2. Riverfest 2024

Discussion of the 2024 Riverfest Music Festival. It was said that the Music is the "Art" of the festival and that whatever art is added shouldn't take away from the promotion of the Music at the Festival. For example, last year's art was sculptures of musicians, which didn't distract from the Festival. Whatever art is chosen should be something that can enhance and not distract from the Festival. The goal, even with having art downtown during the Event is to add as much without taking away from the Festival itself. The Commission asked MacRostie Program Manager Emily Carlson to check to see if the MacRostie has any ideas.

UPDATES:

3. NW Neighborhood Art Project/Park Design

City Administrator Tom Pagel met with the Blandin Foundation, Community Development Director Rob Mattei and Civic Center Manager/Director of Parks and Recreation Dale Anderson regarding a Legion Park Master Plan. Due to the development of a Legion Park Master Plan, City Administrator Tom Pagel asked the Commission if they wanted to consider putting the NW Neighborhood Art Project on pause or move to another location. The Commission agreed to pause the NW Neighborhood Art Project and decided to move their focus to the Crystal Lake Fishing Pier Park in the NE Neighborhood.

Motion made by Commissioner Squadroni, Seconded by Commissioner Zabinski to instruct City Administrator Tom Pagel and MacRostie Project Manager Emily Carlson to communicate with the three NW Neighborhood Artists at \$500 each to create an art concept for the NE Neighborhood Art Project at the Crystal Lake Fishing Pier, to be presented in April. 3A. Blandin Mural Update
