PUBLIC COMMENTS: (All Speakers will have 3 Minutes)

There were 3 public speakers:

Carl Evans- noted that there is still a problem with the phones and staff have started working on the issue, but they should never have changed the phone system. He noted that they are not staffed properly at the recreation center to handle all the phone calls in the city. He noted that he is having problems getting through to the home program and that no one picks up the phone. He noted it does not make sense that you must get 2 quotes, whether it is electrical, HVAC, or roofing but you only have one contractor down for doing the work. He noted the tree roots on some streets are 4 to 6 inches high and you must get in the opposite lane to keep from hitting them. He noted there are several streets with holes that are not being fixed but they can pave the driveway by Pizza Hut which makes no sense.

Mr. Holtzclaw- noted there was a sign put up at 730 Scott Road in April. He noted that the lady at that address thought the city was trying to take her property, but he assured her that was not so. He noted he went to the Community and Development Department and was told everything he needed to know was on the sign, but finally received a letter the day before the meeting. He noted that on April 13th, a group of people came out and parked at 730 Scott Road and 0 Scott Road. He noted they picked the sign up from 730 Scott Road and put it at 0 Scott Road. He asked if the development department could change the zoning from single-family to something else without any of them knowing about it.

LaWanda Folami- introduced the 2024 Junior Varsity Volleyball Champions of Forest Park Recreation and Leisure Center. She noted for the last 20 years she has been sponsoring banquets for the City of Forest Park. She noted that the girls were scholars, and she holds them to a standard. They must maintain an A or B average to play sports. She said they needed something in the budget to salute these children when they accomplish such goals.

CITY MANAGER'S REPORT:

City Manager, Ricky Clark – noted he would like to apologize to Mr. Carl if he called the office and could not get an answer. He noted the team will look into what happened. He noted there was a change with the phone system because the residents were calling, and you could not find out where they were going. He gave an update on the Home Program, noting nothing is perfect but they have used several medians to communicate with the residents in each ward and contractors all over. He noted the program was authored and funded by the governing body totaling 1.2 million dollars. They received over 200 applications but there is a process for verification and eligibility. He noted these are not the City of Forest Park dollars, but a federally funded program. He noted there are a total of 9 different contractors, and over 8,000 postcards were mailed to inform the community about this program. He noted they saved 250 thousand dollars by doing this program in-house. He stated he is proud of Ms. Warrior and the Council Aides for their help with this program.

Pauline Warrior, Senior Management Analyst – thanked the participating residents. She noted they have worked feverishly to bring a program with integrity, and that they can be proud of. She stated everything that is done, is done with the residents in mind. She noted they have nine qualified contractors, and they went through a studious process to protect the residents of Forest Park. She stated everything they do is done with transparency and integrity, and if there are any questions she is always available and happy to answer them.

Mr. Clark noted the Wage and Compensation Study is underway and the results will be back in late August. He noted they will do an end-of-the-year 4th quarter retreat, where they can go into detail. He noted the operational audit for each department that comprises the executive team is complete, and there is some preliminary work to do before it is presented. Mr. Clark showcased the finished headshots done by the PIO Department and finished by introducing the new employees to the City of Forest Park.

Councilmember James asked for a point of order. She noted that she had questions about the regular minutes draft. She wanted to go table them because they did not contain the governing body's closing comments.

Danielle Matricardi noted there should be a motion to reconsider, and since the vote was unanimous any member can make the motion.

There was a motion to reconsider the meetings from May 20, 2024.

Motion made by Councilmember James, Seconded by Councilmember Antoine.
