AGENDA DATE:	11/19/2025		
AGENDA SUBJECT:	Discussion, consideration and possible action regarding recommendations for amending Division 14.02-2 District Regulations related to lot sizes for 700 sq ft of less dwellings		
PREPARED BY:	P&Z Chairperson Pam Streeter	DATE SUBMITTED:	10/20/25
EXHIBITS:			
BUDGETARY IMPACT:	Required Expenditure:		\$00.00
	Amount Budgeted:		\$00.00
	Appropriation Required:		\$00.00
CITY ADMINISTRATOR APPROVAL:			
SUMMARY:			
RECOMMENDED ACTION:	Move to approve or deny as presented.		

1. General compliance with district regulations. The regulations established by this article within each zoning district shall be minimum regulations and apply uniformly to each class and kind of structure or land, and in accordance with the following:
 1. Conformity with district required. No building, structure or land shall hereafter be used or occupied, and no building or structure or part thereof shall hereafter be erected, reconstructed, enlarged or structurally altered except in conformity with all of the regulations herein specified for the zoning district in which it is located.
 2. Height and lot coverage to conform with district regulations. No building or other structure shall hereafter be erected, reconstructed, enlarged or structurally altered to exceed the height or to occupy a greater percentage of the lot area which is prescribed for the district in which it is located.
 3. Height and area exceptions. The regulations contained herein relating to the height of buildings or structures and the size of yards and other open spaces shall be subject to the following exceptions:
 - A. Chimneys, noncommercial television receiving antennas and satellite dishes as part of a residential development or use are hereby exempted from the height regulations as established herein.
 - B. Church steeples or spires, belfries, cupolas, cooling towers, tanks, water towers, microwave radio and television relay or broadcasting towers, masts or aerials and necessary mechanical appurtenances are hereby excepted from the height regulations as established herein; provided, a specific use permit or variance is granted when the maximum height allowed in the zoning district is exceeded.
 - C. When a lot has an area less than the minimum number of square feet, lot width or lot depth as required for the district in which it is located, and was of record as such at the time of the passage of this article, the lot may be continued to be occupied or used and nothing herein shall prohibit the erection of a single-family dwelling. However, no building or structure shall be erected, reconstructed, enlarged or structurally altered on the nonconforming lot unless a variance has been granted to do so.
 - D. An open, uncovered porch or paved terrace may project into a required front, back or side yard setback for a distance of not more than 10 feet, but shall not be interpreted to include or permit fixed canopies.
 4. Yards to conform with district regulations. No building or other structure shall have narrower or smaller rear yards, front yards, side yards or other open spaces than herein required or in any other manner be contrary to the provisions of these regulations unless existing at the time of passage of this article, in which case they shall not be further reduced in size without a variance.
 5. No yard or other integral component required for any building shall be counted twice. No part of a yard or other open space, off-street parking or loading space required in connection with any building for the purpose of complying with these zoning regulations shall be included as a part of a yard, open space, off-street parking or loading space similarly required for any other building.
 6. Visibility at intersections required. On a corner lot, nothing shall be erected, placed, planted or allowed to grow in such a manner as materially to impede vision between a height of 2-1/2 feet to 10 feet above ground level measured from 30 feet from the corner intersection.
 7. Access to structures. Every building hereafter erected or moved shall be on a lot adjacent to a public street, or with access to an approved private street; and all structures shall be so located on lots as to provide safe and convenient access for servicing, fire protection and required off-street parking.
 8. Refuse containers prohibited in front or side yard of business. Refuse containers or dumpsters shall not be located in the front or side yard of any business establishment or property zoned for commercial or industrial use. This restriction shall not apply in cases where compliance would cause the containers to be inaccessible to refuse collection vehicles. For the purposes of this restriction, the city administrator shall determine after reasonable investigation whether the container is so accessible or not.
 9. Number of dwellings per lot restricted. No more than one dwelling shall be permitted on any lot of record which is zoned as an R-1 district and on any lot in the MH district subdivided for a single manufactured home. Single dwelling and duplex cabins, triplex and fourplex cabins are allowed in the R-2m District. R-4 and B-1 Districts may have multiple dwellings of any configuration.
2. Schedule of district regulations.
 1. Regulations. The following table of district regulations is hereby adopted and shall be considered as part of each applicable zoning district regulation as hereafter described in this article:

