The rights of the City include, but are not limited to, the exclusive right to determine the mission of its constituent departments, commissions and boards; set standards of service; determine the procedures and standards of selection for employment and promotion; direct its employees, take disciplinary action for just cause; relieve its employees from duty because of lack of work or for other legitimate reasons; maintain the efficiency of governmental operations; determine the methods, means, and personnel by which government operations are to be conducted; determine the content of job classifications; take all necessary actions to carry out its mission in emergencies; and exercise complete control and discretion over its organization and the technology of performing its work. The exercise of such rights shall not preclude employees or their representatives from consulting with management representatives about the practical consequences that decisions on these matters may have on wages, hours and other terms and conditions of employment.

1.9 Employee Rights

Employees of the City shall have the right to form, join and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations, including but not limited to, wages, hours, and other terms and conditions of employment. Employees of the City also shall have the right to refuse to join or participate in the activities of employee organizations. (See *Relyea v. Ventura Co. Fire* (1992) 2 Cal. App. 4 875). No employee shall be interfered with, intimidated, restrained, coerced, or discriminated against by the City or by any employee organization because of his/her exercise of these rights. The City's Human Resources Department will coordinate the meeting for the Association orientation with the new hire's department and Association Representative. Also, Human Resources will schedule the Association

orientation at the end of the new hire orientation or no later than the first three (3) days from the new employee's start date.

The parties agree further that if the City's obligation to compensate bargaining unit employees for overtime hours in accordance with FLSA, the Garcia decision and the DOL regulations referenced therein, should change during the term of this Memorandum as a result of clarifications of existing regulations or due to the issuance of any further regulations by the DOL, by the enactment of any California or federal statute, or by any further decision of the United States Supreme Court, then the parties shall have the right to demand the subject of wages, hours, and overtime compensation be reopened for negotiations by and between the parties. Such negotiations shall be conducted in a manner consistent with the duty to meet and confer in good faith.

b. It is the intent of the parties that the amount of compensation and other benefits set forth in this Memorandum shall be the total amount agreed upon between the parties and to which the employees covered by this Memorandum, shall be entitled during the term of this Memorandum notwithstanding changes in or clarifications to laws pertaining to employee benefits that are a result of implementation of the FLSA. The purpose of such negotiations will be to reach agreement regarding the changes to the provisions of the Memorandum pertaining to wages, hours, and overtime compensation which may be required to give effect to this mutual interest.

c. It is further agreed that in compensating all eligible Safety employees for the premium portion of time worked in excess of fifty-three (53) hours, retroactive to April 15, 1985, the FLSA 7(k) exemption and work period declaration shall also be retroactively effective as of April 15, 1985.

3	12 months' service in the previous step
4	12 months' service in the previous step
5	12 months' service in the previous step

Such assignment having once been made shall remain in effect until the said employee shall be entitled to advance to the next salary step in accordance with the further provisions of this Article.

c. Merit Advance. An employee is eligible for a merit increase every twelve months until the employee reaches the top salary step in their classification. Merit increases will only be given if the employee has satisfactory or better performance on the performance evaluation, is recommended for an increase by the Department Head and the recommendation is approved by the City Manager. With a substandard performance evaluation, a merit step increase can be withheld. Employee will be placed on an Individual Development Plan (IDP) with a defined duration (3 months, 6 months, 12 months, etc.). POLICY STATEMENT

ON HOMELESSNESS

2024

The City of Escondido recognizes homelessness is a complex issue without a single solution to meet the dynamic needs of our unhoused population. We understand there are a number of underlying causes including: housing affordability, mental health concerns and [Substance Abuse Disorder](#).

The City of Escondido is committed to a compassionate, needs-driven approach for families and individuals experiencing homelessness in Escondido that are willing to receive help. We have led the response to homelessness in North County by partnering with residents, business owners, and non-profits that provide wraparound services to the homeless population.

The City of Escondido has listened to the public and studied their concerns with one fact being clear; a pervasive and consistent level of criminal activity exists within the unhoused population. This is largely perpetuated by those with untreated Substance Abuse Disorder. To ignore this reality by primarily attributing homelessness to housing availability and affordability is naïve. We support a Public Safety First approach towards homelessness that ensures the safety of our community and economic viability of our future.

The City of Escondido believes everyone should be treated with dignity and respect, irrespective of their current situation or economic status. We are committed to supporting efforts that help individuals achieve sobriety and regain their mental health with the goal of financial independence and stable housing. We believe any policy that enables personally destructive behavior is neither compassionate nor effective.

The City of Escondido will not support any program that enables continued drug use or allows individuals to continue living on the street, regardless of how well-intentioned the programs may be or who may endorse them. We will not participate in the distribution of free resources such as tents, tarps, syringes, drug pipes, or anything else that enables substance abuse or homelessness.

The City of Escondido recognizes the one-size-fits-all approach of [Housing First](#) has proven ineffective and unsustainable with the exception of seniors who may have been priced out of the housing market due to their limited and/or fixed income. We believe independence can be achieved and encouraged by addressing the underlying causes of homelessness, before long-term housing is provided. Being unhoused will not be accepted as an excuse for continued drug abuse and/or criminality in Escondido.

The City of Escondido understands that simply being unhoused is not the problem, but a symptom of the problem. Data shows that the vast majority of unhoused are either addicted to drugs, experiencing a mental health crisis, or both. We recognize that drug addiction and untreated mental health concerns are the root cause of the state of affairs on the streets of Escondido. Sadly homelessness is the predictable consequence of the financial, relational, and legal problems that regularly accompany Substance Abuse Disorder.

The City of Escondido recognizes not everyone experiencing homelessness is a criminal transient. We stand ready and willing to lend IMMEDIATE support to those willing to accept help. We believe in accountability for those willing or unwilling to accept assistance. Choosing sobriety is the only acceptable option. A criminal transient is a specific type of unsheltered person who creates an unreasonable burden on emergency services, the criminal justice system, and affects the safety of our entire community.

The City of Escondido understands that criminal transients adversely impact local businesses and suppress economic development. We value every business that contributes to the economic success

of our community. Small and large companies have sacrificed significant sums of money to make their storefronts more inviting to customers and less attractive to criminal transients. We believe private citizens should not be forced to subordinate their property rights to the interests of criminal transients. Business owners should not have to tolerate an unsheltered criminal trespassing on their property, creating a disturbance or otherwise being harmful.

The City of Escondido recognizes the detrimental impacts criminal transients have on our parks, creeks, waterways, plazas and other public buildings. Crimes such as vandalism, arson and the dumping of biological waste are among the most egregious acts that must cease. We understand our duty to maintain a clean and safe environment for the benefit of the community as a whole and for the good of the Earth. We will prioritize the following areas: Grape Day Park; Grand Avenue (with focus on Centre City Parkway to Ivy Street); and Valley Parkway (with focus on Ash Street to Midway Drive and the Home Depot located at 1550 West Valley Parkway).

The City of Escondido understands that changes in State Law have removed any viable mechanism to force an individual experiencing homelessness to accept help. This must be reprioritized by the State Assembly, State Senate and Governor of California. We recognize our responsibility to advocate for criminal justice reform that does not seek to punish individuals for being a victim of Substance Abuse Disorder. We support sound policies that provide accountability and relief.

The City of Escondido believes that local control is critical to developing effective solutions to the impacts of homelessness on City residents and businesses, as well reducing the expenditure of scarce City resources, money and services on these issues. To that end, it supports clarity from the United States Supreme Court, in cases such as *City of Grant's Pass v. Johnson*, in declaring the right of cities to enforce generally applicable state and local laws to regulating impacts of homelessness on both public and private property.

The City of Escondido recognizes that the role Law Enforcement plays with respect to homelessness is limited and specific. The Escondido Police Department is committed to protecting our community through exceptional police services. Escondido residents have an expectation that their officers will police crime and disorder rather than function as social workers or homeless advocates.

The City of Escondido advocates for programs that reduce the prevalence of drug addiction in our community and provide mental health support to achieve independence. We seek programs that provide education and intervention efforts especially for our youth.

The City of Escondido supports an *Escondido First* approach that prioritizes unsheltered individuals in our community with direct ties to Escondido. We maintain a standard that local service providers not become magnets for criminal behavior which place undue burdens on municipal services.

The City of Escondido expects all local service providers to prioritize helping unhoused Escondido residents before aiding individuals from other cities. We recognize homelessness is a problem throughout the region, but until Escondido residents, or those currently unhoused in Escondido, have been served, local providers cannot become a regional resource. Leaving individuals unhoused in Escondido while accepting residents from other cities is unacceptable.

CITY of ESCONDIDO

STAFF REPORT

the construction phase of the construction management agreement will be encumbered once the WIFIA loan closes.

PREVIOUS ACTION

On October 17, 2012, City Council adopted Resolution No. 2012-167 authorizing the Mayor and City Clerk to execute a Consulting Agreement in the amount of \$2,458,516 with RBF Consulting, Inc., for construction management services for the Lake Wohlford Dam Replacement Project.

On May 13, 2020, City Council adopted Resolution No. 2020-59 approving a Labor Compliance Program and authorizing the Director of Utilities to execute and submit the Labor Compliance Program application for approval by the California Department of Industrial Relations.

BACKGROUND

Lake Wohlford Dam ("Dam") was constructed with earth and rock in 1895 as part of Escondido's local water system. In 1925, the Dam was raised to its current height using a slurry hydraulic fill process. In 2007 during a routine seismic evaluation of the Dam, the California Division of Safety of Dams ("DSOD") determined that the newer, hydraulic fill section of the Dam has the potential to liquefy and fail in the event of a large earthquake with magnitude greater than 7.5 on the Elsinore Fault. In response to these potential seismic concerns, the City immediately lowered the water level of Lake Wohlford so that the maximum level of the lake does not exceed the level of the original, seismically-sound rock structure. The lake has been operated at this level until the present day and continues to provide recreational opportunities and local water storage.

A design for a new, replacement Dam to be constructed just downstream of the existing Dam was completed. Design development included a lengthy review process involving the DSOD, the Federal Energy Regulatory Commission ("FERC"), and a panel of dam experts convened to oversee the Dam design process. The Project elements include: (a) a new roller compacted concrete dam to be constructed downstream of the existing dam; (b) new integrated spillway; (c) new outlet tower construction; and (d) partial demolition of the existing Dam.

The process to obtain construction bids for the Project will be done in two phases. First, a Request for Qualifications ("RFQ") will be competitively advertised in the same way in which construction projects are advertised. The Statement of Qualifications will be evaluated based on mandatory pass/fail requirements and weighted criteria. Second, the contractors that are prequalified in the RFQ process will be invited to submit construction bids for the project.

Construction Management Services

In 2012, RBF Consulting, Inc., was retained to provide construction management services for the Lake Wohlford Dam Replacement Project, including constructability review during the design phase. Early in the design phase it was determined that Oakvale Road needed to be realigned in advance of the Project in order to make room for the proposed dam. During this time, RBF Consulting, Inc., was acquired by Michael Baker International (“MBI”). MBI provided constructability reviews throughout the design phase, and has been providing construction management and inspection services for the Oakvale Road Realignment under the original Consulting Agreement.

Over the last few years, the MBI staff with experience inspecting and managing the construction of dams have left the company. In addition to the loss of qualified staff, the original Consulting Agreement will be fully expended with the completion of the Oakvale Road Realignment Project. As a result, it was determined that a new Request for Proposals should be issued for construction management services for the Lake Wohlford Dam Replacement Project.

Proposals were solicited by posting the Request for Proposals (“RFP”) on the City’s website. City Staff also reached out to several consultants to make them aware of the RFP. GEI Consultants, Inc. was the only firm to submit a proposal. However, they are uniquely qualified by having a proposed team with extensive roller compacted concrete (“RCC”) dam construction experience. Several members of the GEI team were directly involved in the construction of two RCC dam projects in San Diego County; the Olivenhain Dam and the San Vicente Dam raise construction projects.

Staff thoroughly reviewed the proposal, completed negotiations with the consultant, worked with the City Attorney’s Office, and determined the proposal to be the best value and in alignment with today’s construction market considering the size and complexity of the Project. The Utilities Department recommends retaining GEI Consultants, Inc., a third-party construction manager, to manage the construction of the Project under the supervision of City staff.

The contract for construction management services includes:

- pre-construction services including assistance with the RFQ and construction bid phases;
- full time construction inspections;
- construction project coordination with the City, the community, and other consultants;
- conducting construction progress meetings;
- managing construction documentation and record keeping;
- reviewing contractor’s monthly progress payment requests and confirming that percentages and quantities of work completed align with the amounts requested for payment;
- facilitation of partnering sessions;
- geotechnical support and special inspection services, such as welding and concrete material testing; and
- claim support.

STAFF REPORT

Labor Compliance Program

This Project is partially funded with California Proposition 1E grant funds, which requires the use of a State approved Labor Compliance Program (“LCP”). The City of Escondido Utilities Department’s LCP was approved by the California Department of Industrial Relations (“DIR”) on June 9, 2020. The LCP has been administered on two recent projects to which it is applicable, the Membrane Filtration Reverse Osmosis Facility Project and the Oakvale Road Realignment Project.

Golden State Labor Compliance, LLC, is the third-party administrator of the Utilities Department’s LCP. City Utilities staff recommends retaining Golden State Labor Compliance, LLC, to provide labor compliance monitoring services for the Project under the supervision of City staff, which includes monitoring of all labor compliance requirements for all of the Project’s funding sources.

Contractor Retention

Public construction projects typically withhold a five percent retention from progress payments to contractors. The retention is released to the contractor after construction is complete and all subcontractors have been paid by the contractor. If the contractor defaults on payments to its subcontractors, the City could use the retention to pay the subcontractors. Public Contract Code 7201 (b) allows for an increase in the amount of retention to be withheld from progress payments to Project contractors and subcontractors when a project is found to be substantially complex. The Utilities Department recommends that the contractor retention for this Project be set at 10% instead of the five percent that is typical for most public construction projects due to the complexities described below. The 10% retention would provide funds for the City to pay subcontractors in case the prime contractor defaults on payments to its subcontractors.

This Project has several complexities, including:

- Limited accessibility – The Project will be accessed from Oakvale Road off of Lake Wohlford Road. Oakvale Road is not a through street, therefore it must remain open to allow the neighboring community and emergency personnel ingress and egress from the area. Lake Wohlford Road is a heavily travelled roadway and the businesses located along Lake Wohlford Road rely on easy access for their customers, therefore, it is essential to maintain an open roadway during construction of the Dam.
- Limited Work Area – The Project area consists of hilly, rocky, and environmentally and culturally sensitive habitat, including mature oak trees. There is limited clear flat surface area for staging of materials such as spoil and rock stockpiles, construction equipment, batch plant equipment and materials, and onsite construction office space. The proposed work area at the base of the existing dam is extremely limited due to a dense population of oak trees.

CITY of ESCONDIDO

STAFF REPORT

- **Construction Impacts** – The operation of an onsite concrete batch plant and heavy earthwork equipment will generate noise during construction, however the area’s steep topography and large tree canopies will help attenuate some of the noise and dust concerns. During the placement of the roller compacted concrete of the dam and spillway structures, the work will extend beyond normal business hours because the concrete must be installed continuously without stopping, 24 hours a day, seven days a week. It is anticipated that rock blasting may be a part of the Project. Rock blasting was performed during the realignment of Oakvale Road, so local residents are familiar with this operation, including occasional delays up to 20 minutes before traffic can safely pass through the blasting zone of the construction area.
- **Potential Unforeseen and Differing Site Conditions** – An exploratory geotechnical field investigation and report was performed, which will help identify some of the risks associated with the proposed construction. To further help mitigate the City’s risks exposure, a third-party construction management and specialty inspection team will be retained for the duration of the Project. The Utilities Department has been very successful completing multiple water and wastewater Capital Improvement Projects with few to no construction claims. The collaboration between consultants, contractors and City staff has allowed for such success.

 - (3) *Workers' Compensation.* Worker's Compensation as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limits of no less than \$1,000,000 per accident for bodily injury or disease.
 - (4) *Professional Liability (Errors and Omissions).* Professional Liability (Errors and Omissions) appropriate to CONSULTANT's profession, with limits no less than \$2,000,000 per occurrence or claim and \$2,000,000 aggregate.
 - (5) If CONSULTANT maintains broader coverage and/or higher limits than the minimums otherwise required by this Agreement, the CITY requires and shall be entitled to the broader coverage and/or the higher limits maintained by CONSULTANT.
- b. Each insurance policy required by this Agreement must be acceptable to the City Attorney and shall meet the following requirements:
- (1) *Acceptability of Insurers.* Insurance coverage must be provided by an insurer authorized to conduct business in the state of California with a current A.M. Best's rating of no less than A-: FSC VII, or as approved by the CITY.
 - (2) *Additional Insured Status.* Both the Commercial General Liability and the Automobile Liability policies must name the CITY (including its officials, officers, agents, employees, and volunteers) specifically as an additional insured under the policy on a separate endorsement page. The Commercial General Liability additional insured endorsement shall be at least as broad as ISO Form CG 20 10 11 85, or if not available, through the addition of *both* CG 20 10, CG 20 26, CG 20 33, or CG 20 38, *and* CG 20 37 if a later edition is used. The Automobile Liability endorsement shall be at least as broad as ISO Form CA 20 01.
 - (3) *Primary Coverage.* CONSULTANT's insurance coverage shall be primary coverage at least as broad as ISO CG 20 01 04 13 with respect to the CITY, its officials, officers, agents, employees, and volunteers.  - (6) *Waiver of Subrogation.* CONSULTANT hereby grants to the CITY a waiver of any right to subrogation that any insurer of CONSULTANT may acquire against the CITY by virtue of the payment of any loss under such insurance. CONSULTANT agrees to obtain any

endorsement that may be necessary to affect this waiver of subrogation, but this subsection shall apply regardless of whether or not the CITY has received a waiver of subrogation endorsement from the insurer. Any Workers' Compensation policy required by this Agreement shall be endorsed with a waiver of subrogation in favor of the CITY for all work performed by the CONSULTANT, its agents, representatives, employees, and subcontractors.

- (7) *Self-Insurance.* CONSULTANT may, with the CITY's prior written consent, fulfill some or all of the insurance requirements contained in this Agreement under a plan of self-insurance. CONSULTANT shall only be permitted to utilize such self-insurance if, in the opinion of the CITY, CONSULTANT's (i) net worth and (ii) reserves for payment of claims of liability against CONSULTANT are sufficient to adequately compensate for the lack of other insurance coverage required by this Agreement. CONSULTANT's utilization of self-insurance shall not in any way limit the liabilities assumed by CONSULTANT pursuant to this Agreement.
 - (8) *Self-Insured Retentions.* Self-insured retentions must be declared to and approved by the CITY.
- c. *Verification of Coverage.* At the time CONSULTANT executes this Agreement, CONSULTANT shall provide the CITY with original Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting the insurance coverage required by this Agreement), which shall meet all requirements under this Agreement. The CITY reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by this Agreement, at any time.
 - d. *Special Risks or Circumstances.* The CITY reserves the right, at any point during the term of this Agreement, to modify the insurance requirements in this Agreement, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.
 - e. *No Limitation of Obligations.* The insurance requirements in this Agreement, including the types and limits of insurance coverage CONSULTANT must maintain, and any approval of such insurance by the CITY, are not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by CONSULTANT pursuant to this Agreement, including but not limited to any provisions in this Agreement concerning indemnification.
 - f. Failure to comply with any of the insurance requirements in this Agreement, including, but not limited to, a lapse in any required insurance coverage during the term of this Agreement, shall be a material breach of this Agreement. In the event that CONSULTANT fails to comply with any such insurance requirements in this Agreement, in addition to any other remedies the CITY may have, the CITY may, at its sole option, (i) immediately terminate this Agreement; or (ii) order CONSULTANT to stop work under this Agreement and/or withhold any payment that becomes due to CONSULTANT until CONSULTANT demonstrates compliance with the insurance requirements in this Agreement.

8. Indemnification and Hold Harmless.

- a. CONSULTANT (including CONSULTANT's agents, employees, and subcontractors, if any) shall indemnify, and hold harmless the CITY, its officials, officers, and employees from and against any claims, demands, actions, causes of action, proceedings (including but not limited to legal and administrative proceedings of any kind), suits, fines, penalties, judgments, orders, levies, costs, expenses, liabilities, losses, damages, or injuries, in law or equity, including without limitation the payment of all consequential damages and attorney's fees and other related litigation costs and expenses (collectively, "Claims"), of every nature to the proportional extent caused by CONSULTANT's performance of the Services or its failure to comply with any of its

obligations contained in this Agreement, except where caused by the active negligence, sole negligence, or willful misconduct of the CITY.

- b. CONSULTANT (including CONSULTANT's agents, employees, and subcontractors, if any) shall indemnify, and hold harmless the CITY, its officials, officers, and employees from and against any claims caused by, arising under, or resulting from any violation, or claim of violation, of the San Diego Municipal Storm Water Permit (Order No. R9-2013-0001, as amended) of the California Regional Water Quality Control Board, Region 9, San Diego, that the CITY might suffer, incur, or become subject to by reason of, or occurring as a result of, or allegedly caused by, any work performed pursuant to this Agreement.
 - c. All terms and provisions within this Section 8 shall survive the termination of this Agreement.
- 9. Anti-Assignment Clause. Because the CITY has relied on the particular skills of CONSULTANT in entering into this Agreement, CONSULTANT shall not assign, delegate, subcontract, or otherwise transfer any duty or right under this Agreement, including as to any portion of the Services, without the CITY's prior written consent. Any purported assignment, delegation, subcontract, or other transfer made without the CITY's consent shall be void and ineffective. Unless CONSULTANT assigns this entire Agreement, including all rights and duties herein, to a third party with the CITY's prior written consent, CONSULTANT shall be the sole payee under this Agreement. Any and all payments made pursuant to the terms of this Agreement are otherwise not assignable.
 - 10. Attorney's Fees and Costs. In any action to enforce the terms and conditions of this Agreement, the prevailing Party shall be entitled to reasonable attorney's fees and costs.

 - 12. Amendment. This Agreement shall not be amended except in a writing signed by the CITY and CONSULTANT.
 - 13. Merger Clause. This Agreement, together with its attachments or other documents described or incorporated herein, if any, constitutes the entire agreement and understanding of the CITY and CONSULTANT concerning the subject of this Agreement and supersedes and replaces all prior negotiations, understandings, or proposed agreements, written or oral, except as otherwise provided herein. In the event of any conflict between the provisions of this Agreement and any of its attachments or related documents, if any, the provisions of this Agreement shall prevail.
 - 14. Anti-Waiver Clause. None of the provisions of this Agreement shall be waived by the CITY because of previous failure to insist upon strict performance, nor shall any provision be waived because any other provision has been waived by the CITY, in whole or in part.
 - 15. Severability. This Agreement shall be performed and shall be enforceable to the full extent allowed by applicable law, and the illegality, invalidity, waiver, or unenforceability of any provision of this Agreement shall not affect the legality, validity, applicability, or enforceability of the remaining provisions of this Agreement.
 - 16. Governing Law. This Agreement and all rights and obligations arising out of it shall be construed in accordance with the laws of the State of California. Venue for any action arising from this Agreement shall be conducted only in the state or federal courts of San Diego County, California.

an email, shall be effective as delivery of an executed original. The Agreement on file with the City is the copy of the Agreement that shall take precedence if any differences exist between or among copies or counterparts of the Agreement.

18. Provisions Cumulative. The foregoing provisions are cumulative to, in addition to, and not in limitation of any other rights or remedies available to the CITY.
19. Notice. Any statements, communications, or notices to be provided pursuant to this Agreement shall be sent to the attention of the persons indicated herein, and the CITY and CONSULTANT shall promptly provide the other Party with notice of any changes to such contact information.

CONSULTANT shall keep itself informed of and comply with all applicable federal, state, and local laws, statutes, codes, ordinances, regulations, rules, and other legal requirements in effect during the term of this Agreement. CONSULTANT shall obtain any and all permits, licenses, and other authorizations necessary to perform the Services. Neither the CITY, nor any elected or appointed boards, officers, officials, employees, or agents of the CITY, shall be liable, at law or in equity, as a result of any failure of CONSULTANT to comply with this section.
22. Prevailing Wages. If applicable, pursuant to California Labor Code section 1770 et seq., CONSULTANT agrees that a prevailing rate and scale of wages, in accordance with applicable laws, shall be paid in performing this Agreement. CONSULTANT shall keep itself informed of and comply with all applicable federal, state, and local laws, statutes, codes, ordinances, regulations, rules, and other legal requirements pertaining to the payment of prevailing wages. The prevailing rate and scale to be paid shall be the same as the applicable "General Prevailing Wage Determination" approved by the Department of Industrial Relations as of the Effective Date of this Agreement, which are available online at <http://www.dir.ca.gov/oprl/dprevwagedetermination.htm> and incorporated into this Agreement by this reference. Neither the CITY, nor any elected or appointed boards, officers, officials, employees, or agents of the CITY, shall be liable, at law or in equity, as a result of any failure of CONSULTANT to comply with this section.
23. Department of Industrial Relations Compliance. This public project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. CONSULTANT shall post all job site notices required by regulation. CONSULTANT, as well as any subcontractors, shall be registered pursuant to California Labor Code section 1725.5 to be qualified to bid on, be listed in a bid proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any public works contract subject to the requirements of Division 2, Part 7, Chapter 1 of the California Labor Code. Neither the CITY, nor any elected or appointed boards, officers, officials, employees, or agents of the CITY, shall be liable, at law or in equity, as a result of any failure of CONSULTANT to comply with this section.
24. Immigration Reform and Control Act of 1986. CONSULTANT shall keep itself informed of and shall comply with the Immigration Reform and Control Act of 1986 ("IRCA"). CONSULTANT represents and warrants that all of its employees and the employees of any subcontractor retained by CONSULTANT who perform any of the Services under this Agreement, are and will be authorized to perform the Services in full compliance with the IRCA. CONSULTANT affirms that as a licensed contractor and employer in the State of California, all new employees must produce proof of eligibility to work in the United States within the first three days of employment and that only employees legally eligible to work in the United States will perform the Services. CONSULTANT

agrees to comply with the IRCA before commencing any Services, and continuously throughout the performance of the Services and the term of this Agreement.

25. Effective Date. Unless a different date is provided in this Agreement, the effective date of this Agreement shall be the latest date of execution set forth by the names of the signatories below.
26. The CITY shall retain 5% of each payment CONSULTANT as part of security for the fulfillment of Services under this Agreement, to be released upon written request of the CONSULTANT on an annual basis contingent upon all Project documentation being up-to-date.

CONSULTANT may request that the CITY make payments of earned retentions directly to an escrow account at the sole expense of the CONSULTANT. If this option is selected, CONSULTANT will provide bank and account information to the CITY for preparation of a retention escrow agreement, on the standard CITY-approved form, before the first payment is made to CONSULTANT.

After Project completion, and once it is determined that all Project records have been properly filed on the CITY's Secure File Transfer Protocol ("SFTP") site, and all other close-out activities have been completed to the satisfaction of CITY staff, and there are no outstanding labor compliance issues or complaints, the CITY will release (or request to be released from the escrow account) the remaining retention funds that have been withheld.

Meet with the City's Field Engineering Inspector to discuss the progress pay application and ensure that all check list items are complete, including labor compliance issues, prior to submittal to the City. Make appropriate recommendations to the City on payment issues;
13. Clearly document all details and calculations in written field orders and change orders, ensuring good results for future audits by various funding entities;
14. Track preliminary notices forwarded by City staff, collect and file appropriate releases from contractor, and ensure all appropriate and necessary releases are on file upon Project completion;
15. Conduct and coordinate preliminary and final walk-throughs for the punch lists, start up and testing, and closeout. Ensure all deliverables have been reviewed, approved, and delivered to the appropriate City staff, including Operation and Maintenance manuals and any other training documentation;
16. Provide claim support through final resolution. Mitigate existing issues and resolve all future issues with minimal escalation to avoid claims; and
17. Submit detailed monthly CM services invoices, and include a Burn Rate spreadsheet with each invoice for budget tracking. A sample spreadsheet will be provided.

Task 3 – Quality Assurance

1. Ensure Project contractor compliance;
2. Use the Construction Management Plan ("CMP") to ensure all monitoring, inspections and Quality Assurance guidelines relating to the Project are being executed;
3. Monitor all Project permit conditions (e.g. City encroachment permit) and the respective expiration dates for each Project permit. Inform the City and Project contractor when non-compliance is observed as it relates to the Project permit requirements;
4. Monitor and ensure the Project contractor's compliance for all Project specifications and drawings requirements, the City's Standard Detail drawings, agency encroachment permits, and all other pertinent standards, requirements, and documents associated with the Project;

5. Monitor Project contractor's schedule each week and inform the City of any construction conflicts and issues that could potentially affect the Critical Path Method - CPM or designated Project schedule method; and
6. Provide Storm Water Pollution Prevention Plan Management Services
7. Ensure Environmental Compliance by working closely with the various environmental consultants on the Project.

Task 4 – Document Control and Record Keeping

1. Implement plan for documentation control, record keeping and completion of work;
2. Employ and conform to the City's Secure File Transfer Protocol ("SFTP") system, file management plan, and other City-provided forms to prepare, process, and file (in PDF format) all construction phase documents and records, ensuring complete Project records during the course of the Project and at Project completion;
3. Examples of document control and record keeping include, but are not limited to:
 - a. Preparation of written daily field reports for submittal to the City via the SFTP. Reports must include work performed, labor and equipment utilized, and a discussion of any work not conforming to the plans and specifications. The City will provide Consultant a written daily field report form within 30 days of the Effective Date;
 - b. In accordance with the General Conditions ("GC"), Consultant shall collect the Project contractor's daily reports. After collection, Consultant shall compare the Project contractor's daily reports to Consultant's daily inspection reports so any discrepancies can be addressed in a timely manner. Approved reports will be filed on the SFTP;
 - c. Daily photographic documentation of construction activities in digital, date-stamped format. Photo file sized shall conform to City file requirements. Photos shall be uploaded to the City SFTP on a daily or weekly basis;
 - d. Observe and record all major materials deliveries to the Project site to confirm compliance with the Project specifications and approved shop drawings;
 - e. Review and upload all special inspection reports and geotechnical reports provided by those firms contracted through Consultant pursuant to Task 1 and Task 5;
 - f. Review and upload to the SFTP all Project documents, reports, and correspondence, including shop drawings, submittals, requests for information ("RFI"), Storm Water Pollution Prevention Plan inspections reports, permit documents, environmental monitoring reports and training documentation, labor compliance monitoring reports and correspondence, community complaints and documentation of contact and resolution, geotechnical and materials testing reports, and special inspections;
 - g. During the Project's construction phase, review and update Project red line drawings and Project contractor red line drawings, and provide final reviews and approval of the Project contractor's red line drawings at Project completion. Submit final, Consultant-approved Project contractor red line drawings to the City Field Engineering Inspector;
 - h. Prepare quarterly CM reports, including detailed descriptions of work completed, schedule status, submittals status, RFI status, design revision status, progress payment and overall contract status, and Project photographs representing key construction activities. The quarterly reports will be prepared in a City-approved format including color copies of six or more digital photographs with captions of work performed. Electronic copies of the quarterly reports shall be accessible to the City via the City's SFTP site; and
 - i. Ensure all Project records meet the highest quality assurance/quality control standards. Questionable audit results can negatively impact the City's future funding opportunities. Most project documentation is considered public record and is potentially subject to a high-level of scrutiny.
4. The City will provide Consultant a CM manual, including a detailed file plan and supplementary descriptions corresponding to a select scope of work subtasks. The City does not object to Consultant using their own proprietary file management system; however, all documents

produced in that file management system, as well as documents received from the Project contractor, must be saved as PDFs and filed on the City's SFTP site on a regular (daily or weekly) basis, so that the City's Utilities Construction Management staff has access to all project related documents at all times. Consultant payments will be held, or partially held, if records are not kept up-to-date each month.

5. Prepare for Project Closeout and Final Payment Processing.

Task 5 – Subcontract Management (Special Inspection Services)

1. Consultant to include and manage the following as part of the CM services:
 - a. Scheduling testing for geotechnical support and special inspection and monitoring services, as needed. Geotechnical support and special inspections services shall include, but are not limited to:
 - i. Ability to track quantities of excavated materials via survey mapping or other to help determine the amount of rock encountered and removed, unsuitable soil conditions and to create a defensible position to either support or counter a potential claim;
 - ii. Inspection of Roller Compacted Concrete Dam construction in accordance to the requirements of Project geotechnical specifications and plans;
 - iii. Inspection of trench backfill and compaction testing during pipeline construction and site grading;
 - iv. Materials sampling and testing during installation of cast-in-place concrete for structures and grouting operations;
 - v. Subgrade, aggregate base and asphaltic concrete in cases where the Project construction has caused damage to road surfaces, private driveways or other;
 - vi. Laboratory testing of imported material, compaction testing of trench backfill, concrete cylinder testing, proctor test, and aggregate base conformance to Project specifications for asphalt and concrete;
 - vii. Submitting field reports and lab test reports to the CM; and
 - viii. Retain a Blasting Specialist as needed.
2. As part of the CM fee schedule, a line item allowance of \$3,830,107.00 has been added for geotechnical and special inspection services. This allowance is based on a time and materials basis, not to exceed \$3,830,107.00 without prior written authorization from the City.
3. Consultant is responsible for ensuring compliance with all state and federal (Davis-Bacon) prevailing wage laws and requirements for their firm and any subcontractors or subconsultants, including Skilled and Trained Workforce requirements. State and federal (Davis-Bacon) prevailing wage laws and requirements, including Skilled and Trained Workforce requirements, must be listed in all subcontracts. Consultant and all of their subcontractors and subconsultants are required to submit prevailing wage documentation to the City's labor compliance consultant for compliance monitoring for covered classifications. Consultant payments are subject to withholding for non-compliance.

D. Scheduling

4. SCOPE OF WORK

In this section we:

- ✓ Demonstrate that we understand the scope of work outlined in the RFP.
- ✓ **Commit to performing the entire scope of work presented in the RFP.**
- ✓ Outline our approach to scope activities that we consider to be key to Project success.

Task 1: Project Coordination

CONSTRUCTABILITY REVIEW

GEI's CM staff support our in-house design teams through constructability reviews on hundreds of projects each year. Our main area of focus is ensuring clarity within and continuity between the specifications and other bid documents to avoid ambiguity and conflicts.

We will use our experience with dam construction and RCC to make recommendations that will help reduce the number of RFIs and the risk of potential change orders during construction, where the impacts to project budget and schedule tend to be greater.

CONTRACTOR PREQUALIFICATION

Very specific construction experience is required to construct an RCC dam. Prequalifying contractors is an effective tool in reducing the risk of selecting a poorly qualified contractor, by ensuring that only contractors and subcontractors that have the necessary qualifications are invited to bid on the Project. A well-constructed prequalification process can also help to reduce the potential for protest delays at the time of bid.

Jerry Reed, Wade Griffis, and Rob Fill will assist the City with this process. Together they bring decades of lessons learned from previous RCC dam projects, including the San Vicente Dam raise where Jerry and Wade learned firsthand the pitfalls that need to be avoided when prequalifying RCC contractors.

BID PHASE SERVICES

Once prequalified firms are invited to bid on this Project, the important task of providing adequate and reliable bid documents begins, along with effectively answering contractor questions throughout the bid process. Providing clear and thorough answers reduces the need for bidders to make assumptions and promotes the development of comparable and competitive bids. Jerry Reed, Wade Griffis, and Rob Fill will assist the City with the selection and procurement process, as they have done for many dam projects in the past.

PREPARATION OF THE CM PLAN

Our CM plan will serve as a road map for how we execute our CM services, and how we coordinate with other project team members. The CM plan will include, but not be limited to, the following:

- Safety plan
- Communications plan, with responsibility matrix
- CQA plan
- Risk management plan
- Document control plan
- Change management plan

Steve Lindsay will lead the development of these plans under the supervision of **Jerry Reed**. Steve developed the City of San Diego's current guidance manuals for both construction management and project management, and Jerry has written and revised portions of SDCWA's Construction Management Manual. We will coordinate with the City and the City's other project consultants to identify lines of communication and responsibilities for all parties in accordance with the City's own procedures manuals. The CM plan will be reviewed and updated annually to ensure that it stays relevant and usable.

RISK MANAGEMENT

Risk management on this Project will be aimed at identifying, characterizing, and mitigating risks before they occur, with the overall goal of maximizing safety and minimizing project cost and schedule impacts. **Arun**

Parsons, who led the on-site coordination of risk management for the Calaveras Dam replacement project, will lead the CM's risk management scope for this Project. Arun will first develop a risk management plan to specify the roles, responsibilities, and procedures for the formal management of risk through the duration of the project.

After the risk management plan is finalized, Arun will lead the development of the initial risk register, in collaboration with the City, designer, and environmental consultant. The risk register will identify potential risks through the lifetime of the Project, develop actions that can be taken to transfer, mitigate or avoid each risk, and identify action owners. As we continue through pre-construction and construction, Arun will regularly check in with action owners to drive actions forward. We will regularly (perhaps quarterly) meet in-person with the Project team to discuss and update the risk register.

Additional scope, if the City desires, would involve a quantitative analysis (typically a Monte Carlo analysis) of the Project's "risk profile," the primary benefit of which is to provide a probability vs. cost curve that can be compared to the Project contingency budget.

COMMUNITY OUTREACH

We expect that the City will lead community outreach efforts for this Project, and the CM team will support as needed in a leadership and/or administrative capacity.

Jerry Reed and **Steve Lindsay** have extensive experience with community outreach and leading town meetings to address residents' questions and concerns, and they are available to support the City in any way. Additionally, our CM team can provide administrative support for community outreach, such as developing fliers and managing websites.

COORDINATE WITH THE CITY'S WATER TREATMENT STAFF

We expect that the City's person in charge of the CM services contract will be Randy Manns of the Utilities Construction and Engineering Division, and it will be he whom we take formal direction from. Additionally, it will be beneficial to the Project if the CM team establishes direct communication with the City's Water Treatment staff to discuss, plan and execute activities that will affect operations, such as system shutdowns, bypass set-up, outlet works construction and start-up, and any necessary training. We will work with the City to define the points-of-contact and lines of communication and include these details in the communications plan.

Task 2: Construction Phase Services LEADING AND FACILITATING MEETINGS

The GEI CM team will lead or facilitate the following meetings throughout the life of the Project:

- Preliminary meetings with City and City representatives (designer, environmental consultant, labor compliance consultant)
- Pre-construction meeting
- Pre-construction partnering session
- Weekly progress meetings with City and City representatives
- Weekly progress meetings with contractor
- Preliminary and final walk-throughs

Meetings between different team members will be methodically managed and documented to make effective use of time in reaching decisions and determining necessary actions. Meetings will be led by a senior member of the CM team such as the **Jerry Reed**, **Steve Lindsay**, or **Aaron Trimm**, with the office engineer **Kody Vandervort** taking notes and subsequently circulating those notes and the agenda for the next meetings. Our documentation of meetings, particularly with the contractor, will provide a useful administrative record for future reference.

CM CONTRACT ADMINISTRATION

GEI's CM contract administration activities will support our execution of CM services contract. Major activities include management of CM staffing, subconsultants and resources to execute the CM scope of work, managing the CM services budget, and meeting CM reporting requirements efficiently and effectively. **Lucy Vinnichenko** will be the CM services contract administrator. Lucy will manage our subcontracts with our CM team partners and specialty inspection firms. Lucy will review all incoming subconsultant invoices and, once approved will compile with GEI's fees and create a monthly CM services invoice to transmit to the City. With each invoice we will submit a burn rate spreadsheet based on the City's template, and a CM services monthly report.

ENSURE CONTRACTOR'S ADHERENCE TO THE CONTRACT DOCUMENTS

As the City's construction manager, one of our primary functions is to administer the City's contract with the contractor and hold the contractor accountable for adhering to the contract requirements. Important areas of contract compliance include, but are not limited to:

- Safety management
- Construction quality control
- Schedule updates
- Payment applications
- Permit compliance
- Change management

Our CM plan will contain the CM team's responsibilities, processes, and procedures for enforcing the construction contract, which we will develop in coordination with the City and the City's existing CM procedures.

Key to our enforcement of the construction contract will be formal correspondence in a timely manner. **Steve Lindsay** will hold the contractor to the specified requirements for submitting formal documentation, requests and notices, and he will take direct responsibility for ensuring that the City's correspondence is equally timely. In this way Steve will minimize the chances of owner-caused delays.

PRE-CONSTRUCTION PARTNERING SESSION

The key staff on our team have all taken part in partnering on large capital projects and agree that this is a necessary component to help ensure that communication is effective within the team and that everyone has a goal to resolve issues during construction to eliminate and/or minimize claims. The scope of work provided in the RFP indicates a partnering session facilitated by the CM team to discuss any potential design related issues, preliminary RFIs, or other items that might expedite or promote a constructive start to construction. **Jerry Reed** will facilitate the

partnering session, using his experience leading the owner's teams for the San Vicente Dam raise and Olivenhain Dam projects to structure and manage the meeting in a constructive and collaborative way. Prior to the partnering session, Jerry will meet separately with the City, design team, and contractor to gather initial topics to develop the agenda and brief each party on the purpose of the meeting – to be collaborative and work together for a successful project start.

SUPPORT FOR ISSUE RESOLUTION AND CHANGE MANAGEMENT

Effective dispute resolution and change management are critical to the management of dam construction. **Aaron Trimm** will lead change management, under the supervision of **Steve Lindsay**. A key element of our approach will be an "issue resolution ladder." This will be detailed in our CM plan and is a formalized method of working through issues, whereby disagreements or disputes are to be resolved at the lowest possible level. For example, an issue arising in the field must first be discussed between the on-site contractor's supervisor and the CM's lead inspector. Only if they are not able to resolve the issue will it be elevated to the CM. The goal of the issue resolution ladder is to minimize the number of formal disputes.

If the contractor does transmit a formal request for a change order, our construction contract administrator, **Aaron Trimm**, will immediately review the request for contractual merit and potential impacts, and then brief the CM, **Steve Lindsay**. Steve will inform the City of the request and at the same time provide a summary of the CM team's assessment of merit and impacts. The CM team will then support the City in deciding upon a course of action, developing response documentation, and negotiating with the contractor, if necessary.

REVIEW CONTRACTOR'S MONTHLY PROGRESS PAYMENT

Our contract administrator, **Aaron Trimm** will receive the contractor's monthly payment request and work with the resident engineer and office engineer to verify that the request conforms to the contract requirements and accurately reflects the percentages and quantities of the work performed. Aaron will not accept the payment request until it is accurate and compliant, at which point he will pass to the CM, **Steve Lindsay** to review before submitting to the City with a recommendation for payment.

PUNCH LISTS, START-UP AND CLOSEOUT

As part of our duties with managing and facilitating the preliminary and final walk-throughs, we will assemble a

complete Project punch list, oversee start-up and testing, and guide the Project through close-out. Our QA manager, **Mike Jubran**, will confirm all deliverables have been reviewed, approved, and submitted to appropriate City staff. Mike will work with our start-up and commissioning coordinator, **Jay Losofsky**, to ensure that the contractor provides all necessary O&M Manuals and will facilitate any necessary training for City Water Treatment staff to operate the new facilities. An important element of Project close-out is to track and verify all releases have been obtained from contractors, subcontractors, and vendors for preliminary notices that have been filed against the Project.

Task 3: Quality Assurance Inspection ENSURE THAT QA IS EXECUTED, AND MONITOR CONTRACTOR COMPLIANCE WITH SPECIFICATIONS AND DRAWINGS

GEI will develop and implement a specific and comprehensive construction QA program for the Project, with the goal of assuring that all contract requirements are met. In pre-construction our QA manager and resident engineer, **Mike Jubran**, will develop our CQA plan for the City, designer, and DSOD to review and approve. The CQA plan will be based upon the design drawings, specifications, and relevant City standards, and will be aimed at providing oversight and assurance of the contractor's CQC plan. More details of our QA program and plan are provided in Section 3.

MONITOR PERMIT CONDITIONS

We will monitor and ensure all Project permits, including encroachment permits, are operating with active expiration dates prior to advertising the project for bid. During constructability review, we will ensure that permit requirements are included in the contract documents, and during construction we will work with the City's environmental consultant to enforce requirements.

ENSURE ENVIRONMENTAL COMPLIANCE

The sensitive cultural and environmental resources in the vicinity of Lake Wohlford require diligent cultural and environmental monitoring, which will be performed by another City consultant.

Our CM team will coordinate with the environmental consultant in pre-construction to establish the Project monitoring and oversight requirements, and then coordinate through construction to schedule all necessary monitoring to keep the work on track and in line with the permit requirements. When needed, we will enforce directives and corrective actions required of the contractor to maintain permit compliance.

MONITOR CONTRACTOR'S SCHEDULE

Our contract administrator, **Aaron Trimm**, supported by our scheduler, **Autumn Childers**, will receive and analyze the contractor's monthly schedule update, which will be compared to the approved baseline schedule. If the contractor falls behind schedule, Aaron will request that a recovery schedule be provided detailing how the contractor will bring the project back on schedule.

Aaron and Autumn will hold a pre-construction scheduling conference with the contractor to review the Project schedule requirements. A primary goal of this meeting is to help the contractor more efficiently develop an acceptable baseline schedule.

Task 4: Document Control and Record Keeping

CONFORM TO THE CITY'S SECURE FILE TRANSFER PROTOCOL (SFTP)

We will comply with the City's SFTP by placing all project documentation, in the necessary templates and formats and with necessary timeliness, onto the City's SFTP so that they can be accessed as and when needed by City staff. We will look for the City to provide us the City's CM Manual, which will detail the City's filing plan and document management requirements. Our full-time document controller, **Heather Geren**, will take responsibility for SFTP compliance.

IMPLEMENT A DOCUMENT CONTROL PLAN AND SYSTEM

In addition to fulfilling the City's SFTP, the GEI CM team proposes to use **Procore** as a CM document control system for the project that is accessible and usable by all Project team members. GEI has used Procore on similar projects and found it to be a useful tool. **Heather Geren** will develop our protocols for the use of the Procore system, including the management of:

- CM daily field reports
- Contractor QC reports
- CM QA reports and special inspections reports
- Meeting minutes
- Red line drawings
- Formal correspondence
- RFIs and submittals

QUARTERLY CM REPORTS

As specified in the RFP, GEI will provide quarterly CM reports to the City that provide a summary of the project status and a look-ahead to upcoming activities. We will develop the format and the desired content of the reports in discussion with the City, and we expect to include:

- Project cost and schedule status
- Safety updates

- Construction activities
- QA activities and non-compliance issues
- Submittals and RFIs in process
- Environmental compliance status and issues
- Change management log
- Risk management status

LABOR COMPLIANCE

This project will be governed by state and federal prevailing wage laws. Our labor compliance specialist, **Michalle Beringhaus**, will ensure that that CM team is compliant and coordinate with the City's labor compliance consultant to provide all necessary documentation. Michalle can also support the oversight of the contractor's prevailing wage compliance. Michalle's plan of action begins in pre-construction and extends through closeout:

PRE-CONSTRUCTION

- Clarify scope with the City.
- Determine applicable laws and regulations.
- Meet with City and labor compliance consultant, and separately meet with CM subconsultants and the contractor, to establish responsibilities and workflows.
- Gather required documentation such as DAS forms, Authorization for Deductions, Craft Lists and Fringe Benefit Statements.

CONSTRUCTION

- Skilled and Trained Workforce Program, enforced under Assembly Bill (AB) 3018.
- Certified payroll and spot checking, using the DIR eCPR system.
- Compliance reporting and notifications.

PROJECT CLOSEOUT

- Procedures can vary by subcontractor or subconsultant. We will discuss the City's preference for close out procedures before implementing them.

Task 5: Subcontract Management (Special Inspection Services)

Our CM team includes all necessary subconsultants and resources to provide the special inspections, surveying, laboratory testing and blasting oversight that this Project is expected to require. Our CM services contract administrator, **Lucy Vinnichenko**, will manage our subconsultant contracts for these services, and our QA manager and RE, **Mike Jubran**, will schedule the necessary services as the work progresses. **Michalle Beringhaus**, our labor compliance specialist, will monitor our subconsultants' compliance with prevailing wage laws and provide necessary documentation to the City's labor compliance consultant.

GRANT AGREEMENT BETWEEN THE STATE OF CALIFORNIA (DEPARTMENT OF WATER RESOURCES) AND**THE CITY OF ESCONDIDO, AGREEMENT NO. 4600009575****PROPOSITION 1E ROUND 1 STORMWATER FLOOD MANAGEMENT GRANTS****CALIFORNIA WATER CODE §83002 and PUBLIC RESOURCES CODE §5096.827 ET SEQ****AMENDMENT 3**

THIS GRANT AGREEMENT is entered into by and between the Department of Water Resources of the State of California, herein referred to as the "State" and the City of Escondido, a public agency, in the County of San Diego, State of California, duly organized, existing, and acting pursuant to the laws thereof, herein referred to as the "Grantee", which parties do hereby agree as follows:

1. PURPOSE. State shall provide a grant from the Disaster Preparedness and Flood Prevention Bond Act of 2006 (Public Resources Code (PRC) §5096.827 et seq.) to Grantee to assist in financing the project associated with the City of Escondido – Lake Wohlford Dam Replacement Project for the Stormwater Flood Management (SWFM) Program, collectively referred to as "SWFM Program."
2. TERM OF GRANT AGREEMENT. The term of this Grant Agreement begins on the date this Grant Agreement is executed by the State, and terminates on June 30, 2026, or when all of the Parties' obligations under this Grant Agreement are fully satisfied, whichever occurs earlier. Execution date is the date the State signs this Grant Agreement indicated on page 7.
3. GRANT AMOUNT. The maximum amount payable by State under this Grant Agreement shall not exceed \$14,900,000.00. Reimbursement of grant funds may be claimed after December 21, 2011.
4. GRANTEE COST SHARE. The reasonable costs for this Grant Agreement are estimated to be \$38,000,000. Grantee shall provide a Cost Share (Funding Match) in the amount of at least 50% of the total project cost. Grantee's Funding Match is estimated to be \$19,380,000. Grantee's Funding Match may include cost share performed after September 30, 2008. Funding Match consists of non-State funds including in-kind services. In-kind services are defined as work performed (i.e., dollar value of non-cash contributions) by the Grantee (and potentially other parties involved) directly related to the execution of the scope of work (examples: volunteer services, equipment use, and facilities). For Funding Match guidance, see Exhibit G.
5. GRANTEE'S RESPONSIBILITY. Grantee shall faithfully and expeditiously perform or cause to be performed all project work as described in Exhibit A (Work Plan) and in accordance with Exhibit B (Schedule) and Exhibit C (Budget). Grantee shall comply with all of the terms and conditions of this Grant Agreement and applicable PRC and CWC requirements.
6. BASIC CONDITIONS. State shall have no obligation to disburse money for a project under this Grant Agreement unless and until Grantee has satisfied the following conditions in accordance with the Disaster Preparedness and Flood Prevention Bond Act of 2006.
 - a) Grantee demonstrates the availability of sufficient funds to complete the project, as stated in the Grant Award/Commitment Letter, by submitting the most recent 3 years of audited financial statements.
 - b) For the term of this Grant Agreement, Grantee submits timely Quarterly Progress Reports as required by Paragraph 16, "Submission of Reports."
 - c) Grantee submits all deliverables as specified in Paragraph 16 of this Grant Agreement and in Exhibit A.
 - d) For each project, prior to the commencement of construction or implementation activities, Grantee shall submit the following to the State:
 - 1) Final plans and specifications certified by a California Registered Civil Engineer as to compliance for each approved project as listed in Exhibit A of this Grant Agreement.
 - 2) Work that is subject to the California Environmental Quality Act (CEQA) and or environmental permitting shall not proceed under this Grant Agreement until the following actions are performed:
 - i. Grantee submits all applicable environmental permits as indicated on the Environmental Information Form to the State,
 - ii. Documents that satisfy the CEQA process are received by the State,
 - iii. State has completed its CEQA compliance review as a Responsible Agency, and
 - iv. Grantee receives written concurrence from the State of Lead Agency's CEQA document(s) and State notice of verification of environmental permit submittal.

State's concurrence of Lead Agency's CEQA documents is fully discretionary and shall constitute a condition precedent to any work (i.e., construction or implementation activities) for which it is required. Once CEQA documentation has been completed, State will consider the environmental documents and decide whether to continue to fund the project or to require changes, alterations or other mitigation. Grantee must also demonstrate that it has complied with all applicable requirements of the National Environmental Policy Act by submitting copies of any environmental documents, including environmental impact statements, Finding of No Significant Impact, mitigation monitoring programs, and environmental permits as may be required prior to beginning construction/implementation.

3) A monitoring plan as required by Paragraph 21, "Project Monitoring Plan Requirements."

7. DISBURSEMENT OF GRANT FUNDS. Following the review of each invoice, State will disburse to Grantee the amount approved, subject to the availability of funds through normal State processes. Notwithstanding any other provision of this Grant Agreement, no disbursement shall be required at any time or in any manner which is in violation of, or in conflict with, federal or state laws, rules, or regulations, or which may require any rebates to the federal government, or any loss of tax-free status on state bonds, pursuant to any federal statute or regulation. Funds will be disbursed by State in response to each approved invoice in accordance with the Exhibit C. Any and all money disbursed to Grantee under this Grant Agreement and any and all interest earned by Grantee on such money shall be used solely to pay Eligible Costs.
8. ELIGIBLE PROJECT COST. Grantee shall apply State funds received only to eligible Project Costs in accordance with applicable provisions of the law and Exhibit C. Eligible project costs include the reasonable costs of studies, engineering, design, land and easement acquisition, legal fees, preparation of environmental documentation, environmental mitigations, monitoring, and project construction. Work performed after the date of grant award, December 21, 2011, shall be eligible for reimbursement. Reasonable administrative expenses may be included as Project Costs and will depend on the complexity of the project preparation, planning, coordination, construction, acquisitions and implementation. Reimbursable administrative expenses are the necessary costs incidentally but directly related to the project including the portion of overhead and administrative expenses that are directly related to the project included in this Grant Agreement in accordance with the standard accounting practices of the Grantee.

Advanced funds will not be provided. Costs that are not reimbursable with grant funds cannot be counted as cost share. Costs that are not eligible for reimbursement include but are not limited to:

- a) Costs, other than those noted above, incurred prior to the award date of the Grant.
 - b) Operation and maintenance costs, including post construction performance and monitoring costs.
 - c) Purchase of equipment not an integral part of a project.
 - d) Establishing a reserve fund.
 - e) Purchase of water supply.
 - f) Monitoring and assessment costs for efforts required after project construction is complete.
 - g) Replacement of existing funding sources for ongoing programs.
 - h) Travel and per diem costs.
 - i) Support of existing agency requirements and mandates (e.g. punitive regulatory agency requirements).
 - j) Purchase of land in excess of the minimum required acreage necessary to operate as an integral part of a project, as set forth and detailed by engineering and feasibility studies, or land purchased prior to the effective date of the grant award with the State.
 - k) Payment of principal or interest of existing indebtedness or any interest payments unless the debt is incurred after execution of this Grant Agreement, the State agrees in writing to the eligibility of the costs for reimbursement before the debt is incurred, and the purposes for which the debt is incurred are otherwise eligible costs. However, this will only be allowed as Grantee Cost Share (i.e. Funding Match)
 - l) Overhead not directly related to project costs.
9. METHOD OF PAYMENT. After the disbursement requirements in Paragraph 6 "Basic Conditions" are met, State will disburse the whole or portions of the Grant Amount to Grantee, following receipt from Grantee via US mail or Express mail delivery of a "wet signature" invoice or an electronic invoice certified and

transmitted via DocuSign for costs incurred, including Cost Share, and timely Quarterly Progress Reports as required by Paragraph 16, "Submission of Reports."

Invoices submitted by Grantee shall include the following information:

- a) Costs incurred for work performed in implementing the project during the period identified in the particular invoice.
- b) Costs incurred for any interests in real property (land or easements) that have been necessarily acquired for a project during the period identified in the particular invoice for the implementation of a project.
- c) Appropriate receipts and reports for all costs incurred.
- d) Invoices shall be submitted on forms provided by State and shall meet the following format requirements:
 - 1) Invoices must contain the date of the invoice, the time period covered by the invoice, and the total amount due.
 - 2) Invoices must be itemized based on the categories (i.e., tasks) specified in the Exhibit C. The amount claimed for salaries/wages/consultant fees must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = the total amount claimed).
 - 3) One set of sufficient evidence (i.e., receipts, copies of checks, time sheets) must be provided for all costs included in the invoice.
 - 4) Each invoice shall clearly delineate those costs claimed for reimbursement from the State's grant amount, as depicted in Paragraph 3, "Grant Amount" and those costs that represent Grantee's costs, as applicable, in Paragraph 4, "Grantee Cost Share."
 - 5) Original signature and date (in ink) of Grantee's Project Manager.

Payment will be made no more frequent than monthly, in arrears, upon receipt of an invoice bearing the Grant Agreement number.

10. WITHHOLDING OF GRANT DISBURSEMENT BY STATE. If State determines that a project is not being implemented in accordance with the provisions of this Grant Agreement, or that Grantee has failed in any other respect to comply with the provisions of this Grant Agreement, and if Grantee does not remedy any such failure to State's satisfaction, State may withhold from Grantee all or any portion of the Grant Amount and take any other action that it deems necessary to protect its interests. State may require the Grantee to immediately repay all or any portion of the disbursed grant amount with interest, consistent with its determination. State may consider Grantee's refusal to repay the requested disbursed grant amount a contract breach subject to the default provisions in Paragraph 12, "Default Provisions."
11. CONTINUING ELIGIBILITY. Grantee must meet the following ongoing requirements to remain eligible to receive State grant funds:
- a) Timely adoption of an IRWM Plan that meets the requirements contained in Part 2.2 of Division 6 of the CWC, commencing with Section 10530.
 - b) An urban water supplier that receives grant funds governed by this Grant Agreement shall maintain compliance with the Urban Water Management Planning Act (CWC§10610 *et. seq.*);

- a) Breach of this Grant Agreement, or any supplement or amendment to it, or any other agreement between Grantee and State evidencing or securing Grantee's obligations.
 - b) Making any false warranty, representation, or statement with respect to this Grant Agreement.
 - c) Failure to operate or maintain project in accordance with this Grant Agreement.
 - d) Failure to make any remittance required by this Grant Agreement.
 - e) Failure to comply with Labor Compliance Plan (LCP) requirements.
 - f) Failure to meet any of the requirements set forth in Paragraph 11, "Continuing Eligibility."

Should an event of default occur, State may do any or all of the following:

- g) Declare the Grant be immediately repaid, with interest, which shall be equal to State of California general obligation bond interest rate in effect at the time of the default.

- h) Terminate any obligation to make future payments to Grantee.
- i) Terminate the Grant Agreement.
- j) Take any other action that it deems necessary to protect its interests.

13. PERMITS, LICENSES, APPROVALS, AND LEGAL OBLIGATIONS: Grantee shall be responsible for ensuring any and all permits, licenses, and approvals required for performing their obligations under this Grant Agreement are obtained, and shall comply with CEQA (PRC Section 21000 et seq.) and other applicable federal, State and local laws, rules, and regulations, guidelines, and requirements for each project described in Exhibit A of this Grant Agreement.
14. RELATIONSHIP OF PARTIES. Grantee is solely responsible for design, construction, and operation and maintenance of project within this Grant Agreement. Review or approval of plans, specifications, bid documents, or other construction documents by State is solely for the purpose of proper administration of grant funds by State and shall not be deemed to relieve or restrict responsibilities of Grantee under this Grant Agreement.
15. GRANTEE REPRESENTATIONS. Grantee accepts and agrees to comply with all terms, provisions, conditions, and commitments of this Grant Agreement, including all incorporated documents, and to fulfill all written assurances, declarations, representations, and statements made by Grantee in the application, documents, amendments, and communications filed in support of its request for The Disaster Preparedness and Flood Prevention Bond Act of 2006 financing.
16. SUBMISSION OF REPORTS. The submittal and approval of all reports is a requirement for the successful completion of this Grant Agreement. Reports shall meet generally accepted professional standards for technical reporting and shall be proof read for content, numerical accuracy, spelling, and grammar prior to submittal to State. All reports shall be submitted to the State's Project Manager, and shall be submitted in both electronic and hard copy forms. If requested, Grantee shall promptly provide any additional information deemed necessary by State for the approval of reports. Reports shall be presented in the formats described in the applicable portion of Exhibit E. The timely submittal of reports is a requirement for initial and continued disbursement of State funds. Submittal and subsequent approval by the State, of a Project Completion Report is a requirement for the release of any funds retained for such project.
- Quarterly Progress Reports: Grantee shall submit Quarterly Progress Reports to meet the State's requirement for disbursement of funds. Quarterly Progress Reports shall be sent via e-mail, to the State's Project Manager. Quarterly Progress Reports shall, in part, provide a brief description of the work performed, Grantees activities, milestones achieved, any accomplishments and any problems encountered in the performance of the work under this Grant Agreement during the reporting period. The first Quarterly Progress Report should be submitted to the State no later than September 30, 2013 with future reports then due on successive three-month increments based on the invoicing schedule and this date.
 - Project Completion Reports: Grantee shall prepare and submit to State a separate Project Completion Report for each project included in Exhibit A. A DWR "Certification of Project Completion" form will be provided by the State.
 - Post-Performance Reports: Grantee shall submit Post-Performance Reports. Post-Performance Reports shall be submitted to State within ninety (90) calendar days after the first operational year of a project has elapsed. This record keeping and reporting process shall be repeated annually for a total of 10 years after the completed project begins operation.

17. PROJECT PERFORMANCE AND ASSURANCES. Grantee agrees to faithfully and expeditiously perform or cause to be performed all project work as described in the final plans and specifications for each project under this Grant Agreement and implement the project in accordance with applicable provisions of the law. In the event State finds it necessary to enforce this provision of this Grant Agreement in the manner provided by law, Grantee agrees to pay all costs incurred by State including, but not limited to, reasonable attorneys' fees, legal expenses, and costs.
18. LABOR COMPLIANCE. Grantee agrees to comply with all applicable California Labor Code requirements, including prevailing wage provisions.
19. OPERATION AND MAINTENANCE OF PROJECT. For the useful life of construction and implementation project and in consideration of the Grant made by State, Grantee agrees to ensure or cause to be performed the commencement and continued operation of the project, and shall ensure or cause the project to be operated in an efficient and economical manner; shall ensure all repairs, renewals, and replacements necessary to the efficient operation of the same are provided; and shall ensure or cause the same to be maintained in as good and efficient condition as upon its construction, ordinary and reasonable wear and depreciation excepted. The State shall not be liable for any cost of such maintenance, management, or operation. Grantee may be excused from operations and maintenance only upon the written approval of the State. For purposes of this Grant Agreement, "useful life" means period during which an asset, property, or activity is expected to be usable for the purpose it was acquired or implemented; "operation costs" include direct costs incurred for material and labor needed for operations, utilities, insurance, and similar expenses, and "maintenance costs" include ordinary repairs and replacements of a recurring nature necessary for capital assets and basic structures and the expenditure of funds necessary to replace or reconstruct capital assets or basic structures. Refusal of Grantee to ensure operation and maintenance of the project in accordance with this provision may, at the option of State, be considered a breach of this Grant Agreement and may be treated as default under Paragraph 12, "Default Provisions."
20. STATEWIDE MONITORING REQUIREMENTS. Grantee shall ensure that all projects that include groundwater monitoring requirements are consistent with the Groundwater Quality Monitoring Act of 2001 (Part 2.76 (commencing with Section 10780) of Division 6 of CWC) and, where applicable, that projects that affect water quality shall include a monitoring component that allows the integration of data into statewide monitoring efforts, including where applicable, the Surface Water Ambient Monitoring Program carried out by the State Water Resources Control Board.
21. PROJECT MONITORING PLAN REQUIREMENTS. Exhibit A of this Grant Agreement shall contain activities to develop and submit to State a Project Monitoring Plan. Along with the Attachment 6 Project Performance Measures Table requirements outlined on page 19 of the Proposition 1E Round 1 SWFM Proposal Solicitation Package, the Project Monitoring Plan should also include:
- Baseline conditions.
 - Brief discussion of monitoring systems to be utilized.
 - Methodology of monitoring.
 - Frequency of monitoring.
 - Location of monitoring points.

A Project Monitoring Plan shall be submitted to the State prior to disbursement of grant funds for construction or monitoring activities. See Exhibit F ("Requirements for Data Submittal") for web links and information regarding other State monitoring and data reporting requirements.

22. NOTIFICATION OF STATE. For each project, Grantee shall promptly notify State, in writing, of the following items:
- Grantee agrees that no substantial change in the scope of a project will be undertaken until written notice of the proposed change has been provided to State and State has given written approval for such change. Substantial changes generally include changes to the wording/scope of work, schedule or term, and budget. See Exhibit G for guidance on Agreement Amendment requirements.

- b) Any public or media event publicizing the accomplishments and/or results of this Grant Agreement and provide the opportunity for attendance and participation by State's representatives. Grantee shall make such notification at least fourteen (14) calendar days prior to the event.
- c) Completion of work shall include final inspection of project by a Registered Civil Engineer, as determined and required by State, and in accordance with Standard Condition D-15 (Final Inspections and Certification of Registered Civil Engineer). Furthermore, the Grantee shall provide the State the opportunity to participate in the inspection. Grantee shall make such notification at least fourteen (14) calendar days prior to the final inspection.

Notices may be transmitted by any of the following means: (i) by delivery in person; (ii) by certified U.S. mail, return receipt requested, postage prepaid; (iii) by "overnight" delivery service; provided that next-business-day delivery is requested by the sender; or (iv) by electronic means. Notices delivered in person will be deemed effective immediately on receipt (or refusal of delivery or receipt). Notices sent by certified mail will be deemed effective given ten (10) calendar days after the date deposited with the U. S. Postal Service. Notices sent by overnight delivery service will be deemed effective one business day after the date deposited with the delivery service. Notices sent electronically will be effective on the date of transmission. Notices shall be sent to the below addresses. Either party may, by written notice to the other, designate a different address that shall be substituted for the one below.

24. PERFORMANCE EVALUATION. Upon completion of this Grant Agreement, Grantee's performance will be evaluated by the State and a copy of the evaluation will be placed in the State file and a copy sent to the Grantee.

EXHIBIT A WORK PLAN

Project Description

In 2004, the Federal Energy Regulatory Commission (FERC) directed the City of Escondido to complete an evaluation of the potential for liquefaction-induced failure to occur at Lake Wohlford Dam. The geotechnical study conducted for the City of Escondido found that a liquefaction-induced mudflow slide of the upstream slope of the dam would likely occur as a result of the design earthquake loading. As a result, in 2007, FERC began requiring the City of Escondido to maintain Lake Wohlford at least 20 feet below the spillway crest level for dam safety purposes, which results in 57% reduction of its 6,500 AF capacity (2,800 AF).

Following FERC's determination, the City of Escondido began pursuing alternatives to retrofit Lake Wohlford Dam in order to restore the lake to its full design capacity. An Environmental Opinion prepared in 2008 determined that the least environmentally damaging way to address potential environmental impacts associated with mitigating the liquefaction potential from Lake Wohlford Dam would be to construct a new roller compacted concrete (RCC) dam downstream of the existing dam.

Therefore, the *Lake Wohlford Dam Replacement Project* will assist with construction and implementation of a RCC dam to replace the existing Lake Wohlford Dam structure. The dam proposed to replace the existing Lake Wohlford Dam would contain five major components: dam structure, spillway, outlet works, road realignment, and dam access. Specifically, the proposed project would involve construction of a new dam immediately downstream of the existing dam. The top portion of the existing dam would be removed and the material disposed. A new spillway would be cut through the north abutment of the new dam. A temporary access road may need to be constructed from Oakvale Road east to Guejito Road for use by local residents/businesses and fire trucks.

Tasks

The following sections outline the specific activities that will be performed to implement the *Lake Wohlford Dam Replacement Project*.

Row (a) Direct Project Administration

Task 1 – Project Administration

Project administration will involve coordination meetings with staff, project partners, and consultants as necessary. Deliverables that will be produced from these project administration efforts include updated budgets, schedules, and change orders.

Task 2 – Labor Compliance Program

Details of the LCP will be included within the *Lake Wohlford Dam Replacement Project's* quarterly reports.

The City of Escondido Utilities has established and adopted Labor Compliance Program (LCP) in accordance with CCR §16421-16439, which has been approved by the California Department of Industrial Relations (DIR); therefore, no budget is included here.

Task 3 – Reporting

Reporting will include three components as listed below and be performed by staff members from the City of Escondido under the Project Administration task (see Task 1). The Project Monitoring Plan and quarterly reports will be generated by the Utilities Construction Manager, approved by the Deputy Director of Utilities Construction and Engineering, and sent and filed by the Department Assistant. Quarterly invoices will be generated by Utilities Analyst and the Management Analyst II, and approved by the Construction Manager and Deputy Director. The Project Completion Report will be generated by the Utilities Construction Manager and Deputy Director, and sent and filed by the Department Assistant.

Row (b) Land Purchase Easement

A land purchase easement is not applicable to this project.

Task 4 – Assessment and Evaluation

All technical documents, data, and studies have been completed for the *Lake Wohlford Dam Replacement Project*. Two main studies used to evaluate the dam replacement alternatives are:

- The *Lake Wohlford Dam Replacement Geotechnical Data* report presents details of a subsurface exploration program that was performed as a part of an evaluation of alternatives to replace the existing Lake Wohlford Dam.
- The *Evaluation of Alternatives for Replacement of Lake Wohlford Dam* report w presents the results of an evaluation to identify a preferred dam type to replace the existing Lake Wohlford Dam. Reviews of the results by the selected consultant of the final design documents for the dam determined that an RCC dam was constructible.

Task 5 – Final Design

As discussed below, final design for this project will include 30%, 60%, 90%, and 100% designs.

30% design efforts will include preliminary siting of project components, including the replacement dam, spillway, outlet tunnel, and other factors of major consideration. The 30% design will also include location of suitable onsite or nearby excavated materials for use in construction of the replacement dam. The 30% design will utilize previously performed geological investigations and reports as well as all additional geological investigations, draft reports and recommendations.

60% design will be considered advanced design that will include preliminary details and sections of the proposed project. This design will define actions and activities associated with abutment and foundation tie-ins, spillway and piping, and all required demolition. The 60% design will include all final geological recommendations. The 60% design will include draft technical specifications, bid schedule and preliminary construction cost estimates. A 3-D finite element analysis will also be performed on the proposed dam layout to determine the stress on the dam during the maximum credible earthquake.

90% design will include a complete set of construction plans and technical specifications, bid schedule, and final construction cost estimates. This design will be available for review and quality assurance and quality control (QA/QC).

100% final design will include preparation of a final design package that is ready to advertise. The final design package will be signed and sealed by the design engineer of record.

Task 6 – Environmental Documentation

The project will need to comply with federal (National Environmental Policy Act – NEPA) and state (California Environmental Quality Act – CEQA) environmental laws, regulations, and guidelines because of the potential for significant adverse impacts to wetlands, waters of the United States, and waters of the State. The City will prepare a draft Environmental Impact Report (EIR) and release it for a 45-day public review. Public comments will be addressed and a final EIR will be prepared. The Army Corps of Engineers, as lead agency under NEPA, will rely on the EIR to prepare an Environmental Assessment for NEPA compliance as part of their permitting process.

Task 7 – Permitting

The City of Escondido would likely need multiple permits to complete the *Lake Wohlford Dam Replacement Project*, therefore the following is a list of all of the regulations and agencies that may require permits for completion of the project.

- Section 404 of the Federal Clean Water Act (CWA) and Section 10 of the Rivers and Harbor Act from the United States Army Corps of Engineers (USACE);
- Section 106 of the National Historic Preservation Act from the State Historic Preservation Office;
- Sections 7 and 10 of the Federal Endangered Species Act from the U.S. Fish and Wildlife Service and the National Oceanic and Atmospheric Administration's National Marine Fisheries Service;
- Section 1602 of the California Fish and Game Code and the Endangered Species Act (ESA) from the California Department of Fish and Wildlife (CDFW); and
- Sections 401 and 402 of the CWA from the Regional Water Quality Control Board (RWQCB).

The aforementioned list provides the potential regulatory requirements of the *Lake Wohlford Dam Replacement Project*, however the full scope of required permitting will be determined upon completion of design and preliminary environmental analyses.

Row (d) Construction / Implementation

Task 8 – Construction / Implementation Contracting

Tasks associated with construction contracting include advertising the project for public bids, evaluating contractor bids, and preparing all documents required to award the project to a contractor. It is anticipated that this work will be completed by City of Escondido staff.

Task 9 – Construction / Implementation

Materials and/or Design Standards

The Evaluation of Alternatives for Replacement of Lake Wohlford Dam Study found that the most viable alternatives were for a replacement dam downstream of the existing dam. The replacement dam will be constructed to meet all current codes and regulations including those of DWR's Division of Safety of Dams (DSOD).

The alternatives evaluation specifically evaluated the potential for a roller compacted concrete dam (RCC dam) or a rock fill dam to replace the existing Lake Wohlford Dam. A geological investigation, which included geological mapping, subsurface explorations, downhole geophysical surveys, in-situ hydraulic conductivity testing, piezometer data, seismic refraction surveys, laboratory testing, and test pits, was performed to support the alternatives analysis (see *Lake Wohlford Dam Replacement Geotechnical Data Report*). Subsequent reviews of the geological data by the consultant doing the dam final design indicates that an RCC dam may be feasible and DSOD views RCC dams the preferred dam type over earth fill providing a better quality long term facility. Based on this information, RCC was selected as the dam type.

An RCC mix design program was also developed for the project. Different mix design components of aggregates, water, cement, admixtures, sand and fly ash were tested to determine the best mix design for the project. This program and final mix design were reviewed and approved by DSOD. The information obtained from the mix design program was used to develop the final RCC design specification that will be used to bid the dam construction.

Construction Tasks

Task 9.1 Road Realignment

A portion of Oakvale Road will need to be relocated as its current alignment interferes with the proposed left dam abutment. The road realignment will require significant grading to push the canyon slope away from the dam abutment. The realigned portion of Oakvale Road shall match the road width to the existing roadway with a minimum drivable pavement width of 24 feet plus shoulders in accordance with the San Diego County Public Road Standards and will include any necessary drainage system. In addition, the County of San Diego has requested that a 10-foot no-motorized lane be provided along the north edge of the roadway. The estimated realignment length is approximately 1,000 feet.

Task 9.2 Mobilization and Site Preparation

The initial phase of construction will include mobilization, staging area setup, clearing, grubbing, grading and foundation excavation. The new dam will be constructed just downstream of the existing dam as such a large area of trees and other vegetation may be cleared for both the ultimate new dam site as well as the required staging area. Where possible, high value vegetation will be protected in place within staging areas. Preparation of the dam foundation is critical to the quality of the facility. Excavation of the foundation will result in significant volumes of removed material in order to reach acceptable foundation level which must be approved by the design geologist and DSOD. It is estimated that the foundation excavation may require depths of up to 40 to 60 feet to reach competent material with a width of approximately 200 feet. Foundation grouting may be required to fill imperfections in the basement rock including cracks to reduce the potential for seepage below the foundation.

Task 9.3 Dam Access

An all-weather drivable access for maintenance vehicles will be constructed from Oakvale Road to reach the toe of the dam, minimum of 12 feet wide and approximately 550 feet in length. Another access drive shall be constructed from Oakvale Road to reach the crest of the dam, minimum of approximately 40 feet wide and approximately 280 feet in length. These approach drives will be constructed of either asphaltic or concrete pavement. A bridging structure will also be included on the dam crest to enable access across the spillway located generally near the center of the dam. These access drives will accommodate the daily inspections performed of the operating dam including seepage monitoring and periodic movement surveys.

A construction access roadway will also be built along the north shoreline from the existing lake marina to the crest of the proposed new dam along the right abutment. This roadway will be approximately 20 feet wide and approximately 2,785 feet in length. It may be constructed of aggregate base material. Storm drains will be provided a ravine crossing so not to impact the existing drainage ways. Once dam construction is completed, this roadway will be blocked to general public. This roadway will be available to the City as needed.

Task 9.4a Foundation Excavation

The foundation excavation is based on the excavation requirements and procedures necessary to achieve a satisfactory foundation for the proposed new roller-compacted concrete (RCC) dam, stilling basin, intake tower, and appurtenances. The foundation grade shown on the drawings was established such that all soil, decomposed rock, and rock that is generally excavatable using large earthwork equipment would be removed. In order to construct a generally level foundation (from upstream to downstream), controlled blasting is also likely required. The foundation will be considered adequate when its too hard to excavate with large excavation equipment as identified by a licensed engineering geologist.

Prior to foundation preparation, a dewatering system will be installed to monitor and remove groundwater during construction. In addition, additional ground and dam monitoring instrumentation will be installed for construction. An erosion control system will be installed prior to any grading disturbance activities.

Task 9.4b Foundation Prep and Grouting Program – Abutments

The foundation surface will be irregular with exposed joints, seams, fractures, and other discontinuities. The entire foundation surface will be cleaned by barring and prying loose all drummy rock, using an air/water jet to remove as much loose material as possible; and removing by hand (and/or vacuum truck) loose material missed by previous steps. In addition, portions of the surface will require treatment to 1) protect the exposed bedrock from deterioration, 2) backfill jo

and 3) eliminate drastic slope changes. Applicable treat measures include over-excavation, dental excavation, dental concrete, stitch grouting, and slush grout. The treatment measurements will provide a smooth final surface for foundation approval.

Once foundation preparation and approval are complete, the Contractor will begin the Abutment grouting program. The grouting program includes two grouting tasks 1) Grout Curtains and 2) Consolidation Grouting. A double row grout curtain will be installed using the split-spacing method. Both curtains will be installed from the final excavated rock foundation surface along the right and left abutments axis, to depths where the rock permeability is estimated to be 1×10^{-5} cm/sec (~1 Lu) or less. Maximum hole spacing along both curtain rows will be 10 feet. Consolidation grouting will be performed across the entire right and left abutments footprints downstream of the grout curtain using the split-spacing method. Spacing between rows will be 10 feet and maximum spacing between holes along each row will be 10 feet. Hole depths will generally be 20 feet. Stitching grouting of geologic features will be performed as required by the Owner's Representative. Through-grouting stitch features will be treated for their entire length across the dam abutments.

Task 9.4c Foundation Prep and Grouting Program – Valley Floor

The foundation surface will be irregular with exposed joints, seams, fractures, and other discontinuities. The entire foundation surface will be cleaned by barring and prying loose all drummy rock, using an air/water jet to remove as much loose material as possible; and removing by hand (and/or vacuum truck) loose material missed by previous steps. In addition, portions of the surface will require treatment to 1) protect the exposed bedrock from deterioration, 2) backfill joints, and 3) eliminate drastic slope changes. Applicable treat measures include over-excavation, dental excavation, dental concrete, stitch grouting, and slush grout. The treatment measurements will provide a smooth final surface for foundation approval.

Once foundation preparation and approval are complete, the Contractor will begin the Valley Floor grouting program. The grouting program includes two grouting tasks 1) Grout Curtains and 2) Consolidation Grouting. A double row grout curtain will be installed using the split-spacing method. Both curtains will be installed from the final excavated rock foundation surface along the valley floor axis, to depths where the rock permeability is estimated to be 1×10^{-5} cm/sec (~1 Lu) or less. Maximum hole spacing along both curtain rows will be 10 feet. Consolidation grouting will be performed across the entire valley floor footprints downstream of the grout curtain using the split-spacing method. Spacing between rows will be 10 feet and maximum spacing between holes along each row will be 10 feet. Hole depths will generally be 20 feet. Stitching grouting of geologic features will be performed as required by the Owner's Representative. Through-grouting stitch features will be treated for their entire length across the dam abutments.

Implementation Deliverable
Statement of completion for Tasks 9.4a thru 9.4c by a registered engineer

The following Tasks 9.5, 9.6, 9.7, and 9.8 are outside of the scope of the agreement due to current availability of grant funds, however they are needed to complete the construction of the Dam.

Task 9.5 RCC Trial Placement and Dam Construction (Outside of Agreement Scope)

RCC Trial Placement

Prior to start of the RCC dam construction, the contractor will be required to construct a RCC trial placement dam section. This trial placement will be used to confirm the contractor's ability to perform the following: 1) proper foundation surface preparation, and 2) using proposed equipment and methods to place the RCC in accordance with the contract documents. The RCC trial placement will be approximately 125 feet long by 75 feet wide by 7 feet tall.

Dam

Construction of the RCC dam requires near continuous placement of a lean concrete mixture. The concrete will be prepared at an onsite or near site batch plant which will truck or conveyor the material to the dam for placement where it is roller compacted. The RCC dam will have a vertical or near vertical upstream face with a 0.8H:1V downstream face. The crest of the dam will be approximately 660 feet in length at an elevation of 1,490'± and a spillway elevation of 1,480'. The new dam will also include a dam adit and gallery. The gallery will be approximately 8 feet wide by 9 feet high and 323 feet long. The gallery will allow for visual inspection of the dam and foundation drains from inside the dam. The new dam shall be constructed to a height which will provide for a maximum water surface elevation equal to the existing dam. Dam maintenance and security facilities will be constructed and installed including access drive, monitoring equipment for movement and seepage, fencing and surveillance equipment. Foundation piezometers, inclinometers, and an accelerometer will be installed in the dam and along the foundation.

Task 9.6 Spillway (Outside of Agreement Scope)

The spillway of an RCC dam is constructed integral to the dam as it rises. The spillway crest will have an elevation of 1,480'±. The spillway will be designed to pass a flow of approximately 8,265 cfs, with an estimated width of approximately 90 feet and depth of approximately 8 feet. The spillway will terminate in a stilling pond at the base of the dam to dissipate the waters energy before reaching the existing natural stream bed.

Task 9.7 Outlet Works (Outside of Agreement Scope)

New

The new outlet tower will be constructed on the upstream face of the new dam. This type of outlet tower is a concrete shaft structurally integrated into the dam. The tower shall have four (4) automated gates at various elevations that can be operated from the Water treatment Plant depending on need or water quality. The multiple gates provide the ability to draw water from different levels within the contained lake; the gate shall also include fish screens to prevent fish from entering the tower and pipe system. During times of drought or other low water events the upper port(s) may become exposed as the water surface drops. The outlet piping will be placed through the foundation as the concrete reaches the appropriate elevation. The concrete placement continues until the design elevation is achieved. Following the construction of the dam itself the new outlet piping will be connected to the existing 48-inch downstream piping and the new emergency release valve facility.

Existing

Activation of the new outlet works will require removal of the top portion of the existing dam as well as notching through the existing dam to an approximate elevation of 1,420' in order to flood the area between the old and new dams. The notch must be stabilized so there is no future movement of the old structures. The existing outlet tower and piping will be abandoned in place (filled with concrete) or removed in a manner that will provide optimal facility security and public safety. The existing outlet tunnel through the existing dam will be filled with concrete for safety reasons.

Task 9.8 Test Dam Facilities and Regulatory Approval (Outside of Agreement Scope)

The new dam facilities will undergo startup and testing including the tower, penstock, outlet gates, and emergency release valve. Once testing is complete, the reservoir can be filled and regulatory acceptance granted.

Row (e) Construction Administration

Task 10 – Construction Administration for Tasks 9.1 through 9.4c

This task involves administration, coordination, and review of the construction contract and all other related construction tasks. This task will require labor from City of Escondido staff members and consultant construction managers and inspectors to oversee construction, testing, mitigation, and other aspects of the project.

This task will require labor from City of Escondido staff members and consultant construction managers and inspectors to oversee construction and other aspects of the project.

Row (f) Other Costs

Other costs associated with the *Lake Wohlford Dam Replacement Project* include establishment of a Board of Consultants, as required by FERC. The Board of Consultants shall oversee the analysis, design, construction, and any potential problems that might arise during the design and construction of the Lake Wohlford Dam replacement structures. The Board of Consultants shall be comprised of at least three members with expertise in the following areas: geotechnical engineering, engineering geologist, and hydraulic structures.

The City of Escondido will solicit and bring under contract the Board of Consultants, invite review and comment on all design submittals, and monitor construction procedures and progress. Formal meetings of the Board of Consultants will be convened at important milestones.

Amendment Requirements:

Amendments to the Work Plan, Budget, and/or Schedule of this Grant Agreement are triggered when the proposed changes are deemed by the State to be substantial. Substantial changes generally include changes to the wording/scope of work, schedule or term, and budget. For example, a formal budget change to an Agreement is required when the culmination of proposed Grant amount budget change(s) for a Task is greater than 10% of the original Grant amount budget for that particular Task or the Task to be exchanged.

Funding Match Contribution

Funding Match (often referred to as Grantee Cost Share) is the amount defined in Paragraph 4 of this Grant Agreement. Provided below is guidance for claiming funding match with and without in-kind services.

1. Adequate documentation supporting value of in-kind service (or volunteer service) as funding match claimed shall be maintained. Although tracked separately, in-kind services shall be documented and, to the extent feasible, supported by the same methods used by the Grantee for its own employees. Provide formal (on official letterhead) and substantial documentation of in-kind service by including the following:
 - o Describe contributed item(s) or service(s)
 - o Purpose for which contribution was made (tie to scope of work)
 - o Name of contributing organization and date of contribution
 - o Real or approximate value of contribution. Who valued the contribution and how was the value determined? (e.g., actual, appraisal, fair market value, etc.). Justification of rate. (see item #4, below)
 - o Person's name and function of the contributing person
 - o Hours of contribution
 - o If multiple sources exist, summarize these on a table with summed charges
 - o Was contribution provided by, obtained with, or supported by government funds? If so, indicate source.
2. Funding match contribution (including in kind services) shall be for costs and services directly attributed to activities included in this Grant Agreement's Work Plan. These services, furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as in-kind if the activities are an integral and necessary part of this Grant Agreement. Evaluate eligibility with State in advance of submittal.
3. Do not track cash contributions made to a project as an expenditure as you would for an in-kind service. When providing funding match, track cash contributions to the project (i.e. revenues) and expenditures (typically in-kind contribution) separately in an accounting system.
4. Rates for volunteer or in-kind services shall be consistent with those paid for similar work in the Grantee's organization. For example, volunteer service of clearing vegetation performed by an attorney shall be valued at a fair market value for this service, not the rate for professional legal services. In those instances in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(i) Interest shall accrue on the WIFIA Loan commencing on the date of the first disbursement of the WIFIA Loan and shall be payable commencing on the Debt Service Payment Commencement Date.

(ii) During the Interest Only Period, the WIFIA Debt Service payable by the Borrower shall consist of one hundred percent (100%) of the amount of interest then due and payable on the Outstanding WIFIA Loan Balance, and no payment of principal will be due and payable.

(c) Fixed Level Payments. During the Level Payment Period, each amount consisting of (i) the interest payment due on January 1 of any year *plus* (ii) the sum of the principal and interest payments due on July 1 of such year will be approximately equal (each such amount, a "**Fixed Level Payment**"). The amount of the Fixed Level Payment shall be calculated in such manner that the Outstanding WIFIA Loan Balance as of the Level Payment Commencement Date shall be reduced to \$0 on the Final Maturity Date (assuming that interest accrues during such period on the Outstanding WIFIA Loan Balance at the rate per annum set forth in Section 6 (*Interest Rate*) in the absence of an Event of Default, that all Fixed Level Payments are made in a timely manner during such period, and that no additional payments of principal or interest on the WIFIA Loan are made during such period). Within thirty (30) days prior to the beginning of the Level Payment Period, the WIFIA Lender shall give written notice to the Borrower and the City of the amount of the related Fixed Level Payment, which amount shall be deemed conclusive absent manifest error, but no failure to provide or delay in providing the Borrower and the City with such notice shall affect any payment obligation or other obligation of the Borrower hereunder or under any other WIFIA Loan Document to which the Borrower is a party, or any payment obligation of the City under the WIFIA IPA or other obligation of the City hereunder or under any other WIFIA Loan Document to which the City is a party. To the extent that any prepayment of the WIFIA Loan is made during the Level Payment Period in addition to the Fixed Level Payments, such prepayment shall be applied to the remaining Outstanding WIFIA Loan Balance and the resulting Fixed Level Payments shall be recalculated as provided in Section 9(d) (*Prepayment – General Prepayment Instructions*) and reflected in a revised **Exhibit F** (*WIFIA Debt Service*).

(d) WIFIA Note. As evidence of the Borrower's obligation to repay the WIFIA Loan, the Borrower shall issue and deliver to the WIFIA Lender, on or prior to the Effective Date, the WIFIA Note substantially in the form of **Exhibit A** (*Form of WIFIA Note*), having a maximum principal amount of \$65,147,348, bearing interest at the WIFIA Interest Rate and having principal and interest payable on the same dates set forth herein. Any payment in respect of the WIFIA Note shall be treated as a payment in respect of the WIFIA Loan and any prepayment of principal in respect of the WIFIA Loan shall be treated as a redemption in respect of the WIFIA Note.

(e) Manner of Payment. The Borrower hereby assigns all its right and interest in and to the WIFIA Installment Payments to the WIFIA Lender and directs the City to transfer, on the Borrower's behalf, all amounts on deposit in the WIFIA Debt Service Account to the WIFIA Lender by wire transfer on or before each Payment Date in Dollars and in immediately available funds (without counterclaim, offset or deduction) in accordance with the payment instructions provided by the WIFIA Lender prior to the relevant payment, as may be modified in writing from time to time by the WIFIA Lender; provided that neither the assignment of such rights by the Borrower nor such direction by the Borrower to the City with respect to payments hereunder shall affect in any manner any payment obligation or other obligation of the Borrower hereunder or under any other WIFIA Loan Document to which the Borrower is a party, or any payment obligation of the City under the WIFIA IPA or other obligation of the City hereunder or under any WIFIA Loan Document to which the City is a party.

(f) Adjustments to Loan Amortization Schedule.

(i) The Outstanding WIFIA Loan Balance will be (A) increased on each occasion on which the WIFIA Lender disburses loan proceeds hereunder, as applicable, by the amount of such disbursement of loan proceeds; and (B) decreased upon each payment or prepayment of the Outstanding WIFIA Loan Balance, by the amount of principal so paid. The WIFIA Lender may in its discretion at any time and from time to time, or when so requested by the Borrower or the City, advise the Borrower or the City by written notice of the amount of the Outstanding WIFIA Loan Balance as of the date of such notice, and its determination of such amount in any such notice shall be deemed conclusive absent manifest error.

(ii) The WIFIA Lender is hereby authorized to modify the Loan Amortization Schedule included in **Exhibit F** (*WIFIA Debt Service*) from time to time, in accordance with the principles set forth below in this Section 8(f), to reflect (A) any change to the Outstanding WIFIA Loan Balance, (B) any change to the date and amount of any principal or interest due and payable or to become due and payable by the Borrower under this Agreement, (C) any mathematical corrections as the WIFIA Lender may determine are necessary and (D) with the consent of the Borrower (not to be unreasonably withheld), such other information as the WIFIA Lender may determine is necessary for administering the WIFIA Loan and this Agreement. Any calculations described above shall be rounded up to the nearest whole cent. Any adjustments or revisions to the Loan Amortization Schedule as a result of changes in the Outstanding WIFIA Loan Balance shall be applied to reduce future payments due with respect to the WIFIA Loan in inverse order of maturity, other than prepayments which shall be applied in accordance with Section 9(d) (*Prepayment – General Prepayment Instructions*). Absent manifest error, the WIFIA

Lender's determination of such matters as set forth on **Exhibit F (WIFIA Debt Service)** shall be conclusive evidence thereof; provided that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner any payment obligation or other obligation of the Borrower hereunder or under any other WIFIA Loan Document to which the Borrower is a party, or any payment obligation of the City under the WIFIA IPA or other obligation of the City hereunder or under any WIFIA Loan Document to which the City is a party. The WIFIA Lender shall provide the Borrower and the City with a copy of **Exhibit F (WIFIA Debt Service)** as revised, but no failure to provide or delay in providing the Borrower or the City with such copy shall affect any of the obligations of the Borrower or the City under this Agreement or the other WIFIA Loan Documents.

(g) WIFIA Loan Not City Indebtedness. The WIFIA Loan and the WIFIA Note are limited obligations of the Borrower, payable solely from the Authority Revenues, and do not constitute a debt of the members of the Borrower, the State or any of its political subdivisions (including the City), except the Borrower. Notwithstanding anything to the contrary set forth in this Agreement, the City is not a borrower with respect to the WIFIA Loan, the WIFIA Note, or this Agreement and the City has no obligation to make any payment or provision for payment of the WIFIA Loan or the WIFIA Note. This Agreement does not constitute a contract between the City and the WIFIA Lender by which the City has incurred an indebtedness.

Section 9. Prepayment.

(a) Mandatory Prepayment from Net Proceeds or Eminent Domain Proceeds. The Borrower, or the City as agent of the Borrower, shall prepay the WIFIA Loan from and in the amount of any prepayments of the WIFIA Installment Payments received from the City pursuant to the WIFIA IPA and Section 17(f)(iii) (*Affirmative Covenants of the City – Insurance; Net Proceeds*) or Section 17(t) (*Affirmative Covenants of the City – Eminent Domain Proceeds*). The amount of any such prepayment shall be equal to the portion of the Outstanding WIFIA Loan Balance required to be prepaid hereunder plus accrued interest thereon to the date of prepayment. All such prepayments shall be paid to the WIFIA Lender by the City as agent of the Borrower substantially concurrently with the receipt of such amount by the Borrower and applied against the Outstanding WIFIA Loan Balance in accordance with Section 9(d) (*Prepayment – General Prepayment Instructions*).

(b) Optional Prepayments. Following the Final Disbursement Date, the Borrower (or the City as agent of the Borrower) may prepay the WIFIA Loan in whole or in part (and, if in part, the amounts thereof to be prepaid shall be determined by the Borrower; provided that such prepayments shall be in principal amounts of \$1,000,000 or any integral multiple of \$1.00 in excess thereof), from time to time, but not more than annually, without penalty or premium, by paying to the WIFIA Lender such principal amount of the WIFIA Loan to be prepaid, together with the unpaid interest accrued on the amount of principal so prepaid to the date of such prepayment, which shall be a Payment Date unless otherwise agreed by the WIFIA Lender. Each prepayment of the WIFIA Loan pursuant to this Section 9(b) shall be made on such Payment Date and in such principal amount as shall be specified by the Borrower in a written notice delivered to the WIFIA Lender not less than ten (10) days or more than thirty (30) days prior to the date set for prepayment, unless otherwise agreed by the WIFIA Lender. At any time between delivery of such

written notice and the applicable optional prepayment, the Borrower may, without penalty or premium, rescind its announced optional prepayment by further written notice to the WIFIA Lender. Anything in this Section 9(b) to the contrary notwithstanding, the failure by the Borrower to make any optional prepayment shall not constitute a breach or default under this Agreement.

(c) Borrower's Certificate. Each prepayment pursuant to this Section 9 shall be accompanied by a certificate signed by the Borrower's Authorized Representative identifying the provision of this Agreement pursuant to which such prepayment is being made and containing a calculation in reasonable detail of the amount of such prepayment.

(d) General Prepayment Instructions. Upon the WIFIA Lender's receipt of confirmation that payment in full in immediately available funds of the entire Outstanding WIFIA Loan Balance and any unpaid interest, fees and expenses with respect thereto has occurred as a result of a mandatory or optional prepayment, the WIFIA Lender shall surrender the WIFIA Note to the Borrower or its representative at the principal office of the WIFIA Lender. If the Borrower prepays only part of the unpaid balance of principal of the WIFIA Loan, the WIFIA Lender may make a notation on **Exhibit F** (*WIFIA Debt Service*) indicating the amount of principal of and interest on the WIFIA Loan then being prepaid. Absent manifest error, the WIFIA Lender's determination of such matters as set forth on **Exhibit F** (*WIFIA Debt Service*) shall be conclusive evidence thereof; provided that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner any payment obligation or other obligation of the Borrower hereunder or under any other WIFIA Loan Document to which the Borrower is a party, or any payment obligation of the City under the WIFIA IPA or any other obligation of the City hereunder or under any WIFIA Loan Document to which the City is a party. All partial prepayments of principal shall be applied to reduce future payments due on the WIFIA Loan ratably by an equal amount. If such funds have not been so paid on the prepayment date, such principal amount of the WIFIA Loan shall continue to bear interest until payment thereof at the rate provided for in Section 6 (*Interest Rate*).

Section 10. Fees and Expenses.

(a) Fees. The City shall pay, on behalf of the Borrower, to the WIFIA Lender:

(i) a servicing set-up fee equal to \$10,790 (the "**Servicing Set-Up Fee**"), which shall be due and payable within thirty (30) days after receipt of an invoice from the WIFIA Lender with respect thereto (or, if earlier, the first disbursement date of the WIFIA Loan);

(ii) an annual construction period servicing fee equal to \$10,790 (the "**Construction Period Servicing Fee**"), which shall accrue on the first Business Day of the then-current Federal Fiscal Year and shall be due and payable on or prior to each November 15 during the Construction Period (including the Federal Fiscal Year during which the Substantial Completion Date occurs); provided that the initial Construction Period Servicing Fee shall be due and payable within thirty (30) days after receipt of an

invoice from the WIFIA Lender with respect thereto (or, if earlier, the first disbursement date of the WIFIA Loan), in a pro-rated amount equal to \$[●]⁴; and

(iii) an annual operating period servicing fee equal to \$8,100 (the **“Operating Period Servicing Fee”**), which shall accrue on the first Business Day of the then-current Federal Fiscal Year and shall be due and payable on or prior to each November 15, beginning with the first November 15 following the end of the Federal Fiscal Year during which the Substantial Completion Date occurs, until (and including) the Final Maturity Date; provided that the Operating Period Servicing Fee due and payable with respect to the Federal Fiscal Year during which the Final Maturity Date occurs shall be equal to the pro-rata monthly portion of the then applicable Operating Period Servicing Fee multiplied by the number of partial or whole months remaining between October 1 and the Final Maturity Date.

(b) The amount of each Construction Period Servicing Fee (other than the initial Construction Period Servicing Fee) and each Operating Period Servicing Fee shall be adjusted in proportion to the percentage change in CPI for the calendar year immediately preceding the calendar year during which such fee is due. The WIFIA Lender shall notify the City of the amount of each such fee at least thirty (30) days before payment is due, which determination shall be conclusive absent manifest error.

(c) Expenses. The City agrees, whether or not the transactions hereby contemplated shall be consummated, to reimburse the WIFIA Lender on demand from time to time, within thirty (30) days after receipt of any invoice from the WIFIA Lender, for any and all fees, costs, charges, and expenses incurred by it (including the fees, costs, and expenses of its legal counsel, financial advisors, auditors and other consultants and advisors) in connection with the negotiation, preparation, execution, delivery, and performance of this Agreement and the other WIFIA Loan Documents and the transactions hereby and thereby contemplated, including attorneys’ and engineers’ fees and professional costs, including all such fees, costs, and expenses incurred as a result of or in connection with: (i) the enforcement of or attempt to enforce, or the protection or preservation of any right or claim under, the Authority Revenues, the Revenues, the WIFIA Debt Service Account, or any provision of this Agreement or any other WIFIA Loan Document or the rights of the WIFIA Lender thereunder; (ii) any amendment, modification, waiver, or consent with respect to this Agreement or any other Related Document; and (iii) any work-out, restructuring, or similar arrangement of the obligations of the Borrower or the City under this Agreement or the other WIFIA Loan Documents, including during the pendency of any Event of Default; provided that nothing in this Section 10(c) shall obligate the City to pay principal or interest on the WIFIA Loan or WIFIA Note.

(d) The obligations of the City under this Section 10 shall survive the payment or prepayment in full in accordance with Section 8 or Section 9, respectively, of the WIFIA Note, the enforcement of any provision of this Agreement or the other WIFIA Loan Documents, any such amendments, waivers or consents, any Event of Default, and any such workout, restructuring, or similar arrangement.

⁴ **NTD:** Subject to month of closing (May: \$3,590; June: \$2,690; July: \$1,790; August: \$890).

ARTICLE IV REPRESENTATIONS AND WARRANTIES

Section 12. Representations and Warranties of the Borrower. The Borrower hereby represents and warrants that, as of the Effective Date and, as to each of the representations and

warranties other than those (x) contained in Section 12(b) (*Representations and Warranties of the Borrower – Officers’ Authorization*), Section 12(k) (*Representations and Warranties of the Borrower – Credit Ratings*) and the first sentence of Section 12(f) (*Representations and Warranties of the Borrower – Litigation*), or (y) which expressly relate only to the City, as of each date on which any disbursement of the WIFIA Loan is requested or made:

(a) Organization; Power and Authority. The Borrower is a joint exercise of powers agency duly organized and validly existing under its Organizational Documents and the laws of the State, has full legal right, power and authority to do business in the State and to enter into the Related Documents then in existence to which it is a party, to execute and deliver this Agreement and the WIFIA Note, and to carry out and consummate all transactions contemplated hereby and thereby, and has duly authorized the execution, delivery and performance of this Agreement, the WIFIA Note, and the other Related Documents to which it is a party.

(b) Officers’ Authorization. As of the Effective Date, the officers of the Borrower executing (or that previously executed) the Related Documents (and any certifications or instruments related thereto) to which the Borrower is a party are (or were at the time of such execution) duly and properly in office and fully authorized to execute the same.

(c) Due Execution; Enforceability. Each of the Related Documents in effect as of any date on which this representation and warranty is made, and to which the Borrower is a party has been duly authorized, executed and delivered by the Borrower and constitutes the legal, valid and binding agreement of the Borrower enforceable against it in accordance with its terms, except as such enforceability (i) may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or similar laws affecting the rights of creditors generally and (ii) is subject to general principles of equity, the exercise of judicial discretion and the limitation on legal remedies against governmental entities imposed by the laws of the State (regardless of whether enforceability is considered in equity or at law).

(d) Non-Contravention. The execution and delivery of the Related Documents to which the Borrower is a party, the consummation of the transactions contemplated by the Related Documents to which the Borrower is a party, and the fulfillment of or compliance with the terms and conditions of the Related Documents to which the Borrower is a party, will not (i) conflict with the Borrower’s Organizational Documents, (ii) conflict in any material respect with, or constitute a violation, breach or default (whether immediately or after notice or the passage of time or both) by the Borrower of or under, any applicable law, administrative rule or regulation, any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Borrower is a party or by which it or its properties or assets are otherwise subject or bound, or (iii) result in the creation or imposition of any Lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Borrower, other than Permitted Liens.

(e) Consents and Approvals. No consent or approval of any trustee, holder of any indebtedness of the Borrower, or of any other Person, and no consent, permission, authorization, order or license of, or filing or registration with, any Governmental Authority is necessary in connection with (i) the execution and delivery by the Borrower of the Related Documents to which it is a party, except as have been obtained or made and as are in full force and

effect, or (ii) (A) the consummation of any transaction contemplated by any of the Related Documents to which the Borrower is a party, or (B) the fulfillment of or compliance by the Borrower with the terms and conditions of any of the Related Documents to which the Borrower is a party, except as have been obtained or made and as are in full force and effect or as are ministerial in nature and can reasonably be expected to be obtained or made in the ordinary course on commercially reasonable terms and conditions when needed.

(f) Litigation. There is no action, suit, proceeding or, to the knowledge of the Borrower, any inquiry or investigation, in any case before or by any court or other Governmental Authority pending or, to the knowledge of the Borrower, threatened against or affecting the System (including the Project) or the ability of the Borrower to execute, deliver and perform its obligations under the Related Documents to which the Borrower is a party. As of the Effective Date and as of each other date on which the representations and warranties herein are made or confirmed, there is no action, suit, proceeding or, to the knowledge of the Borrower, any inquiry or investigation before or by any court or other Governmental Authority pending, or to the knowledge of the Borrower, threatened against or affecting the System (including the Project), the Borrower or the assets, properties or operations of the Borrower, that in any case could reasonably be expected to result in a Borrower Material Adverse Effect.

