(See ZBA Agenda 05/06/24)

Reconvene the City Council Meeting

Item 8 PUBLIC HEARING

Item 8A RO-1 (RESTRICTED OFFICE) TO C (COMMERCIAL) REZONING AND SPECIAL LAND USE REQUESTS: 20100 MACK AVENUE, BUCCELLATO DEVELOPMENT, LLC

Open the Public Hearing. Receive and place on file all communications pertaining to this request. Hear any comments, first in support of, second in opposition to, the request from the audience. Close the Public Hearing.

Item 8A1 RO-1 (RESTRICTED OFFICE) TO C (COMMERCIAL) REZONING REQUEST:
The applicant proposes to rezone the site to allow for an interested commercial business to occupy the vacant building. The applicant wishes to seek zoning as C (Commercial District) to support an interested tenant, which would operate as an event space for children.

Prerogative of the City Council to concur with the City Planner's and Planning Commission's recommendations to approve the proposed rezoning at 20100 Mack Avenue (Parcel ID 44-012-05-0090-000) from the RO-1 (Restricted Office District) to C (Commercial Business) based on the following finding of fact:

- a. The subject site has been sitting vacant and is situated on the Commercial Corridor;
- b. Being architecturally consistent with the neighboring residential neighborhood;

- c. Expanding the site to commercial uses aligns with the direction of the Master Plan Future Land Use Plan Map based on discussions throughout the 2023-2024 master planning process.

Item 8A2 SPECIAL LAND USE REQUEST:

Following the Planning Commission’s recommendation for approval of the special land use and approval of the site plan, the applicant requests special land use approval for a children’s even space, called Friendship Factory, at 20100 Mack Avenue.

Since the specific use is not listed as a land use type in the Zoning Ordinance, a children’s event space would be considered a miscellaneous business establishment and it must be approved in accordance with the procedures set for a special land use approval, pending rezoning approval.

The applicant has applied for a rezoning request from RO-1 (Restricted Office) to C (Commercial Business) to allow for this use.

Prerogative of the City Council to concur with the City Planner and Planning Commission’s recommendations to approve the special land use request for a children’s event hall at 20100 Mack Avenue (Parcel ID 44-012-05-0090-000) based on the findings of compliance with the Ordinance, listed in the review and with the following conditions:

- a. The site is approved for rezoning from the RO-1 district to the C district;
- b. A shared parking agreement or parking waiver is approved, if necessary;
- c. At least one off-street parking space is designated as a pick-up and drop-off loading space.

Motion by Vaughn, seconded by Gafa, that all items on tonight's agenda be received, placed on file, and taken in order of appearance.

Motion carried by the following vote:

Yes: Brown, Bryant, Gafa, Koester, McConaghy, Vaughn
No: None
Absent: Granger

The first item discussed was regarding **the Proposed FY 2024-2025 Budget (Excluding Water/Sewer Budget)**. Deputy Treasurer/Comptroller Schmidt provided an overview of the revisions to the budget documents submitted for tonight's meeting.

The first revision was regarding the FY 2024-025 Budget Summary of Proposed Budget document, which updated the budget fund balance as of June 30, 2024. The previous version included only the actual budgeted numbers; the updated version includes the estimated budgeted numbers which reflected the budget analysis. This is more consistent of what the expected budget should be and how it's been done previously.

Other revisions were made in the Summary of Expenditures – Sections: Parks – Dept.752-795 “Transfer to Municipal Improvement – Ghesquiere Park Walking Path/Bathrooms & Lake Front Park (LFP) Storage Addition to Concession Stand” and Municipal Improvement Fund #401 “Ghesquiere Park Walking Path – Transfer from General Fund”. The previous version of this document included the Partial Walking Path expenses rather than the Full Walking Path expenses, which is updated in the revised version. The Full Walking Path is already included in the FY 2024-2025 Proposed Budget and has been updated in the Budget Summary.

Chair McConaghy requested a brief overview of the differences between this year and last year's budget.

Deputy Treasurer/Comptroller Schmidt stated that last year's revenue was \$15,717,817 compared to this year's projected revenue of \$16,512,068. The increases in revenue are mostly due to the increases in taxable value (approximately \$636,567), State Shared Revenue (approximately \$20,000), and an increase in building use rates.

Mr. Schmidt also stated that expenditures increased from \$17.3 Million to \$17.6 Million. A majority of the increases are due to the health care cost, the wage increases in personnel cost and other projects including Ghesquiere Park improvements to the bathrooms and the addition to the LFP concession stand.

A brief discussion ensued regarding the direction the city's trend of expenditures are going. In addition, contribution to the Pension Trust Funds, Supplementary Annuity, and Retiree Health Care was briefly addressed. It was stated that there was no additional transfer of funds included.