 **Pertains to individually owned mobile home lots.

2. Notes.

- A. The minimum lot area for the R-2 and R-2m districts is 6,600 square feet for a single-family unit, 7,500 square feet for a two-family unit. R-2m district allows additional units and requires 3000 square feet for each unit in excess of two.
- B. The minimum lot area for the R-3 district is 6,600 square feet for a single-family unit, 7,500 square feet for a two-family unit and 1,500 square feet for each additional unit in excess of 2.
 - i. For mobile home lots which are individually owned, the minimum lot area shall be 6,000 square feet when a public sewer system is available. When septic tanks are used, the square footage of the lot area shall be the size specified by the state agency that monitors wastewater systems.
 - ii. For mobile home parks, the minimum lot area shall be at least 3 times larger than the mobile home to be placed thereon and in no event less than 3,000 square feet in area when a public sewer system serves the park. Where no public sewer system is available and septic tanks are used for sewerage disposal, the minimum lot area shall be the size specified by the state agency that monitors wastewater systems.
- C. No front yard or setback is required, except where a lot adjoins a residential district or lot, in which the front yard in the commercial district shall be provided for a distance of not less than 25 feet from the boundary of the residential district or lot.
- D. No side yard shall be required, except that a side yard of not less than 6 feet in width shall be provided on the side of a lot adjoining a residential district.
- E. No rear yard required, except that a rear yard of not less than 15 feet in depth shall be provided upon that portion of a lot abutting upon a residential district or lot.
- F. The minimum living area per unit shall be 500 square feet for an efficiency, 650 square feet for 1 bedroom, 800 square feet for 2 bedrooms, and 900 square feet for a 3 bedrooms. However, the average living area for all units within a building must be a minimum of 800 square feet.
- G. Where irregularly shaped lots occur on curves on a street and in cul-de-sacs, the minimum lot width requirement shall be based not on any one measurement, but on the average lot width. That portion of such a lot fronting a street must have a minimum width of thirty five (35').
- H. When the total square foot of living area is equal to or less than 800sqft, the minimum lot area (sqft) shall be at least 2500sqft. A specific use permit will be required with all plats and must conform to the following:
 - i. Front setback must be a minimum of 25 feet from all public rights-of-way.
 - ii. Side setbacks must be a minimum of 7ft.
 - iii. The maximum lot coverage remains at 40%.
 - iv. This applies to single dwelling only, not applicable to duplexes or other attached multi-family dwelling. All other requirements per the table above are in effect.

RESOLUTION NO. 2025-R-14

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GLEN ROSE, TEXAS, EXPRESSING FORMAL OPPOSITION TO ONCOR ELECTRIC DELIVERY COMPANY LLC'S PROPOSED DINOSAUR-LONGSHORE 765 KV TRANSMISSION LINE PROJECT ROUTE THAT WOULD IMPACT DINOSAUR VALLEY STATE PARK, AGRICULTURAL LAND, AND THE LOCAL ECONOMY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Glen Rose is a General Law Type A municipality located in Somervell County, Texas, and is committed to preserving the natural, historical, and economic resources of the community; and

WHEREAS, Oncor Electric Delivery Company LLC has proposed the construction of a 765 kilovolt (kV) transmission line from the proposed Dinosaur Switch, located approximately three miles north of Glen Rose, to the Longshore Switch in Howard County, Texas; and

WHEREAS, the proposed route includes segments that would run along the property line of Dinosaur Valley State Park, a nationally recognized natural and historical treasure and a cornerstone of Glen Rose's tourism economy, attracting over 250,000 visitors annually; and

WHEREAS, the presence of high-voltage transmission lines at the park's entrance would irreparably alter its scenic and historic character, diminishing its appeal and negatively impacting tourism and local businesses; and

WHEREAS, the proposed project also threatens the Paluxy Valley's multi-generational family farms, heritage landscapes, and productive agricultural lands, which are vital to the rural identity and economic sustainability of the region; and

WHEREAS, the City of Glen Rose recognizes the importance of reliable electric infrastructure but believes that such progress should not come at the cost of irreplaceable environmental, cultural, and economic assets; and

WHEREAS, the City supports the identification and adoption of an alternative route that avoids Dinosaur Valley State Park, private homesteads, and agricultural lands;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GLEN ROSE, TEXAS, THAT:

1. The City of Glen Rose formally and publicly opposes the proposed route of Oncor's Dinosaur-Longshore 765 kV Transmission Line Project that would traverse Dinosaur Valley State Park and surrounding agricultural and residential areas.
2. The City urges Oncor and the Public Utility Commission of Texas to consider and adopt an alternative route that preserves the integrity of the park, protects private property, and sustains the local economy.
3. The City Council directs the Mayor and City Administrator to communicate this resolution to Oncor, the Public Utility Commission of Texas, and other relevant stakeholders.

