Environmental Insurance Policy Renewal:

Mike Williams, City Attorney, explained that the city's brokers submitted our renewal package for coverage to six different companies and got responses from three. Of the top two Environmental Insurance companies to respond, Beazley is being recommended. Beazley's cost is \$250,000 less than the expiring policy we have now.

Mike Williams and Guliano Apadula, who joined the meeting to answer any questions anyone may have about the policy, pointed out that the BRACK rules say that we could potentially be responsible for certain things, but that this new policy will kick in to cover expenses that the army fails to respond to or is delayed in responding to.

Steve Bernard said that decisions like these are huge decisions to make and the board should not be asked to vote without first having time to properly review the information or see a presentation of the information. Chairwoman, Angelyne Butler agreed that these decisions should not be entered into lightly but, mentioned that regular attendance at the meetings and reviewing the materials that are sent to the board members prior to the meeting would help in ensuring that everyone is making informed decisions. She said that everyone can do better by coming to the meetings, reviewing material presented and making sure that information is shared in a timely fashion.

Ms. Jackson shared that the Atlanta Food Coalition provides a service to its members whereby they pay an annual fee into the association and in return are part of their advertising and promotion campaigns. Ms. Jackson says that Franks & White are working on getting the permit for the City of Forest Park and the goal is to have the Atlanta Food Coalition send out a variety of food trucks to Ft. Gillem every day.

MARTA has engaged the services of Georgia Commute who has done similar work in other areas, to do some surveying, and act as a liaison between MARTA and the City of Forest Park.

Franks & White just had some meetings with Ft. Gillem's four major tenants- Kroger, Home Depot Supply, Kalera, and Cummings, to discuss the strategies to collect data for the report we will need to produce for MARTA by the end of August.
