Subject: Site Plan Review –Addition

Location: 920 Delta Avenue

Applicant: Durward & Debra Chase

Zoning: B-2 Commercial

Owner: Durward & Debra Chase

Dear Planning Commission Members:

This site plan review process is triggered because of a change in footprint in the B-2 District.

The applicant above is proposing to remove an old garage and add a 12’ wide X 24’ long addition to be utilized for storage. This new addition will also have a back entrance for the business and allow for additional parking in the back.

Any development or change in footprint in a B-2 Commercial zoning area requires a site plan review per section 30-509 Site Plan Review of the code. The purpose of the site plan review is to determine if this change in use will be approved and to determine if the proposal will have any adverse effects upon adjoining residents or owners and try to address those effects if possible.

 The City of Gladstone is an equal opportunity employer and provider.

References and resources that were considered regarding this site plan propose include:

Staff Report/Fact Finding Results

A. Proposed Use and Zoning: The site is zoned B-2 Business/Commercial District and the use is consistent with the zoning district.

B. Lot Area Requirements: The minimum lot size in B-2 is 0 square feet and the minimum lot width is 0'. There is a maximum ground coverage ratio of 60% in B-2, the front setback in B-2 is 20', side setbacks are 0', the rear setback is 10' and the height limit is 40'. The site reduces the build footprint of the property and the setbacks have been met.

C. Off Street Parking: Off street parking requirements were not reviewed as the footprint has decreased and the new footprint creates additional parking.

D. Other: Signs: Any signs permitted in the B-2 district shall comply with section 30-601 and will be considered for approval by the Zoning Administrator.

SUMMARY AND RECOMMENDATION

Staff recommendation is for approval of the zoning use as submitted.