Councilmember Brown (Citizens' Recreation Commission Representative) addressed the following Commission's priority list:

1. Ghesquiere Park Bathrooms
2. Ghesquiere Park Pavilion
3. Walking Path (Commission considered completing in sections)

4. Disc Golf Course

Administration previously reviewed the Commission's recommendation and stated it was determined that completing the walking path in sections will cost approximately \$200,000 more than doing it all at once.

Discussion ensued regarding the efforts that Administration and the Grosse Pointe Woods Foundation are collaborating, including fundraising for a new toddler swing set at Ghesquiere Park. Other considerations addressed were disc golf course, refrigerated rink, unused five acres in Ghesquiere Park, and neighborhood concerns. Council wanted to make sure that the focus of the budget is on the needs of the community.

Deputy Treasurer/Comptroller Schmidt stated that the city's Fund Balance at 30% is healthy. It is recommended by the auditors to remain at least 15% - 20%.

Chair McConaghy thanked and congratulated Mr. Schmidt on his first budget process.

Motion by Koester, seconded by Bryant, that the Committee-of-the-Whole recommend to City Council approval of the Proposed FY 2024-2025 Budget.

Motion carried by the following vote:

Yes: Brown, Bryant, Gafa, Koester, McConaghy, Vaughn

No: None

Absent: Granger

The next item discussed was regarding **Updating Permitted Uses, Zoning Ordinance Amendments**. City Planner Wolf provided an overview stating five land use categories the Planning Commission has either recommended or are considering for recommendation as amendments to reflect current needs of the community. The following uses are as follows:

1. Home-Based Business/Home Occupation (Addition to Ordinance) – Allows a person to operate their business out of their home. Some businesses need zoning verification at the local level, including a wholesale dealer license. This is an addition to the zoning ordinance and will have Use Standards, which means the resident will not have free reign and can only use a certain amount of home space, cannot advertise at their residence and have a limited number of visitors or employees on-site for the purpose of their business.

2. Mixed Occupancy along Mack Avenue (Revision to Ordinance) – Currently the ordinance allows mixed occupancy only for residential houses on lots abutting Mack Avenue. The proposed ordinance allows any property/lot on Mack Avenue to have mixed occupancy including community facilities and churches. Taxable values may change, so it will be noted to first check with the Assessor's office.
3. Outdoor Cafes/Dining (Revision to Ordinance) – Allows year-round outdoor dining. The Planning Commission discussed reconsidering the restriction on structures in the public right-of-way. The Commission did not recommend allowing any enclosure to the public right-of-way, but to allow year-round outdoor dining options. Enclosures may remain within property lines but not on any public right-of-way.
4. Rooftop Dining (Addition to Ordinance) – During discussion with the Planning Commission regarding outdoor dining options and available spaces, rooftop dining was addressed. This would be an accessory use only for food establishments. The building inspection process will be required. This proposal would codify an opportunity for businesses to seek that option.
5. Permanent Makeup Services (New Addition) – This proposal would be as an accessory use to salons and/or medical offices in the C (Commercial) and RO-1 (Restricted Office District). This would allow for micropigmentation to be performed as a subset of beauty shop services, but not as a standalone primary use. A public hearing and formal recommendation from the Planning Commission are still needed for this specific use amendment. There will be a public hearing for this amendment at a future Planning Commission meeting.

Councilmember Vaughn (Planning Commission Representative) thoroughly reviewed the amendments with the Planning Commission and gave full support for a recommendation of approval to Council.

A brief discussion ensued regarding the review process for Outdoor Cafes/Dining and Rooftop Dining. It was stated that with the ordinance amendment, the properties are still to remain smoke-free.

This item will be placed on a future Council meeting agenda.

Under New Business/Public Comment, no one wished to be heard.

Motion by Bryant, seconded by Koester, that the meeting of the Committee-of-the-Whole be adjourned at 7:58 p.m. PASSED UNANIMOUSLY.

John Vitale spoke in support of the proposed rezoning, as a representative of the client, Buccellato Development, LLC. Friendship Factory, a franchise, has approached Buccellato Development as a potential tenant. It's a place primarily used for parties for tweens, ages 6-14, to hang out, build community and, craft.

The special land use is a stand alone request contingent on the rezoning request. The Master Plan currently being developed is proposing all of Mack Avenue be rezoned for Commercial.

Planner Wolf then provided information on the **special land use for a children's event space** and stated that the Planning Commission can consider additional conditions specific to the type of business going into the space. McKenna sees this as a suitable use of this location.

