PUBLIC COMMENTS: (All Speakers will have 3 Minutes)

John Randle – noted that on February 2nd, he will be having a birthday party consisting of pop fireworks. He noted he had read the city ordinance and had spoken with the governor about the law. He noted the state law deadline is 10:30 p.m., but he will obey the city ordinance of 9:30 p.m. He thanked Chief Criss because his officers did a fantastic job helping the public when they were distressed. He noted they did a great job when the family did a welfare check on him. Mr. Randle wanted to inform the Mayor that an investigator will be coming to City Hall to speak with someone about the incident from April 15, 2023, for violating his Civil Rights.

Mrs. Empress- thanked the ones who took the time to give her advice over the weekend. She wants the city to put up a 1-800 number for people to call, and report things. She noted her poppa lost his life when driving to work by a fallen tree. This is near and dear to her and her family.

Ms. Wright – noted she has been in her home since 1997, and her street has never been fully paved; it is only patched. She asked if, of the 68 percent that is left, they would please consider Lee Circle. She noted that the streetlight that has been blinking for about three (3) weeks is annoying. Lastly, she noted information needs to be able to get out to the citizens. Things are going on in the community that some people know nothing about. She noted she knows what is happening through Facebook, but not everyone is computer literate.

Zack Parker - noted he is glad some people have had a favorable experience with the officials, but he is here to continue speaking for those who have not. He noted he spoke at the last meeting, including the Mayor, the City Council, and the City Manager. He noted several sessions of the code have been broken, and they seem to think it is amusing. He noted that in 2023, all the Council Meetings were not had, and they still have not refrained from having side discussions while conducting the meetings. He noted the third thing is they continued to make rude comments toward one another. Mr. Parker noted the Council and the Mayor embarrassed themselves, and the city for not knowing an extension of Public Comments must be put to the vote and won by a majority to be allowed to occur. He noted they all have their own section in the Code of Forest Park.

Mr. Parker noted Ward 1 Councilmember stated you all do not kick the can; you crush it. He noted, as usual, that there were snarky comments and no substance or action at all. He noted his questions are still going unanswered. He noted there are codes in place so that no favoritism or retaliation occurs. He noted the code is for all and to be followed by all. He noted as they continue to kick the can, he will continue to come and remind them and the audience of this governing body's ways. He noted he is leaving them a copy of Title I and Title II of the Code of Forest Park.

CITY MANAGER'S REPORT:

City Manager, Ricky Clark- noted that a lot has been completed in a short amount of time. He noted since being the City Manager, he has made it a priority to reinforce the notion while serving the constituents that it is all about trust. He highlighted Pauline Warrior, Senior Analyst, and the Council Aides on the work that has been done with the Home Repair Program. He noted there are 151 applicants, and 87 have already submitted their pre-qualification status. He noted that the Code Enforcement Department has begun implementing the City's strategic Beautification Plan to beautify neighborhoods and commercial districts. He thanked the governing body and the city for trusting him to lead it to its next greatest height. He gave an overview of the progress and events from 2023.

Mr. Clark noted the Main Streetscape Project has been completed. He noted the Starr Park renovation is moving forward, and they plan to move the amphitheater to the side field and out of the park to allow enterprising. He noted the sign project for \$296,000.00 has been completed. He spoke about the City Center, the pool facility, and the Public Safety building at Gillum. He noted there is an open supervisory position with the Beautification Committee. He noted some projects for townhomes and restaurants are about to launch north of Main Street, and a presentation will be presented in the next 30 days. He noted he is proud of the men and women of the police department and how they ensured all the departments were locked down during the active shooter event. He encouraged everyone to use the One-Click app to report what they see in the city.

He noted he did not understand the issue with Mr. Parker but would like to email him or something to address it. Councilmember Gutierrez noted he did not know what they were doing wrong but would like to get some feedback and change whatever needs to be changed. He noted he would like to revisit the conversation about tree removal.

Councilmember Akins-Wells- noted some of the things Mr. Parker stated she agreed with, like having side conversations. However, she does not think any elected official knows all the Ordinances. She noted that they refer to the attorney to look it up when something comes up. She noted that she relates to Ms. Empress on the tree issues and lost a relative to one. She thinks they need to address the trees on city property. She noted that they will ask the community to let them know because they cannot see everything. Councilmember Akins-Wells stated Mr. Clark noted having the information on the streetlights and the paving and would look into it.

She noted that at Lee Circle, they are trying to get the Willie Finch Community Garden together, and the Public Works Department did an amazing job on the new Gazebo. She noted they will put garden beds out there, and she will get with Councilmember James and Gutierrez once the fence goes up. She would like a few high school students to add a splash of paint to it. She noted she spoke with Mrs. Adams, and she shared some beautiful pictures of corridors with her and asked that she share them to see what can be done on Main Street and Forest Parkway. Councilmember Akins-Wells thinks they should start listening to the community and some things as simple as flowers, that could make a huge difference. She noted Wellness with Wells is still every Tuesday, and she wanted the council to know a resident approached her and asked if it could be extended. She noted the job fair is January 24th from 10:00 a.m. to 2:00 p.m. at 696 Main Street, and they have a total of 15 companies that will participate.
