

**Great Falls Crime Task Force Agenda
2 Park Drive South, Great Falls, MT
Gibson Room, Civic Center
August 23, 2021
5:30 PM**

CALL TO ORDER

ROLL CALL

Shane Etwiler – Chamber of Commerce
Nichole Griffith – Victim Witness Program
Sandra Guynn – Chair of Neighborhood Councils and President of Crime Stoppers
Dugan Coburn – Great Falls Public Schools
Jeff Newton – Chief of Police
John Parker – District Court Judge
Sara Sexe – City Attorney
Jesse Slaughter- Cascade County Sheriff
Commissioner Rick Tryon – Ex-officio member

STAFF INTRODUCTIONS

TASK FORCE ITEMS

1. Approval of Meeting Minutes, August 9, 2021, Great Falls Crime Task Force.
2. Task Force Discussion on Focus Areas.

MISCELLANEOUS REPORTS AND ANNOUNCEMENTS FROM TASK FORCE

PUBLIC COMMENT

(Public comment on agenda items or any matter that is within the jurisdiction of the Task Force. Please keep your remarks to a maximum of five (5) minutes. Speak into the microphone, and state your name and either your address or whether you are a city resident for the record.)

DISCUSSION ON UPCOMING MEETING DATES

Due to Labor Day Holiday, Next Proposed Meeting Date, September 13, 2021

ADJOURNMENT

Great Falls Crime Task Force Meetings are televised on cable channel 190 and streamed live at <https://greatfallsmt.net>. Meetings are re-aired on cable channel 190 the following Friday morning at 10 a.m.

Wi-Fi is available during the meetings for viewing of the online meeting documents.

Regular Crime Task Force Meeting

Civic Center, 2 Park Drive South,
Gibson Room 212, Great Falls, MT

CALL TO ORDER: Chairperson Sandra Guynn called the meeting to order at 4:00 P.M.

ROLL CALL: Great Falls Crime Task Force Members (TFM) present: Sandra Guynn, Nicole Griffith, Jeff Newton, Sara Sexe and Dugan Coburn. Also present was Ex-officio TFM Rick Tryon. Jesse Slaughter was absent. Shane Etwiler arrived at 4:18 p.m. and John Parker arrived at 4:43 p.m.

Chairperson Guynn announced that Shawna Jarvey resigned due to work obligations.

RECOGNITION OF STAFF: City Manager Greg Doyon, Police Captain Rob Moccasin, Police Lt. Mike Grubb, Deputy City Attorney Jeff Hindoien and Deputy City Clerk Darcy Dea.

TASK FORCE AGENDA ITEMS

1. **APPROVAL OF MEETING MINUTES, JULY 26, 2021, GREAT FALLS CRIME TASK FORCE.**

TFM Sexe moved, seconded by Vice-Chairperson Newton, that the CTF approve the meeting minutes of July 26, 2021.

Chairperson Guynn asked if there was any discussion amongst the TFM or comments from the public. Hearing none, Chairperson Guynn called for the vote.

Motion carried 5-0.

2. **BRIEFING FROM GREAT FALLS PRE-RELEASE CENTER.**

Great Falls Pre-Release Services, Inc. Executive Director Alan Scanlon reported the screening process that determines whether an individual is accepted into the Pre-Release Center is a very thorough process. An individual completing the six-month program correctly, leaves the Pre-Release Center with \$5,000 that they have saved up, has a sponsor, a place to live, a job, all fines, fees, child support and restitution are paid and is established in a treatment program. An individual released from prison and not sent to the Pre-Release, leaves with \$100 (gate money), does not have a job, a place to live and is not enrolled in a treatment program. The Pre-Release Re-Entry Services Program helps individuals become productive members of society and provides community safety.

Executive Director Scanlon explained that individuals who reoffend after being released from prison and are sentenced to the Pre-Release Center might be more difficult to manage because they are not appreciative of the Pre-Release Center. There has been a big push

for years to not put individuals in prison because prisons are overcrowded, short-staffed and expensive.

Chairperson Guynn received clarification that residents who escape from the Pre-Release Center may not receive additional time to their sentence and that there are relatively no consequences if caught.

Ex-officio TFM Tryon received clarification that the Great Falls Pre-Release Center has an approximate 200 male, female, state and federal capacity. The Pre-Release Center is currently not at capacity due to COVID-19. The Department of Corrections stopped intake and the City-County Health Department ordered the facility to lock down due to an outbreak. The majority of individuals sentenced to the Great Falls Pre-Release Center are local residents.

Executive Director Scanlon explained that the screening criteria for the Great Falls Pre-Release Center is very rigid. The Pre-Release attempts not to accept violent offenders or individuals who might be a threat to staff or the community. The Great Falls Pre-Release implemented a sex-offender treatment plan with safeguards in place because the waiting list in the Montana State Prison for treatment is so long that offenders may be untreated before returning to the community.

TFM Etwiler received clarification that the passing of the 2017 Justice Reinvestment Act allowed for criminals to stay in the community rather than being incarcerated and makes it so there are no consequences for bad behavior.

3. **PROJECT SAFE NEIGHBORHOODS (PSN).**

Vice-Chairperson Newton explained that the Department of Justice (DOJ) Project Safe Neighborhoods (PSN) program consists of a collaborative team of federal, state, local and tribal partners. The PSN program is a strategic plan for investigating, prosecuting and preventing violent crime in the respective districts. The PSN program is a three-year grant awarded by the DOJ and funding allocations are based on crime data from each respective municipality or area to include population.

Vice-Chairperson Newton explained that the Great Falls Police Department and Cascade County Sheriff's Office currently collaborate with other federal, state and local partners with regard to a Violent Crimes Prevention Task Force.

TFM Sexe received clarification that if the Crime Task Force has a specific recommendation working within the goals and objectives of the PSN grant, there would be potential to obtain some of the PSN grants to supplement the Crime Task Force.

Vice-Chairperson Newton further explained that currently there are local Task Force Officers (TFO) with the Bureau of Alcohol, Tobacco and Firearms (ATF). The advantage of TFOs is that they are certified to access federal databases and local law enforcement

are not certified. TFOs provide law enforcement other avenues and options with regard to pursuing criminal cases.

