

GRAND RAPIDS PUBLIC UTILITIES COMMISSION REGULAR WORK SESSION MEETING AGENDA

Wednesday, November 22, 2023 8:00 AM

CALL TO ORDER: Pursuant to due notice and call thereof, a Special Meeting of the Grand Rapids Public Utilities Commission will be held on Wednesday, November 22, 2023 at 8:00 AM in the conference room of the Public Works/Public Utilities Service Center at 500 SE 4th Street, Grand Rapids, Minnesota.

CALL OF ROLL:

BUSINESS:

- 1. Consider a motion to approve \$2,707,665.24 verified claims for October and November 2023.
- 2. Consider a motion to approve the 2024 GRPUC Regular Work Session and Regular Meeting dates and times and provide notice of a proposed amendment to the bylaws.
- 3. Review 2024 Proposed Operations and Capital Budgets

ADJOURNMENT:

The next Special meeting is scheduled for Wednesday, December 13, 2023 at 2:30 PM in the conference room of the Public Works/Public Utilities Service Center at 500 SE 4th Street.

The next Regular Meeting of the Commission is scheduled for Wednesday, December 13, 2023 at 4:00 PM in the conference room of the Public Works/Public Utilities Service Center at 500 SE 4th Street.

The GRPUC has adopted a Meeting Protocol Policy, which informs attendees of the GRPUC's desire to conduct meetings in an orderly manner which welcomes all civil input from interested parties. If you are unaware of the policy, please contact our office at 218-326-7024 and we will provide you with a copy of the policy.

GRAND RAPIDS PUBLIC UTILITIES COMMISSION AGENDA ITEM

AGENDA DATE: November 22, 2023

AGENDA ITEM: Consider a motion to approve \$2,707,665.24 verified claims for

October and November 2023.

PREPARED BY: Jean Lane, Business Services Manager

BACKGROUND:

See attached check registers:

Computer check register \$2,707,665.24

Payment to the City of Grand Rapids of \$2,491,238.86 for the Sylvan Bay project streets, water and sanitary sewer.

Total \$2,707,665.24

RECOMMENDATION:

Consider a motion to approve \$2,707,665.24 of verified claims for October and November 2023.

GRAND RAPIDS PUBLIC UTILITIES COMMISSION AGENDA ITEM

AGENDA DATE: November 22, 2023

AGENDA ITEM: Consider a motion to approve the 2024 GRPUC Regular Work Session

and Regular Meeting dates and times and provide notice of a proposed

amendment to the bylaws.

PREPARED BY: Julie Kennedy, General Manager

BACKGROUND:

As discussed at our November Commission meeting, staff proposed holding the Regular Work Sessions on the second Wednesday of the month, and the Regular Meetings on the fourth Wednesday of the month. It is often the case that the necessary bills and reports do not arrive to GRPU staff in time to make it in the agenda packet for a meeting that occurs on the second Wednesday of the month. Additionally, staff feels the process of discussing items at a work session followed by action at the subsequent Regular Meeting two weeks later would be an improvement over the existing process.

Since the bylaws state that Regular Meetings shall occur on the second Wednesday of the month, staff is proposing to amend the bylaws to reflect the change to the fourth Wednesday of the month. The bylaws however require a two week notice of a proposed amendment. Therefore, the requested motion for this meeting is to notice the proposed amendment that would then be considered for approval at the December meeting. It also should be noted that a review of the full bylaws is needed and will take place later in 2024 as part of the strategic planning process.

The time of the meetings will remain the same unless specifically posted otherwise. The Regular Work Sessions will be held at 8 am, and the Regular Meetings will be held at 4 pm. All meetings will continue to take place in the GRPU conference room unless otherwise stated.

The attached schedule shows the proposed 2024 Regular Work Sessions and Regular Meetings.

RECOMMENDATION:

Approve the 2024 GRPUC Regular Work Session and Regular Meeting dates and times and provide notice of a proposed amendment to the bylaws.

Bylaws of the Grand Rapids Public Utilities Commission

Background

The Public Utilities Commission (the "PUC") was established in 1910 with the mandate to operate the electrical, water and waste water treatment systems for the City of Grand Rapids. As of 2006, the PUC has approximately 45 employees and serves 6880 electrical customers, 3322 water customers and 3270 wastewater treatment customers.

