Message from the CRA Executive Director

Fiscal Year 2022-2023 encompasses October 1, 2022 through September 30, 2023.

We have emerged into a new day since Covid-19 put a standstill to our lives. New investors have discovered Flagler Beach and what we have to offer. They have taken the opportunity to invest in the CRA and bring forth changes that have made the Master Plan a realization and not just a vision.

Properties that collapsed during the pandemic continue to be redeveloped at a very fast pace. The Downtown CRA Master Plan and the vision of the community to bring a new high-end hotel to the downtown is now a reality. Mixed use buildings are being proposed throughout the District, older buildings have been purchased, and redevelopment of those properties are moving forward at a fast pace.

This year has been a profitable one for investors and the CRA alike. The Master Plan is becoming a huge reality, but there is still much more to do.

As your CRA Executive Director, I am committed to make the Plan a reality and serve the City of Flagler Beach Community Redevelopment Agency to the best of my ability.

HISTORY OF THE COMMUNITY REDEVELOPMENT AGENCY

In 1969, the Florida Legislature passed the Community Redevelopment Act as a means for local communities to conserve, rehabilitate, or redevelop an area that constitutes an economic and social liability, as a result of a decrease in the tax base. Through Ordinance 2002-12, the City Commission of Flagler Beach officially designated itself the Community Redevelopment Agency Board, pursuant to Section 163.387 of the Florida Statutes.

In 2006, after many Charrettes and public meetings, a Downtown Master Plan was adopted. This Plan addresses development codes that must be followed within the CRA boundaries to ensure that development meets the criteria in the Master Plan.

The core downtown area is generally described as bounded by North 9th Street on the north, South 9th Street on the south, Oceanshore Boulevard (SR A1A) on the east, and Flagler Avenue on the west. South of Moody Boulevard, the boundary is a perfect rectangle, but North of Moody Boulevard (SR 100) the boundary is uneven, stepping down from Flagler Avenue toward SR A1A. The area was selected for revitalization due to an inadequate street layout, shortage of parking, and general deterioration of structures.

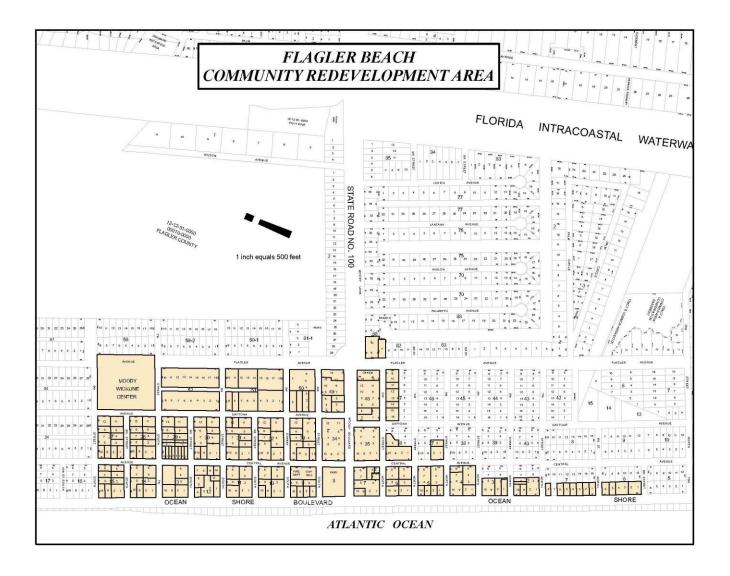

Over the years, the Community Redevelopment Plan has met many of its Goal and Objectives set to be completed between 2006 and 2012. Those Goals and Objectives have been revised as major initiatives have been completed. Phase I, II, and III of the Streetscape Improvements moved the utilities underground in the core downtown, sidewalks have been redone, streets have been repaved, stormwater systems have been constructed, and the number of parking spaces has increased through the purchase of vacant lots. Between 2012 and 2021, the Wickline Park has been upgraded with lighting and picnic tables, decorative street light posts have been added, and the number of wayfarer signs directing residents and tourists to downtown businesses has increased, to name just a few of the more recent improvements.

