Section 6.3 Debt Service Fund. There is hereby created and established with the Depository a fund to be designated the "Debt Service Fund". Money in the Debt Service Fund shall be held in trust at the Depository. The City shall deposit or cause to be deposited into the Debt Service Fund accrued interest on the Tax Increment Notes, money designated by the City as capitalized interest on the Tax Increment Notes, any transfers from the Pledged Revenue Fund as provided in Section 6.2, and, to the extent necessary, other Pledged Revenues in such amounts and at such times to provide that amounts necessary to pay all Tax Increment Notes when due, including specifically to pay interest and principal Installments due on the Tax Increment Notes in the then current Fiscal Year. If Texas law is amended at any time while any Tax Increment Notes are outstanding and unpaid such that the pledge of the Pledged Revenues granted by the City under Section 5.1 of this Note Ordinance is to be subject to the filing requirements of Chapter 9, Texas Business & Commerce Code, then in order to preserve to the registered owners of the Tax Increment Notes the perfection of the security interest in said pledge, the Board agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Texas Business & Commerce Code and enable a filing to perfect the security interest in said pledge to occur.

Section 7.4 Pledged Revenues Not Encumbered. The Pledged Revenues are not in any manner pledged to the payment of any debt or obligation of the City other than the Tax Increment Notes. The City covenants that it will not in any manner pledge or further encumber the Pledged Revenues unless such pledge or encumbrance is subordinate and inferior to the lien and pledge hereunder securing the Tax Increment Notes, such as any Subordinate Lien Obligations.

Section 7.5 Collection of Tax Increments. Subject to the provisions of applicable law, the City covenants and agrees to use its best efforts to cause each Participant to pay to the City, when due, all Tax Increments to provide for the payment of principal of and interest on the Tax Increment Notes.

ARTICLE VIII

DEFAULT AND REMEDIES

the observance or performance of any other of the covenants, conditions, or obligations set forth in this Note Ordinance, the Owners of any of the Notes shall be entitled to seek a writ of mandamus issued by a court of proper jurisdiction compelling and requiring the governing bodies of the City and the County and other officers of the City to observe and perform any covenant, condition, or obligation prescribed in this Note Ordinance.

No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient. The specific remedies herein provided shall be cumulative of all other existing remedies and the specification of such remedies shall not be deemed to be exclusive.

ARTICLE IX

Without limiting the generality of the foregoing, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that failure to comply with such covenant will not adversely affect the exemption from federal income tax of the interest on any Series 2026 Note, the City shall comply with each of the specific covenants in this Section.

- (a) exclusively own, operate and possess all property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with Gross Proceeds of the Bonds, and not use or permit the use of such Gross Proceeds (including all contractual arrangements with terms different than those applicable to the general public) or any property acquired, constructed or improved with such Gross Proceeds in any activity carried on by any person or entity (including the United States or any agency, department and instrumentality thereof) other than a state or local government, unless such use is solely as a member of the general public; and

(b) not directly or indirectly impose or accept any charge or other payment by any person or entity who is treated as using Gross Proceeds of the Bonds or any property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with such Gross Proceeds, other than taxes of general application within the City or interest earned on investments acquired with such Gross Proceeds pending application for their intended purposes.

Section 10.4 No Private Loan. Except to the extent that it will not cause the Series 2026 Notes to become "private activity bonds" within the meaning of section 141 of the Code and the Regulations and rulings thereunder, the City shall not use Gross Proceeds of the Series 2026 Notes to make or finance loans to any person or entity other than a state or local government. For purposes of the foregoing covenant, such Gross Proceeds are considered to be "loaned" to a person or entity if: (1) property acquired, constructed or improved with such Gross Proceeds is sold or leased to such person or entity in a transaction which creates a debt for federal income tax purposes; (2) capacity in or service from such property is committed to such person or entity under a take-or-pay, output or similar contract or arrangement; or (3) indirect benefits, or burdens and benefits of ownership, of such Gross Proceeds or any property acquired, constructed or improved with such Gross Proceeds are otherwise transferred in a transaction which is the economic equivalent of a loan.

Section 10.5 Not to Invest at Higher Yield. Except to the extent that it will not cause the Bonds to become "arbitrage bonds" within the meaning of section 148 of the Code and the Regulations and rulings thereunder, the City shall not at any time prior to the final stated maturity of the Bonds directly or indirectly invest Gross Proceeds in any Investment, if as a result of such investment the Yield of any Investment acquired with Gross Proceeds, whether then held or previously disposed of, materially exceeds the Yield of the Bonds.

Section 10.6 Not Federally Guaranteed. Except to the extent permitted by section 149(b) of the Code and the Regulations and rulings thereunder, the City shall not take or omit to take any action which would cause the Bonds to be federally guaranteed within the meaning of section 149(b) of the Code and the Regulations and rulings thereunder.

Section 10.7 Information Report. The City shall timely file the information required by section 149(e) of the Code with the Secretary of the Treasury on Form 8038-G or such other form and in such place as the Secretary may prescribe.