Great Falls is the hub for the Big Sky Safe Trails Task Force Program, established nationwide in 1994 and locally in 2019. The program is a partnership between the Federal Bureau of Investigation (FBI) and other federal, state, local and tribal law enforcement that work together to combat the growth of crime in Indian country. The program allows participating agencies to increase investigative coordination in Indian country to target violent crime, drugs, gangs and gaming violations.

Ex-officio TFM Tryon received clarification that the Police Department has started to formulate draft recommendations with regard to PSN.

4. **TASK FORCE DISCUSSION ON FOCUS AREAS.**

Human Resources Training/Development Coordinator Mark Willmarth commented that processing all of the information that was presented has been overwhelming and finding solutions to crime is a huge task for the CTF. The CTF recommendations need to have the most impact on crime, be financially feasible, specific, actionable and within the purview and authority of the City. Training/Development Coordinator Willmarth suggested that each TFM list two or three priorities that they view as key areas with regard to addressing crime in Great Falls and why they are making certain recommendations.

TFM Etwiler's priorities included:

- Drug trafficking
- Leverage Neighborhood Councils to educate community and businesses and reinstate the Neighborhood Watch Program
- Consequences for criminal activity

TFM Sexe's priorities included:

- Public education - including the City's financial limitations with regard to enforcing the law to prevent crime (CARES Act Provider Relief Funds)
- Enforcement and capacity issues
- Public safety levy
- Making better use of existing partners

Vice-Chairperson Newton's priorities included:

- Enforcement
- Education
- Community Involvement
- Partnerships

Ex-officio TFM Tryon's priorities included:

- City-level resources for the Criminal Justice system (local judicial and corrections)
- Collaboration
- Public education and communication
- Consequences

TFM Griffith's priorities included:

- Public education
- Resources to law enforcement to continue and support existing efforts
- Victim Witness Services

TFM Coburn's priorities included:

- Public Service Announcements (PSA)
- Community Involvement

TFM Parker's priorities included:

- Victim Witness Services
- Pretrial Services
- Early intervention

Chairperson Guynn received clarification that the Montana State Legislature examines a County's Public Safety Assessments (PSA) with regard to becoming a pilot county for Pretrial Services. She further received clarification that the Police Department is currently utilizing volunteers as much as possible within the limits of what they are capable of doing.

Training/Development Coordinator Willmarth suggested that the TFM reflect about what the CTF collectively agrees are recommendations.

Chairperson Guynn expressed concerned about the flow of drugs sent through the postal system. She explained that two Postal Inspectors in Montana is not enough to intercept packages that might contain drugs. She mentioned that Manager Doyon had suggested that the CTF request that the City Commission consider, by either a letter or resolution, requesting resources from federal or state agencies with regard to hiring an additional Postal Inspector.

Referring to the TFM list of priorities, Manager Doyon explained that there might not be an immediate impact to one area; however, the CTF could make a recommendation to the City Commission to advise policy makers that crime is a concern in Great Falls.

TFM Etwiler commented that communication and education are key. He suggested that a way to notify citizens of steps they could take to reduce crime would be a Communication Specialist or PSA sent in utility bills.

Training/Development Coordinator Willmarth suggested that the CTF consider the four categories and determine other priorities that could be included under those categories. The list of priorities need to have an explanation, be specific and actionable. The CTF should determine what priorities they are willing to put time and energy into that will have an impact, as well as consider short and long-term recommendations. He provided a handout to the TFM that has a list of questions to use as a guide.

TFM concurred to consider the following list of priorities and to determine what could be included under the four categories.

- Resources for the Criminal Justice System (including Victim Witness Assistance Services and Mental Health Services)
- Consequences
- Collaboration/Partnership (Mental Health Services)
- Education

MISCELLANEOUS REPORTS AND ANNOUNCEMENTS FROM TASK FORCE.

TFM Etwiler commented that collaborating with other entities in the community and state, if not already doing so, is important in order to leverage their resources.

TFM Griffith mentioned that the United Way of Cascade County has access to several community partners and that she would like to utilize it as a resource.

PUBLIC COMMENT.

Joan Redeen, Business Improvement District, presented the 2021 Downtown Safety Alliance Safety Plan and Achievements. She encouraged attendance at the Downtown Safety Alliance meetings held at 9:00 AM on the first Tuesday of every month at 509 1st Avenue South.

DISCUSSION ON UPCOMING MEETING DATES.

Chairperson Guynn announced that the next scheduled CTF meeting would be on August 23, 2021 at 4:00 p.m. in the Gibson Room.

ADJOURNMENT.

There being no further business to come before the CTF, TFM Sexe moved, seconded by TFM Coburn to adjourn the **regular meeting of August 9, 2021, at 6:13 p.m.**

Motion carried 7-0.

Sandra Guynn, Chairperson

Acting Secretary – Deputy City Clerk Darcy Dea

Minutes Approved: August 23, 2021

Crime Task Force Meeting August 9, 2021

Observations from Facilitator (Mark Willmarth)

- The work of the Crime Task Force is very large and broad.
- You can't solve or recommend solutions to every problem.
- You have received a LOT of information.
- You have to collectively decide where you want to put energy and resources to have impact.

Criteria

1. Is it specific?
2. Is it achievable?
3. Is it within our/the city's scope?
4. Does the city have the authority to do it?
5. Is it financially feasible?

Priorities from each of the members

- Stop the flow of drugs into our community.
- Leverage Neighborhood Council/Businesses to educate the community (Public Education).
- There have to be stricter consequences to criminal activity.
- There are enforcement and capacity issues – We need the financial resources for staffing levels. Public Safety Levy?
- People and money - with more people in the law enforcement, judicial and legal system we can have more prevention. We need to identify the resources we need.
- Lobby the legislature.
- Communication – What can citizens do to prevent crime from happening?
- There needs to be stronger support for Victim/Witness Services.
- We need community support and buy in.
- Pre Trial Services – How do we go from just being a pilot?
- Make better use of our partners in the community.

What are the themes we need to create goals under?

- Partnerships and collaborations
- Providing resources for the criminal justice system
- Educating the public
- Consequences for criminal activity

We need to be thinking short term and long term. Some things aren't achievable in the next year. What can we do to move towards longer goals as well as take action right away?

Rick Tryon provided a set of question, based on the criteria for everyone to consider as they think about specific goals/actions.

1. To which City of Great Falls department, board or agency is this recommendation directed?
2. What is the specific action to be taken?
3. Is the recommendation within the purview and authority of the City of Great Falls?
4. What specific problem related to local crime and the local criminal justice system does the recommendation address?
5. How will the recommendation mitigate the problem addressed and what is the expected outcome if the recommendation is followed?

Next Step

1. Come prepared to discuss the recommendations that you think fall under each of the themes we discussed.
2. Think about why each of those recommendations matter in our community.
3. You might use the attached form to write your recommendations down (Print one for each of the 4 themes).

THEME:

| Recommendation: | Strategies: | Responsible Parties: | Timeline |
|------------------------|------------------------|-----------------------------|------------------------|
| Why does it matter? | 1. 2. 3. | 1. 2. 3. | 1. 2. 3. |
| Why does it matter? | 1. 2. 3. | 1. 2. 3. | 1. 2. 3. |
| Why does it matter? | 1. 2. 3. | 1. 2. 3. | 1. 2. 3. |

Media Release

Date: August 18, 2021
Contact: Joan Redeen 406.727.5430
For Immediate Release
Great Falls, Montana –

The Downtown Safety Alliance presents updated 2021 Safety Plan and Achievements since 2009

The Downtown Safety Alliance, comprised of the Great Falls Business Improvement District, NeighborWorks Great Falls, the Great Falls Police Department, the Downtown Great Falls Association, Neighborhood Councils, and the Downtown Development Partnership is pleased to announce the distribution of the new 2021 Downtown Safety Plan.

The Downtown Safety Plan was formally adopted by the Downtown Development Partnership at their meeting held on July 28, 2021 and endorsed by the Great Falls Police Department on August 3, 2021.

The Downtown Safety Alliance created the first Safety Plan in 2013. There are many tangible things the Downtown Safety Alliance has accomplished since its inception in 2009. The attached Achievements document reflects those accomplishments. During the period of 2010 to 2019, the Safety Alliance provided 45 Business Watch seminars that over 700 community members attended. Our Coins for a Cause program has donated over \$4,194 to direct service providers since its establishment in 2013. We have advocated for a police officer dedicated to downtown and continue our efforts to support the BRIC officer and the Directed Enforcement Team. Several of the Safety Alliance members are also GFPD volunteers and we encourage everyone to become one.

With the adoption of the newly updated Downtown Safety Plan, created by a committee comprised of Carol Bronson, NeighborWorks Great Falls; Susie McIntyre, Great Falls Public Library; Sandra Rice, Neighborhood Council #7; and David Saslav and Melissa Smith, residents of Great Falls, the Downtown Safety Alliance is ready to get back to work at implementation of the goals set in the Safety Plan.

We welcome others to join us for a Downtown Safety Alliance meeting; meetings are held on the 1st Tuesday of every month at 9am. For additional information please contact the Business Improvement District at info@greatfallsbid.com or 406.727.5430.

DOWNTOWN DEVELOPMENT PARTNERSHIP

Downtown Great Falls Safety Plan 2021

ACHIEVEMENTS

The Downtown Safety Alliance will mobilize and engage the community and Downtown stakeholders as we work together to make a Downtown that is safe, vibrant and livable.

INTRODUCTION

Residents, businesses and stakeholders have all worked hard to address perceptions of crime in the Downtown area. In 2009, the Downtown Action Alliance formed to take actionable steps to address those and other related issues. Together with the City and others, in 2011, the City Commissioners approved a Downtown Master Plan to work on revitalizing the area from 5th Avenue North to 5th Avenue South, from River Drive to 15th Street. Crime and safety were clear goals of the Master Plan. In order to implement the crime and safety goals, a diverse committee began to write a Downtown Safety Plan. Completed in 2013, the newly-formed Downtown Development Partnership approved the Plan and the Plan was endorsed by the Great Falls Police Department.

The goals, taken from the 2011 Downtown Master Plan, included the following:

- Identify and support an organization to lead and champion Downtown revitalization;
 ACTION: The Downtown Development Partnership formed in 2012 and the Downtown Safety Alliance became a subcommittee of that organization.
- Establish a Downtown Tax Increment Financing (TIF) district to fund Downtown projects;
 ACTION: The City Commission created Downtown Urban Renewal District in 2013. This District establishes a Tax Increment Financing District (TIF) Downtown.
- Encourage partnerships that ensure a clean and safe Downtown;
 ACTION: The Business Improvement District (BID), NeighborWorks Great Falls (NWGF), and many others have supported multiple crime and safety efforts since 2013.
- Establish a Downtown Ambassador Program;
 ACTION: The Business Improvement District has summer employees that serve as Downtown Ambassadors. The Great Falls Police Department's well-established volunteer program created a specific program in 2018 for Seasonal Downtown Volunteers to serve as additional eyes and ears on the street from April to October. As of March 2021, there are about 25 such volunteers.
- Expand the Downtown Area Business and Neighborhood Watch Programs;

ACTION: From 2010 to 2018, the BID and NWGF hosted approximately five free Business Watch training programs a year at NeighborWorks, with dinner provided with funding from sponsors and restaurants. During this time period, over 700 community members attended Business Watch meetings.

Neighborhood Watch, spearheaded by Carol Bronson of NWGF, was also promoted through the City's Neighborhood Councils.

- Support updates and upgrades for home and business security efforts;
ACTION: The Great Falls Police Department programs have included a dedicated downtown officer, SCRAM, where businesses and residents can register their outside cameras, and other GFPD programs.
- Educate people about panhandling;
ACTION: The BID and NWGF created the Coins for a Cause donation program, where people could make donations to help fund direct service providers that work with panhandlers and the homeless and discourage panhandling. From 2013 to 2021, the program has given out donations totaling \$4,194.47 to the Great Falls Rescue Mission, YWCA, Opportunities, Inc., GFPD Volunteer Program, Family Promise, St Vincent de Paul, and the Center for Mental Health. Coins for a Cause is an ongoing program.
- Educate and encourage Crime Prevention Through Environmental Design;
ACTION: This national best practice program in crime prevention was a frequent Business Watch training topic and was used in helping analyze issues downtown.
- Create and maintain Public Nuisance Logs;
ACTION: Discussion of code enforcement issues and how to resolve them were also frequent topics during Business Watch training, including use of the Neighborhood Watch Nuisance Log. The Neighborhood Guide to the City Codes, originally written by NWGF, was updated and approved by GFPD and the City's Legal Department. It was distributed by GFPD, City Code Enforcement Department, the Neighborhood Councils and at events hosted by Downtown Development Partnership members. The City is working on an updated version for publication in mid-2021.

In this revision of the Downtown Safety Plan 2021, we want to acknowledge the past accomplishments, emphasize ongoing efforts in the Downtown area, and outline new objectives for the coming years, including specific goals, responsible parties, accomplishment timelines, funding, and, lastly, but most importantly, who benefits from the ideas presented in the Safety Plan. "Who benefits" helps to create a priority structure and a sense of urgency. We also need to address who may be injured through the implementation of the Plan.

ACRONYMS

| | |
|--------|--|
| BID | Business improvement District |
| BRIC | Business Residential Involving Community officer |
| CFM | Center for Mental Health |

| NWGF | NeighborWorks Great Falls |
| RSVP | Retired Senior and Volunteer Program |
| SCRAM | Security Camera Registration and Mapping |
| TIF | Tax Increment Financing |

SAFETY PLAN VISION 2021 STATEMENT

WHAT IS OUR WHY?

- We are working toward creating a Downtown that is vibrant, livable and safe.

WHAT ARE WE HERE TO DO?

- We want to acknowledge the past accomplishments, emphasize ongoing efforts in the Downtown area, and outline new objectives for the coming years, including specific goals, responsible parties, accomplishment timelines, and funding, while working within the parameters of the Downtown Master Plan.

WE BELIEVE . . .

- That we can make a positive difference in Downtown Great Falls;
- That we can enhance the historic value of Downtown Great Falls;
- That we can improve the safety of Downtown Great Falls;
- That we can help others to take pride in Downtown Great Falls;
- In the revitalization of the commercial center of Great Falls;
- In passionately promoting and servicing Downtown Great Falls;
- That Downtown Great Falls is built from businesses and residents with diverse values, strengths and needs. Education and dialogue can ease tension and encourage constructive problem-solving.

GOALS

- Implement a task-oriented priority list of needs,
- Mobilize the community to participate in making Downtown a safer place in both practice and perception,
- Build a Downtown social infrastructure to increase the social capital of Downtown residents and businesses,
- Coordinate with public/private partnerships, including the Downtown Development Partnership, the Great Falls Police Department, the City Code Enforcement Office, and others.

WHY A DOWNTOWN SAFETY PLAN?

Safety is a shared, critical responsibility for all those committed to revitalizing Downtown Great Falls. A safe and vibrant Downtown is essential to maintain and enhance Downtown's appeal. The success of our Downtown revitalization efforts is fundamentally tied to both increasing the perception of safety, as well as tangible improvements which increase actual safety. The Downtown Safety Plan describes the Downtown Safety Alliance's current programs and recommends future strategies that will help make Downtown both be and be perceived as a safe and vibrant part of the community.

The Downtown Safety Plan works within the Downtown Master Plan established in 2011. These boundaries are north/south from 5th Avenue North to 5th Avenue South, east/west from 15th Street to the Missouri River.

The Lead Agency for the Downtown Safety Alliance and, therefore, for the Downtown Safety Plan, is the Downtown Development Partnership. The DDP works to revitalize and promote Downtown Great Falls. It has earned the designation as a fully accredited National Main Street Program. Partners work together to implement the Downtown Master Plan.

The Partners of the DDP include the Great Falls Business Improvement District, The Downtown Great Falls Association, NeighborWorks Great Falls, Great Falls Development Authority, Neighborhood Council #7, City of Great Falls, Cascade County, Great Falls Public School District, City-County Historic Preservation, Great Falls Parking Commission and the Great Falls Area Chamber of Commerce. The DDP provides the central focus for Downtown development.

SAFETY PLAN FRAMEWORK

The Downtown Master Plan identifies several safety related goals and strategies:

Connected: Objective/ Strategy: Improve pedestrian connectivity & safety Downtown by developing public/private partnerships to ensure Downtown is safe for all users.

Flourishing: Objective/ Strategy: Support the Downtown Development Partnership in leading & championing Downtown revitalization. Improve the public realm *to provide a safe, attractive & welcoming environment*. Encourage a partnership between Downtown organizations and stakeholders and the City Police Department to ensure a clean and safe environment. Establish a volunteer-based Downtown clean-up day and/or program.

Living: Objective/ Strategy: *Ensure existing housing is safe & attractive* by developing a volunteer-based residential improvement plan to ensure Downtown neighborhoods are clean and safe.

From those goals, then, the Coalition developed the following Mission Statement: *The Downtown Safety Alliance will mobilize and engage the community and Downtown stakeholders as we work together to make a Downtown that is safe, vibrant and livable.*

The several entities that are committed to Downtown safety and livability are Business Improvement District (BID), Downtown Great Falls Association (DFGA), NeighborWorks Great Falls (NWGF), Downtown Development Partnership (DDP), Neighborhood Council #7, the Great Falls Public Library, and the Great Falls Police Department (GFPD). These organizations play a leadership role in developing a coordinated community response to safety concerns in the Downtown area.

LOOK HOW FAR WE HAVE COME

These ideas were implemented in the 2013 Downtown Safety Plan and continue to operate. There has been a lot accomplished since 2013! The Safety Alliance has met monthly (with the exception of several months during COVID) to create and update a detailed matrix of action steps, to monitor progress, and to assure that we were meeting our anticipated goals.

Law enforcement cannot be on every corner. Business owners, employees, customers, and Downtown residents are the ones who really know what is happening. Cooperation can help fight crime Downtown in the most effective way possible – before it begins. The Business and Neighborhood Watch programs were implemented to this end.