(g) Security Interests. (i) This Agreement and Section 5451 of the California Government Code establish, and (ii) the Borrower has taken all necessary action to pledge and assign, in each case in favor of the WIFIA Lender, the Borrower Assigned Rights purported to be created, pledged and assigned pursuant to and in accordance with this Agreement. Such pledge and assignment shall constitute a lien on and security interest in the Borrower Assigned Rights and are valid and binding irrespective of whether any Person has notice of such pledge and assignment and without the need for any physical delivery, recordation, filing, or further act.⁵ Such pledge and assignment are in full force and effect and are the only lien and security interest in respect of the Borrower Assigned Rights. The Borrower is not in breach of any covenant set forth in Section 15(a) (*Affirmative Covenants of the Borrower – Securing Liens*) or in any other WIFIA Loan Document to which the Borrower is a party with respect to the matters described in Section 15(a) (*Affirmative Covenants of the Borrower – Securing Liens*). As of the Effective Date and as of each other date this representation and warranty is made, (1) all documents and instruments have been recorded or filed for record in such manner and in such places as are required and all other action as is necessary or desirable has been taken to establish a legal, valid, binding, and enforceable lien and security interest in the Borrower Assigned Rights for the benefit of the WIFIA Lender, and (2) all taxes and filing fees that are due and payable in connection with the execution, delivery or recordation of any WIFIA Loan Document or any instruments, certificates or financing statements in connection with the foregoing, have been paid. Neither the attachment, validity, enforceability or priority of the lien and security interest in the Borrower Assigned Rights is governed by Article 9 of the UCC.

(h) No Debarment. The Borrower has fully complied with its verification obligations under 2 C.F.R. § 180.320 and confirms, based on such verification, that, to its knowledge, neither the Borrower nor any of its principals (as defined in 2 C.F.R. § 180.995 and

⁵ **NTD:** Revised language adapted from the 2019 Trust Indenture, including references to lien and security interest.

supplemented by 2 C.F.R. § 1532.995) is debarred, suspended or voluntarily excluded from participation in Government contracts, procurement or non-procurement matters or delinquent on a Government debt as more fully set forth in the certificate delivered pursuant to Section 11(a)(vii) (*Conditions Precedent – Conditions Precedent to Effectiveness*).

(i) Accuracy of Representations and Warranties. The representations, warranties and certifications of the Borrower set forth in this Agreement and the other Related Documents to which the Borrower is a party are true, correct, and complete, except to the extent such representations and warranties expressly relate to an earlier date (in which case, such representations and warranties shall be true, correct, and complete as of such earlier date).

(j) Compliance with Laws. The Borrower has complied with all applicable laws, rules, regulations and requirements.

(k) Credit Rating. The WIFIA Loan has received a public Investment Grade Rating from at least one (1) Nationally Recognized Rating Agency, written evidence of such rating has been provided to the WIFIA Lender prior to the Effective Date, and no such rating has been reduced, withdrawn or suspended as of the Effective Date.

(l) No Defaults. No Default or Event of Default, and no default or event of default by the Borrower under any other Related Document to which the Borrower is a party, has occurred and is continuing.

(m) Information. Neither the WIFIA Loan Documents to which the Borrower is a party, nor any documents, certificates or statements provided to the WIFIA Lender by representatives of the Borrower in connection with the transactions contemplated thereby, which for purposes of this Section 12(m) shall consist of all documents or statements related to the Application or the Project, cash flow schematics, responses to due diligence interrogatories or requests from the WIFIA Lender or its advisors, and documents uploaded to the online WIFIA SharePoint data room made accessible to the Borrower by the WIFIA Lender, to the extent such documents, certificates, statements or other materials relate to the Borrower (including its finances or operations) or the Project, contain any untrue statement of any material fact or omit to state any material fact necessary so as to make such WIFIA Loan Documents, documents, certificates, statements or other materials so provided to the WIFIA Lender, in light of the circumstances under which they were made, not misleading.

(n) Insurance. The Borrower is in compliance with all insurance obligations applicable to the Borrower required under each Related Document to which the Borrower is a party as of the date on which this representation and warranty is made. To the extent the Borrower self-insures, the Borrower's self-insurance program is actuarially sound and the Borrower has received an opinion from an accredited actuary within the last twelve (12) months, which opinion confirms that the Borrower's self-insurance program is actuarially sound.

(o) No Prohibited Liens. The Borrower has not created, and is not under any obligation to create, and has not entered into any transaction or agreement that would result in the imposition of, any Lien on the Borrower Assigned Rights. The Borrower Assigned Rights are free

and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto other than the pledge and assignment thereon for the benefit of the WIFIA Lender.

(p) Borrower Financial Statements. Each Borrower Financial Statement delivered to the WIFIA Lender by the Borrower pursuant to Section 19(a) (*Reporting Requirements of the Borrower – Annual Financial Statements*) has been prepared in accordance with GAAP and presents fairly, in all material respects, the financial condition of the Borrower as of the respective dates of the balance sheets included therein and the results of operations of the Borrower for the respective periods covered by the statements of income included therein. Except as reflected in such Borrower Financial Statements, there are no liabilities or obligations of the Borrower of any nature whatsoever for the periods to which such Borrower Financial Statements relate that are required to be disclosed in accordance with GAAP.

(q) Securities Laws. Under existing law, the WIFIA Note may be issued and sold without registration under the Securities Act of 1933, as amended, and any State blue sky laws.

(r) Sovereign Immunity. The Borrower either has no immunity from the jurisdiction of any court of competent jurisdiction or from any legal process therein which could be asserted in any action to enforce the obligations of the Borrower under any of the Related Documents to which the Borrower is a party or the transactions contemplated hereby or thereby, including the obligations of the Borrower hereunder and thereunder, or, to the extent that the Borrower has such immunity, the Borrower has waived such immunity pursuant to Section 15(j) (*Affirmative Covenants of the Borrower – Immunity*).

(s) Taxes; No Federal Debt. The Borrower has paid all applicable taxes and other material taxes and assessments payable by it that have become due (other than those taxes or assessments that it is contesting in good faith and by appropriate proceedings, for which adequate reserves have been established to the extent required by GAAP). The Borrower has no delinquent federal debt (including tax liabilities but excluding any delinquencies that have been resolved with the appropriate federal agency in accordance with the standards of the Debt Collection Improvement Act of 1996).

Section 13. Representations and Warranties of the City. The City hereby represents and warrants that, as of the Effective Date and, as to each of the representations and warranties other than those (x) contained in Section 13(b) (*Representations and Warranties of the City – Officers’ Authorization*), the first sentence of Section 13(f) (*Representations and Warranties of the City – Litigation*) and the first sentence of Section 13(m) (*Representations and Warranties of the City – Construction Contracts*) or (y) which expressly relate only to the Borrower, as of each date on which any disbursement of the WIFIA Loan is requested or made:

(a) Organization; Power and Authority. The City is a municipal corporation and general law city duly organized and validly existing under the statutes of the State, has full legal right, power and authority to do business in the State and to enter into the Related Documents then in existence to which it is a party, to execute and deliver this Agreement, and to carry out and consummate all transactions contemplated hereby and thereby, and has duly authorized the

execution, delivery and performance of this Agreement and the other Related Documents to which it is a party.

(b) Officers' Authorization. As of the Effective Date, the officers of the City executing (or that previously executed) the Related Documents (and any certifications or instruments related thereto) to which the City is a party are (or were at the time of such execution) duly and properly in office and fully authorized to execute the same.

(c) Due Execution; Enforceability. Each of the Related Documents in effect as of any date on which this representation and warranty is made, and to which the City is a party has been duly authorized, executed and delivered by the City and constitutes the legal, valid and binding agreement of the City enforceable against it in accordance with its terms, except as such enforceability (i) may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or similar laws affecting the rights of creditors generally and (ii) is subject to general principles of equity, the exercise of judicial discretion and the limitation on legal remedies against governmental entities imposed by the laws of the State (regardless of whether enforceability is considered in equity or at law).

(d) Non-Contravention. The execution and delivery of the Related Documents to which the City is a party, the consummation of the transactions contemplated by the Related Documents to which the City is a party, and the fulfillment of or compliance with the terms and conditions of the Related Documents to which the City is a party, will not (i) conflict with the City's Organizational Documents, (ii) conflict in any material respect with, or constitute a violation, breach or default (whether immediately or after notice or the passage of time or both) by the City of or under, any applicable law, administrative rule or regulation, any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the City is a party or by which it or its properties or assets are otherwise subject or bound, or (iii) result in the creation or imposition of any Lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the City, other than Permitted Liens.

(e) Consents and Approvals. No consent or approval of any trustee, holder of any indebtedness of the City or of any other Person, and no consent, permission, authorization, order or license of, or filing or registration with, any Governmental Authority is necessary in connection with (i) the execution and delivery by the City of the Related Documents to which it is a party, except as have been obtained or made and as are in full force and effect, or (ii) (A) the consummation of any transaction contemplated by any of the Related Documents to which the City is a party, or (B) the fulfillment of or compliance by the City with the terms and conditions of any of the Related Documents to which the City is a party, except as have been obtained or made and as are in full force and effect or as are ministerial in nature and can reasonably be expected to be obtained or made in the ordinary course on commercially reasonable terms and conditions when needed.

(f) Litigation. There is no action suit, proceeding or, to the knowledge of the City, any inquiry or investigation, in any case before or by any court or other Governmental Authority pending or, to the knowledge of the City, threatened against or affecting the System (including the Project) or the ability of the City to execute, deliver and perform its obligations

under the Related Documents to which the City is a party. As of the Effective Date and as of each other date on which the representations and warranties herein are made or confirmed, there is no action, suit, proceeding or, to the knowledge of the City, any inquiry or investigation before or by any court or other Governmental Authority pending, or to the knowledge of the City, threatened against or affecting the System (including the Project), the City or the assets, properties or operations of the City, that in any case could reasonably be expected to result in a City Material Adverse Effect.

(g) Security Interests. (i) The WIFIA IPA and Section 5451 of the California Government Code establish, and (ii) the City has taken all necessary action to pledge, assign, and grant, in each case in favor of the Borrower, legal, valid, binding and enforceable Liens on the City Pledged Collateral purported to be created, pledged, assigned, and granted pursuant to and in accordance with the WIFIA IPA, irrespective of whether any Person has notice of the pledge and without the need for any physical delivery, recordation, filing, or further act. The Liens on the City Pledged Collateral in favor of the Borrower are in full force and effect and, other than any amounts (including proceeds of the WIFIA Loan) which are held in any fund or account that is established pursuant to the WIFIA IPA, are (A) not subordinate or junior to any other Liens in respect of the City Pledged Collateral, (B) not *pari passu* with any Liens in respect of the City Pledged Collateral other than the Liens on the City Pledged Collateral for the benefit of the Parity Obligations and (C) senior to the Liens on the City Pledged Collateral for the benefit of the Subordinate Obligations. The Lien on any amounts (including proceeds of the WIFIA Loan) which are held in any fund or account that is established pursuant to the WIFIA IPA in favor of the Borrower is the only Lien with respect to such amounts. The City is not in breach of any covenant set forth in Section 17(b) (*Affirmative Covenants of the City – Securing Liens*) or in any WIFIA Loan Document to which the City is a party with respect to the matters described in Section 17(b) (*Affirmative Covenants of the City – Securing Liens*). As of the Effective Date and as of each other date this representation and warranty is made, (1) all documents and instruments have been recorded or filed for record in such manner and in such places as are required and all other action as is necessary or desirable has been taken to establish a legal, valid, binding, and enforceable Lien on the City Pledged Collateral for the benefit of the Borrower, and (2) all taxes and filing fees that are due and payable in connection with the execution, delivery or recordation of any WIFIA Loan Document or any instruments, certificates or financing statements in connection with the foregoing, have been paid. Neither the attachment, validity, enforceability or priority of the security interest in the City Pledged Collateral granted pursuant to the WIFIA IPA is governed by Article 9 of the UCC.

(h) No Debarment. The City has fully complied with its verification obligations under 2 C.F.R. § 180.320 and confirms, based on such verification, that, to its knowledge, neither the City nor any of its principals (as defined in 2 C.F.R. § 180.995 and supplemented by 2 C.F.R. § 1532.995) is debarred, suspended or voluntarily excluded from participation in Government contracts, procurement or non-procurement matters or delinquent on a Government debt as more fully set forth in the certificate delivered pursuant to Section 11(a)(vii) (*Conditions Precedent – Conditions Precedent to Effectiveness*).

(i) Accuracy of Representations and Warranties. The representations, warranties and certifications of the City set forth in this Agreement and the other Related Documents to which the City is a party are true, correct, and complete, except to the extent such

representations and warranties expressly relate to an earlier date (in which case, such representations and warranties shall be true, correct, and complete as of such earlier date).

(j) Compliance with Laws.

(i) The City has complied, and has required its contractors and subcontractors at all tiers with respect to the Project to comply, with all applicable laws, rules, regulations and requirements, including 40 U.S.C. §§ 3141-3144, 3146, and 3147 (relating to Davis-Bacon Act requirements) (and regulations relating thereto), 33 U.S.C. § 3914 (relating to American iron and steel products), 20 C.F.R. § 180.320 and 20 C.F.R. § 1532 (relating to non-debarment), 31 U.S.C. § 1352 (relating to non-lobbying), and any applicable Sanctions Laws.

(ii) To ensure such compliance, the City has included in all contracts with respect to the Project (A) the contract clauses relating to the Davis-Bacon Act requirements that are set forth in the Code of Federal Regulations, Title 29 Part 5.5 and (B) requirements that its contractors (1) shall comply with all applicable laws, rules, regulations, and requirements set forth in this Section 13(j) and follow applicable federal guidance and (2) incorporate in all subcontracts (and cause all subcontractors to include in lower tier subcontracts) such terms and conditions as are required to be incorporated therein by any applicable laws, rules, regulations and requirements set forth in this Section 13(j) (including with respect to the Davis-Bacon Act requirements).

(k) No Defaults. No Default or Event of Default, and no default or event of default by the City under any other Related Document to which the City is a party, has occurred and is continuing.

(l) Governmental Approvals. All Governmental Approvals required as of the Effective Date and required as of any subsequent date on which this representation is made (or deemed made) for the undertaking and completion by the City, as agent of the Borrower pursuant to the WIFIA IPA, of the Project, and for the operation and management thereof, have been obtained or effected and are in full force and effect and there is no basis for, nor proceeding that is pending or threatened that could reasonably be expected to result in, the revocation of or a default under any such Governmental Approval.

(m) Construction Contracts. Attached as **Schedule 13(m)** (*Existing Construction Contracts*) is a list of the Existing Construction Contracts. With respect to each Construction Contract executed as of any date on which this representation and warranty is made, such Construction Contract is in full force and effect.

(n) Information. Neither the WIFIA Loan Documents to which the City is a party, nor any documents, certificates or statements provided to the WIFIA Lender by representatives of the City in connection with the transactions contemplated thereby, which for purposes of this Section 13(n) shall consist of all financial models, project budgets, documents or statements related to the Application or the Project, cash flow schematics, responses to due diligence interrogatories or requests from the WIFIA Lender or its advisors, and documents uploaded to any data room made accessible to the City by the WIFIA Lender (or its advisors) or

provided to the WIFIA Lender in an electronic written communication, to the extent such documents, certificates, statements or other materials relate to the City (including its finances or operations) or the Project, contain any untrue statement of any material fact or omit to state any material fact necessary so as to make such WIFIA Loan Documents, documents, certificates, statements or other materials so provided to the WIFIA Lender, in light of the circumstances under which they were made, not misleading.

(o) Environmental Matters. The City and, to the City's knowledge, each Construction Contractor, is in compliance with all laws applicable to the System (including the Project) relating to (i) air emissions, (ii) discharges to surface water or ground water, (iii) noise emissions, (iv) solid or liquid waste disposal, (v) the use, generation, storage, transportation or disposal of toxic or hazardous substances or wastes, (vi) biological resources (such as threatened and endangered species), and (vii) other environmental, health or safety matters, including all laws applicable to the System (including the Project) (collectively, the "**Environmental Laws**"). All Governmental Approvals for the Project relating to Environmental Laws have been, or, when required, will be, obtained and are (or, as applicable, will be) in full force and effect. The City has not received any written communication or notice, whether from a Governmental Authority, employee, citizens group, or any other Person, that alleges that the City is not in full compliance with all Environmental Laws and Governmental Approvals relating thereto in connection with the Project and, to the City's knowledge, there are no circumstances that may prevent or interfere with full compliance in the future by the City with any such Environmental Law or Governmental Approval. The City has provided to the WIFIA Lender all material assessments, reports, results of investigations or audits, and other material information in the possession of or reasonably available to the City regarding the City's or the Project's compliance with (A) Environmental Laws and (B) Governmental Approvals that are required for the Project and relate to Environmental Laws.

(p) Insurance. The City is in compliance with all insurance obligations required under each Related Document to which the City is a party as of the date on which this representation and warranty is made. To the extent the City self-insures, the City's self-insurance program is actuarially sound and the City has received an opinion from an accredited actuary within the last twelve (12) months, which opinion confirms that the City's self-insurance program is actuarially sound.

(q) No Prohibited Liens. Except for Permitted Liens, the City has not created, and is not under any obligation to create, and has not entered into any transaction or agreement that would result in the imposition of, any Lien on the City Pledged Collateral, the System, the Project or the properties or assets in relation to the Project.

(r) City Financial Statements. Each City Financial Statement delivered to the WIFIA Lender by the City pursuant to Section 20(b) (*Reporting Requirements of the City – Annual Financial Statements*) has been prepared in accordance with GAAP and presents fairly, in all material respects, the financial condition of the City as of the respective dates of the balance sheets included therein and the results of operations of the City for the respective periods covered by the statements of income included therein. Except as reflected in such City Financial Statements, there are no liabilities or obligations of the City of any nature whatsoever for the periods to which such City Financial Statements relate that are required to be disclosed in accordance with GAAP.

(s) Sufficient Funds. The amount of the WIFIA Loan, when combined with all other funds committed for the development and construction of the Project as set forth under the various sources of funds in the Project Budget, will be sufficient to carry out the Project, pay all Total Project Costs anticipated for the development and construction of the Project and achieve Substantial Completion by the Projected Substantial Completion Date. The total federal assistance provided to the Project, including the maximum principal amount of the WIFIA Loan, does not exceed eighty percent (80%) of Total Project Costs. The City has developed, and identified adequate revenues to implement, a plan for operating, maintaining and repairing the Project over the useful life of the Project.

(t) Sovereign Immunity. The City either has no immunity from the jurisdiction of any court of competent jurisdiction or from any legal process therein which could be asserted in any action to enforce the obligations of the City under any of the Related Documents to which the City is a party or the transactions contemplated hereby or thereby, including the obligations of the City hereunder and thereunder, or, to the extent that the City has such immunity, the City has waived such immunity pursuant to Section 17(n) (*Affirmative Covenants of the City – Immunity*).

(u) Taxes; No Federal Debt. The City has paid all applicable taxes and other material taxes and assessments payable by it that have become due (other than those taxes or assessments that it is contesting in good faith and by appropriate proceedings, for which adequate reserves have been established to the extent required by GAAP). The City has no delinquent federal debt (including tax liabilities but excluding any delinquencies that have been resolved with the appropriate federal agency in accordance with the standards of the Debt Collection Improvement Act of 1996).

Section 14. Representations and Warranties of WIFIA Lender. The WIFIA Lender represents and warrants that:

(a) Power and Authority. The WIFIA Lender has all requisite power and authority to make the WIFIA Loan and to perform all transactions contemplated by the Related Documents to which it is a party.

(b) Due Execution; Enforceability. The Related Documents to which it is a party have been duly authorized, executed and delivered by the WIFIA Lender, and are legally valid and binding agreements of the WIFIA Lender, enforceable in accordance with their terms.

(c) Officers' Authorization. The officers of the WIFIA Lender executing each of the Related Documents to which the WIFIA Lender is a party are duly and properly in office and fully authorized to execute the same on behalf of the WIFIA Lender.

ARTICLE V COVENANTS

Section 15. Affirmative Covenants of the Borrower. The Borrower covenants and agrees as follows until the date the WIFIA Note and all of the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full by the Borrower in immediately available funds and the WIFIA Lender no longer has any commitment to make disbursements to the Borrower, unless the WIFIA Lender waives compliance in writing:

(a) Securing Liens. The Borrower shall at any and all times, to the extent permitted by law, pass, make, do, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as may be necessary or desirable in connection with assuring, conveying, pledging, assigning, securing and confirming the Borrower Assigned Rights for the benefit of the WIFIA Lender pursuant to the WIFIA Loan Documents to which the Borrower is a party, or intended so to be pledged and assigned pursuant to the WIFIA Loan Documents to which the Borrower is a party, or which the Borrower may become bound to pledge and assign, and the Borrower shall at all times maintain the Borrower Assigned Rights free and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto other than the pledge and assignment with respect to the WIFIA Loan, and all organizational, regulatory or other necessary action on the part of the Borrower to that end shall be duly and validly taken at all times. The Borrower shall at all times, to the extent permitted by law, defend, preserve and protect the pledge and assignment of the Borrower Assigned Rights for the benefit of the WIFIA Lender against all claims and demands of all Persons whomsoever.

(b) Use of Proceeds. The Borrower shall use, and shall cause the City pursuant to the WIFIA IPA to use, the proceeds of the WIFIA Loan solely for purposes permitted by this Agreement.

(c) Verification Requirements. The Borrower shall comply with Subpart C of 2 C.F.R. Part 180, as supplemented by Subpart C of 2 C.F.R. Part 1532 (relating to debarment), including the verification requirements set forth in 2 C.F.R. §§ 180.300 and 180.320, and shall include in its contracts with respect to the Project similar terms or requirements for compliance.

(d) Operation of the Borrower. (f) Compliance with Laws. The Borrower shall comply with all applicable laws, rules, regulations and requirements.

(g) Material Obligations; Payment of Claims.

(i) The Borrower shall pay its material obligations promptly and in accordance with their terms.

(ii) The Borrower shall pay and discharge promptly all taxes, assessments and governmental charges or levies imposed upon it or upon the Authority Revenues, before the same shall become delinquent or in default; provided that such payment and discharge shall not be required with respect to any such tax, assessment, charge, levy, claim or Lien so long as the validity or amount thereof shall be contested by the Borrower in good faith by appropriate proceedings and so long as the Borrower shall

have set aside adequate reserves with respect thereto in accordance with and to the extent required by GAAP, applied on a consistent basis.

(iii) The Borrower will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a Lien on the Authority Revenues.

(h) SAM Registration. The Borrower shall obtain prior to the Effective Date (and provide such registration information to the WIFIA Lender) and maintain through the Final Disbursement Date an active registration status with the federal System for Award Management (www.SAM.gov) (or any successor system or registry).

(i) DUNS Number. The Borrower shall obtain prior to the Effective Date (and provide such number to the WIFIA Lender) and maintain through the Final Maturity Date from Dun & Bradstreet (or a successor entity) a Data Universal Numbering System Number (a “**DUNS Number**”).

(j) Immunity. To the fullest extent permitted by applicable law, the Borrower agrees that it will not assert any immunity (and hereby waives any such immunity) it may have as a governmental entity from lawsuits, other actions and claims, and any judgments with respect to the enforcement of any of the obligations of the Borrower under this Agreement or any other WIFIA Loan Document to which the Borrower is a party.

(k) Accounting and Audit Procedures.

(i) The Borrower shall establish fiscal controls and accounting procedures sufficient to assure proper accounting for Authority Revenues, debt issued and outstanding and debt payments. The Borrower shall use accounting, audit and fiscal procedures conforming to GAAP, including, with respect to the WIFIA Loan, accounting of principal and interest payments, disbursements, prepayments and calculation of interest and principal amounts Outstanding.

(ii) The Borrower shall have a single or program-specific audit conducted in accordance with 2 C.F.R. Part 200 Subpart F and 31 U.S.C. § 7502 from (and including) the first Borrower Fiscal Year in which a disbursement is made under this Agreement and annually thereafter to the extent required by applicable law, except to the extent biennial audits are permitted for the Borrower pursuant to 2 C.F.R. § 200.504 and 31 U.S.C. § 7502(b). Upon reasonable notice, the Borrower shall cooperate fully in the conduct of any periodic or compliance audits conducted by the WIFIA Lender, or designees thereof, pursuant to 40 C.F.R. Part 35, 31 U.S.C. § 7503(b), or 31 U.S.C. § 6503(h) and shall provide full access to any books, documents, papers or other records that are pertinent to the WIFIA Loan, to the WIFIA Lender, or the designee thereof, for any such project or programmatic audit.

(l) Access; Records.

(i) So long as the WIFIA Loan or any portion thereof shall remain outstanding and until five (5) years after the WIFIA Loan shall have been paid in full, the

WIFIA Lender shall have the right, upon reasonable prior notice, to examine books of account and records of the Borrower relating to the Project or the Authority Revenues, to make copies and extracts therefrom at the Borrower's expense, and to discuss the Borrower's affairs, finances and accounts relating to the WIFIA Loan with, and to be advised as to the same by, its officers and employees and its independent public accountants (and by this provision the Borrower irrevocably authorizes its independent public accountants to discuss with the WIFIA Lender the affairs, finances and accounts of the Borrower, whether or not any representative of the Borrower is present, it being understood that nothing contained in this Section 15(l) is intended to confer any right to exclude any such representative from such discussions), all at such reasonable times and intervals as the WIFIA Lender may request.

(ii) The Borrower shall maintain and retain all files relating to the WIFIA Loan until five (5) years after the later of the date on which (A) all rights and duties under this Agreement and under the WIFIA Note (including payments) have been fulfilled and any required audits have been performed and (B) any litigation relating to the Project, the Authority Revenues, the WIFIA Loan or this Agreement is finally resolved or, if the WIFIA Lender has reasonable cause to extend such date, a date to be mutually agreed upon by the WIFIA Lender and the Borrower.

(m) Compliance with Contracts. The Borrower will comply with, keep, observe and perform all agreements, conditions, covenants and terms, express or implied, required to be performed by it contained in all contracts affecting or involving the System, to the extent that the Borrower is a party thereto.

(n) Further Assurances. The Borrower will adopt, deliver, execute and make any and all further assurances, instruments and resolutions as may be reasonably necessary or proper to carry out the intention or to facilitate the performance hereof and for the better assuring and confirming unto the WIFIA Lender the rights and benefits provided to it herein.

Section 16. Negative Covenants of the Borrower. The Borrower covenants and agrees as follows until the date the WIFIA Note and all of the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full by the Borrower in immediately available funds and the WIFIA Lender no longer has any commitment to make disbursements to the Borrower, unless the WIFIA Lender waives compliance in writing:

(a) No Lien Extinguishment or Adverse Amendments. The Borrower shall not, and shall not permit any Person to, without the prior written consent of the WIFIA Lender, (i) extinguish or impair the pledge and assignment of the Borrower Assigned Rights, (ii) amend, modify, terminate, assign, replace or supplement, or permit a waiver of any provision of, the WIFIA IPA or (iii) amend, modify, terminate, assign, replace or supplement any Related Document to which the Borrower is a party (other than the WIFIA IPA) or permit a waiver of any provision thereof in a manner that could adversely affect the WIFIA Lender or could reasonably be expected to result in a Borrower Material Adverse Effect. The Borrower shall not take or omit to take any action under any contract if the effect of such act or failure to act would in any manner impair or adversely affect the ability of the City to secure adequate Net Revenues to meet the requirements of the WIFIA Loan Documents.

(b) No Prohibited Liens. Except for the pledge and assignment with respect to the WIFIA Loan for the benefit of the WIFIA Lender, the Borrower shall not create, incur, assume or permit to exist any Lien on the Borrower Assigned Rights.

(c) Borrower Fiscal Year. The Borrower shall not at any time adopt any fiscal year other than the Borrower Fiscal Year, except with thirty (30) days' prior written notice to the WIFIA Lender.

(d) Hedging. Other than Hedging Transactions, the Borrower shall not enter into any swap or hedging transaction, including inflation indexed swap transactions, "cap" or "collar" transactions, futures, or any other hedging transaction without the prior written consent of the WIFIA Lender.

Section 17. Affirmative Covenants of the City. The City covenants and agrees as follows until the date the WIFIA Note and all of the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full by the Borrower in immediately available funds and the WIFIA Lender no longer has any commitment to make disbursements to the Borrower, unless the WIFIA Lender waives compliance in writing:

(a) Rate Covenant.

(i) To the fullest extent permitted by law, the City shall fix, prescribe, and charge, or cause to be fixed, prescribed, and charged, in each City Fiscal Year, such rates, fees, and charges for the use of and for the service furnished by the System to ensure that all Net Revenues realized, together with any amounts on deposit in a rate stabilization fund held by the City, which amounts shall be available for the payment of Parity Debt Service, are in an amount which the City reasonably expects will be sufficient to be (x) at least equal to one hundred twenty percent (120%) of annual Parity Debt Service, and (y) at least equal to one hundred percent (100%) of the sum of annual Parity Debt Service and annual Subordinate Debt Service, in each case for such City Fiscal Year.

(ii) The City shall also, to the fullest extent permitted by law, fix, prescribe, and charge, or cause to be fixed, prescribed, and charged, in each City Fiscal Year, such rates, fees, and charges for the use of and for the service furnished by the System to ensure that Revenues realized are in an amount which the City reasonably expects will be sufficient to pay the following amounts in the following order or priority: (A) all Operations and Maintenance Costs estimated by the City to become due and payable in such City Fiscal Year; (B) the WIFIA Installment Payments, the Servicing Fee and the principal and interest on any outstanding Parity Obligations as they become due and payable during such City Fiscal Year, without preference or priority; (C) all amounts, if any, required to restore the balance of any reserve fund or account required under any instrument under which Parity Obligations were issued or incurred, for any outstanding Parity Obligations, to the full amount of any such reserve requirement; and (D) all payments required to meet any other obligations of the City which are charges, liens, or encumbrances upon, or which are otherwise payable from, the Revenues or the Net Revenues during such City Fiscal Year.

(iii) If for any reason Net Revenues, or Revenues, as applicable, prove insufficient to meet the numerical thresholds set forth in Section 17(a)(i) and to comply with the requirements of Section 17(a)(ii), the City first will engage an Independent Consultant to recommend revised rents, rates, fees, charges, savings, or assessments, or any combination thereof, and the City will, subject to any applicable requirements and restrictions imposed by law, including, but not limited to, the Prop 218 Law, and subject to the good faith determination of the City that such recommendations, in whole or in part, are in the best interests of the City, take all actions necessary to increase Revenues through any combination of increased rents, rates, fees, charges, savings, or assessments. Such actions shall be taken not later than one hundred eighty (180) days following the date on which Net Revenues or Revenues first fail to meet the requirements of this Section.

(iv) The City may make adjustments from time to time in such rents, rates, fees, and charges and may make such classification thereof as it deems necessary, but shall not reduce the rents, rates, fees, and charges then in effect unless the Net Revenues from such reduced rents, rates, fees, and charges will at all times be sufficient to meet the requirements of this Section 17(a).

(v) Notwithstanding the foregoing, in lieu of taking the preceding actions with respect to the City's failure to comply with Section 17(a)(i), the City may within one hundred eighty (180) days following the date Net Revenues first fail to meet the requirements of Section 17(a)(i) either establish and fund a rate stabilization fund, or increase monies held in an existing rate stabilization fund, in an amount sufficient to satisfy the requirements of Section 17(a)(i). If the City elects to proceed accordingly, it shall provide to the WIFIA Lender within such one hundred eighty (180) day period evidence satisfactory to the WIFIA Lender in its reasonable discretion that the amounts held in such rate stabilization fund are sufficient to satisfy the requirements of Section 17(a)(i).

(b) Securing Liens. The City shall at any and all times, to the extent permitted by law, pass, make, do, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as may be necessary or desirable in connection with assuring, conveying, granting, assigning, securing and confirming the Liens on the City Pledged Collateral granted to the Borrower for its benefit pursuant to the WIFIA IPA, or intended so to be granted pursuant to the WIFIA IPA, or which the City may become bound to grant, and the City shall at all times maintain the City Pledged Collateral free and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto that has priority over, or equal rank with, the Liens created by the WIFIA IPA, other than as permitted by this Agreement and the WIFIA IPA, and all organizational, regulatory or other necessary action on the part of the City to that end shall be duly and validly taken at all times. The City shall at all times, to the extent permitted by law, defend, preserve and protect the Liens on the City Pledged Collateral granted for the benefit of the Borrower pursuant to the WIFIA IPA against all claims and demands of all Persons whomsoever, subject to Permitted Liens.

(c) Use of Proceeds. The City shall use the proceeds of the WIFIA Loan solely for purposes permitted by applicable law, the WIFIA IPA and the other Related Documents to which the City is a party.

(d) Prosecution of Work; Verification Requirements.

(i) The City, as agent of the Borrower pursuant to the WIFIA IPA, shall diligently prosecute the work relating to the Project and complete the Project in accordance with the Construction Schedule, the Governmental Approvals in connection with the Project, and the highest standards of the City's industry.

(ii) The City shall comply with Subpart C of 2 C.F.R. Part 180, as supplemented by Subpart C of 2 C.F.R. Part 1532 (relating to debarment), including the verification requirements set forth in 2 C.F.R. §§ 180.300 and 180.320, and shall include in its contracts with respect to the Project similar terms or requirements for compliance.

(e) Maintenance and Operation of the System. The City will maintain and preserve the System in good repair and working order at all times and will operate the System in an efficient and economical manner and will pay all Operations and Maintenance Costs as they become due and payable. The City shall at all times do or cause to be done all things necessary to obtain, preserve, renew, extend and keep in full force and effect the Governmental Approvals and any other rights, licenses, franchises, and authorizations material to the conduct of its business.

(f) Insurance; Net Proceeds.

(i) The City will procure and maintain or cause to be procured and maintained insurance on the System, excluding coverage for earthquake damage or destruction, with responsible insurers in such amounts and against such risks (including accident to or destruction of the System) as are usually covered in connection with facilities that are similar to the System, so long as such insurance is available at reasonable rates.

(ii) In the event of any damage to or destruction of the System caused by the perils covered by such insurance, the Net Proceeds thereof shall be applied to the reconstruction, repair or replacement of the damaged or destroyed portion of the System. The City shall begin such reconstruction, repair or replacement promptly after such damage or destruction shall occur, and shall continue and properly complete such reconstruction, repair or replacement as expeditiously as possible, and shall pay out of such Net Proceeds all costs and expenses in connection with such reconstruction, repair or replacement so that the same shall be completed and the System shall be free and clear of all claims and liens. The City covenants to reconstruct, repair or replace the damaged or destroyed portions of the System promptly if a failure to reconstruct, repair or replace such portions would impair or adversely affect the ability of the City to pay the WIFIA Installment Payments.

(iii) If such Net Proceeds exceed the costs of such reconstruction, repair or replacement portion of the System, and/or the cost of the construction of additions, betterments, extensions or improvements to the System, then the excess Net Proceeds shall be applied in part to the prepayment of the WIFIA Loan as provided in Section 9(a) (*Prepayment – Mandatory Prepayment from Net Proceeds or Eminent Domain Proceeds*) and in part to such other funds or accounts as may be appropriate and used for the retirement of the Parity Obligations (other than the WIFIA Loan) in the same proportion which the Outstanding WIFIA Loan Balance then bears to the aggregate unpaid principal

amount of the Parity Obligations (other than the WIFIA Loan). If such Net Proceeds are sufficient to enable the City to retire the entire Outstanding WIFIA Loan Balance (and all interest accrued thereon) prior to the Final Maturity Date as well as all Parity Obligations then remaining unpaid prior to their final respective due dates, the City may elect not to reconstruct, repair or replace the damaged or destroyed portion of the System, and/or not to construct other additions, betterments, extensions or improvements to the System; and thereupon such Net Proceeds shall be applied to the prepayment in full of the WIFIA Loan as provided in Section 9(a) and to the retirement in full of all Parity Obligations.

(iv) The City will procure and maintain such other insurance which it shall deem advisable or necessary to protect its interests and the interests of the Borrower, which insurance shall afford protection in such amounts and against such risks as are usually covered in connection with municipal water systems similar to the System.

(v) Any insurance that is required to be maintained by Section 17(f)(i) and, if the City determines to procure and maintain insurance pursuant to Section 17(f)(iv), such insurance, may be maintained under a self-insurance program so long as such self-insurance is maintained in the amounts and manner usually maintained in connection with water systems similar to the System, and is, in the opinion of an accredited actuary, actuarially sound.

(vi) All policies of insurance required to be maintained herein shall provide that the Borrower and the WIFIA Lender shall be given thirty (30) days written notice of any intended cancellation thereof or reduction of coverage provided thereby.

(vii) Promptly upon request by the WIFIA Lender, the City shall deliver to the WIFIA Lender copies of any underlying insurance policies obtained by or on behalf of the Borrower or the City in respect of the Project. All such policies shall be available at all reasonable times for inspection by the WIFIA Lender, its agents and representatives.

(g) Maintain Legal Structure. The City shall maintain its existence as a municipal corporation and general law city organized and existing under the laws of the State.

(h) System Accounts; Permitted Investments.

(i) The City shall maintain the Revenue Fund in accordance with the terms hereof and the other WIFIA Loan Documents. All Revenues received shall be deposited in the Revenue Fund when and as received in trust for the benefit of the holders of the Obligations, subject to the application of Revenues to Operations and Maintenance Costs. The City shall maintain and hold separate and apart from other funds the Revenue Fund so long as any Parity Obligations remain unpaid. Moneys in the Revenue Fund shall be used and applied by the City as provided in the Flow of Funds.

(ii) All moneys held by the City in the Revenue Fund shall be invested in Permitted Investments and the investment earnings thereon shall remain on deposit in such fund, except as otherwise provided herein.

(i) WIFIA Debt Service Account. The City, as agent of the Borrower pursuant to the WIFIA IPA, shall (i) establish the WIFIA Debt Service Account on or prior to the Effective Date and (ii) maintain the WIFIA Debt Service Account in accordance with the WIFIA Loan Documents for the benefit of the WIFIA Lender. The WIFIA Debt Service Account shall be subject to a Lien and has been pledged by the Borrower hereunder to the WIFIA Lender as security solely for the benefit of the WIFIA Lender and shall not be subject to any security interest in favor of any Person other than the WIFIA Lender. Amounts on deposit in the WIFIA Debt Service Account shall be applied by the City, as agent of the Borrower pursuant to the WIFIA IPA, solely to pay WIFIA Debt Service and other amounts due with respect to the WIFIA Loan or the WIFIA Note.

(j) Compliance with Laws.

(i) The City shall, and shall require the contractors and subcontractors at all tiers with respect to the Project to, comply with all applicable laws, rules, regulations and requirements, including 40 U.S.C. §§3141-3144, 3146, and 3147 (relating to Davis-Bacon Act requirements) (and regulations relating thereto), 33 U.S.C. §3914 (relating to American iron and steel products), 20 C.F.R. § 180.320 and 20 C.F.R. §1532 (relating to non-debarment), 31 U.S.C. §1352 (relating to non-lobbying), and any applicable Sanctions Laws.

(ii) To ensure such compliance, the City shall include in all contracts with respect to the Project (A) the contract clauses relating to the Davis-Bacon Act requirements that are set forth in the Code of Federal Regulations, Title 29 Part 5.5 and (B) requirements that its contractors (1) shall comply with all applicable laws, rules, regulations, and requirements set forth in this Section 17(j) and follow applicable federal guidance and (2) incorporate in all subcontracts (and cause all subcontractors to include in lower tier subcontracts) such terms and conditions as are required to be incorporated therein by any applicable laws, rules, regulations and requirements set forth in this Section 17(j) (including with respect to the Davis-Bacon Act requirements).

(k) Material Obligations; Payment of Claims.

(i) The City shall pay its material obligations promptly and in accordance with their terms.

(ii) The City shall pay and discharge promptly all taxes, assessments and governmental charges or levies imposed upon it or upon the Revenues or other assets of the System, before the same shall become delinquent or in default; provided that such payment and discharge shall not be required with respect to any such tax, assessment, charge, levy, claim or Lien so long as the validity or amount thereof shall be contested by the City in good faith by appropriate proceedings and so long as the City shall have set aside adequate reserves with respect thereto in accordance with and to the extent required by GAAP, applied on a consistent basis.

(iii) The City shall pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a Lien on the System (or any part

thereof), the WIFIA Debt Service Account, the Project, the Revenues or any fund or account of the City pledged to pay Parity Obligations.

(l) SAM Registration. The City shall obtain prior to the Effective Date (and provide such registration information to the WIFIA Lender) and maintain through the Final Disbursement Date an active registration status with the federal System for Award Management (www.SAM.gov) (or any successor system or registry).

(m) DUNS Number. The City shall obtain prior to the Effective Date (and provide such number to the WIFIA Lender) and maintain from Dun & Bradstreet (or a successor entity) a DUNS Number.

(n) Immunity. To the fullest extent permitted by applicable law, the City agrees that it will not assert any immunity (and hereby waives any such immunity) it may have as a governmental entity from lawsuits, other actions and claims, and any judgments with respect to the enforcement of any of the obligations of the City under this Agreement or any other WIFIA Loan Document to which the City is a party.

(o) Accounting and Audit Procedures.

(i) The City shall establish fiscal controls and accounting procedures sufficient to assure proper accounting for all of the following: (A) Revenues, Authority Revenues, operating expenses, capital expenses, depreciation, reserves, debt issued and outstanding and debt payments; and (B) Project-related costs, WIFIA Loan requisitions submitted, WIFIA Loan proceeds received, payments made by the City, as an agent of the Borrower pursuant to the WIFIA IPA, with regard to the Project, and other sources of funding for the Project (including amounts paid from such sources for Project costs so that audits may be performed to ensure compliance with and enforcement of this Agreement). The City shall use accounting, audit and fiscal procedures conforming to GAAP, including, with respect to the WIFIA Installment Payments, accounting of principal and interest payments, disbursements, prepayments and calculation of interest and principal amounts Outstanding.

(ii) The City shall have a single or program-specific audit conducted in accordance with 2 C.F.R. Part 200 Subpart F and 31 U.S.C. § 7502 from (and including) the first City Fiscal Year in which a disbursement is made under this Agreement and annually thereafter to the extent required by applicable law, except to the extent biennial audits are permitted for the City pursuant to 2 C.F.R. § 200.504 and 31 U.S.C. § 7502(b). Upon reasonable notice, the City shall cooperate fully in the conduct of any periodic or compliance audits conducted by the WIFIA Lender, or designees thereof, pursuant to 40 C.F.R. Part 35, 31 U.S.C. § 7503(b), or 31 U.S.C. § 6503(h) and shall provide full access to any books, documents, papers or other records that are pertinent to the Project or the WIFIA Loan, to the WIFIA Lender, or the designee thereof, for any such project or programmatic audit.

(p) Access; Records.

(i) So long as the WIFIA Loan or any portion thereof shall remain outstanding and until five (5) years after the WIFIA Loan shall have been paid in full by the Borrower, the WIFIA Lender shall have the right, upon reasonable prior notice, to visit and inspect any portion of the Project, to examine books of account and records of the City relating to the Project, to make copies and extracts therefrom at the City's expense, and to discuss the City's affairs, finances and accounts relating to the Project with, and to be advised as to the same by, its officers and employees and its independent public accountants (and by this provision the City irrevocably authorizes its independent public accountants to discuss with the WIFIA Lender the affairs, finances and accounts of the City, whether or not any representative of the City is present, it being understood that nothing contained in this Section 17(p) is intended to confer any right to exclude any such representative from such discussions), all at such reasonable times and intervals as the WIFIA Lender may request. The City agrees to pay all out-of-pocket expenses incurred by the WIFIA Lender in connection with the WIFIA Lender's exercise of its rights under this Section 17(p) at any time when an Event of Default shall have occurred and be continuing.

(ii) The City shall maintain and retain all files relating to the Project and the WIFIA Loan until five (5) years after the later of the date on which (A) all rights and duties of the City or the Borrower under this Agreement and of the Borrower under the WIFIA Note (including payments) have been fulfilled and any required audits have been performed and (B) any litigation relating to the Project, the WIFIA Loan or this Agreement is finally resolved or, if the WIFIA Lender has reasonable cause to extend such date, a date to be mutually agreed upon by the WIFIA Lender and the City. The City shall provide to the WIFIA Lender in a timely manner all records and documentation relating to the Project that the WIFIA Lender may reasonably request from time to time.

(q) Compliance with Contracts. The City will comply with, keep, observe and perform all agreements, conditions, covenants and terms, express or implied, required to be performed by it contained in all contracts affecting or involving the System, to the extent that the City is a party thereto.

(r) Protection of Security and Rights of the Borrower. The City will preserve and protect the security and the rights of the Borrower to the City Pledged Collateral and will warrant and defend such rights against all claims and demands of all persons.

(s) Collection of Rates and Charges. The City will have in effect at all times by-laws, rules and regulations requiring each customer to pay the rates and charges applicable to the System and providing for the billing thereof and for a due date and a delinquency date for each bill.

(t) Eminent Domain Proceeds. If all or any part of the System shall be taken by eminent domain proceedings, the Net Proceeds thereof shall be applied by the City either to additions, betterments, extensions or improvements to the System or, if the City elects not to apply such Net Proceeds to such capital items or if such Net Proceeds are not fully expended for such

purposes, such Net Proceeds which are not required by the City for such purposes shall be deposited in the Revenue Fund.

(u) Further Assurances. The City will adopt, deliver, execute and make any and all further assurances, instruments and resolutions as may be reasonably necessary or proper to carry out the intention or to facilitate the performance hereof and for the better assuring and confirming unto the WIFIA Lender the rights and benefits provided to it herein.

Section 18. Negative Covenants of the City. The City covenants and agrees as follows until the date the WIFIA Note and all of the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full by the Borrower in immediately available funds and the WIFIA Lender no longer has any commitment to make disbursements to the Borrower, unless the WIFIA Lender waives compliance in writing:

(a) Additional Obligations.

(i) The City shall not create, incur or suffer to exist (x) any obligations which are senior or prior in right of payment or right of security with respect to the Revenues to the Parity Obligations; or (y) any obligations, all or a portion of the proceeds of which are or will be applied at any time to fund all or any portion of Total Project Costs, that are secured by a Lien on any assets or property of the City other than the Revenues.

(ii) The City may, after the Effective Date, issue or incur Parity Obligations in such principal amount as shall be determined by the City subject to the requirements for additional obligations as set forth in all existing instruments with respect to Parity Obligations and the following specific conditions, which are hereby made conditions precedent to the City's issuance and delivery of such Parity Obligations:

(A) no Event of Default hereunder or under any other instrument secured by the Revenues shall have occurred and be continuing unless such Event of Default shall be cured by the issuance or incurrence of such proposed Parity Obligations, and the City shall otherwise be in compliance with all covenants set forth in this Agreement; and

(B) the Net Revenues calculated pursuant to GAAP, consistently applied, and excluding the proceeds of any taxes and also excluding any balances in any fund at the beginning of the period of the computation, as shown by the books of the City for the latest City Fiscal Year, or any more recent twelve (12) month period selected by the City ending not more than sixty (60) days prior to the adoption of the resolution pursuant to which instrument such Parity Obligations is issued or incurred, as shown by the books of the City, plus, at the option of the City, any of the allowances referred to in paragraph (iii) below, shall have amounted to at least 1.20 times the Maximum Annual Debt Service taking into consideration the maximum annual debt service payable in any City Fiscal Year on the proposed Parity Obligations, as set forth in the Report of an Independent Accountant or Independent Consultant delivered to the WIFIA Lender.

(iii) Either or both of the following allowances may be added to Net Revenues for the purpose of meeting the condition contained in Section 18(a)(ii)(B):

(A) an allowance for increased Revenues from any additions to or improvements or extensions of the System to be made with the proceeds of such proposed Parity Obligations, and also for Revenues from any such additions, improvements, or extensions which have been made from moneys from any source but which, during all or any part of such City Fiscal Year or any more recent twelve (12) month period, were not in service, all in an amount equal to ninety percent (90%) of the estimated additional average annual Revenues to be derived from such additions, improvements, and extensions for the first thirty-six (36) month period following closing of the proposed Parity Obligations, all as shown in the Report of an Independent Accountant or Independent Consultant delivered to the WIFIA Lender; provided that in those instances where the proposed Parity Obligations are held by the WIFIA Lender, no Report of an Independent Accountant or Independent Consultant shall be required; and/or

(B) an allowance for increased Revenues arising from any increase in the charges made for service from the System which has become effective prior to the incurring of such proposed Parity Obligations but which, during all or any part of such City Fiscal Year or any more recent twelve (12) month period, was not in effect, in an amount equal to one hundred percent (100%) of the amount by which Revenues would have been increased if such increase to charges had been in effect during the whole of such time period and any period prior to the incurring of such proposed Parity Obligations, as shown in the Report of an Independent Accountant or Independent Consultant delivered to the WIFIA Lender.

(iv) Notwithstanding Sections 18(a)(ii) and (iii), (A) proposed Parity Obligations to be issued for the purpose of refunding outstanding Parity Obligations may be issued without compliance with Section 18(a)(ii)(B) so long as such refunding results in lower Parity Debt Service in each City Fiscal Year after such refunding and the final maturity date of the refunding Parity Obligations is no later than the final maturity date of the refunded Parity Obligations and (B) to the extent that any instrument with respect to Outstanding Parity Obligations conflicts with any of the requirements set forth in this Section 18(a), the more restrictive provision shall prevail.

(v) The City may issue or incur Subordinate Obligations following the Effective Date in such principal amount as shall be determined by the City subject to the following conditions precedent to the issuance or incurrence of such Subordinate Obligations:

(A) no Event of Default hereunder or under any other instrument secured by the Revenues shall have occurred and be continuing unless such Event of Default shall be cured by the issuance or incurrence of such proposed Subordinate Obligations, and the City shall otherwise be in compliance with all

covenants set forth in this Agreement and any other instrument securing, evidencing, governing, or relating to other obligations secured by, the Revenues;

(B) Net Revenues calculated pursuant to GAAP, consistently applied, and excluding the proceeds of any taxes and also excluding any balances in any fund (other than any rate stabilization fund held by the City) at the beginning of the period of the computation, as shown by the books of the City for the latest City Fiscal Year, or any more recent twelve (12) month period selected by the City ending not more than sixty (60) days prior to the adoption of the resolution pursuant to which instrument such Subordinate Obligations are issued or incurred, as shown by the books of the City, shall have amounted to at least 1.0 times the aggregate sum of the Maximum Annual Debt Service of all debt secured by Net Revenues and/or legally available amounts in the Revenue Fund and the maximum annual debt service payable in any City Fiscal Year on all Subordinate Obligations, including the proposed Subordinate Obligations, as set forth in the Report of an Independent Accountant or Independent Consultant delivered to the WIFIA Lender.

(vi) The City shall not incur any Additional Obligations that bear interest at a Variable Interest Rate if such incurrence would (A) cause the principal amount of all Outstanding Variable Interest Rate Obligations to exceed twenty-five percent (25%) of the principal amount of all Outstanding Obligations at such time or (B) violate any term set forth in the Debt Management Policy.

(vii) Upon the incurrence of any Additional Obligations, the City shall provide to the WIFIA Lender a certificate signed by the City's Authorized Representative (x) specifying the closing date with respect to such Additional Obligations and (y) confirming that such Additional Obligations are authorized pursuant to, and satisfy the applicable requirements under, this Section 18(a).

(b) No Lien Extinguishment or Adverse Amendments. The City shall not, and shall not permit any Person to, without the prior written consent of the WIFIA Lender, (i) extinguish or impair the Liens on the City Pledged Collateral granted pursuant to the WIFIA IPA, (ii) amend, modify, terminate, assign, replace or supplement, or permit a waiver of any provision of, the WIFIA IPA, (iii) amend, modify, replace or supplement any Related Document to which the City is a party (other than the WIFIA IPA) or permit a waiver of any provision thereof in a manner that could adversely affect the WIFIA Lender or could reasonably be expected to result in a City Material Adverse Effect, or (iv) terminate or assign any Related Document to which the City is a party (other than (A) the WIFIA IPA and (B) Obligation Documents relating to Subordinate Obligations) in a manner that could adversely affect the WIFIA Lender or could reasonably be expected to have a City Material Adverse Effect. The City shall not take or omit to take any action under any contract if the effect of such act or failure to act would in any manner impair or adversely affect the ability of the City to secure adequate Net Revenues to meet the requirements of the WIFIA IPA.

