

Harrisburg City Council Agenda
August 27, 2024
6:30 PM

Mayor: Robert Duncan
Council President: Mike Caughey
Councilors: Kimberly Downey, Robert Boese, Randy Klemm, Charlotte Thomas,
Cindy Knox and Youth Advisor Taylor Tatum
Meeting Location: Harrisburg Municipal Center Located at 354 Smith St

PUBLIC NOTICES:

1. *This meeting is open to the public and will be tape-recorded.*
2. *Copies of the Staff Reports or other written documents relating to each item on the agenda are on file in the office of the City Recorder and are available for public inspection.*
3. *All matters on the Consent Agenda are considered routine and will be enacted by one motion. Any member of the public can request that a matter be removed from the Consent Agenda for discussion. It will then be discussed under the "Other" part of the meeting schedule.*
4. *The City Hall Council Chambers are handicapped accessible. Persons with disabilities wishing accommodations, including assisted listening devices and sign language assistance are requested to contact City Hall at 541-995-6655, at least 48 hours prior to the meeting date. If a meeting is held with less than 48 hours' notice, reasonable effort shall be made to have an interpreter present. The requirement for an interpreter does not apply to an emergency meeting. ORS 192.630(5)*
5. *Persons contacting the City for information requiring accessibility for deaf, hard of hearing, or speech-impaired persons, can use TTY 711; call 1-800-735-1232, or for Spanish voice TTY, call 1-800-735-3896.*
6. *The City of Harrisburg does not discriminate against individuals with disabilities, and is an equal opportunity provider.*
7. *For information regarding items of discussion on this agenda, please contact City Recorder Lori Ross, at 541-995-6655*
8. *Masks are not required currently. The City asks that anyone running a fever, having an active cough or other respiratory issues, not to attend this meeting.*
9. *If you wish to testify, and are unable to attend due to health concerns, please contact the City Recorder to be placed on a Conference Call list during the meeting.*

CALL TO ORDER AND ROLL CALL by Mayor, Robert Duncan

CONCERNED CITIZEN(S) IN THE AUDIENCE. (Please limit presentation to two minutes per issue.)

Agenda Bill
Harrisburg City Council
Harrisburg, Oregon

THE MATTER OF REVIEWING THE 2ND QUARTER CRIME RESULTS FOR 2024 FOR THE CITY OF HARRISBURG

STAFF REPORT:

- Exhibit A: Harrisburg Crime Comparison 2nd Qtr.
- Exhibit B: LCSO Contract Cities Report for 2nd Qtr.

ACTION: NO ACTION. INFORMATION ONLY

THIS AGENDA BILL IS DESTINED FOR: Council Agenda – August 27, 2024

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
N/A	N/A	N/A

STAFF RECOMMENDATION:

Staff recommends normal discussion of any concerns that Council might have in relation to crime issues.

BACKGROUND INFORMATION:

The Crime Comparison by Quarter Report (**Exhibit A**) has been updated by the addition of the 2nd Quarter of 2024. *Person Crimes* are at 9, which is almost as high as it was in the same time period in 2023. *Person Crimes* are serious crimes, which include three felony domestic assaults in the 4th degree, child abuse/assault, one which was a felony domestic assault in the 4th degree, with menacing & kidnapping in the 2nd degree, and an assault still under investigation.

Property crimes have lowered to 6 during the 2nd Qtr. of 2024. This is the lowest we have seen in the last 3 years; definitely a good statistic to see. *Drug/Alcohol Crimes* are at zero, while *Traffic Offenses* have decreased to 2. There were some minor thefts, and one burglary in a storage unit reported. *All other offenses* has decreased to 7; lower than it's been for the last 3 years. This includes littering (a large amount of litter dumped in Eagle Park, still under investigation), a transient sleeping in the river restrooms who had multiple felony warrants, a failure to appear for a DUII, a citation for a dog at large, and an arrest for an outstanding warrant.

In arrests, there were 4 *person arrests*, and a drop to both *traffic* and *all other offenses*. All felony domestic assaults shown under person crimes were arrests.

Citations were down slightly to 36 from 38 during the 1st quarter. Total violations were down, with 46 combined with 58 in the previous quarter. Crashes were reduced, and most of the remaining types of violations were similar to the last quarter.

In the YTD Crimes compared to last year (**Exhibit B**, Page 4), Council can see that *property crimes, all other offenses, and person crimes*, are all still lower than last year, during the same time period. Traffic offenses were double what they were in the previous year to date.

Finally, looking at the Contract Cities Crime Report, (**Exhibit B**, Page 5) at the end of the report, Council can see that both Mill City (96), and Millersburg (87) have passed Harrisburg (72) in year-to-date crimes. Harrisburg has now fallen well under the same period from last year, in which we had 97 at the end of the 2nd Quarter. Thanks LCSO! We appreciate the hard work you do in our community.