During the 2022-2023 Fiscal Year, the CRA implemented Phase I of the replacement of 30 year old decorative lights along A1A to match those installed in 2012. The total number of new poles and fixtures were 18. The next phases will be completed as revenues allow.

In addition, the Downtown Small and Large Redevelopment Grants have continued to be funded with large success.

CRA BOUNDARIES

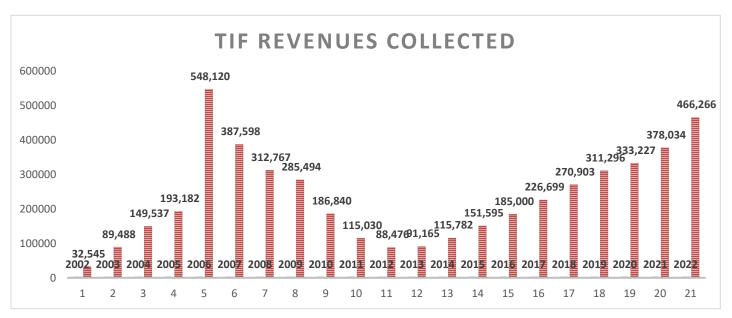

TAX INCREMENT FINANCING (TIF) AND TAXABLE PROPERTY VALUES HISTORY

The CRA is funded by **Tax Increment Financing (TIF)**, a unique tool that allows the City to leverage public funds to promote redevelopment improvements in the private sector. The dollar value of all real property within the Community Redevelopment Area is determined as of a fixed date, also known as the "frozen value." Flagler Beach's frozen property value, assessed in 2001, was \$24,154,210.

Frozen value revenues are available for General Government purposes. However, tax revenues from increases in real property value, that is, amounts above the frozen value, are referred to as "increment" revenue. Increment revenue is deposited in the CRA Trust Fund, which is dedicated to the redevelopment area.

The bar graph below depicts the highs and lows of the TIF over the past 20 years. The year 2006 marks the height of the real estate bubble. The inevitable burst of that bubble is reflected in the precipitous drop in 2008, with steady declines in the five years that followed. The last ten years; however, have seen a small but steady increase in the TIF.

Since its inception in 2002, all values assessed above \$24,154,210 are available to the CRA to fund projects and activities within the Goals and Objectives of the Master Plan.

The revenue streams continue to improve as more investment is brought in from the private sector. In addition, the CRA Grants Program continues to encourage properties to invest and improve the area.

FY 2022-2023 ACHIEVEMENTS

I. CAPITAL IMPROVEMENTS:

The CRA Board set aside \$212,000 to begin the replacement of the 30 year old street lights in the CRA. 18 poles and fixtures were replaced and an additional light fixture by Veterans Park was also installed. The funding was placed in the 5 year Capital Funding Program. The project is completed and future phases will be considered as funding allows.

Old Poles

New Poles

In addition, several smaller Capital improvements were accomplished during the year. The electrical panels in Veteran's Park were upgraded and replaced due to corrosion and age. Banners and arms were purchased and new trash cans were installed in several key areas of the CRA. In addition, a contractor was awarded a bid to repaint all of the 12+ year old decorative poles installed during Phase I of the Streetscaping in 2011 and that work will be completed in early January of 2024.

II. FIRST FRIDAY MUSIC IN THE PARK

On the evening of the First Friday of each month, the CRA hosts its "First Friday Music in the Park" event in Veterans Park, centrally located in our Downtown District. The event is always well attended and visitors are encouraged to visit our local shops and restaurants.

As they were created back in 2007, they are focused more on a gathering event to bring the community together and support the local businesses. This has been a huge success as it was in the past when the

The United States Navy Band

Holiday Celebration

CRA operated the event, and has continued the goals of the Downtown Master Plan to bring tourism and events downtown to support the businesses. This event is now operated by a private entity under contract with the City.

In addition, many other events took place at Veterans Park such as Starry Nights, Craft Shows, Art Shows, Chili Cook Offs, and many more.