(c) No Prohibited Liens. Except for Permitted Liens, the City shall not create, incur, assume or permit to exist any Lien on the System, the Project, the City Pledged Collateral, or the City's respective rights therein.

(d) Restricted Payments and Transfers. The City shall not permit Revenues or any funds in any other fund or account held by or on behalf of the City with respect to the System to be paid or transferred or otherwise applied for purposes other than ownership, operation or maintenance of the System.

(e) Against Sale or Other Disposition of Property.

(i) The City shall not enter into any agreement or lease which impairs the operation of the System or any part thereof necessary to secure adequate Net Revenues to meet the requirements of the WIFIA IPA, or which would otherwise impair the rights of the Borrower under the WIFIA IPA or the operation of the System. Any real or personal property which has become nonoperative or which is not needed for the efficient and proper operation of the System, or any material or equipment which has become worn out, may be sold if such sale will not impair the ability of the City to pay the WIFIA Installment Payments and if the proceeds of such sale are deposited in the Revenue Fund.

(ii) Nothing herein shall restrict the ability of the City to sell any portion of the System if such portion is immediately repurchased by the City and if such arrangement cannot by its terms result in the purchaser of such portion of the System exercising any remedy which would deprive the City of or otherwise interfere with its right to own and operate such portion of the System.

(f) City Fiscal Year. The City shall not at any time adopt any fiscal year other than the City Fiscal Year, except with thirty (30) days' prior written notice to the WIFIA Lender.

(g) Against Competitive Facilities. The City will not, to the extent permitted by law, acquire, construct, maintain or operate and will not, to the extent permitted by law and within the scope of its powers, permit any other public or private agency, corporation, district or political subdivision or any person whomsoever to acquire, construct, maintain or operate within the City any water system competitive with the System.

(h) Hedging. Other than Hedging Transactions, the City shall not enter into any swap or hedging transaction with respect to the Obligations, including inflation indexed swap transactions, "cap" or "collar" transactions, futures, or any other hedging transaction, without the prior written consent of the WIFIA Lender.

Section 19. Reporting Requirements of the Borrower.

(a) Annual Financial Statements. The Borrower shall deliver to the WIFIA Lender, as soon as available, and within one hundred eighty (180) days after the end of each Borrower Fiscal Year (provided that the failure of the Borrower to furnish the documents required by this Section 19(a) within such one hundred eighty (180)-day period shall not constitute a Default or an Event of Default hereunder so long as the Borrower furnishes to the WIFIA Lender such documents within ninety (90) days after the end of such period, and provided further that the parties

No official, employee or agent of the WIFIA Lender or either the Borrower or the City or any Person executing this Agreement or any of the other WIFIA Loan Documents shall be personally liable on this Agreement or such other WIFIA Loan Documents by reason of the issuance, delivery or execution hereof or thereof.

Section 24. No Third Party Rights. The parties hereby agree that this Agreement creates no third party rights against the Borrower, the City, the Government, or the WIFIA Lender, solely by virtue of the WIFIA Loan, and the Borrower and the City each agree to indemnify on a joint and several basis and hold the WIFIA Lender, the Servicer (if any), the Administrator, and the Government harmless, to the extent permitted by law and in accordance with Section 37 (*Indemnification*), from any lawsuit or claim arising in law or equity solely by reason of the WIFIA Loan, and that no third party creditor of either the Borrower or the City shall have any right against the WIFIA Lender with respect to the WIFIA Loan made pursuant to this Agreement.

Section 25. Borrower's Authorized Representative. The Borrower shall at all times have appointed a Borrower's Authorized Representative by designating such Person or Persons from time to time to act on the Borrower's behalf pursuant to a written certificate furnished to the WIFIA Lender and the Servicer, if any, containing the specimen signature or signatures of such Person or Persons and signed by the Borrower.

Section 26. City's Authorized Representative. The City shall at all times have appointed a City's Authorized Representative by designating such Person or Persons from time to time to act on the City's behalf pursuant to a written certificate furnished to the WIFIA Lender and the Servicer, if any, containing the specimen signature or signatures of such Person or Persons and signed by the City.

Section 27. WIFIA Lender's Authorized Representative. The WIFIA Lender hereby appoints the Director of the WIFIA Program, whose notice details are set forth below in Section 36 (*Notices*), to serve as the WIFIA Lender's Authorized Representative under this Agreement until such time as a successor or successors shall have been appointed. Thereafter, the successor in office shall serve as the WIFIA Lender's Authorized Representative. The WIFIA Lender shall provide notice to the Borrower and the City within a reasonable time period following the succession.

Section 28. Servicer. The WIFIA Lender may from time to time designate another entity or entities to perform, or assist the WIFIA Lender in performing, the duties of the Servicer or specified duties of the WIFIA Lender under this Agreement and the WIFIA Note. The WIFIA Lender shall give the Borrower and the City written notice of the appointment of any successor or additional Servicer and shall enumerate the duties or any change in duties to be performed by any Servicer. Any references in this Agreement to the WIFIA Lender shall be deemed to be a reference to the Servicer with respect to any duties which the WIFIA Lender shall have delegated to such Servicer. The WIFIA Lender may at any time assume the duties of any Servicer under this Agreement and the WIFIA Note. The Borrower and the City shall cooperate and respond to any reasonable request of the Servicer for information, documentation or other items reasonably necessary for the performance by the Servicer of its duties hereunder.

Section 29. Amendments and Waivers. No amendment, modification, termination, or waiver of any provision of this Agreement or the WIFIA Note shall in any event be effective without the prior written consent of each of the parties hereto.

Section 30. Governing Law. This Agreement shall be governed by the federal laws of the United States of America if and to the extent such federal laws are applicable and the internal laws of the State, if and to the extent such federal laws are not applicable.

Section 31. Severability. In case any provision in or obligation under this Agreement shall be invalid, illegal, or unenforceable in any jurisdiction, the validity, legality and enforceability of the remaining provisions or obligations, or of such provision or obligation in any other jurisdiction, shall not in any way be affected or impaired thereby.

Section 32. Successors and Assigns. This Agreement shall be binding upon the parties hereto and their respective permitted successors and assigns and shall inure to the benefit of the parties hereto and their permitted successors and assigns. Neither the rights nor obligations of the Borrower hereunder or under the WIFIA Note nor any interest herein or therein may be assigned or delegated by the Borrower without the prior written consent of the WIFIA Lender. Neither the rights nor obligations of the City hereunder nor any interest herein may be assigned or delegated by the City without the prior written consent of the WIFIA Lender.

Section 33. Remedies Not Exclusive. No remedy conferred herein or in the WIFIA Note or reserved to the WIFIA Lender is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or under the WIFIA Note or now or hereafter existing at law or in equity or by statute.

Section 34. Delay or Omission Not Waiver. No delay or omission of the WIFIA Lender to exercise any right or remedy provided hereunder or under the WIFIA Note upon a default of either the Borrower or the City (except a delay or omission pursuant to a written waiver) shall impair any such right or remedy or constitute a waiver of any such default or acquiescence therein. Every right and remedy given by this Agreement or the WIFIA Note or by law to the WIFIA Lender may be exercised from time to time, and as often as may be deemed expedient by the WIFIA Lender.

Section 35. Counterparts. This Agreement and any amendments, waivers, consents or supplements hereto or in connection herewith may be executed in any number of counterparts and by the different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document. Electronic delivery of an executed counterpart of a signature page of this Agreement or of any document or instrument delivered in connection herewith in accordance with Section 36 (*Notices*) shall be effective as delivery of an original executed counterpart of this Agreement or such other document or instrument, as applicable.

Each such notice, request or communication shall be effective (x) if delivered by hand or by nationally recognized courier service, when delivered at the address specified in this Section 36 (or in accordance with the latest unrevoked written direction from the receiving party) and (y) if given by email, when such email is delivered to the address specified in this Section 36 (or in accordance with the latest unrevoked written direction from the receiving party); provided that notices received on a day that is not a Business Day or after 5:00 p.m. Eastern Time on a Business Day will be deemed to be effective on the next Business Day. resources, the management, release or threatened release of any hazardous material or to health and safety matters; in each case arising out of or in direct relation to the Project; provided that such indemnity shall not, as to any Indemnatee, be available to the extent that such losses, claims, damages, liabilities, fines, penalties, costs or related expenses are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Indemnatee. In case any action or proceeding is brought against an Indemnatee by reason of any claim with respect to which such Indemnatee is entitled to indemnification hereunder, the Borrower and the City shall each be entitled, at its expense, to participate in the defense thereof; provided that such Indemnatee has the right to retain its own counsel, at the expense of the Borrower or the City, as applicable, and such participation by the Borrower and/or the City in the defense thereof shall not release the Borrower or the City of any liability that it may have to such Indemnatee. Any Indemnatee against whom any indemnity claim contemplated in this Section 37 is made shall be entitled, after consultation with the Borrower and the City and upon consultation with legal counsel wherein such Indemnatee is advised that such indemnity claim is meritorious, to compromise or settle any such indemnity claim. Any such compromise or settlement shall be binding upon the Borrower and the City for purposes of this Section 37. Nothing herein shall be construed as a waiver of any legal immunity that may be available to any Indemnatee. To the extent permitted by applicable law, none of the Borrower, the City, or the WIFIA Lender shall assert, and the Borrower, the City, and the WIFIA Lender each hereby waives, any claim against any Indemnatee, the Borrower, or the City, respectively, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any of the other Related Documents, the other transactions contemplated hereby and thereby, the WIFIA Loan or the use of the proceeds thereof, provided that nothing in this sentence shall limit the Borrower's or the City's indemnity obligations to the extent such damages are included in any third party claim in connection with which an Indemnatee is entitled to indemnification hereunder. All amounts due to any Indemnatee under this Section 37 shall be payable promptly upon demand therefor. The obligations of the Borrower and the City under this Section 37 shall survive the payment or prepayment in full of the WIFIA Note pursuant to Section 8 (*Payment of Principal and Interest*) or Section 9 (*Prepayment*), the enforcement of any provision of this Agreement or the other Related Documents, any amendments, waivers (other than amendments or waivers in writing with respect to this Section 37) or consents in respect hereof or thereof, any Event of Default, and any workout, restructuring or similar arrangement of the obligations of the Borrower or the City hereunder or thereunder.

Section 38. Sale of WIFIA Loan. The WIFIA Lender shall not sell the WIFIA Loan at any time prior to the Substantial Completion Date. After such date, the WIFIA Lender may sell the WIFIA Loan to another entity or reoffer the WIFIA Loan into the capital markets only in accordance with the provisions of this Section 38. Such sale or reoffering shall be on such terms as the WIFIA Lender shall deem advisable. However, in making such sale or reoffering the WIFIA Lender shall not change the terms and conditions of the WIFIA Loan without the prior written consent of the Borrower and the City in accordance with Section 29 (*Amendments and Waivers*). The WIFIA Lender shall provide, at least sixty (60) days prior to any sale or reoffering of the WIFIA Loan, written notice to the Borrower and the City of the WIFIA Lender's intention to consummate such a sale or reoffering; provided that no such notice shall be required during the continuation of any Event of Default. The provision of any notice pursuant to this Section 38 shall neither (x) obligate the WIFIA Lender to sell nor (y) provide either of the Borrower or the City

with any rights or remedies in the event the WIFIA Lender, for any reason, does not sell the WIFIA Loan. Neither the Borrower nor the City shall have any obligation to provide any disclosure, representation, warranty, estoppel, certificate, consent, agreement, approval, or other assistance to the WIFIA Lender or any proposed purchaser or assignee of the WIFIA Loan in connection with any proposed sale or assignment of the WIFIA Loan.

Section 39. Effectiveness. This Agreement shall be effective on the Effective Date.

Section 40. Termination. This Agreement shall terminate upon the irrevocable payment in full in immediately available funds by the Borrower of the Outstanding WIFIA Loan Balance, together with all accrued interest, fees and expenses with respect thereto; provided that the indemnification requirements of Section 37 (*Indemnification*), the reporting and record keeping requirements of Section 15(l) (*Affirmative Covenants of the Borrower – Access; Records*) and Section 17(p) (*Affirmative Covenants of the City – Access; Records*), and the payment requirements of Section 10 (*Fees and Expenses*) shall survive the termination of this Agreement as provided in such sections.

REQUISITION PROCEDURES

This **Exhibit D** sets out the procedures which the Borrower and the City agree to follow in submitting Requisitions for the disbursement of WIFIA Loan proceeds in respect of the Eligible Project Costs incurred in connection with the Project. Section 1 sets out the manner in which Requisitions are to be submitted and reviewed. Sections 2 through 4 set out the circumstances in which the WIFIA Lender may reject or correct Requisitions submitted by the City, as agent of the Borrower pursuant to the WIFIA IPA, or withhold a disbursement. The Borrower and the City expressly agree to the terms hereof, and further agree that (i) the rights of the WIFIA Lender contained herein are in addition to (and not in lieu of) any other rights or remedies available to the WIFIA Lender under the WIFIA Loan Agreement, and (ii) nothing contained herein shall be construed to limit the rights of the WIFIA Lender to take actions including administrative enforcement action and actions for breach of contract against the Borrower or the City if it fails to carry out its obligations under the WIFIA Loan Agreement during the term thereof.

Section 1 General Requirements. All requests by the City, as agent of the Borrower pursuant to the WIFIA IPA, for the disbursement of WIFIA Loan proceeds shall be made by electronic mail or overnight delivery service by submission to the WIFIA Lender, in accordance with Section 36 (*Notices*) of the WIFIA Loan Agreement, of a Requisition, in form and substance satisfactory to the WIFIA Lender and completed and executed by the City's Authorized Representative. The form of Requisition is attached as **Appendix One** (*Form of Requisition*) to this **Exhibit D**. Any disbursement request shall be accompanied by a certificate completed and executed by the Borrower's Authorized Representative in the form of **Appendix Two** (*Form of Borrower Disbursement Certificate*) to this **Exhibit D**.

Supporting documentation should be submitted with the Requisition. If the City, as agent of the Borrower pursuant to the WIFIA IPA, anticipates that it will draw down all or a portion of the proceeds of the WIFIA Loan to reimburse the Borrower or the City for Eligible Project Costs paid by or on behalf of the Borrower or the City prior to such disbursement of WIFIA Loan proceeds, whether paid from funds of the Borrower or the City or from proceeds of Obligations issued by the City, including for the purpose of paying or redeeming such Obligations, the City, as agent of the Borrower pursuant to the WIFIA IPA, shall deliver appropriate documentation, including invoices and records, evidencing such incurred or paid Eligible Project Costs (the "**Eligible Project Costs Documentation**"). The Eligible Project Costs Documentation must provide sufficient detail to enable the WIFIA Lender to verify that such costs are Eligible Project Costs paid by the Borrower or the City, as agent of the Borrower pursuant to the WIFIA IPA, in connection with the reimbursement of such Eligible Project Costs. The WIFIA Lender shall review the Eligible Project Costs Documentation for compliance with WIFIA disbursement requirements, and any amounts approved by the WIFIA Lender as Eligible Project Costs will be disbursed at such time as the City, as agent of the Borrower pursuant to the WIFIA IPA, submits a Requisition in respect of such approved amounts.

The WIFIA Lender agrees to promptly send to the Borrower and the City in accordance with Section 36 (*Notices*) of the WIFIA Loan Agreement, an acknowledgement of receipt of each Requisition in the form attached as **Appendix Three** (*[Approval/Disapproval] of the WIFIA*

Lender) to this **Exhibit D** setting forth the date of receipt by the WIFIA Lender of such Requisition and setting forth the Business Day on which disbursement will be made absent denial by the WIFIA Lender. All disbursement requests must be received by the WIFIA Lender at or before 5:00 P.M. (EST) on the first (1st) Business Day of a calendar month in order to obtain disbursement by the fifteenth (15th) day of such calendar month or, if either such day is not a Business Day, the next succeeding Business Day. If a Requisition is approved by the WIFIA Lender, the WIFIA Lender will notify the Borrower of such approval and of the amount so approved.

Section 2. Rejection. A Requisition may be rejected in whole or in part by the WIFIA Lender if it is: (a) submitted without signature; (b) submitted under signature of a Person other than the City's Authorized Representative; (c) submitted after prior disbursement of all proceeds of the WIFIA Loan; (d) submitted without adequate Eligible Project Costs Documentation, including (i) copies of invoices and records evidencing the Eligible Project Costs, (ii) a summary of the progress of construction of the Project and a general description of the work done for which the funds being requisitioned are being applied (or a certification that no change has occurred since the date of the latest quarterly report provided pursuant to Section 20(c)(i) (*Reporting Requirements of the City – Construction Reporting*), and (iii) a copy of the most recent update to the City's risk register, if requested by the WIFIA Lender.

The WIFIA Lender will notify the Borrower and the City of any Requisition so rejected, and the reasons therefor. Any Requisition rejected for the reasons specified above (other than Section 2(c)) must be resubmitted in proper form in order to be considered for approval. If a Requisition exceeds the balance of the WIFIA Loan proceeds remaining to be disbursed, the request will be treated as if submitted in the amount of the balance so remaining, and the WIFIA Lender will so notify the Borrower and the City.

Section 3. Correction. A Requisition containing an apparent mathematical error will be corrected by the WIFIA Lender, after telephonic or email notification to the Borrower or the City, and will thereafter be treated as if submitted in the corrected amount.

Section 4. Withholding. WHEREAS, the CITY has determined that it is in the CITY's best interest to retain the professional services of a consultant to provide comprehensive labor compliance services for the Lake Wohlford Dam Replacement Project; and

WHEREAS, CONSULTANT is considered competent to perform the necessary professional services for the CITY; and

WHEREAS, the CITY and CONSULTANT desire to enter into this Agreement for the performance of the Services described herein.

NOW, THEREFORE, in consideration of the mutual covenants, promises, terms, and conditions set forth herein, and the mutual benefits derived therefrom, the Parties hereby agree as follows:

1. Description of Services. CONSULTANT shall furnish all of the Services described in the Scope of Work, which is attached to this Agreement as Attachment "A" and incorporated herein by this reference ("Services").
2. Compensation. In exchange for CONSULTANT's completion of the Services, the CITY shall pay,

and CONSULTANT shall accept in full, an amount not to exceed the sum of **\$256,824**. CONSULTANT shall be compensated only for performance of the Services described in this Agreement. No compensation shall be provided for any other work or services without the CITY's prior written consent. If this Agreement is amended at any time, additional compensation of CONSULTANT contained in any subsequent amendments shall not exceed a cumulative total of 25% of the maximum payment provided for in this Section 2, unless approved by resolution of the City Council.

3. Performance. CONSULTANT shall faithfully perform the Services in a proficient manner, to the satisfaction of the CITY, and in accord with the terms of this Agreement. CONSULTANT shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all reports and other information furnished by CONSULTANT pursuant to this Agreement, except that CONSULTANT shall not be responsible for the accuracy of information supplied by the CITY.
4. Personnel. The performance of the Services by certain professionals is significant to the CITY. As such, CONSULTANT shall only assign the persons listed on Attachment "B", attached to this Agreement and incorporated herein by this reference ("Personnel List"), to perform the Services. CONSULTANT shall not add or remove persons from the Personnel List without the City's prior written consent. If CONSULTANT has not designated a person to perform a component of the Services, CONSULTANT shall not assign such component of the Services to a person without obtaining the City's prior written consent. CONSULTANT shall not subcontract any component of the Services without obtaining the City's prior written consent.
5. Termination. The Parties may mutually terminate this Agreement through a writing signed by both Parties. The CITY may terminate this Agreement for any reason upon providing CONSULTANT with 10 days' advance written notice. CONSULTANT agrees to cease all work under this Agreement on or before the effective date of any notice of termination. If the CITY terminates this Agreement due to no fault or failure of performance by CONSULTANT, then CONSULTANT shall be compensated based on the work satisfactorily performed at the time of such termination. In no event shall CONSULTANT be entitled to receive more than the amount that would be paid to CONSULTANT for the full performance of the Services.
6. City Property. All original documents, drawings, electronic media, and other materials prepared by CONSULTANT pursuant to this Agreement immediately become the exclusive property of the CITY, and shall not be used by CONSULTANT for any other purpose without the CITY's prior written consent.
7. Insurance Requirements.
 - a. CONSULTANT shall procure and maintain, at its own cost, during the entire term of this Agreement, insurance against claims for injuries to persons or damages to property that may arise from or in connection with the performance of the Services, and the results of such work, by CONSULTANT, its agents, representatives, employees, or subcontractors. Insurance coverage shall be at least as broad as the following:
 - (1) *Commercial General Liability*. Insurance Services Office ("ISO") Form CG 00 01 covering Commercial General Liability on an "occurrence" basis, including products and completed operations, property damage, bodily injury, and personal & advertising injury, with limits no less than \$2,000,000 per occurrence and \$4,000,000 general aggregate.
 - (2) *Automobile Liability*. ISO Form CA 00 01 covering any auto (Code 1), or if CONSULTANT has no owned autos, hired (Code 8) and non-owned autos (Code 9), with limits no less than \$1,000,000 per accident for bodily injury and property damage, unless waived by the CITY and approved in writing by the CITY's Risk and Safety Division.

- (3) *Workers' Compensation.* Worker's Compensation as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limits of no less than \$1,000,000 per accident for bodily injury or disease.
 - (4) *Professional Liability (Errors and Omissions).* Professional Liability (Errors and Omissions) appropriate to CONSULTANT's profession, with limits no less than \$2,000,000 per occurrence or claim and \$2,000,000 aggregate.
 - (5) If CONSULTANT maintains broader coverage and/or higher limits than the minimums otherwise required by this Agreement, the CITY requires and shall be entitled to the broader coverage and/or the higher limits maintained by CONSULTANT.
- b. Each insurance policy required by this Agreement must be acceptable to the City Attorney and shall meet the following requirements:
- (1) *Acceptability of Insurers.* Insurance coverage must be provided by an insurer authorized to conduct business in the state of California with a current A.M. Best's rating of no less than A-: FSC VII, or as approved by the CITY.
 - (2) *Additional Insured Status.* Both the Commercial General Liability and the Automobile Liability policies must name the CITY (including its officials, officers, agents, employees, and volunteers) specifically as an additional insured under the policy on a separate endorsement page. The Commercial General Liability additional insured endorsement shall be at least as broad as ISO Form CG 20 10 11 85, or if not available, through the addition of *both* CG 20 10, CG 20 26, CG 20 33, or CG 20 38, *and* CG 20 37 if a later edition is used. The Automobile Liability endorsement shall be at least as broad as ISO Form CA 20 01.
 - (3) *Primary Coverage.* CONSULTANT's insurance coverage shall be primary coverage at least as broad as ISO CG 20 01 04 13 with respect to the CITY, its officials, officers, agents, employees, and volunteers. Any insurance or self-insurance maintained by the CITY, its officials, officers, agents, employees, or volunteers shall be in excess of CONSULTANT's insurance and shall not contribute with it.
 - (4) *Notice of Cancellation.* Each insurance policy shall provide that coverage shall not be canceled, except with prior written notice to the CITY.
 - (5) *Subcontractors.* If applicable, CONSULTANT shall require and verify that all subcontractors maintain insurance meeting all the requirements stated within this Agreement, and CONSULTANT shall ensure that the CITY (including its officials, officers, agents, employees, and volunteers) is an additional insured on any insurance required from a subcontractor.
 - (6) *Waiver of Subrogation.* CONSULTANT hereby grants to the CITY a waiver of any right to subrogation that any insurer of CONSULTANT may acquire against the CITY by virtue of the payment of any loss under such insurance. CONSULTANT agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this subsection shall apply regardless of whether or not the CITY has received a waiver of subrogation endorsement from the insurer. Any Workers' Compensation policy required by this Agreement shall be endorsed with a waiver of subrogation in favor of the CITY for all work performed by the CONSULTANT, its agents, representatives, employees, and subcontractors.
 - (7) *Self-Insurance.* CONSULTANT may, with the CITY's prior written consent, fulfill some or all of the insurance requirements contained in this Agreement under a plan of self-insurance. CONSULTANT shall only be permitted to utilize such self-insurance if, in the opinion of the CITY, CONSULTANT's (i) net worth and (ii) reserves for payment of claims of liability against CONSULTANT are sufficient to adequately compensate for the lack of

other insurance coverage required by this Agreement. CONSULTANT's utilization of self-insurance shall not in any way limit the liabilities assumed by CONSULTANT pursuant to this Agreement.

(8) *Self-Insured Retentions.* Self-insured retentions must be declared to and approved by the CITY.

- c. *Verification of Coverage.* At the time CONSULTANT executes this Agreement, CONSULTANT shall provide the CITY with original Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting the insurance coverage required by this Agreement), which shall meet all requirements under this Agreement. The CITY reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by this Agreement, at any time.
- d. *Special Risks or Circumstances.* The CITY reserves the right, at any point during the term of this Agreement, to modify the insurance requirements in this Agreement, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.
- e. *No Limitation of Obligations.* The insurance requirements in this Agreement, including the types and limits of insurance coverage CONSULTANT must maintain, and any approval of such insurance by the CITY, are not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by CONSULTANT pursuant to this Agreement, including but not limited to any provisions in this Agreement concerning indemnification.
- f. Failure to comply with any of the insurance requirements in this Agreement, including, but not limited to, a lapse in any required insurance coverage during the term of this Agreement, shall be a material breach of this Agreement. In the event that CONSULTANT fails to comply with any such insurance requirements in this Agreement, in addition to any other remedies the CITY may have, the CITY may, at its sole option, (i) immediately terminate this Agreement; or (ii) order CONSULTANT to stop work under this Agreement and/or withhold any payment that becomes due to CONSULTANT until CONSULTANT demonstrates compliance with the insurance requirements in this Agreement.

8. Indemnification, Duty to Defend, and Hold Harmless.

- a. CONSULTANT (including CONSULTANT's agents, employees, and subcontractors, if any) shall indemnify, defend, and hold harmless the CITY, its officials, officers, agents, employees, and volunteers from and against any and all claims, demands, actions, causes of action, proceedings (including but not limited to legal and administrative proceedings of any kind), suits, fines, penalties, judgments, orders, levies, costs, expenses, liabilities, losses, damages, or injuries, in law or equity, including without limitation the payment of all consequential damages and attorney's fees and other related litigation costs and expenses (collectively, "Claims"), of every nature caused by, arising out of, or in connection with CONSULTANT's performance of the Services or its failure to comply with any of its obligations contained in this Agreement, except where caused by the active negligence, sole negligence, or willful misconduct of the CITY.
- b. CONSULTANT (including CONSULTANT's agents, employees, and subcontractors, if any) shall indemnify, defend, and hold harmless the CITY, its officials, officers, agents, employees, and volunteers from and against any and all Claims caused by, arising under, or resulting from any violation, or claim of violation, of the San Diego Municipal Storm Water Permit (Order No. R9-2013-0001, as amended) of the California Regional Water Quality Control Board, Region 9, San Diego, that the CITY might suffer, incur, or become subject to by reason of, or occurring as a result of, or allegedly caused by, any work performed pursuant to this Agreement.
- c. All terms and provisions within this Section 8 shall survive the termination of this Agreement.

9. Anti-Assignment Clause. Because the CITY has relied on the particular skills of CONSULTANT in entering into this Agreement, CONSULTANT shall not assign, delegate, subcontract, or otherwise transfer any duty or right under this Agreement, including as to any portion of the Services, without the CITY's prior written consent. Any purported assignment, delegation, subcontract, or other transfer made without the CITY's consent shall be void and ineffective. Unless CONSULTANT assigns this entire Agreement, including all rights and duties herein, to a third party with the CITY's prior written consent, CONSULTANT shall be the sole payee under this Agreement. Any and all payments made pursuant to the terms of this Agreement are otherwise not assignable.
10. Attorney's Fees and Costs. In any action to enforce the terms and conditions of this Agreement, the prevailing Party shall be entitled to reasonable attorney's fees and costs.
11. Independent Contractor. CONSULTANT is an independent contractor, and no agency or employment relationship is created by the execution of this Agreement.
12. Amendment. This Agreement shall not be amended except in a writing signed by the CITY and CONSULTANT.
13. Merger Clause. This Agreement, together with its attachments or other documents described or incorporated herein, if any, constitutes the entire agreement and understanding of the CITY and CONSULTANT concerning the subject of this Agreement and supersedes and replaces all prior negotiations, understandings, or proposed agreements, written or oral, except as otherwise provided herein. In the event of any conflict between the provisions of this Agreement and any of its attachments or related documents, if any, the provisions of this Agreement shall prevail.
14. Anti-Waiver Clause. None of the provisions of this Agreement shall be waived by the CITY because of previous failure to insist upon strict performance, nor shall any provision be waived because any other provision has been waived by the CITY, in whole or in part.
15. Severability. This Agreement shall be performed and shall be enforceable to the full extent allowed by applicable law, and the illegality, invalidity, waiver, or unenforceability of any provision of this Agreement shall not affect the legality, validity, applicability, or enforceability of the remaining provisions of this Agreement.
16. Governing Law. This Agreement and all rights and obligations arising out of it shall be construed in accordance with the laws of the State of California. Venue for any action arising from this Agreement shall be conducted only in the state or federal courts of San Diego County, California.
17. Counterparts. This Agreement may be executed on separate counterparts, each of which shall be an original and all of which taken together shall constitute one and the same instrument. Delivery of an executed signature page of this Agreement by electronic means, including an attachment to an email, shall be effective as delivery of an executed original. The Agreement on file with the City is the copy of the Agreement that shall take precedence if any differences exist between or among copies or counterparts of the Agreement.
18. Provisions Cumulative. The foregoing provisions are cumulative to, in addition to, and not in limitation of any other rights or remedies available to the CITY.
19. Notice. Any statements, communications, or notices to be provided pursuant to this Agreement shall be sent to the attention of the persons indicated herein, and the CITY and CONSULTANT shall promptly provide the other Party with notice of any changes to such contact information.

20. Business License. CONSULTANT shall obtain a City of Escondido Business License prior to execution of this Agreement and shall maintain such Business License throughout the term of this Agreement.
21. Compliance with Laws, Permits, and Licenses. CONSULTANT shall keep itself informed of and comply with all applicable federal, state, and local laws, statutes, codes, ordinances, regulations, rules, and other legal requirements in effect during the term of this Agreement. CONSULTANT shall obtain any and all permits, licenses, and other authorizations necessary to perform the Services. Neither the CITY, nor any elected or appointed boards, officers, officials, employees, or agents of the CITY, shall be liable, at law or in equity, as a result of any failure of CONSULTANT to comply with this section.
22. Prevailing Wages. If applicable, pursuant to California Labor Code section 1770 et seq., CONSULTANT agrees that a prevailing rate and scale of wages, in accordance with applicable laws, shall be paid in performing this Agreement. CONSULTANT shall keep itself informed of and comply with all applicable federal, state, and local laws, statutes, codes, ordinances, regulations, rules, and other legal requirements pertaining to the payment of prevailing wages. The prevailing rate and scale to be paid shall be the same as the applicable "General Prevailing Wage Determination" approved by the Department of Industrial Relations as of the Effective Date of this Agreement, which are available online at <http://www.dir.ca.gov/oprl/dprevwagedetermination.htm> and incorporated into this Agreement by this reference. Neither the CITY, nor any elected or appointed boards, officers, officials, employees, or agents of the CITY, shall be liable, at law or in equity, as a result of any failure of CONSULTANT to comply with this section.
23. Department of Industrial Relations Compliance. This public project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. CONSULTANT shall post all job site notices required by regulation. CONSULTANT, as well as any subcontractors, shall be registered pursuant to California Labor Code section 1725.5 to be qualified to bid on, be listed in a bid proposal (subject to the requirements of Public Contract Code section 4104), or engage in the performance of any public works contract subject to the requirements of Division 2, Part 7, Chapter 1 of the California Labor Code. Neither the CITY, nor any elected or appointed boards, officers, officials, employees, or agents of the CITY, shall be liable, at law or in equity, as a result of any failure of CONSULTANT to comply with this section.
24. Immigration Reform and Control Act of 1986. CONSULTANT shall keep itself informed of and shall comply with the Immigration Reform and Control Act of 1986 ("IRCA"). CONSULTANT represents and warrants that all of its employees and the employees of any subcontractor retained by CONSULTANT who perform any of the Services under this Agreement, are and will be authorized to perform the Services in full compliance with the IRCA. CONSULTANT affirms that as a licensed contractor and employer in the State of California, all new employees must produce proof of eligibility to work in the United States within the first three days of employment and that only employees legally eligible to work in the United States will perform the Services. CONSULTANT agrees to comply with the IRCA before commencing any Services, and continuously throughout the performance of the Services and the term of this Agreement.
25. Effective Date. Unless a different date is provided in this Agreement, the effective date of this Agreement shall be the latest date of execution set forth by the names of the signatories below.

This approval covers any project for which your agency is required by state statute to have an approved LCP, including a project subject to the requirements of Section 75075 of the Public Resources Code (public works projects funded by Proposition 84).

An LCP must comply with the requirements of Title 8, California Code of Regulations, sections 16421 through 16439, as well as with all other statutes and regulations pertaining to the monitoring and enforcement of the state's prevailing wage requirements. Among other things, your agency must file an annual report in accordance with the requirements of section 16431 of the regulations, regardless of whether your LCP has conducted any monitoring or enforcement during the preceding year. The annual reporting period is July 1 through June 30, and annual reports are due by no later than August 31.

Please also note that Labor Code section 1773.3 requires your agency to notify the Department of Industrial Relations (DIR) within thirty (30) days of the award, but in no event later than the first day in which a contractor is employed on the public work. The awarding body must complete the PWC-100 form online at <https://www.dir.ca.gov/pwc100ext/>.

I. INTRODUCTION

- A. The City of Escondido Utilities Department issues this Labor Compliance Program (LCP) manual for the purpose of identifying its policy relative to the responsibilities and procedures applicable to the labor compliance provisions of State and Federally-funded construction contracts.
- B. California Labor Code Section 1770 et seq. and various other statutes require that building trade contractors on public works projects pay their workers based upon prevailing wage rates established and issued by the Department of Industrial Relations (DIR), Office of Policy Research and Legislation (OPRL).
- C. In establishing this LCP, City of Escondido Utilities Department adheres to the statutory requirements as outlined in Section 1771.5(b) of the Labor Code and the provisions contained in California Code of Regulations Section 16000 et seq.
- D. It is the intent of City of Escondido Utilities Department to actively enforce this LCP on all projects required by statute to enforce or contract to enforce a LCP that contains or meets the requirements of Labor Code Section 1771.5. Should any applicable Labor Code or Code of Regulations undergo revision or deletion, CITY OF ESCONDIDO will modify that portion of the program to comply with the modified or deleted sections.
- E. Questions regarding City of Escondido Utilities Department LCP Program should be directed to:

II. PUBLIC WORKS SUBJECT TO PREVAILING WAGE LAWS

- A. State prevailing wage rates apply to all public works contracts valued over \$1,000, as set forth in Labor Code Section 1771 et seq., including, but not limited to, such types of work as construction, alteration, demolition, installation or repair, work, as set forth in Labor Code Sections 1720 et seq. The Director of Industrial Relations determines, from time to time, the appropriate prevailing wage rates for particular construction trades and crafts by county and publishes those determinations through the Office of Policy Research and Legislation (OPRL).
- B. **Types of Contracts to Which Prevailing Wage Requirements Apply**

Whenever an Awarding Agency is required by statute to enforce or contract to enforce a Labor Compliance Program that contains or meets the requirements of Labor Code Section 1771.5, the Awarding Agency must have its own program that has been approved by the Director pursuant to Code of Regulations Section 16425.
- C. A list of statutes that require Awarding Agencies to have a Labor Compliance Program as a condition of project authorization, project funding, or use of specified contracting authority shall be maintained on the Department of Industrial Relations' website.

III. COMPETITIVE BIDDING ON PUBLIC WORKS CONTRACTS

Awarding Bodies publicly advertise upcoming public works projects to be awarded according to a competitive bidding process. All bid advertisements or bid invitations and all construction contracts shall contain appropriate language concerning the requirements of the Public Works chapter of the Labor Code, comprised of Labor Code Sections 1720- 1861.

IV. COMPOSITION, COMPONENTS AND RESPONSIBILITIES OF LABOR COMPLIANCE PROGRAM

- A. In accordance with the California Labor Code and California Code of Regulations, a Labor Compliance Program shall include, but not be limited to, the following requirements:
- (1) The Call for Bids, Design-Build Request, and the contract or purchase order shall contain appropriate language concerning the requirements of Chapter 1 of Part 7 of Division 2 of the Labor Code.
 - (2) A pre-job conference shall be conducted before commencement of the work with contractors and subcontractors listed in the bid or who are required to be identified or prequalified in a Design-Build Contract. At the pre-job conference applicable federal and state labor law requirements shall be discussed, and copies of suggested reporting forms furnished. A checklist, showing which federal and state labor law requirements were discussed, shall be kept for each conference. A checklist in the format of Appendix A presumptively meets this requirement.
 - (3) A requirement that certified payroll records be kept by the contractor in accordance with Labor Code Section 1776 and furnished to the Labor Compliance Program at times designated in the contract, which shall be at least monthly, or within 10 days of any request by the Awarding Body. Use of the current version of DIR's "Public Works Payroll Reporting Form" (A-1-131) and Statement of Employer Payments (PW26) constitute presumptive compliance with the requirement for certified payroll records kept in accordance with Labor Code Section 1776, provided the forms are filled out accurately and completely. These suggested forms are available from the Department of Industrial Relations.
 - (4) A program for orderly review of payroll records and, if necessary, for audits to verify compliance with the requirements of Chapter 1 of Part 7 of Division 2 of the Labor Code.
 - (5) A prescribed routine for withholding penalties, forfeitures, and underpayment of wages for violations of the requirements of Chapter 1 of Part 7 of Division 2 of the Labor Code.
 - (6) All contracts to which prevailing wage requirements apply shall include a provision that contract payments shall not be made when payroll records are delinquent or inadequate.
 - (7) The Labor Compliance Program shall review and, if appropriate, audit payroll records to verify compliance with the requirements of Chapter 1 of Part 7 of Division 2 of the Labor Code.
 - (8) The awarding body shall, with the approval of the Labor Commissioner, withhold contract payments equal to the amount of underpayment and applicable penalties when, after investigation, it is established that underpayment has occurred.
 - (9) The awarding body shall comply with any other prevailing wage monitoring and enforcement activities that are required to be conducted by labor compliance programs by the Department of Industrial Relations.

B. Duty of the Awarding Agency

The Awarding Agency, pursuant to its approved LCP, has a duty to the Director of the Department of Industrial Relations to ensure compliance of contractors and enforce the Public Works Chapter of the Labor Code and Title 8 of the Code of Regulations in a manner consistent with the practice of the Labor Commissioner. The LCPR for the Awarding Agency will maintain records relating to activities and relevant facts that pertain to each project that demonstrates that reasonable and sufficient efforts have been made to enforce prevailing wage requirements.

- C. Nothing in this section shall be construed as limiting the responsibility and authority of an Awarding Body to take cognizance of prevailing wage violations under Section 1726 of the Labor Code and take any appropriate action pursuant to and in accordance with that responsibility and authority.

- D. It is the responsibility of a Labor Compliance Program to enforce prevailing wage requirements, consistent with the policy of the state as expressed in Labor Code Section 90.5(a). A Labor Compliance Program shall take reasonable, vigorous, and prompt action to (1) determine whether violations exist, and (2) enforce compliance, including through imposition of appropriate penalties and formal enforcement action, when violations are found. A Labor Compliance Program shall neither avoid use of its enforcement authority based on cost considerations nor shall it use that authority in an unreasonable manner to gain leverage over a contractor or subcontractor. Unreasonable use of enforcement authority includes, but is not necessarily limited to, prolonged or excessive withholdings of contract payments without making a determination that a violation has occurred.
- E. For each public work project subject to a Labor Compliance Program's enforcement of prevailing wage requirements, a separate, written summary of labor compliance activities and relevant facts pertaining to that particular project shall be maintained. That summary shall demonstrate that reasonable and sufficient efforts have been made to enforce prevailing wage requirements consistent with the practice of the Labor Commissioner. Appendix C following this section provides a suggested format for tracking and monitoring enforcement activities. Compliance records for a project shall be retained until the later of (1) at least one year after the acceptance of the public work or five years after the cessation of all labor on a public work that has not been accepted, or (2) one year after a final decision or judgment in any litigation under Labor Code Section 1742. For purposes of this section, a written summary or report includes information maintained electronically, provided that the summary or report can be printed out in hard copy form or is in an electronic format that (1) can be transmitted by e-mail or compact disk and (2) would be acceptable for the filing of documents in a federal or state court of record within this state.
- F. The Labor Commissioner may provide, sponsor, or endorse training on how to enforce prevailing wage requirements, including but not necessarily limited to the subjects of (1) ascertaining prevailing wage requirements and rates from the Division of Labor Statistics and Research, (2) monitoring and investigation under section 16432 above, (3) enforcement responsibilities under this section and sections 16435-16439 below, and (4) procedural requirements and responsibilities as an enforcing agency under Labor Code sections 1741-1743 and 1771.6 and sections 17201-17270 of Title 8 of the California Code of Regulations.
- G. The failure of an Awarding Body or Labor Compliance Program to comply with any requirement imposed by this subchapter shall not of itself constitute a defense to the failure to pay prevailing wages or to comply with any other obligation imposed by Chapter 1 (commencing with Section 1720), Part 7, Division 2 of the Labor Code.
- H. **Filing of Statements of Economic Interest (FPPC Form 700) by Designated Employees and Consultants of Labor Compliance Program.**
- (1) An Awarding Body that operates either its own labor compliance program or that contracts with a third party to operate all or part of its labor compliance program shall determine and designate those employees and consultants of the program who participate in making governmental decisions for the Awarding Body within the meaning of Title 2, California Code of Regulations, sections 18700 - 18702.4. Those designated employees and consultants shall be required to file Statements of Economic Interest (FPPC Form 700) and to comply with other applicable requirements of the Political Reform Act (commencing with Section 87100 of the Government Code) in connection with work performed on behalf of the Awarding Body.
 - (2) Designated employees and consultants who operate or are employed by a third party labor compliance program shall file their Statements of Economic Interest (FPPC Form 700) with the filing officer of each Awarding Body with which the third party program contracts, unless the Department of Industrial Relations or the Fair Political Practices Commission specifies a different or alternative filing location.
- I. **Annual Report**
- (1) The Labor Compliance Program shall submit to the Director an annual report on its operation by no later than August 31 of each year. The annual report shall cover the twelve month period commencing on July

- 1 of the preceding calendar year and ending on June 30 of the year in which the report is due. For good cause, the Director may authorize a Labor Compliance Program to use a different reporting period and provide for the annual report to be due no later than 60 days following the close of that reporting period.
- (2) The annual report shall be made on the appropriate form [LCP-AR1, LCP-AR2, or LCP-AR3], for the type of Labor Compliance Program that is submitting the report, unless the Director has agreed to a different reporting format for a Program that has been granted extended authority under section 16427 above. A third party Labor Compliance Program that contracted with more than one Awarding Body or Joint Powers Authority during the annual reporting period shall separately report on Labor Code Section 1771.5(b) enforcement activities for each Awarding Body or Joint Powers Authority covered by the report.
 - (3) Information in the Annual Report shall be reported in sufficient detail to afford a basis for evaluating the scope and level of enforcement activity of the Labor Compliance Program. An annual report shall also include such additional information as the Labor Compliance Program may be required to report as a condition of its approval.

V. JOB CONFERENCE MEETING

A. Agenda

A Pre-Job conference meeting shall be held prior to the start of construction with all contractors and subcontractors. At that meeting, the Labor Compliance Program Representative (LCPR) will discuss applicable State and Federal labor law requirements applicable to the contract and will provide the contractor and each attending subcontractor with a Checklist of Labor Law Requirements which addresses:

- (5) The prohibition against employment discrimination under Labor Code Sections 1735 and 1777.6; the Government Code; and Title VII of the Civil Rights Act of 1964, as amended;

subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public work contract that is subject to the requirements of this chapter. For the purposes of this section, "contractor" includes a subcontractor as defined by Section 1722.1.

- B. The contractor(s) and subcontractor(s) present at the meeting will be given the opportunity to ask questions of the LCPR relative to any of the Labor Law Requirements Checklist. The Checklist of Labor Law Requirements will then be signed by the attending contractor and subcontractor representatives and submitted to the LCPR. At the Pre-job conference the LCPR will provide the General Contractor (GC), or in the case of multi-prime Construction Management (CM) project, the Construction Manager, with two (2) copies of applicable Prevailing Wage Rate Determinations. All attending contractors and subcontractors shall be provided with instructions, samples and blank certified payroll record forms, DAS-140 form, fringe benefit statements, State apprenticeship requirements, and appropriate reference materials regarding Labor Code authorities for program requirements. Box 603 San Francisco, CA 94101, ATTENTION: Prevailing Wage Unit.
- (2) Acceptance of any other format shall be conditioned upon the requirement that the alternate format contain all of the information required pursuant to Labor Code Section 1776. If, however, the contractor does not comply with the provisions of Labor Code Section 1776, the Labor Commissioner may require the use of DIR's suggested format, "Public Works Payroll Reporting Form" (Form A-1-131).
- (3) Words of Certification. The form of certification shall be as follows: I, _____ (Name-print) the undersigned, am _____ (position in business) with the authority to act for and on behalf of _____, (name of business and/or contractor) certify under penalty of perjury that the records or copies thereof submitted and consisting of _____ (description, no. of pages) are the originals or true, full and correct copies of the originals which depict the payroll record(s) of the actual disbursements by way of cash, check, or whatever form to the individual or individuals named.
Date: _____ Signature: _____
- (4) A public entity may require a more strict and/or more extensive form of certification.

D. Cost of Preparation of Records Requested (CCR 16402)

Where records are requested by other than the Awarding Agency and its LCPR, the Division of Labor Standards Enforcement (DLSE), the Division of Apprenticeship Standards or the worker, the cost of preparation to each contractor, subcontractor, or public entity when the request was made shall be provided in

advance by the person seeking the payroll record. Such cost shall be \$1 for the first page of the payroll record and 25 cents for each page thereafter, plus \$10 to the contractor or subcontractor for handling costs. Payment in the form of cash, check or certified money order shall be made prior to release of the documents to cover the actual costs of preparation.

E. Use of Electronic Reporting Forms (CCR 16404)

Certified payroll records required by Labor Code Section 1776 may be maintained and submitted electronically, subject to the following conditions:

- (1) Reports must contain all of the information required by Labor Code Section 1776;
- (2) Information must be organized in a manner that is similar or identical to the Department of Industrial Relations "Public Works Payroll Reporting Form" (Form A-1-131);
- (3) Reports shall be in a format and use software that is readily accessible and available to Contractors, Awarding Bodies, Labor Compliance Programs and the Department of Industrial Relations;
- (4) Reports must be in the form of a non-modifiable image or record; and
- (5) Reports must bear an electronic signature or include a copy of an original certification made on paper or printed out and submitted on paper with an original signature.
- (6) No contractor or subcontractor shall be mandated to submit or receive electronic reports when it otherwise lacks the resources or capacity to do so, nor shall any contractor or subcontractor be required to purchase or use proprietary software that is generally not available to the public.

F. Submission of Certified Payroll Records (CCR 16421(a)(3))

Certified payroll records shall be kept by the contractor in accordance with Labor Code Section 1776 and furnished to the Labor Compliance Program at times designated in the contract, which shall be at least monthly, or within 10 days of any request by the Awarding Body. Use of the current version of DIR's "Public Works Payroll Reporting Form" (A-1-131) and Statement of Employer Payments (PW26) constitute presumptive compliance with the requirement for certified payroll records kept in accordance with Labor Code Section 1776, provided the forms are filled out accurately and completely. These suggested forms are available from the Department of Industrial Relations.

G. Full Accountability

- (1) The name, address and social security number of every individual, laborer or craftsperson working at the project site must appear on the payroll. The basic concept is that the employer who pays the trade's worker must report that individual on its payroll. This includes individuals working as apprentices in an apprenticeable craft. Licensed Owner-operators under contract shall report their own wages as provided herein. Non-licensed Owner-Operators or those operating on a basis other than a formal contract shall be reported by the contractor employing them. Rental equipment operators are to be reported by the rental company paying the workers' wages.
- (2) Sole owners and partners who work on a contract must also submit a certified payroll record listing the days and hours worked, and the trade classification descriptive of the work actually done.
- (3) Contractors and subcontractors shall make the records required under this section available for inspection by the LCPR, an authorized representative of the Awarding Agency, or the DLSE and the Division of Apprenticeship Standards of the DIR, and shall permit such representatives to interview trades workers during working hours on the project site

H. Responsibility for Subcontractors

A contractor shall be responsible for ensuring adherence to labor standards provisions by its subcontractor(s) in accordance with Labor Code Sections 1725.5, 1771.4, 1774, 1775, 1776, 1777.5 and 1777.7.

I. Payment to Employees

Employees must be paid unconditionally, and not less often than once every two weeks, the full amounts that are due and payable for the period covered by the particular payday. An employer must, therefore, establish a fixed workweek (e.g., Sunday through Saturday) and an established payday such as every Friday or the preceding day should such payday fall on a holiday. On each and every payday, each worker must be paid all sums due as of the end of the preceding workweek and must be provided with an itemized wage statement.

J. Subcontractors

If an individual is called a subcontractor, when, in fact, he/she is merely a journey-level mechanic supplying only his/her labor, such an individual would not be deemed a bona fide subcontractor and must be reported on the payroll of the prime contractor who contracted for his or her services as a trade worker. Moreover, any person who does not hold a valid contractor's license cannot be a subcontractor, and anyone hired by that person is the worker or employee of the general contractor who contracted for his or her services for purposes of prevailing wage requirements, certified payroll reporting and workers' compensation laws.

K. Required Wage Rates and Overtime

A worker's rate for straight time hours must equal or exceed the rate specified in the contract by reference to the Prevailing Wage Rate Determinations for the class of work actually performed. Any work performed on Saturday, Sunday, and/or a holiday, or a portion thereof, must be paid the prevailing rate established for those days regardless of the fixed workweek. The hourly rate for hours worked in excess of 8 hours in a day or 40 hours in a workweek shall be premium pay. All work performed in excess of 8 hours per day, 40 hours per week, on Saturday, on Sunday, and on holidays shall be paid in accordance with the applicable Prevailing Wage Determination

L. Apprentices

- (1) Apprentices shall be permitted to work as such only when they are registered, individually, under a bona fide Apprenticeship program registered with a State apprenticeship agency that is recognized by the State Division of Apprenticeship Standards (DAS).
- (2) Pursuant to Labor Code Section 1777.5 and Code of Regulations (CCR) Section 1, apprentices on public works must be employed according to the ratio set by the apprenticeship standards under which each Joint Apprenticeship Committee operates, the ratio of work performed by apprentices to journeymen employed in a particular craft or trade on the public work may be no higher than the ratio stipulated in the apprenticeship standards under which the apprenticeship program operates but in no case shall the ratio be less than one (1) apprentice hour to each five (5) journeyman hours.
- (3) Any worker listed on payroll records at an apprentice wage rate who is not a duly registered apprentice, works in excess of the stipulated ratios permitted under Labor Code section 1777.5(g), works outside of the scope of work for the craft/trade for which they are registered or perform work outside of the prescribed geographic area of the apprenticeship program is not qualified to receive the apprentice rate and shall be paid the journeyman level wage rate determined by the Department of Industrial Relations for the classification of and locality in which the work was actually performed.
- (4) If requested by the LCPR, the contractor shall furnish written evidence of the Apprenticeship Agreement, Statement of Registration of its training program and apprentices, as well as the ratios allowed and the wage rates required to be paid.
- (5) Pre-apprentice trainees, trainees in non-apprenticeable crafts, and others who are not duly registered will not be permitted on public works projects unless they are paid full prevailing wage rates as journeymen.
- (6) Compliance with California Labor Code Section 1777.5 requires all public works contractors and subcontractors to:
 - a. Provide specified contract award information to an applicable apprenticeship program for each applicable apprenticeable craft (Labor Code Section 1777.5 (e));

- b. All contractors must request dispatch of an apprentice from an apprenticeship program (for each apprenticeable craft or trade) by giving the program actual notice of at least 72 hours (business days only) before the date on which apprentices are required. If the apprenticeship committee from which apprentice dispatch are requested does not dispatch apprentices as requested, the contractor must request apprentice dispatch from another committee providing training in the applicable craft or trade in the geographic area of the site of the public work, and must request apprentice dispatch from each such committee, either consecutively or simultaneously, until the contractor has requested apprentice dispatches from each such committee in the geographic area.
 - c. Employ apprentices on public works projects in a ratio to journeypersons as stipulated in the Apprenticeship Standards under which each Joint Apprenticeship Committee operates, but in no case shall the ratio be less than one (1) apprentice to each five (5) journeyperson hours unless a Certificate of Exemption is provided to the LCPR for the Awarding Agency; and
 - d. Contribute to the training fund in the amount identified in the prevailing wage rate publication for journeypersons and apprentices. Where the trust fund administrators cannot accept the contributions, then payment shall be made to the California Apprenticeship Council, P. O. Box 511283, Los Angeles, California 90051-7838.
- (7) It should be noted that a prior approval for a separate project does not confirm approval to train on any project. The contractor/subcontractor must check with the applicable Joint Apprenticeship Committee to verify status.