By-Laws (adopted October 11, 2006)

These By-Laws apply to the conduct of the Board of Commissioners which governs the PUC. Extensive rules, regulations, rate schedules and procedures govern the PUC service delivery. Employee rights and responsibilities are documented in the Personnel Policy Manual and elsewhere.

Article I - Name

The name of the organization is the Grand Rapids Public Utilities Commission.

Article II - Purpose

The PUC was established in 1910 under Minnesota Statutes Chapter 412 and is charged with the responsibility to operate and manage the electrical distribution system, the water supply system and the wastewater collection and treatment system for the City of Grand Rapids. The PUC also serves the nearby communities and rural areas through contracts or state mandated service territories.

<u>Article III - Membership</u>

- Section 1: Five (5) Commission Board members ("Commissioners") are appointed by the Grand Rapids City Council:
 - (1) No more than one member may be chosen from the City Council membership, which membership shall terminate when that member ends city council membership, at which time the vacancy created shall be filled for the balance of the unexpired term in the manner in which the original appointment was made.
 - (2) The City Council may set the term of the Commissioner who is a member of the City Council to coincide with that member's term of office as a member of the City Council.

Adopted 10/11/06 Page 1

(3) Each member shall serve for a term of three (3) years and until a successor is appointed and qualified, except that appointments shall be staggered so that the term for no more than two positions shall expire in any year.

Article IV - Meetings

- Section 1: Regular meetings shall be the second fourth Wednesday of the month at 4:00 p.m. Special and emergency meetings may be called from time-to-time with notice according to law.
- Section 2: Three of the five Commissioners shall constitute a quorum.
- Section 3: Robert's Rules of Order shall govern.
- Section 4: All members of the commission shall have equal voting rights.
- Section 5: All meetings shall be conducted in compliance with Minnesota open meeting laws.

Article V - Officers

- Section 1: The Commission members shall annually choose a President from among its own members. The Commission members shall also appoint a Secretary for an indefinite term. The Secretary need not be a member of the Commission.
- Section 2: The Commission members shall have the power to remove any officer chosen by the Commission who, in the opinion of the Commission, is not serving the best interests of the PUC.

Article VI - Powers and Duties of the Commission and Officers

- Section 1: The President shall act as the executive officer, convene meetings, and execute documents for the Commission.
- Section 2: The Commission shall exercise general supervision over the PUC manager.
- Section 3: The Commission member with the most seniority on the Commission shall act in place of the President during his/her absence.
- Section 4: The Secretary shall ensure that meetings are posted and minutes kept.
- Section 5: The Commission shall ensure that proper financial records are kept and that the accounts are audited annually by an independent auditor.

Adopted 10/11/06 Page 2

<u>Article VII - Conflict of Interest</u>

Commissioners shall abide by the Ethics Policy of the PUC.

Article VIII – Adoption

These By-Laws shall become effective upon the approval of a majority of the members of the Commission.

Article IX – Amendments

- Section 1: Notice of proposed amendments to the By-Laws shall be posted two weeks before the next regular meeting.
- Section 2. A majority of the Commissioners shall approve changes to the By-Laws.

Article X – Remuneration

- Section 1: No member of the Commission shall receive a salary except as fixed by the Council.
- Section 2: The Secretary shall receive a salary fixed by the Commission.

Article XI - Dissolution

The process for dissolution, abolition of the Commission or utility transfer is described by Minnesota State Statutes.

GRAND RAPIDS PUBLIC UTILITIES COMMISSION AGENDA ITEM

AGENDA DATE: November 22, 2023

AGENDA ITEM: Review 2023 Proposed Operations and Capital Budgets

PREPARED BY: Jean Lane, Business Services Manager

BACKGROUND:

Attached please find the 2024 proposed operations and capital budgets for GRPU.

The information is separated into summary and detail format via separate PDF's. I will be referencing the summary financial information, yet please feel free to review the detail financial information.

I look forward to the Commission's review and discussion.

RECOMMENDATION:

Review and discuss 2024 proposed operations and capital budgets.

Grand Rapids Public Utilities

November 22, 2023 Commission Meeting

2024 Operations & Capital Presentation

GRPU Management Team

Item 3.

Strategic and Operational Planning and Reporting

Annual Planning

September – GRPUC reviews the SWOT, strategic and operational progress and updates the strategic plan.

October - GM and staff creates an annual operating plan including SMART goals based on the operating priorities and strategic intent of the GRPUC. The annual budget is developed to support the plan.