These events have helped spur economic activity for the small businesses and continue to bring the downtown alive, prosperous, and a place where people can gather and enjoy all we have to offer.

III. NEW HOTEL

Left to right: Caryn Miller, CRA Executive Director, Mayor Suzie Johnston, owner Manoj Boohla, City Planner Larry Torino, Cristy Morris, VP of Operations Elite Hospitality, and Jeremy Bain, Welbro Building Corporation.

One of the largest accomplishments is the groundbreaking of a new high-end hotel in the center of the Downtown. This vision started many years ago with the Charrette and citizen involvement. The property is the same property that had the original Flagler Beach Hotel on it until it was demolished in the 1970's. The property was used as a Framers Market for many years before being sold and the new hotel proposed. Construction is expected to be completed in 18 months. The opening is targeted for early 2025.

IV. GRANTS

During FY 2022-2023 the CRA continued to fund the Small and Large Redevelopment Grants available to any business or residence within the CRA to improve the aesthetics of their properties, expand their businesses, etc.

These programs were very effective in the past and their implementation has made a big difference in many properties within the CRA. The programs meet the goals 3.2 and 3.2.1 of the Downtown Master Plan.

The Small Redevelopment Grant is tiered based on the property owners' investment with a maximum grant of \$5,000. These grants are geared toward façade improvements, repairs, painting, landscaping, and other smaller improvements geared to improve aesthetics.

The Large Redevelopment Grant is based on a private investment of \$100,000 or more and if awarded, the grant provides \$15,000 toward the improvements. These types of grants are more geared toward business expansion with large façade revitalization.

Small Grants were awarded as follows:

725 N. Oceanshore Blvd

804 S. Oceanshore Blvd.

608 S. Oceanshore Blvd.

111 S. 5th Street

401 N. Oceanshore Blvd.

These above listed properties invested \$156,827 of which, the CRA participated with a total of \$60,000 in Small Redevelopment Grant support. The pictures above represent some of the properties after the improvements took place.

Large grants were awarded as follows:

301 Moody Blvd. 509 N. Oceanshore Blvd

SunBros Café Next Door Beach Bistro

These above listed properties invested \$3,300,000 of which, the CRA participated with a total of \$30,000 in Large Redevelopment Grant support for façade and outside improvements that were eligible. The pictures above represent the two properties after the improvements took place.

V. NEW BUSINESSES

In FY 2022-2023 the CRA saw twenty nine (29) new businesses open.

Flagler Beach Villas, Hippo Roofing, Sally' Ice Cream (new owners), Salt Life Soft Wash LLC., Ocean Leak Detection, LLC., The Holly Way, Next Door Bistro, Javco Group LLC., Javco Roofing LLC., Craft Shaving, Maranatha Management, Weallsuc LLC., BBI Investment Company of Flagler Beach, Salt & Vine, Curb Appeal Company LLC., 1st Street Ice Cream, Adventure Popp, Angela Pascucci (body piercer),

Mental Health Club, Alliance Renewable Technologies, Brett R Berdoll LLC., Flagler Beach Coffee Company LLC., Flo Mortgage, Lion's Shar, The Carpenters Shop, WIN Mortgage LLC., Flagler Stoked LLC., Smart Tacos Publishing, Barnhills Café and Bar.

In addition, there were eight (8) new registered short term vacation rentals within the CRA boundaries.

LOOKING AHEAD

The financial condition of the CRA Trust Fund is improving and the Community Redevelopment Agency Board is concentrating on the feasibility of continuing the improvements in the CRA district. These improvements would focus on replacing more of the old decorative lights in the district, improve parking lots and streetscapes, and search for other opportunities to implement the Downtown Master Plan in future years and as the TIF increases.

Real estate values continue on the upswing and we are hoping this trend will continue. Staff will continue to implement and maintain the goals of the Downtown Master Plan as funding comes available during the budgeting process next year.

STAFF REPORT

Meeting Name: Community Redevelopment Agency Regular Meeting

Meeting Date: 03/28/2024

To: The CRA Board

From: Caryn Miller, CRA Executive Director

Date: 03/28/2024

Item Name: Approval Of Resolution 2024-11 Moving Legislative Non Allowed Expenses to a New

Line Item General Ledger Category.