Section 10.8 Rebate of Arbitrage Profits. Except to the extent otherwise provided in section 148(f) of the Code and the Regulations and rulings thereunder:

(a) The City shall account for all Gross Proceeds (including all receipts, expenditures and investments thereof) on its books of account separately and apart from all other funds (and receipts, expenditures and investments thereof) and shall retain all records of accounting for at least six years after the day on which the last Outstanding Bond is discharged. However, to the extent permitted by law, the City may commingle Gross Proceeds of the Bonds with other money of the City, provided that the City separately accounts for each receipt and expenditure of Gross Proceeds and the obligations acquired therewith.

(b) Not less frequently than each Computation Date, the City shall calculate the Rebate Amount in accordance with rules set forth in section 148(f) of the Code and the Regulations and rulings thereunder. The City shall maintain such calculations with its official transcript of proceedings relating to the issuance of the Bonds until six years after the final Computation Date.

(c) As additional consideration for the purchase of the Series 2026 Notes by the Purchaser and the loan of the money represented thereby and in order to induce such purchase by measures designed to insure the excludability of the interest thereon from the gross income of the owners thereof for federal income tax purposes, the City shall pay to the United States out of the Debt Service Fund or its general fund, as permitted by applicable Texas statute, regulation or opinion of the Attorney General of the State of Texas, the amount that when added to the future value of previous rebate payments made for the Series 2026 Notes equals (i) in the case of a Final Computation Date as defined in Section 1.148-3(e)(2) of the Regulations, one hundred percent (100%) of the Rebate Amount on such date; and (ii) in the case of any other Computation Date, ninety percent (90%) of the Rebate Amount on such date. In all cases, the rebate payments shall be made at the times, in the installments, to the place and in the manner as is or may be required by section 148(f) of the Code and the Regulations and rulings thereunder, and shall be accompanied by Form 8038-T or such other forms and information as is or may be required by section 148(f) of the Code and the Regulations and rulings thereunder.

(d) The City shall exercise reasonable diligence to assure that no errors are made in the calculations and payments required by paragraphs (2) and (3), and if an error is made, to discover and promptly correct such error within a reasonable amount of time thereafter (and in all events within one hundred eighty (180) days after discovery of the error), including payment to the United States of any additional Rebate Amount owed to it, interest thereon, and any penalty imposed under Section 1.148-3(h) of the Regulations.

Section 10.9 Not to Divert Arbitrage Profits. Except to the extent permitted by section 148 of the Code and the Regulations and rulings thereunder, the City shall not, at any time prior to the earlier of the stated maturity or final payment of the Series 2026 Notes, enter into any transaction that reduces the amount required to be paid to the United States pursuant to Subsection H of this Section because such transaction results in a smaller profit or a larger loss than would have resulted if the transaction had been at arm's length and had the Yield of the Bonds not been relevant to either party.

Section 10.10 Series 2026 Notes Not Hedge Bonds.

(a) The City reasonably expects to spend at least 85% of the spendable proceeds of the Series 2026 Notes within three years after Series 2026 Notes are issued.

(b) Not more than 50% of the proceeds of the Series 2026 Notes will be invested in Nonpurpose Investments having a substantially guaranteed Yield for a period of 4 years or more.

Section 10.11 Elections. The City hereby directs and authorizes the Authorized Representative, either or any combination of the foregoing, to make such elections in the Certificate as to Tax Exemption or similar or other appropriate certificate, form, or document

permitted or required pursuant to the provisions of the Code or the Regulations, as they deem necessary or appropriate in connection with the Series 2026 Notes. Such elections shall be deemed to be made on the Issuance Date.

City of Everman, Texas

Re: \$2,340,250 Everman Tax Increment Note, Series 2026

Dear Ladies and Gentlemen:

We (also referred to herein as “Lender”) have agreed to purchase, and the City of Everman, Texas (the “Issuer”) has agreed to sell us the captioned Note at a purchase price of \$2,340,250.00, and no accrued interest. The Note will bear the terms, redemption provisions, if any, and be secured as described in the Issuer’s ordinance authorizing the same adopted this date (the “Ordinance”), all subject to receipt by you and by us of such opinions, certificates and other documents as you or we may reasonably require to establish the validity and legality of the Notes.

We hereby represent and warrant that:

(1) we are (i) an “accredited investor” within the meaning of Regulation D promulgated under the Securities Act of 1933 or (ii) a state or national bank organized under the laws of the United States, and we have sufficient knowledge and experience in financial and business matters, including purchase and ownership of tax-exempt municipal obligations, to be able to evaluate the economic risks and merits of the purchase of the Notes;

(2) we have made our own inquiry and analysis with respect to the Notes and the security therefor, and other material factors affecting the security and payment of the Notes, and we have not relied upon any statement by you, your officers, directors, or employees, or your financial consultants or legal advisors in connection with such inquiry or analysis or in connection with the offer and sale of the Notes;

(3) we have either been furnished with or have had access to all necessary information that we desire in order to enable us to make an informed decision to purchase the Notes, and we have had the opportunity to ask questions and receive answers from knowledgeable individuals concerning the purpose for which the proceeds of the Notes will be utilized, and the security therefor, so that we have been able to make an informed decision to purchase the Notes;

(4) we are purchasing the Notes for our own account, as evidence of a privately placed and negotiated bank loan to the Issuer, and not with a view to, and with no present intention of, selling, pledging, transferring, conveying, hypothecating, mortgaging, disposing, reoffering, distributing, or reselling the Notes, or any part or interest thereof, except to persons who are able to and do confirm in writing to us and to you the representations contained in paragraphs (1) through (3) and this paragraph to the same extent as if such paragraphs referred to such persons;

