## **EXHIBIT A**

## Sec. 6-7. Leak Adjustment Policy; Leak Protection Program.

- (a) Leak Adjustment Policy. The city's Leak Adjustment Policy for adjusting utility bills for water leaks is set forth in this subsection. Customers who are eligible for the Leak Protection Program described in subsection (b) hereafter shall not be eligible for relief under this Leak Adjustment Policy.
  - (1) Application for adjustment. Water service leak adjustments may be granted once every four (4) years. Applications for leak adjustments shall be submitted to the director of finance utilizing city-approved forms. To be eligible for relief, the customer must submit the application within forty-five (45) days of the billing date for the monthly billing period for which the relief is sought. The application will require that the customer submit documentation showing that: (i) there was a leak, (ii) the leak has been repaired, and (iii) the leak was not caused by the gross negligence of the customer, including, but not limited to, allowing the pipes or water meter to freeze. Examples of evidence that a leak was repaired may include a plumber or handyman invoice, proof of parts purchased, before and after photos, or other written explanations. The director of finance or the city administrator shall decide whether an application may be granted.
  - (2) Calculation of adjustment. The leak adjustment shall be calculated in the following manner:
    - (i) Determine the average water consumption of the most recent twelve (12) months that reflect normal usage. If a customer has owned or leased the property for less than twelve (12) months, annual consumption for this calculation will be the greater of thirtyeight thousand (38,000) gallons or actual metered consumption from the date the customer acquired title or commenced leasing the property.
    - (ii) Determine the estimated leak volume by subtracting the average water consumption from the total water consumption of the current billing period.
    - (iii) Multiply the estimate leak volume by fifty percent (50%).
    - (iv) Add the reduced estimated leak (step iii) to the average consumption (step 1) to determine the leak-adjusted amount of water.

Standard water rates apply to the leak-adjusted consumption.

- (3) Additional adjustments. For multi-tenant commercial properties or multifamily units, the city administrator may grant one (1) additional leak adjustment within a four-year period preceding the date of an application for relief, provided the leak did not occur in a separately metered unit owned or occupied by a person or persons who were given relief during the four-year period preceding the application for a leak adjustment. Additional leak adjustments may be approved by the mayor and city council on a case-by-case basis. A leak adjustment shall only apply to the bill for one (1) billing cycle. The leak adjustment applies to the water and sewer charges for that particular billing cycle.
- (b) Leak Protection Program. The city may establish a Leak Protection Program by contracting with companies in the business of providing indemnification to customers who have experienced water leaks. Customers eligible for the Leak Protection Program shall be automatically enrolled in it. All customers will be notified of the leak protection program with their utility bill prior to implementation of the program. The monthly fee for participation in the Leak Protection Program shall be set forth in the City's Schedule of Municipal fees and the fee will be separately listed on the monthly utility service bill. Customers may opt out of the Leak Protection Program. Such customers shall remain ineligible for relief under the Leak Adjustment Policy.

Extensions of time shall be limited to the amount of time reasonably required to address such matters.

- i. - k. Complaints or inquiries alleging violations of minimum property standards must be filed in writing or by e-mail and addressed or delivered to the Department of Community Development, in which case an inspection will be undertaken using the standard process for routine inspections, beginning with notice to the owner or owner's agent. The Rental Housing Officer or inspector shall provide a copy of the results of any inspection to the person filing the complaint upon the complainant's request. The office of the Rental Housing Officer will advise the owner or owner's agent about said complaint or report and any findings no later than the next calendar day following the Rental Housing Officer's or inspector's visit, or immediately upon a finding of imminent danger. Interior unit inspections where health or safety deficiencies are alleged will be made only in the presence of and with the express permission of the complaining tenant, except that if the Rental Housing Officer or inspector finds conditions that may endanger the public or represent imminent danger the Rental Housing Officer or inspector shall take all measures necessary to protect the public safety.

Re: Letter of Intent ("LOI") for the Development of the Approximately One (1) Acre Parcel of Land Bounded by Center Street, Alley 33, Oak Street, and American Avenue in The City of Frostburg (the "Property").

### Dear Mayor and City Council:

Allegany Group is pleased to offer this LOI for its development of a mixed commercial and residential use structure at the Property (the "Project"). This LOI outlines the principal terms, conditions, and contingencies upon which Allegany Group may acquire and develop the Property (the "Transaction"). On the basis of the understanding contained in this LOI, we expect that we will work to evaluate the Transaction and determine whether we can proceed to the negotiation and execution of a definitive agreement ("Definitive Agreement") for the consummation of the Transaction.

The City and Allegany Group shall negotiate the terms of a Definitive Agreement in good faith. If a Definitive Agreement is not entered into within one hundred twenty (120) days of the date of this LOI, this LOI shall be null and void and of no further force and effect. Except as provided hereinafter, Allegany Group shall have the exclusive right to negotiate for the acquisition of the Property during this one hundred twenty (120) – day period.

Our proposals for the development of the Property and the terms to be included in a Definitive Agreement are:

- 1. **Project.** The Project shall include the construction of a multi-story building (the "Building") on the Property that will include a mix of commercial and residential units. The first floor of the structure will consist entirely of commercial uses. Other floors shall include residential units. Residential leases shall be for terms of no less than one (1) calendar year.
- 2. **RFP.** Allegany Group received and reviewed the Request for Proposals dated Oct 2021 issued by the City for the development of the Project. The terms of the Definitive Agreement shall be consistent with the RFP except to the extent this LOI provides otherwise. In such instances, the terms of this LOI shall take precedence.
- 3. <u>Assignees.</u> The Definitive Agreement shall include a provision allowing Allegany Group to assign it to a third-party assignee acceptable to the City. The City may reject potential assignees for good cause. Good cause includes, but is

not limited to, inadequate qualifications, lack of experience, insufficient financial resources, insufficient equipment and personnel, and inadequate experience with projects similar to the Project. If Allegany Group wishes to assign the Definitive Agreement to a corporation or limited liability company controlled by the principals in Allegany Group, it may do so if the City is satisfied that Allegany Group's principals own a controlling interest in the assignee.