REVIEW AND APPROVAL:

07.15.24

Michele Eldridge
City Administrator

Date

Harrisburg Crime Comparison by Quarter – 2nd Qtr. 2024

STAFF RECOMMENDATION:

Staff recommend that City Council listen to the presentation provided by Chief Larry Larsen, who hopes to be present at this meeting.

BACKGROUND INFORMATION:

Coburg Police Chief Larry Larson provided the City with quarterly statistics for traffic enforcement and code enforcement services provided in Harrisburg (**Exhibit A**). If the reports are provided in time for the agenda process, they will be attached as exhibits. If they are provided after that point, but prior to the meeting, then Staff will forward them via email to Council members and will print them in time for the meeting. (Reports not appearing in the Council Agendas will be provided in the Minutes for that meeting instead.)

This process gives Council the chance to review responses and actions in relation to both criminal and non-criminal activities by the Coburg Police Department on a quarterly basis. If a representative is not available, questions can be conveyed by staff.

THE MATTER OF UPDATING HMC 8.05.060, BY APPROVING ORDINANCE NO. 1004, "AN ORDINANCE AMENDING HARRISBURG MUNICIPAL CODE 8.05.060"

STAFF REPORT:

- Exhibit A: Ordinance No. 1004
- Exhibit B: Redlined version of HMC 8.05.060

ACTION: MOTION TO APPROVE ORDINANCE NO. 1004, "AN ORDINANCE AMENDING HARRISBURG MUNICIPAL CODE 8.05.060"

THIS AGENDA BILL IS DESTINED FOR: Work Session – August 27, 2024

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
N/A	Yes/No	N/A

STAFF RECOMMENDATION:
Staff recommends Council Approve Ordinance No. 1004

BACKGROUND INFORMATION:

Staff discovered that there was a slight discrepancy between Chapter 8.05, which regulates nuisances, including trees and noxious vegetation, and Chapter 12.20.040, which also regulates street trees.

There should be uniformity between our code when it addresses similar types of things. In addition, street regulations in most states require the 14' distance because semis are 13'6" tall. A 12' distance will not meet that standard.

REVIEW AND APPROVAL:

08.15.24

Michele Eldridge Date
City Administrator

ORDINANCE NO. 1004

AN ORDINANCE AMENDING HARRISBURG MUNICIPAL CODE 8.05.060

WHEREAS, the City of Harrisburg updates the Municipal Code from time to time, and it's important for the Municipal Code to have uniformity in similar chapters; and,

WHEREAS, code in Chapter 12, Street Trees, otherwise known as HMC 12.20.040 also regulates vegetation that must not be less than 14' above the surface of any street, and 8' above any sidewalk or any other public way; and,

WHEREAS, state regulations also require vegetation that must not be less than 14' above the surface of any street due to the height of semis;

NOW THEREFORE, THE CITY OF HARRISBURG ORDAINS AS FOLLOWS:

Section 1. Harrisburg Municipal Code Chapter 8 is amended as shown in Exhibit A;

PASSED by the Council this 27th Day of August, 2024.

APPROVED by the Mayor this 27th Day of August, 2024

EFFECTIVE DATE: September 26, 2024.

Mayor Robert Duncan

ATTEST:

City Recorder

8.05.060 Trees and noxious vegetation.

1. No person responsible shall allow a dead or decaying tree to stand if it is a hazard to the public or to persons or property on or near the property of the dead or decaying tree.
2. No person responsible shall allow noxious vegetation to remain on property less than one acre in size, or permit noxious vegetation to encroach onto a public right-of-way.
 - a. In the event a property owner fails to remove noxious vegetation, the City Administrator will cause written notice to be mailed to the property owner that s/he is in violation of this section and the property owner will be given 10 days within which to bring the property into compliance with this chapter.
 - b. In the event that it becomes necessary for the City to undertake the cutting and removal of the noxious vegetation from any private property without consent from the property owner, the City may do so following the [process as required in HMC 1.10, and the](#) issuance of a warrant.
 - c. Upon completion of the removal of noxious vegetation from private property under the provisions of this section, the City Administrator shall file with the City Recorder an itemized statement of the cost as herein specified. The City Recorder shall notify the person responsible that the costs as indicated will become a lien against the property if not paid within 10 days from the date of the notice.
 - d. In the event the person responsible does not pay the costs of removing the vegetation, the City Council shall thereafter by ordinance determine the reasonableness of the statement of costs and adjust the same if need be and thereupon the amount of the statement as approved by the City Council shall be an obligation owed to the City by the owner of real property involved, and the City shall have a lien upon the real property for such sum and the lien shall be entered in the lien docket and enforced against the property in the manner provided for enforcement of City liens.
 - e. The procedure provided for in this section is not exclusive, but is in addition to the abatement procedure provided by other ordinances.
3. Nothing in this section shall be construed to prohibit lawns containing grass of less than 10 inches in height, or bushes, trees and other shrubbery grown or maintained for ornamental purposes; nor shall it prohibit the growth or maintenance of any vegetation designed for food or fuel purposes, except that the owner, occupant or agent in charge of any real property shall not permit the limbs of any shrub, tree or other vegetation projecting into or extending over a public right-of-way to interfere with the use of a sidewalk or roadway, or to obstruct a driver's view of an intersection or traffic upon streets approaching an intersection or otherwise to constitute a hazard to the public. Trees shall be trimmed so that the minimum clearance of any overhanging portion thereof shall be eight feet above a walkway area and ~~12-14~~ feet above the roadway. Hedges and other shrubbery shall not overhang the sidewalk or roadway areas. [Ord. 967 § 1 (Exh. A), 2018; Ord. 935 § 1, 2015; Ord. 906 § 1, 2012; Ord. 686 § 18, 1995.]