Discussion ensued around parking requirements, and the 20100 Mack (Friendship Factory) site plan review. Due to square footage, a parking waiver would be required which requires a Public Hearing by the Planning Commission. John Vitale provided additional details on how the space would be used by Friendship Factory. Provision of a dedicated drop off area/loading zone was discussed. If a shared parking agreement was in place, and approved by Grosse Pointe Woods attorney, then a parking waiver would not be needed. It is desired by the Planning Commission that GPW Public Safety be consulted related to the drop off/pick up needs.

MOTION by Bailey, seconded by Gilezan, that the Planning Commission approve the Special Land Use with 3 conditions: 1) the site is approved for rezoning from RO-1 Restricted Office to C Commercial district; 2) that a shared parking agreement or parking waiver is approved, if needed, to fulfill the off-street parking requirement; and 3) at least one off-street parking space is designated as a pick up/drop off loading zone.

Memorandum

TO: Grosse Pointe Woods City Council; Frank Schulte, City Manager; Paul Antolin, City Clerk
FROM: Brigitte Wolf, AICP
SUBJECT: Social District Recommendations – Updated
DATE: May 3, 2024

After further consideration and communication with businesses in the City of Grosse Pointe Woods, we would like to re-present a proposal to create a Social District. To establish a Social District with the Michigan Liquor Control Commission, we must establish “an area ... that is **shared by and contiguous to the premises of at least two other qualified licensees**” and that has clearly marked boundaries. Qualified licensees consist of bars/restaurants with a Class C, Tavern, Club, or Brewpub License to serve alcoholic beverages (beer, wine, spirits, or mixed spirits or drinks). The following qualified businesses are interested in participating in a Social District (also represented on Map Exhibit A):

- Crispelli’s Bakery and Pizzeria
- Mack Avenue Grill
- Salvatore Scallopini
- Da Edoardo Restaurant
- Bucci Ristorante
- Someday Brewing
- Ferlito’s Restaurant
- Telly’s Place
- Pendy’s Grosse Pointe

Once approved by the Michigan Liquor Control Commission (MLCC), they may serve alcoholic beverages on their licensed premises in **marked cups** to customers who may drink the alcoholic beverages anywhere within the Commons Areas of the Social Districts. More than one commons area may be created within the City, which is what we propose given the location of the interested participants.

The proposed districts include the “**Northern Social District**,” north of Vernier Rd., outlined in green on the map and the “**City Hall Social District**” outlined in blue.

The “**Northern Social District**” marked in green on the map includes:

- Mack Avenue with Vernier Road as the southern boundary and Hampton Road as the northern boundary, for the sidewalk on the west side of the street, the boundary is similar on the east side of the road except it excludes the public right of way in front of the gas station at the northeast corner of the Vernier Road and Mack Avenue intersection;
- Chene-Trombly Park; and
- Two (2) Crosswalks on Mack at Anita Road and Ridgemont to Hampton Road.

A successful Social District allows people to gather and meet friends or make new ones. Elements that contribute to a successful district include housing, restaurants, and “**parks, plazas, and other gathering areas.**”¹

The City will be working with participating businesses to add more public seating options in the right-of-way. However, given the seating options, size, location, public restrooms, and visibility of the Chene-Trombly Park we recommend including this park as an asset to include in the Common Areas to help make this District a success.

The “**City Hall Social District**” outlined in blue on the map spans:

- The public right-of-way on the west of Mack Avenue from Broadstone Street north to Lochmoor Boulevard,
- The public right-of-way on the east side of Mack Ave. from Cook Road north to Oxford Road;
- The front lawn of City Hall; and
- Three (3) crosswalks across Mack Ave at Cook Road, Torrey Road, and Lochmoor Boulevard.

The Commons Areas automatically included in the districts include the sidewalks along Mack Avenue and the side streets within the boundary, designated green space, and crosswalks (shown in Exhibit B and C). The City may also allow non food-establishments (salons, galleries, retails shops, etc.) within the District to participate.

We propose allowing the Social District to occur from May to October on Thursday, Friday, Saturday, and Sunday from 1pm until 10pm.

At any point in the future, the City of Grosse Pointe Woods may change the boundaries, hours, and days of the Social District with Council approval.

REQUIREMENTS TO CREATING A SOCIAL DISTRICT

Presented for consideration are the materials needed to establish a Social District designation with the MLCC, the materials include the following:

1. A copy of the Resolution passed by the governing body designating the Social District and common area;
2. A copy of the Management and Maintenance Plans, including the hours of operation, established by the local governmental unit for the Social District and common area;
3. A diagram or map that clearly shows the boundaries of the Social District and commons area and identifies the qualified licensees that are contiguous to the commons area on the diagram or map.