November - GRPUC's Audit and Finance Committee will review the budget and provide feedback.

December - Final draft of the operating plan and supporting budget will be referred to GRPUC for approval.

Reporting

Monthly staff reports to the GRPUC will align with and reference the approved operating plan.

Quarterly report cards to the GRPUC will show progress toward achieving each approved goal/deliverable.

2024 Budget Overview

- ✓ Electric Utility = \$1,438,000 Net Income
- ✓ Water Utility = (\$182,000) Net Loss
- ✓ Wastewater Collection = \$473,000 Net Income
- ✓ Wastewater Treatment = \$1,620,000 Net Loss (Depreciation Expense \$)
 - Major Customer revenues = agreed demand agreement % operating costs
 - Domestic Plant = \$102,000 expenses included
 - Wastewater Collection share of treatment costs = \$282,000

Revenue Budget Key Influences

Each utility cost of service study was used for proposed 2024 rate increases

- Electric NO increase in rate structure only PPA adjustment and load management increases
- ❖ Water 10% increase in rate structure
- ❖ Wastewater Collection 5% increase in rate structure

Customer Impact with Proposed 2024 Rate Increases

City Residential Customer

City Commercial Customer

Residential Customer #1

Water \$3.93/month

Sewer \$2.06/month TOTAL \$8.08/MO

Electric \$2.09/month

Residential Customer #2

Water \$2.83/month

Sewer \$1.54/month TOTAL \$8.00/MO

Electric \$3.63/month

Residential Customer #3

Water 1.95/month

Sewer \$1.02/month TOTAL \$7.07/MO

Electric \$4.10/month

#1 - home owner NE

#2 – home owner SE

#3 - home owner NW

#4 – apartment dweller - \$1.42/month total

Commercial Customer - Small

Water \$38.31/month

Sewer \$14.52/month

Electric \$77.62/month

Commercial Customer - Large

Water \$35.55/month

Sewer \$10.22/month

Electric \$481.14/month

TOTAL \$526.91/MO

TOTAL \$130.45/MO

Small - restaurant

Large - retailer

Expense Budget Key Influences

Purchasing power – used MP 2024 estimates

Solar costs

Labor and benefits

- Projected increase in wage/labor
- > Increase in medical benefit
- Allocation of labor to capital projects

Supplies & maintenance costs

- Increase based on known rate increases
- Increase for inflation

Capital Budgets

Estimated projects of \$35.8 million over next 5 years

2024

- Electric \$1,794,00
- Water \$5.792,000
- Wastewater Collection \$1,087,000
- Wastewater Treatment \$2,568,000
 - Funding
 - Customer Contributions \$2,550,000
 - Debt \$2,260,000
 - Reserves \$4,880,000
 - Grants \$2,864,000

Electric - Budget Highlights

Capital

- 7th to 17th Primary Underground
 - Reliability, A new path (below ground)
- New Batteries
 - Reliability, End of Life
- Woodchipper
 - Safety & Reliability, Reduce Labor and Risk
- Replacement Batteries
 - Switchgear Batteries for La P Sub

- Tree Trimming
 - Reliability, Excellent work in '23, continue the trend
- Expansion
 - Start down the path
- Poles, Scans & Testing
 - Get back on track for regular, periodic maint

Water - Budget Highlights

Capital

- 3rd Ave NE (5th-8th) & 7th St NE
 - Collaboration with city, Reliability
- Water Plant Renovation
 - Reliability, End of Life, ED
- South Tower Coating Repairs
 - Safety & Reliability, Maintain asset
- S-E-H Projects from Study
 - Reliability, ED
- Paradise Park
 - Growth, Customer service

- System maintenance
 - Reliability, valves, hydrants, partial flushing
- Leak Study
 - Reliability
- Main breaks
 - Reliability
- AMI Nodes and Meters
 - Reliability, Customer service
- Chemical Price Increases
 - Safety, Reliability

Wastewater Collection - Budget Highlights

Capital

- 3rd Ave NE (5th-8th) & 7th St NE
 - Collaboration with city, Reliability
- Lift Station Generators (2&3)
 - Reliability, ED
- Lift Station Controls (3,13)
 - Reliability, ED
- WWC Category 1 Piping Repairs
 - Reliability, Customer service
- Lift 1 Pump Lifting Structure
 - Safety, Reliability, Environment