The Cascade County Business and Neighborhood Watch Programs offered training multiple times a year from 2010 to 2018. Its purpose was to educate and mobilize Downtown businesses and residents throughout the community to create a more vibrant Downtown. The Retired Senior Volunteer Program (RSVP) program and then NeighborWorks Great Falls managed the countywide Neighborhood Watch Program until 2019. Many of the City's Neighborhood Councils built and supported active Neighborhood Watch programs. Although the program is not managed by any one entity at the present time, there are individual Watches throughout the community and new signs are being erected.

Downtown Seasonal Volunteers are trained and managed by the GFPD. The program has grown each year and it is anticipated that the growth will continue. Volunteers report directly to the GFPD. They focus on hospitality, service, and extra support for Downtown events, but address suspicious activity by calling the GFPD. With their bright blue shirts, they are the eyes and ears of a comfortable Downtown.

The Coins for a Cause program was launched in 2013 by the Safety Alliance and has proven to be successful. Coins for a Cause asks generous people to NOT give money to panhandlers, which only encourages panhandling, but to put coins in provided receptacles in Downtown businesses and in the eight Coins for a Cause street boxes attached to poles in the 400 and 500 blocks of Central Avenue.

Crime Prevention Through Environmental Design is a successful program which educates property owners on how to prevent crime through various security measures including landscaping, surveillance cameras, access control, and maintenance. This program encourages property owners to register any outside cameras with the GFPD Security Camera Registry And Mapping (SCRAM) program.

Emergency Preparedness and Disaster Planning workshops have been presented through the Business Watch program. Learning about the proper actions that should be taken before, during and after an event as well as developing and customizing specific plans for the Downtown area will help our community reduce the impact of a disaster situation.

The GFPD has a BRIC (Business/Residential Involving Community) officer that does community policing in the Master Plan Area. The GFPD Directed Enforcement Team has developed good coverage for the Downtown areas, and the DDACTS (Data-Driven Approaches to Crime and Traffic Safety) model has proven to be a successful data analysis/hotspot identification program in Great Falls. The BRIC Officer works closely with Patrol officers, the Detective Bureau, and Support Service personnel to address identified problem areas and act as a liaison with the BID, the Downtown Safety Alliance, Neighborhood Council #7 and other established community groups.

A goal of the Safety Plan was to urge the City to develop a video surveillance network and to encourage participation among business owners and residents in the Downtown area. The GFPD Security Camera Registry And Mapping (SCRAM) program was implemented in January, 2020, and is city-wide, not just in the Downtown area. Capturing surveillance video of a crime, or components of a crime, is one of the best methods for solving almost any incident. Community members are not always aware a crime has occurred nearby or that their exterior cameras may have captured valuable

information about that crime. In turn, police officers are not always able to easily identify where exterior cameras are posted. The SCRAM registry can help GFPD to solve crimes.

- GFPD is only seeking registrations of exterior surveillance systems
- Only systems within the City limits of Great Falls may be registered
- The camera registry is kept confidential
- The GFPD does not have the capability of accessing a private surveillance system, footage may only be captured by the system owner
- A registrant may "opt out" of the program at any time
- Registration is free

OTHER PROGRAMS CREATED TO ENCOURAGE A VIBRANT DOWNTOWN INCLUDE:

Downtown Crosswalks: The Building Active Communities Initiative paints colorful crosswalks in the Downtown every summer. Funding for the paint and supplies has come from NWGF, BID, and other donations.

Murals: Our colorful murals on the exterior building and alleys bring people Downtown and tell stories about our community. The murals in the Downtown have been funded by the City of Great Falls, The Library Foundation, NWGF, the BID and others. Internationally acclaimed mural artist Cameron Moberg was engaged to paint the murals in 2018. Cameron also provided training for local artists on how to create their own murals and how to make it a profitable business. More murals were created in 2019 in an ongoing program to enhance beautiful Downtown.

Urban Art: The Great Falls Urban Art Project, created by artist Jean Price In 2005, brings free, public site-specific art installations to the City's 11 windows of the South Parking Garage. The exhibits change three times a year. The program is currently coordinated by Cortni Harant, art teacher at Great Falls High School and President of the Board for the Paris Gibson Museum of Art. It is anticipated that the Great Falls Urban Art Project will soon be approved as a 501(c)3 program.

Wayfinding: As it may be difficult to identify and find some key points of interest in the Great Falls area, the installation of a coordinated and planned wayfinding system is essential. The BID is spearheading a city-wide Wayfinding project to help direct visitors to Great Falls toward the wonderful opportunities in Great Falls. The signs and direction kiosks should be in place by summer, 2021. This project has been on the drawing boards for a very long time, with a lot of effort and time devoted, especially by Joan Redeen of the BID, to making it happen. DDP has agreed to manage all the signs in and near Great Falls.

Art for the Traffic Signal Boxes: The BID has installed art on nearly all of the traffic Signal Boxes within the Downtown Master Plan area. Future repair maintenance of damaged boxes is the only concern now. The BID has taken on this responsibility.

Clean Downtown: The BID is the lead agency ensuring the Downtown is clean, from emptying the trash receptacles, taking care of the trees, and putting out and maintaining the summer flower baskets. NeighborWorks Great Falls has a community cleanup each spring, in conjunction with Malmstrom AFB, The Neighborhood Councils, and many other organizations, to clean the parks. Private residences of elderly or disabled residents are also cleaned up by volunteer teams. Alley cleanup is done on a volunteer basis by David Saenz, the pastor of the Cascade County Calvary Chapel and volunteers from his congregation. All of these efforts need and deserve the support of the DDP and the Downtown Safety Alliance.

Outdoor Dining: Working with the City, the BID implemented a pedlet program in 2017 to provide space for outdoor dining Downtown. The BID provides supplies for the initial build of a pedlet, which allows the restaurant to encroach on the sidewalk with a pedestrian walkway around the pedlet. As of 2021, there are seven outdoor dining locations, including one on the balcony of Elevation 3330.

Outdoor dining is generally allowed from May 1 to October 31 and has been a huge success for Downtown restaurants.