- **4. Purchase Price.** The purchase price for the Property shall be One Dollar (\$1.00).
- 5. Study/Due Diligence Period. Allegany Group may perform such due diligence as it reasonably deems necessary to proceed with the Transaction during the 120-day period following the effective date of the Definitive Agreement (the "Due Diligence Period"). If at any time during the Due Diligence Period Allegany Group no longer wishes to proceed with the Project, it shall promptly provide written notice to the City, and the Definitive Agreement shall be void except with respect to those provisions that survive its termination and/or expiration, it being understood that some of the terms of the Definitive Agreement shall survive the closing of the Transaction (the "Closing"). Allegany Group shall provide the City with copies of all reports and studies prepared by third parties in connection with Allegany Group's due diligence, without regard to whether they were prepared during the Due Diligence Period. The obligation to produce reports and studies shall survive the expiration or termination of this LOI and/or the Definitive Agreement.
- **Contingencies.** The Definitive Agreement shall provide that Closing is contingent upon the following.
  - (a) Allegany Group's acquisition of financing in an amount that is sufficient to enable it to complete the Project;
  - (b) Allegany Group's procurement of adequate parking; and
  - (c) Such other contingencies as Allegany Group's lender or the parties may require.
- **Governmental Approvals.** The Developer shall be responsible for acquiring all governmental approvals required by the City Code and other applicable law for the construction and operation of the Project, including, but not limited to, the issuance of a building permit, occupancy permits, zoning approval and City of Frostburg Planning Commission approval.
- **Closing.** Closing shall take place no later than sixty (60) days after the expiration of the Due Diligence Period.

117

- 10. <u>Commissions</u>. In the event any realtor's or real estate brokers' commissions or other sums are payable to third parties in connection with the acquisition of the Property, they shall be paid by the party that hired the realtor/real estate broker.
- 11. <u>Timeline</u>. The Definitive Agreement shall include benchmarks for the performance of the work to be performed by Allegany Group. It will provide that the deed effecting the conveyance of the Property to Allegany Group will include benchmarks with rights of reverter providing that the title to the Property will revert to the City if the benchmarks are not met. It is understood that Allegany Group will be obtaining financing to complete the Project and that the lender will require certain accommodations to ensure that its interests are protected. The Definitive Agreement will include a provision requiring the City to give the lender notice of any defaults and the opportunity to cure them before exercising its right of reverter.
- Notice of Abandonment. In the event Allegany Group decides not to proceed with the Project, it shall provide immediate written notification of that decision to the City. Upon the issuance of the written notification, this LOI and the Definitive Agreement, if it has been executed, shall be null and void and of no further force and effect except for the terms of the Definitive Agreement that survive Closing. Upon the provision of such notice, the City shall be entitled to deal with the Property as though this LOI and the Definitive Agreement, if applicable, had never been executed.
- 13. <u>Maryland Law Applies</u>. This LOI shall be governed and construed according to the laws of the State of Maryland without regard to principles of conflict of laws. It shall be enforceable exclusively by means of an action commenced and maintained in the Circuit Court for Allegany County, Maryland or the District Court of Maryland for Allegany County, and both parties waive the right to claim that such a proceeding is commenced in an inconvenient forum or one that lacks proper venue.
- 14. <u>Signing by Electronic Means</u>. Each of the parties hereto expressly authorizes and agrees to sign electronically transmitted copies or counterparts of this LOI. Once said electronically transmitted signed copies or counterparts are executed by each of the parties hereto, they shall have the same binding effect as would a signed original LOI. Copies and counterparts transmitted by facsimile transmission are not acceptable.

Please note your agreement to the terms set forth herein by executing this LOI where indicated hereafter.

118

Very truly yours.

### **Fees**

See the following cost forms that highlight SBC's cost proposal to the City.

### **Hourly Rate**

See SBC's hourly rates below that we would bill the Authorities for services outside of the scope of work if requested. These rates may be discounted based on the nature and timing of additional services.

Personnel	Hourly Rate
Partner	\$300
Manager	200
Supervisor	175
Staff	145

# **Fee Philosophy**

Our practice in billing clients is to live by the fee commitment we make to a client, even if our estimate of the time to complete the engagement is incorrect. If we incur additional time for additional services that are not part of the original scope of services, we will discuss the services with you in advance along with our estimate of the fees to be incurred. We will not bill for normal issues that may come up in an audit, adoption of new standards, or year-round meetings and consultation. This practice ensures there are no surprise bills.

All of SBC's personnel are client serving. There are no national office charges that are layered on top of the revenue needed to support the local office. Members of national offices are typically the most expensive personnel and do not interact with clients. This means that this cost is allocated to the local offices to pass on to their respective clients. Additionally, national offices have other charges (litigation, insurance, etc.) that are borne out of non-public sector practices (i.e., SEC practice) that are allocated across the entire firm. As a result, it is not uncommon to have a national office incur from 30% up to 50% of the fees charged to a local client. Clients can pay up to twice as much for items that do not directly benefit them when working with national offices. By having 100% client service offices and partners, SBC reduces the need to have this overhead charge and can pass the savings along to you.