Background: At the 12/24/2023 Regular CRA meeting, Ms. Miller reported the CRA budget needs to be amended. She spoke of a list that states that approximately \$79,000 will have to come out of the CRA budget and be funded by the General Fund since the CRA cannot fund those items. This Resolution is necessary to move those maintenance related expenses from the 2023-2024 budget and allocate those dollars into a new line item. The Line Item is #101-5391-606301 called Improvements-Non Capital.

The total amount to be transferred is \$79,902.00 and the attached Resolution shows the breakdown of the changes.

From: Caryn Miller, CRA Executive Director

Date: 03/28/2024

Item Name: Approval of Resolution 2024-13 for the Purchase and Installation of New Decorative

Fixtures and Arms.

Background: This Resolution is necessary to allow for the purchase and installation of four (4) new decorative fixtures and arms to replace those that were destroyed during Matthew. These fixtures are provided by a sole source provider, the Veazey Group. They are the only ones who are allowed to sell the King Luminaire products in the area. Staff also received an installation estimate from the same company that recently installed the new poles and fixtures for budgeting purposes at this time. Staff will follow procurement policy as we move forward with the project and get a second quote at that time.

The cost of each assembly is \$2,533.70 for a total cost of \$10,134.80. Installation is estimated at \$3,500. Lead time on the fixtures is 14 to 16 weeks.

The locations where they will be installed are: S. 3rd Street close to A1A, S. 3rd Street by City Hall parking lot, corner SR 100 and Daytona, and S. 3rd Street corner of Central Avenue.

Fiscal Impact: None

Staff Recommendation: Approval

Attachments: Resolution 2024-13 and quotes for purchase.

STAFF REPORT

Community Redevelopment Agency Regular Meeting

March 28, 2024

To: CRA Executive Board

From: Dale L. Martin, City Manager

Date: March 28, 2024

Item Name: Proposal for Downtown Playbook Participation

Background: A goal that presented to Ms. Caryn Miller, CRA Executive Director, was the pursuit of the City's participation with Main Street America. Main Street America, according to its web site, "leads an inclusive, impact-driven movement dedicated to reenergizing and strengthening older and historic downtowns and neighborhood commercial districts nationwide. program." Unfortunately, due to application requirements, it was not possible to actively pursue participation this year.

The Downtown Playbook appears to be a short-term alternative to Main Street America. Following completion of an online survey, Commissioner Rick Belhumeur was invited to participate in a remote interview for which I joined him. The Downtown Playbook consultants described the three "pillars" of their program: local ownership, aesthetics, and social engagement. Following the discussion, the consultants extended a formal invitation to the City of Flagler Beach.

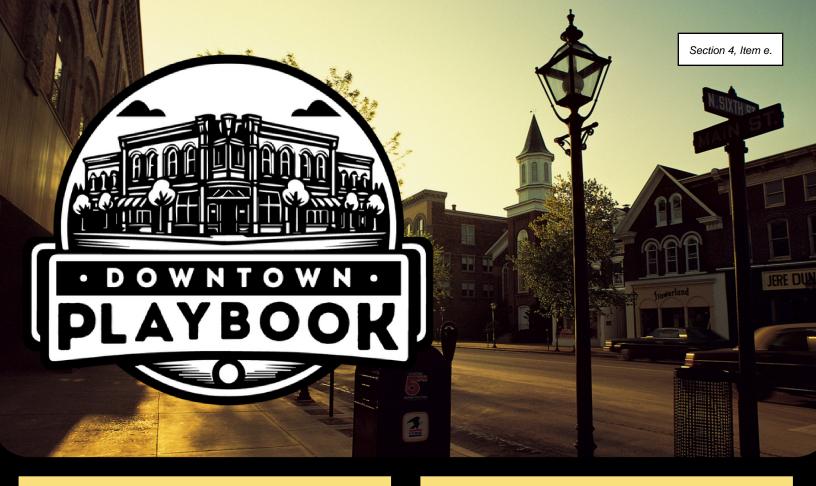

The program is a one-year effort to engage and excite local leaders (government and business) about opportunities. Given the dated nature of the City's the 2002 Community Redevelopment Plan, 2003 downtown charette, and the 2006 Downtown Master Plan, the Downtown Playbook program may be a tool to reinvigorate the community as Flagler Beach enters its second hundred years.

