 11, 2022

Motion by Mr. Hussey, seconded by Vice President Bulmer, to approve the minutes from August 11, 2022.

The vote of those Board Members present was unanimously in favor. Motion carried.

#### NEW BUSINESS

Vice President Bulmer recused herself from the meeting.

## TOWN OF ELIZABETH

### Discussion and possible action regarding 2022 ornament program

Motion by Mr. Hussey, seconded by Mr. Struthers, to sell 2022 ornaments for \$7.00 each to merchants with an expected retail price of \$14.99 to consumers.
