B. Discussion and Consideration of Establishing a MYAC Project for the FY 2026

Secretary Leah addressed the council to inform them the project they they had last year for them to take before the council for approval. They put this whole project together and had a layout and drawings of a new Recreation Center. Park improvements for Johnson and Pittman Park as well is a project that they Mayor has recommended for them to do this year for the project that they want to take before the council. This is something the city is already looking into as well. The lighting, walking trails, and many more things to get our parks better and better accessible for the citizens and kids. This project would be creating a master plan for all the Parks. The council can do anything they would like and do not have to make that decision today.

The Council has decided to have their meetings on the same day as the Everman council on the second Tuesday of the month at 5pm. In January they will start having the second meeting of the month on the fourth Tuesday of the month at the High School.