VII. ENFORCEMENT

A. Duty of the Awarding Agency and LCP

- (1) The Awarding Agency, pursuant to its approved LCP, has a duty to the Director of the Department of Industrial Relations to ensure compliance of contractors and enforce the Public Works Chapter of the Labor Code and Title 8 of the Code of Regulations in a manner consistent with the practice of the Labor Commissioner. The LCPR for the Awarding Agency will maintain records relating to activities and relevant facts that pertain to each project that demonstrates that reasonable and sufficient efforts have been made to enforce prevailing wage requirements.
- (2) Nothing in this section shall be construed as limiting the responsibility and authority of an Awarding Body to take cognizance of prevailing wage violations under Section 1726 of the Labor Code and take any appropriate action pursuant to and in accordance with that responsibility and authority. The LCPR shall take reasonable, vigorous, and prompt action to (1) determine whether violations exist, and (2) enforce compliance, including through imposition of appropriate penalties and formal enforcement action, when violations are found. A Labor Compliance Program shall neither avoid use of its enforcement authority based on cost considerations nor shall it use that authority in an unreasonable manner to gain leverage over a contractor or subcontractor. Unreasonable use of enforcement authority includes, but is not necessarily limited to, prolonged or excessive withholdings of contract payments without making a determination that a violation has occurred.
- (3) [CCR 16432(a)] The primary function of the Labor Compliance Program is to ensure that public works contractors comply with the prevailing wage requirements found in the Public Works Chapter of the Labor Code. This regulation is intended to establish minimum requirements which all Labor Compliance Programs shall meet or exceed in carrying out that function. Definitions found throughout this regulation are intended to provide Labor Compliance Programs and representatives of the Department of Industrial Relations and the Division of Labor Standards Enforcement with common terminology as they each perform their respective roles in prevailing wage enforcement in furtherance of the Labor Code provisions establishing Labor Compliance Programs. This regulation is also intended to confirm that the proactive investigation methods, as described in detail herein, only comprise the minimum obligations required of Labor Compliance Programs to satisfy their duty to the Director to operate a Labor Compliance Program as specified in CCR Sections 16428 and 16434.

- (4) A Labor Compliance Program shall have a duty to the Director to enforce the requirements of Chapter 1 of Part 7 of Division 2 of the Labor Code and these regulations in a manner consistent with the practice of the Labor Commissioner. It is the practice of the Labor Commissioner to refer to the Director's ongoing advisory service of web-posted public works coverage determinations as a source of information and guidance in making enforcement decisions. It is also the practice of the Labor Commissioner to be represented by an attorney in prevailing wage hearings conducted pursuant to Labor Code Section 1742(b) and sections 17201-17270 of Title 8 of the California Code of Regulations. (CCR 16434(a)).
- (5) The failure of an Awarding Body or Labor Compliance Program to comply with any requirement imposed by this subchapter shall not of itself constitute a defense to the failure to pay prevailing wages or to comply with any other obligation imposed by Chapter 1 (commencing with Section 1720), Part 7, Division 2 of the Labor Code.

B. Request for Certified Payroll Records

- (1) Requests may be made by any person for certified copies of payroll records. Requests shall be made to any of the following:
 - a. the body awarding the contract, or
 - b. any office of the Division of Labor Standards Enforcement, or the Division of Apprenticeship Standards.
- (2) Requests for certified copies of payroll records pursuant to Section 1776 of the Labor Code may be made by any person. However, any such request shall be in writing and contain at least the following information:
 - a. The body awarding the contract;
 - b. The contract number and/or description;
 - c. The particular job location if more than one;
 - d. The name of the contractor;
 - e. The regular business address, if known.
- (3) Requests for records of more than one contractor or subcontractor must list the information regarding that contractor individually, even if all requests pertain to the same particular public works project. Blanket requests covering an entire public works project will not be accepted; unless contractor and subcontractor responsibilities regarding the project are not clearly defined.
- (4) Acknowledgment of Request. The public entity receiving a request for payroll records shall acknowledge receipt of such, and indicate the cost of providing the payroll records based on an estimate by the contractor, subcontractor or public entity. The acknowledgment of the receipt of said request for payroll records may be accomplished by the public entity's furnishing a copy of its written correspondence requesting certified copies of the payroll records sent to the specific contractor pursuant to Section 16400(d) below, to the person who requested said records.
- (5) Request to Contractor. The request for copies of payroll records by the requesting public entity shall be in any form and/or method which will assure and evidence receipt thereof. The request shall include the following:
 - a. Specify the records to be provided and the form upon which the information is to be provided;
 - b. Conspicuous notice of the following:
 - (i) that the person certifying the copies of the payroll records is, if not the contractor, considered as an agent acting on behalf of the contractor; and
 - (ii) that failure to provide certified copies of the records to the requesting public entity within 10 working days of the receipt of the request will subject the contractor to a penalty of one-hundred (\$100.00) dollars per calendar day or portion thereof for each worker until strict compliance is effectuated;
 - (iii) Cost of preparation as provided in Section 16402; and
 - (iv) Provide for inspection.

- (6) Inspection of Payroll Records. Inspection of the original payroll records at the office of the contractor(s) pursuant to subdivision (b) of Section 1776 of the Labor Code shall be limited to the public entities upon reasonable written or oral notice.
- (7) In the conduct of investigations reasonably required to undertake its responsibilities as set forth in CCR Section 16421, the LCPR shall request such additional records as may reasonably be required for that purpose, to include but not limited to those enumerated within CCR Section 16000.
- (8) The request for copies of payroll records by the LCPR shall be in any form and/or method which will assure and evidence receipt thereof. The request shall include the following: (i) Specify the records to be provided and the form upon which the information is to be provided; (ii) Conspicuous notice that the person certifying the copies of the payroll records is, if not the contractor, considered as an agent acting on behalf of the contractor; and; (iii) that failure to provide certified copies of the records to the requesting public entity within 10 working days of the receipt of the request will subject the contractor to a penalty of one hundred (\$100.00) dollars per calendar day or portion thereof for each worker until strict compliance is effectuated and; provide for inspection, where feasible.

C. Records Requested for Use by the Labor Compliance Program

Where records are requested from a contractor or subcontractor by the Awarding Agency's LCPR in the normal course of its duties, those records shall be provided to the LCPR un-redacted and without cost.

D. Privacy Considerations (CCR 16403)

- (1) Records received from the employing contractor shall be kept on file in the office or entity that processed the request for at least 6 months following completion and acceptance of the project. Thereafter, they may be destroyed unless administrative, judicial or other pending litigation, including arbitration, mediation or other methods of dispute resolution, are in process. Copies on file shall not be obliterated in the manner prescribed in subdivision (b) below;
- (2) Copies provided to the public upon written request shall be marked, obliterated or provided in such a manner that the name, address and Social Security number, and other private information pertaining to each employee cannot be identified. All other information including identification of the contractor shall not be obliterated;
- (3) the public entity may affirm or deny that a person(s) was or is employed on a public works contract (by a specific contractor) when asked, so long as the entity requires such information of an identifying nature which will reasonably preclude release of private or confidential information.

E. Withholding Contract Payments When Payroll Records are Delinquent or Inadequate (CCR § 16435)

- (1) "Withhold" means to cease payments by the Awarding Body, or others who pay on its behalf, or agents, to the general contractor. Where the violation is by a subcontractor, the general contractor shall be notified of the nature of the violation and reference made to its rights under Labor Code Section 1729.
- (2) "Contracts." Except as otherwise provided by agreement, only contracts under a single master contract, including a Design-Build contract, or contracts entered into as stages of a single project, may be the subject of withholding.
- (3) "Delinquent payroll records" means those not submitted on the date set in the contract.
- (4) "Inadequate payroll records" are any one of the following:
 - a. A record lacking any of the information required by Labor Code Section 1776;

- b. A record which contains all of the required information but is not certified, or is certified by someone who is not an agent of the contractor or subcontractor;
 - c. A record remaining uncorrected for one payroll period, after the Labor Compliance Program has given the contractor or subcontractor notice of inaccuracies detected by audit or record review. However prompt correction will stop any duty to withhold if such inaccuracies do not amount to 1 percent of the entire Certified Weekly Payroll in dollar value and do not affect more than half the persons listed as workers employed on that Certified Weekly Payroll, as defined in Labor Code Section 1776 and section 16401 of Title 8 of the California Code of Regulations.
- (5) The withholding of contract payments when payroll records are delinquent or inadequate is required by Labor Code Section 1771.5(b)(5), and it does not require the prior approval of the Labor Commissioner. The Awarding Body shall only withhold those payments due or estimated to be due to the contractor or subcontractor whose payroll records are delinquent or inadequate, plus any additional amount that the Labor Compliance Program has reasonable cause to believe may be needed to cover a back wage and penalty assessment against the contractor or subcontractor whose payroll records are delinquent or inadequate; provided that a contractor shall be required in turn to cease all payments to a subcontractor whose payroll records are delinquent or inadequate until the Labor Compliance Program provides notice that the subcontractor has cured the delinquency or deficiency.
- (6) When contract payments are withheld under this section, the Labor Compliance Program shall provide the contractor and subcontractor, if applicable, with immediate written notice that includes all of the following: (1) a statement that payments are being withheld due to delinquent or inadequate payroll records, and that identifies what records are missing or states why records that have been submitted are deemed inadequate; (2) specifies the amount being withheld; and (3) informs the contractor or subcontractor of the right to request an expedited hearing to review the withholding of contract payments under Labor Code Section 1742, limited to the issue of whether the records are delinquent or inadequate or the Labor Compliance Program has exceeded its authority under this section.
- (7) No contract payments shall be withheld solely on the basis of delinquent or inadequate payroll records after the required records have been produced.
- (8) In addition to withholding contract payments based on delinquent or inadequate payroll records, penalties shall be assessed under Labor Code Section 1776(g) for failure to timely comply with a written request for certified payroll records. The assessment of penalties under Labor Code Section 1776(g) does require the prior approval of the Labor Commissioner under CCR Title 8 Section 1643.

F. On-Site Visits (CCR 16432(d))

- (1) The Awarding Agency's LCPR shall conduct in-person inspections at the site or sites at which the contract for public work is being performed ("On-Site Visits"). On-Site Visits may be undertaken randomly or as deemed necessary by the LCPR, but shall be undertaken during each week that workers are present at sites at which the contract for public work is being performed. All On-Site Visits shall include visual inspection of:
- a. The copy of the determination(s) of the Director of Industrial Relations of the prevailing wage rate of per diem wages required to be posted at each job site in compliance with Labor Code Section 1773.2, and
 - b. The Notice of Labor Compliance Program Approval required to be posted at the job site in accordance with Code of Regulations Section 16429, listing a telephone number to call for inquiries, questions, or assistance with regard to the Labor Compliance Program and/or;
 - c. On each job site that is subject to compliance monitoring and enforcement by the Department of Industrial Relations, the Awarding Agency shall post or require the prime contractor to post a Notice containing the language in Code of Regulations Section 16451(d).
- (2) On-Site Visits may include other activities deemed necessary by the Awarding Agency's LCPR to independently corroborate prevailing wage payments reported on payroll records furnished by contractors and subcontractors.

G. Complaints

Upon receipt of a written complaint alleging that a contractor or subcontractor has failed to pay prevailing wages as required by the Labor Code, the LCPR shall do all of the following:

- (1) Within 15 days after receipt of the complaint, send a written acknowledgment to the complaining party that the complaint has been received and identifying the name, address, and telephone number of the investigator assigned to the complaint;
- (2) Within 15 days after receipt of the complaint, provide the affected contractor with the notice required under Labor Code section 1775(c) if the complaint is against a subcontractor;
- (3) Notify the complaining party in writing of the resolution of the complaint within ten days after the complaint has been resolved by the LCPR;
- (4) Notify the complaining party in writing at least once every 30 days of the status of a complaint that has not been resolved by the LCPR; and
- (5) Notify the complaining party in writing at least once every 90 days of the status of a complaint that has been resolved by the LCPR but remains under review or in litigation before another entity.

H. Review of Certified Payroll Records (CCR Sections 16432(b))

Payroll records furnished by contractors and subcontractors in accordance with section 16421(a)(3) above, and in a format prescribed at section 16401 of Title 8 of the California Code of Regulations, shall be reviewed by the Labor Compliance Program as promptly as practicable after receipt thereof, but in no event more than 30 days after such receipt. "Review" for this purpose shall be defined as inspection of the records furnished to determine if (1) all appropriate data elements identified in Labor Code Section 1776(a) have been reported; (2) certification forms have been completed and signed in compliance with Labor Code Section 1776(b); and (3) the correct prevailing wage rates have been reported as paid for each classification of labor listed thereon, with confirmation of payment in the manner and to the extent described in subpart (c) below.

I. Confirmation of Certified Payroll Records (CCR 16432(c))

- (1) "Confirmation" of payroll records furnished by contractors and subcontractors shall be defined as an independent corroboration of reported prevailing wage payments. Confirmation may be accomplished through worker interviews, examination of paychecks or paycheck stubs, direct confirmation of payments from third party recipients of "Employer Payments" (as defined at section 16000 of Title 8 of the California Code of Regulations), or any other reasonable method of corroboration.
- (2) For each month in which a contractor or subcontractor reports having workers on the project, confirmation of furnished records will be undertaken randomly for at least one worker for at least one weekly period within that month. Confirmation will also be undertaken whenever the Awarding Agency's LCPR receives a complaint or other circumstances or information suggests that payroll records may be inaccurate.

J. Audit of Certified Payroll Records (CCR 16432(e))

- (1) Audits will be conducted by the Awarding Agency's LCPR when it is determined that a violation of the Public Works Chapter of the Labor Code has occurred. Audits shall also be conducted at the request of the Labor Commissioner.
- (2) An audit shall consist of a written summary reflecting prevailing wage deficiencies for each underpaid worker and include any penalties to be assessed under Labor Code Sections 1775 and 1813, as determined by the LCPR, after a comparison and consideration of the best information available as to the actual hours worked, amounts paid and classifications of workers employed in connection with the project. Such available information may include, but is not limited to:
 - a. Worker Interviews;
 - b. Complaints from workers or other interested persons;
 - c. All time cards, cancelled checks, cash receipts, trust fund forms;

- d. All books, documents, schedules, forms, reports, receipts or other evidences which reflect job assignments;
 - e. Work schedules by days and hours; and
 - f. The disbursement by way of cash, check, or in whatever form or manner, of funds to a person(s) by job classification and/or skill pursuant to the public works project.
- (3) The audit record form as provided for in Code of Regulations Section 16432 Appendix B, accompanied by a brief narrative identifying the Bid Advertisement Date of the public work contract, a summary of the nature of the violation and the basis upon which the determination was made, presumptively demonstrates the sufficient detail that will enable the Labor Commissioner to determine the amount, if requested, of forfeiture under Code of Regulations Section 16437, draw reasonable conclusions as to the compliance with the requirements of the Public Works Chapter of the Labor Code and enable accurate computation of underpayments of wages and applicable penalties and forfeitures.

K. Notification and Informal Resolution (CCR 16432(f))

After the Labor Compliance Program has determined that violations of the prevailing wage laws have resulted in the underpayment of wages and an audit has been prepared, notification shall be provided to the contractor and affected subcontractor of an opportunity to resolve the wage deficiency prior to a determination of the amount of forfeiture by the Labor Commissioner pursuant to these regulations. The contractor and affected subcontractor shall be provided at least 10 days following such notification to submit exculpatory information consistent with the "good faith mistake" factors set forth in Labor Code Section 1775(a)(2)(A)(i) and (ii). If, based upon the contractor's submission, the Labor Compliance Program reasonably concludes that the failure to pay the correct wages was a good faith mistake, and has no knowledge that the contractor and affected subcontractor have a prior record of failing to meet their prevailing wage obligations, the Labor Compliance Program shall not be required to request the Labor Commissioner for a determination of the amount of penalties to be assessed under Labor Code Section 1775 if the underpayment of wages to workers is promptly corrected and proof of such payment is submitted to the Labor Compliance Program. For each instance in which a wage deficiency is resolved in accordance with this regulation, the Labor Compliance Program shall maintain a written record of the failure of the contractor or subcontractor to meet its prevailing wage obligation. The record shall identify the public works project, the contractor or affected subcontractor involved, and the gross amount of wages paid to workers to resolve the prevailing wage deficiency; and the record shall also include a copy of the Audit prepared pursuant to subpart (e) above along with any exculpatory information submitted to the Labor Compliance Program by the affected contractor or subcontractor.

L. Withholding Contract Payments When, After Investigation, It Is Established That Underpayment or Other Violation Has Occurred (CCR 16435.5)

- (1) "Withhold" and "contracts" have the same meaning set forth in CCR Sections 16435(a) and 16435(b).
- (2) Where the violation is by a subcontractor, the general contractor shall be notified of the nature of the violation and reference made to its rights under Labor Code Section 1729.
- (3) "Amount equal to the underpayment" is the total of the following determined by payroll review, audit, or admission of contractor or subcontractor:
 - a. The difference between amounts paid workers and the correct General Prevailing Rate of Per Diem Wages, as defined in Labor Code Section 1773, and determined to be the prevailing rate due workers in such craft, classification or trade in which they were employed and the amounts paid;
 - b. The difference between amounts paid on behalf of workers and the correct amounts of Employer Payments, as defined in Labor Code Section 1773.1 and determined to be part of the prevailing rate costs of contractors due for employment of workers in such craft, classification or trade in which they were employed and the amounts paid;
 - c. Estimated amounts of "illegal taking of wages";
 - d. Amounts of apprenticeship training contributions paid to neither the program sponsor's training trust nor the California Apprenticeship Council;
 - e. Estimated penalties under Labor Code Sections 1775, 1776, and 1813.

- (4) The withholding of contract payments when, after investigation, it is established that underpayment or other violations have occurred requires the prior approval of the Labor Commissioner under sections 16436 and 16437 of these regulations.

M. Provisions Relating to the Penalties Under Labor Code Sections 1775, 1776, 1777.7, 1813 and 1741

- (1) Pursuant to Labor Code Section 1775, the contractor and any subcontractor under the contractor shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded; forfeit not more than two hundred dollars (\$200) for each day, or portion thereof, for each worker paid less than the prevailing wages:
- a. The penalty may not be less than forty dollars (\$40) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, unless the failure of the contractor or subcontractor to pay the correct rate of per diem wages was a good faith mistake and, if so, the error was promptly and voluntarily corrected when brought to the attention of the contractor or subcontractor.
 - b. The penalty may not be less than eighty dollars (\$80) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, if the contractor or subcontractor has been assessed penalties within the previous three years for failing to meet its prevailing wage obligations on a separate contract, unless those penalties were subsequently withdrawn or overturned.
 - c. The penalty may not be less than one hundred twenty dollars (\$120) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, if the Labor Commissioner determines that the violation was willful, as defined in Labor Code Section 1777.1.
 - d. When the amount due under Labor Code Section 1775 is collected from the contractor or subcontractor, any outstanding wage claim under Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code against that contractor or subcontractor shall be satisfied before applying that amount to the penalty imposed on that contractor or subcontractor pursuant to Section 1775.
The prime contractor of the project is not liable for any penalties under Labor Code 1775(a) unless the prime contractor had knowledge of that failure of the subcontractor to pay the specified prevailing rate of wages to those workers or unless the prime contractor fails to comply with the requirements of Labor Code 1775 (b) (1-4).
- (2) In the event that the contractor or subcontractor fails to comply subsequent to receipt of a written notice requesting the records enumerated in Labor Code Section 1776 (a) within the 10-day period, he or she shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit one hundred dollars (\$100) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, these penalties shall be withheld from progress payments then due. A contractor is not subject to a penalty assessment pursuant to Labor Code Section 1776 due to the failure of a subcontractor to comply with this section.
- (3) In the case of overtime violations, Labor Code Section 1813 establishes that the contractor or subcontractor shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit twenty-five dollars (\$25) for each worker employed in the execution of the contract by the respective contractor or subcontractor for each calendar day during which such worker is required or permitted to work more than 8 hours in any one calendar day and 40 hours in any one calendar week, in violation of the provisions of Article 3, Chapter 1, Part 7 of Division 2 of the Labor Code. The Awarding Agency shall take cognizance of all violations of Article 3 (Labor Code Sections 1810-1815).
- (4) Pursuant to Labor Code Section 1777.5, the contractor and subcontractor are required to employ registered apprentices on public works projects. Each contractor and subcontractor shall keep an accurate payroll record relative to apprentices per Section 1776 of the Labor Code. The contractor or subcontractor found in violation of Labor Code Section 1777.5 shall forfeit as a civil penalty an amount not to exceed one hundred dollars (\$100) for each full calendar day of noncompliance. Any contractor or subcontractor who knowingly commits subsequent violations of Labor Code Section 1777.5 within a three year period could face a civil penalty of not

more than three hundred dollars (\$300) for each full day of noncompliance and the possibility of being denied the right to bid on, be awarded or perform work on any public works project for up to three years.

- (5) Pursuant to Labor Code Section 1741(b), interest shall accrue on all due and unpaid wages at the rate described in subdivision (b) of Section 3289 of the Civil Code. The interest shall accrue from the date that the wages were due and payable, as provided in Article 1, Chapter 1, Part 7 (commencing with Section 1720) of Division 2 of the Labor Code, until the wages are paid.
- (6) Pursuant to Labor Code Section 1741(c), the Labor Commissioner shall maintain a public list of the names of each contractor and subcontractor who has been found to have committed a willful violation of Section 1775 or to whom a final order, which is no longer subject to judicial review, has been issued. The list shall include the date of each assessment, the amount of wages and penalties assessed, and the amount collected. The list shall be updated at least quarterly, and the contractor's or subcontractor's name shall remain on that list until the assessment is satisfied, or for a period of three years beginning from the date of the issuance of the assessment, whichever is later.

N. Forfeitures Requiring Approval by the Labor Commissioner (8 CCR Section 16436)

- (1) For purposes of 8 CCR Sections 16436 and 16437, "forfeitures" means the amount of wages, penalties, and forfeitures assessed by the Labor Compliance Program and proposed to be withheld pursuant to Labor Code section 1771.6(a), and includes the following: (1) the difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate by the contractor or subcontractor; and (2) penalties assessed under Labor Code Sections 1775, 1776 and 1813.
- (2) If the aggregate amount of forfeitures assessed as to a contractor or subcontractor is less than \$1000.00, the forfeitures shall be deemed approved by the Labor Commissioner upon service and the Labor Commissioner's receipt of copies of the following: (1) the Notice of Withholding of Contract Payments authorized by Labor Code Section 1771.6(a); (2) an Audit as defined in section 16432(e) of these regulations, and (3) a brief narrative identifying the Bid Advertisement Date of the contract for public work and summarizing the nature of the violation, the basis of the underpayment, and the factors considered in determining the assessment of penalties, if any, under Labor Code Section 1775.
- (3) For all other forfeitures, approval by the Labor Commissioner shall be requested and obtained in accordance with section 16437 below.

O. Determination of Amount of Forfeiture by the Labor Commissioner (CCR Section 16437)

- (1) Where the Labor Compliance Program requests a determination of the amount of forfeiture, the request shall include a file or report to the Labor Commissioner which contains at least the information specified in subparts (a) through (i) below. Appendix D is a suggested format for a Request for Approval of Forfeiture under this section.
 - a. Whether the public work has been accepted by the awarding body and whether a valid notice of completion has been filed, the dates if any when those events occurred, and the amount of funds being held in retention by the Awarding Body;
 - b. Any other deadline which if missed would impede collection;
 - c. Evidence of violation, in narrative form;
 - d. Evidence of violation obtained under section 16432 of these regulations and a copy of the Audit prepared in accordance with section 16432(e) setting forth the amounts of unpaid wages and applicable penalties;
 - e. Evidence that before the forfeiture was sent to the Labor Commissioner (A) the contractor and subcontractor were given the opportunity to explain why there was no violation, or that any violation was caused by good faith mistake and promptly corrected when brought to the contractor or subcontractor's attention, and (B) the contractor and subcontractor either did not do so or failed to convince the Labor Compliance Program of its position;
 - f. Where the Labor Compliance Program seeks not only wages but also a penalty as part of the forfeiture, and the contractor or subcontractor has unsuccessfully contended that the cause of violation was a good

- faith mistake that was promptly corrected when brought to the contractor or subcontractor's attention, a short statement should accompany the proposal for a forfeiture, with a recommended penalty amount pursuant to Labor Code Section 1775(a);
- g. Where the Labor Compliance Program seeks only wages or a penalty less than \$50 per day as part of the forfeiture because the contractor or subcontractor has successfully contended that the cause of the violation was a good faith mistake that was promptly corrected when brought to the contractor or subcontractor's attention, the file should include the evidence as to the contractor or subcontractor's knowledge of his or her obligation, including the program's communication to the contractor or subcontractor of the obligation in the bid invitations, at the pre-job conference agenda and records, and any other notice given as part of the contracting process. With the file should be a statement, similar to that described in (6), and recommended penalty amounts, pursuant to Labor Code Section 1775(a);
 - h. The previous record of the contractor and subcontractor in meeting their prevailing wage obligations; and
 - i. Whether the Labor Compliance Program has been granted approval on only an interim or temporary basis under sections 16425 or 16426 above or whether it has been granted extended approval under section 16427 above.
- (2) The file or report shall be served on the Labor Commissioner as soon as practicable after the violation has been discovered, and not less than 30 days before the final payment, but in no event not less than 30 days before the expiration of the limitations period set forth in Labor Code Section 1741.
 - (3) A copy of the recommended forfeiture and the file or report shall be served on the contractor and subcontractor at the same time as it is sent to the Labor Commissioner. The Labor Compliance Program may exclude from the documents served on the contractor and subcontractor copies of documents secured from the contractor or subcontractor during an audit, investigation, or meeting if those are clearly referenced in the file or report.
 - (4) The Labor Commissioner shall affirm, reject, or modify the forfeiture in whole or in part as to the wages and penalties due.
 - (5) The Labor Commissioner's determination of the forfeiture is effective on one of the two following dates:
 - a. For all programs other than those having extended authority under section 16427 of these regulations, on the date the Labor Commissioner serves by first class mail, on the Labor Compliance Program, on the Awarding Body if different, on the contractor and on the subcontractor, if any, an endorsed copy of the proposed forfeiture, or a newly drafted forfeiture statement which sets out the amount of forfeiture approved. Service on the contractor or subcontractor is effective if made on the last address supplied by the contractor or subcontractor in the record. The Labor Commissioner's approval, modification or disapproval of the proposed forfeiture shall be served within 30 days of receipt of the proposed forfeiture.
 - b. For programs with extended authority under section 16427 above, approval is effective 20 days after the requested forfeitures are served upon the Labor Commissioner, unless the Labor Commissioner serves a notice upon the parties, within that time period, that this forfeiture request is subject to further review. For such programs, a notice that approval will follow such a procedure will be included in the transmittal of the forfeiture request to the contractor. If the Labor Commissioner notifies the parties of a decision to undertake further review, the Labor Commissioner's final approval, modification or disapproval of the proposed forfeiture shall be served within 30 days of the date of notice of further review.

P. Withholding Procedures after Forfeiture Determination by the Labor Commissioner

- (1) The LCPR shall provide a Notice of Withholding of Contract Payments to the contractor and subcontractor, if applicable. The notice shall be in writing and shall describe the nature of the violation and the amount of wages, penalties and liquidated damages being withheld. Service of the notice shall be completed pursuant to Code of Civil Procedure Section 1013 by first-class and certified mail to the contractor and subcontractor, if applicable. The notice shall advise the contractor and subcontractor, if applicable, of the procedure for obtaining review of the withholding of contract payments.
- (2) The LCPR shall also serve a copy of the notice by certified mail to any bonding company issuing a bond that secures the payment of wages covered by the notice and to any surety on a bond, if their identities are known to the Awarding Agency.

- (3) Where the violation is by a subcontractor, the general contractor shall be notified of the nature of the violation and reference made to its rights under Labor Code Section 1729.
- (4) A release bond under Civil Code Section 3196 may not be posted for the release of the funds being withheld for the violation of the prevailing wage law.
- (5) The withholding of contract payments in accordance with Labor Code Section 1726 or 1771.5 shall be reviewable under Labor Code Sections 1771.6 (b) and 1742 and Code of Regulations sections 17201-17270 in the same manner as if the notice of the withholding was a civil penalty order of the Labor Commissioner. If review is requested, the LCPR may request the Labor Commissioner to intervene to represent it.
- (6) Pending a final order, or the expiration of the time period for seeking review of the notice of the withholding, the Awarding Agency shall not disburse any contract payments withheld.

Q. Settlement Meeting

- (1) In accordance with Labor Code section 1742.1 (b), the LCPR shall, upon receipt of a request from the affected contractor or subcontractor within 30 days following the service of the Notice of Withholding of Contract Payments, afford the contractor or subcontractor the opportunity to meet with the LCPR to attempt to settle a dispute regarding the notice.
 - a. The settlement meeting may be held in person or by telephone and shall take place before the expiration of the 60-day period seeking a hearing as set forth below under the heading Request for Review of Notice of Withholding of Contract Payments;
 - b. No evidence of anything said or any admission made for the purpose of, in the course of, or pursuant to, the settlement meeting is admissible or subject to discovery in any administrative or civil proceeding;
 - c. No writing prepared for the purpose, in the course of, or pursuant to, the settlement meeting, other than a final settlement agreement, is admissible or subject to discovery in any administrative or civil proceeding;
 - d. This opportunity to timely request an informal settlement meeting is in addition to the right to obtain a formal hearing; and
 - e. A settlement meeting may be requested even if a written Request for Review has already been made.
- (2) Requesting a settlement meeting does not extend the 60-day period during which a formal hearing may be requested.

R. Request for Review of Notice of Withholding of Contract Payments

- (1) An affected contractor or subcontractor may obtain review of a Notice of Withholding of Contract Payments under this chapter by transmitting a written request for a review hearing to the LCPR within 60 days after service of the Notice of Withholding of Contract Payments. The LCPR shall have the rights and responsibilities of the Enforcing Agency (Code of Regulations section 17202 (f)) in responding to the request for review, including but not limited to the obligations to serve notices, transmit the Request for Review to the hearing office, and provide an opportunity to review evidence in a timely manner, to participate through counsel in all hearing proceedings, and to meet the burden of establishing prima facie support for the Notice of Withholding of Contract Payments. If no hearing is requested within 60 days after the service of the Notice of Withholding of Contract Payments, the Notice of Withholding of Contract Payments shall become final.
- (2) If a contractor or subcontractor seeks review of the LCPR's enforcement action, the Labor Commissioner may intervene to represent the Awarding Agency, or to enforce relevant provisions of the Labor Code consistent with the practice of the Labor Commissioner, or both.
- (3) Except in cases where the Labor Commissioner has intervened pursuant to subpart (b) above, the LCPR shall have the authority to prosecute, settle, or seek the dismissal of any Notice of Withholding of Contract Payments issued pursuant to Labor Code Section 1771.6 and any review proceeding under Labor Code Section 1742, without any further need for approval by the Labor Commissioner. Whenever the LCPR settles

in whole or in part or seeks and obtains the dismissal of a Notice of Withholding of Contract Payments or a review proceeding under Labor Code Section 1742, the LCPR shall document the reasons for the settlement or request for dismissal and shall make that documentation available to the Labor Commissioner upon request.

S. Review of Notice of Withholding of Contract Payments

- (1) Within ten days following the receipt of the request for a review hearing, the LCPR shall transmit to the Office of the Director-Legal Unit the request for review and copies of the Notice of Withholding of Contract Payments, any audit summary that accompanied the notice, and a proof of service or other documents showing the name and address of any bonding company or surety that secures the payment of the wages covered by the notice.
- (2) The LCPR shall be represented by an attorney in prevailing wage hearings conducted pursuant to Labor Code Section 1742(b) and Code of Regulations sections 17201 – 17270.

T. Determination and Ruling on the Review by the Department of Industrial Relations

- (1) Upon receipt of a timely request, a hearing shall be commenced within 90 days before the director, who shall appoint an impartial hearing officer possessing the qualifications of an administrative law judge pursuant to subdivision (b) of Section 11502 of the Government Code. The appointed hearing officer shall be an employee of the department, but shall not be an employee of the Division of Labor Standards Enforcement. The contractor or subcontractor shall be provided an opportunity to review evidence, pursuant to Labor Code Section 1742 (b), to be utilized by the LCPR at the hearing within 20 days of the receipt by the LCPR of the written request for a hearing. Any evidence obtained by the LCPR subsequent to the 20-day cutoff shall be promptly disclosed to the contractor or subcontractor. The contractor or subcontractor shall have the burden of proving that the basis for the Notice of Withholding of Contract Payments is incorrect. The Notice of Withholding of Contract Payments shall be sufficiently detailed to provide fair notice to the contractor or subcontractor of the issues at the hearing. Within 45 days of the conclusion of the hearing, the director shall issue a written decision affirming, modifying, or dismissing the assessment. The decision of the director shall consist of a notice of findings, findings, and an order. This decision shall be served on all parties pursuant to Section 1013 of the Code of Civil Procedure by first-class mail at the last known address of the party on file with the LCP. Within 15 days of the issuance of the decision, the director may reconsider or modify the decision to correct an error, except that a clerical error may be corrected at any time. The director has adopted regulations setting forth procedures for hearings under this subdivision. These regulations are found in Code of Regulations sections 17201-17270.
- (2) An affected contractor or subcontractor may obtain review of the decision of the director by filing a petition for a writ of mandate to the appropriate superior court pursuant to Section 1094.5 of the Code of Civil Procedure within 45 days after service of the decision. If no petition for a writ of mandate is filed within 45 days after service of the decision, the order shall become final. If it is claimed in a petition for writ of mandate that the findings are not supported by the evidence, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record.
- (3) A certified copy of a final order may be filed by the Labor Commissioner in the office of the clerk of the superior court in any county in which the affected contractor or subcontractor has property or has or had a place of business. The clerk, immediately upon the filing, shall enter judgment for the state against the person assessed in the amount shown on the certified order.
- (4) A judgment entered pursuant to this procedure shall bear the same rate of interest and shall have the same effect as other judgments and shall be given the same preference allowed by law on other judgments rendered for claims for taxes. The clerk shall not charge for the service performed by him or her pursuant to this section.
- (5) This procedure shall provide the exclusive method for review of a decision by the LCPR to withhold contract payments pursuant to Section 1771.5.

U. Settlement Authority

Except in cases where the Labor Commissioner has intervened pursuant to Code of Regulations Section 16439 (b), The LCPR shall have the authority to prosecute, settle, or seek the dismissal of any Notice of Withholding of Contract Payments issued pursuant to Labor Code Section 1771.6 and any review proceeding under Labor Code Section 1742, without any further need for approval by the Labor Commissioner. Whenever the LCPR settles in whole or in part or seeks and obtains the dismissal of a Notice of Withholding of Contract Payments or a review proceeding under Labor Code Section 1742, The LCPR shall document the reasons for the settlement or request for dismissal and shall make that documentation available to the Labor Commissioner upon request.

V. Deposits of Penalties and Forfeitures Withheld

- (1) Where the involvement of the Labor Commissioner has been limited to a determination of the actual amount of penalty, forfeiture, or underpayment of wages and the matter has been resolved without litigation by or against the Labor Commissioner, the LCPR shall deposit penalties and forfeitures with the Awarding Agency.
- (2) Where collection of fines, penalties, or forfeitures results from administrative proceedings or court action to which the Labor Commissioner and Awarding Agency are both parties, the fines, penalties or forfeitures shall be divided between the general funds of the State and Awarding Agency as the Hearing Officer or court may decide.
- (3) All penalties recovered in administrative proceedings or court action brought by or against the Labor Commissioner, and to which the Awarding Agency is not a party, shall be deposited in the General Fund of the State of California.
- (4) All wages and benefits which belong to a worker and are withheld or collected from a contractor or subcontractor, either by withholding or as a result of administrative hearings or any court action and which have not been paid to the worker or irrevocably committed on the worker's behalf to a benefits fund, shall be deposited with the Labor Commissioner, who will handle such wages and benefits in accordance with Labor Code Section 96.7.

W. Debarment Policy

It is the policy of the Awarding Agency that the public works prevailing wage requirements set forth in the California Labor Code, Section 1720-1861, be strictly enforced. In furtherance thereof, construction contractors and subcontractors found to be repeat violators of the California Labor Code shall be referred to the Labor Commissioner for debarment from bidding on or otherwise being awarded any public work contract, within the state of California, for the performance of construction and/or maintenance services for the period not to exceed three (3) years in duration. The duration of the debarment period shall depend upon the nature and severity of the labor code violations and any mitigating and/or aggravating factors, which may be presented at the hearing conducted by the Labor Commissioner for such purpose.

X. Disposition of Forfeited Sums

- (1) The prevailing wage recovery process of this Labor Compliance Program is established pursuant to Labor Code Section 1775 which provides that out of any funds withheld, recovered, or both, there shall first be paid the amount due each worker notwithstanding the filing of any Stop Notice by any person pursuant to Civil Code Section 3179, et seq. Thus, all workers employed on the public works project who are paid less than the prevailing wage rate shall have PRIORITY over all Stop Notices filed against the prime contractor.
- (2) In the event that there are "insufficient funds" available in the prime contractor account to pay the total amount of prevailing wage violations and penalty amounts due, the unpaid prevailing wages shall have PRIORITY STATUS and must be paid first, pursuant to Labor Code Section 1775. Furthermore, if insufficient funds are withheld, recovered, or both, to pay each underpaid worker in full, the money shall be prorated among all workers affected. From the amount recovered by the Awarding Agency, the wage claim shall be satisfied prior to the amount being applied to penalties. If insufficient money is recovered to pay each worker in full, the money shall be prorated among all workers. Wages for workers who cannot be located shall be placed in the

Industrial Relations Unpaid Wage Fund and held in trust for the workers pursuant to Section 96.7. Penalties shall be paid into a general fund or other fund of the Awarding Agency's choosing.

Y. Reporting of Willful Violations to The Labor Commissioner

- (1) If an investigation reveals that a willful violation of the Labor Code has occurred, the LCPR will make a written report to the Labor Commissioner which shall include:
 - a. An audit consisting of a comparison of payroll records to the best available information as to the actual hours worked; and
 - b. The classification of workers employed on the public works contract.
- (2) Six types of willful violations are reported as follows:
 - a. **For Failure to Comply with Prevailing Wage Rate Requirements**
Failure to comply with prevailing wage rate requirements as set forth in the Labor Code and Code of Regulations is determined a willful violation whenever less than the stipulated basic hourly rate is paid to trades workers, or if overtime, holiday rates, fringe benefits, and/or employer payments are paid at a rate less than stipulated. The facts related to such willful violations may result in a determination that the contractor intended to defraud its employees of their wages.
 - b. **For Falsification of Payroll Records, Misclassification of Work, and/or Failure to Accurately Report Hours of Work**
Falsification of payroll records and failure to accurately report hours of work is characterized by deliberate underreporting of hours of work; underreporting the headcount; stating that the proper prevailing wage rate was paid when, in fact, it was not; clearly misclassifying the work performed by the worker; and any other deliberate and/or willful act which results in the falsification or inaccurate reporting of payroll records. Such violations are deemed to be willful violations committed with the intent to defraud.
 - c. **For Failure to Submit Certified Payroll Records**
Refusing to comply with a request for certified payroll reports or substantiating information and records as contained in Section IV.1. will be determined to be a willful violation of the Labor Code. Additionally, refusing to correct inaccuracies or omissions that have been discovered will also be determined to be willful violation of the Labor Code.
 - d. **For Failure to Pay Fringe Benefits**
Fringe benefits are defined as the amounts stipulated for employer payments or trust fund contributions and are determined to be part of the required prevailing wage rate. Failure to pay or provide fringe benefits and/or make trust fund contributions in a timely manner is equivalent to payment of less than the stipulated wage rate and shall be reported to the Awarding Agency and Labor Commissioner as a willful violation, upon completion of an investigation and audit.
 - e. **For Failure to Pay the Correct Apprentice Rates and/or Misclassification of Workers as Apprentices**
Failure to pay the correct apprentice rate or classifying a worker as an apprentice when not properly registered is equivalent to payment of less than the stipulated wage rate and shall be reported to the Awarding Agency and Labor Commissioner as a willful violation, upon completion of an investigation and audit.
 - f. **For the Taking of Kickbacks**

Accepting or extracting kickbacks from employee wages under Labor Code Section 1778 constitutes a felony and may be prosecuted by the appropriate enforcement agency.

VIII. Apprenticeship

- (1) The duties of the LCPR with respect to apprenticeship standards are as follows:
 - a. Inform contractors and subcontractors bidding public works about apprenticeship requirements,
 - b. Send copies of awards to the Department of Industrial Relations as required under Section 1773.3 of the Labor Code, and;
 - c. Refer complaints and promptly report suspected violations of apprenticeship requirements to the Division of Labor Standards Enforcement.
- (2) The LCPR shall be responsible for enforcing prevailing wage pay requirements for apprentices consistent with the practice of the Labor Commissioner, including the following:
 - a. That any contributions required pursuant to Labor Code Section 1777.5(m) are paid to the appropriate entity;
 - b. That apprentices are paid no less than the prevailing apprentice rate;
 - c. That workers listed and paid as apprentices on the certified payroll records are duly registered as apprentices with the Division of Apprenticeship Standards; and
 - d. Requiring that the journeyman prevailing wage rate be paid to any worker who is not a duly registered apprentice and for all hours in excess of the maximum ratio permitted under Labor Code Section 1777.5(g), as determined at the conclusion of the employing contractor or subcontractor's work on the public works contract.

- E. **"Amount equal to the underpayment"** is the total of the following determined by payroll review, audit, or admission of the contractor or subcontractor:

APPENDIX B

Initial Review of Certified Payroll Records

Step 1- Each Payroll Record received by the LCPR for processing is date stamped as to the date received by the Awarding Agency.

Step 2- Within 30 days of receipt, the LCPR will compare the payrolls received to the list of payrolls required for the period. For any payroll that is not included or is incomplete, a 10-day letter is prepared by the LCPR and placed into tracking mode. A Payment Application Hold & Notification of Temporary Withholding Letter will be prepared & sent to the Awarding Agency and all affected Contractors and Subcontractors.

Step 3- The LCPR will begin the initial review of Certified Payroll Records that have been received. Each Contractor or Subcontractor will have a comparison spreadsheet that has been prepared at the initiation of the contract which will have displayed all prevailing wage determination data, based on the Trades, Classifications, Fringe Benefits and Apprentice requirements identified as being utilized by the company.

Step 4- The LCPR will compare the comparison spreadsheet against the Certified Payroll to determine if the gross prevailing wage for the Trade and Classification meets with the prevailing wage of that Trade and Classification. Check of certified payroll for hours worked by day/week to determine if Overtime, Holiday, Travel or Subsistence pay was to be paid. If so, check the payroll to ensure the correct prevailing wage was paid. Check for the proper utilization of Apprentices and that correct prevailing wages have been paid to Apprentices.

Step 5- For each month in which a contractor or subcontractor reports having workers on the project, confirmation of furnished payroll records will be undertaken randomly for at least one worker for at least one weekly period within that month. The LCPR will compare confirmation/backup records to corroborate prevailing wage payments.

Step 6- Upon completion of initial review, provided no initial violation has been detected, Certified Payroll Records are logged into the file system of the project.

Step 7- If an initial violation or potential violation has been detected by the LCPR, they will proceed to a "Confirmation" of Certified Payroll Records.

Step 8- The LCPR will complete a labor compliance review and enforcement summary that indicates the status of the initial review and confirmation for each company for the period, if any of the contractors or subcontractors Certified Payrolls have not been received, and the status of any 10 day letters that have been prepared.

Step 9- When the Awarding Agency or LCPR receives a complaint of suspected violation(s), an accusation or any alleged wrong doing; the LCPR will proceed to a "Confirmation" of Certified Payroll Records.

After review of the initial complaint the Initial Complaint Information form will be completed. The basic information required to initiate a complaint include:

- Name of the complainant, including address and phone number;
- Name of the alleged violating contractor;
- Name of the prime contractor (if different); and
- Nature of the complaint.

APPENDIX C

Confirmation and Audit of Certified Payroll Records

Step 1- By written request the LCPR will notify the affected contractor of any potential violation and request further payroll records for confirmation and corroboration of prevailing wage payments as correct. Confirmation of Certified Payroll Reports may be accomplished through:

- Examination of Paychecks or Paycheck stubs;
- Confirmation/Documentation of "Employer Payments" as made to third party recipients;
- Worker Interviews; and
- Whatever other reasonable methods, as needed, to corroborate the reported prevailing wage payments.

Step 2- If after review and corroboration of the payroll records it is determined that no violation has occurred or documentation is received that reflects corrections and restitution payments have been made to the employees, all records will be filed into the file system of the project.

Step 3- If after review and corroboration of the payroll records it is determined that a violation has occurred and no documentation has been received to reflect that the violation has been corrected the LCPR will initiate a comprehensive audit to ascertain the amount of wages due the worker(s) as well as the statutory penalties that are to be assessed.

Step 4- A comprehensive audit is based on the LCPR's review of all documents and issues pertaining to the complaint or violation and has arrived at a decision concerning issues that must be audited. The LCPR will prepare & request documents listed on the Referral Checklist for a full audit. Documents needed to process the audit may include but are not limited to the following:

- Certified Payroll Records
- Fringe Benefit Statement/Statement of Employer Payments
- Time Cards
- Copy of Checks
- Inspector Logs
- Prevailing Wage Rates Spreadsheet for Company Concerned.
- Special Wage Determination(s) for the trades and crafts on the Certified Payroll
- Listing of Holidays
- Travel and Subsistence Information
- List of Indentured Apprentices (by name and classification)
- Any Special Instructions.

Step-5- An Audit Spreadsheet is created containing the following information:

- Auditor will make notes when audit entries are different from what is contained in the Certified Payroll.
- Any instance that data was entered that seems to be in contradiction to any other record. Examples:
 - Premium pay not paid for work on Saturday, Sunday or Holiday.
 - Travel and subsistence not paid.
 - Apparent underpayments where the contractor appears to be paying less than the required prevailing wages.
 - Hours obtained from time cards or records other than the Certified Payroll.
 - Individuals shown on the Certified Payroll as "apprentices" that are not properly registered.

Results of the Audit upon completion will be transferred to the Awarding Agency's Investigations Department.

APPENDIX D

Public Works Case Audits

Step 1- After the LCPR completes the review of certified payroll, initiates contact with the affected contractor and produces the initial 10 day letter(s) without resolution; the LCPR shall meet with the Investigations Team to determine if the project file contains sufficient detail to request an Investigation and/or Audit. Provided there is sufficient probable cause to believe that a violation has or may have occurred the Investigation Supervisor (IS) assigns the case to an Investigation Auditor (IA), who initiates a complete audit of the certified payroll to determine the nature of the violation(s), ascertain the amount of wages due the worker(s) as well as the statutory penalties that are to be assessed.

Step 2- The primary responsibility of the Investigation Team is to complete case audits, relieving the LCPR from this lengthy process in as many cases as possible. The initiation of comprehensive audit requirements is based on the IA's review of all documents and issues pertaining to the complaint and has arrived at a decision concerning issues that must be audited. Should issues arise during the course of the audit, the IA must resolve the issue in question and provide specific resolutions. Requests for audits by the LCPR will contain the documents needed to complete the audit. (Not all documents on this list may be available or needed in all audits):

- Case Log Summary to date
- All correspondence to try and address the violation
- Certified Payroll Records
- Fringe Benefit Statement
- Prime Contract
- Sub-Contract (if applicable)
- Scope of Work
- General Conditions
- Notice of Completion
- Amount of Held Funds
- Time Cards
- Copy of Checks
- Contractor Logs
- Inspector Logs
- Prevailing Wage Cheat Sheets
- Wage Determination(s) for the trades and crafts on the Certified Payroll
- Listing of Holidays
- Travel and Subsistence Information
- List of Indentured Apprentices (by name and classification)
- Any Special Instructions.

Case Logs are created on a "Word" document that will be titled with the case number assigned. (This document will be kept current during the progress of the audit). The IA will make notes on all activities done relative to the audit / investigation.

Step 3- Results of the Case Audit upon completion will be documented and reviewed by the IS to determine validity.

Step 4- At the point the IS had determined that there is sufficient evidence to determine that a violation has occurred, a Notice of Intent to Request Forfeiture of Monies will be sent to the relative parties notifying them of the findings.

Step 5- At the completion of the contractor's appeal rights if no response to the Notice of Intent is received, from any affected party, the case file will be prepared and submitted to the Department of Industrial Relations (DIR) for forfeiture determination.

Step 6- Once the determination and approval of forfeiture is received by the Investigation Team a Notice of Withholding Contract Payments is produced and mailed first class and certified to the affected parties, to include the Awarding Agency, Construction Manager and Bonding Company.

Step 7- A settlement meeting is held by the Awarding Agency upon timely request of the contractor or other parties.

Step 8- A hearing is held by DIR upon timely request of the contractor or other parties.

APPENDIX E

Investigation Case Processing

Step 1- Written complaints or investigation requests are received by the Investigations Supervisor (IS). After a review of the complaint or audit if a determination is made that an investigation is required, the Investigation Supervisor (IS) will assign an Investigation Auditor (IA) to obtain the initial information to investigate the complaint.

Step 2 - The Investigations Department will prepare the Case Binder to include, but not limited to, the following:

- Contractor's name and case number
- Project Name
- Awarding Agency
- Prime Contractor (if different)
- Original complaint(s) and supporting documentation
- Copy of 1st bid advertisement
- Contract
- Sub Contract (if applicable)
- Second tier sub contract (if applicable)
- CSLB print outs on the contractors
- Entity information (Secretary of State print-outs, fictitious business statement, etc.)
- Prevailing Wage rates in effect and predetermined increases received from DLSR.
- Certified Payroll Records received from defendant contractor
- Certified Payrolls obtained from different sources (AB, prime contractor, etc. as required)
- Inspector Logs
- Audit and Audit notes
- Prior Violations
- Copies of executed Notice(s) to withhold and supporting documents
- Correspondence (filed in order mailed or received)

Additional information and documents will be inserted as needed consistent with the facts of the investigation. (Example would be if Certified Payroll(s) were not submitted timely and penalties pursuant to Labor Code 1776(h) were imposed, the Request for Certified Payroll, including the certified receipt and the green return receipt, become evidence, supporting the penalty assessment and should be tabbed).

Step 3- Processing the Investigation

This provides the general steps to be taken in processing an investigation. **As the facts of each investigation are different, not all steps need to be taken in every case or in the order presented.**

An investigation of a public works case is a conscientious attempt to ascertain all pertinent facts relative to a suspected violation(s) based on a complaint, an accusation or any alleged wrong doing. The Investigation Team is required to exercise sound discretion in employing the investigative method or methods best suited to the type of violation involved.