STAFF RECOMMENDATION:

Staff recommends that the City Council hear the presentation from Ryan Vogt

BACKGROUND INFORMATION:

Ryan Vogt is the Executive Director of the Oregon Cascades West Council of Governments (OCWCOG). He will be making his annual presentation to the City Council as he has in past years at this meeting.

OCWCOG provides services to Harrisburg residents in relation to the Cascades West Ride Line; we pay \$300 as our share of transportation services. In addition, they provide case management for medical/Medicare problems, including for some Harrisburg residents, as well as providing classes on understanding Medicare. In addition, they provide Meals on Wheels to 25 Harrisburg residents. The City pays \$500 for our share of the program separately from our dues. Regular dues (\$5,318) go to the other services that are provided, including funds for special projects.

THE MATTER OF AUTHORIZING CITY STAFF TO CREATE AND SEND OUT AN RFP FOR MUNICIPAL CENTER AUDIO/VIDEO UPGRADES

STAFF REPORT:

Exhibits: None

ACTION: MOTION TO AUTHORIZE CITY STAFF TO CREATE AND SEND OUT AN RFP FOR MUNICIPAL CENTER AUDIO/VIDEO UPGRADES

THIS AGENDA BILL IS DESTINED FOR: Agenda – August 27, 2024

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
\$45,000.00	Yes/No	General Funds/CED

STAFF RECOMMENDATION:

Staff recommends the City Council authorize them to create and send out an RFP for the Municipal Center upgrades to the audio/video system.

BACKGROUND INFORMATION:

City staff has been in the process of updating the audio system in the municipal center for about a year. The current 2024/2025 FY budget includes a line item for \$7,500 in the general fund for this update; we were focusing on obtaining new microphone options.

Staff has contacted several nearby cities who have recently updated their audio systems and received some recommendations for businesses to reach out to for quotes. When we began receiving a few informal quotes, we realized that the total cost was going to be around \$45,000. This moves us into the formal RFP process because the amount is over \$25,000. City staff feels that this project is worth moving forward and can be funded from contingency in the General fund and miscellaneous projects in the Community and Economic Development fund.

The RFP for this project will include an amplifier, processor, controller, wireless/portable mics, ceiling speakers, video projector and drop-down screen. The labor portion will include design, procurement, installation, and training.

Staff wants to complete this project to help increase the ability for both public and staff members to hear what is being discussed during all meetings held in the municipal

center and to also allow for a more professional quality of recording for all meetings. Both actions will help us be ADA compliant and be more transparent with residents, staff and Council, as well as meeting future legislative meeting requirements.

Staff is asking for the City Council to consider this proposed project and decide if they want to move forward with the project as described, modify the project, or not move forward at this time.

THE MATTER OF REVIEWING THE LOC LEGISLATIVE VOTER GUIDE IN PREPARATION FOR THE CITY COUNCIL MEETING SCHEDULED FOR SEPTEMBER 10, 2024

STAFF REPORT:

Exhibit A: LOC Member Voter Guide

ACTION: BRIEF DISCUSSION – ACTION TBD CITY COUNCIL MEETING OF SEPTEMBER 10, 2024

THIS AGENDA BILL IS DESTINED FOR: Work Session – August 27, 2024

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
N/A	Yes/No	N/A

STAFF RECOMMENDATION:

Staff recommends Council review the 2024 Member Voter Guide in preparation for the meeting scheduled on September 10, 2024

BACKGROUND INFORMATION:

The LOC has provided us with the 2024 Member Voter Guide. Similar to practices in the past, each City will be provided with 5 votes for issues that they would like LOC to focus on during the upcoming legislative session in 2025.

After protesting the way that the last version was completed, the LOC and the Advisory Committee’s did a better job of including information in relation to small cities. Staff will briefly share with Council her insights in relation to this report during the meeting, as well as her experience serving on the LOC Water & Wastewater Committee this last year.

The City should take advantage of every resource it has available to it. Therefore, since the LOC has done a better job on the issues that are of a concern to cities in Oregon, the City can certainly review the ballot choices, and determine if there are five issues that we can support; as well as ones that we will oppose through SMAC if needed. One of the main reasons we should also participate is to help make certain that issues of concern to smaller cities are being addressed. There are still far more smaller cities in the State of Oregon, as compared to mid-level and metro sized cities.