MANAGEMENT AND MAINTENANCE PLAN

City of Grosse Pointe Woods Social District

Operations and Maintenance Plan

Intent

In an effort to support local restaurants, bars, microbreweries, and similar food service businesses, the City of Grosse Pointe Woods has established a permitting process for temporary outdoor social districts and Commons Areas. Commons Areas are intended to allow for outdoor dining and alcoholic beverage consumption on City properties that are adjacent to or near associated businesses establishments. This application package is designed to ensure compliance with the Michigan Liquor Control Commission (MLCC) guidelines and Public Act 58 of 1998 as amended by Public Act 124 of 2020.

The Commons Areas are proposed to be administered through the Building Department and permits from both the MLCC and the City are required prior to utilization by qualified establishments. The Commons Areas will be monitored by the City's Police Department.

This plan can change at **any time** per the discretion of City Council and City Administration.

District Boundaries and Commons Areas

Commons Areas are intended to provide extra outdoor space for consumption of alcoholic beverages and increase foot traffic and gathering of peoples while ensuring sufficient separation between unrelated parties. The areas will accommodate seating options, barriers, boundaries, posted signage on ground mounted signs and accessory materials related to the offered services. Qualified establishments, as defined by PA 124 of 2020 may apply to utilize **certain specifically designated places within** the established Commons Areas.

The Common Areas for the Northern Social District include:

1. The sidewalk in the rights-of-way along Mack Avenue and side streets within the boundaries of the district;
2. Pedestrian crossing across Mack Avenue at Anita Road and Ridgemont to Hampton Road.
3. The Chene-Trombly Parks, which will close at dusk;
4. In accordance with the MLCC guidelines, all Commons Areas must be "contiguous to the premises of at least 2 qualified licensees."

The Common Areas for the City Hall Social District include:

1. The right-of-way along Mack Avenue and side streets within the boundaries of the district;
2. Pedestrian crossing across Mack Avenue at Lochmoor Boulevard, Torrey Road, and Cook Road;
3. The front lawn of City Hall along the Mack Plaza Drive;
4. In accordance with the MLCC guidelines, all Commons Areas must be "contiguous to the premises of at least 2 qualified licensees."

It is also intended that Commons Areas may be shared by multiple businesses, so long as the shared use is defined by the City authorization and joint operation and maintenance guidelines are established. However, public spaces immediately in front of a business establishment will be reserved solely for that business (exp. public

sidewalks and parking spaces). All designated spaces will be subject to review by Grosse Pointe Woods Police and Fire Departments for traffic and safety considerations.

Other Options for Outdoor Dining and Alcoholic Beverage Consumption

The establishment of the Commons Areas in accordance with the new MLCC provisions in no way negates the ability of businesses to establish sidewalk cafes for outdoor dining and alcoholic beverage consumption or exempts businesses from having to apply for the City's Outdoor Café and Dining Application in accordance with the pre-existing MLCC guidelines and City ordinances. The Commons Areas are intended to be supplemental and in addition to these previous provisions.

Operations Plan

The operations of the Grosse Pointe Woods Social District will be overseen by the City Manager after consultation with the Director of Public Safety with assistance from other City Departments as necessary. The Grosse Pointe Woods Social District is solely in place to support local business owners and has no regulatory or taxing authority. The City of Grosse Pointe Woods will provide any supporting documentation that local businesses need for their social district permit applications to the Michigan Liquor Control Commission.

The Grosse Pointe Woods Social District Commons Area hours of operation are as followed:

1pm – 10pm Thursday through Sunday in the months of May to October.

The Commons Area will be closed on the following US Holidays: New Years Day, Independence Day, Thanksgiving, Christmas Eve, and Christmas.

The City will provide signage throughout the district that clearly marks the boundaries of the entire Social District and Commons Areas. Additionally, Commons Areas hours of operation signs will also be placed at the boundary line North, South, East, and West. Public Safety Officers will be utilized to enforce the hours of operations and commons areas boundaries when necessary and appropriate.

The City will also have a dedicated section of its website that will include a copy of this plan, hours of operations, maps showcasing boundaries and participating businesses. All of the City's communication channels will be utilized to notify consumers when the Social District and/or commons areas are closed for maintenance or for the holidays stated above.

Maintenance Plan

Commons Areas of the Social District are subject to the following requirements:

1. Boundaries, structures, and materials associated with Commons Areas shall:
 - a. Not impede drivers, pedestrians, or wheelchair users. *Note: The City will consider the extended closure of sections of public parking lots and streets, subject to maintaining adequate access to the surrounding properties.*
 - b. Not block sight visibility of remaining parking lot aisles or intersections.
 - c. Not impede emergency vehicle and personnel access.
 - d. Not prevent access to nearby businesses or homes.
 - e. Be approved by City of Grosse Pointe Woods Police and Fire Departments.
2. Alcohol service shall conform to all Michigan Liquor Control Commission requirements, including any Social District and Commons Areas Permit requirements. Specifically:
 - a. The serving container must prominently display the licensee's trade name or logo or some other mark that is unique to the licensee that sold the alcohol.