- Jetting/Televising
 - Reliability, Customer service
- System Maintenance
 - Reliability, Customer Service

Wastewater - Budget Highlights

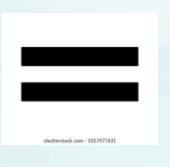

Capital

- Septic Hauler Dump Station
 - Collaboration with city, Reliability, ED
- Landfill Cover Work Ph 1-4, KD
 - Safety, Environment
- Primary Plant Sludge Screw Conveyor
 - Reliability, Customer Service
- Secondary Plant Aerators
 - Reliability, Environment
- Shop Fume Hood
 - Safety

- Blandin Increased Output
 - Reliability, Customer service
- Labor removed from B&G/Equipment
 - Reliability, Customer Service
- Chemical Price Increases
 - Safety, Reliability
- System Maintenance
 - Reliability, Customer Service

COMMISSION DISCUSSION

Questions / Comments

November 22, 2023 Commission Meeting

2024 Operations & Capital Presentation

GRPU Managers

GRAND RAPIDS PUBLIC UTILITIES COMMISSION

2023 PROPOSED OPERATIONS & CAPITAL BUDGET

The preparation of the GRPU 2024 proposed operations and capital budget was a team approach. The managers, directors, and key team positions were involved in budget preparation discussions and on-going actual versus budget discussions in 2023. This allows team members to have ownership in the budget preparation process and monitoring the 2024 actual versus budget once approved by the Commission. The 2024 budget was developed using a zero-based approach, historical costs, and current supply chain pricing and availability. Specifically, wages/labor was the focus for the zero-based budget approach and a planned allocations between operations and capital wages/labor.

Forecasted financial information, from the rate studies, was used as a base and then adjusted for actual financial activities and pricing for 2024. Thus, the proposed 2024 budgets are slightly different from the rate study forecasts.

The electric and wastewater collections utilities are showing a net income in the 2024 proposed budget, while water displays a net loss per the 2024 Budget Summary worksheet. Wastewater treatment revenue is collected from GRPU major customer (UPM-Blandin) and equals the operation expenses, except for depreciation. Depreciation is a required accounting transaction which has no effect on the operating cash flow.

Rate increases as proposed in each utility rate study has been included in the budgeted revenues for 2024. As seen in the 2024 Proposed Revenue by Classification chart the top four total utility revenue sources are (1) city residential sales, (2) city demand and energy sales, (3) city commercial sales, and (4) wastewater treatment customer charges.

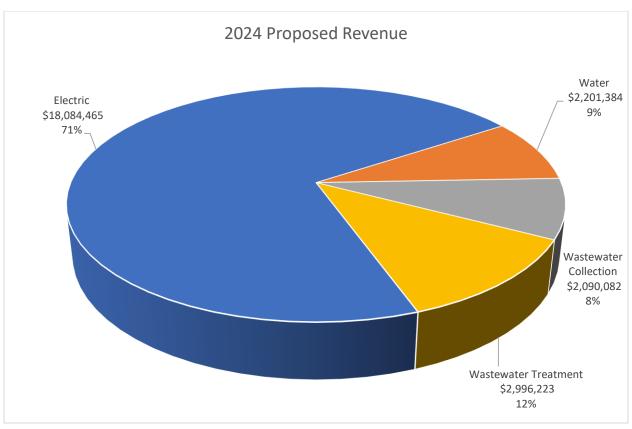

Operating expenses include known costs; for example, bond interest and PILOT payments, and training costs for new employees. This budget year there are some key expenses which are not yet finalized – labor costs and some benefit costs. There are some one-time expenses which are included in the 2024 proposed expense budget; including, an updated water cost of service study, consulting services for RPF ERP implementation, and preventative maintenance repairs on utility operating equipment.

