**Background/History:**

During the October 3, 2022 meeting, the City Council adopted a moratorium on blood plasma centers due to the concern regarding the potential negative effects such centers might have on local neighborhoods. This arose in part due to an inquiry the City received from a potential developer of such a center and the fact that the City does not currently have any regulations controlling such centers.

The language of the moratorium provides for an appeal and/or exemption from the moratorium if the applicant can show that its proposed use would be in compliance with the anticipated changes the City might adopt.
