PUBLIC COMMENTS: (All Speakers will have 3 Minutes)

OLD BUSINESS:

NEW BUSINESS:

2. **Consideration of design review for a proposed new construction single-family home at 4593 Ernest Dr., Parcel# 13048A C029.**

Background/History:

The applicant is requesting approval of the design for a new 1500 sq ft, three (3) bedroom / (2) bathroom, wood frame, single-family home located at 4593 Ernest Dr. The home will be built on concrete footings, with smooth masonry walls and two (2) parking spaces at the rear of the building. The site is currently vacant with approximately .24 acres of land.

Director Nicole Dozier - presented the staff report and noted that the proposed project is compatible with the City of Forest Park's requirements and will not have an adverse effect on the surrounding community. Staff recommends that the UDRB approve the proposed project with the condition that the applicant must obtain a variance to exceed the maximum lot coverage of 30%.

It was moved to approve the design with the stated condition.

Motion made by Yahya Hassan, Seconded by Yoni Cortez. Motion carried.