- The IA will assign a case number and begin the Case Log.
- The IA will determine the Statutes of Limitations for action against the contractor and indicate the date on the Case Log. The statutes compel the LCP to complete the investigation, issue the proper notices to the parties, prepare and submit the case all within the time limits.
- The IA will research to see if any previous public work cases were filed against affected contractor. Specific attention is given to previous complaints filed against the same project. The results of the research are to be recorded on the Case Log and will be provided to the Department of Industrial Relations (DIR) if a Request for Forfeiture is needed.
- The IA will prepare the initial case notifications and requests. These notices and requests are the initial mailing package and consist of the:
 - o Notification of Complaint Filed. Within 15 days after receipt of the complaint, provide the affected contractor with the notice required under Labor Code section 1775(c) if the complaint is against a subcontractor. The Notice of Complaint Filed is sent to complainant and all other relative parties. This

form advises all parties (or potential parties) that the Awarding Agency's LCP has initiated a formal investigation.

- o An Employee Inquiry Form. Mailed to complainant and all other workers identified on certified payroll reports in possession of the Awarding Agency's LCP for the affected contractor.
- o A formal request for information/records is prepared and mailed to all affected parties, if not previously received as part of the LCPR's audit. Examples of items that may still be needed include the following:
 - Inspectors Logs
 - Contract(s)
 - Copies of the performance, Labor/Material and/or payment bonds
 - Copy of 1st bid advertisement
 - Page(s) (from the contract) listing the prevailing wage rate(s) on this contract.
 - Page(s) (from the contract advising the contractor of legal requirements to pay the prevailing wages.
 - Notice of Completion (if/when filed)
 - Date project began
 - Project completion (or estimated completion)
 - Amount of money being held by the Awarding Agency.
 - Location of the project.
 - Certified Payroll Records.
 - Fringe Benefit Statement/Statement of Employer Payments
 - Letter requesting supporting documentation (time cards and canceled checks, etc.)
- The IA will verbally contact all affected parties and the complainant to notify them that a complaint has been received and an investigation is commencing into the merits of the alleged violation of the Labor Code.
- The IA will attempt to identify and contact anyone who can verify the accuracy of the allegations and obtain permission for a written affidavit.
- The IA will keep the complainant informed timely throughout the entire investigative process but no less than:
 - o Notify the complaining party in writing of the resolution of the complaint within ten days after the complaint has been resolved by the Investigations Team;
 - o Notify the complaining party in writing at least once every 30 days of the status of a complaint that has not been resolved by the Investigations Team; and
 - o Notify the complaining party in writing at least once every 90 days of the status of a complaint that has been resolved by the Investigations Team but remains under review or in litigation before another entity.
- Upon receipt of all information and records the IA's audit will include the following steps:
 - o The IA will take note of any data that does not seem to match.
 - o The IA will compare the hours reported in the complaint and find out if they match.
 - o The IA will review the Fringe Benefit Statement and compare this statement with the Certified Payroll(s) to insure that the amounts claimed on the statement are reflected in the Certified Payroll(s).
 - o Time Cards: Are the time cards original – written in different hands, at different times, or do they appear to be written by the same person at a later time?
 - o Cancelled checks: Review checks submitted to be sure that the documents appear to have been cleared through a bank. Look at the check numbers and make sure that they correspond to the check numbers reported on the Certified Payroll(s).
 - o Certified Payroll(s): Review the information reported on the Certified Payroll(s)
 - o Determine if the information provided complies with the requirements of Labor Code 1776(c)
 - o Review the Certified Payroll to identify any additional issues such as:
 - Correct utilization of reported apprentices
 - Obvious violations (failure to pay overtime over 8 hours per day or ratio violations within certain crafts or failure to report wages for "owners" or "partners").
 - Hourly Rate of Pay: The rate that should be reflected in this column is the "total hourly wage" paid to (and on behalf of) the employee.
 - Check the certification statement for compliance with the Labor Code.

- Review the Fringe Benefits Statement. If the contractor is claiming employer contributions, these contributions must be documented on the Fringe Benefit Statement. The contractor must provide proof of the payments in prevailing rate of per diem wages.
- Provided the Certified Payrolls are accepted being accurate, and violations are substantiated, audit the certified payroll(s) to determine the amount of wages and penalties that are due.
- If false Certified Payroll(s) are indicated, note this fact for possible filing of a felony complaint for violation of Labor Code 1778.
- Indicate any failure to submit or faulty submission of Certified Payroll Reports. If the Certified Payrolls are not submitted, or if ALL the information is not provided, AND the time for submission has lapsed, initiate penalties pursuant to Labor Code 1776(h) to compel compliance.
- If the IA discovers potential violations of the Labor Code not pertaining to Public Works law, such as payment with insufficient fund checks, not providing paycheck stubs, apprenticeship issues, false Certified Payroll or kickbacks, the IA shall submit these findings to the appropriate enforcing agency.
- At the point the IA has determined that there is sufficient evidence that a violation has occurred, a Notice of Intent to Request Forfeiture will be prepared and submitted to all affected parties notifying them of our findings and offering them an opportunity to meet. The purpose of the pre-withhold meeting is to review and discuss the initial audit results with the contractor(s), inform the contractor(s) of his/her due process rights, schedule a due date (10 days) for any mitigating evidence to be submitted by the contractor(s).
- After review and consideration of any mitigating evidence submitted by the contractor, the audit findings will be finalized. A letter is sent to the contractor with directions on how to make the payments along with the finalized audit. In the event that a settlement cannot be reached, the case is then forwarded to the State Labor Commissioner for approval of the "Request for Approval of Forfeitures and Penalties".
- If the aggregate amount of forfeitures assessed to a contractor or subcontractor is less than \$1,000.00, the forfeitures shall be deemed approved by the Labor Commissioner upon service and the Labor Commissioner's receipt of copies of the following:
 - The Notice of Withholding of Contract Payments authorized by Labor Code Section 1771.6(a);
 - An Audit as defined in section 16432(e) of the Regulations, and
 - A brief narrative identifying the Bid Advertisement Date of the contract for public work and summarizing the nature of the violation, the basis of the underpayment, and the factors considered in determining the assessment of penalties, if any, under Labor Code Section 1775.
- If the aggregate amount of forfeitures assessed to a contractor or subcontractor is \$1,000.00 or more the IA must submit, in writing, a Request for Approval of Forfeiture to the State Labor Commissioner. The file or report shall be served on the Labor Commissioner as soon as practicable after the violation has been discovered, and not less than 30 days before the final payment, but in no event not less than 30 days before the expiration of the limitations period set forth in Labor Code Section 1741.
 - The assessment shall be served not later than 18 months after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 18 months after acceptance of the public work, whichever occurs last.
 - A copy of the Request for Approval of Forfeiture and Penalties shall be served on the Contractor, Subcontractor, bonding company or surety and the Awarding Agency.
- The Labor Commissioner's determination of the forfeiture is effective on the date the Labor Commissioner serves by first class mail, on the Labor Compliance Program, on the Awarding Agency if different, on the contractor and on the subcontractor, if any, an endorsed copy of the proposed forfeiture, or a newly drafted forfeiture statement which sets out the amount of forfeiture approved. Service on the contractor or subcontractor is effective if made on the last address supplied by the contractor or subcontractor in the record. The Labor Commissioner's approval, modification or disapproval of the proposed forfeiture shall be served within 30 days of receipt of the proposed forfeiture.
- Upon receipt of approval, the IA will prepare and issue a Notice of Withholding of Contract Payments against the affected contract(s). The Notice of Withholding of Contract Payments and the Notice of Right to Obtain Review procedures pursuant to Labor Code Section 1742 shall be served on the contractor(s) and bonding companies of the affected contractor(s) by certified mail and first class mail.

- In accordance with Labor Code sections 1742 and 1771.6, an affected contractor or subcontractor may obtain review of the Notice of Withholding of Contract Payments by transmitting a written request to the office of the Awarding Agency's LCP that appears on the Notice within 60 days after service of the notice.
- In accordance with Labor Code section 1742.1 (c), the Awarding Agency's LCP shall, upon receipt of a request from the affected contractor or subcontractor within 30 days following the service of this Notice of Withholding of Contract Payments, afford the contractor or subcontractor the opportunity to meet with the Awarding Agency's designee to attempt to settle a dispute regarding the notice. The settlement meeting may be held in person or by telephone and shall take place before the expiration of the 60-day period seeking a hearing as set forth below. No evidence of anything said or any admission made for the purpose of, in the course of, or pursuant to, the settlement meeting is admissible or subject to discovery in any administrative or civil proceeding. No writing prepared for the purpose, in the course of, or pursuant to, the settlement meeting, other than a final settlement agreement, is admissible or subject to discovery in any administrative or civil proceeding. This opportunity to timely request an informal settlement meeting is in addition to the right to obtain a formal hearing, and a settlement meeting may be requested even if a written Request for Review has already been made. Requesting a settlement meeting, however, does not extend the 60-day period during which a formal hearing may be requested. A written request to meet with the Awarding Agency's designee to attempt to settle a dispute regarding this notice must be transmitted to the Awarding Agency.
- A Request for Review either shall clearly identify the Notice of Withholding of Contract Payments from which review is sought, including the date of the notice, or it shall include a copy of the notice as an attachment, and shall also set forth the basis upon which the notice is being contested. In accordance with Labor Code section 1742, the contractor or subcontractor shall be provided an opportunity to review evidence to be utilized by the Awarding Agency at the hearing within 20 days of receipt by the Awarding Agency of the written Request for Review.
- The Awarding Agency shall make evidence available for review within 20 days of its receipt of the Request for Review; provided that, this deadline may be extended by written request or agreement of the Affected Contractor or Subcontractor. The Awarding Agency's failure to make evidence available for review as required by Labor Code section 1742(b) and Rule 24 (CCR 17224) shall preclude the Awarding Agency from introducing such evidence in proceedings before the Hearing Officer or the Director.
- Within ten (10) days following the receipt of a Request for Review, the Awarding Agency shall transmit to the Office of the Director - Legal Unit, the Request for Review and copies of the Assessment or Notice of Withholding of Contract Payments, any Audit Summary that accompanied the Assessment or Notice, and a Proof of Service or other document showing the name and address of any bonding company or Surety.
- Within ten (10) days following the receipt of a Request for Review, the Awarding Agency shall also notify the Affected Contractor or Subcontractor of its opportunity and the procedures for reviewing evidence to be utilized by the Awarding Agency at the hearing on the Request for Review.
- Once the Request for Review is transmitted to DIR, DIR will contact all parties to begin Pre-Hearing Meetings, Settlement Meetings and a Hearing, if necessary.
- Failure by a contractor or subcontractor to submit a timely Request for Review will result in a final order which shall be binding on the contractor and subcontractor, and which shall also be binding, with respect to the amount due, on a bonding company issuing a bond that secures the payment of wages and a surety on a bond. Labor Code section 1743
- In accordance with Labor Code section 1742(d), a certified copy of a final order may be filed by the Labor Commissioner in the office of the clerk of the superior court in any county in which the affected contractor or subcontractor has property or has had a place of business. The clerk, immediately upon filing, shall enter judgment for the State against the person assessed in the amount shown on the certified order.

APPENDIX G

FIELD REPRESENTATIVE (FR) MINIMUM STANDARDS

These protocols have been developed to provide the Field Representative (FR) with minimum standards to be followed while in the process of conducting interviews on construction project sites. In all instances, the Awarding Agency's FR will conduct themselves in a professional and authoritative manner. The Awarding Agency's FR's will be familiar with applicable provisions of the Labor Code in order to converse with administrators or construction personnel of any level.

A. On-Site Visitations

Each construction project is unique and all of the listed protocols will not necessarily be utilized, precisely as stated, during the course of each site visit. However, in most cases the Awarding Agency FR's will employ the basic concepts expressed in each protocol to accomplish the purpose of their site visit in an efficient manner.

1. All FR's visiting any construction site are required to wear a visible picture ID (badge), and to properly identify themselves as such. Additionally, all FR personnel are required to wear hard hats, safety vests and safety shoes.
2. Safety is the paramount factor for any site visit to any construction project. FR's will not enter any area that appears unsafe. Areas of concern include, but are not limited to, grading operations, trenching and work within a trench, hazardous materials abatement, concrete placement, demolition or the removal roofing materials. FR's are expected to exercise reasonable caution at all times.
3. Should FR's witness what they consider to be a potentially unsafe condition, they will contact the site inspector or job superintendent of their findings immediately and make note on the site visitation interview form of what they observed. Upon return to the office, the FR will report their findings to the Awarding Agency's Labor Compliance Officer (LCO).
4. When inspections are conducted on Owner-occupied sites, the FR shall, upon arrival:
 - a. Check in at the Administrative office;
 - b. Identify themselves and state the purpose of the visit; and
 - c. Sign in if required to do so

If the opportunity presents itself and, dependent on the nature of any questions, the FR will take a few minutes to answer any questions and discuss activities or the services provided by the Awarding Agency's LCP with administrative level personnel, but will not seek personnel out.

5. Prior to any interviewing, the FR shall:
 - a. Check in at the site superintendent's trailer;
 - b. Take a few minutes to talk with the Superintendent;
 - c. Develop a working relationship;
 - d. Gain information pertaining to the project such as:
 - i. Duration or phasing;
 - ii. What contractors are on-site that day;
 - iii. Work activities in process or anticipated, etc.
6. In the event there is not a construction trailer or job superintendent, the FR will locate each contractor's foreman.
7. If for some reason the FR is denied access to the site, or informed that they may not interview the workmen:
 - a. FR will promptly and politely remove themselves;
 - b. FR will immediately contact the Awarding Agency's LCO, by phone, to report the incident.
 - c. Make a note of this occurrence on the site visitation interview form along with all available details such as:
 - i. Time of day;
 - ii. Name of party denying access;
 - iii. Stated reason for denying access, etc.

FR will include this note in their report to the Awarding Agency's LCO.

8. There will be times when the site superintendent is somewhere on the site and/or there is no contractor present in the trailer. The FR will check in at the Inspector of Record (IOR) trailer. If all trailers are empty or locked, FR will try to locate the site superintendent or IOR, on the site prior to commencing interviewing. If the FR is unable to locate the superintendent or IOR they will proceed with interviews after speaking with each contractor's foremen.
9. FR will check to see that the following are displayed in the contractor's trailer or the Administrative Office:
 - a. Equal Opportunity Employment Posters
 - b. Required jobsite posting NOTICE that the project is a prevailing wage public work
 - c. Prevailing wage sheets available for review by the tradesmen
 - d. Sign-in Log
 - e. Listing of subcontractors on site

If any of these items are not readily visible, the FR will remind the CM, GM, PM that these postings are part of the contractual and legal requirements. On subsequent visits, the FR will make sure that these items are posted or readily available upon request. If these items are not posted or readily available, the FR will advise the Awarding Agency LCPR, CM, GM, PM of the non-compliance with the law and the contract requirements.
10. The Field Representative shall visit all sites on an unannounced random weekly basis. During inclement weather contact will be made with the Prime/General Contractor or Construction Manager in an attempt to determine if there will be any activity at the site that day.

B. Interviewing

1. Once the FR has checked in and obtains access to the site:
 - a. FR will locate the Foreman for each contractor on the project prior to conducting the interviews.
 - b. Identify themselves as the Awarding Agency LCPR acting on behalf of the Awarding Agency; and, if necessary
 - c. Explain that the FR activity is a legal requirement placed on the Awarding Agency as a result of the ongoing construction work.
2. The FR shall conduct all interviews on a non-interference basis. The contractor's foreman may want to accompany the FR during the interview process, such action is not to be considered as interference, however interference does result when a foreman restricts questioning or the specific tradesmen that may be interviewed.
3. A minimum amount of the workers' time will be taken for interview purposes. When making the decision regarding whom to interview, the FR will look for tradespersons working in clusters. For instance, several painters, electricians, roofers, etc. working in one area.
 - a. Workers will be approached individually, in a non-threatening, professional manner;
 - b. The FR will identify themselves;
 - c. Inform workers why they are there and that they need only a few minutes of their time to ask some very generic questions to ensure that they are receiving the proper rate of pay for the type of work they are doing.
 - d. The FR will not endanger themselves or any tradesperson's safety in conducting these interviews.
 - e. The FR will not insist that someone on a scaffold 40 feet in the air come down for an interview or attempt to interview tradesmen actively involved in activities such as a concrete pour, crane operation, etc.
 - f. The FR will not ask anyone to stand by until they can get to them; they will be allowed to continue working until the FR can get to them individually.
4. These interviews are random; two or three tradespersons for each contractor/subcontractor is more than sufficient for one visit. Any persons missed are usually picked up on the next visit. If only one tradesperson is at the site, then that person will be interviewed, if possible. Thirty minutes of interviewing per site is typically sufficient, depending upon the site size and/or number of subcontractors present.
5. Interviews will not be conducted during the Tradesmen's breaks or lunch periods.

C. Site Visitation Interview Form

1. The FR will use the Site Visitation Interview form and ask each person the following:
 - a. Name;
 - b. Last four digits of their social security number;
 - c. Employer;
 - d. Title (trade);
 - e. Rate of pay; and
 - f. Task being performed at the time of interview
2. Should someone decline to speak with the FR, those wishes will be respected. If someone asks if this is union-related, the FR will advise them that they work as the Awarding Agency's LCPR on the project.
3. If someone refuses to disclose his/her social security number, those wishes will be respected. The FR will assure that person that all information given is kept strictly confidential and make the attempt to get his/her complete name.
4. If someone does not know their rate of pay, FR will ask for an approximate amount. If the response is, "Whatever prevailing wage is", that is what will be indicated on the form.
5. If a worker states that he/she does not know what contractor they are working for, the FR will track down the site superintendent and ask his assistance in determining the responsible contractor. (Workers who don't know their employing contractor are often an indication of an "underground" crew being employed by the contractor.
6. If someone indicates that he/she is an apprentice, they will be asked their current apprentice level. If he/she is not sure, they will be asked how many years he/she has been apprenticed in the specific trade or to approximate, and this will be indicated on the interview form.
7. If someone is interviewed that does not speak English and the FR cannot communicate in the appropriate language, the FR will try to locate a coworker who can interpret. If an entire crew is unable to speak English and there is no interpreter, this will be included on the report.
8. The FR is there to collect information only, tradesmen will not be told how to do their jobs or that the amount of hourly wage they are reporting is below the determined wage. The FR will not solicit or invite the tradesmen to initiate a complaint through them or give them the impression that it is within the FR duties. The FR will explain that for reasons of confidentiality, they should contact the Awarding Agency's LCP office and speak with the LCPR and a business card will be left with them.
9. Within the Site Observations portion of the interview form the FR will give as much information as they can that pertains to the work in progress. The FR will approximate the total number of tradesmen on the site and ask each foreman how many employees he has on the project that day.
10. All tradesmen will be thanked for their time.

D. Site Superintendents Daily Reports

1. A copy of the site superintendent's daily reports for the previous week will be obtained and submitted to the LCPR no later than the end of each workweek.

E. Reporting

1. All original interview forms and daily reports shall be submitted to the LCPR no later than the end of each workweek.

2. TERM OF GRANT AGREEMENT. The term of this Grant Agreement begins on the date this Grant Agreement is executed by the State, and terminates on June 30, 2026, or when all of the Parties' obligations under this Grant Agreement are fully satisfied, whichever occurs earlier. Execution date is the date the State signs this Grant Agreement indicated on page 7.
3. GRANT AMOUNT. The maximum amount payable by State under this Grant Agreement shall not exceed \$14,900,000.00. Reimbursement of grant funds may be claimed after December 21, 2011.
4. GRANTEE COST SHARE. The reasonable costs for this Grant Agreement are estimated to be \$38,000,000. Grantee shall provide a Cost Share (Funding Match) in the amount of at least 50% of the total project cost. Grantee's Funding Match is estimated to be \$19,380,000. Grantee's Funding Match may include cost share performed after September 30, 2008. Funding Match consists of non-State funds including in-kind services. In-kind services are defined as work performed (i.e., dollar value of non-cash contributions) by the Grantee (and potentially other parties involved) directly related to the execution of the scope of work (examples: volunteer services, equipment use, and facilities). For Funding Match guidance, see Exhibit G.
5. GRANTEE'S RESPONSIBILITY. Grantee shall faithfully and expeditiously perform or cause to be performed all project work as described in Exhibit A (Work Plan) and in accordance with Exhibit B (Schedule) and Exhibit C (Budget). Grantee shall comply with all of the terms and conditions of this Grant Agreement and applicable PRC and CWC requirements.
6. BASIC CONDITIONS. State shall have no obligation to disburse money for a project under this Grant Agreement unless and until Grantee has satisfied the following conditions in accordance with the Disaster Preparedness and Flood Prevention Bond Act of 2006.
 - a) Grantee demonstrates the availability of sufficient funds to complete the project, as stated in the Grant Award/Commitment Letter, by submitting the most recent 3 years of audited financial statements.
 - b) For the term of this Grant Agreement, Grantee submits timely Quarterly Progress Reports as required by Paragraph 16, "Submission of Reports."
 - c) Grantee submits all deliverables as specified in Paragraph 16 of this Grant Agreement and in Exhibit A.
 - d) For each project, prior to the commencement of construction or implementation activities, Grantee shall submit the following to the State:
 - 1) Final plans and specifications certified by a California Registered Civil Engineer as to compliance for each approved project as listed in Exhibit A of this Grant Agreement.
 - 2) Work that is subject to the California Environmental Quality Act (CEQA) and or environmental permitting shall not proceed under this Grant Agreement until the following actions are performed:
 - i. Grantee submits all applicable environmental permits as indicated on the Environmental Information Form to the State,
 - ii. Documents that satisfy the CEQA process are received by the State,
 - iii. State has completed its CEQA compliance review as a Responsible Agency, and
 - iv. Grantee receives written concurrence from the State of Lead Agency's CEQA document(s) and State notice of verification of environmental permit submittal.

State's concurrence of Lead Agency's CEQA documents is fully discretionary and shall constitute a condition precedent to any work (i.e., construction or implementation activities) for which it is required. Once CEQA documentation has been completed, State will consider the environmental documents and decide whether to continue to fund the project or to require changes, alterations or other mitigation. Grantee must also demonstrate that it has complied with all applicable requirements of the National Environmental Policy Act by submitting copies of any environmental documents, including environmental impact statements, Finding of No Significant Impact, mitigation monitoring programs, and environmental permits as may be required prior to beginning construction/implementation.

3) A monitoring plan as required by Paragraph 21, "Project Monitoring Plan Requirements."

7. DISBURSEMENT OF GRANT FUNDS. Following the review of each invoice, State will disburse to Grantee the amount approved, subject to the availability of funds through normal State processes. Notwithstanding any other provision of this Grant Agreement, no disbursement shall be required at any time or in any manner which is in violation of, or in conflict with, federal or state laws, rules, or regulations, or which may require any rebates to the federal government, or any loss of tax-free status on state bonds, pursuant to any federal statute or regulation. Funds will be disbursed by State in response to each approved invoice in accordance with the Exhibit C. Any and all money disbursed to Grantee under this Grant Agreement and any and all interest earned by Grantee on such money shall be used solely to pay Eligible Costs.
8. ELIGIBLE PROJECT COST. Grantee shall apply State funds received only to eligible Project Costs in accordance with applicable provisions of the law and Exhibit C. Eligible project costs include the reasonable costs of studies, engineering, design, land and easement acquisition, legal fees, preparation of environmental documentation, environmental mitigations, monitoring, and project construction. Work performed after the date of grant award, December 21, 2011, shall be eligible for reimbursement. Reasonable administrative expenses may be included as Project Costs and will depend on the complexity of the project preparation, planning, coordination, construction, acquisitions and implementation. Reimbursable administrative expenses are the necessary costs incidentally but directly related to the project including the portion of overhead and administrative expenses that are directly related to the project included in this Grant Agreement in accordance with the standard accounting practices of the Grantee.

Advanced funds will not be provided. Costs that are not reimbursable with grant funds cannot be counted as cost share. Costs that are not eligible for reimbursement include but are not limited to:

- a) Costs, other than those noted above, incurred prior to the award date of the Grant.
 - b) Operation and maintenance costs, including post construction performance and monitoring costs.
 - c) Purchase of equipment not an integral part of a project.

 - k) Payment of principal or interest of existing indebtedness or any interest payments unless the debt is incurred after execution of this Grant Agreement, the State agrees in writing to the eligibility of the costs for reimbursement before the debt is incurred, and the purposes for which the debt is incurred are otherwise eligible costs. However, this will only be allowed as Grantee Cost Share (i.e. Funding Match)
 - l) Overhead not directly related to project costs.
9. METHOD OF PAYMENT. After the disbursement requirements in Paragraph 6 "Basic Conditions" are met, State will disburse the whole or portions of the Grant Amount to Grantee, following receipt from Grantee via US mail or Express mail delivery of a "wet signature" invoice or an electronic invoice certified and

transmitted via DocuSign for costs incurred, including Cost Share, and timely Quarterly Progress Reports as required by Paragraph 16, "Submission of Reports."

Invoices submitted by Grantee shall include the following information:

- a) Costs incurred for work performed in implementing the project during the period identified in the particular invoice.
- b) Costs incurred for any interests in real property (land or easements) that have been necessarily acquired for a project during the period identified in the particular invoice for the implementation of a project.
- c) Appropriate receipts and reports for all costs incurred.
- d) Invoices shall be submitted on forms provided by State and shall meet the following format requirements:
 - 1) Invoices must contain the date of the invoice, the time period covered by the invoice, and the total amount due.
 - 2) Invoices must be itemized based on the categories (i.e., tasks) specified in the Exhibit C. The amount claimed for salaries/wages/consultant fees must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = the total amount claimed).
 - 3) One set of sufficient evidence (i.e., receipts, copies of checks, time sheets) must be provided for all costs included in the invoice.
 - 4) Each invoice shall clearly delineate those costs claimed for reimbursement from the State's grant amount, as depicted in Paragraph 3, "Grant Amount" and those costs that represent Grantee's costs, as applicable, in Paragraph 4, "Grantee Cost Share."

Payment will be made no more frequent than monthly, in arrears, upon receipt of an invoice bearing the Grant Agreement number.

10. WITHHOLDING OF GRANT DISBURSEMENT BY STATE. If State determines that a project is not being implemented in accordance with the provisions of this Grant Agreement, or that Grantee has failed in any other respect to comply with the provisions of this Grant Agreement, and if Grantee does not remedy any such failure to State's satisfaction, State may withhold from Grantee all or any portion of the Grant Amount and take any other action that it deems necessary to protect its interests. State may require the Grantee to immediately repay all or any portion of the disbursed grant amount with interest, consistent with its determination. State may consider Grantee's refusal to repay the requested disbursed grant amount a contract breach subject to the default provisions in Paragraph 12, "Default Provisions."
11. CONTINUING ELIGIBILITY. Grantee must meet the following ongoing requirements to remain eligible to receive State grant funds:
 - a) Timely adoption of an IRWM Plan that meets the requirements contained in Part 2.2 of Division 6 of the CWC, commencing with Section 10530.

 - b) Making any false warranty, representation, or statement with respect to this Grant Agreement.
 - c) Failure to operate or maintain project in accordance with this Grant Agreement.
 - d) Failure to make any remittance required by this Grant Agreement.
 - e) Failure to comply with Labor Compliance Plan (LCP) requirements.
 - f) Failure to meet any of the requirements set forth in Paragraph 11, "Continuing Eligibility."

Should an event of default occur, State may do any or all of the following:

- g) Declare the Grant be immediately repaid, with interest, which shall be equal to State of California general obligation bond interest rate in effect at the time of the default.

- h) Terminate any obligation to make future payments to Grantee.
- i) Terminate the Grant Agreement.
- j) Take any other action that it deems necessary to protect its interests.

Submittal and subsequent approval by the State, of a Project Completion Report is a requirement for the release of any funds retained for such project.
- Quarterly Progress Reports: Grantee shall submit Quarterly Progress Reports to meet the State's requirement for disbursement of funds. Quarterly Progress Reports shall be sent via e-mail, to the State's Project Manager. Quarterly Progress Reports shall, in part, provide a brief description of the work performed, Grantees activities, milestones achieved, any accomplishments and any problems encountered in the performance of the work under this Grant Agreement during the reporting period. The first Quarterly Progress Report should be submitted to the State no later than September 30, 2013 with future reports then due on successive three-month increments based on the invoicing schedule and this date.

In the event State finds it necessary to enforce this provision of this Grant Agreement in the manner provided by law, Grantee agrees to pay all costs incurred by State including, but not limited to, reasonable attorneys' fees, legal expenses, and costs.
18. LABOR COMPLIANCE. Grantee agrees to comply with all applicable California Labor Code requirements, including prevailing wage provisions.
19. OPERATION AND MAINTENANCE OF PROJECT. For the useful life of construction and implementation project and in consideration of the Grant made by State, Grantee agrees to ensure or cause to be performed the commencement and continued operation of the project, and shall ensure or cause the project to be operated in an efficient and economical manner; shall ensure all repairs, renewals, and replacements necessary to the efficient operation of the same are provided; and shall ensure or cause the same to be maintained in as good and efficient condition as upon its construction, ordinary and reasonable wear and depreciation excepted. The State shall not be liable for any cost of such maintenance, management, or operation. Grantee may be excused from operations and maintenance only upon the written approval of the State. For purposes of this Grant Agreement, "useful life" means period during which an asset, property, or activity is expected to be usable for the purpose it was acquired or implemented; "operation costs" include direct costs incurred for material and labor needed for operations, utilities, insurance, and similar expenses, and "maintenance costs" include ordinary repairs and replacements of a recurring nature necessary for capital assets and basic structures and the expenditure of funds necessary to replace or reconstruct capital assets or basic structures. Refusal of Grantee to ensure operation and maintenance of the project in accordance with this provision may, at the option of State, be considered a breach of this Grant Agreement and may be treated as default under Paragraph 12, "Default Provisions."
20. STATEWIDE MONITORING REQUIREMENTS. Grantee shall ensure that all projects that include groundwater monitoring requirements are consistent with the Groundwater Quality Monitoring Act of 2001 (Part 2.76 (commencing with Section 10780) of Division 6 of CWC) and, where applicable, that projects that affect water quality shall include a monitoring component that allows the integration of data into statewide monitoring efforts, including where applicable, the Surface Water Ambient Monitoring Program carried out by the State Water Resources Control Board.
21. PROJECT MONITORING PLAN REQUIREMENTS. Exhibit A of this Grant Agreement shall contain activities to develop and submit to State a Project Monitoring Plan. Along with the Attachment 6 Project Performance Measures Table requirements outlined on page 19 of the Proposition 1E Round 1 SWFM Proposal Solicitation Package, the Project Monitoring Plan should also include:
- Baseline conditions.
 - Brief discussion of monitoring systems to be utilized.
 - Methodology of monitoring.
 - Frequency of monitoring.
 - Location of monitoring points.

A Project Monitoring Plan shall be submitted to the State prior to disbursement of grant funds for construction or monitoring activities. See Exhibit F ("Requirements for Data Submittal") for web links and information regarding other State monitoring and data reporting requirements.

EXHIBIT A WORK PLAN

Project Description

In 2004, the Federal Energy Regulatory Commission (FERC) directed the City of Escondido to complete an evaluation of the potential for liquefaction-induced failure to occur at Lake Wohlford Dam. The geotechnical study conducted for the City of Escondido found that a liquefaction-induced mudflow slide of the upstream slope of the dam would likely occur as a result of the design earthquake loading. As a result, in 2007, FERC began requiring the City of Escondido to maintain Lake Wohlford at least 20 feet below the spillway crest level for dam safety purposes, which results in 57% reduction of its 6,500 AF capacity (2,800 AF).

Following FERC's determination, the City of Escondido began pursuing alternatives to retrofit Lake Wohlford Dam in order to restore the lake to its full design capacity. An Environmental Opinion prepared in 2008 determined that the least environmentally damaging way to address potential environmental impacts associated with mitigating the liquefaction potential from Lake Wohlford Dam would be to construct a new roller compacted concrete (RCC) dam downstream of the existing dam.

Therefore, the *Lake Wohlford Dam Replacement Project* will assist with construction and implementation of a RCC dam to replace the existing Lake Wohlford Dam structure. The dam proposed to replace the existing Lake Wohlford Dam would contain five major components: dam structure, spillway, outlet works, road realignment, and dam access. Specifically, the proposed project would involve construction of a new dam immediately downstream of the existing dam. The top portion of the existing dam would be removed and the material disposed. A new spillway would be cut through the north abutment of the new dam. A temporary access road may need to be constructed from Oakvale Road east to Guejito Road for use by local residents/businesses and fire trucks.

Tasks

The following sections outline the specific activities that will be performed to implement the *Lake Wohlford Dam Replacement Project*.

Row (a) Direct Project Administration

Task 1 – Project Administration

Project administration will involve coordination meetings with staff, project partners, and consultants as necessary. Deliverables that will be produced from these project administration efforts include updated budgets, schedules, and change orders.

Task 2 – Labor Compliance Program

Details of the LCP will be included within the *Lake Wohlford Dam Replacement Project's* quarterly reports.

The City of Escondido Utilities has established and adopted Labor Compliance Program (LCP) in accordance with CCR §16421-16439, which has been approved by the California Department of Industrial Relations (DIR); therefore, no budget is included here.

Task 3 – Reporting

Reporting will include three components as listed below and be performed by staff members from the City of Escondido under the Project Administration task (see Task 1). The Project Monitoring Plan and quarterly reports will be generated by the Utilities Construction Manager, approved by the Deputy Director of Utilities Construction and Engineering, and sent and filed by the Department Assistant. Quarterly invoices will be generated by Utilities Analyst and the Management Analyst II, and approved by the Construction Manager and Deputy Director. The Project Completion Report will be generated by the Utilities Construction Manager and Deputy Director, and sent and filed by the Department Assistant.

Row (b) Land Purchase Easement

A land purchase easement is not applicable to this project.

Task 4 – Assessment and Evaluation

All technical documents, data, and studies have been completed for the *Lake Wohlford Dam Replacement Project*. Two main studies used to evaluate the dam replacement alternatives are:

- The *Lake Wohlford Dam Replacement Geotechnical Data* report presents details of a subsurface exploration program that was performed as a part of an evaluation of alternatives to replace the existing Lake Wohlford Dam.
- The *Evaluation of Alternatives for Replacement of Lake Wohlford Dam* report w presents the results of an evaluation to identify a preferred dam type to replace the existing Lake Wohlford Dam. Reviews of the results by the selected consultant of the final design documents for the dam determined that an RCC dam was constructible.

Task 5 – Final Design

As discussed below, final design for this project will include 30%, 60%, 90%, and 100% designs.

30% design efforts will include preliminary siting of project components, including the replacement dam, spillway, outlet tunnel, and other factors of major consideration. The 30% design will also include location of suitable onsite or nearby excavated materials for use in construction of the replacement dam. The 30% design will utilize previously performed geological investigations and reports as well as all additional geological investigations, draft reports and recommendations.

60% design will be considered advanced design that will include preliminary details and sections of the proposed project. This design will define actions and activities associated with abutment and foundation tie-ins, spillway and piping, and all required demolition. The 60% design will include all final geological recommendations. The 60% design will include draft technical specifications, bid schedule and preliminary construction cost estimates. A 3-D finite element analysis will also be performed on the proposed dam layout to determine the stress on the dam during the maximum credible earthquake.

90% design will include a complete set of construction plans and technical specifications, bid schedule, and final construction cost estimates. This design will be available for review and quality assurance and quality control (QA/QC).

100% final design will include preparation of a final design package that is ready to advertise. The final design package will be signed and sealed by the design engineer of record.

Design Submittals
100% Design – Bid Package

Task 6 – Environmental Documentation

The project will need to comply with federal (National Environmental Policy Act – NEPA) and state (California Environmental Quality Act – CEQA) environmental laws, regulations, and guidelines because of the potential for significant adverse impacts to wetlands, waters of the United States, and waters of the State. The City will prepare a draft Environmental Impact Report (EIR) and release it for a 45-day public review. Public comments will be addressed and a final EIR will be prepared. The Army Corps of Engineers, as lead agency under NEPA, will rely on the EIR to prepare an Environmental Assessment for NEPA compliance as part of their permitting process.

Task 7 – Permitting

The City of Escondido would likely need multiple permits to complete the *Lake Wohlford Dam Replacement Project*, therefore the following is a list of all of the regulations and agencies that may require permits for completion of the project.

- Section 404 of the Federal Clean Water Act (CWA) and Section 10 of the Rivers and Harbor Act from the United States Army Corps of Engineers (USACE);
- Section 106 of the National Historic Preservation Act from the State Historic Preservation Office;
- Sections 7 and 10 of the Federal Endangered Species Act from the U.S. Fish and Wildlife Service and the National Oceanic and Atmospheric Administration's National Marine Fisheries Service;
- Section 1602 of the California Fish and Game Code and the Endangered Species Act (ESA) from the California Department of Fish and Wildlife (CDFW); and
- Sections 401 and 402 of the CWA from the Regional Water Quality Control Board (RWQCB).

The aforementioned list provides the potential regulatory requirements of the *Lake Wohlford Dam Replacement Project*, however the full scope of required permitting will be determined upon completion of design and preliminary environmental analyses.

Row (d) Construction / Implementation

Task 8 – Construction / Implementation Contracting

Tasks associated with construction contracting include advertising the project for public bids, evaluating contractor bids, and preparing all documents required to award the project to a contractor. It is anticipated that this work will be completed by City of Escondido staff.

Task 9 – Construction / Implementation

Materials and/or Design Standards

The Evaluation of Alternatives for Replacement of Lake Wohlford Dam Study found that the most viable alternatives were for a replacement dam downstream of the existing dam. The replacement dam will be constructed to meet all current codes and regulations including those of DWR's Division of Safety of Dams (DSOD).

The alternatives evaluation specifically evaluated the potential for a roller compacted concrete dam (RCC dam) or a rock fill dam to replace the existing Lake Wohlford Dam. A geological investigation, which included geological mapping, subsurface explorations, downhole geophysical surveys, in-situ hydraulic conductivity testing, piezometer data, seismic refraction surveys, laboratory testing, and test pits, was performed to support the alternatives analysis (see *Lake Wohlford Dam Replacement Geotechnical Data Report*). Subsequent reviews of the geological data by the consultant doing the dam final design indicates that an RCC dam may be feasible and DSOD views RCC dams the preferred dam type over earth fill providing a better quality long term facility. Based on this information, RCC was selected as the dam type.

An RCC mix design program was also developed for the project. Different mix design components of aggregates, water, cement, admixtures, sand and fly ash were tested to determine the best mix design for the project. This program and final mix design were reviewed and approved by DSOD. The information obtained from the mix design program was used to develop the final RCC design specification that will be used to bid the dam construction.

Construction Tasks

Task 9.1 Road Realignment

A portion of Oakvale Road will need to be relocated as its current alignment interferes with the proposed left dam abutment. The road realignment will require significant grading to push the canyon slope away from the dam abutment. The realigned portion of Oakvale Road shall match the road width to the existing roadway with a minimum drivable pavement width of 24 feet plus shoulders in accordance with the San Diego County Public Road Standards and will include any necessary drainage system. In addition, the County of San Diego has requested that a 10-foot no-motorized lane be provided along the north edge of the roadway. The estimated realignment length is approximately 1,000 feet.

Task 9.2 Mobilization and Site Preparation

The initial phase of construction will include mobilization, staging area setup, clearing, grubbing, grading and foundation excavation. The new dam will be constructed just downstream of the existing dam as such a large area of trees and other vegetation may be cleared for both the ultimate new dam site as well as the required staging area. Where possible, high value vegetation will be protected in place within staging areas. Preparation of the dam foundation is critical to the quality of the facility. Excavation of the foundation will result in significant volumes of removed material in order to reach acceptable foundation level which must be approved by the design geologist and DSOD. It is estimated that the foundation excavation may require depths of up to 40 to 60 feet to reach competent material with a width of approximately 200 feet. Foundation grouting may be required to fill imperfections in the basement rock including cracks to reduce the potential for seepage below the foundation.

Task 9.3 Dam Access

An all-weather drivable access for maintenance vehicles will be constructed from Oakvale Road to reach the toe of the dam, minimum of 12 feet wide and approximately 550 feet in length. Another access drive shall be constructed from Oakvale Road to reach the crest of the dam, minimum of approximately 40 feet wide and approximately 280 feet in length. These approach drives will be constructed of either asphaltic or concrete pavement. A bridging structure will also be included on the dam crest to enable access across the spillway located generally near the center of the dam. These access drives will accommodate the daily inspections performed of the operating dam including seepage monitoring and periodic movement surveys.

A construction access roadway will also be built along the north shoreline from the existing lake marina to the crest of the proposed new dam along the right abutment. This roadway will be approximately 20 feet wide and approximately 2,785 feet in length. It may be constructed of aggregate base material. Storm drains will be provided a ravine crossing so not to impact the existing drainage ways. Once dam construction is completed, this roadway will be blocked to general public. This roadway will be available to the City as needed.

Task 9.4a Foundation Excavation

The foundation excavation is based on the excavation requirements and procedures necessary to achieve a satisfactory foundation for the proposed new roller-compacted concrete (RCC) dam, stilling basin, intake tower, and appurtenances. The foundation grade shown on the drawings was established such that all soil, decomposed rock, and rock that is generally excavatable using large earthwork equipment would be removed. In order to construct a generally level foundation (from upstream to downstream), controlled blasting is also likely required. The foundation will be considered adequate when its too hard to excavate with large excavation equipment as identified by a licensed engineering geologist.

Prior to foundation preparation, a dewatering system will be installed to monitor and remove groundwater during construction. In addition, additional ground and dam monitoring instrumentation will be installed for construction. An erosion control system will be installed prior to any grading disturbance activities.

Task 9.4b Foundation Prep and Grouting Program – Abutments

The foundation surface will be irregular with exposed joints, seams, fractures, and other discontinuities. The entire foundation surface will be cleaned by barring and prying loose all drummy rock, using an air/water jet to remove as much loose material as possible; and removing by hand (and/or vacuum truck) loose material missed by previous steps. In addition, portions of the surface will require treatment to 1) protect the exposed bedrock from deterioration, 2) backfill jo

and 3) eliminate drastic slope changes. Applicable treat measures include over-excavation, dental excavation, dental concrete, stitch grouting, and slush grout. The treatment measurements will provide a smooth final surface for foundation approval.

Once foundation preparation and approval are complete, the Contractor will begin the Abutment grouting program. The grouting program includes two grouting tasks 1) Grout Curtains and 2) Consolidation Grouting. A double row grout curtain will be installed using the split-spacing method. Both curtains will be installed from the final excavated rock foundation surface along the right and left abutments axis, to depths where the rock permeability is estimated to be 1×10^{-5} cm/sec (~1 Lu) or less. Maximum hole spacing along both curtain rows will be 10 feet. Consolidation grouting will be performed across the entire right and left abutments footprints downstream of the grout curtain using the split-spacing method. Spacing between rows will be 10 feet and maximum spacing between holes along each row will be 10 feet. Hole depths will generally be 20 feet. Stitching grouting of geologic features will be performed as required by the Owner's Representative. Through-grouting stitch features will be treated for their entire length across the dam abutments.

Task 9.4c Foundation Prep and Grouting Program – Valley Floor

The foundation surface will be irregular with exposed joints, seams, fractures, and other discontinuities. The entire foundation surface will be cleaned by barring and prying loose all drummy rock, using an air/water jet to remove as much loose material as possible; and removing by hand (and/or vacuum truck) loose material missed by previous steps. In addition, portions of the surface will require treatment to 1) protect the exposed bedrock from deterioration, 2) backfill joints, and 3) eliminate drastic slope changes. Applicable treat measures include over-excavation, dental excavation, dental concrete, stitch grouting, and slush grout. The treatment measurements will provide a smooth final surface for foundation approval.

Once foundation preparation and approval are complete, the Contractor will begin the Valley Floor grouting program. The grouting program includes two grouting tasks 1) Grout Curtains and 2) Consolidation Grouting. A double row grout curtain will be installed using the split-spacing method. Both curtains will be installed from the final excavated rock foundation surface along the valley floor axis, to depths where the rock permeability is estimated to be 1×10^{-5} cm/sec (~1 Lu) or less. Maximum hole spacing along both curtain rows will be 10 feet. Consolidation grouting will be performed across the entire valley floor footprints downstream of the grout curtain using the split-spacing method. Spacing between rows will be 10 feet and maximum spacing between holes along each row will be 10 feet. Hole depths will generally be 20 feet. Stitching grouting of geologic features will be performed as required by the Owner's Representative. Through-grouting stitch features will be treated for their entire length across the dam abutments.

Implementation Deliverable
Statement of completion for Tasks 9.4a thru 9.4c by a registered engineer

The following Tasks 9.5, 9.6, 9.7, and 9.8 are outside of the scope of the agreement due to current availability of grant funds, however they are needed to complete the construction of the Dam.

Task 9.5 RCC Trial Placement and Dam Construction (Outside of Agreement Scope)

RCC Trial Placement

Prior to start of the RCC dam construction, the contractor will be required to construct a RCC trial placement dam section. This trial placement will be used to confirm the contractor's ability to perform the following: 1) proper foundation surface preparation, and 2) using proposed equipment and methods to place the RCC in accordance with the contract documents. The RCC trial placement will be approximately 125 feet long by 75 feet wide by 7 feet tall.

Dam

Construction of the RCC dam requires near continuous placement of a lean concrete mixture. The concrete will be prepared at an onsite or near site batch plant which will truck or conveyor the material to the dam for placement where it is roller compacted. The RCC dam will have a vertical or near vertical upstream face with a 0.8H:1V downstream face. The crest of the dam will be approximately 660 feet in length at an elevation of 1,490'± and a spillway elevation of 1,480'. The new dam will also include a dam adit and gallery. The gallery will be approximately 8 feet wide by 9 feet high and 323 feet long. The gallery will allow for visual inspection of the dam and foundation drains from inside the dam. The new dam shall be constructed to a height which will provide for a maximum water surface elevation equal to the existing dam. Dam maintenance and security facilities will be constructed and installed including access drive, monitoring equipment for movement and seepage, fencing and surveillance equipment. Foundation piezometers, inclinometers, and an accelerometer will be installed in the dam and along the foundation.

Task 9.6 Spillway (Outside of Agreement Scope)

The spillway of an RCC dam is constructed integral to the dam as it rises. The spillway crest will have an elevation of 1,480'±. The spillway will be designed to pass a flow of approximately 8,265 cfs, with an estimated width of approximately 90 feet and depth of approximately 8 feet. The spillway will terminate in a stilling pond at the base of the dam to dissipate the waters energy before reaching the existing natural stream bed.

Task 9.7 Outlet Works (Outside of Agreement Scope)

New

The new outlet tower will be constructed on the upstream face of the new dam. This type of outlet tower is a concrete shaft structurally integrated into the dam. The tower shall have four (4) automated gates at various elevations that can be operated from the Water treatment Plant depending on need or water quality. The multiple gates provide the ability to draw water from different levels within the contained lake; the gate shall also include fish screens to prevent fish from entering the tower and pipe system. During times of drought or other low water events the upper port(s) may become exposed as the water surface drops. The outlet piping will be placed through the foundation as the concrete reaches the appropriate elevation. The concrete placement continues until the design elevation is achieved. Following the construction of the dam itself the new outlet piping will be connected to the existing 48-inch downstream piping and the new emergency release valve facility.

Existing

Activation of the new outlet works will require removal of the top portion of the existing dam as well as notching through the existing dam to an approximate elevation of 1,420' in order to flood the area between the old and new dams. The notch must be stabilized so there is no future movement of the old structures. The existing outlet tower and piping will be abandoned in place (filled with concrete) or removed in a manner that will provide optimal facility security and public safety. The existing outlet tunnel through the existing dam will be filled with concrete for safety reasons.

Task 9.8 Test Dam Facilities and Regulatory Approval (Outside of Agreement Scope)

The new dam facilities will undergo startup and testing including the tower, penstock, outlet gates, and emergency release valve. Once testing is complete, the reservoir can be filled and regulatory acceptance granted.

Row (e) Construction Administration

Task 10 – Construction Administration for Tasks 9.1 through 9.4c

This task involves administration, coordination, and review of the construction contract and all other related construction tasks. This task will require labor from City of Escondido staff members and consultant construction managers and inspectors to oversee construction, testing, mitigation, and other aspects of the project.

Labor Category
Construction Management

Task 10a – Construction Administration for Tasks 9.5 through 9.8 (Outside of Agreement Scope)

This task involves administration, coordination, and review of the construction contract and all other related construction tasks for Task 9.4d RCC Trial Placement and Dam Construction, Task 9.5 Spillway, and Task 9.6 Outlet Works. This task will require labor from City of Escondido staff members and consultant construction managers and inspectors to oversee construction and other aspects of the project.

Row (f) Other Costs

Other costs associated with the *Lake Wohlford Dam Replacement Project* include establishment of a Board of Consultants, as required by FERC. The Board of Consultants shall oversee the analysis, design, construction, and any potential problems that might arise during the design and construction of the Lake Wohlford Dam replacement structures. The Board of Consultants shall be comprised of at least three members with expertise in the following areas: geotechnical engineering, engineering geologist, and hydraulic structures.

The City of Escondido will solicit and bring under contract the Board of Consultants, invite review and comment on all design submittals, and monitor construction procedures and progress. Formal meetings of the Board of Consultants will be convened at important milestones.

General Grant Agreement Guidelines

Amendment Requirements:

Amendments to the Work Plan, Budget, and/or Schedule of this Grant Agreement are triggered when the proposed changes are deemed by the State to be substantial. Substantial changes generally include changes to the wording/scope of work, schedule or term, and budget. For example, a formal budget change to an Agreement is required when the culmination of proposed Grant amount budget change(s) for a Task is greater than 10% of the original Grant amount budget for that particular Task or the Task to be exchanged.

Funding Match Contribution

Funding Match (often referred to as Grantee Cost Share) is the amount defined in Paragraph 4 of this Grant Agreement. Provided below is guidance for claiming funding match with and without in-kind services.

1. Adequate documentation supporting value of in-kind service (or volunteer service) as funding match claimed shall be maintained. Although tracked separately, in-kind services shall be documented and, to the extent feasible, supported by the same methods used by the Grantee for its own employees. Provide formal (on official letterhead) and substantial documentation of in-kind service by including the following:
 - o Describe contributed item(s) or service(s)
 - o Purpose for which contribution was made (tie to scope of work)
 - o Name of contributing organization and date of contribution
 - o Real or approximate value of contribution. Who valued the contribution and how was the value determined? (e.g., actual, appraisal, fair market value, etc.). Justification of rate. (see item #4, below)
 - o Person's name and function of the contributing person
 - o Hours of contribution
 - o If multiple sources exist, summarize these on a table with summed charges
 - o Was contribution provided by, obtained with, or supported by government funds? If so, indicate source.
2. Funding match contribution (including in kind services) shall be for costs and services directly attributed to activities included in this Grant Agreement's Work Plan. These services, furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as in-kind if the activities are an integral and necessary part of this Grant Agreement. Evaluate eligibility with State in advance of submittal.
3. Do not track cash contributions made to a project as an expenditure as you would for an in-kind service. When providing funding match, track cash contributions to the project (i.e. revenues) and expenditures (typically in-kind contribution) separately in an accounting system.
4. Rates for volunteer or in-kind services shall be consistent with those paid for similar work in the Grantee's organization. For example, volunteer service of clearing vegetation performed by an attorney shall be valued at a fair market value for this service, not the rate for professional legal services. In those instances in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(b) Words of the masculine gender shall be deemed and construed to include correlative words of the feminine and neuter genders and vice versa.

(c) Words importing the singular number shall include the plural number and vice versa unless the context shall otherwise require.

(d) The words “include,” “includes” and “including” shall be deemed to be followed by the phrase “without limitation.”