Similar to the process four years ago, City staff will review, and provide their votes on these issues prior to the staff report for the next meeting. The staff report for the September meeting will outline the process for City Council members to vote on the issues that they feel are most important to the City of Harrisburg.

We will be following a similar process in the months ahead, as SMAC starts warming up for the 2025 legislative session.

2024 Member Voter Guide

Background: Each even-numbered year, the LOC appoints members to serve on seven policy committees, which are the foundation of the League’s policy development process. Composed of city officials, these committees analyze policy and technical issues and recommend positions and strategies for the upcoming two-year legislative cycle. This year, seven committees identified 23 legislative policy priorities to advance to the full membership and LOC Board of Directors. It’s important to understand that the issues that ultimately do not rise to the top based on member ranking are not diminished with respect to their value to the policy committee or the LOC’s advocacy. These issues will still be key component of the LOC’s overall legislative portfolio for the next two years.

Ballot/Voting Process: Each city is asked to review the recommendations from the seven policy committees and provide input to the LOC Board of Directors, which will formally adopt the LOC’s 2025-26 legislative agenda. While each city may have a different process when evaluating the issues, it’s important for cities to engage with your mayor and entire council to ensure the issues are evaluated and become a shared set of priorities from your city. During its October meeting, the LOC Board will formally adopt a set of priorities based on the ranking process and their evaluation.

Each city is permitted one ballot submission. **Once your city has reviewed the proposed legislative priorities, please complete the electronic ballot to indicate the top 5 issues that your city would like the LOC to focus on during the 2025-26 legislative cycle.** The lead administrative staff member (city manager, city recorder, etc.) will be provided with a link to the electronic ballot. If your city did not receive a ballot or needs a paper option, please reach out to Meghyn Fahndrich at mfahndrich@orcities.org or Jim McCauley at jmccauley@orcities.org.

Important Deadline: The deadline for submitting your city’s vote is **5 p.m. on September 27, 2024.**

Community and Economic Development Committee

Contact: Jim McCauley, jmccauley@orcities.org

INFRASTRUCTURE FUNDING (CO-SPONSORED BY WATER AND WASTEWATER COMMITTEE)

RECOMMENDATION: *The LOC will advocate for a comprehensive infrastructure package to support increased investments in water, sewer, stormwater and roads. This includes: funding for system upgrades to meet increasingly complex regulatory compliance requirements; capacity to serve needed housing and economic development; deferred maintenance costs; seismic and wildfire resiliency improvements; and clarity and funding to address moratoriums. The LOC will also champion both direct and programmatic infrastructure investments to support a range of needed housing development types and affordability.*

Background: Cities continue to face the challenge of how to fund infrastructure improvements – to maintain current, build new, and improve resiliency. Increasing state resources in programs that provide access to lower rate loans and grants will assist cities in investing in vital infrastructure. Infrastructure development impacts economic development, housing, and livability. The level of funding for these programs has been inadequate compared to the needs over the last few biennia, and the funds are depleting and unsustainable without significant program modifications and reinvestments. This priority will focus on maximizing both the amount of funding and the flexibility of the funds to meet the needs of more cities across the state to ensure long-term infrastructure investment. The 2024 LOC Infrastructure Survey revealed the increasing need for water and road infrastructure funding. The results show \$11.9 billion of infrastructure funds needed (\$6.4 billion for water and \$5.5 billion for roads).

Combined with the federal-cost share decline on water infrastructure projects – despite the recent bi-partisan infrastructure law investment – cities face enormous pressure to upgrade and maintain water infrastructure. At the same time, cities across the state are working urgently to address Oregon’s housing crisis. To unlock needed housing development and increase affordability, the most powerful tool the Legislature can deploy is targeted investments in infrastructure to support needed housing development.

SHELTER AND HOMELESS RESPONSE

RECOMMENDATION: *The LOC will support a comprehensive homeless response package to fund the needs of homeless shelter and homeless response efforts statewide. Funding should include baseline operational support to continue and strengthen coordinated regional homeless response and include a range of shelter types and services, including alternative shelter models, safe parking programs, rapid rehousing, outreach, case management, staffing and administrative support, and other related services. The LOC will also support capital funding for additional shelter infrastructure and site preparation. Oregon’s homeless response system must recognize the critical role of cities in homeless response and meaningfully include cities in regional funding and decision-making, in partnership with counties, community action agencies, continuums of care, housing authorities, and other service provider partners.*

Background: The LOC recognizes that to end homelessness, a cross-sector coordinated approach to delivering services, housing, and programs is needed. Despite historic legislative investments in recent years, Oregon still lacks a coordinated, statewide shelter and homeless response system with stable funding. Communities across the state have developed regional homeless response collaboratives, beginning with the HB 4123 pilot communities funded by the Legislature in 2022 and the more recently established Multi-Agency Collaboratives and Local Planning Groups created by Governor Kotek’s [Executive Order on Affordable Housing and Homelessness](#). As Oregon continues to face increasing rates of unsheltered homelessness, the LOC is committed to strengthening a regionally based, intersectional state homeless response system to ensure all Oregonians can equitably access stable housing and maintain secure, thriving communities.