(5) we further acknowledge that we are responsible for consulting with our advisors concerning any obligations, including, but not limited to, any obligations pursuant to federal and state securities and income tax laws, we may have with respect to subsequent purchasers of the Notes if and when any such future disposition of the Notes may occur;

(6) we understand that the Notes (a) is not being registered under the Securities Act of 1933 and are not being registered or otherwise qualified for sale under the “Blue Sky” laws and regulations of any state due to exemptions from registration provided for therein, (b) will not be listed on any stock or other securities exchange, (c) will carry no rating from any rating service, and (d) will not be readily marketable;

(7) we understand that, with respect to the Notes, the Issuer is not required to make any continuing disclosure pursuant to Rule 15c2-12(b) (the *Rule*) of the United States Securities and Exchange Commission under the Securities Exchange Act of 1934, because the Notes are being sold pursuant to a private placement with the Purchaser (as defined in the Ordinance), generally in denominations of \$100,000 or any integral multiple of \$1,000 in excess thereof, to less than thirty-five sophisticated investors, and therefore the Rule is not applicable to the offering of the Notes;

(8) we make the following representations and covenants pursuant to Chapters 2252, 2271, 2274, and 2276, Texas Government Code, as heretofore amended (the “Government Code”), in connection with the purchase of the Notes. As used in such verifications, “affiliate” means an entity that controls, is controlled by, or is under common control with the bidder within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit. a. Not a Sanctioned Company. We represent that neither we nor any of our parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Government Code. Section 2. The Board hereby approves the issuance by the City of the Note, secured by Pledged Revenues pursuant to the Note Ordinance.

Section 3. The form and substance of the Note Ordinance and Purchase Letter are hereby approved.

Section 4. This Resolution shall take effect immediately.

City of Everman, Texas

\$2,340,250.00 Tax Increment Note

TAX CERTIFICATE

I, the undersigned officer of the City of Everman, Texas, a Texas municipality (together with any successor to its duties and functions, the “Issuer”), make this certification for the benefit of all persons interested in the exclusion from gross income and certain other treatment for federal income tax purposes of the interest to be paid on the Issuer’s Tax Increment Note (the “Issuer Note”), in the aggregate principal amount of \$2,340,250 (the “Tax Certificate”). I do hereby certify as follows:

1. General. I am the duly chosen, qualified and acting officer of the Issuer for the office shown below my signature. In such capacity, I am charged, along with others, with responsibility for issuing the Issuer Note. I am familiar with the facts, estimates and expectations certified herein, and I am duly authorized to execute and deliver this Tax Certificate. I am familiar with the provisions of the ordinance adopted on May 26, 2026, authorizing the issuance of the Issuer Note (the “Ordinance”), the Purchase Letter dated May 12, 2026 (the “Purchase Letter”), by and between the Issuer and Government Capital Corporation (the “Purchaser”), and particularly the provisions thereof relating to the treatment of the Issuer Note and the interest thereon for federal income tax purposes. I am aware of the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), including Sections 103 and 141 through 150 thereof, and the Treasury Regulations (the “Treasury Regulations”) promulgated under the Code. This Tax Certificate is being executed and delivered pursuant to the relevant provisions of the Code and Sections 1.141-1 through 1.141-15, 1.148-0 through 1.148-11, 1.149(b)-1, 1.149(d)-1, 1.149(e)-1, 1.149(g)-1, 1.150-1 and 1.150-2 of the Treasury Regulations. Certain terms used herein have the same meanings as given to those terms in the Code and the Treasury Regulations. Capitalized terms used in this Tax Certificate (unless otherwise indicated herein) shall have the meanings ascribed to them in the Ordinance.

2. Reasonable Expectations. As an officer of the Issuer responsible for issuing the Issuer Note, the undersigned hereby certifies, in good faith, that the Issuer’s expectations, as of May 26, 2026 (the “Issue Date”), regarding the amount and use of the gross proceeds of the Issuer Note and other matters relevant to the treatment of interest on the Issuer Note for federal income tax purposes are accurately and completely stated herein, that all of such expectations are reasonable and are based on the facts and estimates stated in this Tax Certificate, that all of the facts and estimates stated in this Tax Certificate are accurate. The undersigned has relied on certain representations made by the Purchaser in the Certificate of Purchaser, attached hereto as Exhibit A. The undersigned is aware of no other facts, estimates or circumstances which would indicate that any of the expectations stated herein are not reasonable.

3. Description of Governmental Purposes. The Issuer is issuing the Issuer Note pursuant to the Ordinance to provide funds, which will be used to finance all or a portion of the Issuer’s costs incurred to construct renovations to the City’s City Hall and animal shelter (the “Project”).

4. Total Sale Proceeds of the Issuer Note. The total sale proceeds from the sale of the Issuer Note received by the Issuer is \$2,340,250, which represents the aggregate principal amount of the Issuer Note.

5. Use of Sale Proceeds of the Issuer Note. The total sale proceeds from the sale of the Issuer Note received by the Issuer will be expended and applied by the Issuer as follows:

(a) Proceeds of the Issuer Note in the amount of \$2,300,000 will be used by the Issuer to pay costs of the Project; and

(b) Proceeds of the Issuer Note in the amount of \$40,250 will be used by the Issuer to pay costs of issuance of the Issuer Note.

