

City Council Work Session Meeting Minutes April 28, 2020

Mayor: Robert Duncan; Presiding
Council President: Mike Caughey; Present via Zoom
Councilors attending via Conference Call: Kimberly Downey, and Robert Boese
Councilors attending via Zoom: Adam Keaton, Randy Klemm, and Charlotte Thomas
Meeting Location: Harrisburg Municipal Center @ 354 Smith St.
Staff Present: City Administrator John Hitt, City Recorder/ACA Michele Eldridge, PW Director Chuck Scholz, and Finance Officer Tim Gaines

CALL TO ORDER AND ROLL CALL by Mayor Robert Duncan at the hour of 6:43pm

CONCERNED CITIZEN(S) IN THE AUDIENCE. (Please limit presentation to two minutes per issue.)

Matt Nelson is this year's President of the Scandinavian Festival and was present to emphasize that they were doing everything they could to hold the festival as they normally would. He wanted to encourage Harrisburg to do the same with its festivals. He pointed out how important our cultural events were, and how much they meant to our citizens.

Chuck Scholz, who is Vice-President of the Harrisburg Harvest Festival, said that they were likely not going to hold the event, depending upon what the governor decides.

Michele Eldridge, who is Vice-President of the Harrisburg Festival and Events Association, said that they were holding their breath, as ODOT wasn't even allowing permits to be submitted for any kind of parades. It all depends upon how the coronavirus pandemic ensues, and what the Governor's office decides in the future.

LCSO Report: Linn County Sheriff's Office Sergeant Greg Klein was participating via Zoom and reviewed the March report. (Please see Addendum No. 1 for a copy.) He noted that they had 162 complaints that they responded to. Mayor Duncan asked him how the relationship was going with Coburg, and Sergeant Klein told him that it was good. Covid-19 was causing them to limit the stops that they make; they only stop someone if it's absolutely necessary. They must keep their distance just like everyone else does.

ORDINANCES

- Downey, who was on the conference call, stated that she was going to claim a conflict of interest on the first item on the agenda.
- Aaron Kost, who lives in Harrisburg (and is related to Councilor Downey), stated that he had an issue he wanted Council to know about. They sold their home in Harrisburg so that they could build their own home and invest in town. They were in the process of buying a lot on Sommerville Loop but ran into a problem with fire code. It is the next issue on the agenda. They have been told that they now must have sprinklers installed to be allowed to build their home there. To have the pressure they need for fire sprinklers, their water meter must increase in size, and that doubles the SDC's for the property. The location of the lot is at the end of a long driveway, but there is a hydrant on Sommerville Loop that is nearby. They are really disappointed, because they wanted to build here, and they aren't certain that they can find another place outside of Harrisburg; they may not have a choice because of this.
- Mayor Duncan asked him about how many stories they were having in the home.
- Kost told him the home is one level, and 1976 sq. ft. The sprinklers they need add another \$18,000 to their expenses. They want to live in Harrisburg; he knows another couple who is trying to move here too. If your strategic plan is that you are supposed to have balanced economic growth, then he wanted them to know that this kind of a situation will make that stagnant.
- Hitt told him that this is a very unique situation that came up. This is one lot, and the only one in Harrisburg requiring sprinklers. He can't change fire code, and neither can Council. You could reduce SDC's. Linn County had a change in their code, which occurred because of a new County Fire Marshal. This Fire Code kicked in, affecting all cities that contract with Linn County. Between the time that the seller was partitioning the property, and the time that the buyer started the purchase on the property, the new fire code kicked in. Because the building permit hadn't yet been filed, the new fire code had to be applied to this property. There are really not solutions to make this go away.
- Mayor Duncan sympathized with them; and as a contractor, had been subjected to a lot of changes over time. He ran into a sprinkler issue on property he was working years ago. If he could fix it, he would.
- Klemm asked why the sprinkler was required again?
- Hitt told him it's due to the distance to the home. This is the Linn County Fire Marshal requiring this. They had previously not been enforcing these requirements. It wasn't an issue about not paying attention; it was a change in code that happened during when Matt Dockery, the property owner, was working on platting the property. He (Hitt) is an advocate for growth, so he can guarantee this was a very unusual situation.
- Matt Dockery, who was also present, spoke of how frustrating this situation was. Some of the problem is that this information is so new, that nobody knew how to address it. He tried to find out what they needed to negate the need for the sprinklers, but he couldn't get an accurate answer. Some of the information that they needed, doesn't get provided until the permit is issued. He called Suzanne Larsen, who is the person in charge of Linn County Building and spoke with her about it. She said this was backed by OAR (Oregon Administrative Rules), and that the building official has to abide by them. She said though, that they could talk to the building code official in Oregon, which they were hoping to talk to in the next couple of days. It's frustrating, because he is right next to this lot, and his home is bigger; yet he didn't have to have sprinklers. Just because the access and fire supply information kicked in, now it has to apply to the home the Kost's want to build.