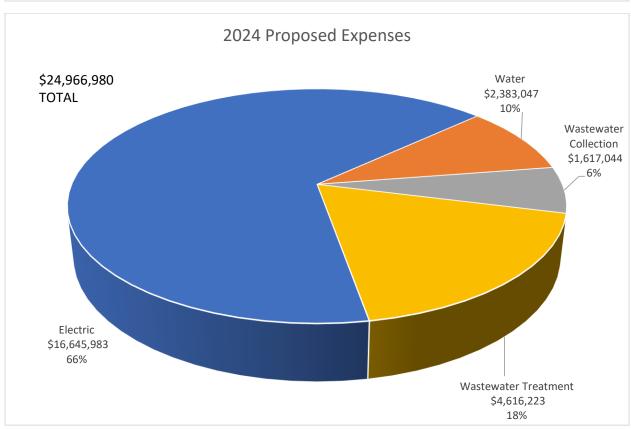

The 2024 Proposed Expenses by Category pie chart illustrates GRPU three largest cost categories are: (1) purchased power at \$11.1 million, (2) production at \$4.1 million, and (3) distribution at \$1.9 million. The actual detail expenses for 2020, 2021, 2022, 2023 year-to-date

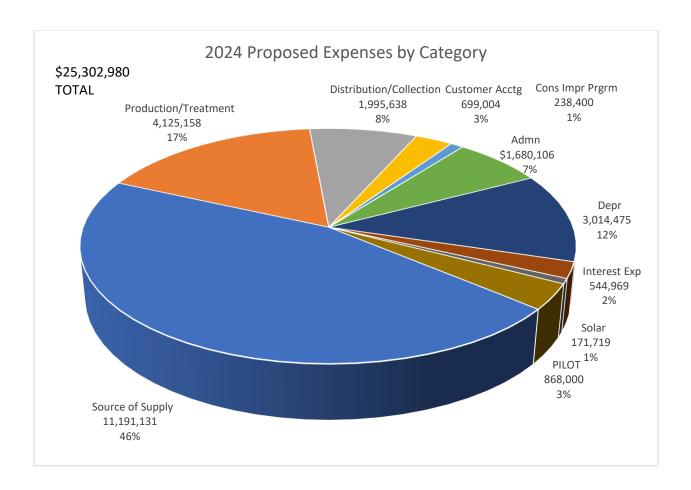

Item 3.

through September, and proposed 2024 budget by line item for each utility are provide for your review. The 2023 forecasted end-of year will be provided at the December 13 meeting.

Capital purchases/projects of \$35.8 million are proposed over the next five years. The proposed capital purchases/projects for 2024 are \$12.8 million per the Capital Plan 2024 thru 2028 Department Summary report. The electric utility has \$1.79 proposed capital projects; water utility has capital proposed at \$5.79 million, domestic wastewater collection at \$1.6 million, wastewater treatment at \$2.56 million, combined service center and technology proposed budget for 2024 is \$1.0 million. Individual projects by utility is listed in the Capital Plan 2024 thru 2028 Projects by Department report. Managers will present some key operations and capital proposed 2024 budget expenses.

Grand Rapids Public Utilities 2024 Budget Summary 11/22/2023

ELEC2219 Project Name Replace Main Substation Building Roof Department 1-Electric

Contact Chad Troumbly

Type Unassigned

Useful Life 30 Category Buildings

Priority 02 - Significant Need

Status Active

Total Project Cost: \$25,000

Description

Project #

Replace main substation building roof.

Justification

Existing roof has no insulation which causes ices dams in the winter and subsequent leaking into building. Roof pitch is not great enough and attic space is very small.

Description

Project #

Total Project Cost: \$212,120

The clay valves used on the high service pump discharges are beyond their useful life and parts are obsolete. Installing a VFD, swing check valve and an isolation valve will improve and smooth out the performance of the system.

Justification

Aged clay valves are causing issues with pressure control of the high service pumps and must be replaced.

Project Name Hydrant Meters

Department 2-Water

Contact Steve Mattson

Type Unassigned Useful Life 10

Category Water System

Priority 03 - Moderate Need

Status Active

Description

Total Project Cost: \$35,160

Hydrant meters are an essential part of the customers requests to be able to access bulk water. New water hydrant meters are necessary to be able to monitor water usage and also to utilize the AMI system.

Justification

New metes will allow us to hook up a node to the hydrant meter to be able to capture data immediately versus seasonally. This will allow us to have a better handle on usage.

Project Name WTP Aerator Media

Department 2-Water

Contact Steve Mattson

Type Unassigned Useful Life 20

Category Water System

Priority 03 - Moderate Need

Status Active

Project #

Total Project Cost: \$27,000 Description

Aerator Media is a plastic balll, that looks similar to a childs wiffle ball. These are a very necessary component in the aerator that allows fresh air to strip hydrogen sulfide and other gasses from the fresh well water. WTP aerator media needs to be cleaned and replaced on a regular basis.