6. Pre-Issuance Accrued Interest. Interest on the Issuer Note begins to accrue on the Issue Date; therefore, the Issuer Note is being issued without pre-issuance accrued interest.

7. Investment Proceeds. The Issuer expects that the total amount of proceeds of the Issuer Note described in paragraph 5 above will be used as described in paragraph 5 to pay costs associated with the Project and costs of issuance of the Issuer Note. The total cost of the Project is expected to equal or exceed the sum of the amount described in paragraph 5 above and the investment earnings thereon.

8. No Replacement Proceeds. There are no amounts on hand, and there are no amounts expected to be received, other than amounts identified herein as proceeds of the Issuer Note and amounts to be held in the Debt Service Fund for the payment of debt service on the Issuer Note (as discussed in paragraph 12 below) which have or will have at any time a sufficiently direct nexus to the Issuer Note or to any governmental purpose of the Issuer Note to conclude that such amounts would have been used for that governmental purpose if the proceeds of the Issuer Note were not used or to be used for that governmental purpose. More specifically --

(a) **No Sinking Funds and Pledged Funds.** Other than the Debt Service Fund and the amounts and investments on deposit therein from time to time, there are not now and will not be at any time while the Issuer Note is outstanding --

(i) any debt service fund, reserve fund, replacement fund, any similar fund, or any amount or investment reasonably expected to be used, directly or indirectly (such as, by the generation of income to be used), to pay principal or interest on the Issuer Note; and

(ii) any fund, amount, or investment that is directly or indirectly pledged to pay principal or interest on the Issuer Note. A pledge includes, but is not limited to, any arrangement, regardless of its form, which provides reasonable

assurance that the amount will be available to pay principal or interest, even if the Issuer encounters financial difficulty. A pledge to a guarantor or an agreement to maintain an amount at a particular level or balance for the direct or indirect benefit of bondholder or a guarantor would constitute a pledge for this purpose.

(b) No Other Replacement Proceeds. There will be no other replacement proceeds allocable to the Issuer Note. Based on the reasonable expectations of the Issuer as of the date hereof, the term of the Issuer Note is not longer than, and the Issuer will not allow the Issuer Note to remain outstanding longer than, is reasonably necessary for the governmental purposes for which the Issuer Note is being issued. The weighted average maturity of the Issuer Note does not exceed 120 percent of the reasonably expected economic life of the capital projects being financed by the Issuer Note, determined in the same manner as provided under Section 147(b) of the Code. In addition, none of the proceeds of the Issuer Note will be used to finance working capital expenditures of the Issuer or any related person.

9. No Overissuance. Based on the expectations of the Issuer set forth in the preceding paragraphs, the amount of the proceeds from the issuance of the Issuer Note, plus all investment proceeds to be received with respect to the Issuer Note, does not exceed the amount required for the governmental purposes for which the Issuer Note is being issued, as described in paragraph 3 above.

10. Temporary Period Requirements for the Issuer Note.

(a) Pre-Issuance Accrued Interest. Interest on the Issuer Note begins to accrue on Issue Date; therefore, the Issuer Note is being issued without pre-issuance accrued interest.

(b) Expenditure Test. The Issuer expects at least 85 percent of the net sale proceeds of the Issuer Note will be expended prior to the date that is three years from the date hereof for costs of the Project. All net sale proceeds of the Issuer Note not expended prior to the date that is three years from the date hereof will be invested on and after such date until final expenditure at a yield (as defined in paragraph 14 hereof) which is not materially higher than the yield on the Issuer Note, except as set forth in paragraph 17 below.

(c) Time Test. The Issuer has incurred, or will incur within six months of the date hereof, a substantial binding obligation to a third party pursuant to which the Issuer is obligated to expend at least five percent of the net sale proceeds of the Issuer Note on the Project.

(d) Due Diligence. The Issuer expects that the Project will proceed with due diligence to completion and that the net sale proceeds of the Issuer Note will be expended on the Project with reasonable dispatch.

(e) Investment Proceeds. The Issuer expects that all amounts derived from the investment of monies received from the sale of the Issuer Note and from the reinvestment of such investment proceeds will be expended within three years from the

date hereof or within one year after receipt of such investment income, whichever is later. All investment proceeds of the Issuer Note not expended prior to such date will be invested on and after such date until final expenditure at a yield which is not materially higher than the yield on the Issuer Note, except as provided in paragraph 17 below.

The term “net sale proceeds” shall mean any amount actually or constructively received from the sale of the Issuer Note, including amounts constituting the underwriter’s discount or compensation and accrued interest, other than pre-issuance accrued interest, less amounts invested as part of a reasonably required reserve or replacement fund or as part of a “minor portion” for the Issuer Note.

11. Flow of Funds. Under the Issuer Note, the Issuer is obligated to annually assess and collect taxes in an amount sufficient to pay debt service on the Issuer Note during the applicable fiscal year. All taxes assessed and collected by the Issuer for and on account of the Issuer Note will be deposited into the Debt Service Fund (as defined below).