Homeless Services: The Great Falls Continuum of Care is a consortium of many health care providers, government agencies, housing organizations and others working with the homeless and the near homeless, with the objective of finding permanent housing for this population. The FUSE (frequent user) program is specifically directed toward people who fall into the intersection of criminal activity and health/mental care. In 2018, a FUSE survey by the GFPD found 12 people so identified: about half of those chose to be housed and provided with services.

Low-Cost Alcohol: Working with the Cascade County Tavern Owners and the GFPD, an on-going effort to address the sale of expired beer and low-cost alcohol is a continuing effort of the DDP.

Tax Increment Financing (TIF): The Montana Legislature allows cities to designate certain areas as needing revitalization. The TIF program operated by first establishing a base year taxable value for all properties within the appropriate district. All increases in property taxes in the district above this base valuation, due to new development or reappraisals, are assigned to the City to be used to finance eligible activities within the district. The Downtown Urban Renewal District was designated as a TIF District in May, 2013. Applications for TIF assistance are subject to program eligibility analysis and project review criteria. While TIF funds have not been utilized by the Safety Alliance, these funds have helped with the livability of Downtown Great Falls.

2021 DOWNTOWN SAFETY PLAN

August 2021

Adopted by the Downtown Safety Alliance

Adopted by the Downtown Development Partnership

Endorsed by the Great Falls Police Department

Original Downtown Safety Plan Adopted by Downtown Development Partnership: 2013
2021 Plan Update Committee: Carol Bronson, NeighborWorks Great Falls; Susie McIntyre, Great Falls Public Library;
Sandra Rice, Neighborhood Council #7; David Saslav & Melissa Smith, concerned citizens

Safety Plan 2021**

SAFETY PLAN VISION 2021 STATEMENT

WHAT IS OUR WHY?

We are working toward creating a Downtown that is vibrant, livable and safe.

WHAT ARE WE HERE TO DO?

We want to acknowledge the past accomplishments, emphasize ongoing efforts in the Downtown area, and outline new objectives for the coming years, including specific goals, responsible parties, accomplishment timelines, and funding, while working within the parameters of the Downtown Master Plan.

WE BELIEVE . . .

- In passionately promoting and servicing Downtown Great Falls;
- That we can make a positive difference in Downtown Great Falls;
- That we can enhance the historic value of Downtown Great Falls;
- That we can improve the safety of Downtown Great Falls;
- That we can help others to take pride in Downtown Great Falls;
- That we can help revitalize the commercial center of Great Falls;
- That Downtown Great Falls is built from businesses and residents with diverse values, strengths and needs;
- That education and dialogue can ease tension and encourage constructive problem-solving.

GOALS

- Implement a task-oriented priority list of needs,
- Mobilize the community to participate in making Downtown a safer place in both practice and perception,
- Build a Downtown social infrastructure to increase the social capital of Downtown residents and businesses,
- Coordinate with public/private partnerships, including the Downtown Development Partnership, the Great Falls Police Department, the City Code Enforcement Office, and others.

WHY HAVE A DOWNTOWN SAFETY PLAN?

A safe and vibrant Downtown is essential to maintaining and enhancing Downtown Great Falls' appeal. Safety is a shared, critical responsibility for all those committed to revitalizing Downtown Great Falls. The success of our Downtown revitalization efforts is fundamentally tied to both increases in the perception of safety and tangible improvements in actual safety. The Downtown Safety Plan describes the Downtown Safety Alliance's current programs, and recommends future strategies that will help make Downtown both be and be perceived as a safe and vibrant part of the community.

The Downtown Safety Plan works within the Downtown Master Plan established by the City of Great Falls in 2012. The Master Plan boundaries, established with input from the Great Falls Community, are north/south from 5th Avenue North to 5th Avenue South, east/west from 15th Street to the Missouri River. The Downtown Development Partnership was created because of the Downtown Master Plan.

The Downtown Development Partnership (DDP) is the lead agency for the Downtown Safety Alliance and this Plan, and provides the central focus for Downtown development. The DDP works to revitalize and promote Downtown Great Falls. It has earned the designation as a fully-accredited National Main Street Program. The Downtown Development Partners work together to implement the Downtown Master Plan.

The Partners of the DDP include;

- Great Falls Business Improvement District,
- Downtown Great Falls Association,
- NeighborWorks Great Falls,
- Great Falls Development Authority,
- Neighborhood Council #7,
- City of Great Falls,
- Cascade County,
- Great Falls Public School District,
- City-County Historic Preservation,
- Great Falls Parking Commission and the
- Great Falls Area Chamber of Commerce.

SAFETY PLAN FRAMEWORK

The Downtown Master Plan identifies several safety-related goals and strategies:

Connected: Objective / Strategy: Improve pedestrian connectivity and safety Downtown by developing public/private partnerships to ensure Downtown is safe for all users.

Flourishing: Objective / Strategy: Support the Downtown Development Partnership in leading and championing Downtown revitalization; Improve the public realm to provide a safe, attractive and welcoming environment; Encourage a partnership between Downtown organizations and stakeholders and the Great Falls Police Department to ensure a clean and safe environment; Establish a volunteer-based Downtown clean-up day and/or program.

Living: Objective / Strategy: Ensure existing housing is safe and attractive by developing a volunteer based residential improvement plan to ensure Downtown neighborhoods are clean and safe.

From those goals the Coalition developed the following Mission Statement:

The Downtown Safety Alliance will mobilize and engage the community and Downtown stakeholders as we work together to make a Downtown that is safe, vibrant and livable.

The several entities that are committed to Downtown safety and livability are the Business Improvement District (BID), Downtown Great Falls Association (DFGA), NeighborWorks Great Falls (NWGF), Downtown Development Partnership (DDP), Neighborhood Council #7, the Great Falls Public Library, and the Great Falls Police Department (GFPD). These organizations play a leadership role in developing a coordinated community response to safety concerns in the Downtown area.

A separate report has been compiled outlining the accomplishments and achievements resulting from the 2013 Downtown Safety Plan.

ACTION PLANS – WHERE DO WE GO FROM HERE?

