our Go Live date for the financial suite will be June 30th, 75 days ahead of schedule. OpenGov will be on site the week of June 1, 2026, managing final conversion that week.

- Water bills have been mailed.
- The new utility billing module will be ready for Q3 billing.

Trustee Causseaux moved to enter into executive session pursuant to section 24-6-402(4)(b), C.R.S. to confer with the Town Attorney for the purpose of receiving legal advice on specific legal questions and pursuant to section 24-6-402(4)(e), C.R.S. to determine the town's position regarding negotiations, all in connection with a request from the Baumann's for a license to allow their existing house and dock to continue to encroach onto town property. A. Discussion and Possible Action on Public Property Encroachment Agreement – Baumann Property

Town Attorney Krob reported that the Board is not yet close to an agreement but has reviewed the draft encroachment agreement and the applicant's correspondence. He stated that the Board requires a survey of both the subject property and the adjacent Jones parcel before proceeding. Additional considerations include addressing parking on Town property and evaluating appropriate timeframes. He noted that the standard 30-day enforcement provision may not be suitable in this case, and the Board may consider alternatives, including a longer notice period or potential property conveyance, pending further information. He also stated that no dock expansion would be permitted, and any decisions regarding the dock would be subject to further discussion.