EMPLOYMENT LANDS READINESS AND AVAILABILITY

Legislative Recommendation: *The LOC will support incentives, programs and increased investment to help cities with the costs of making employment lands market-ready, including continued investment in the state brownfields programs. The LOC also recognizes the deficit of industrial land capacity in strategic locations and will support efforts to build a more comprehensive industrial lands program by strengthening the connection between the DLCDC Goal 9 Program and Business Oregon IL programs and resources.*

Background: Infrastructure cost is a significant barrier for cities that are looking to increase the supply of market-ready industrial land. Cities require a supply of industrial land that is ready for development to recruit and retain business operations. For sites to be attractive to site selectors, the basic infrastructure must be built out first. For example, the Regionally Significant Industrial Site (RSIS) program within Business Oregon is designed to help cities with the cost of readiness activities

through a reimbursement program, but many cities are not able to take advantage of this program due to a lack of staff capacity and up-front capital for investments.

FULL FUNDING AND ALIGNMENT FOR HOUSING PRODUCTION

RECOMMENDATION: *The LOC will advocate to maintain and increase state investments to support the development and preservation of a range of needed housing types and affordability, including: publicly supported affordable housing and related services; affordable homeownership; permanent supportive housing; affordable modular and manufactured housing; middle housing types; and moderate-income workforce housing development. In addition, the LOC will seek opportunities to address structural barriers to production of different housing options at the regional and state level. This includes: streamlining state agency programs, directives, funding metrics, and grant timelines that impact development; aligning state programs with local capital improvement and budget timelines; and increasing connections between affordable housing resources at Oregon Housing and Community Services (OHCS) with the land use directives in the Oregon Housing Needs Analysis (OHNA) and Climate Friendly and Equitable Communities (CFEC) programs at the Department of Land Conservation and Development (DLCD).*

Background: Recent legislation and executive orders have made significant changes to the state’s land use planning process, including new housing production directives for cities and counties. These updates have resulted in extensive, continuous, and sometimes conflicting efforts that are not supported by adequate state funding. Cities do not have the staff capacity or resources needed to implement existing requirements. Additional state support is needed to assist local implementation, including technical assistance and education for local staff and decision makers, and workforce development. The state should prioritize implementation and coordination of existing programs in the 2025-2026 legislative sessions before considering any new policies.

General Government Committee
Contact: Scott Winkels, swinkels@orcities.org

RESTORATION OF RECREATIONAL IMMUNITY

RECOMMENDATION: *The LOC will introduce legislation to protect cities and other landowners who open their property for recreational purposes from tort liability claims.*

Background: An adverse court ruling stemming from a recreational injury sustained on a city owned trail opened cities and other public and private landowners to tort claims for injuries sustained by people who are recreating. The Legislature enacted a temporary restoration of the immunity in 2024 that will expire

on July 1, 2025. Legislation to make the immunity permanent will be needed for cities to offer recreational amenities without fear of tort liability lawsuits or excessive risk premiums.

BEHAVIORAL HEALTH ENHANCEMENTS

RECOMMENDATION: *The LOC will introduce and support legislation to expand access to behavioral health treatment beds and allow courts greater ability to direct persons unable to care for themselves into treatment through the civil commitment process.*

Background: While Oregon has historically ranked at or near the bottom nationally for access to behavioral healthcare, the state has made significant investments over the past four years. It will take time for investments in workforce development and substance abuse treatment to be realized, and areas for improvement remain. The standard for civilly committing a person into treatment remains very high in Oregon, and as a result, individuals who present a danger to themselves or others remain untreated, often producing tragic results. Additionally, the number of treatment beds for residential care does not meet demand, with services unavailable in multiple areas of the state.

CONTINUED ADDICTION POLICY REFORM

RECOMMENDATION: *The LOC will Introduce and support legislation to allow drug related misdemeanors to be cited into municipal court; provide stable funding for services created in HB 4002 in 2024; allow more service providers to transport impaired persons to treatment; establish the flow of resources to cities to support addiction response; and monitor and adjust the implementation of HB 4002.*

Background: The Legislature passed significant changes to Oregon’s approach to the current addiction crisis with the creation of a new misdemeanor charge designed to vector defendants away from the criminal justice system and into treatment. Changes also included: sentencing enhancements for drug dealers; investments in treatment capacity; and expanded access to medical assisted addiction treatment. HB 4002 did not include stable funding for the services created or provide cities with direct access to resources, or the ability to cite the new offense into municipal courts. Additionally, the new law will likely require adjustments as the more complicated elements get implemented.