The success of our Downtown revitalization efforts is fundamentally tied to both increasing the perception of safety, and the tangible improvements to actual safety. This will be accomplished by focusing on local, specific problems. The Downtown Safety Alliance urges the Downtown Development Partnership to assist in advocating for funding for the various projects the Safety Alliance wishes to tackle. The whole community must be brought into the Plan for it to be successful. The community must be mobilized to participate in making Downtown a safer space, both in perception and in reality. Rebuilding the social infrastructure of the Downtown area, engaging the residents, and increasing the social capital of the Downtown are critical components of this effort.

The Downtown Safety Plan was built on deep analysis of best practices for crime, safety and community revitalization. Building this updated plan, we are reminded to seek out relevant data and statistics to show the change and impact our work has had over time – as well as to demonstrate it in our work going forward. We urge the DDP to build those metrics into their work, as well.

The 2021 Safety Plan makes the following recommendations for future work to implement the Downtown Master Plan:

1. Education through Community Building and Communication
2. Support the Great Falls Police Department
3. Address Problem Properties
4. Develop and strengthen innovative, effective systems
5. Support Coins for a Cause
6. Encourage Responsible Use
7. Encourage the community to be PROUD TO BE DOWNTOWN

These recommendations and their timelines for accomplishment need to be approved by all partners who are being requested to sponsor them.

1. *Education through Community Building and Communication*: Education and communication are the primary components of a strong safety plan.
 - A. *Develop Educational Programming*: Coordinate with interested organizations to hold a variety of fun, engaging programs to educate the community about a variety of safety topics. Topics might include:
 - i. *Emergency Preparedness and Disaster Planning*
 - ii. *Violence Prevention Education*
 - iii. *Crime Prevention Education*
 - iv. *Understanding Crime and Statistics*
 - v. *Neighborhood Business and Watch Programs*
 - vi. *Providing messaging and promotional support to businesses with [NO WEAPONS PERMITTED ON PREMISES] or equivalent signage, and working with tavern owners to promote safety at all Downtown bars and casinos*
 - vii. *Local efforts to improve legal systems and outcomes such as mental health court, veterans court, drug court and crisis intervention systems*
 Additional topic ideas are presented on page 12.

MEASURE OF SUCCESS: Within the next two years, the Downtown Safety Alliance will partner with at least 6 community organizations to hold at least 12 public education events reaching at least 200 people.

Suggested Responsible Organizations: Great Falls Public Library, BID, NWGF, Alluvion

- B. Expand Safety Communication Channels:** Create an integrated plan for communicating about the Downtown Safety Plan including information on our ongoing work, past accomplishments and community safety resources. The plan should include:
- i. Sharing targeted information to key stakeholders through press releases, letters to the editor, presentations to local government and community groups
 - ii. Developing a dedicated Section of the DDP Website to provide information on the Downtown Safety Plan
 - iii. Releasing regular social media messages regarding the Downtown Safety Plan including information on our ongoing work, past accomplishments and community safety resources
 - iv. Providing resources (including promotion of websites helpful to the general population) and encouragement for Downtown partners to share safety information. A limited resource guide is on pages 10-11.

MEASURE OF SUCCESS: Over the next two years, the Downtown Safety Alliance will:

- Distribute targeted information to stakeholders at least every other month;
- Modify the DDP website as recommended above;
- Distribute social media posts about safety at least twice a month to partners who maintain social media; and
- Demonstrate that at least 5 Downtown partners have shared Safety information through their own communication channels.

Suggested Responsible Organization: DDP

- 2. Support the Great Falls Police Department:** The Great Falls Police Department has an essential role in improving the safety of Downtown Great Falls.

- A. SCRAM Program:** Publicize the SCRAM program and encourage Downtown businesses and residents to participate.

MEASURE OF SUCCESS: Over the next two years, Downtown participation in the SCRAM program will increase by 10%.

Suggested Responsible Organizations: DGFA, BID, NWGF, NC7, City of GF

- 3. Support the Planning and Development Department with Code Enforcement:**

- A.** Educate the community regarding City Codes dealing with neighborhood issues. Promote submission of written complaints to the City for issues. Encourage community members who are concerned about repeat crime and

code violations to keep a notebook that notes the date and time of the crime or suspicious activity. Advocate for adequate staffing and resources.

MEASURE OF SUCCESS: Over the next two years, successful resolution of Code Violations in the Downtown area will increase by 10%. We understand that additional support for the Code Violations Department will be needed to meet this goal.

Suggested Responsible Organizations: DGFA, BID, NWGF, NC7, City of GF

4. *Address Problem Properties:* Problem properties create a perception of danger and increase unsafe behavior. DSA will:

- A. Work with Neighborhood Council #7, along with the other Neighborhood Councils, to develop best practices for addressing problem properties;
- B. Coordinate with City Planning and Development, City Code Enforcement, City Attorney Office and the City Commission working to ensure that we address problem properties, while ensuring that all community members have a place to live;
- C. Support efforts to increase safe housing options in Downtown.

MEASURE OF SUCCESS;

- Within two years a “best practices for problem properties” document that guides community members on how to report problem properties will be created and distributed across Downtown;
- Within three years, City Officials will upgrade Code Enforcement to handle problem property complaints in a timely manner; and
- Within three years, at least three projects to increase Downtown housing through development of new or remodeled housing will be at least in the construction phase.

Suggested Responsible Organizations: NC7, Code Enforcement, City Attorney Office

5. *Develop and strengthen innovative, effective systems:* Partner with Downtown businesses and organizations to advocate for implementation of innovative best practice solutions.

- A. Support community efforts to establish mental health court, veterans court, drug court and crisis intervention systems; and
- B. Support and assist the Crime Task Force approved by the City Commission in April 2021 as requested.

MEASURE OF SUCCESS;

- Over the next two years, the Downtown Safety Alliance will provide tangible support (testimony, funding, partnerships) that helps to enable at least one community system innovation; and

- The Downtown Safety Alliance will provide feedback to the Crime Task Force during its information gathering phase if requested.

Suggested Responsible Organizations: DSA

6. *Support Coins for a Cause:* Many people feel unsafe when approached by panhandlers. Providing information about panhandling and supporting Coins for a Cause can discourage panhandling.
 - A. Create a new Coins for a Cause PSA that provides contact information and that focuses on positive outcomes and avoids stigmatizing Downtown; and
 - B. Continue to educate businesses and residents about Coins for a Cause.

