Re: Township Coordinator's Report – May 2026

Parks:

Bennett Park & Water Trail Access Improvements Grant TF22-0107: The playground equipment has been installed and the playground surfacing should be completed by the end of the month. The restoration by LJ will be finalized by the beginning of June. I have contacted the Hamburg Garden Club for final design thoughts, and will be getting quotes from a Landscaping Company to do the garden beds at both the playground and the kayak launch. The plaque has been ordered and we have 2 benches to be installed. Once I know when the beds will be installed and the project will be complete, I will schedule a ribbon-cutting. My guess is that will be sometime in July after the America 250 event and Fun Fest.

You can find a link to the project plans on the Parks & Recreation home page here:

https://www.hamburg.mi.us/departments/parks_and_recreation/index.php

Figure 1- Space Pod Feature (Fiber)

Figure 2- Music (Fiber)

Figure 3- Merry Go Round, Climber, Saucer Swing (Poured in Place Surface)

Figure 4- Gazebo Pathway (Transition must be flush with surface) – This structure needs stain and minor repair. Suggest Brown Stain, with Dark Green Trim like Adult Workout.

There are other features in this area also being discussed as we are no longer planning a Story Walk in West Park. We are investigating pocket gardens, intergenerational play areas, future playground “pods”, and a possible respite area near the playground features. Anyone who is interested in our Adopt A Feature program can contact me at dhenneman@hamburg.mi.us. We have investment opportunities of all monetary levels and are open to facility suggestions!

B&G has installed internal wayfinding signage in the complex and they have driveway signs which will direct folks into the right driveway from Merrill Rd. Thank you Duane and Crew!

The Boardwalk is closed until further notice due to extensive storm damage. A more permanent solution to the barrier at the end of the boardwalk will be installed when repairs are made so that it can be shut down in the winter or when damage occurs. There are also plans to add a small kiosk so that announcements can be posted on site.

So far limiting the number of fields for Tournaments at 4 playable surfaces has been positive and seems to keep the visitors parked on the correct side of the road. I have had to respond to last-minute requests for increased field allowance (telling them no), and there has been issues with volume of garbage on a Monday morning (we billed for extra time).

I am starting to get more requests for use of our Cross-Country area and for 5Ks in general. I see this becoming an issue, so wanted to mention it here as a possible future topic of discussion.

Installation of the Sunblock Dispenser at Pickleball should be done by our meeting. The 2nd dispenser will be worked into the playground design at West Park considering the limited shade in that area. It will be placed in an area where adults will be more likely to congregate such as the proposed respite beyond the music pod.

Trails:

Lakelands Trail Zukey Lake Footbridge & Amenities Project Grant TF25-0213: We have secured IMEG as our Prime Professional/Engineer for this project, who has been working on pricing for permits as well as a bid for soil borings. We will be required to pull building & MDNR permits as well as one to build within the RR right of way. We are currently awaiting the Fund Agreement from the MDNR for this project, having been granted \$100,000 of the estimated \$200,000 this project will cost. There has been a hold up on final approval of Senate Bill 829 which includes \$45 million for 75 projects statewide. I sent out an email last week outlining a need to contact our Representative, and have sent an email to Representative Conlin urging her to support this funding. In the meantime, we are working on what we are “allowed to” within the rules of the grant process.

I attended the Friends of the Lakelands Trail meeting on behalf of the Clerk's Office, and concerns were raised about E-Bikes. Officer Kozowicz has come up with a flyer to help educate folks, and I have reached out to the MDNR to see if there is any thoughts on an educational campaign for the topic.

Repairs on the Pump at the Pettysville Trailhead are forthcoming. We would like to thank the Friends of the Lakelands Trail for their \$600 commitment to the repair.

Our Bicycle clinic will be starting in June near the Pettysville Trailhead and dates proposed are as follows: Sundays mornings from 9am - 12noon. June 7, July 5, August 9, September 6.

Events:

The Community Clean-Up Event Report is in the packet, and we were well under budget.

Hamburg Township Clean-Up Event 2026 Project Final Report

To: Hamburg Township Board of Trustees

From: Township Coordinator

Date: June 2026

Re: Hamburg Township Clean-Up Event – April 11, 2026 &
Community Service Day - April 24, 2026

We hosted 2 clean-ups this year. The Community Clean-Up took place a little earlier in April on the 11th and was held from 9 a.m. to 3 p.m. Paper shredding was provided between 9AM and Noon, and we hired our company to provide that service. We had a few more volunteers and staff members this year than in years past, which was extremely helpful. The traffic was steady but never overwhelming, and the set-up entering into Disc Golf and exiting Soccer drives works well.

Putnam Township had their event the same day and also used Monroes, which did cause some delays for receiving items, but I believe for the most part the day went smoothly. A special thank you to the Park Rangers for taking tallies on the items that came in... so helpful for this report! I also would like to thank Monroe's Rubbish, Padnos, and ElectroCycle for taking such good care of us!

We held a 2nd event on April 24, 2026, after we were approached by Kensington Woods School looking for a project for their Community Service Day. We combined efforts with Putnam Township, and with the help of Duane, Brian Ignatowski, and the Park Rangers, we managed a clean-up from Kress Rd., to D-19. Items removed from the trail included: a car bumper, hot water tank, tires, and misc. debris. Garden beds were also cleaned up, and mulch was placed to get ready for spring!

Budget Breakdown (Request was \$12,000 & additional \$1,000 for Trail clean-up):

Item:	Cost
• Scrap Metal Credit (Padnos donated dumpster & paid for metal)	\$ 982.59
• Rubbish (Monroe's)	
○ 8 - 30 yard for Garbage, Compost	
○ 1 - 20 yard for Tires	\$ 5,937.50
• On-Site Document Shredding – Electrocycle)	\$ 900.00
• Shirts for Volunteers (Have a few left from 2024)	\$ 0.00
• Safety Vests (have some), Work Gloves (had some)	\$ 0.00
• Water/Muffins/Donuts/Pizza for Volunteers (Kroger/Boomers)	\$?
• Printing/Marketing/Social Posts	In House

Sub-Total: **\$ 5,854.91**

Payroll for Staff (B&G & Park staff – Both events) **\$ 1,837.25**

Grand Total: **\$7,692.16**

Notes to consider:

Next Year's event is proposed for: April 24, 2026 – 9AM – 3PM

- I recommend a **\$12,000** budget for a similar event(s) in the 26/27 FY
 - Recommend adding Electronic Waste Collection (ElectroCycle) - \$900 add'l
 - Consider adding Kayak Launch/Park clean-up – with Community Service
 - Date reserved with ElectroCycle pending approval
- We will need volunteers supplies for the 2027 Event – Gloves
- Supply bags work out great to hand to volunteers walking the trail – need more
- Community Service days may be determined by interest/availability, but we should be prepared to help the community when offered
- Suggest planning co-sponsored Trail Clean-Up with Putnam and Green Oak Townships
- Key Staff: B&G crew, Parks & Rec or Clerk staff, Park Rangers (were amazing!)