- Scholz said that the fire supply on Sommerville Loop is larger, and it's three times what's necessary to feed the sprinklers. But he can't negate the type of pressure that will apply to the water lines going down the driveway. That 1" meter is required if the sprinklers are required. A ¾" meter can't supply the pressure they need. He is a huge advocate of not adjusting SDC's when people ask for it, but he thinks in this situation, that the City would be warranted in charging for the ¾" meter SDC's.
- Thomas said that she spoke with others in this area, and for clarification, the hydrant is across the street.
- Hitt noted that in this case, we aren't interpreting the code. We are told what the code is, and we have to uphold it. We are possibly going to be recommending going with a different provider for our inspection services in the future, and this is part of the reason why.
- Thomas thanked Scholz for having that suggestion.
- Eldridge agreed, and said that we could simply move the SDC's to the ¾" charge. She said that Anthony Bucher has an extremely large house, and he wasn't required to have sprinklers; Kenny Smith was another home that had just been applied for, before this requirement kicked in. We were notified on October 31st that this requirement would apply, and it was immediately put into effect the very next day.
- Mayor Duncan, Caughey, Boese, and Keaton all agreed that they felt the SDC's could be reduced in this situation. Keaton didn't think sprinklers made sense, because the sprinklers could cause just as much damage as a fire.
- Downey reminded everyone that she was declaring an actual conflict of interest, because the next issue affected her son.

THE MATTER OF ADOPTING ORDINANCE NO. 974, "AN ORDINANCE AMENDING HARRISBURG MUNICIPAL CODE CHAPTER 15.15 IN RELATION TO FIRE CODE"

STAFF REPORT: Eldridge summarized the agenda bill, and noted that the materials that are included with the ordinance are just to show Council what had changed, and what the City was doing to make sure that everyone is informed of what the fire code is. The City was also returning to pre-application conferences, so that we can go over these types of issues with potential developers and builders. She recognized when researching this issue, that our own fire code wasn't up to date. The new fire code still applies, because of the relationship we have with Linn County, but we should still have it updated in the Harrisburg Code to match the state requirements.

- Thomas **motioned to approve Ordinance No. 974, "AN ORDINANCE AMENDING HARRISBURG MUNICIPAL CODE CHAPTER 15.15 IN RELATION TO FIRE CODE"** and was **seconded** by Caughey. **The Council then voted 6 in favor, none opposed, and 1 abstention. The motion therefore passed, and Ordinance No. 974 was thereby made effective.**

RESOLUTIONS

THE MATTER OF APPROVING RESOLUTION NO. 1232, EXTENDING THE TERMINATION DATE OF RESOLUTION NO. 1229 FROM APRIL 28, 2020 TO JUNE 9, 2020

STAFF REPORT: Hitt commented to Council that the reasons for this change are obvious; this gives us more time to deal with the executive orders that the Governor is deciding, and also allows us to ask for aid.

- Downey **motioned to adopt Resolution No. 1232, "A RESOLUTION AMENDING RESOLUTION NO. 1229, SECTION 6, EXTENDING THE DATE THAT RESOLUTION NO 1229 SHALL REMAIN IN EFFECT UNTIL JUNE 9, 2020."**

She was seconded by Klemm, and the Council voted unanimously to extend the State of Emergency for the City of Harrisburg until June 9, 2020.