12. Debt Service Fund. The Issuer created the Debt Service Fund pursuant to the Loan Agreement to be used primarily to achieve a proper matching of taxes and debt service on the Issuer Note within each bond year. The Issuer expects that the taxes collected each year, and amounts received from investment of moneys held in the Debt Service Fund, will be sufficient to pay debt service each year on the Issuer Note. The Issuer will adjust the annual tax rates as necessary, taking into account other moneys available or to be available for the payment of debt service on the Issuer Note. The portion of the Debt Service Fund which will be depleted by the payment of debt service on the Issuer Note at least once each bond year, except for a reasonable carryover amount not to exceed the greater of (a) one year’s earnings on the Debt Service Fund for the immediately preceding bond year or (b) one-twelfth of the principal and interest payments on the issue for the immediately preceding bond year, will constitute a “bona fide debt service fund” and will be treated as a separate fund (the “Bona Fide Portion”) for purposes of this Tax Certificate. Amounts, other than proceeds of the Issuer Note, remaining in the Debt Service Fund, after the annual payment of all principal of and interest and premium, if any, on the Issuer Note, other than the reasonable carryover amount described in the preceding sentence will be treated for purposes of this Tax Certificate as a separate fund (the “Reserve Portion”). The Issuer reasonably expects that the sum of any amounts in the Debt Service Fund which are (i) allocable to such Reserve Portion or (ii) allocable to the Bona Fide Portion, but are not spent for the payment of debt service on the Issuer Note within 13 months after the date of receipt of such amount, will not exceed the least of (x) 10 percent of the Issue Price (as defined in paragraph 13 hereof), (y) the maximum annual principal and interest requirements on the Issuer Note, or (z) 125 percent of the average annual principal and interest requirements on the Issuer Note, at any time so long as the Issuer Note is outstanding. To the extent any such accumulations exceed such amount, the excess amount will be invested at a yield not in excess of the yield on the Issuer Note, except as set forth in paragraph 17 below.

13. Issue Price. The term “Issue Price” with respect to the Issuer Note is set forth in the Certificate of Purchaser attached as Exhibit A and incorporated herein by reference (i.e., \$2,340,250.00).

14. Yield on the Issuer Note. For purposes of this Tax Certificate, the term “yield” shall have the meaning ascribed to it in Section 148(h) of the Code and the Treasury Regulations in effect thereunder and, when used with respect to the Issuer Note, shall mean that interest rate which when used as a discount factor to compute the present value as of the Issue Date of all scheduled payments of principal of and interest on the Issuer Note produces an amount equal to (i) the Issue Price of the Issuer Note, plus (ii) pre-issuance accrued interest on the Issuer Note as of the Issue Date. Yield on the Issuer Note shall not take into account or reflect any underwriter’s discount or cost of issuance of the Issuer Note. For purposes hereof, yield is and shall be calculated on the basis of a 360-day year with interest compounded semi-annually. The yield on the Issuer Note, calculated in this manner by the Purchaser is 4.49841% percent.

15. No Other Issues. There are no obligations issued by the Issuer or any related party of the Issuer which (a) are sold at the same time as the Issuer Note (i.e., within 15 days of the date of sale of the Issuer Note), (b) are reasonably expected to be paid from the same source of funds as the Issuer Note, and (c) have been or will be sold pursuant to the same plan of financing as the Issuer Note.

16. No Other Sinking Funds. Other than the Debt Service Fund, there are no other funds or accounts comprised of investment property established by and on behalf of the Issuer (a) which are expected to be used, or expected to generate earnings to be used, to pay debt service on the Issuer Note, or which are reserved or pledged as collateral for payment of debt service on the Issuer Note and (b) for which there is reasonable assurance that amounts therein will be available to pay debt service on the Issuer Note if the Issuer encounters financial difficulties. There is no other fund established, or to be created or established, which would be treated as a sinking fund with respect to the Issuer Note.

17. Minor Portion. The Issuer expects that the “gross proceeds” of the Issuer Note, including all proceeds received with respect to the Issuer Note and all investment proceeds received on such amounts, and all other amounts pledged or anticipated to be used to pay principal of and interest on the Issuer Note, other than amounts representing a portion of the Bona Fide Portion of the Debt Service Fund, will be expended in accordance with paragraphs 5 and 10 above. To the extent that such amounts remain unexpended or are otherwise on hand following the periods set forth in paragraph 10 above exceeds the amount specified in this paragraph, the Issuer will invest such amounts, other than a “minor portion” in an amount not exceeding the lesser of 5 percent of the sale proceeds of the Issuer Note or \$100,000 in the aggregate, at a yield not materially higher than the yield on the Issuer Note.