- b. The serving container must prominently display a logo or some other mark that is unique to the commons area.
 - c. The serving container is not made of glass.
 - d. The serving container does not have a liquid capacity over 16 ounces.
3. **Hours of operation shall begin no earlier than 1:00 PM and food and beverage service shall discontinue in the Commons Areas no later than 10:00 PM.** Service shall not extend beyond the range established in the MLCC or City permits.
4. Service shall conform to the permitted days of operation during the months of **May to October**.
5. The layout of boundaries, structures, and materials shall conform to the proposed outdoor Commons Area layout plan during open hours. Outdoor dining areas must receive the proper permits with the Building Department and undergo annual renewal and must comply with the Zoning Ordinance.
6. Tents and other temporary shelter structures shall be approved by Fire and Building Official.
7. Waste receptacles shall be provided within the Commons Area and shall be emptied regularly during open hours and at close each day.
8. Heaters must be approved by the Building and Fire Department (type and location).
9. Smoking is not permitted within designated Commons Areas.

Signage and Barriers

The City will prepare generic signs as required by the MLCC Rules that identify the general boundaries of the Commons Areas. The individual establishments may be required to provide additional barriers to define the portion of the Commons Area they plan to utilize and provide for the safety of their customers/patrons. Additional barriers or barricades as specified by the City may be required when the area utilized is within a parking lot and/or on a public sidewalk or right-of-way. The City will assist in coordination between the permitted establishments to minimize the necessary investment in additional barriers/barricades.

The marked cups from participating businesses will be marked with a uniform logo, such as in the image to the right.

Revocation of Designation

The City Council may revoke the designation of a commons area if it determines that the commons area threatens the health, safety, and welfare of the public or has become a nuisance. Before revoking the designation of a commons area, the City Council shall give notice as required under the Open Meeting Act, MCL§15.761 et seq and hold at least 1 public hearing on the proposed revocation.

The City shall file the revocation of the designation with the Michigan Liquor Control Commission.

Requirements of Permit Holders

A qualified licensee whose licensed premises is shared by and contiguous to a commons area in a Social District designated hereunder shall obtain from the Michigan Liquor Control Commission an annual social district permit.

The holder of a social district permit issued by the Michigan Liquor Control Commission may sell alcoholic liquor for consumption within the confines of a commons area if both of the following requirements are met:

The holder of a social district permit only sells and serves alcoholic liquor on the holder's licensed premises.

The holder of a Social District permit only serves alcoholic liquor to be consumed in the commons area in a container to which all of the following shall apply: (i) the container prominently displays the social district permittee's trade name or logo or some other mark that is unique to the Social District permittee's on-premises license; (ii) the container prominently displays a logo or some other mark that is unique to the commons area; (iii) the container is not glass; and (iv) the container has a liquid capacity that does not exceed 16 ounces.

A purchaser may remove a container of alcoholic liquor sold by the holder of a Social District permit from the Social District permittee's licensed premises if both of the following conditions are met: (i) the purchaser does not remove the container from the commons area and (ii) while possessing the container, the purchaser does not enter the licensed premises of a Social District permittee other than the Social District permittee from which the purchaser purchased the container.

The consumption of alcoholic liquor in the commons area as allowed herein may only occur during the legal hours of the sale of alcoholic liquor of the social district permittee.

Reasonable conditions may be applied by the City to ensure the protection of public health, safety, and welfare. The City reserves the right to request additional details and information to ensure the protection of public health, safety, and welfare.

Plan amendments may be considered at any time but must comply with all requirements for Commons Areas.

Subject: RO-1 to C Rezoning Request for 20100 Mack Avenue
Parcel ID: 40-012-05-0090-000
Rezoning Review #1
Existing Zoning: RO-1, Restricted Office District
Proposed Zoning: C, Commercial Business

Dear Councilmembers,

We, along with Planning Commission, have reviewed the above application for consideration of a rezoning request. Justin Buccellato (the "Applicant") requests a rezoning for 20100 Mack Avenue (the "Site") from Restricted Office to Commercial Business to allow for the consideration of a special land use request to open a children's event space. The site itself contains an existing two-story office building of approximately 3,240 square feet alongside an existing nine-space parking lot. Given that the lot has been vacant for a couple of years, the Applicant wishes to seek a rezoning to support an interested commercial business not permitted in the district as zoned, RO-1 Restricted Office. This review is based on the application submitted March 1, 2024.

