The Chair provided an overview regarding the printed proof ballots and the Ballot Proof Approval Form. The City Clerk presented proof Version 1 to the Commission for review. Discussion then ensued regarding whether or not there is a need to change the format of the Full-Term seats from rotating by candidate's last names across all precincts to listing by candidate's last names

alphabetically the same in all precincts. This is due to the number of Full-Term candidate seats being the same as the number of candidates, three (3) for City Council and one (1) for Municipal Judge. The Commission decided to keep the names rotated throughout all precincts, as this portrays fairness with no advantages for any of the candidates. The Commission continued review and proof reading all six (6) precinct ballot proofs in accordance with Ballot Proof Approval standards.

Motion by Walling, seconded by Antolin, regarding **approval of ballots –General Election November 7, 2023**, that the ballots be approved as presented.

No: None