18. Compliance with Rebate Requirements

(a) The Issuer has covenanted in the Loan Agreement that, unless the Issuer Note meets an exception to the rebate requirement, it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the Issuer Note, within the meaning of Section 148(f) of the Code, be rebated to the federal government. Specifically, the Issuer will (i) maintain separate records regarding the amount and timing of disbursements of proceeds of the Issuer Note, (ii) maintain records regarding the investment of the gross proceeds of the Issuer Note as may be required to calculate the amount earned on the investment of the gross proceeds

of the Issuer Note which are part of a reasonably required reserve or replacement fund separately from records of amounts in other funds or accounts maintained for the Issuer Note amounts on deposit in the funds and accounts of the Issuer allocable to other bond issues of the Issuer or moneys which do not represent gross proceeds of any obligation of the Issuer, (iii) calculate at such times as required by applicable Treasury Regulations, the rebatable amount earned from the investment of the gross proceeds of any obligation of the Issuer, (iv) calculate at such times as required by applicable Treasury Regulations, the rebatable amount earned from the investment of the gross proceeds of the Issuer Note which are part of a reasonably required reserve or replacement fund, and (v) pay, not less often than every fifth anniversary date of the delivery of the Issuer Note or on such other dates as permitted or required by applicable Treasury Regulations, all amounts required to be rebated and all penalties required to be paid to the federal government. The Issuer acknowledges that, for purposes of compliance with Section 148 of the Code, gross proceeds of the Issuer Note must be accounted for on the basis of a reasonable, consistently applied method of accounting, not employed in whole or in part as an artifice or device. The Issuer will employ rebate analysts, accountants or other persons with expertise in performing the rebate calculations as is necessary to insure compliance with the Section 148 of the Code. The Issuer will consult with Bond Counsel as is necessary to resolve the interpretive issues involved in complying with the rebate requirements of the Code. Further, the Issuer will not indirectly pay any amount otherwise payable to the federal government pursuant to the foregoing requirements to any person other than the federal government by entering into any investment arrangement with respect to the gross proceeds of the Issuer Note. In the event that the Issuer fails to comply with the rebate requirements of the Code, the Issuer agrees to take all steps available under the Code to bring the Issuer Note into compliance with the Code; such steps include paying any penalty, interest or other amounts which will allow the Issuer to return to compliance with the rebate requirements of the Code. If the Issuer is required to pay rebate or other amounts, such as penalties and interest, to the United States with respect to the Issuer Note pursuant to Section 148(f) of the Code in order to prevent the Issuer Note from constituting "arbitrage bonds" or being otherwise classified or treated such that interest on the Issuer Note would not be excludable from the gross income of the holders thereof for federal income tax purposes, the Issuer will timely make such payments from available funds of the Issuer and the Issuer reasonably expects that it will have the ability to make such payments from available funds of the Issuer in the event such payments become necessary. The undersigned reasonably expects that the Issuer will fulfill its covenants and representations in this regard.

(b) Six-Month Spending Exception to Rebate. Notwithstanding anything in Section 18 to the contrary, if all of the Gross Proceeds of the Issuer Note held in any fund or account (other than the Gross Proceeds held in a Bona Fide Debt Service Fund or any reasonably required reserve fund), including investment earnings received with respect to such Gross Proceeds but excluding investment earnings received with respect to such Gross Proceeds held in the Bona Fide Debt Service Fund, have been expended for the governmental purpose of the Issuer Note within six (6) months (or ninety-five percent (95%) within six (6) months and one hundred percent (100%) within one year) after the Issue Date, then the only Nonpurpose Investments to be taken into account in the calculation of the Rebate Amount are Nonpurpose Investments acquired with or allocated

to Gross Proceeds of the Issuer Note held in any reasonably required reserve fund and to any Gross Proceeds of the Issuer Note arising after such six (6) months which were not reasonably anticipated as of the Issue Date.

(c) Eighteen-Month Spending Exception to Rebate. The Issuer Note is treated as meeting the rebate requirement if Gross Proceeds of the Issuer Note qualify for the initial temporary period under Treasury Regulations §1.148-2(e)(2) and if the Gross Proceeds of the Issuer Note (other than the Gross Proceeds held in a Bona Fide Debt Service Fund or any reasonably required reserve fund and any Gross Proceeds of the Issuer Note arising after eighteen (18) months after the Issue Date which were not reasonably anticipated as of the Issue Date), including investment earnings received with respect to such Gross Proceeds but excluding investment earnings received with respect to such Gross Proceeds held in a debt service fund, have been expended for the governmental purpose of the Issuer Note in accordance with the following schedule measured from the Issue Date: (i) at least fifteen percent (15%) within six (6) months; (ii) at least sixty percent (60%) within twelve (12) months; and (iii) one hundred percent (100%) within eighteen (18) months; then the only Nonpurpose Investments to be taken into account in the calculation of the Rebate Amount with respect to the Issuer Note are Nonpurpose Investments acquired with or allocated to Gross Proceeds of the Issuer Note held in any reasonably required reserve fund (there are none with respect to the Issuer Note), and to any Gross Proceeds of the Issuer Note arising after such eighteen (18) months which were not reasonably anticipated as of the Issue Date. The spending requirement for the third spending period is nevertheless satisfied if the Reasonable Retainage is allocated to expenditures within thirty (30) months of the Issue Date.

