Brain Grossman from Grossman design presented to the committee who he is and what his company does. He also explained what they would want to keep in mind when coming up with the design of the Community Rec Center. This would include all to the building with how many rooms, how many floors and so on. Once that is complete and the design is in place in a Concept Plan then they would move to the price of the project. The council discussed all their ideas and Brian wrote down all the information he needed to come up with a design for the Community Rec Center. Brain was very impressed with the council and their ideas and thought they put into this project. This project will come back for discussion.