THE MATTER OF APPROVING RESOLUTION NO. 1233, AUTHORIZING STAFF TO SUBMIT A PLANNING GRANT TO THE OREGON PARKS AND RECREATION DEPARTMENT (OPRD) IN ORDER TO DEVELOP AN UPDATE TO THE 2004 HARRISBURG PARKS MASTER PLAN , REVISE THE PARKS SDC REQUIREMENT AND FURTHER REFINE THE CITY'S 2016 '100-ACRE PARK FEASIBILITY STUDY' TO ASSURE INTEGRATION WITH EXISTING AND FUTURE CITY PARK DEVELOPMENT

STAFF REPORT: Hitt said that we are applying for this grant, which requires a 20% grant. However, he realized that the cost of the grant needed to increase, and therefore, the city's match would need to increase as well. He needed Council to amend the resolution to authorize an OPRD planning grant with a total amount of \$70,000, including a city match of \$30,000.

Downey asked if they were going to bring back the Parks Committee again, and Hitt said that we will need public outreach, so we should have an advisory committee. Downey said that we had one, and all of those citizens that were on it were huge parks advocates. Boese said he was one of them; he was the chair of the Parks Committee for years, and they had a large committee as well.

- **Klemm motioned to approve and amend Resolution No. 1233, "A RESOLUTION AUTHORIZING CITY STAFF TO APPLY FOR AN OREGON PARKS AND RECREATION DEPT. (OPRD) PLANNING GRANT IN THE AMOUNT OF \$70,000 AND RESERVING A CITY MATCH IN THE AMOUNT OF \$30,000 FROM THE CITY'S PARKS SYSTEMS DEVELOPMENT RESERVE FUND." He was seconded by Thomas and the Council voted unanimously to approve Resolution No. 1233.**

THE MATTER OF AUTHORIZING THE CITY ADMINISTRATOR TO PROVIDE UP TO A \$100 CREDIT TO THOSE LOCAL BUSINESSES ENGAGING IN RETAIL SALES OR SERVICES.

STAFF REPORT: Hitt noted that several resolutions tonight all have the same purpose; that of providing assistance to our commercial and retail businesses that are most affected by the pandemic. This resolution will allow us to apply a \$100 credit to utility accounts of these businesses. The next resolution will allow us to apply anywhere from \$250 to \$1,000 to those businesses, not to exceed \$38,000.

Klemm asked where the source of those funds would be, and would we be affected by these donations in the source funds? Hitt told him that the \$100 credit is from the water and sewer accounts, just in the reduction of revenue. The other is from Community & Economic Development which will likely fall to about half of what is in there now. Gaines said that transfers will be less next year. Hitt agreed and said that we are trying to launch an economic development marketing program; and we will likely still have the funds to do this.

Klemm appreciated that we could provide this full support to our businesses. Thomas asked if businesses had been calling about any credits, but Hitt told her that he's called and reached out to all of them, as has Michele; all mentioned the utility credit; others suggested that a credit would be useful to them. Thomas asked if this would apply to a business-like Hurds, and was told yes, depending upon the number of employees they have. Thomas was curious of who this fit. Hitt told her that businesses for which there wouldn't really be an impact, were generally not included. Some of these were a tough call. But these parameters will apply to approximately 38 businesses. Keaton, however, added that he was not really in favor of tightening our belt further. If a business is really having problems, should we have the taxpayer paying for this, if the business hasn't been prepared? Will \$1,000 be really helpful, if you have under 15 people at your business. The amounts of money we are providing are not super substantial and is more a token. Would it be worthwhile to keep more funds than this in the pot, so that we can devote the funds to economic development, and marketing our businesses overall?

Downey noted that she's owned two small businesses, and said that the grant won't keep a business afloat, but when we tell them the City wants to keep them open, and is trying to help, they get really excited about this. In her landscaping business, a \$1,000 grant would be super helpful to them. It could be paying for plant materials for landscaping, which could keep more revenue coming in. As a small business owner, she can say this would mean a lot. Boese said that he appreciated her input, but he also agreed with what Keaton was saying.