Energy and Environment Committee
Contact: Nolan Pleše, nplese@orcities.org

BUILDING DECARBONIZATION, EFFICIENCY, AND MODERNIZATION

RECOMMENDATION: *The LOC will support legislation to protect against any rollback and preemptions to allow local governments to reduce greenhouse gas emissions from new and existing buildings while ensuring reliability and affordability. In addition, the LOC will lead and back efforts that support local governments, including statewide capacity, expertise, and resources to allow local governments to pursue state and federal funding and continue to support off-ramps for local governments unable to meet the state’s new building performance standards.*

Background: Homes and commercial buildings consume nearly one-half of all the energy used in Oregon, according to the Oregon Department of Energy. Existing buildings can be retrofitted and modernized to become more resilient and efficient, while new buildings can be built with energy efficiency and energy capacity in mind.

Oregon cities, especially small to mid-sized and rural communities, require technical assistance and financial support to meet the state’s goals. Without additional support, some communities will be unable to meet the state’s building performance standards. Off-ramps are necessary to protect cities unable to meet the state’s goals to ensure they are not burdened by mandates they can’t meet.

Some initiatives may include local exceptions for building energy codes and performance standards, statewide home energy scoring, or financial incentives from the Infrastructure Investment and Jobs Act (IIJA), the Inflation Reduction Act (IRA), state incentives, and other financial incentives like CPACE (Commercial property-assessed clean energy).

For cities to meet their climate resilience and carbon reduction goals while maintaining home rule authority, their flexibility must be preserved to allow for a successful transition from fossil fuels. State pre-emptions should not prohibit cities from exceeding state goals and achieving standards that align with their values.

INVESTMENT IN COMMUNITY RESILIENCY AND CLIMATE PLANNING RESOURCES

RECOMMENDATION: *The LOC will support investments that bring resiliency and climate services (for mitigation and adaptation) together in coordination with public and private entities, and work to fill the existing gaps to help communities get high-quality assistance. These resources are needed for local governments to effectively capture the myriad of available state and federal funding opportunities that cannot be accessed due to capacity and resource challenges. The LOC will work with partners to identify barriers and potential*

solutions towards resiliency opportunities, such as local energy generation and battery storage, and to support actions that recognize local control.

Background: Oregon communities have unique resources and challenges, and increasingly need help to plan for climate and human-caused impacts and implement programs to reduce greenhouse gases. Oregon should focus on maintaining the reliability of the grid while supporting safe, healthy, cost-effective energy production that includes external costs.

Although many opportunities for building resiliency exist, not all will not be built or managed by cities. Cities support efforts to build resiliency hubs in coordination with public, private, and non-profit interests and will seek more investments in programs that support resiliency hubs.

Cities also have a broad range of perspectives on how to address the impacts of the climate crisis. Concerns about costs and reliability during this energy transition have surfaced in many cities. At the same time, others who share those concerns also aim to have stronger requirements that meet their cities' climate goals. To meet these challenges, cities oppose additional mandates but support exceptions and additional support that recognize each city's unique perspectives, resources, and experience while preserving local authority.

Oregon's small to mid-sized communities and rural communities are particularly in need of technical assistance, matching funds, and additional capacity to address climate impacts. Without assistance, these communities face unfunded mandates due to low resources and capacity challenges to go after many available opportunities.

ADDRESS ENERGY AFFORDABILITY CHALLENGES FROM RISING UTILITY COSTS

RECOMMENDATION: *The LOC will: support actions to maintain affordable and reliable energy resources; invest in programs and new technology that support energy efficiency, renewable energy, and battery storage to help reduce overall energy costs and demands; and address grid challenges during peak energy demand and the associated rising costs, while balancing the pace of energy production and power supply that impact rates.*

Background: In recent years, rising utility costs have increased the energy burden on Oregonians, particularly low-income Oregonians, those with fixed incomes, and those who are unable to work. Costs contributing to these increases include, infrastructure upgrades, maintenance, and modernization, climate impacts from increased extreme weather events (wildfires, ice storms, snowstorms, flooding, etc.) and mitigation costs associated with them, fuel costs, inflation, legislative and gubernatorial actions, and investments in new energy-producing technology, and battery storage, are some of many reasons that are impacting utility rates.

While many investment opportunities exist, more cooperation and collaboration

needed to find a path forward that reduces the need for large rate increases that impact Oregonians. Rate increases should balance and prioritize vital labor, infrastructure, and mitigations necessary to sustain present and future energy demands with compensation.

In addition, the LOC would advocate for new tools and utilizing existing tools to modernize rate structures to provide flexibility and account for the time of year of rate increases (phasing in of rate increases) and recognize the higher burden for low and moderate-income and fixed-income Oregonians.

Finance and Taxation Committee

Contact: Lindsay Tenes, ltenes@orcities.org

LODGING TAX FLEXIBILITY

RECOMMENDATION: *The LOC will advocate for legislation to increase flexibility to use locally administered and collected lodging tax revenue to support tourism-impacted services.*

Background: In 2003, the Legislature passed the state lodging tax and restricted local transient lodging tax (TLT) by requiring that revenue from any new or increased local lodging tax be spent according to a 70/30 split: 70% of local TLT must be spent on “tourism promotion” or “tourism related facilities” and up to 30% is discretionary funds.

