## CITY COUNCIL WORK SESSION 6:00 PM

### A) CALL MEETING TO ORDER

### B) ITEMS FOR DISCUSSION

#### 1. **Poudre Fire Authority Intergovernmental Agreement and Annual Report.**

The purpose of this item is to provide Council and the Poudre Valley Fire Protection District Board with a review of the 2023 Poudre Fire Authority Annual Report. Additionally, staff will provide an update on the joint work currently in process by the City and Poudre Fire Authority staff to revise the existing Intergovernmental Agreement between the City and the Poudre Valley Fire Protection District.

#### 2. **Building Performance Standards.**

The purpose of this item is to bring City Council recommendations derived from the Building Performance Standards (BPS) policy development process. Staff will also highlight how BPS, as a regulatory lever, is a key part of a larger strategy to reduce climate pollution and air pollution. From the start, staff have partnered with community contributors who helped provide a full consideration of local circumstances and conditions, sharing feedback that accounts for lived experiences in our community. Input from affected groups shaped the policy recommendations that will be outlined in this Work Session and associated materials. BPS policy work aligns with the 2024-2026 adopted council priorities and the Our Climate Future (OCF) plan; specifically, the goal of an 80% greenhouse gas emission reduction by 2030 and Big Move 6: Efficient, Emissions Free Buildings.

#### 3. **Community Capital Improvement (CCIP) Program and Street Maintenance 1/4-cent Tax Renewals.**

The purpose of this item is to update the full Council on Council Finance Committee and other discussions and progress related to the renewal of both the Street Maintenance and the Community Capital taxes.