SUMMARY OF REQUEST

The applicant proposes to rezone the site to allow for an interested commercial business to occupy the vacant building. The existing structure onsite was constructed as an office building approximately 30 years ago. It has been vacant since September 2022. The applicant wishes to seek zoning as the C Commercial District to support an interested tenant, which would operate as an event space for children.

There is an existing two-story office building with an existing parking lot on the subject parcel. The site sits at the northeast corner of Mack Avenue and Fairholme Road. It shares its eastern boundary with a single-family residence and its northern boundary with additional office uses.

SURROUNDING SITE USES AND ZONING

The following chart provides information on existing land use, current zoning, and future land use.

Location	Existing Land Use	Zoning District	Future Land Use Designation
Subject Site	Vacant office building and parking lot	RO-1	Office; proposed as commercial in the 2024 Zoning Ordinance draft
North	Office	RO-1	Restricted Office
South	Office	RO-1	Office
East	Single-family residential	R-1D	Single Family Medium Density
West	General commercial	C	General Business/Mixed Use

RECOMMENDATIONS

Rezoning Request Consideration. Following a public hearing at the March 26, 2024, Planning Commission meeting, the Commission unanimously voted to recommend the rezoning without conditions. Pending any comments from the public during the second public hearing, we recommend the City Council consider the following motion:

I move to recommend approval of the proposed rezoning at 20100 Mack Avenue (Parcel ID 44-012-05-0090-000) from the RO-1 Restricted Office District to C Commercial Business based on the following finding of fact:

- The subject site has been sitting vacant and is situated on the Commercial Corridor;*
- Being architecturally consistent with the neighboring residential neighborhood; and*
- Expanding the site to commercial uses aligns with the direction of the Master Plan Future Land Use Plan Map based on discussions throughout the 2023-2024 master planning process.*

Respectfully submitted,

McKENNA

Rezoning Review

1. HARMONY WITH MASTER PLAN

Is the requested rezoning consistent with the goals, policies, and future land use map of the Master Plan? Or, has applicant demonstrated conditions have changed significantly since the Master Plan was developed, and request is demonstrably consistent with the development trends in the area?

Findings:

The 2006 Master Plan Future Land Use Map designates this area as *Office*, described in the text of the Master Plan as, “All areas used for office purposes including professional and medical office complexes.” However, conditions and the demand for professional office spaces has since changed, especially since COVID-19, as more people work from home. The building, despite an exterior remodel for a more modern, appealing façade, has been vacant since September 2022. Additionally, the City is currently in the process of updating its Master Plan, which proposes removing Restricted Office designations and classifying this property, and all other properties abutting Mack Avenue, as Commercial.

Mack Avenue, being the commercial spine of and providing principal entryways into the community receives special attention in the Master Plan. Elements called out in the Plan related to Mack Avenue include architectural design and parking. The Plan calls the popular “colonial theme” in local architecture “attractive” and “still acceptable as a suitable style.” The design of the building on the subject parcel can be called “colonial” and in fact despite being for office use, the building blends harmoniously in terms of design, scale, and style with the neighborhood to its east.

2. COMPATIBILITY OF ENVIRONMENTAL FEATURES

Are the site’s physical, geological, hydrological and other environmental features compatible with the host of uses permitted in the proposed zoning district, especially for sites without public utilities?

Findings: Given the off-street parking lot, the site’s physical features are conducive to uses permitted in the C, Commercial District. Parking requirements in Grosse Pointe Woods mandate one space per 300 square feet of gross floor area for general business and professional offices. General business uses would require 3.6 parking spaces. The nine spaces currently onsite more than meet both the needs of general business / commercial purposes. There is not any known physical, geological, hydrological, or other environmental features that would inhibit commercial retail uses at this site.

3. COMPATIBILITY WITH SURROUNDING USES

Are all of the potential uses allowed in the proposed zoning district compatible with surrounding uses in terms of land suitability, density of use, environmental impacts, nature of use, traffic impacts, aesthetics, infrastructure and maintenance of property values.

Findings: The site shares its northern boundary with additional office use, zoned RO-1. Immediately east is a single-family residential district with an R1-D, One-Family Residential classification. Across Mack Avenue to the west is a mile-plus corridor of largely single-story commercial storefronts, interrupted by the Grosse Pointe Woods

municipal complex nearby to the southwest. Across Fairholme Road, is a single-family home recently converted to office use on an RO-1-zoned parcel, with additional office uses south of that.

Aesthetically, the office building on the subject site blends well with its surroundings. It is similarly scaled to the office uses up and down the east side of Mack Avenue as well as the commercial uses across Mack. The scale of the building creates a nice transition between the commercial corridor along Mack Avenue and the Fairholme residential neighborhood. In fact, the modern gabled roof, brick façade, setbacks and landscaping give the building a residential feel.

Furthermore, the onsite parking exceeds the required number of spaces for general business by a number of spaces and the traffic is directed by the ingress/egress of Mack Avenue. No curb cuts exist, nor can they be accommodated on Fairholme Road. Local infrastructure is well suited to accommodate site users.

4. ECONOMIC VIABILITY OF CURRENT ZONING

Has the applicant demonstrated that he/she cannot receive a reasonable return on investment through developing the property with at least one (1) of the uses permitted under the current zoning?

Findings:

Despite recent exterior renovations, with its designation as RO-1, the existing office has been vacant since September 2022. The owner is requesting this rezoning to allow for a commercial tenant who is interested in leasing the property, enabling them to receive a reasonable return on their investment in modernizing this property.

5. DEMAND FOR PROPOSED USE

Is there evidence of demand for additional land uses permitted in the requested zoning district in relation to the amount of land currently zoned and available to meet the demand?

Findings: Based on the interest of the potential tenant for this property, it is clear that there is demand for commercial spaces with off-street parking lots along Mack Avenue. However, with its current zoning designation, it has been vacant.

6. EXCLUSIONARY ZONING

Is the rezoning necessary to avoid exclusion of a lawful land use?

Findings: No, the C Commercial zoning classification exists in other portions of the City on corner lots abutting Mack Avenue and residential streets. This rezoning is necessary to ensure the building is occupied and used for its highest and best use, which has not been possible with its current zoning designation.

7. DESIRABLE ZONING POLICY TREND

Is the rezoning establishing a desirable zoning trend policy for similar or identical lands?

Findings: This rezoning may be a desirable zoning trend for similar parcels of land along Mack Avenue. The trend of parcels abutting Mack Avenue has been to function retail and restaurant spaces or a combination of offices/commercial uses.

8. HARMONY WITH DIMENSIONAL REQUIREMENTS

Are the boundaries of the requested rezoning reasonable in relationship to surroundings and ability to meet the dimensional regulations in the zoning ordinance?

Findings: If the site is rezoned to C, the existing office structure meets all dimensional regulations in the zoning ordinance in relation to the adjacent office and residential uses. The requested rezoning is thus reasonable in relation to its surroundings.

9. ZONING CORRECTION

Does the requested zoning correct an error in the zoning map? Or zoning text?

Findings: There is no known error in the zoning map or zoning text associated with this site.

10. AVOIDANCE OF SPOT ZONING

Does the requested rezoning avoid creating an isolated and unplanned spot zone? (i.e. does it provide the landowner with privileges not readily available to other landowners in similar circumstances?)

Findings: In considering its adjacent uses on the west side of Mack Avenue, zoning this parcel as C Commercial would not be created an isolated spot zone. This rezoning would allow the landowner secure a tenant that would enhance the commercial corridor and offer a service to the community that is not currently available. Additionally, as stated prior, a recommendation of the future land use in the 2024 Master Plan update is to remove the RO-1 zoning classification and instead have office uses be considered a part of the C Commercial district.

10. REQUEST SUBMISSION

Has the request previously been submitted within the past one (1) year? Or have conditions changed or new information been provided?

Findings: In fall of 2022, the property owner did sough a rezoning from P-1 to RO-1 Restrict Office to allow for the existing building to be occupied by a tenant for office uses. This was approved more than one year ago. New information and circumstances, such as its vacancy since then, has shown the changing conditions in that there is less of a demand for office uses as there is for more general commercial business uses.

Subject: 20100 Mack (Friendship Factory) Special Land Use Review
Parcel ID: 40-012-05-0090-000
Zoning: C- Commercial Business (*if rezoning is approved*)

Dear Councilmembers,

Following the Planning Commission's recommendation for approval of the special land use and approval of the site plan, Justin Buccellato (the "Applicant") requests special land use approval for a children's event space, called Friendship Factory, at 20100 Mack Avenue (the "Site").

Since the specific use is not listed as a land use type in the Zoning Ordinance, a children's event space would be considered a miscellaneous business establishment and it must be approved in accordance with the procedures set for a special land use approval, pending rezoning approval.

The Applicant has applied for a rezoning request from RO-1 Restricted Office to C-Commercial Business to allow for this use.

PROJECT SUMMARY

The site plan application has been submitted and approved by the Planning Commission to conduct an interior renovation of the existing, unoccupied two-story office building that also has a basement storage area and a surface parking lot with nine off-street parking spaces. The interior renovation proposes adding a glitter room, an arts and crafts station, and a small retail space on the lower level, with a dining area and photo booth on the upper level.

The Friendship Factory operates as a pre-booked children's event space that typically accommodates 6-8 children per party. They host one party at a time and do not book overlapping parties.