(e) Whenever the Borrower’s knowledge or the City’s knowledge is implicated in this Agreement or the phrase “to the Borrower’s knowledge” or the phrase “to the City’s knowledge” or a similar phrase is used in this Agreement, the Borrower’s knowledge or the City’s knowledge or such phrase(s) shall be interpreted to mean to the best of the Borrower’s knowledge or the best of the City’s knowledge, as applicable, after reasonable and diligent inquiry. Unless the context shall otherwise require, references to any Person shall be deemed to include such Person’s successors and permitted assigns.

(f) Unless the context shall otherwise require, references to preambles, recitals, sections, subsections, clauses, schedules, exhibits, appendices and provisions are to the applicable preambles, recitals, sections, subsections, clauses, schedules, exhibits, appendices and provisions of this Agreement.

(g) The schedules and exhibits to this Agreement, and the appendices and schedules to such exhibits, are hereby incorporated by reference and made an integral part of this Agreement.

(h) The headings or titles of this Agreement and its sections, schedules or exhibits, as well as any table of contents, are for convenience of reference only and shall not define or limit its provisions.

(i) Unless the context shall otherwise require, all references to any resolution, contract, agreement, lease or other document shall be deemed to include any amendments or supplements to, or modifications or restatements or replacements of, such documents that are approved from time to time in accordance with the terms thereof and hereof.

(j) Every request, order, demand, application, appointment, notice, statement, certificate, consent or similar communication or action hereunder by any party shall, unless otherwise specifically provided, be delivered in writing in accordance with Section 36 (*Notices*) and signed by a duly authorized representative of such party.

(k) References to “disbursements of WIFIA Loan proceeds” or similar phrasing shall be construed as meaning the same thing as “paying a portion of the purchase price of the WIFIA Note”.

(l) Whenever this Agreement requires a change in principal amount, interest rate or amortization schedule of the WIFIA Loan, it is intended that such change be reflected in the WIFIA Note. Whenever there is a mandatory or optional prepayment of the WIFIA Loan, it is intended that such prepayment be implemented through a prepayment of the WIFIA Note.

ARTICLE II THE WIFIA LOAN

Section 3. WIFIA Loan Amount. The principal amount of the WIFIA Loan shall not exceed \$65,147,348. WIFIA Loan proceeds available to be drawn shall be disbursed from time to time in accordance with Section 4 (*Disbursement Conditions*) and Section 11(b) (*Conditions Precedent – Conditions Precedent to Disbursements*).

Section 4. Disbursement Conditions.

(a) Pursuant to the WIFIA IPA, the Borrower has appointed the City as its agent to request funds from time to time under this Agreement and the City has accepted such appointment and assumed all rights, liabilities, duties and responsibilities of the Borrower under this Agreement regarding the requisition of funds from time to time under this Agreement. WIFIA Loan proceeds shall be disbursed solely in respect of Eligible Project Costs. If the Borrower intends to utilize the WIFIA Loan proceeds to make progress payments for Project construction work performed under the Construction Contracts, the City, as agent of the Borrower pursuant to the WIFIA IPA, shall demonstrate to the satisfaction of the WIFIA Lender that such progress payments are commensurate with the cost of the work that has been completed. Each disbursement of the WIFIA Loan shall be made pursuant to a requisition and certification (a “**Requisition**”) in the form set forth in **Appendix One** (*Form of Requisition*) to **Exhibit D** (*Requisition Procedures*),

along with all documentation and other information required thereby, submitted by the City, as agent of the Borrower pursuant to the WIFIA IPA, to, and approved by, the WIFIA Lender, all in accordance with the procedures of **Exhibit D** (*Requisition Procedures*) and subject to the requirements of this Section 4 and the conditions set forth in Section 11(b) (*Conditions Precedent – Conditions Precedent to Disbursements*); provided that no disbursements of WIFIA Loan proceeds shall be made after the Final Disbursement Date.

(b) Each Requisition shall include a certification by the City, as agent of the Borrower pursuant to the WIFIA IPA, certifying as to the following: (i) whether reimbursement or payment is being requested with respect to (A) Eligible Project Costs that have been submitted by it pursuant to Section 4(e) and approved by the WIFIA Lender pursuant to Section 4(f) or (B) other Eligible Project Costs incurred by the City, as agent of the Borrower pursuant to the WIFIA IPA; (ii) the amount for which reimbursement or payment is being requested has not been reimbursed or paid by any previous disbursement of WIFIA Loan proceeds; and (iii) to the extent any Eligible Project Costs described in clause (i)(B) above are included in the Requisition, that such Eligible Project Costs have not and will not be submitted by the City for approval pursuant to Section 4(e) and Section 4(f).

(c) The City shall deliver copies of each Requisition to the WIFIA Lender and the Servicer (if any) on or before the first (1st) Business Day of each month for which a disbursement is requested. If the WIFIA Lender shall expressly approve a Requisition or shall not expressly deny a Requisition, disbursements of funds shall be made on the fifteenth (15th) day of the month for which a disbursement has been requested, or on the next succeeding Business Day if such fifteenth (15th) day is not a Business Day. Express WIFIA Lender approval or denial shall be substantially in the form annexed hereto as **Appendix Three** (*[Approval/Disapproval] of the WIFIA Lender*) to **Exhibit D** (*Requisition Procedures*). In no event shall disbursements be made more than once each month.

(d) At the time of any disbursement, the sum of all prior disbursements of WIFIA Loan proceeds and the disbursement then to be made shall not exceed the cumulative disbursements through the end of the then-current Federal Fiscal Year set forth in the Anticipated WIFIA Loan Disbursement Schedule, as the same may be amended from time to time in accordance with the terms of this Agreement. Subject to this Section 4, any scheduled disbursement (as reflected in the Anticipated WIFIA Loan Disbursement Schedule) that remains undrawn at the end of any Federal Fiscal Year shall automatically roll forward to be available in the succeeding Federal Fiscal Year up to the last anticipated date of disbursement set forth in the Anticipated WIFIA Loan Disbursement Schedule, having the effect of automatically updating the Anticipated WIFIA Loan Disbursement Schedule without need for the WIFIA Lender's approval. The City may also amend the Anticipated WIFIA Loan Disbursement Schedule by submitting a revised version thereof to the WIFIA Lender no later than thirty (30) days prior to the proposed effective date of such amendment, together with a detailed explanation of the reasons for such revisions. Such revised Anticipated WIFIA Loan Disbursement Schedule shall become effective upon the WIFIA Lender's approval thereof, which approval shall be granted in the WIFIA Lender's sole discretion.

(e) On a quarterly basis, the City, as agent of the Borrower pursuant to the WIFIA IPA, shall submit to the WIFIA Lender invoices and records, satisfactory to the WIFIA

Lender in form and substance, with respect to any costs incurred by the City, as agent of the Borrower pursuant to the WIFIA IPA, in respect of the Project evidencing that such costs are Eligible Project Costs (the “**Project EPC Documentation**”), or, if the City elects in any quarter not to submit the documentation described above, a written statement indicating such election; provided that no such submission shall be required (x) before the date that is sixty (60) days after the Effective Date or (y) for any costs incurred prior to the Effective Date.

(f) The Project EPC Documentation and the related statement submitted pursuant to Section 4(e) shall contain sufficient detail to enable the WIFIA Lender to verify that any costs submitted by the City for reimbursement are Eligible Project Costs. Within thirty (30) days following the receipt of the Project EPC Documentation and the accompanying statement, the WIFIA Lender shall deliver a notice to the Borrower and the City confirming (i) which Eligible Project Costs incurred by the City, as agent of the Borrower pursuant to the WIFIA IPA, set forth in the statement have been approved or denied (and, if denied, the reasons therefor) and (ii) the cumulative amount of Eligible Project Costs that have been approved with respect to the City, as agent of the Borrower pursuant to the WIFIA IPA. Any approved amounts of Eligible Project Costs shall be disbursed at such time as the City submits a Requisition in respect of such approved amounts in accordance with Section 4(a) and Section 4(b). The City shall not submit a Requisition that seeks reimbursement of Eligible Project Costs for which the related Project EPC Documentation was not delivered to the WIFIA Lender and the Servicer (if any) at least one (1) month prior to the date such Requisition is submitted.

Section 5. Term. The term of the WIFIA Loan shall extend from the Effective Date to the Final Maturity Date or to such earlier date as all amounts due or to become due to the WIFIA Lender hereunder have been irrevocably paid in full in immediately available funds.

Section 6. Interest Rate. The interest rate with respect to the Outstanding WIFIA Loan Balance (the “**WIFIA Interest Rate**”) shall be [●] and [●] hundredths percent ([●]%) per annum. Interest will accrue and be computed on the Outstanding WIFIA Loan Balance (as well as on any past due interest) from time to time on the basis of a three hundred sixty (360) day year of twelve (12) thirty (30) day months; provided that, upon the occurrence of an Event of Default, the Borrower shall pay interest on the Outstanding WIFIA Loan Balance at the Default Rate, (a) in the case of any Payment Default, from (and including) its due date to (but excluding) the date of actual payment and (b) in the case of any other Event of Default, from (and including) the date of such occurrence to (but excluding) the earlier of the date on which (i) such Event of Default has been cured or waived (if applicable) in accordance with the terms of this Agreement and (ii) the Outstanding WIFIA Loan Balance has been irrevocably paid in full by the Borrower in immediately available funds. For the avoidance of doubt, interest on the WIFIA Loan and the WIFIA Note shall accrue and be payable only on those amounts for which a Requisition has been submitted and funds (or such portion of funds as have been approved by the WIFIA Lender) have been disbursed to the Borrower for use on the Project in accordance with Section 4 (*Disbursement Conditions*).

Section 7. Security and Priority; Flow of Funds.

(a) Pursuant to the WIFIA IPA, as security for the WIFIA Installment Payments, and concurrently with the issuance and delivery of this Agreement, the City has

pledged, assigned and granted to the Borrower for its benefit, Liens on (i) the Revenues, (ii) other amounts that are on deposit in the Revenue Fund and the Acquisition Fund and (iii) any other amounts (including proceeds of the WIFIA Loan) which are held in any fund or account that is established pursuant to the WIFIA IPA (collectively, the **"City Pledged Collateral"**). The WIFIA Installment Payments are and shall (i) be secured by the Liens on the Revenues, (ii) not be subordinate in right of payment (other than with respect to Operations and Maintenance Costs) or in right of security to any Lien on the Revenues, (iii) be *pari passu* in right of payment and right of security only to the Lien on the Revenues for the benefit of the Parity Obligations and (iv) be senior in right of payment and right of security to the Lien on the Revenues for the benefit of the Subordinate Obligations. The obligation of the City to make the WIFIA Installment Payments constitutes Parity Obligations.

(b) Except for Permitted Liens, the Revenues shall be free and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto, that is of equal rank with or senior to the pledge of the Borrower created under the WIFIA Loan Documents for the benefit of the WIFIA Lender, and all organizational, regulatory or other necessary action on the part of the City with respect to the foregoing has been duly and validly taken.

(c) The Borrower hereby unconditionally pledges and assigns to the WIFIA Lender for its benefit (i) all of its right, title and interest to receive the Authority Revenues, (ii) any other amounts (including proceeds of the WIFIA Loan) held in any fund or account that is established pursuant to this Agreement, (iii) all of its rights with respect to the WIFIA Debt Service Account and (iv) all of its rights and remedies to enforce compliance with the provisions of the WIFIA IPA (including enforcement of payment obligations and the Rate Covenant or otherwise to protect the interest of the WIFIA Lender) (collectively, the **"Borrower Assigned Rights"**), in each case for the purpose of securing (x) the payment of all sums due and owing to the WIFIA Lender under this Agreement and (y) the observance, performance and discharge of each agreement, condition, covenant and term of the Borrower and the City hereunder and of the City under the WIFIA IPA. Such pledge and assignment shall constitute a lien on and security interest in such rights and amounts.³ The City hereby consents to such pledge and assignment. Notwithstanding anything in this Agreement or any other WIFIA Loan Document to the contrary, the Borrower does not and shall not assign, and the WIFIA Lender does not and shall not assume, any obligation, duty or liability of the Borrower under the WIFIA IPA. The WIFIA Loan is and shall be secured by the Liens on the Authority Revenues. The Authority Revenues shall be free and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto other than the Liens with respect to the WIFIA Loan. The WIFIA Debt Service Account shall be free and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto other than the Liens with respect to the WIFIA Installment Payments.

(d) The City shall not use any Revenues to make any payments or satisfy any obligations other than in accordance with the Flow of Funds, the provisions of this Section 7 and the Related Documents and shall not apply any portion of the Revenues in contravention of this Agreement or the other Related Documents. The City shall not use any amounts on deposit in the

³ **NTD:** Revised language adapted from the 2019 Trust Indenture, including references to lien and security interest.

WIFIA Debt Service Account to make any payments or satisfy any obligations other than the payment of WIFIA Debt Service on the Borrower's behalf.

(e) The Borrower shall not use any Authority Revenues to make any payments or satisfy any obligations other than the payment of WIFIA Debt Service and other amounts payable to the WIFIA Lender hereunder and under the WIFIA Note.

(f) All Revenues shall, immediately upon receipt thereof, be deposited by the City into the Revenue Fund. Amounts deposited in the Revenue Fund shall be applied in the order of priority described in, and in accordance with, the Flow of Funds.

(g) Following the acceleration of amounts payable by the Borrower hereunder or payable by the City under the WIFIA IPA pursuant to Section 21(c) (*Events of Default and Remedies*) or Section 21(d)(vi) (*Events of Default and Remedies*), amounts deposited in the Revenue Fund shall be applied in the order of priority described in, and in accordance with, the Flow of Funds Following Acceleration.

Section 8. Payment of Principal and Interest.

(a) Payment of WIFIA Debt Service.

(i) Pursuant to the WIFIA IPA, not later than each Installment Payment Date occurring on or after the Debt Service Payment Commencement Date, the City shall, from moneys in the Revenue Fund, transfer to the WIFIA Debt Service Account the WIFIA Installment Payment due and payable on the relevant Payment Date. All WIFIA Installment Payments shall be paid directly by the City to the WIFIA Debt Service Account for the benefit of the WIFIA Lender. All WIFIA Installment Payments and any other amounts deposited into the WIFIA Debt Service Account shall be held by the City, as agent of the Borrower pursuant to the WIFIA IPA, in trust for the benefit of the WIFIA Lender until the immediately succeeding Payment Date, whereupon such money shall be applied to the payment of WIFIA Debt Service.

(ii) No WIFIA Debt Service shall be due or payable prior to the Debt Service Payment Commencement Date. The Borrower shall pay, or the City, as agent of the Borrower pursuant to the WIFIA IPA, shall transfer from the WIFIA Debt Service Account on the Borrower's behalf, (A) WIFIA Debt Service in the amounts and manner and on the Payment Dates as set forth in the Loan Amortization Schedule, as the same may be revised pursuant to Section 8(f) (*Payment of Principal and Interest – Adjustments to Loan Amortization Schedule*), and (B) payments of any other amounts on each other date on which payment thereof is required to be made hereunder (including the Final Maturity Date and any date on which payment is due by reason of the mandatory redemption or prepayment or the acceleration of the maturity of the WIFIA Loan or otherwise); provided that if any such date is not a Business Day, payment shall be made on the next Business Day following such date. WIFIA Loan proceeds borrowed and repaid may not be reborrowed.

(iii) Notwithstanding anything herein to the contrary, the Outstanding WIFIA Loan Balance and any accrued interest thereon shall be due and payable in full on

the Final Maturity Date (or on any earlier date on which the WIFIA Loan and WIFIA Note are subject to mandatory redemption or prepayment prior to the maturity thereof).

(iv) Any defeasance of the WIFIA Loan in accordance with applicable law shall not be deemed a repayment or prepayment of the WIFIA Loan in full, and each of the Borrower and the City shall comply with all of its respective obligations hereunder and under the other WIFIA Loan Documents (other than with respect to payments of WIFIA Debt Service, which payments shall continue to be made in accordance with the Loan Amortization Schedule by the succeeding entity assuming the Borrower's payment obligations), unless otherwise agreed by the WIFIA Lender, until the irrevocable payment in full in immediately available funds by the Borrower of the Outstanding WIFIA Loan Balance, together with all accrued interest, fees and expenses with respect thereto.

(b) Interest Payments and Interest Only Period.

(i) Interest shall accrue on the WIFIA Loan commencing on the date of the first disbursement of the WIFIA Loan and shall be payable commencing on the Debt Service Payment Commencement Date.

(ii) During the Interest Only Period, the WIFIA Debt Service payable by the Borrower shall consist of one hundred percent (100%) of the amount of interest then due and payable on the Outstanding WIFIA Loan Balance, and no payment of principal will be due and payable.

(c) Fixed Level Payments. During the Level Payment Period, each amount consisting of (i) the interest payment due on January 1 of any year *plus* (ii) the sum of the principal and interest payments due on July 1 of such year will be approximately equal (each such amount, a "**Fixed Level Payment**"). The amount of the Fixed Level Payment shall be calculated in such manner that the Outstanding WIFIA Loan Balance as of the Level Payment Commencement Date shall be reduced to \$0 on the Final Maturity Date (assuming that interest accrues during such period on the Outstanding WIFIA Loan Balance at the rate per annum set forth in Section 6 (*Interest Rate*) in the absence of an Event of Default, that all Fixed Level Payments are made in a timely manner during such period, and that no additional payments of principal or interest on the WIFIA Loan are made during such period). Within thirty (30) days prior to the beginning of the Level Payment Period, the WIFIA Lender shall give written notice to the Borrower and the City of the amount of the related Fixed Level Payment, which amount shall be deemed conclusive absent manifest error, but no failure to provide or delay in providing the Borrower and the City with such notice shall affect any payment obligation or other obligation of the Borrower hereunder or under any other WIFIA Loan Document to which the Borrower is a party, or any payment obligation of the City under the WIFIA IPA or other obligation of the City hereunder or under any other WIFIA Loan Document to which the City is a party. To the extent that any prepayment of the WIFIA Loan is made during the Level Payment Period in addition to the Fixed Level Payments, such prepayment shall be applied to the remaining Outstanding WIFIA Loan Balance and the resulting Fixed Level Payments shall be recalculated as provided in Section 9(d) (*Prepayment – General Prepayment Instructions*) and reflected in a revised **Exhibit F** (*WIFIA Debt Service*).

(d) WIFIA Note. As evidence of the Borrower's obligation to repay the WIFIA Loan, the Borrower shall issue and deliver to the WIFIA Lender, on or prior to the Effective Date, the WIFIA Note substantially in the form of **Exhibit A** (*Form of WIFIA Note*), having a maximum principal amount of \$65,147,348, bearing interest at the WIFIA Interest Rate and having principal and interest payable on the same dates set forth herein. Any payment in respect of the WIFIA Note shall be treated as a payment in respect of the WIFIA Loan and any prepayment of principal in respect of the WIFIA Loan shall be treated as a redemption in respect of the WIFIA Note.

(e) Manner of Payment. The Borrower hereby assigns all its right and interest in and to the WIFIA Installment Payments to the WIFIA Lender and directs the City to transfer, on the Borrower's behalf, all amounts on deposit in the WIFIA Debt Service Account to the WIFIA Lender by wire transfer on or before each Payment Date in Dollars and in immediately available funds (without counterclaim, offset or deduction) in accordance with the payment instructions provided by the WIFIA Lender prior to the relevant payment, as may be modified in writing from time to time by the WIFIA Lender; provided that neither the assignment of such rights by the Borrower nor such direction by the Borrower to the City with respect to payments hereunder shall affect in any manner any payment obligation or other obligation of the Borrower hereunder or under any other WIFIA Loan Document to which the Borrower is a party, or any payment obligation of the City under the WIFIA IPA or other obligation of the City hereunder or under any WIFIA Loan Document to which the City is a party.

(f) Adjustments to Loan Amortization Schedule.

(i) The Outstanding WIFIA Loan Balance will be (A) increased on each occasion on which the WIFIA Lender disburses loan proceeds hereunder, as applicable, by the amount of such disbursement of loan proceeds; and (B) decreased upon each payment or prepayment of the Outstanding WIFIA Loan Balance, by the amount of principal so paid. The WIFIA Lender may in its discretion at any time and from time to time, or when so requested by the Borrower or the City, advise the Borrower or the City by written notice of the amount of the Outstanding WIFIA Loan Balance as of the date of such notice, and its determination of such amount in any such notice shall be deemed conclusive absent manifest error.

(ii) The WIFIA Lender is hereby authorized to modify the Loan Amortization Schedule included in **Exhibit F** (*WIFIA Debt Service*) from time to time, in accordance with the principles set forth below in this Section 8(f), to reflect (A) any change to the Outstanding WIFIA Loan Balance, (B) any change to the date and amount of any principal or interest due and payable or to become due and payable by the Borrower under this Agreement, (C) any mathematical corrections as the WIFIA Lender may determine are necessary and (D) with the consent of the Borrower (not to be unreasonably withheld), such other information as the WIFIA Lender may determine is necessary for administering the WIFIA Loan and this Agreement. Any calculations described above shall be rounded up to the nearest whole cent. Any adjustments or revisions to the Loan Amortization Schedule as a result of changes in the Outstanding WIFIA Loan Balance shall be applied to reduce future payments due with respect to the WIFIA Loan in inverse order of maturity, other than prepayments which shall be applied in accordance with Section 9(d) (*Prepayment – General Prepayment Instructions*). Absent manifest error, the WIFIA

Lender's determination of such matters as set forth on **Exhibit F (WIFIA Debt Service)** shall be conclusive evidence thereof; provided that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner any payment obligation or other obligation of the Borrower hereunder or under any other WIFIA Loan Document to which the Borrower is a party, or any payment obligation of the City under the WIFIA IPA or other obligation of the City hereunder or under any WIFIA Loan Document to which the City is a party. The WIFIA Lender shall provide the Borrower and the City with a copy of **Exhibit F (WIFIA Debt Service)** as revised, but no failure to provide or delay in providing the Borrower or the City with such copy shall affect any of the obligations of the Borrower or the City under this Agreement or the other WIFIA Loan Documents.

(g) WIFIA Loan Not City Indebtedness. The WIFIA Loan and the WIFIA Note are limited obligations of the Borrower, payable solely from the Authority Revenues, and do not constitute a debt of the members of the Borrower, the State or any of its political subdivisions (including the City), except the Borrower. Notwithstanding anything to the contrary set forth in this Agreement, the City is not a borrower with respect to the WIFIA Loan, the WIFIA Note, or this Agreement and the City has no obligation to make any payment or provision for payment of the WIFIA Loan or the WIFIA Note. This Agreement does not constitute a contract between the City and the WIFIA Lender by which the City has incurred an indebtedness.

Section 9. Prepayment.

(a) Mandatory Prepayment from Net Proceeds or Eminent Domain Proceeds. The Borrower, or the City as agent of the Borrower, shall prepay the WIFIA Loan from and in the amount of any prepayments of the WIFIA Installment Payments received from the City pursuant to the WIFIA IPA and Section 17(f)(iii) (*Affirmative Covenants of the City – Insurance; Net Proceeds*) or Section 17(t) (*Affirmative Covenants of the City – Eminent Domain Proceeds*). The amount of any such prepayment shall be equal to the portion of the Outstanding WIFIA Loan Balance required to be prepaid hereunder plus accrued interest thereon to the date of prepayment. All such prepayments shall be paid to the WIFIA Lender by the City as agent of the Borrower substantially concurrently with the receipt of such amount by the Borrower and applied against the Outstanding WIFIA Loan Balance in accordance with Section 9(d) (*Prepayment – General Prepayment Instructions*).

(b) Optional Prepayments. Following the Final Disbursement Date, the Borrower (or the City as agent of the Borrower) may prepay the WIFIA Loan in whole or in part (and, if in part, the amounts thereof to be prepaid shall be determined by the Borrower; provided that such prepayments shall be in principal amounts of \$1,000,000 or any integral multiple of \$1.00 in excess thereof), from time to time, but not more than annually, without penalty or premium, by paying to the WIFIA Lender such principal amount of the WIFIA Loan to be prepaid, together with the unpaid interest accrued on the amount of principal so prepaid to the date of such prepayment, which shall be a Payment Date unless otherwise agreed by the WIFIA Lender. Each prepayment of the WIFIA Loan pursuant to this Section 9(b) shall be made on such Payment Date and in such principal amount as shall be specified by the Borrower in a written notice delivered to the WIFIA Lender not less than ten (10) days or more than thirty (30) days prior to the date set for prepayment, unless otherwise agreed by the WIFIA Lender. At any time between delivery of such

written notice and the applicable optional prepayment, the Borrower may, without penalty or premium, rescind its announced optional prepayment by further written notice to the WIFIA Lender. Anything in this Section 9(b) to the contrary notwithstanding, the failure by the Borrower to make any optional prepayment shall not constitute a breach or default under this Agreement.

(c) Borrower's Certificate. Each prepayment pursuant to this Section 9 shall be accompanied by a certificate signed by the Borrower's Authorized Representative identifying the provision of this Agreement pursuant to which such prepayment is being made and containing a calculation in reasonable detail of the amount of such prepayment.

(d) General Prepayment Instructions. Upon the WIFIA Lender's receipt of confirmation that payment in full in immediately available funds of the entire Outstanding WIFIA Loan Balance and any unpaid interest, fees and expenses with respect thereto has occurred as a result of a mandatory or optional prepayment, the WIFIA Lender shall surrender the WIFIA Note to the Borrower or its representative at the principal office of the WIFIA Lender. If the Borrower prepays only part of the unpaid balance of principal of the WIFIA Loan, the WIFIA Lender may make a notation on **Exhibit F** (*WIFIA Debt Service*) indicating the amount of principal of and interest on the WIFIA Loan then being prepaid. Absent manifest error, the WIFIA Lender's determination of such matters as set forth on **Exhibit F** (*WIFIA Debt Service*) shall be conclusive evidence thereof; provided that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner any payment obligation or other obligation of the Borrower hereunder or under any other WIFIA Loan Document to which the Borrower is a party, or any payment obligation of the City under the WIFIA IPA or any other obligation of the City hereunder or under any WIFIA Loan Document to which the City is a party. All partial prepayments of principal shall be applied to reduce future payments due on the WIFIA Loan ratably by an equal amount. If such funds have not been so paid on the prepayment date, such principal amount of the WIFIA Loan shall continue to bear interest until payment thereof at the rate provided for in Section 6 (*Interest Rate*).

Section 10. Fees and Expenses.

(a) Fees. The City shall pay, on behalf of the Borrower, to the WIFIA Lender:

(i) a servicing set-up fee equal to \$10,790 (the "**Servicing Set-Up Fee**"), which shall be due and payable within thirty (30) days after receipt of an invoice from the WIFIA Lender with respect thereto (or, if earlier, the first disbursement date of the WIFIA Loan);

(ii) an annual construction period servicing fee equal to \$10,790 (the "**Construction Period Servicing Fee**"), which shall accrue on the first Business Day of the then-current Federal Fiscal Year and shall be due and payable on or prior to each November 15 during the Construction Period (including the Federal Fiscal Year during which the Substantial Completion Date occurs); provided that the initial Construction Period Servicing Fee shall be due and payable within thirty (30) days after receipt of an

invoice from the WIFIA Lender with respect thereto (or, if earlier, the first disbursement date of the WIFIA Loan), in a pro-rated amount equal to \$[●]⁴; and

(iii) an annual operating period servicing fee equal to \$8,100 (the **“Operating Period Servicing Fee”**), which shall accrue on the first Business Day of the then-current Federal Fiscal Year and shall be due and payable on or prior to each November 15, beginning with the first November 15 following the end of the Federal Fiscal Year during which the Substantial Completion Date occurs, until (and including) the Final Maturity Date; provided that the Operating Period Servicing Fee due and payable with respect to the Federal Fiscal Year during which the Final Maturity Date occurs shall be equal to the pro-rata monthly portion of the then applicable Operating Period Servicing Fee multiplied by the number of partial or whole months remaining between October 1 and the Final Maturity Date.

(b) The amount of each Construction Period Servicing Fee (other than the initial Construction Period Servicing Fee) and each Operating Period Servicing Fee shall be adjusted in proportion to the percentage change in CPI for the calendar year immediately preceding the calendar year during which such fee is due. The WIFIA Lender shall notify the City of the amount of each such fee at least thirty (30) days before payment is due, which determination shall be conclusive absent manifest error.

(c) Expenses. The City agrees, whether or not the transactions hereby contemplated shall be consummated, to reimburse the WIFIA Lender on demand from time to time, within thirty (30) days after receipt of any invoice from the WIFIA Lender, for any and all fees, costs, charges, and expenses incurred by it (including the fees, costs, and expenses of its legal counsel, financial advisors, auditors and other consultants and advisors) in connection with the negotiation, preparation, execution, delivery, and performance of this Agreement and the other WIFIA Loan Documents and the transactions hereby and thereby contemplated, including attorneys’ and engineers’ fees and professional costs, including all such fees, costs, and expenses incurred as a result of or in connection with: (i) the enforcement of or attempt to enforce, or the protection or preservation of any right or claim under, the Authority Revenues, the Revenues, the WIFIA Debt Service Account, or any provision of this Agreement or any other WIFIA Loan Document or the rights of the WIFIA Lender thereunder; (ii) any amendment, modification, waiver, or consent with respect to this Agreement or any other Related Document; and (iii) any work-out, restructuring, or similar arrangement of the obligations of the Borrower or the City under this Agreement or the other WIFIA Loan Documents, including during the pendency of any Event of Default; provided that nothing in this Section 10(c) shall obligate the City to pay principal or interest on the WIFIA Loan or WIFIA Note.

(d) The obligations of the City under this Section 10 shall survive the payment or prepayment in full in accordance with Section 8 or Section 9, respectively, of the WIFIA Note, the enforcement of any provision of this Agreement or the other WIFIA Loan Documents, any such amendments, waivers or consents, any Event of Default, and any such workout, restructuring, or similar arrangement.

⁴ **NTD:** Subject to month of closing (May: \$3,590; June: \$2,690; July: \$1,790; August: \$890).

ARTICLE III CONDITIONS PRECEDENT

Section 11. Conditions Precedent.

(a) Conditions Precedent to Effectiveness. Notwithstanding anything in this Agreement to the contrary, this Agreement shall not become effective until each of the following conditions precedent has been satisfied or waived in writing by the WIFIA Lender in its sole discretion:

ARTICLE IV REPRESENTATIONS AND WARRANTIES

Section 12. Representations and Warranties of the Borrower. The Borrower hereby represents and warrants that, as of the Effective Date and, as to each of the representations and

warranties other than those (x) contained in Section 12(b) (*Representations and Warranties of the Borrower – Officers’ Authorization*), Section 12(k) (*Representations and Warranties of the Borrower – Credit Ratings*) and the first sentence of Section 12(f) (*Representations and Warranties of the Borrower – Litigation*), or (y) which expressly relate only to the City, as of each date on which any disbursement of the WIFIA Loan is requested or made:

(a) Organization; Power and Authority. The Borrower is a joint exercise of powers agency duly organized and validly existing under its Organizational Documents and the laws of the State, has full legal right, power and authority to do business in the State and to enter into the Related Documents then in existence to which it is a party, to execute and deliver this Agreement and the WIFIA Note, and to carry out and consummate all transactions contemplated hereby and thereby, and has duly authorized the execution, delivery and performance of this Agreement, the WIFIA Note, and the other Related Documents to which it is a party.

(b) Officers’ Authorization. As of the Effective Date, the officers of the Borrower executing (or that previously executed) the Related Documents (and any certifications or instruments related thereto) to which the Borrower is a party are (or were at the time of such execution) duly and properly in office and fully authorized to execute the same.

(c) Due Execution; Enforceability. Each of the Related Documents in effect as of any date on which this representation and warranty is made, and to which the Borrower is a party has been duly authorized, executed and delivered by the Borrower and constitutes the legal, valid and binding agreement of the Borrower enforceable against it in accordance with its terms, except as such enforceability (i) may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or similar laws affecting the rights of creditors generally and (ii) is subject to general principles of equity, the exercise of judicial discretion and the limitation on legal remedies against governmental entities imposed by the laws of the State (regardless of whether enforceability is considered in equity or at law).

(d) Non-Contravention. The execution and delivery of the Related Documents to which the Borrower is a party, the consummation of the transactions contemplated by the Related Documents to which the Borrower is a party, and the fulfillment of or compliance with the terms and conditions of the Related Documents to which the Borrower is a party, will not (i) conflict with the Borrower’s Organizational Documents, (ii) conflict in any material respect with, or constitute a violation, breach or default (whether immediately or after notice or the passage of time or both) by the Borrower of or under, any applicable law, administrative rule or regulation, any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Borrower is a party or by which it or its properties or assets are otherwise subject or bound, or (iii) result in the creation or imposition of any Lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Borrower, other than Permitted Liens.

(e) Consents and Approvals. No consent or approval of any trustee, holder of any indebtedness of the Borrower, or of any other Person, and no consent, permission, authorization, order or license of, or filing or registration with, any Governmental Authority is necessary in connection with (i) the execution and delivery by the Borrower of the Related Documents to which it is a party, except as have been obtained or made and as are in full force and

effect, or (ii) (A) the consummation of any transaction contemplated by any of the Related Documents to which the Borrower is a party, or (B) the fulfillment of or compliance by the Borrower with the terms and conditions of any of the Related Documents to which the Borrower is a party, except as have been obtained or made and as are in full force and effect or as are ministerial in nature and can reasonably be expected to be obtained or made in the ordinary course on commercially reasonable terms and conditions when needed.

(f) Litigation. There is no action, suit, proceeding or, to the knowledge of the Borrower, any inquiry or investigation, in any case before or by any court or other Governmental Authority pending or, to the knowledge of the Borrower, threatened against or affecting the System (including the Project) or the ability of the Borrower to execute, deliver and perform its obligations under the Related Documents to which the Borrower is a party. As of the Effective Date and as of each other date on which the representations and warranties herein are made or confirmed, there is no action, suit, proceeding or, to the knowledge of the Borrower, any inquiry or investigation before or by any court or other Governmental Authority pending, or to the knowledge of the Borrower, threatened against or affecting the System (including the Project), the Borrower or the assets, properties or operations of the Borrower, that in any case could reasonably be expected to result in a Borrower Material Adverse Effect.

(g) Security Interests. (i) This Agreement and Section 5451 of the California Government Code establish, and (ii) the Borrower has taken all necessary action to pledge and assign, in each case in favor of the WIFIA Lender, the Borrower Assigned Rights purported to be created, pledged and assigned pursuant to and in accordance with this Agreement. Such pledge and assignment shall constitute a lien on and security interest in the Borrower Assigned Rights and are valid and binding irrespective of whether any Person has notice of such pledge and assignment and without the need for any physical delivery, recordation, filing, or further act.⁵ Such pledge and assignment are in full force and effect and are the only lien and security interest in respect of the Borrower Assigned Rights. The Borrower is not in breach of any covenant set forth in Section 15(a) (*Affirmative Covenants of the Borrower – Securing Liens*) or in any other WIFIA Loan Document to which the Borrower is a party with respect to the matters described in Section 15(a) (*Affirmative Covenants of the Borrower – Securing Liens*). As of the Effective Date and as of each other date this representation and warranty is made, (1) all documents and instruments have been recorded or filed for record in such manner and in such places as are required and all other action as is necessary or desirable has been taken to establish a legal, valid, binding, and enforceable lien and security interest in the Borrower Assigned Rights for the benefit of the WIFIA Lender, and (2) all taxes and filing fees that are due and payable in connection with the execution, delivery or recordation of any WIFIA Loan Document or any instruments, certificates or financing statements in connection with the foregoing, have been paid. Neither the attachment, validity, enforceability or priority of the lien and security interest in the Borrower Assigned Rights is governed by Article 9 of the UCC.

(h) No Debarment. The Borrower has fully complied with its verification obligations under 2 C.F.R. § 180.320 and confirms, based on such verification, that, to its knowledge, neither the Borrower nor any of its principals (as defined in 2 C.F.R. § 180.995 and

⁵ **NTD:** Revised language adapted from the 2019 Trust Indenture, including references to lien and security interest.

supplemented by 2 C.F.R. § 1532.995) is debarred, suspended or voluntarily excluded from participation in Government contracts, procurement or non-procurement matters or delinquent on a Government debt as more fully set forth in the certificate delivered pursuant to Section 11(a)(vii) (*Conditions Precedent – Conditions Precedent to Effectiveness*).

(i) Accuracy of Representations and Warranties. The representations, warranties and certifications of the Borrower set forth in this Agreement and the other Related Documents to which the Borrower is a party are true, correct, and complete, except to the extent such representations and warranties expressly relate to an earlier date (in which case, such representations and warranties shall be true, correct, and complete as of such earlier date).

(j) Compliance with Laws. The Borrower has complied with all applicable laws, rules, regulations and requirements.

(k) Credit Rating. The WIFIA Loan has received a public Investment Grade Rating from at least one (1) Nationally Recognized Rating Agency, written evidence of such rating has been provided to the WIFIA Lender prior to the Effective Date, and no such rating has been reduced, withdrawn or suspended as of the Effective Date.

(l) No Defaults. No Default or Event of Default, and no default or event of default by the Borrower under any other Related Document to which the Borrower is a party, has occurred and is continuing.

(m) Information. Neither the WIFIA Loan Documents to which the Borrower is a party, nor any documents, certificates or statements provided to the WIFIA Lender by representatives of the Borrower in connection with the transactions contemplated thereby, which for purposes of this Section 12(m) shall consist of all documents or statements related to the Application or the Project, cash flow schematics, responses to due diligence interrogatories or requests from the WIFIA Lender or its advisors, and documents uploaded to the online WIFIA SharePoint data room made accessible to the Borrower by the WIFIA Lender, to the extent such documents, certificates, statements or other materials relate to the Borrower (including its finances or operations) or the Project, contain any untrue statement of any material fact or omit to state any material fact necessary so as to make such WIFIA Loan Documents, documents, certificates, statements or other materials so provided to the WIFIA Lender, in light of the circumstances under which they were made, not misleading.

(n) Insurance. The Borrower is in compliance with all insurance obligations applicable to the Borrower required under each Related Document to which the Borrower is a party as of the date on which this representation and warranty is made. To the extent the Borrower self-insures, the Borrower's self-insurance program is actuarially sound and the Borrower has received an opinion from an accredited actuary within the last twelve (12) months, which opinion confirms that the Borrower's self-insurance program is actuarially sound.

(o) No Prohibited Liens. The Borrower has not created, and is not under any obligation to create, and has not entered into any transaction or agreement that would result in the imposition of, any Lien on the Borrower Assigned Rights. The Borrower Assigned Rights are free

and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto other than the pledge and assignment thereon for the benefit of the WIFIA Lender.

(p) Borrower Financial Statements. Each Borrower Financial Statement delivered to the WIFIA Lender by the Borrower pursuant to Section 19(a) (*Reporting Requirements of the Borrower – Annual Financial Statements*) has been prepared in accordance with GAAP and presents fairly, in all material respects, the financial condition of the Borrower as of the respective dates of the balance sheets included therein and the results of operations of the Borrower for the respective periods covered by the statements of income included therein. Except as reflected in such Borrower Financial Statements, there are no liabilities or obligations of the Borrower of any nature whatsoever for the periods to which such Borrower Financial Statements relate that are required to be disclosed in accordance with GAAP.

(q) Securities Laws. Under existing law, the WIFIA Note may be issued and sold without registration under the Securities Act of 1933, as amended, and any State blue sky laws.

(r) Sovereign Immunity. The Borrower either has no immunity from the jurisdiction of any court of competent jurisdiction or from any legal process therein which could be asserted in any action to enforce the obligations of the Borrower under any of the Related Documents to which the Borrower is a party or the transactions contemplated hereby or thereby, including the obligations of the Borrower hereunder and thereunder, or, to the extent that the Borrower has such immunity, the Borrower has waived such immunity pursuant to Section 15(j) (*Affirmative Covenants of the Borrower – Immunity*).

(s) Taxes; No Federal Debt. The Borrower has paid all applicable taxes and other material taxes and assessments payable by it that have become due (other than those taxes or assessments that it is contesting in good faith and by appropriate proceedings, for which adequate reserves have been established to the extent required by GAAP). The Borrower has no delinquent federal debt (including tax liabilities but excluding any delinquencies that have been resolved with the appropriate federal agency in accordance with the standards of the Debt Collection Improvement Act of 1996).

Section 13. Representations and Warranties of the City. The City hereby represents and warrants that, as of the Effective Date and, as to each of the representations and warranties other than those (x) contained in Section 13(b) (*Representations and Warranties of the City – Officers’ Authorization*), the first sentence of Section 13(f) (*Representations and Warranties of the City – Litigation*) and the first sentence of Section 13(m) (*Representations and Warranties of the City – Construction Contracts*) or (y) which expressly relate only to the Borrower, as of each date on which any disbursement of the WIFIA Loan is requested or made:

(a) Organization; Power and Authority. The City is a municipal corporation and general law city duly organized and validly existing under the statutes of the State, has full legal right, power and authority to do business in the State and to enter into the Related Documents then in existence to which it is a party, to execute and deliver this Agreement, and to carry out and consummate all transactions contemplated hereby and thereby, and has duly authorized the

execution, delivery and performance of this Agreement and the other Related Documents to which it is a party.

(b) Officers' Authorization. As of the Effective Date, the officers of the City executing (or that previously executed) the Related Documents (and any certifications or instruments related thereto) to which the City is a party are (or were at the time of such execution) duly and properly in office and fully authorized to execute the same.

(c) Due Execution; Enforceability. Each of the Related Documents in effect as of any date on which this representation and warranty is made, and to which the City is a party has been duly authorized, executed and delivered by the City and constitutes the legal, valid and binding agreement of the City enforceable against it in accordance with its terms, except as such enforceability (i) may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or similar laws affecting the rights of creditors generally and (ii) is subject to general principles of equity, the exercise of judicial discretion and the limitation on legal remedies against governmental entities imposed by the laws of the State (regardless of whether enforceability is considered in equity or at law).

(d) Non-Contravention. The execution and delivery of the Related Documents to which the City is a party, the consummation of the transactions contemplated by the Related Documents to which the City is a party, and the fulfillment of or compliance with the terms and conditions of the Related Documents to which the City is a party, will not (i) conflict with the City's Organizational Documents, (ii) conflict in any material respect with, or constitute a violation, breach or default (whether immediately or after notice or the passage of time or both) by the City of or under, any applicable law, administrative rule or regulation, any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the City is a party or by which it or its properties or assets are otherwise subject or bound, or (iii) result in the creation or imposition of any Lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the City, other than Permitted Liens.

(e) Consents and Approvals. No consent or approval of any trustee, holder of any indebtedness of the City or of any other Person, and no consent, permission, authorization, order or license of, or filing or registration with, any Governmental Authority is necessary in connection with (i) the execution and delivery by the City of the Related Documents to which it is a party, except as have been obtained or made and as are in full force and effect, or (ii) (A) the consummation of any transaction contemplated by any of the Related Documents to which the City is a party, or (B) the fulfillment of or compliance by the City with the terms and conditions of any of the Related Documents to which the City is a party, except as have been obtained or made and as are in full force and effect or as are ministerial in nature and can reasonably be expected to be obtained or made in the ordinary course on commercially reasonable terms and conditions when needed.

(f) Litigation. There is no action suit, proceeding or, to the knowledge of the City, any inquiry or investigation, in any case before or by any court or other Governmental Authority pending or, to the knowledge of the City, threatened against or affecting the System (including the Project) or the ability of the City to execute, deliver and perform its obligations

under the Related Documents to which the City is a party. As of the Effective Date and as of each other date on which the representations and warranties herein are made or confirmed, there is no action, suit, proceeding or, to the knowledge of the City, any inquiry or investigation before or by any court or other Governmental Authority pending, or to the knowledge of the City, threatened against or affecting the System (including the Project), the City or the assets, properties or operations of the City, that in any case could reasonably be expected to result in a City Material Adverse Effect.

(g) Security Interests. (i) The WIFIA IPA and Section 5451 of the California Government Code establish, and (ii) the City has taken all necessary action to pledge, assign, and grant, in each case in favor of the Borrower, legal, valid, binding and enforceable Liens on the City Pledged Collateral purported to be created, pledged, assigned, and granted pursuant to and in accordance with the WIFIA IPA, irrespective of whether any Person has notice of the pledge and without the need for any physical delivery, recordation, filing, or further act. The Liens on the City Pledged Collateral in favor of the Borrower are in full force and effect and, other than any amounts (including proceeds of the WIFIA Loan) which are held in any fund or account that is established pursuant to the WIFIA IPA, are (A) not subordinate or junior to any other Liens in respect of the City Pledged Collateral, (B) not *pari passu* with any Liens in respect of the City Pledged Collateral other than the Liens on the City Pledged Collateral for the benefit of the Parity Obligations and (C) senior to the Liens on the City Pledged Collateral for the benefit of the Subordinate Obligations. The Lien on any amounts (including proceeds of the WIFIA Loan) which are held in any fund or account that is established pursuant to the WIFIA IPA in favor of the Borrower is the only Lien with respect to such amounts. The City is not in breach of any covenant set forth in Section 17(b) (*Affirmative Covenants of the City – Securing Liens*) or in any WIFIA Loan Document to which the City is a party with respect to the matters described in Section 17(b) (*Affirmative Covenants of the City – Securing Liens*). As of the Effective Date and as of each other date this representation and warranty is made, (1) all documents and instruments have been recorded or filed for record in such manner and in such places as are required and all other action as is necessary or desirable has been taken to establish a legal, valid, binding, and enforceable Lien on the City Pledged Collateral for the benefit of the Borrower, and (2) all taxes and filing fees that are due and payable in connection with the execution, delivery or recordation of any WIFIA Loan Document or any instruments, certificates or financing statements in connection with the foregoing, have been paid. Neither the attachment, validity, enforceability or priority of the security interest in the City Pledged Collateral granted pursuant to the WIFIA IPA is governed by Article 9 of the UCC.

(h) No Debarment. The City has fully complied with its verification obligations under 2 C.F.R. § 180.320 and confirms, based on such verification, that, to its knowledge, neither the City nor any of its principals (as defined in 2 C.F.R. § 180.995 and supplemented by 2 C.F.R. § 1532.995) is debarred, suspended or voluntarily excluded from participation in Government contracts, procurement or non-procurement matters or delinquent on a Government debt as more fully set forth in the certificate delivered pursuant to Section 11(a)(vii) (*Conditions Precedent – Conditions Precedent to Effectiveness*).

(i) Accuracy of Representations and Warranties. The representations, warranties and certifications of the City set forth in this Agreement and the other Related Documents to which the City is a party are true, correct, and complete, except to the extent such

representations and warranties expressly relate to an earlier date (in which case, such representations and warranties shall be true, correct, and complete as of such earlier date).

(j) Compliance with Laws.

(i) The City has complied, and has required its contractors and subcontractors at all tiers with respect to the Project to comply, with all applicable laws, rules, regulations and requirements, including 40 U.S.C. §§ 3141-3144, 3146, and 3147 (relating to Davis-Bacon Act requirements) (and regulations relating thereto), 33 U.S.C. § 3914 (relating to American iron and steel products), 20 C.F.R. § 180.320 and 20 C.F.R. § 1532 (relating to non-debarment), 31 U.S.C. § 1352 (relating to non-lobbying), and any applicable Sanctions Laws.

(ii) To ensure such compliance, the City has included in all contracts with respect to the Project (A) the contract clauses relating to the Davis-Bacon Act requirements that are set forth in the Code of Federal Regulations, Title 29 Part 5.5 and (B) requirements that its contractors (1) shall comply with all applicable laws, rules, regulations, and requirements set forth in this Section 13(j) and follow applicable federal guidance and (2) incorporate in all subcontracts (and cause all subcontractors to include in lower tier subcontracts) such terms and conditions as are required to be incorporated therein by any applicable laws, rules, regulations and requirements set forth in this Section 13(j) (including with respect to the Davis-Bacon Act requirements).

(k) No Defaults. No Default or Event of Default, and no default or event of default by the City under any other Related Document to which the City is a party, has occurred and is continuing.

(l) Governmental Approvals. All Governmental Approvals required as of the Effective Date and required as of any subsequent date on which this representation is made (or deemed made) for the undertaking and completion by the City, as agent of the Borrower pursuant to the WIFIA IPA, of the Project, and for the operation and management thereof, have been obtained or effected and are in full force and effect and there is no basis for, nor proceeding that is pending or threatened that could reasonably be expected to result in, the revocation of or a default under any such Governmental Approval.

(m) Construction Contracts. Attached as **Schedule 13(m)** (*Existing Construction Contracts*) is a list of the Existing Construction Contracts. With respect to each Construction Contract executed as of any date on which this representation and warranty is made, such Construction Contract is in full force and effect.

(n) Information. Neither the WIFIA Loan Documents to which the City is a party, nor any documents, certificates or statements provided to the WIFIA Lender by representatives of the City in connection with the transactions contemplated thereby, which for purposes of this Section 13(n) shall consist of all financial models, project budgets, documents or statements related to the Application or the Project, cash flow schematics, responses to due diligence interrogatories or requests from the WIFIA Lender or its advisors, and documents uploaded to any data room made accessible to the City by the WIFIA Lender (or its advisors) or

provided to the WIFIA Lender in an electronic written communication, to the extent such documents, certificates, statements or other materials relate to the City (including its finances or operations) or the Project, contain any untrue statement of any material fact or omit to state any material fact necessary so as to make such WIFIA Loan Documents, documents, certificates, statements or other materials so provided to the WIFIA Lender, in light of the circumstances under which they were made, not misleading.

(o) Environmental Matters. The City and, to the City's knowledge, each Construction Contractor, is in compliance with all laws applicable to the System (including the Project) relating to (i) air emissions, (ii) discharges to surface water or ground water, (iii) noise emissions, (iv) solid or liquid waste disposal, (v) the use, generation, storage, transportation or disposal of toxic or hazardous substances or wastes, (vi) biological resources (such as threatened and endangered species), and (vii) other environmental, health or safety matters, including all laws applicable to the System (including the Project) (collectively, the "**Environmental Laws**"). All Governmental Approvals for the Project relating to Environmental Laws have been, or, when required, will be, obtained and are (or, as applicable, will be) in full force and effect. The City has not received any written communication or notice, whether from a Governmental Authority, employee, citizens group, or any other Person, that alleges that the City is not in full compliance with all Environmental Laws and Governmental Approvals relating thereto in connection with the Project and, to the City's knowledge, there are no circumstances that may prevent or interfere with full compliance in the future by the City with any such Environmental Law or Governmental Approval. The City has provided to the WIFIA Lender all material assessments, reports, results of investigations or audits, and other material information in the possession of or reasonably available to the City regarding the City's or the Project's compliance with (A) Environmental Laws and (B) Governmental Approvals that are required for the Project and relate to Environmental Laws.

(p) Insurance. The City is in compliance with all insurance obligations required under each Related Document to which the City is a party as of the date on which this representation and warranty is made. To the extent the City self-insures, the City's self-insurance program is actuarially sound and the City has received an opinion from an accredited actuary within the last twelve (12) months, which opinion confirms that the City's self-insurance program is actuarially sound.

(q) No Prohibited Liens. Except for Permitted Liens, the City has not created, and is not under any obligation to create, and has not entered into any transaction or agreement that would result in the imposition of, any Lien on the City Pledged Collateral, the System, the Project or the properties or assets in relation to the Project.

(r) City Financial Statements. Each City Financial Statement delivered to the WIFIA Lender by the City pursuant to Section 20(b) (*Reporting Requirements of the City – Annual Financial Statements*) has been prepared in accordance with GAAP and presents fairly, in all material respects, the financial condition of the City as of the respective dates of the balance sheets included therein and the results of operations of the City for the respective periods covered by the statements of income included therein. Except as reflected in such City Financial Statements, there are no liabilities or obligations of the City of any nature whatsoever for the periods to which such City Financial Statements relate that are required to be disclosed in accordance with GAAP.

(s) Sufficient Funds. The amount of the WIFIA Loan, when combined with all other funds committed for the development and construction of the Project as set forth under the various sources of funds in the Project Budget, will be sufficient to carry out the Project, pay all Total Project Costs anticipated for the development and construction of the Project and achieve Substantial Completion by the Projected Substantial Completion Date. The total federal assistance provided to the Project, including the maximum principal amount of the WIFIA Loan, does not exceed eighty percent (80%) of Total Project Costs. The City has developed, and identified adequate revenues to implement, a plan for operating, maintaining and repairing the Project over the useful life of the Project.

