Some typical cases that he investigates are those that involve such things as; service animals, a wide range of ADA, FHA and HUD enforcements, to name just a few. Investigations are not easy and they take time to resolve. Part of his job is also outreach like this meeting to the Human Rights Commission.

Summary Description of Goals and Activities

Improve Human Rights Awareness

City of Grand Rapids Rules, Division 6 Section 2-301 states that the Commission will take positive measures to disseminate the nondiscriminatory policies of the city with respect to all unfair discriminatory practices by conducting public information meetings. During 2022, the Commission will appoint a work group to develop a plan and conduct one or more activities to improve human rights awareness in the city. Consideration of ways to promote human rights awareness may include improvements to the Human Rights Commission page on the city’s website, updating or developing and distributing new brochures, literature, or pamphlets that create awareness and promote better understanding of human rights with city staff and the broader community, sponsoring speakers or informational and educational events or contests, and promoting Human Rights Day on December 10, 2022. The Commission will also identify other areas in which there is need for making citizens, businesses, organizations, city staff, and institutions aware of human rights concerns and requirements.

New Commissioner On-boarding:

Human Rights commissioner terms are for three years. Commissioner terms may be renewed with city council appointment, and normal turnover typically results in one to three new commissioners being appointed each year. To effectively fulfill their roles, commissioners should be knowledgeable about federal and state human rights laws, city ordinances regarding the human rights commission, and human rights commission bylaws. Newly appointed commissioners should also be aware of past actions and activities of the Grand Rapids Human Rights Commission as well as city council positions and needs related to human rights. The Commission intends to develop a plan and program that would inform newly appointed commissioners, as well as continuing commissioners, of their responsibilities, duties, city policies and relevant administrative procedures, and other aspects. This on-boarding process is to be discussed with a plan and materials developed during 2021 for implementation with newly-appointment commissioners.

Commissioner Training and Education

Actions or decisions by the Grand Rapids Human Rights Commission to provide freedom from discrimination requires knowledge about the types of prohibited discrimination and ways in which these types of discrimination may occur in employment, housing, real property, public accommodations, public services, education, and unfounded charges (City of Grand Rapids Rules, Division 6 Sec 2-301). The Commission plans to identify and act to identify and support commissioner training opportunities and activities in calendar year 2022. This may include approaches such as outside speakers, presentation or event sponsorship, community meetings, interviews, identifying and sharing of pertinent new articles or reports, and/or in other ways. Commissioner training and education would be an ongoing objective and activity.

Support Juneteenth Day Event

The Commission intends to recognize *Freedom Day*, June 19th, which includes recognizing freedoms in our nation and community including human rights, civil rights, and freedom of discrimination and creating public awareness of these rights through assisting street-side setting of street banners recognizing these freedoms, posting of United States flags, and co-issuing news media information.

Gather and Evaluate Demographic Data

The Grand Rapids Human Rights Commission strives to identify human rights issues of greatest concern in the city, and to develop and implement activities to make improvements in the areas of greatest concern. Achieving this goal requires demographic data about the city population. To gather such data the Commission desires to identify data needs and data sources, analyze the data, and from the data analysis develop plans for Commission activities in the community or recommend city policies to address, mitigate or alleviate those human rights concerns or issues. The Commission intends to review 2020 census data to inform changes in priorities, activities, and recommendations in the city.

Review human rights educational opportunities with schools

Schools in Grand Rapids contain their own sets of human rights concerns and opportunities. The Commission intends to explore and begin discussions with the schools in Grand Rapids to look into such possibilities as improving student experiences and understanding of diverse cultures possibly through programs such as pen pal programs with students in other countries, sponsoring an education Summit focused on human rights, or conducting a Human Rights Day event with local school. When an appropriate event is identified, the Commission expects to support such event.

Indigenous People’s Day

The Commission was an important factor in establishment of Indigenous People’s Day in Grand Rapids and has continued as a key factor in conducting and sponsoring the annual event as part of creating cultural awareness in the local community. This role is planned to continue in 2022, including establishing a Human Rights Commission Indigenous People’s Day committee to collaborate with other community groups to plan, identify a theme, organize, and conduct an Indigenous People’s Day program and activities.

Human Rights Awareness Events - Human Rights Day (December 10)

To improve awareness of human rights in the city, the Commission plans to discuss and review ways to improve awareness of human rights in the city. Committee work is expected to include approaches such as conducting community conversations, identifying ways to tie human rights awareness with the local schools, arranging and sponsoring topical speakers, and/or other means of fostering human rights awareness preferably in collaboration with other groups or entities.

Notes:

During the year, adjustments may be made to reflect changes in costs, changes in priorities, changes in format or delivery methods, or identification of human rights concerns that were not identified in compiling the preceding list but which the Commission feels need to be addressed. Examples include:
