This budget request was not funded in the 2023-2024 Adopted Budget since the election results of the 2022 City-Initiated Charter Amendment No. 1 (Council Compensation) ballot initiative would not be known until after first reading of the City's annual appropriation ordinance for 2023. The initiative was approved by Fort Collins voters and this action is to appropriate the increased spending in the General Fund to implement the ballot initiative for the salary increases in 2024.

The Amendment to the Original Easement (the "Amended Easement") will modify the legal description and revise language pertaining to access rights. The Agreement was approved by Council by Resolution on December 7, 2021. This trail spur is identified in the South College Corridor Subarea Plan as “City built and maintained.” The easement for the future trail spur was secured during the development review process of the Fort Collins Nissan-Kia project. Per the South College Avenue Access Control Plan, this trail is of regional significance and the Developer agreed to contribute their proportional share of the public access trail project in the amount of \$35,000. The Developer was required to provide the funds prior to issuance of the project’s first building permit. The design and construction date of the future trail spur at this time is unknown.

The property affected by this Resolution is the Thompson Thrift Spaulding Addition Annexation. Colorado Revised Statutes Section 32-1-502 requires an order of exclusion from the District Court to remove the annexed property from special district territories. The property has been receiving fire protection services from the Poudre Fire Authority and will continue to do so. Greeley owns Milton Seaman Reservoir on the North Fork of the Poudre River (“North Fork”), downstream of the Halligan Project. Greeley is undergoing a time sensitive capital infrastructure replacement project for the release gate on their reservoir. Fort Collins desires that the new release gate also be able to bypass and account for Halligan Project releases. In addition, Greeley anticipates that there may be water quality impacts caused by certain operational changes due to the Halligan Project. The Cities are working collaboratively on these issues.

Under the Proposed Agreement, the Cities would collaboratively study and do design work. The Cities would:

- retain AECOM as a consultant for Phase 1 (Analysis and Preliminary Design) to perform a jointly agreed upon scope of work (release gate design and water quality identification and mitigation);
- agree to use the results of Phase 1 to develop a plan for Phase 2 (Implementation); and
- agree to a 50/50 cost share for Phase 1, \$553,490 (Fort Collins’ obligation \$276,745).

Fort Collins staff’s analyses indicate that the Proposed Agreement is beneficial to the City and the Halligan Project. An anticipated subsequent agreement on Phase 2 would be brought to Council.