4. This resolution shall take effect immediately upon its adoption.

PUBLIC WORKS REPORT

Jim Holder, Director

Public Works Director Report

November 2025

Demand- average daily demand was 514,000 Gallons per Day (G.P.D.)

Total Monthly Production – 15,924,000 gallons

- **TxDOT- Safe Routes to School/Transportation Alternatives Project**

The project is considered substantially complete. TxDOT put a hold on construction of the ramp at the corner of Hereford Street/S.W. Barnard Street. I have been told by the contractor that the engineer is redesigning the sidewalk ramp. *I was able to meet with Noel Spaar (TxDOT Engineer) on site at the intersection of S.W. Barnard/Hereford Street to discuss various alternatives to design a sidewalk ramp without relocating the massive TNMP pole. Not only is the new pole in the way but the guy wires are a problem as well. I think we have come up with a couple of options that may work. TxDOT has agreed to send out a surveyor to identify the edge of Right-of-Way to confirm the amount of space there is to work with.*

- **Texas Community Development Block Grant (TxCDBG) Project**

This grant was applied for back in January of 2023 through Public Management, Inc. (Jake McAdams). The CDBG is administered by the Texas Department of Agriculture. The city was awarded \$500,000 to be utilized on drainage, and street improvements, specifically on the south side of the Paluxy River. The CDBG requires a \$25,000 match from local funds. The project scope will include re-construction of a portion of Clay Street, Webster Street, and Third Street, complete with new curb and gutter. City Council approved ML Contracting as the contractor for the CDBG Street Improvements Project. Freeman-Millican, Inc. will be preparing the Notice of Award letter, as well as the Contract Documents. A pre-construction meeting was completed on April 24th. The project bid amount is much lower than originally what was anticipated. This allows the city to increase the scope of work in the area that has been environmentally cleared. The mobilization of equipment and materials has been postponed until the additional work is reviewed and approved by the Texas Department of Agriculture. The TDA approved the additional work on July 22, 2025. The associated construction and engineering change orders have also been approved. The contractor's surveyors have staked the right-of-way. Third, Clay, and Webster Streets have been milled and dry cement has been blended into the existing base and subgrade. The required compaction tests have been completed. *The construction of concrete curb and gutter is nearing completion. Next, the driveway approaches will be constructed. Weather permitting the pavement will be completed by January.*

- **Well Site No.2 Pump Station Improvements**

Enprotec/Hibbs & Todd have begun the design work for the pump station improvements at Well Site No.2. The improvements will allow continuous use of the groundwater well enabling the system to be much more reliable. Also, upon project completion, this project will allow operators to fill the standpipe at Well Site No.4 (Bryan Street) from two different groundwater sources, in the event of a well failure, or if a ground storage tank is taken out of service. I met with the electrical engineers at Well Site 2, on Monday August 5th, to discuss proposed pump types, locations, and options for upgrading the electrical service to comply with the existing codes. A lot of things have changed since 1954, when the original water well was drilled. Now would be a great time to bring everything into compliance, not just the new equipment. This will increase the project cost. A geotechnical investigation was recently started at the jobsite. The field work was completed in late February. We are expecting the written report with conclusions and recommendations of the investigation. **The engineers submitted the plans and specifications to TCEQ for review and possible comments on August 20th. The TCEQ review process usually takes up to 60 days.**

- **TWDB EDAP Grant @ GR Wastewater Treatment Facility**

The TWDB has reviewed and approved the last phase of improvements to be completed at the wastewater treatment plant. The project is currently being advertised for bid acceptance, scheduled for opening on January 16th. Bids were opened and read aloud at City Hall on Thursday January 30th. The lowest apparent bidder was A&V Water at \$664,181.93. Once eHT have completed their review of the references provided by the contractor, a recommendation of award letter will be provided to the city, along with the bid tabulation. Currently, we are waiting for the bonds from the contractor. The contract documents have been executed. **A preconstruction meeting was completed on April 30th. A Notice to Proceed letter has been issued to A&V Water. A & V Water began construction the week of July 7-11.**