Tourism has created an increased demand on municipal service provision. Some of the clearest impacts are on roads, infrastructure, public safety, parks, and public restrooms. Short term rentals and vacation homes also reduce the housing supply and exacerbate housing affordability issues.

Cities often play an active role in tourism promotion and economic development efforts, but requiring that 70% of lodging tax revenue be used to further promote tourism is a one-size fits all approach that does not meet the needs of every tourism community. Cities must be allowed to strike the balance between tourism promotion and meeting the needs for increased service delivery for tourists and residents.

MARIJUANA TAX

Legislative Recommendation: *The LOC will advocate for legislation that increases revenue from marijuana sales in cities. This may include proposals to restore state marijuana tax losses related to Measure 110 (2020), and to increase the 3% cap on local marijuana taxes.*

Background: The state imposes a 17% tax on recreational marijuana products. Until

the end of 2020, cities received 10% of the state’s total tax revenues (minus expenses) on recreational marijuana products. Measure 110 largely shifted the allocation of state marijuana revenue by capping the amount that is distributed to the recipients that previously shared the total amount (the State School Fund, the Oregon Health Authority, the Oregon State Police, cities and counties) and diverted the rest to drug treatment and recovery services. Starting in March of 2021, quarterly revenue to cities from state marijuana taxes saw a decrease of roughly 74%. Marijuana revenue has also been on a downward trend because the market is oversaturated, which has continually reduced sale prices (high supply, steady demand). Marijuana is taxed on the price of the sale and not on volume.

ALCOHOL TAX

RECOMMENDATION: *The LOC will advocate for increased revenue from alcohol taxes. This includes support for any recommendation by the HB 3610 Task Force on Alcohol Pricing to increase the beer and wine tax that maintains 34% shared distribution to cities. This may also include legislation to lift the pre-emption on local alcohol taxes.*

Background: Cities have significant public safety costs related to alcohol consumption and must receive revenue commensurate to the cost of providing services related to alcohol.

Oregon is a control state and the Oregon Liquor and Cannabis Commission (OLCC, formerly known as the Oregon Liquor Control Commission) acts as the sole importer and distributor of liquor. Cities and other local governments are preempted from imposing alcohol taxes. In exchange, cities receive approximately 34% share of net state alcohol revenues. The OLCC has also imposed a 50-cent surcharge per bottle of liquor since the 2009-2011 biennium, which is directed towards the state’s general fund. Oregon’s beer tax has not been increased since 1978 and is \$2.60 per barrel, which equates to about 8.4 cents per gallon, or less than 5 cents on a six-pack. Oregon’s wine tax is 67 cents per gallon and 77 cents per gallon on dessert wines. Oregon has the lowest beer tax in the country and the second lowest wine tax.

Telecommunications Committee**

Contact: Nolan Plese, npleše@orcities.org

DIGITAL EQUITY AND INCLUSION

RECOMMENDATION: *The LOC will support legislation and policies that help all individuals and communities have the information technology capacity needed for full participation in our society, democracy, and economy through programs such as digital*

navigators, devices, digital skills, and affordability programs like the Affordable Connectivity Program (ACP) and the Oregon Telephone Assistance Program (OTAP – also known as Lifeline) that meet and support community members where they are.

Background: Connectivity is increasingly relied on for conducting business, learning, and receiving important services like healthcare. As technology has evolved, the digital divide has become more complex and nuanced. Now, the discussion of the digital divide is framed in terms of whether a population has access to hardware, to the Internet, to viable connection speeds, and to the skills they need to effectively use it. Recognizing individual knowledge and capacity, abilities, and lived experience is now vital, and programs that offer devices, digital literacy skills, cybersecurity, and support for internet affordability, are critical to closing the digital divide.

CYBERSECURITY & PRIVACY

RECOMMENDATION: *The LOC will support legislation that addresses privacy, data protection, information security, and cybersecurity resources for all that use existing and emerging technology like artificial intelligence (AI) and synthetic intelligence (SI), including, but not limited to: funding for local and state government cyber and information security initiatives; interagency and government coordination and cooperative arrangements for communities that lack capacity; statewide resources for cyber and AI professionals and workforce development; vendor and third-party vendor accountability; regulations of data privacy; or standards for software/hardware developers to meet that will make their products more secure while ensuring continued economic growth. The LOC will oppose any unfunded cybersecurity and/or AI mandates and support funding opportunities to meet any unfunded insurance requirements.*

Background: Society’s continued reliance on technology will only increase with the emergence of artificial intelligence (AI) and synthetic intelligence (SI). This will mean an increased risk for cybercrimes. Cybersecurity encompasses everything that pertains to protecting our sensitive and privileged data, protected health information, personal information, intellectual property, data, and governmental and industry information systems from theft and damage attempted by criminals and adversaries.