At the Planning Commission Meeting, following the public hearing, in which a neighboring resident on Fairholm Road shared concerns about adding this business type to the end of higher-traffic street that has limited on-street parking, one of the main points of discussion was the parking and drop-off pick-up traffic associated with this business type.

Special Land Use Review #1: 20100 Mack Avenue – May 6, 2024
City of Grosse Pointe Woods, MI

The site plan meets the off-street parking requirements set by Section 50-5.3; however, to accommodate the drop-off and pick-up flow of traffic, Planning Commission requested at least one off-street parking space be designated as drop-off pick-up only. This accommodation was included in the site plan approved at the April 23, 2024 Planning Commission meeting.

As an extra measure, the potential tenants have attempted to contact the property owner to the north, the medical office, to arrange a pro-active parking agreement to use their parking lot for any overflow parking needs; however, they have been unable to reach the owner. Nevertheless, based on the business model of the proposed business and the requirements of the Ordinance, arranging for additional off-street parking spaces is not mandatory.

RECOMMENDATION

Special Land Use Consideration. As a special land use, there should be strict compliance with Ordinance regulations and Planning Commission/City Council may impose reasonable standards to offset negative impacts on surrounding properties.

Following the public hearing and review at the March 26, 2024 Planning Commission meeting, the following motion was made:

I move to recommend approval of the proposed special land use for a children's event hall 20100 Mack Avenue (Parcel ID 44-012-05-0090-000) to City Council based on the findings of compliance with the Ordinance listed in the review and with the following conditions:

- 1. The site is approved for rezoning from the RO-1 district to the C district;*
- 2. A shared parking agreement or parking waiver is approved, if necessary; and*
- 3. At least one off-street parking space is designated as a pick-up and drop-off loading space.*

Given that the site plan meets the off-street parking requirements of the Ordinance, a formal shared parking agreement or parking waiver is not necessary. Thus, we recommend the following motion of approval with conditions:

I move to approve the special land use request for a children's event hall at 20100 Mack Avenue (Parcel ID 44-012-05-0090-000) based on the findings of compliance with the Ordinance, listed in the review and with the condition that at least one off-street parking space is designated as a pick-up and drop-off loading space.

Respectfully submitted,

McKENNA

Special Land Use Review

This project is reviewed against the Zoning Ordinance Miscellaneous Business Establishment requirements and the Master Plan for the City of Grosse Pointe Woods. We offer the following comments for your consideration; underlined items require additional discussion and/or identify outstanding items to be addressed.

1. HARMONY WITH MASTER PLAN (MI Zoning Enabling Act)

Similar to the conditions of rezoning request, is the proposal consistent with the goals, policies, and future land use map of the Master Plan? Or, has applicant demonstrated conditions have changed significantly since the Master Plan was developed, and request is demonstrably consistent with the development trends in the area?

Findings: The 2006 Master Plan Future Land Use Map designates this area as *Office*, described in the text of the Master Plan as, “All areas used for office purposes including professional and medical office complexes.” However, conditions and the demand for professional office spaces have since changed, especially since COVID-19, as more people work from home. The building, despite an exterior remodel for a more modern, appealing façade, has been vacant since September 2022. Additionally, the City is currently in the process of updating its Master Plan, which proposes removing Restricted Office designations and classifying this property, and all other properties abutting Mack Avenue, as Commercial.

2. HAZARDOUS OR DISRUPTIVE SMOKE, FUME, GLARE, NOISE, VIBRATION OR ODOR POLLUTION (Sec. 50-4.11)

To promote such business development insofar as it is possible and appropriate in each area, uses are prohibited [in the C Commercial District] which would create hazards, offensive and loud noises, vibration, smoke, glare, heavy truck traffic or late hours of operation.

Findings: Based on the proposed business plan for the children’s event space, with events and gatherings to occur indoors, we do not find any hazardous or disruptive impact that would prevent the proposed business from occupying this space. Based on comments received during the public hearing or findings by commissioners, City Council may impose reasonable standards to offset negative impacts to surrounding properties.

3. CONSISTENT WITH INTENT OF THE ZONING ORDINANCE (Sec. 50-3.1)

The intent of the C Commercial Business district is to encourage the concentration of local business areas to the mutual advantage of both the consumers and merchants and thereby promote the best use of land at certain strategic locations and avoid the continuance of encouraging marginal strip business development along major streets.

Findings: Pending rezoning approval, the proposed commercial business provides a service unique to nearby residential areas and offers a space for children’s planned gatherings, events, and/or parties. So long as the proposed business operates with enforcement of avoiding loud noises, vibration, smoke, glare, and late hours of operation, we find this proposed use as the best use of land and find that it encourages business development along Mack Avenue.
