Forest Hill has invited the Youth Council to join them at the First Annual Forest Hill Youth Summit to meet and greet with others. They can let us know if they can go.

2. Discussion and Planning Regarding the MYAC FY25 Initiative

Craig stated that he wants them to think about what they want included into the Reck Center that they want and get the plan going. The next meeting we will have a contractor that will help come up with the Concept Diagram and help come up with the budget to this project to help get a cost of the Project as well. Craig also explained they needed to come up with a reason and need for this Reck Center to present to the council for the City of Everman. This will also first be taken to the Planning and Zoning to rank the project as well. Craig presented the Advisory also with a piece of property that could be a very good spot for their idea for the Reck Center. This property is the old football field at the Clyde Pittman Park and is also owned by the city and would cost no money for this property to use for the Reck Center. The Advisory Board just discussed the different ideas for the rooms and layout of the Reck Center and what could be used for them but also keeping it multi-use for these rooms.

3. Discussion related to shirts for the Mayor's Youth Advisory Council Members

City Manager Craig Spencer has announced to the Advisory Council that he will be ordering shirts for them. The Advisory Council is all in agreement that the shirts should be blue with the City Seal on them. Craig will order the shirts and hoping they come in by the Summit.

4. DISCUSSION ITEMS

1. Staff Report - Fire Service Operations - Fire Chief Landon Whatley

Chief Landon Whatley came today to talk about the Fire Operations for the city. Landon had a PowerPoint showing them how they can become a firefighter. He also explained the difference in the city fire departments and what they require and how it may be different. Landon wanted to educate the commission on how they can become a firefighter and or EMT Paramedic which is required to be become a firefighter. Landon also explained that the EMT Paramedic class could come here at the school if they push for this to have at the school so that they can come out of high school as an EMT paramedic. This could be very beneficial. The problem they run into is finding a coordinator to run the program. He also explained the importance of the paramedics on the ambulance and what they can do. They do more than an emergency room on that ambulance. He wants them to know that becoming a firefighter/EMT will open so many doors for them in a career. The commission agrees that this should be talked about more at the school so that this Program could possibly come to the school for any students looking into these types of professions.

2. Staff Report - Financial Report February 2025

Craig did not present a report for this agenda item.

3. Forest Hill Mayor's Youth Advisory Summit

Craig stated that we had one come to the Summit which was Sierra Sibley. They had a great time, and they had cities like Burleson and Mansfield with their commission. They shared some things that they are working on and some things that they do. These commission's do orientations where they go out to the Fire Department, and they see how everything works. This is definitely something that the Commission would love to do. Also, Craig stated that they have talked about how the communication with the school and the city and that needs to be worked on. Craig has come up with the idea of coming up with a podcast. This would allow the information to get out to everyone and have certain guest appear on the show as well to help get the listeners. This podcast could be pushed out over all social media as well. This is also an avenue to some money and relationships with the podcast.

4. MYAC Initiative - Community Rec Center

Craig wants to keep this brief since Grossman will be here next week and he needs everyone to be here. Also, he needs them to put their mind to work on what their vision is on the Rec Center. Get their ideas together and bring all those ideas back next week to put a concept together for this Rec Center with Grossman. Also, he mentioned to also get prepared to present this to council.