Justification

Having the media onhand will allow the WTP operators to clean the existing media over time rather then paying overtime to clean and install back into the aerator immediately.

Total Project Cost: \$10,000

Description

Backwash valves are a critical piece of water quality. These valves are used when the filter is no longer working properly and needs to be cleaned.

Justification

The backwash valves are of age and starting to fail to operate per design.

Department 2-Water

Contact Steve Mattson

Type Unassigned

Useful Life 20

Category Water System

Priority 02 - Significant Need

Status Active

Total Project Cost: \$17,000

Description

The process network at GRPU is isolated from the interent to satisfy risk and resilience with the EPA/MN DOH and it works on its own idependent fiber network. The fiber leg from the Screen house to city hall is a non-traced line.

Justification

The fiber optic cable needs to be replaced from the screen house to south of city hall, buried with proper tracer.

Priority 02 - Significant Need

Status Active

Description

Total Project Cost: \$347,500

Throughout the course of any year, normal wear and tear will show its impacts on manhole lids, frame, chimney, gaskets, rings, extension rings, etc. Furthermore, by working to televise the entire collection system our crews are inspecting more manholes than ever before in the utility, thus discovering things that need attention.

Justification

Manitenance of the collection system is necessary to maintain safe streets at grade and also to ensure that the integrity fo the manhole is not compromised.

Description

After a thorough asset management review was conducted of the entire collection system a replacement schedule was created to ensure that we proactively replaced pumps throughout the collection system are reaching the end of their useful life.

Justification

In order to maintain the integrity of the collection system, the retirement of aged pumps are necessary. From the asset review a strategic plan was put in place to replace 1-2 worn out pumps per year with a phased approach.

Department 3-Wastewater Collection

Contact Steve Mattson

Type Unassigned

Useful Life 20

Category WW System

Priority 01 - Required

Status Active

Description

Total Project Cost: \$45,000

The high water table in the vicinity of lift station 6 provides easy access into the collection system via any cracks, suspect connections or suspect service lines. This provides unnecessary inflow into the collection system and also causes the pump to run more than necessary. Sanitary sewer near Lift station 6 needs major repairs.

Justification

Improving the connections in the area will significantly reduce if not eliminate the extra water flow into the collection system.

Description

A comprehensive sanitary sewer plan was conducted by S-E-H. The Recommendation from sewer plan was to increase the size of this lline to be able to accomoodate all the proposed changes in the south end of town.

Justification

Increasing the size of the sanitary line is needed to eliminate the possibility of maxxing out the pipe during certain times which could easily cause back-ups.

Project Name Lift Station 3 Controls Update

Department 3-Wastewater Collection

Contact Steve Mattson

Type Unassigned

Useful Life 20

Category WW System

Priority 01 - Required

Status Active

Total Project Cost: \$25,000

Description

After a thorough asset management review was conducted of the entire collection system a replacement schedule was created to ensure that we proactively replaced lift stations throughout the collection system that are reaching the end of their useful life.

Justification

The controls for this lift station need to be updated due to outdated components.

Project Name Lift 1 Pump Lifting Structure

Department 3-Wastewater Collection

Contact Steve Mattson

Type Unassigned

Useful Life 20

Total Project Cost: \$25,000

Category Water System

Priority 02 - Significant Need

Status Active

Description

Lift 1 is the main lift station that pumps all of Cohasset and Grand Rapids towards the domestic lift station.

Justification

This lift station is susceptible to plugging due to rags and causes major concerns of violations from the MPCA due to flooding caused by plugged pumps. Having a lifting system setup and preattched to the pumps would save significant time in preventative maintenance as well unplugging pumps during a critical time.

Description

The thirty-plus year old aeration basin mixers need to be overhauled in order to provide the mixing needed within our activated sludge process. This work will include rebuilding the gearbox and replacing the shaft and both lower and upper impellers of two mixers when necessary.

Justification

Upon inspection of aeration basins, lower impellers have fallen off, mixer shafts have sheared off. Additionally the gearboxs need to be rebuilt. The project will include removing the existing gearbox, shaft and impellers and replacing with a rebuilt gearbox and a new shaft and impellers. We started this process a few years ago and our industrial partner would like us to continue to work at revamping these.

Description

Total Project Cost: \$18,000

The HVAC units within the CSC provide conditioned air for the office and warehouse.

Justification

The HVAC units have reached the end of their useful life.
