## CITY COUNCIL WORK SESSION 6:00 PM

### A) CALL MEETING TO ORDER

### B) ITEMS FOR DISCUSSION

#### 1. Fort Collins Connexion Update

The purpose of this item is to provide Council and the public a general update on the Connexion broadband service and rollout.

#### 2. North College Projects.

North College has been the subject of focus and planning for the past 30 years. After 30 years of intentional planning and investment, the North College corridor has accomplished many of the goals articulated in City plans and policy documents. This AIS provides a brief history of planning in the corridor, what current projects are underway, and what the future holds for the North College corridor. While we have accomplished much, many of the desires for the corridor exist in tension with one another. Some of these tensions include:

- Affordability vs. desire for redevelopment and infrastructure investment vs. conservation.
- Desire for more amenities in the corridor vs. retaining the existing character of the neighborhood.
- Safe, comfortable, and accessible mobility options vs. fast vehicular movement through the corridor.

#### 3. Land Use Code Changes to Address Xeriscape for New Developments and Soil Amendment for New and Existing Developments.

The purpose of this item is to provide an overview of the current state of landscapes and irrigation in Fort Collins, and to present four code change opportunities that promote climate-appropriate landscapes and use of soil amendment.