- Downey **motioned to Approve Resolution No. 1234, "A RESOLUTION AUTHORIZING THE CITY ADMINISTRATOR THE AUTHORITY TO CREDIT CERTAIN UTILITY ACCOUNTS."** She was **seconded** by Thomas, and the **City Council voted unanimously to allow a \$100 credit to apply to certain businesses utility accounts.**

THE MATTER OF ESTABLISHING A \$500 TO \$1,000 CITY GRANT FOR THOSE LOCALLY OWNED HARRISBURG COMMERCIAL BUSINESS LICENSEES WHO FIT PROGRAM PARAMETERS.

- Downey **motioned to Approve Resolution No. 1235, "A RESOLUTION AUTHORIZING THE CITY ADMINISTRATOR TO ESTABLISH A GRANT PROGRAM TO AID SMALL HARRISBURG BUSINESS LICENSEES WHO ARE IN RETAIL SALES OR SERVICES."** She was **seconded** by Klemm. **The City Council then voted, with Caughey, Boese, Downey and Klemm voting in favor of the resolution, while Keaton and Thomas voted in opposition. With a vote of 4-2, the Resolution was approved, and thereby providing a \$250 to \$1,000 business grant that will be applied to the businesses falling within the parameters set in the resolution.**

THE MATTER OF CONSIDERATION OF A RESOLUTION TO AUTHORIZE STAFF TO SUBMIT AN APPLICATION TO ODOT FOR A SAFE ROUTES TO SCHOOL GRANT IN THE AMOUNT OF APPROXIMATELY \$625,000

STAFF REPORT: Hitt said that we were not approved for the 2018 application, and we realized that we would need to increase our anticipated costs for this program. The anticipated match will cost \$125,000.

Keaton asked if we received this, when would construction begin? Hitt told him the coming fiscal year. We will be applying with a letter of intent in June. Scholz added that it would likely be in 2021, ending in 2022.

- Klemm **motioned to approve Resolution No. 1236, "A RESOLUTION SUPPORTING THE CITY OF HARRISBURG'S APPLICATION FOR A 2020 SAFE ROUTES TO SCHOOL INFRASTRUCTURE GRANT FROM THE OREGON DEPARTMENT OF TRANSPORTATION TO CONSTRUCT CURB, GUTTER, AND SIDEWALK ON THE WEST OF 9TH STREET BETWEEN DIAMOND HILL DRIVE AND TERRITORIAL STREET, PROVIDING A SAFE ROUTE BETWEEN THE NEIGHBORHOODS NORTH OF TERRITORIAL STREET AND THE HARRISBURG SCHOOLS".** He was **seconded** by Thomas, and the **City Council voted unanimously to approve Resolution No. 1236, and thereby allowing the City to apply for the Safe Routes to School Infrastructure Grant in the next few months.**

THE MATTER OF PROCLAIMING THE MONTH OF MAY AS MENTAL HEALTH MONTH.

Mayors Proclamation: The Mayor read the proclamation as it appears in the Council agenda, establishing May as Mental Health Month in the City of Harrisburg.

THE MATTER OF CONSIDERATION OF AN INFRASTRUCTURE TIMING AND SECURITY AGREEMENT BETWEEN THE CITY AND THE OWNER OF LOT 2, PARTITION PLAT 2018-68

STAFF REPORT: Hitt said that this draft agreement was drafted by the City Attorney, in response to the new owner not being clear about what kind of development improvements would be expected by her use of the property. The agreement defines those. He didn't feel that there is a reason for city services to be extended down the Siuslaw 50' right-of-way; there is no public purpose to extend it unless it went out to 6th St. To do that, you would have to replace homes in Springbrook Mobile Home Park. This was a complicated issue, and we've attempted to bring some balance to this.

Caughey asked who the current owner was and was told its Anita Casper. Thomas said that when Anthony Bucher talked with us, his proposal was for the City to pay for the development costs of the road, and water and sewer lines. So, if the new owner did something, would she be required to develop those? Hitt said that on page 55, item No. 4, you'll see the requirement for when she would be required to do a full street improvement to a certain point. Thomas liked this; it made no sense for the improvement to apply for one house. She felt this was a happy medium.