- **N.E. Barnard Street Sidewalk Project**

P.E. Carlos Aguilar from Freeman-Millican, Inc. provided a contract for engineering services for the N.E. Barnard Street sidewalk project (Grace St. to Big Rocks Park). The contract has since been executed, and the project area has been surveyed by Freeman-Millican, Inc. on May 7th-8th. I met with Carlos Aguilar on Wednesday, July 17th to discuss the sidewalk plans that were provided. Sidewalk easements will be needed for several properties. The easement surveys, and exhibits have been completed by Freeman Millican, Inc. The easement documents have been completed by the attorney, and are ready to be presented

to the property owners. Once the property owners have signed the agreements, the documents will be filed with Somervell County. The job will then be advertised for bid acceptance. This project has been awarded to ML Contracting. A Notice of Award letter has been issued, and the contract documents have been executed. All of the needed sidewalk easements have been obtained. The contractor began construction the week of July 7. The handrailing has been constructed and installed at the two drainage crossings. The cleanup, backfill, sodding has been completed. **The engineer is working with TxDOT to resolve a possible Change-Order to eliminate additional concrete curb near the east end of the project. TxDOT has approved and permitted the construction of 5 additional concrete driveway approaches along the N.E. Barnard Street sidewalk project. The additional work will improve the project and still remain within the original budget.**

- **Glen Hotel Project**

A walk through of the existing building was performed by Bureau Veritas on Oct.13th. The primary goal of the inspection was to formulate a solid plan for fire safety. Because this building is a historic building there are some different rules that apply. Once the Fire Marshall is comfortable and in agreement with a construction plan, the architect will incorporate any changes into the construction drawings and resubmit for plan review.

City of Glen Rose -Council Meeting Agenda

Subject: Departmental Improvement Proposal – Building Inspection, Planning, Code Enforcement, and Animal Control.

Presented by: David Lebron II

Date: 12/04/2025

Location: Glen Rose City Hall, Council Chambers

Purpose of Presentation

- To propose strategic improvements to enhance efficiency, compliance, and public service in the Building Inspections, Planning, Code Enforcement, and Animal Control departments.

Departmental Overview

- Building Inspections – Report.
- Code Enforcement – Report.
- Animal Control – Report.

Identified Challenges Update

- Currently working to improve software capabilities.
- Beginning cross-training staff, allowing additional training opportunities and implementing SOPs.
- Updating website information.
- Public education and transparency still needed.

Working Improvements

- Technology & Efficiency – Implement digital permitting and shared GIS tools.
- Staffing & Training – Add/cross-train inspectors, provide ICC and TML certifications.
- Public Service & Communication – Launch departmental webpage, public meetings.
- Infrastructure & Equipment – Upgrade vehicles, tools, and animal control facilities.

**CONVENTION AND VISITORS BUREAU REPORT
TEX TOLER, CVB DIRECTOR**

CVB UPDATE FOR NOVEMBER 2025

Prep and management of Hometown Christmas event.

- Promoted Hometown Christmas event on Newsworthy podcast
- Promoted Hometown Christmas on social media, which got huge plays and shares.
- Produced new radio ads for the event, which will run through the end of December
- Revised radio market to expand reach for overnight stays
- Sought bid to refresh billboard at 67 and Barnard

Presented the debut of the new ExploreGlenRose.com website to the CVB Advisory Committee at the meeting on 12/2/25.

- Obtained and have secured all legal rights to ExploreGlenRose.com and will migrate the disparate entities to the one URL across all platforms.
- New Website will launch this week, as "construction" continues on a daily basis. Considerable amount of updated information, editing and confirmation for all of the attractions, businesses, descriptions, etc. Even as I write this, new businesses have moved into buildings on the square, and others are near opening.
- Existing website is 8 pages, and the new website is 15 +. We are adding pages for local industry-only, linking to city website, Texas Film Friendly, Texas Music Friendly, providing a photo library to the city, chamber and others for use,
- Produced branding and logo use stylebook to keep our brand and image strong and consistent.

Contracted with new social media influencer with 30,000 followers.

- In town here Dec. 6/7.
- Set up itinerary of targeted sights

Attended Commissioners Court meeting on ONCOR Transmission Lines.

- Provided visitor and tourism statistics for talking points and advocacy for media
- Personally purchased \$100 of signs and distributed free to interested parties

Discussions with ITLA to retain Championship Show in 2026 and potentially beyond.

Working with Expo to navigate the loss of events due to the equine virus.

Seeking a source to refresh our Glen Rose map.

Now that a single source is secured (ExploreGlenRose.com) we can begin printing our brochures and rack cards with consistent response mechanisms, branding imagery and calls to action.

Pearl Martin has moved into the front of the 100 Barnard St. Building and manages the visitors' center.

We are in the process of producing new sandwich board signage, banners, and a miscellaneous family of promo materials consistent with our new branding.

Traci is coordinating the Bandwango contests for our 90 dinosaurs, which will not only promote this asset and attract interest, but also collect the demographic data to help our marketing decisions.

- Setting up Constant Contact so that we have an e-newsletter ability to reach visitors, and/or alert them of upcoming events and points of interest in hopes of return visits.
- Coordinating the Christmas Market on the Square
- Working with Merchants