MEASURE OF SUCCESS:

- Over the next 6 months, the Downtown Safety Alliance will create a new Coins for a Cause PSA; and
- Over the next two years, Coins for a Cause will raise at least \$1,000 for Downtown service organizations.

Suggested Responsible Organization: BID

7. *Encourage Responsible Use:* Work with Downtown organizations and businesses to enact zoning and enforce existing regulations to make Downtown livable, with an emphasis on ensuring that mood-altering substances are sold and consumed responsibly.
 - A. Continue monitoring low-cost alcohol with the assistance of the Tavern Association; and
 - B. Advocate for thoughtful zoning of newly legal marijuana businesses.

MEASURE OF SUCCESS;

- Over the next two years, the availability of low-cost alcohol in the Downtown area will decrease (as measured by periodic assessment of items for sale at bars and stores); and
- Within the next 12 months, the City Commission will adopt marijuana zoning laws that respect safety within the Downtown Master Plan.

Suggested Responsible Organizations: Tavern Association, DSA, Alliance for Youth, Alluvion

8. *Encourage the community to be PROUD TO BE DOWNTOWN:* Building the Downtown Social infrastructure and the social capital of Downtown residents and businesses increases the safety of Downtown.
 - A. Support “National Night Out,” “Take Back the Night,” and other community activities;

- B. Continue with volunteer street and alley clean-up efforts;
- C. Continue to support Great Falls Urban Art Projects and murals. Art Downtown supports a safe and welcoming environment;
- D. Encourage investment in housing and business to strengthen the Downtown community;
- E. Encourage investment in social infrastructure (such as parks, Library, schools, cultural organizations and clubs) to build a stronger Downtown;
- F. Encourage and participate in community surveys, such as those conducted by NeighborWorks Great Falls Community Impact Measurement, which reflects people's perception of safety and community connections, and United Way's periodic survey;
- G. Support funding opportunities for an array of safety measures including mental health court, drug court, community services, and improvements in law enforcements.

Suggested Responsible Organizations: DSA, DGFA, BID, NWGF, Chamber, GF Public Library, YWCA, Neighborhood Councils, United Way, Alluvion

MEASURE OF SUCCESS:

- Over the next two years, there will be at least two "Take Back the Night" or similar events;
- At least every 6 months, there will be specific street and alley clean-up activities;
- Over the next two years, the Great Falls Urban Art Project will host at least 6 art projects;
- Over the next two years, at least 2 additional Downtown art projects/murals will be installed in Downtown; and
- Over the next 10 years, at least 50 new housing units will become available in Downtown, with at least 10% of them available as low-income housing units.

Action Items and Next Steps;

The Downtown Safety Plan Update team will present this draft document to the Downtown Safety Alliance and then to the Downtown Development Partnership. Assuming that it will be adopted and approved, the team will ask GFPD and the City Legal Department to review it, for their input and suggestions.

Upon approval from those entities, we will be available to provide background and information about the Plan and our work to all of the Neighborhood Councils, City Commission, and interested groups, so that they see what we are doing and accomplishing.

Until that time, the Safety Alliance will continue to update the Safety Plan Matrix. Working together, we can make the Downtown more safe, vibrant and livable.

DOWNTOWN PUBLIC SAFETY RESOURCE AND REFERRAL LIST

American Red Cross of Montana

1300 28th Street South
Great Falls, MT 59405
800-272-6668

The Red Cross divides its mission into five lines of service: lifesaving blood, disaster relief, health and safety, international services, and youth preparedness.

www.redcross.org/local/montana/about-us.html

Cascade County Disaster and Emergency Services

521 1st Avenue NW
Great Falls, MT 59401
406-454-6900

Coordinates all response agencies / departments preparation for emergencies/ disasters. Additional resources available on their website.

www.cascadecountymt.gov

Great Falls Animal Control

406-727-7688 X5

Responsible for the collection, impoundment and care of stray or vicious dogs, cats, and other animals, enforcing city ordinances and state laws relating to control of animals, and designed to control the domesticated animal population. Some of the situations Animal Control handles include; stray animals, animal bites, animal cruelty, dog barking, and issuing special animal permits and monitoring compliance.

Great Falls Code Enforcement

406-455-8574

Addresses complaints relative to rubbish, junk vehicles, property maintenance, graffiti, and other related issues. Issues citations to property owners who do not maintain their property, who abandon building projects, or who are in violation of City Codes.

www.greatfallsmt.net/community/citizen-complaint-request-form

Great Falls Fire Department (Non-Emergency)

105 9th Street S
406-727-8070

www.greatfallsmt.net/fire

Great Falls Police Department

112 1st Street South
www.greatfallsmt.net/police

- **EMERGENCIES DIAL 911**

For situations that require an emergent and immediate law enforcement, fire or emergency medical response.

- **NON-EMERGENCIES DIAL 406-727-7688 X 5**

To speak to an officer regarding a situation when there is no imminent danger to a person or property.

- **ONLINE REPORTING**

<https://greatfallsmt.net/police/report-crime-online-gfpd-investigates-crime-247>

To report non-emergency, misdemeanor, or “cold call” type reports. For example: shoplifts (when the suspect is gone), theft of a bicycle, gasoline, or general theft, vandalism, lost property, and informational complaints.

A voluntary online reporting system that allows you to report non-emergency crimes that do not require the presence of a police officer.

The crime must have occurred within the past six months and not within the past 30 minutes.

DO NOT report stolen vehicles, stolen firearms or any thefts from an unattached or attached garage through this form.

- **REGISTER A VIDEO CAMERA**

<https://greatfallsmt.net/police/security-camera-registry-and-mapping-scram> (SCRAM)

Register a privately-owned exterior surveillance system with the City’s Security Camera Registry and Mapping (SCRAM) program. If a system captured information that may be pertinent to a crime, GFPD would arrange a convenient way to retrieve the information from the owner. The system owner’s participation is always voluntary.

2-1-1

Similar to 911: Suicide prevention hotline, and also provides information, referrals to services such as basic human needs, physical and mental health, employment support, support for older Americans and persons with disabilities, volunteer opportunities and donations, as well as support for children, youth, and families.