(d) Two-Year Construction Bond Exception to Rebate. (i) The Issuer Note is treated as meeting the rebate requirement if Available Construction Proceeds of the Issuer Note are allocated to expenditures for governmental purposes of the issue in accordance with the following schedule, measured from the Issue Date: (i) ten percent (10%) within six (6) months; (ii) forty-five percent (45%) within twelve (12) months; (iii) seventy-five percent (75%) within eighteen (18) months; and (iv) one hundred percent (100%) within twenty-four (24) months. The two-year construction bond exception to rebate is deemed satisfied if the unexpended amount does not exceed the lesser of three percent (3%) of the Issue Price of the Issuer Note or \$250,000. The fourth spending requirement is considered satisfied if the unexpended amount is attributable to a Reasonable Retainage and if such amount is allocated to expenditures within three (3) years of the Issue Date. Expenditures for the governmental purpose of an issue include payments for interest, but not principal, on the issue, and for principal or interest on another issue of obligations, unless those payments cause the issue to be a refunding issue. For purposes of determining compliance with the spending requirements as of the close of each of the first three (3) spending periods, Available Construction Proceeds include the amount of future earnings that the Issuer reasonably expected as of the Issue Date of the Issuer Note. The spending requirement with respect to the fourth and final spending period is measured by reference to actual earnings.

1. In the event the Issuer fails to expend the Available Construction Proceeds in accordance with the schedule set forth in Section 18(d) above, unless an

election has been made to pay the one and one half percent (1½%) penalty and/or the three percent (3%) penalty, all Gross Proceeds of the Issuer Note, not otherwise exempted from the calculation of the Rebate Amount, will be taken into account in the calculation of the Rebate Amount starting from the Issue Date. If an election has been made to bifurcate the issue into a Construction Issue and a non-Construction Issue, the two (2) portions will be treated as separate issues for purposes of computing the Rebate Amount as provided in Section 5.2 hereof. An issue may not be bifurcated into a Construction Issue and an issue which satisfies the eighteen month spending exception to rebate. In addition, an issue may not be bifurcated to include construction expenditures in the non-Construction Issue. An issue which comprises both refunding bonds and new money bonds is considered to be bifurcated by operation of law.

2. In connection with the two-year construction bond exception to rebate, the Issuer hereby makes the following elections: (a) the Issuer reasonably expects that at least seventy-five percent (75%) of the Available Construction Proceeds will be applied in respect of construction expenditures for property which is owned by a Governmental Unit or a Tax-Exempt Organization; (b) the Issuer does not elect to bifurcate the Issuer Note into a Construction Issue and a non-Construction Issue; (c) the Issuer does not elect to pay the one and one-half percent (1½%) penalty or the three percent (3%) penalty at the close of each semi-annual spending period in respect of which the spending requirement has not been satisfied; (d) the Issuer does not elect to include in the two-year expenditure requirement investment earnings on any reserve fund as there is no such reserve fund with respect to the Issuer Note; (e) the Issuer elects to include in Available Construction Proceeds the amount of earnings reasonably expected as of the Issue Date of the Issuer Note to be received for the entire two-year period, for purpose of calculating whether the relevant semi-annual expenditure requirements have been satisfied; and (f) the Issuer elects to measure Available Construction Proceeds, for purposes of meeting the spending requirements for the first three spending periods set forth above, by reference to the amount of earnings the Issuer reasonably expects as of the Issue Date of the Issuer Note for the entire two-year spending period, in lieu of actual earnings and expected earnings as of the end of each spending period.

(e) The Issuer acknowledges that it may only avail itself of one of the exceptions to rebate set forth in Section 18(c) and 18(d) above.

19. Not a Refunding. No portion of the proceeds of the Issuer Note is expected to be used to pay any interest on or principal of any issue of governmental obligations other than the Issuer Note.

20. No Reimbursement. Except for certain preliminary expenditures, if any (as defined in Section 1.150-2(f)(2) of the Treasury Regulations) not exceeding 20 percent of the Issue Price of the Issuer Note, none of the proceeds of the Issuer Note will be allocated to, or otherwise used, to reimburse any expenditure paid, either actually or constructively, by the Issuer prior to the Issue Date.

21. Not a Hedge Bond. Not more than 50 percent of the proceeds of the Issuer Note will be invested in non-purpose investments (as defined in Section 148(f)(6)(A) of the Code)

having a substantially guaranteed yield for four years or more within the meaning of Section 149(g)(3)(A)(ii) of the Code, and the Issuer reasonably expects that at least 85 percent of the spendable proceeds of the Issuer Note will be used to carry out the governmental purposes of the Issuer Note within the three-year period beginning on the date the Issuer Note was issued.

22. No Change In Use. The Issuer does not expect to dispose of any portion of the Project related to the Issuer Note, or to change the use of the proceeds of the Issuer Note while the Issuer Note is outstanding.

23. No Abusive Arbitrage Device. The Issuer Note is not and will not be a part of an issue in which an abusive arbitrage device (as defined in Section 1.148-10(a) of the Treasury Regulations) is used. Without limiting the foregoing, the Issuer Note is not and will not be a part of a transaction or series of transactions that attempts to circumvent the provisions of Section 148 of the Code and the Treasury Regulations, by (i) enabling the Issuer to exploit the difference between tax-exempt and taxable interest rates to gain a material financial advantage, and (ii) increasing the burden on the market for tax-exempt obligations. In this regard, the Issuer issued the Issuer Note for the primary purpose of accomplishing the bona fide governmental purposes set forth in paragraph 3 of this Tax Certificate. Based on all the facts and circumstances, the Issuer has not issued the Issuer Note in an amount higher than is reasonably necessary to accomplish the governmental purposes of the Issuer Note, the Issuer has not issued the Issuer Note earlier than is reasonably necessary to accomplish the governmental purposes of the Issuer Note and the Issuer is not allowing the Issuer Note to remain outstanding longer than is reasonably necessary to accomplish the governmental purposes of the Issuer Note. The Issuer would have issued the Issuer Note regardless of any arbitrage benefit, which it may realize in connection with the Issuer Note. In fact, the Issuer reasonably expects that even if the Issuer Note was not tax-exempt and if market rates of interest on taxable and tax-exempt obligations were equal to each other and to the rates at which the Issuer Note are in fact now being issued, the Issuer would have issued the Issuer Note, notwithstanding the loss of any opportunity to borrow at lower tax-exempt rates and invest at higher taxable rates.