- Thomas **motioned to approve the City of Harrisburg/Anita Casper Infrastructure and Timing and Security Agreement. She was seconded by Keaton, and the City Council voted unanimously to approve the Infrastructure and Timing/Security Agreement for Anita Casper.**

THE MATTER OF APPROVING HARRISBURG HIGH SCHOOL PARADE PERMIT

After Eldridge provided the staff report, the City Council discussed this briefly, and liked the creative approach of doing something for the kids, although Thomas liked what Central Linn was doing better with their drive-in graduation approach. Eldridge noted that they wouldn't need to hold the parade if they decided on another option.

- Caughey **motioned to approve the Parade Permit Application submitted by the Harrisburg School District and scheduled for June 7, 2020. He was seconded by Keaton, and the City Council voted unanimously to approve the Parade Permit Application for the Harrisburg School District Graduation.**

THE MATTER OF BUDGET OVERVIEW FOR FISCAL YEAR 2020-2021

STAFF REPORT: Hitt said that the budget would be somewhat challenging, as property taxes will be down, but hopefully the revenue won't be seriously reduced. Our assumption is that it will be on the decline. We can make a reasonably good assumption that we may not be able to do all the street maintenance we had wanted to do this year or next. We will also be prioritizing the rest of our projects as well, which means that some of our goals will take a little longer to accomplish.

THE MATTER OF REVIEWING THE 2ND QUARTER FY 2019-2020 FINANCIAL REPORT DOCUMENT.

- Klemm **moved to approve the 2nd quarter financial report for fiscal year 2019-2020 and was seconded by Caughey. The City Council then voted unanimously to approve the 2nd Quarter FY 2019-2020 Financial Report.**

THE MATTER OF APPROVING THE CONSENT LIST

- Thomas **motioned to approve the Consent List and was seconded by Downey. The City Council then voted unanimously to approve the Consent List. The City Council approved the following:**
 - **The City Council Minutes for the December 5th and 9th 2019 Executive Session (Public) Minutes, as well as for January 28, and February 11, 2020.**

- **The payment approval report for March 2020**

CITY ADMINISTRATOR VERBAL REPORT

1. A request from a Harrisburg business from outside the jurisdiction.

Hitt told the City Council that an employee of Langdon's Farm Store had asked if we would be willing to include their business in the business promotional we were doing for our Harrisburg businesses, even though they are outside the city boundaries, and don't pay a business license fee. City Council was ok with that, with limitations. Eldridge suggested a 3-mile limit, which would allow us to include some businesses that support our events. Downey liked that they are part of our community, and Boese was ok with the 3-mile limit that was suggested, if someone from those companies should ask.

2. City Zoning/Subdivision Code Project

Hitt said that he was working on revising the code and will revisit the sections that Brian Latta had already gone through. He doesn't want to have a lot of 'shall nots', and would prefer to be development friendly, by removing some of the hoops that you have to jump through. His goal is to make them easier to understand, and to apply, and to provide more flexibility.

3. Election Update

Eldridge explained that she had hoped that we could provide a way for City Council to be allowed to have some flexibility, and to be allowed to pay a fee, rather than be required to obtain signatures on petitions. She had initiated some conversations with OAMR and the County Elections Clerk and would bring more information to the next meeting.

4. John Hitt Vacation: Hitt said that his vacation plans had already changed, but he would likely be taking some weeks off to spend with his family coming into the state soon.

5. COVID-19 City Disinfection Update

Hitt explained that the City was coming with some ideas that will not only help with keeping employees safe, but will also provide better security, by providing barriers in the front lobby. He hoped to come with a plan at the May meeting. Scholz added that it will add security without being formidable, while still being attractive. Downey noted the plexiglass shields were everywhere now. Hitt said that he wanted it to be attractive, and still keep the lobby somewhat open. If we are going to do it, we'll be doing it right, and will make it affordable.

OTHER ITEMS

Thomas asked when the city would be putting up the senior banners, and Scholz told them that we will be putting them up soon, and we'll leave them up through the 4th of July. We are putting those up in the place of the banners we normally have up, and they will share the space with the shields. Thomas liked that they were incorporating the red, white and blue on them.

ADJOURN: With no further business to discuss, the meeting was adjourned at the hour of 8:55PM.