Commissioner Belhumeur may have additional comments.

Fiscal Impact: The fee for participation in the Downtown Playbook program is \$20,000. Funding for the program will be drawn from the Community Redevelopment Agency Fund, Line 101.5391.303100 (Professional Services). The current balance on that line is only \$10,000, necessitating a transfer of \$10,000 within the Community Redevelopment Agency Fund from Line 101.000.271000 (Fund Balance- Undesignated) to Line 101.5391.303100 (Professional Services), as permitted by the City Municipal Code Sec 2-168 (Transfer of Funds by City Manager).

Staff Recommendation: Staff recommends approval of City of Flagler Beach participation in the Downtown Playbook program and authorization for the City Manager and Community Redevelopment Director to coordinate the effort.

Attachment: Downtown Playbook summary

OVERVIEW

The Downtown Playbook is a civic improvement tool and service geared towards communities ready to move beyond public input and comprehensive planning. With the Downtown Playbook, you'll focus on to the day-to-day actions required to get things done and make meaningful progress in your community.

METHOD

Instead of spending significant amounts of time and money on determining what residents want, the Downtown Playbook focuses on iteratively improving existing conditions in a manner that is visible, tangible, and measurable. Small wins will build community excitement and momentum to achieve greater projects in the future.

YOUR COACHES

Jeff Siegler is an author, speaker, elected official, and consultant concerned with the powerful role "place" plays in our lives. He is the founder of the civic pride consulting firm, Revitalize, or Die and co-founder of the organization Proud Places. Jeff has a Master's in Urban Planning and has 10+ years experience as a Main Street Manager. His first book, "Your City is Sick" was published in September of 2023.

Justin Copenhaver is the founder and CEO of Urality, a web-based smart city platform for community engagement, planning, and economic development. Justin has 20+ years experience as a software developer and will bring his technical knowledge to help communities capture, record, and measure their progress with the Downtown Playbook.

THE THREE PILLARS OF THE DOWNTOWN PLAY

Section 4, Item e.

LOCAL OWNERSHIP

Fostering the next generation of local owners by focusing on policies that promote local ownership as well as educating future developers. Key focus areas are examining the current construction process and encouraging property owners to meet local property standards.

AESTHETICS

Making your place beautiful, from basics such as planting flowers and pulling weeds, to design and buildout of pedestrian-friendly spaces, as well as promoting ordinances that promote a healthy public realm for residents.

SOCIAL OPPORTUNITY

Expanding social opportunities for all demographics in the community, from clubs to intramurals, to activating public space with programming that gets more residents involved and into the community.

THE DOWNTOWN PLAYBOOK PROCESS

We will work virtually with your community to create a Playbook implementation team. Once the team is formed, the coaches will schedule an on-site kickoff. During this visit, the team will be versed in their responsibilities of executing the program, tracking progress, building a following, and celebrating success. Following the visit, your team will be responsible for creating baseline measurements, establishing a Playbook calendar, and publicly launching the program in your community. The team will be provided with regular progress updates and is required to conduct a monthly check-in call with the coaches.

PRICING

The Downtown Playbook is a year-long commitment to relentless incremental improvement, increasing civic pride, raising community self-esteem, and developing a new community narrative.

The total cost of the Downtown Playbook is \$20000. Included in the cost is:

- An on-site two day community visit to meet with stakeholders, tour the downtown/district, train the Playbook Team, and officially launch the campaign.
- Monthly Zoom check-ins with the coaches and Playbook Team to assess progress, discuss opportunities, and troubleshoot roadblocks.
- 1 year access to Unified by Urality, used for data collection and management, public input and collaboration, and promoting your endeavors within the community.
- Unlimited phone and email support from your coaches.