(a) No Impermissible Sinking Fund. No portion of the Issuer Note has a maturity determined primarily for the purpose of creating a sinking fund with respect to the Issuer Note the yield on which will be blended with the yield on the investment of other proceeds of the Issuer Note to reduce the negative arbitrage related to such investment.

(b) No Working Capital. Except for an amount that does not exceed 5 percent of the Sale Proceeds of the Issuer Note (and that is directly related to capital expenditures financed by the Issuer Note), the Issuer will only expend proceeds of the Issuer Note for (i) costs that would be chargeable to the capital accounts of the Project if the Issuer's income were subject to federal income taxation and (ii) interest on the Issuer Note in an amount that does not cause the aggregate amount of interest paid on the Issuer Note to exceed that amount of interest on the Issuer Note that is attributable to the period that commences on the date hereof and ends on the later of (A) the date that is three years from the issue date of the Issuer Note or (B) the date that is one year after the date on which the Project is placed in service.

(c) **No Conduit Loan.** No portion of the gross proceeds of the Issuer Note has been or will be used to acquire, finance or refinance a conduit loan.

24. Allocations and Accounting. The proceeds of the Issuer Note will be allocated to expenditures not later than 18 months after the later of the date the expenditure is made or the date the Project is placed in service, but in no event later than the date that is 60 days after the fifth anniversary of the date hereof or the retirement of the last Issuer Note, if earlier. The allocation of proceeds will be made by employing the direct-tracing method of accounting, unless the Issuer elects otherwise.

25. No Arbitrage. On the basis of the foregoing facts, estimates and circumstances, it is expected that the proceeds of the Issuer Note will not be used in a manner that would cause the Issuer Note to be an “arbitrage bond” within the meaning of Section 148 of the Code and the Treasury Regulations. To the best of the knowledge and belief of the undersigned, there are no other facts, estimates or circumstances that would materially change such expectations.

26. No Private Use, Payments or Loan Financing

(a) **General.** The Issuer reasonably expects, as of the date hereof, that no action or event during the entire stated term of the Issuer Note will cause either the “private business tests” or the “private loan financing test,” as such terms are defined in the Treasury Regulations, to be met.

(i) No portion of the proceeds of the Issuer Note will be used in a trade or business of a nongovernmental person. For purposes of determining use, the Issuer will apply rules set forth in applicable Treasury Regulations and Revenue Procedures promulgated by the Internal Revenue Service, including, among others, the following rules: (A) any activity carried on by a person other than a natural person or a state or local governmental unit will be treated as a trade or business of a nongovernmental person; (B) the use of all or any portion of the proceeds of the Issuer Note is treated as the direct use of proceeds; (C) a nongovernmental person will be treated as a private business user of proceeds of the Issuer Note as a result of ownership, actual or beneficial use of the proceeds pursuant to a lease, or a management or incentive payment contract, or certain other arrangements such as a take-or-pay or other output-type contract; and (D) the private business use test is met if a nongovernmental person has special legal entitlements to use directly or indirectly the proceeds of the Issuer Note.

(ii) The Issuer has not taken and will not take any deliberate action that would cause or permit the use of any portion of the proceeds of the Issuer Note to change such that such portion will be deemed to be used in the trade or business of a nongovernmental person for so long as any of the Issuer Note remain outstanding (or until an opinion of nationally recognized bond counsel is received to the effect that such change in use will not adversely affect the excludability from gross income for federal income tax purposes of interest payable on the Issuer Note). For this purpose any action within the control of the Issuer is treated as a deliberate action. A deliberate action occurs on the date the Issuer enters into

a binding contract with a nongovernmental person for use of the proceeds of the Issuer Note that is not subject to any material contingencies.

(iii) No portion of the proceeds of the Issuer Note will be directly or indirectly used to make or finance a loan to any person other than a state or local governmental unit.

(b) Dispositions of Personal Property in the Ordinary Course. Dispositions of personal property financed with any portion of the proceeds of the Issuer Note will occur in the ordinary course of an established governmental program and will satisfy the following requirements:

(i) The weighted average maturity of the portion of the Issuer Note financing personal property is not greater than 120 percent of the reasonably expected actual use of such personal property for governmental purposes;

(ii) The reasonably expected fair market value of such personal property on the date of disposition will not be greater than 25 percent of its cost;

(iii) Such personal property will no longer be suitable for its governmental purposes on the date of disposition; and

(iv) The Issuer is required to deposit amounts received from such disposition in a commingled fund with substantial tax or other governmental revenues and the Issuer reasonably expects to spend such amounts on governmental programs within 6 months from the date of commingling.

27. Weighted Average Maturity.