(t) Sovereign Immunity. The City either has no immunity from the jurisdiction of any court of competent jurisdiction or from any legal process therein which could be asserted in any action to enforce the obligations of the City under any of the Related Documents to which the City is a party or the transactions contemplated hereby or thereby, including the obligations of the City hereunder and thereunder, or, to the extent that the City has such immunity, the City has waived such immunity pursuant to Section 17(n) (*Affirmative Covenants of the City – Immunity*).

(u) Taxes; No Federal Debt. The City has paid all applicable taxes and other material taxes and assessments payable by it that have become due (other than those taxes or assessments that it is contesting in good faith and by appropriate proceedings, for which adequate reserves have been established to the extent required by GAAP). The City has no delinquent federal debt (including tax liabilities but excluding any delinquencies that have been resolved with the appropriate federal agency in accordance with the standards of the Debt Collection Improvement Act of 1996).

Section 14. Representations and Warranties of WIFIA Lender. The WIFIA Lender represents and warrants that:

(a) Power and Authority. The WIFIA Lender has all requisite power and authority to make the WIFIA Loan and to perform all transactions contemplated by the Related Documents to which it is a party.

(b) Due Execution; Enforceability. The Related Documents to which it is a party have been duly authorized, executed and delivered by the WIFIA Lender, and are legally valid and binding agreements of the WIFIA Lender, enforceable in accordance with their terms.

(c) Officers' Authorization. The officers of the WIFIA Lender executing each of the Related Documents to which the WIFIA Lender is a party are duly and properly in office and fully authorized to execute the same on behalf of the WIFIA Lender.

The Borrower covenants and agrees as follows until the date the WIFIA Note and all of the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full by the Borrower in immediately available funds and the WIFIA Lender no longer has any commitment to make disbursements to the Borrower, unless the WIFIA Lender waives compliance in writing:

(b) Use of Proceeds. The Borrower shall use, and shall cause the City pursuant to the WIFIA IPA to use, the proceeds of the WIFIA Loan solely for purposes permitted by this Agreement.

(c) Verification Requirements. The Borrower shall comply with Subpart C of 2 C.F.R. Part 180, as supplemented by Subpart C of 2 C.F.R. (d) Operation of the Borrower. (i) The Borrower shall pay its material obligations promptly and in accordance with their terms.

(ii) The Borrower shall pay and discharge promptly all taxes, assessments and governmental charges or levies imposed upon it or upon the Authority Revenues, before the same shall become delinquent or in default; provided that such payment and discharge shall not be required with respect to any such tax, assessment, charge, levy, claim or Lien so long as the validity or amount thereof shall be contested by the Borrower in good faith by appropriate proceedings and so long as the Borrower shall

have set aside adequate reserves with respect thereto in accordance with and to the extent required by GAAP, applied on a consistent basis.

(iii) The Borrower will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a Lien on the Authority Revenues.

(h) SAM Registration. The Borrower shall obtain prior to the Effective Date (and provide such registration information to the WIFIA Lender) and maintain through the Final Disbursement Date an active registration status with the federal System for Award Management (www.SAM.gov) (or any successor system or registry).

(i) DUNS Number. The Borrower shall obtain prior to the Effective Date (and provide such number to the WIFIA Lender) and maintain through the Final Maturity Date from Dun & Bradstreet (or a successor entity) a Data Universal Numbering System Number (a “**DUNS Number**”).

(j) Immunity. To the fullest extent permitted by applicable law, the Borrower agrees that it will not assert any immunity (and hereby waives any such immunity) it may have as a governmental entity from lawsuits, other actions and claims, and any judgments with respect to the enforcement of any of the obligations of the Borrower under this Agreement or any other WIFIA Loan Document to which the Borrower is a party.

(k) Accounting and Audit Procedures.

(i) The Borrower shall establish fiscal controls and accounting procedures sufficient to assure proper accounting for Authority Revenues, debt issued and outstanding and debt payments. The Borrower shall use accounting, audit and fiscal procedures conforming to GAAP, including, with respect to the WIFIA Loan, accounting of principal and interest payments, disbursements, prepayments and calculation of interest and principal amounts Outstanding.

(ii) The Borrower shall have a single or program-specific audit conducted in accordance with 2 C.F.R. Part 200 Subpart F and 31 U.S.C. § 7502 from (and including) the first Borrower Fiscal Year in which a disbursement is made under this Agreement and annually thereafter to the extent required by applicable law, except to the extent biennial audits are permitted for the Borrower pursuant to 2 C.F.R. § 200.504 and 31 U.S.C. § 7502(b). Upon reasonable notice, the Borrower shall cooperate fully in the conduct of any periodic or compliance audits conducted by the WIFIA Lender, or designees thereof, pursuant to 40 C.F.R. Part 35, 31 U.S.C. § 7503(b), or 31 U.S.C. § 6503(h) and shall provide full access to any books, documents, papers or other records that are pertinent to the WIFIA Loan, to the WIFIA Lender, or the designee thereof, for any such project or programmatic audit.

(l) Access; Records.

(i) So long as the WIFIA Loan or any portion thereof shall remain outstanding and until five (5) years after the WIFIA Loan shall have been paid in full, the

WIFIA Lender shall have the right, upon reasonable prior notice, to examine books of account and records of the Borrower relating to the Project or the Authority Revenues, to make copies and extracts therefrom at the Borrower's expense, and to discuss the Borrower's affairs, finances and accounts relating to the WIFIA Loan with, and to be advised as to the same by, its officers and employees and its independent public accountants (and by this provision the Borrower irrevocably authorizes its independent public accountants to discuss with the WIFIA Lender the affairs, finances and accounts of the Borrower, whether or not any representative of the Borrower is present, it being understood that nothing contained in this Section 15(l) is intended to confer any right to exclude any such representative from such discussions), all at such reasonable times and intervals as the WIFIA Lender may request.

(ii) The Borrower shall maintain and retain all files relating to the WIFIA Loan until five (5) years after the later of the date on which (A) all rights and duties under this Agreement and under the WIFIA Note (including payments) have been fulfilled and any required audits have been performed and (B) any litigation relating to the Project, the Authority Revenues, the WIFIA Loan or this Agreement is finally resolved or, if the WIFIA Lender has reasonable cause to extend such date, a date to be mutually agreed upon by the WIFIA Lender and the Borrower.

(m) Compliance with Contracts. The Borrower will comply with, keep, observe and perform all agreements, conditions, covenants and terms, express or implied, required to be performed by it contained in all contracts affecting or involving the System, to the extent that the Borrower is a party thereto.

(n) Further Assurances. The Borrower will adopt, deliver, execute and make any and all further assurances, instruments and resolutions as may be reasonably necessary or proper to carry out the intention or to facilitate the performance hereof and for the better assuring and confirming unto the WIFIA Lender the rights and benefits provided to it herein.

Section 16. Negative Covenants of the Borrower. The Borrower covenants and agrees as follows until the date the WIFIA Note and all of the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full by the Borrower in immediately available funds and the WIFIA Lender no longer has any commitment to make disbursements to the Borrower, unless the WIFIA Lender waives compliance in writing:

(a) No Lien Extinguishment or Adverse Amendments. The Borrower shall not, and shall not permit any Person to, without the prior written consent of the WIFIA Lender, (i) extinguish or impair the pledge and assignment of the Borrower Assigned Rights, (ii) amend, modify, terminate, assign, replace or supplement, or permit a waiver of any provision of, the WIFIA IPA or (iii) amend, modify, terminate, assign, replace or supplement any Related Document to which the Borrower is a party (other than the WIFIA IPA) or permit a waiver of any provision thereof in a manner that could adversely affect the WIFIA Lender or could reasonably be expected to result in a Borrower Material Adverse Effect. The Borrower shall not take or omit to take any action under any contract if the effect of such act or failure to act would in any manner impair or adversely affect the ability of the City to secure adequate Net Revenues to meet the requirements of the WIFIA Loan Documents.

(b) No Prohibited Liens. Except for the pledge and assignment with respect to the WIFIA Loan for the benefit of the WIFIA Lender, the Borrower shall not create, incur, assume or permit to exist any Lien on the Borrower Assigned Rights.

(c) Borrower Fiscal Year. The Borrower shall not at any time adopt any fiscal year other than the Borrower Fiscal Year, except with thirty (30) days' prior written notice to the WIFIA Lender.

(d) Hedging. Other than Hedging Transactions, the Borrower shall not enter into any swap or hedging transaction, including inflation indexed swap transactions, "cap" or "collar" transactions, futures, or any other hedging transaction without the prior written consent of the WIFIA Lender.

Section 17. Affirmative Covenants of the City. The City covenants and agrees as follows until the date the WIFIA Note and all of the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full by the Borrower in immediately available funds and the WIFIA Lender no longer has any commitment to make disbursements to the Borrower, unless the WIFIA Lender waives compliance in writing:

(a) Rate Covenant.

(i) To the fullest extent permitted by law, the City shall fix, prescribe, and charge, or cause to be fixed, prescribed, and charged, in each City Fiscal Year, such rates, fees, and charges for the use of and for the service furnished by the System to ensure that all Net Revenues realized, together with any amounts on deposit in a rate stabilization fund held by the City, which amounts shall be available for the payment of Parity Debt Service, are in an amount which the City reasonably expects will be sufficient to be (x) at least equal to one hundred twenty percent (120%) of annual Parity Debt Service, and (y) at least equal to one hundred percent (100%) of the sum of annual Parity Debt Service and annual Subordinate Debt Service, in each case for such City Fiscal Year.

(ii) The City shall also, to the fullest extent permitted by law, fix, prescribe, and charge, or cause to be fixed, prescribed, and charged, in each City Fiscal Year, such rates, fees, and charges for the use of and for the service furnished by the System to ensure that Revenues realized are in an amount which the City reasonably expects will be sufficient to pay the following amounts in the following order or priority: (A) all Operations and Maintenance Costs estimated by the City to become due and payable in such City Fiscal Year; (B) the WIFIA Installment Payments, the Servicing Fee and the principal and interest on any outstanding Parity Obligations as they become due and payable during such City Fiscal Year, without preference or priority; (C) all amounts, if any, required to restore the balance of any reserve fund or account required under any instrument under which Parity Obligations were issued or incurred, for any outstanding Parity Obligations, to the full amount of any such reserve requirement; and (D) all payments required to meet any other obligations of the City which are charges, liens, or encumbrances upon, or which are otherwise payable from, the Revenues or the Net Revenues during such City Fiscal Year.

(iii) If for any reason Net Revenues, or Revenues, as applicable, prove insufficient to meet the numerical thresholds set forth in Section 17(a)(i) and to comply with the requirements of Section 17(a)(ii), the City first will engage an Independent Consultant to recommend revised rents, rates, fees, charges, savings, or assessments, or any combination thereof, and the City will, subject to any applicable requirements and restrictions imposed by law, including, but not limited to, the Prop 218 Law, and subject to the good faith determination of the City that such recommendations, in whole or in part, are in the best interests of the City, take all actions necessary to increase Revenues through any combination of increased rents, rates, fees, charges, savings, or assessments. Such actions shall be taken not later than one hundred eighty (180) days following the date on which Net Revenues or Revenues first fail to meet the requirements of this Section.

(iv) The City may make adjustments from time to time in such rents, rates, fees, and charges and may make such classification thereof as it deems necessary, but shall not reduce the rents, rates, fees, and charges then in effect unless the Net Revenues from such reduced rents, rates, fees, and charges will at all times be sufficient to meet the requirements of this Section 17(a).

(v) Notwithstanding the foregoing, in lieu of taking the preceding actions with respect to the City's failure to comply with Section 17(a)(i), the City may within one hundred eighty (180) days following the date Net Revenues first fail to meet the requirements of Section 17(a)(i) either establish and fund a rate stabilization fund, or increase monies held in an existing rate stabilization fund, in an amount sufficient to satisfy the requirements of Section 17(a)(i). If the City elects to proceed accordingly, it shall provide to the WIFIA Lender within such one hundred eighty (180) day period evidence satisfactory to the WIFIA Lender in its reasonable discretion that the amounts held in such rate stabilization fund are sufficient to satisfy the requirements of Section 17(a)(i).

(b) Securing Liens. The City shall at any and all times, to the extent permitted by law, pass, make, do, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as may be necessary or desirable in connection with assuring, conveying, granting, assigning, securing and confirming the Liens on the City Pledged Collateral granted to the Borrower for its benefit pursuant to the WIFIA IPA, or intended so to be granted pursuant to the WIFIA IPA, or which the City may become bound to grant, and the City shall at all times maintain the City Pledged Collateral free and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto that has priority over, or equal rank with, the Liens created by the WIFIA IPA, other than as permitted by this Agreement and the WIFIA IPA, and all organizational, regulatory or other necessary action on the part of the City to that end shall be duly and validly taken at all times. The City shall at all times, to the extent permitted by law, defend, preserve and protect the Liens on the City Pledged Collateral granted for the benefit of the Borrower pursuant to the WIFIA IPA against all claims and demands of all Persons whomsoever, subject to Permitted Liens.

(c) Use of Proceeds. The City shall use the proceeds of the WIFIA Loan solely for purposes permitted by applicable law, the WIFIA IPA and the other Related Documents to which the City is a party.

(d) Prosecution of Work; Verification Requirements.

(i) The City, as agent of the Borrower pursuant to the WIFIA IPA, shall diligently prosecute the work relating to the Project and complete the Project in accordance with the Construction Schedule, the Governmental Approvals in connection with the Project, and the highest standards of the City's industry.

(ii) The City shall comply with Subpart C of 2 C.F.R. Part 180, as supplemented by Subpart C of 2 C.F.R. Part 1532 (relating to debarment), including the verification requirements set forth in 2 C.F.R. §§ 180.300 and 180.320, and shall include in its contracts with respect to the Project similar terms or requirements for compliance.

(e) Maintenance and Operation of the System. The City will maintain and preserve the System in good repair and working order at all times and will operate the System in an efficient and economical manner and will pay all Operations and Maintenance Costs as they become due and payable. The City shall at all times do or cause to be done all things necessary to obtain, preserve, renew, extend and keep in full force and effect the Governmental Approvals and any other rights, licenses, franchises, and authorizations material to the conduct of its business.

(f) Insurance; Net Proceeds.

(i) The City will procure and maintain or cause to be procured and maintained insurance on the System, excluding coverage for earthquake damage or destruction, with responsible insurers in such amounts and against such risks (including accident to or destruction of the System) as are usually covered in connection with facilities that are similar to the System, so long as such insurance is available at reasonable rates.

(ii) In the event of any damage to or destruction of the System caused by the perils covered by such insurance, the Net Proceeds thereof shall be applied to the reconstruction, repair or replacement of the damaged or destroyed portion of the System. The City shall begin such reconstruction, repair or replacement promptly after such damage or destruction shall occur, and shall continue and properly complete such reconstruction, repair or replacement as expeditiously as possible, and shall pay out of such Net Proceeds all costs and expenses in connection with such reconstruction, repair or replacement so that the same shall be completed and the System shall be free and clear of all claims and liens. The City covenants to reconstruct, repair or replace the damaged or destroyed portions of the System promptly if a failure to reconstruct, repair or replace such portions would impair or adversely affect the ability of the City to pay the WIFIA Installment Payments.

(iii) If such Net Proceeds exceed the costs of such reconstruction, repair or replacement portion of the System, and/or the cost of the construction of additions, betterments, extensions or improvements to the System, then the excess Net Proceeds shall be applied in part to the prepayment of the WIFIA Loan as provided in Section 9(a) (*Prepayment – Mandatory Prepayment from Net Proceeds or Eminent Domain Proceeds*) and in part to such other funds or accounts as may be appropriate and used for the retirement of the Parity Obligations (other than the WIFIA Loan) in the same proportion which the Outstanding WIFIA Loan Balance then bears to the aggregate unpaid principal

amount of the Parity Obligations (other than the WIFIA Loan). If such Net Proceeds are sufficient to enable the City to retire the entire Outstanding WIFIA Loan Balance (and all interest accrued thereon) prior to the Final Maturity Date as well as all Parity Obligations then remaining unpaid prior to their final respective due dates, the City may elect not to reconstruct, repair or replace the damaged or destroyed portion of the System, and/or not to construct other additions, betterments, extensions or improvements to the System; and thereupon such Net Proceeds shall be applied to the prepayment in full of the WIFIA Loan as provided in Section 9(a) and to the retirement in full of all Parity Obligations.

(iv) The City will procure and maintain such other insurance which it shall deem advisable or necessary to protect its interests and the interests of the Borrower, which insurance shall afford protection in such amounts and against such risks as are usually covered in connection with municipal water systems similar to the System.

(v) Any insurance that is required to be maintained by Section 17(f)(i) and, if the City determines to procure and maintain insurance pursuant to Section 17(f)(iv), such insurance, may be maintained under a self-insurance program so long as such self-insurance is maintained in the amounts and manner usually maintained in connection with water systems similar to the System, and is, in the opinion of an accredited actuary, actuarially sound.

(vi) All policies of insurance required to be maintained herein shall provide that the Borrower and the WIFIA Lender shall be given thirty (30) days written notice of any intended cancellation thereof or reduction of coverage provided thereby.

(vii) Promptly upon request by the WIFIA Lender, the City shall deliver to the WIFIA Lender copies of any underlying insurance policies obtained by or on behalf of the Borrower or the City in respect of the Project. All such policies shall be available at all reasonable times for inspection by the WIFIA Lender, its agents and representatives.

(g) Maintain Legal Structure. The City shall maintain its existence as a municipal corporation and general law city organized and existing under the laws of the State.

(h) System Accounts; Permitted Investments.

(i) The City shall maintain the Revenue Fund in accordance with the terms hereof and the other WIFIA Loan Documents. All Revenues received shall be deposited in the Revenue Fund when and as received in trust for the benefit of the holders of the Obligations, subject to the application of Revenues to Operations and Maintenance Costs. The City shall maintain and hold separate and apart from other funds the Revenue Fund so long as any Parity Obligations remain unpaid. Moneys in the Revenue Fund shall be used and applied by the City as provided in the Flow of Funds.

(ii) All moneys held by the City in the Revenue Fund shall be invested in Permitted Investments and the investment earnings thereon shall remain on deposit in such fund, except as otherwise provided herein.

(i) WIFIA Debt Service Account. The City, as agent of the Borrower pursuant to the WIFIA IPA, shall (i) establish the WIFIA Debt Service Account on or prior to the Effective Date and (ii) maintain the WIFIA Debt Service Account in accordance with the WIFIA Loan Documents for the benefit of the WIFIA Lender. The WIFIA Debt Service Account shall be subject to a Lien and has been pledged by the Borrower hereunder to the WIFIA Lender as security solely for the benefit of the WIFIA Lender and shall not be subject to any security interest in favor of any Person other than the WIFIA Lender. Amounts on deposit in the WIFIA Debt Service Account shall be applied by the City, as agent of the Borrower pursuant to the WIFIA IPA, solely to pay WIFIA Debt Service and other amounts due with respect to the WIFIA Loan or the WIFIA Note.

(j) Compliance with Laws.

(i) The City shall, and shall require the contractors and subcontractors at all tiers with respect to the Project to, comply with all applicable laws, rules, regulations and requirements, including 40 U.S.C. §§3141-3144, 3146, and 3147 (relating to Davis-Bacon Act requirements) (and regulations relating thereto), 33 U.S.C. §3914 (relating to American iron and steel products), 20 C.F.R. § 180.320 and 20 C.F.R. §1532 (relating to non-debarment), 31 U.S.C. §1352 (relating to non-lobbying), and any applicable Sanctions Laws.

(ii) The City shall pay and discharge promptly all taxes, assessments and governmental charges or levies imposed upon it or upon the Revenues or other assets of the System, before the same shall become delinquent or in default; provided that such payment and discharge shall not be required with respect to any such tax, assessment, charge, levy, claim or Lien so long as the validity or amount thereof shall be contested by the City in good faith by appropriate proceedings and so long as the City shall have set aside adequate reserves with respect thereto in accordance with and to the extent required by GAAP, applied on a consistent basis.

(iii) The City shall pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a Lien on the System (or any part

thereof), the WIFIA Debt Service Account, the Project, the Revenues or any fund or account of the City pledged to pay Parity Obligations.

(l) SAM Registration. The City shall obtain prior to the Effective Date (and provide such registration information to the WIFIA Lender) and maintain through the Final Disbursement Date an active registration status with the federal System for Award Management (www.SAM.gov) (or any successor system or registry).

(n) Immunity. To the fullest extent permitted by applicable law, the City agrees that it will not assert any immunity (and hereby waives any such immunity) it may have as a governmental entity from lawsuits, other actions and claims, and any judgments with respect to the enforcement of any of the obligations of the City under this Agreement or any other WIFIA Loan Document to which the City is a party.

(o) Accounting and Audit Procedures.

(i) The City shall establish fiscal controls and accounting procedures sufficient to assure proper accounting for all of the following: (A) Revenues, Authority Revenues, operating expenses, capital expenses, depreciation, reserves, debt issued and outstanding and debt payments; and (B) Project-related costs, WIFIA Loan requisitions submitted, WIFIA Loan proceeds received, payments made by the City, as an agent of the Borrower pursuant to the WIFIA IPA, with regard to the Project, and other sources of funding for the Project (including amounts paid from such sources for Project costs so that audits may be performed to ensure compliance with and enforcement of this Agreement). The City shall use accounting, audit and fiscal procedures conforming to GAAP, including, with respect to the WIFIA Installment Payments, accounting of principal and interest payments, disbursements, prepayments and calculation of interest and principal amounts Outstanding.

(ii) The City shall have a single or program-specific audit conducted in accordance with 2 C.F.R. Part 200 Subpart F and 31 U.S.C. § 7502 from (and including) the first City Fiscal Year in which a disbursement is made under this Agreement and annually thereafter to the extent required by applicable law, except to the extent biennial audits are permitted for the City pursuant to 2 C.F.R. § 200.504 and 31 U.S.C. § 7502(b). Upon reasonable notice, the City shall cooperate fully in the conduct of any periodic or compliance audits conducted by the WIFIA Lender, or designees thereof, pursuant to 40 C.F.R. (p) Access; Records.

(i) So long as the WIFIA Loan or any portion thereof shall remain outstanding and until five (5) years after the WIFIA Loan shall have been paid in full by the Borrower, the WIFIA Lender shall have the right, upon reasonable prior notice, to visit and inspect any portion of the Project, to examine books of account and records of the City relating to the Project, to make copies and extracts therefrom at the City's expense, and to discuss the City's affairs, finances and accounts relating to the Project with, and to be advised as to the same by, its officers and employees and its independent public accountants (and by this provision the City irrevocably authorizes its independent public accountants to discuss with the WIFIA Lender the affairs, finances and accounts of the City, whether or not any representative of the City is present, it being understood that nothing contained in this Section 17(p) is intended to confer any right to exclude any such representative from such discussions), all at such reasonable times and intervals as the WIFIA Lender may request. The City agrees to pay all out-of-pocket expenses incurred by the WIFIA Lender in connection with the WIFIA Lender's exercise of its rights under this Section 17(p) at any time when an Event of Default shall have occurred and be continuing.

(ii) The City shall maintain and retain all files relating to the Project and the WIFIA Loan until five (5) years after the later of the date on which (A) all rights and duties of the City or the Borrower under this Agreement and of the Borrower under the WIFIA Note (including payments) have been fulfilled and any required audits have been performed and (B) any litigation relating to the Project, the WIFIA Loan or this Agreement is finally resolved or, if the WIFIA Lender has reasonable cause to extend such date, a date to be mutually agreed upon by the WIFIA Lender and the City. The City shall provide to the WIFIA Lender in a timely manner all records and documentation relating to the Project that the WIFIA Lender may reasonably request from time to time.

(q) Compliance with Contracts. The City will comply with, keep, observe and perform all agreements, conditions, covenants and terms, express or implied, required to be performed by it contained in all contracts affecting or involving the System, to the extent that the City is a party thereto.

(r) Protection of Security and Rights of the Borrower. The City will preserve and protect the security and the rights of the Borrower to the City Pledged Collateral and will warrant and defend such rights against all claims and demands of all persons.

(s) Collection of Rates and Charges. The City will have in effect at all times by-laws, rules and regulations requiring each customer to pay the rates and charges applicable to the System and providing for the billing thereof and for a due date and a delinquency date for each bill.

(t) Eminent Domain Proceeds. If all or any part of the System shall be taken by eminent domain proceedings, the Net Proceeds thereof shall be applied by the City either to additions, betterments, extensions or improvements to the System or, if the City elects not to apply such Net Proceeds to such capital items or if such Net Proceeds are not fully expended for such

purposes, such Net Proceeds which are not required by the City for such purposes shall be deposited in the Revenue Fund.

(u) Further Assurances. The City will adopt, deliver, execute and make any and all further assurances, instruments and resolutions as may be reasonably necessary or proper to carry out the intention or to facilitate the performance hereof and for the better assuring and confirming unto the WIFIA Lender the rights and benefits provided to it herein.

Section 18. Negative Covenants of the City. The City covenants and agrees as follows until the date the WIFIA Note and all of the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full by the Borrower in immediately available funds and the WIFIA Lender no longer has any commitment to make disbursements to the Borrower, unless the WIFIA Lender waives compliance in writing:

(a) Additional Obligations.

(i) The City shall not create, incur or suffer to exist (x) any obligations which are senior or prior in right of payment or right of security with respect to the Revenues to the Parity Obligations; or (y) any obligations, all or a portion of the proceeds of which are or will be applied at any time to fund all or any portion of Total Project Costs, that are secured by a Lien on any assets or property of the City other than the Revenues.

(ii) The City may, after the Effective Date, issue or incur Parity Obligations in such principal amount as shall be determined by the City subject to the requirements for additional obligations as set forth in all existing instruments with respect to Parity Obligations and the following specific conditions, which are hereby made conditions precedent to the City's issuance and delivery of such Parity Obligations:

(A) no Event of Default hereunder or under any other instrument secured by the Revenues shall have occurred and be continuing unless such Event of Default shall be cured by the issuance or incurrence of such proposed Parity Obligations, and the City shall otherwise be in compliance with all covenants set forth in this Agreement; and

(B) the Net Revenues calculated pursuant to GAAP, consistently applied, and excluding the proceeds of any taxes and also excluding any balances in any fund at the beginning of the period of the computation, as shown by the books of the City for the latest City Fiscal Year, or any more recent twelve (12) month period selected by the City ending not more than sixty (60) days prior to the adoption of the resolution pursuant to which instrument such Parity Obligations is issued or incurred, as shown by the books of the City, plus, at the option of the City, any of the allowances referred to in paragraph (iii) below, shall have amounted to at least 1.20 times the Maximum Annual Debt Service taking into consideration the maximum annual debt service payable in any City Fiscal Year on the proposed Parity Obligations, as set forth in the Report of an Independent Accountant or Independent Consultant delivered to the WIFIA Lender.

(iii) Either or both of the following allowances may be added to Net Revenues for the purpose of meeting the condition contained in Section 18(a)(ii)(B):

(A) an allowance for increased Revenues from any additions to or improvements or extensions of the System to be made with the proceeds of such proposed Parity Obligations, and also for Revenues from any such additions, improvements, or extensions which have been made from moneys from any source but which, during all or any part of such City Fiscal Year or any more recent twelve (12) month period, were not in service, all in an amount equal to ninety percent (90%) of the estimated additional average annual Revenues to be derived from such additions, improvements, and extensions for the first thirty-six (36) month period following closing of the proposed Parity Obligations, all as shown in the Report of an Independent Accountant or Independent Consultant delivered to the WIFIA Lender; provided that in those instances where the proposed Parity Obligations are held by the WIFIA Lender, no Report of an Independent Accountant or Independent Consultant shall be required; and/or

(B) an allowance for increased Revenues arising from any increase in the charges made for service from the System which has become effective prior to the incurring of such proposed Parity Obligations but which, during all or any part of such City Fiscal Year or any more recent twelve (12) month period, was not in effect, in an amount equal to one hundred percent (100%) of the amount by which Revenues would have been increased if such increase to charges had been in effect during the whole of such time period and any period prior to the incurring of such proposed Parity Obligations, as shown in the Report of an Independent Accountant or Independent Consultant delivered to the WIFIA Lender.

(iv) Notwithstanding Sections 18(a)(ii) and (iii), (A) proposed Parity Obligations to be issued for the purpose of refunding outstanding Parity Obligations may be issued without compliance with Section 18(a)(ii)(B) so long as such refunding results in lower Parity Debt Service in each City Fiscal Year after such refunding and the final maturity date of the refunding Parity Obligations is no later than the final maturity date of the refunded Parity Obligations and (B) to the extent that any instrument with respect to Outstanding Parity Obligations conflicts with any of the requirements set forth in this Section 18(a), the more restrictive provision shall prevail.

(v) The City may issue or incur Subordinate Obligations following the Effective Date in such principal amount as shall be determined by the City subject to the following conditions precedent to the issuance or incurrence of such Subordinate Obligations:

(A) no Event of Default hereunder or under any other instrument secured by the Revenues shall have occurred and be continuing unless such Event of Default shall be cured by the issuance or incurrence of such proposed Subordinate Obligations, and the City shall otherwise be in compliance with all

covenants set forth in this Agreement and any other instrument securing, evidencing, governing, or relating to other obligations secured by, the Revenues;

(B) Net Revenues calculated pursuant to GAAP, consistently applied, and excluding the proceeds of any taxes and also excluding any balances in any fund (other than any rate stabilization fund held by the City) at the beginning of the period of the computation, as shown by the books of the City for the latest City Fiscal Year, or any more recent twelve (12) month period selected by the City ending not more than sixty (60) days prior to the adoption of the resolution pursuant to which instrument such Subordinate Obligations are issued or incurred, as shown by the books of the City, shall have amounted to at least 1.0 times the aggregate sum of the Maximum Annual Debt Service of all debt secured by Net Revenues and/or legally available amounts in the Revenue Fund and the maximum annual debt service payable in any City Fiscal Year on all Subordinate Obligations, including the proposed Subordinate Obligations, as set forth in the Report of an Independent Accountant or Independent Consultant delivered to the WIFIA Lender.

(vi) The City shall not incur any Additional Obligations that bear interest at a Variable Interest Rate if such incurrence would (A) cause the principal amount of all Outstanding Variable Interest Rate Obligations to exceed twenty-five percent (25%) of the principal amount of all Outstanding Obligations at such time or (B) violate any term set forth in the Debt Management Policy.

(vii) Upon the incurrence of any Additional Obligations, the City shall provide to the WIFIA Lender a certificate signed by the City's Authorized Representative (x) specifying the closing date with respect to such Additional Obligations and (y) confirming that such Additional Obligations are authorized pursuant to, and satisfy the applicable requirements under, this Section 18(a).

(b) No Lien Extinguishment or Adverse Amendments. The City shall not, and shall not permit any Person to, without the prior written consent of the WIFIA Lender, (i) extinguish or impair the Liens on the City Pledged Collateral granted pursuant to the WIFIA IPA, (ii) amend, modify, terminate, assign, replace or supplement, or permit a waiver of any provision of, the WIFIA IPA, (iii) amend, modify, replace or supplement any Related Document to which the City is a party (other than the WIFIA IPA) or permit a waiver of any provision thereof in a manner that could adversely affect the WIFIA Lender or could reasonably be expected to result in a City Material Adverse Effect, or (iv) terminate or assign any Related Document to which the City is a party (other than (A) the WIFIA IPA and (B) Obligation Documents relating to Subordinate Obligations) in a manner that could adversely affect the WIFIA Lender or could reasonably be expected to have a City Material Adverse Effect. The City shall not take or omit to take any action under any contract if the effect of such act or failure to act would in any manner impair or adversely affect the ability of the City to secure adequate Net Revenues to meet the requirements of the WIFIA IPA.

(c) No Prohibited Liens. Except for Permitted Liens, the City shall not create, incur, assume or permit to exist any Lien on the System, the Project, the City Pledged Collateral, or the City's respective rights therein.

(d) Restricted Payments and Transfers. The City shall not permit Revenues or any funds in any other fund or account held by or on behalf of the City with respect to the System to be paid or transferred or otherwise applied for purposes other than ownership, operation or maintenance of the System.

(e) Against Sale or Other Disposition of Property.

(i) The City shall not enter into any agreement or lease which impairs the operation of the System or any part thereof necessary to secure adequate Net Revenues to meet the requirements of the WIFIA IPA, or which would otherwise impair the rights of the Borrower under the WIFIA IPA or the operation of the System. Any real or personal property which has become nonoperative or which is not needed for the efficient and proper operation of the System, or any material or equipment which has become worn out, may be sold if such sale will not impair the ability of the City to pay the WIFIA Installment Payments and if the proceeds of such sale are deposited in the Revenue Fund.

(ii) Nothing herein shall restrict the ability of the City to sell any portion of the System if such portion is immediately repurchased by the City and if such arrangement cannot by its terms result in the purchaser of such portion of the System exercising any remedy which would deprive the City of or otherwise interfere with its right to own and operate such portion of the System.

(f) City Fiscal Year. The City shall not at any time adopt any fiscal year other than the City Fiscal Year, except with thirty (30) days' prior written notice to the WIFIA Lender.

(g) Against Competitive Facilities. The City will not, to the extent permitted by law, acquire, construct, maintain or operate and will not, to the extent permitted by law and within the scope of its powers, permit any other public or private agency, corporation, district or political subdivision or any person whomsoever to acquire, construct, maintain or operate within the City any water system competitive with the System.

(h) Hedging. Other than Hedging Transactions, the City shall not enter into any swap or hedging transaction with respect to the Obligations, including inflation indexed swap transactions, "cap" or "collar" transactions, futures, or any other hedging transaction, without the prior written consent of the WIFIA Lender.

Section 19. Reporting Requirements of the Borrower.

agree that delivering the documents required by this Section 19(a) within such additional ninety (90) day period shall not, in and of itself, constitute a default under this Agreement, an event of acceleration under this Agreement, the WIFIA Loan, or the WIFIA Note, a termination event under this Agreement, the WIFIA Loan, or the WIFIA Note, a modification of terms with respect to this Agreement, the WIFIA Loan, or the WIFIA Note, or other similar event under this Agreement, the WIFIA Loan, or the WIFIA Note reflecting financial difficulties):

(b) Notices.

(i) The Borrower shall, within fifteen (15) days after it learns of the occurrence, give the WIFIA Lender notice of any of the following events or receipt of any of the following notices, as applicable, setting forth details of such event (provided that the Borrower shall not be obligated to provide such notice to the WIFIA Lender if notice of such event has already been provided to the WIFIA Lender by the City):

(F) Issuance of Indebtedness: copies of any final issuing instrument (together with any continuing disclosure documents, ordinances, official statement, certifications or cash flow projections in connection therewith), prepared in connection with the incurrence of any indebtedness; provided that such notice can be accomplished through the posting of the relevant documents on EMMA under the WIFIA CUSIP Number;

(G) Postings on EMMA: the posting of any document of the Borrower on EMMA in accordance with the requirements of any continuing disclosure agreement or similar document relating to annual financial information and operating data and the reporting of significant events; provided that such notice can be accomplished through the posting of the relevant document on EMMA under the WIFIA CUSIP Number;

(ii) The Updated Financial Model shall demonstrate to the satisfaction of the WIFIA Lender that the City has developed and identified adequate revenues to implement a plan for operating, maintaining and repairing the Project over its useful life, and shall include: (A) the City's capital improvement plan, major maintenance plan, projected rates and charges, projected debt outstanding and annual debt service, projected Revenues and projected Operations and Maintenance Costs; (B) evidence of compliance with the Rate Covenant for the most recent City Fiscal Year and the projected Rate Covenant coverages through the Final Maturity Date; (C) a written narrative identifying any material changes to the underlying assumptions from the previous Updated Financial Model; and (D) a certificate signed by the City's Authorized Representative, certifying that (1) the Updated Financial Model, including the assumptions and supporting documentation, as of its date, is accurate and reasonable to the best of the City's knowledge and belief, (2) the annual projected Net Revenues will be sufficient to meet the Loan Amortization Schedule and to satisfy the Rate Covenant through the Final Maturity Date, and (3) the City is in compliance with its obligations in respect of the Rate Covenant pursuant to Section 17(a) (*Affirmative Covenants of the City – Rate Covenant*).

(iii) The delivery of the Updated Financial Model to the WIFIA Lender shall constitute a representation and warranty by the City that the Updated Financial Model reflects the City's reasonable expectations, using assumptions that the City believes to be reasonable, of the System's expected operations, including capital costs, capital spending schedule, rates and revenues or charges (if applicable), Revenues, Operations and Maintenance Costs, major maintenance costs, financing structure and other scheduling, cost and financing elements required to be included in the Base Case Financial Model. The Updated Financial Model shall independently model the Project (as well as the System) addressing each of the foregoing as it may apply to the Project.

(c) Construction Reporting.

(i) The WIFIA Lender shall have the right in its sole discretion to monitor (or direct its agents to monitor) the development of the Project, including environmental compliance, design, and construction of the Project. The City shall be responsible for administering construction oversight of the Project in accordance with applicable federal, state and local governmental requirements. The City agrees to cooperate in good faith with the WIFIA Lender in the conduct of such monitoring by promptly providing the WIFIA Lender with such Construction Contracts (together with any related contracts, side letters or other understandings) and such reports, documentation or other information as shall be requested by the WIFIA Lender or its agents, including any independent engineer reports, documentation or information. resources, the management, release or threatened release of any hazardous material or to health and safety matters; in each case arising out of or in direct relation to the Project; provided that such indemnity shall not, as to any Indemnatee, be available to the extent that such losses, claims, damages, liabilities, fines, penalties, costs or related expenses are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Indemnatee. In case any action or proceeding is brought against an Indemnatee by reason of any claim with respect to which such Indemnatee is entitled to indemnification hereunder, the Borrower and the City shall each be entitled, at its expense, to participate in the defense thereof; provided that such Indemnatee has the right to retain its own counsel, at the expense of the Borrower or the City, as applicable, and such participation by the Borrower and/or the City in the defense thereof shall not release the Borrower or the City of any liability that it may have to such Indemnatee. Any Indemnatee against whom any indemnity claim contemplated in this Section 37 is made shall be entitled, after consultation with the Borrower and the City and upon consultation with legal counsel wherein such Indemnatee is advised that such indemnity claim is meritorious, to compromise or settle any such indemnity claim. Any such compromise or settlement shall be binding upon the Borrower and the City for purposes of this Section 37. Nothing herein shall be construed as a waiver of any legal immunity that may be available to any Indemnatee. To the extent permitted by applicable law, none of the Borrower, the City, or the WIFIA Lender shall assert, and the Borrower, the City, and the WIFIA Lender each hereby waives, any claim against any Indemnatee, the Borrower, or the City, respectively, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any of the other Related Documents, the other transactions contemplated hereby and thereby, the WIFIA Loan or the use of the proceeds thereof, provided that nothing in this sentence shall limit the Borrower's or the City's indemnity obligations to the extent such damages are included in any third party claim in connection with which an Indemnatee is entitled to indemnification hereunder. All amounts due to any Indemnatee under this Section 37 shall be payable promptly upon demand therefor. The obligations of the Borrower and the City under this Section 37 shall survive the payment or prepayment in full of the WIFIA Note pursuant to Section 8 (*Payment of Principal and Interest*) or Section 9 (*Prepayment*), the enforcement of any provision of this Agreement or the other Related Documents, any amendments, waivers (other than amendments or waivers in writing with respect to this Section 37) or consents in respect hereof or thereof, any Event of Default, and any workout, restructuring or similar arrangement of the obligations of the Borrower or the City hereunder or thereunder.

The provision of any notice pursuant to this Section 38 shall neither (x) obligate the WIFIA Lender to sell nor (y) provide either of the Borrower or the City

with any rights or remedies in the event the WIFIA Lender, for any reason, does not sell the WIFIA Loan. Neither the Borrower nor the City shall have any obligation to provide any disclosure, representation, warranty, estoppel, certificate, consent, agreement, approval, or other assistance to the WIFIA Lender or any proposed purchaser or assignee of the WIFIA Loan in connection with any proposed sale or assignment of the WIFIA Loan.

Section 39. Effectiveness. This Agreement shall be effective on the Effective Date.

Section 40. Termination. REQUISITION PROCEDURES

This **Exhibit D** sets out the procedures which the Borrower and the City agree to follow in submitting Requisitions for the disbursement of WIFIA Loan proceeds in respect of the Eligible Project Costs incurred in connection with the Project. Section 1 sets out the manner in which Requisitions are to be submitted and reviewed. Sections 2 through 4 set out the circumstances in which the WIFIA Lender may reject or correct Requisitions submitted by the City, as agent of the Borrower pursuant to the WIFIA IPA, or withhold a disbursement. The Borrower and the City expressly agree to the terms hereof, and further agree that (i) the rights of the WIFIA Lender contained herein are in addition to (and not in lieu of) any other rights or remedies available to the WIFIA Lender under the WIFIA Loan Agreement, and (ii) nothing contained herein shall be construed to limit the rights of the WIFIA Lender to take actions including administrative enforcement action and actions for breach of contract against the Borrower or the City if it fails to carry out its obligations under the WIFIA Loan Agreement during the term thereof.

Section 1 General Requirements. All requests by the City, as agent of the Borrower pursuant to the WIFIA IPA, for the disbursement of WIFIA Loan proceeds shall be made by electronic mail or overnight delivery service by submission to the WIFIA Lender, in accordance with Section 36 (*Notices*) of the WIFIA Loan Agreement, of a Requisition, in form and substance satisfactory to the WIFIA Lender and completed and executed by the City's Authorized Representative. The form of Requisition is attached as **Appendix One** (*Form of Requisition*) to this **Exhibit D**. Any disbursement request shall be accompanied by a certificate completed and executed by the Borrower's Authorized Representative in the form of **Appendix Two** (*Form of Borrower Disbursement Certificate*) to this **Exhibit D**.

Supporting documentation should be submitted with the Requisition. If the City, as agent of the Borrower pursuant to the WIFIA IPA, anticipates that it will draw down all or a portion of the proceeds of the WIFIA Loan to reimburse the Borrower or the City for Eligible Project Costs paid by or on behalf of the Borrower or the City prior to such disbursement of WIFIA Loan proceeds, whether paid from funds of the Borrower or the City or from proceeds of Obligations issued by the City, including for the purpose of paying or redeeming such Obligations, the City, as agent of the Borrower pursuant to the WIFIA IPA, shall deliver appropriate documentation, including invoices and records, evidencing such incurred or paid Eligible Project Costs (the "**Eligible Project Costs Documentation**"). The Eligible Project Costs Documentation must provide sufficient detail to enable the WIFIA Lender to verify that such costs are Eligible Project Costs paid by the Borrower or the City, as agent of the Borrower pursuant to the WIFIA IPA, in connection with the reimbursement of such Eligible Project Costs. The WIFIA Lender shall review the Eligible Project Costs Documentation for compliance with WIFIA disbursement requirements, and any amounts approved by the WIFIA Lender as Eligible Project Costs will be disbursed at such time as the City, as agent of the Borrower pursuant to the WIFIA IPA, submits a Requisition in respect of such approved amounts.

The WIFIA Lender agrees to promptly send to the Borrower and the City in accordance with Section 36 (*Notices*) of the WIFIA Loan Agreement, an acknowledgement of receipt of each Requisition in the form attached as **Appendix Three** (*[Approval/Disapproval] of the WIFIA*

Lender) to this **Exhibit D** setting forth the date of receipt by the WIFIA Lender of such Requisition and setting forth the Business Day on which disbursement will be made absent denial by the WIFIA Lender. All disbursement requests must be received by the WIFIA Lender at or before 5:00 P.M. (EST) on the first (1st) Business Day of a calendar month in order to obtain disbursement by the fifteenth (15th) day of such calendar month or, if either such day is not a Business Day, the next succeeding Business Day. If a Requisition is approved by the WIFIA Lender, the WIFIA Lender will notify the Borrower of such approval and of the amount so approved.

Section 2. Rejection. A Requisition may be rejected in whole or in part by the WIFIA Lender if it is: (a) submitted without signature; (b) submitted under signature of a Person other than the City's Authorized Representative; (c) submitted after prior disbursement of all proceeds of the WIFIA Loan; (d) submitted without adequate Eligible Project Costs Documentation, including (i) copies of invoices and records evidencing the Eligible Project Costs, (ii) a summary of the progress of construction of the Project and a general description of the work done for which the funds being requisitioned are being applied (or a certification that no change has occurred since the date of the latest quarterly report provided pursuant to Section 20(c)(i) (*Reporting Requirements of the City – Construction Reporting*), and (iii) a copy of the most recent update to the City's risk register, if requested by the WIFIA Lender.

The WIFIA Lender will notify the Borrower and the City of any Requisition so rejected, and the reasons therefor. Any Requisition rejected for the reasons specified above (other than Section 2(c)) must be resubmitted in proper form in order to be considered for approval. If a Requisition exceeds the balance of the WIFIA Loan proceeds remaining to be disbursed, the request will be treated as if submitted in the amount of the balance so remaining, and the WIFIA Lender will so notify the Borrower and the City.

Section 3. Correction. A Requisition containing an apparent mathematical error will be corrected by the WIFIA Lender, after telephonic or email notification to the Borrower or the City, and will thereafter be treated as if submitted in the corrected amount.

Section 4. Withholding. The WIFIA Lender shall be entitled to withhold approval (in whole or in part) of any pending or subsequent requests for the disbursement of WIFIA Loan proceeds if: (a) a Default or an Event of Default shall have occurred and be continuing; (b) either the Borrower or the City (i) knowingly takes any action, or omits to take any action, amounting to fraud or violation of any applicable law, in connection with the transactions contemplated hereby; (ii) prevents or materially impairs the ability of the WIFIA Lender to monitor compliance by either the Borrower or the City with applicable law pertaining to the Project or with the terms and conditions of the WIFIA Loan Agreement; (iii) fails to observe or comply with any applicable law, or any term or condition of the WIFIA Loan Agreement; (iv) fails to satisfy the conditions set forth in Section 4 (*Disbursement Conditions*) and Section 11(b) (*Conditions Precedent – Conditions Precedent to Disbursements*) of the WIFIA Loan Agreement; or (v) fails to deliver Eligible Project Costs Documentation satisfactory to the WIFIA Lender at the times and in the manner specified by the WIFIA Loan Agreement; provided that in such case of Section 4, clause (v) above, the WIFIA Lender may, in its sole discretion, partially approve a disbursement request in respect of any amounts for which adequate Eligible Project Costs has been provided and may, in its sole discretion, disburse in respect of such properly documented amounts.

In arriving at the opinions expressed below, we have reviewed and are familiar with (i) the [Joint Exercise of Powers Agreement], dated [●] (the “Joint Powers Agreement”), by and between [●], (ii) the WIFIA Borrower Documents and (iii) such other information and documents as we deem necessary to render this opinion on behalf of the Borrower. Our opinions, statements and representations herein made are on behalf of the Borrower and not on behalf of the individual member agencies of the Borrower. All capitalized terms used herein and not otherwise defined herein shall have the respective meanings given to such terms in the WIFIA Loan Agreement.

Based upon the foregoing and our review of such other matters of law as we considered necessary, we are of the opinion that:

1. The Borrower has been duly created and validly exists as a joint exercise of powers agency under the provisions of Articles 1 through 4 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code of the State of California.

3. The execution and delivery by the Borrower of, and the performance of its respective obligations under, the Related Documents to which it is a party, have been duly authorized by all necessary organizational or regulatory action, and the WIFIA Borrower Resolution was duly adopted at a regular meeting of the governing board of the Borrower which was duly called and held and at which a quorum was present and acting throughout.

4. The Borrower has duly executed and delivered each Related Document to which it is a party and each such Related Document constitutes the legal, valid and binding obligation of the Borrower, enforceable against the Borrower in accordance with its respective terms.

5. No authorization, consent, or other approval of, or registration, declaration or other filing with any governmental authority of the United States of America or of the State is required on the part of the Borrower for the execution and delivery by the Borrower of, and the performance of the Borrower under, any Related Document to which it is a party other than authorizations, consents, approvals, registrations, declarations and filings that have already been timely obtained or made by the Borrower.

6. The execution and delivery by the Borrower of, and compliance by the Borrower with the provisions of, the Related Documents to which it is a party in each case do not (i) violate the Joint Powers Agreement, (ii) violate the law of the United States of America or of the State, or (iii) conflict with or constitute a breach of or default under any material agreement or other instrument known to us to which the Borrower is a party, or to the best of our knowledge, after reasonable review, any court order, consent decree, statute, rule, regulation or any other law to which the Borrower is subject.

7. To our knowledge after due inquiry, there are no actions, suits, proceedings or investigations against the Borrower by or before any court, arbitrator or any other Governmental Authority in connection with the Related Documents or the System (including the Project) that are pending.

8. The Borrower is not entitled to claim governmental immunity in any breach of contract action under the WIFIA Borrower Documents.

With respect to the opinions expressed herein, the rights and obligations under the Related Documents to which the Borrower is a party are subject to bankruptcy, insolvency, reorganization, moratorium, arrangement, fraudulent conveyance or transfer and other similar laws affecting creditors' rights, to the application of equitable principles if equitable remedies are sought, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against public agencies in the State. We express no opinion on the requirements of or compliance with securities or tax laws.

This opinion is rendered only with respect to the laws of the State and the laws of the United States of America and is addressed only to the WIFIA Lender. RESOLUTION NO. 2024-17

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ESCONDIDO, CALIFORNIA, APPROVING THE FINDING THAT CONSTRUCTION OF THE LAKE WOHLFORD DAM REPLACEMENT PROJECT WILL BE SUBSTANTIALLY COMPLEX AND REQUIRES A CONTRACTOR RETENTION RATE OF TEN PERCENT FOR CONSTRUCTION OF THE LAKE WOHLFORD DAM REPLACEMENT PROJECT

WHEREAS, the City of Escondido ("City") desires to construct the Lake Wohlford Dam Replacement Project ("Project"); and

WHEREAS, the Project work will generally replace the existing dam with a new roller compacted concrete dam with integrated spillway and outlet works immediately downstream of the existing dam; and

WHEREAS, Lake Wohlford Road is heavily travelled and the businesses located along Lake Wohlford Road rely on easy access for their customers, therefore, it is essential to maintain an open roadway during construction of the Project; and

WHEREAS, the Project area consists of hilly, rocky, and environmentally and culturally sensitive habitat, including mature oak trees. There is limited clear flat surface area for staging of materials such as spoil and rock stockpiles, construction equipment, batch plant equipment and materials, and onsite construction office space; and

WHEREAS, a portion of the work will extend beyond normal business hours using rotational shifts because the roller compacted concrete placement of the dam and spillway structures must be done continuously without stopping, which is very labor and equipment intensive; and

WHEREAS, an exploratory geotechnical field investigation and report was performed and will help identify some of the risks associated with performing the construction. To further help mitigate the City's risks exposure, a consultant construction management and specialty inspection team will be retained for the duration of the Project; and

WHEREAS, the Interim Director of Utilities, has determined that this Project is substantially more complex than typical construction projects; and

WHEREAS, Public Contract Code 7201(b), allows for an increase in the amount of retention to be withheld from progress payments to project contractors and subcontractors when a project is found to be substantially complex; and

WHEREAS, 10% retention will provide sufficient monies to cover lingering and substantial preliminary notices and will provide a funding source for City payment to subcontractors in case of prime contractor default; and

WHEREAS, the Interim Director of Utilities, has determined that the desired retention amount for this particular construction Project is 10%; and

WHEREAS, City Council agrees with the Interim Director of Utilities regarding the complexity of the Project and of setting the Project contractor retention rate at 10%.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Escondido, California, as follows:

1. That the above recitations are true.

2. That the Mayor and City Council make the necessary findings under Public Contract Code 7201(b) to increase the retention on this project and accept the recommendation of the Interim Director of Utilities.

3. That the Interim Director of Utilities, is authorized on behalf of the City, to include in the contract documents, as they are advertised for bid and as they are then included in a subsequent Public Improvement Agreement, the designation of the Project complexity, and the retention withholding rate of 10%.