Cybersecurity risk is increasing, not only because of global connectivity but also because of the reliance on cloud services to store sensitive data and personal information. As AI and SI technology and adoption accelerate, the ability to guard against cyber threats and threats created through AI will increase. Strengthening coordination between the public and private sectors at all levels is essential for decreasing risks and quickly responding to emerging threats. This ensures resilience is considered to reduce the damage caused by cyber threats.

RESILIENT, FUTUREPROOF BROADBAND INFRASTRUCTURE AND PLANNING INVESTMENT

RECOMMENDATION: *The LOC will support legislation to ensure broadband systems are built resiliently and futureproofed, while also advocating for resources to help cities with broadband planning and technical assistance through direct grants and staff resources at the state level. The LOC will oppose any preemptions that impede local government's ability to maintain infrastructure standards in the local rights-of-way. Municipalities' have a right to own and manage access to poles and conduit and to become broadband service providers.*

Background:

Broadband Planning and Technical Assistance

Most state and federal broadband infrastructure funding requires communities to have a broadband strategic plan in place in order to qualify. Many cities do not have the resources or staff capacity to meet this requirement. Cities will need to rely on outside sources or work with the state for assistance and support the state setting up an office to aid local governments.

Resilient and Long-Term Systems

As broadband continues to be prioritized, building resilient long-term networks will help Oregonians avoid a new digital divide as greater speeds are needed with emerging technologies like artificial intelligence (AI). Important actions that will ensure resilient broadband include: dig once policies; investing in robust middle-mile connections; ensuring redundancy and multiple providers in all areas' sharing current and future infrastructure to manage overcrowding in the right-of-way (ROW); and undergrounding fiber instead of hanging it on poles. Additionally, infrastructure should be built for increased future capacity to avoid a new digital divide by allowing Oregon to determine speeds that reflect current and future technology.

Optional Local Incentives to Increase Broadband Deployment

Cities need flexibility to adequately manage public rights-of-ways (ROW). Instead of mandates, the state should allow cities the option to adopt incentives that could help streamline broadband deployment. Flexibility for cities to fund conduit as an eligible expense for other state infrastructure (most likely water or transportation projects) would reduce ROW activity. Additionally, local governments can work with state and federal partners to streamline federal and state permitting to reduce delays in broadband deployment.

Regulatory Consistency Amidst Convergence

With rapid changes in communication, standards and policy should keep pace. When a converged technology utilizes differing communications technologies, it may be

required to adhere to multiple standards and regulations, or providers may argue that some parts of their service is not subject to regulations. The LOC will support legislation that addresses the inconsistency of regulations applied to traditional and nontraditional telecommunications services as more entities move to a network-based approach.

ARTIFICIAL INTELLIGENCE (AI)

RECOMMENDATION: *The LOC will support legislation that promotes secure, responsible and purposeful use of artificial intelligence (AI) and synthetic intelligence (SI) in the public and private sectors while ensuring local control and opposing any unfunded mandates. Cities support using AI for social good, ensuring secure, ethical, non-discriminatory, and responsible AI governance through transparent and accountable measures that promotes vendor and third-party vendor accountability, improving government services while protecting sensitive data from use for AI model learning, and fostering cross-agency, business, academic, and community collaboration and knowledge sharing.*

Background: While artificial intelligence (AI) and synthetic intelligence (SI) are not new, the recent advancements in machine learning and the exponential growth of artificial and synthetic intelligence require governments and providers to be responsible and purposeful in the use of this technology. The opportunities and risks that AI and SI present demand responsible values and governance regarding how AI systems are purchased, configured, developed, operated, or maintained in addition to ethical policies that are transparent and accountable. Policies should also consider the implication of AI on public records and retention of information on how AI is being used. Additionally, governments need to consider how procurements are using AI, how they are securing their systems, and any additional parties being used in the process.

AI systems and policies should:

- Be Human-Centered Design - AI systems are developed and deployed with a human-centered approach that evaluates AI-powered services for their impact on the public.
- Be Secure & Safe - AI systems should maintain safety and reliability, confidentiality, integrity, and availability through safeguards that prevent unauthorized access and use to minimize risk.
- Protect Privacy - Privacy is preserved in all AI systems by safeguarding personally identifiable information (PII) and sensitive data from unauthorized access, disclosure, and manipulation.
- Be Transparent - The purpose and use of AI systems should be proactively communicated and disclosed to the public. An AI system, its data sources,

operational model, and policies that govern its use should be understandable, documented, and properly disclosed publicly.

- Be Equitable - AI systems support equitable outcomes for everyone; urban, rural, suburban, frontier, and historically underrepresented communities. Bias in AI systems should be effectively managed to reduce harm to anyone impacted by its use.
- Provide Accountability - Roles and responsibilities govern the deployment and maintenance of AI systems. Human oversight ensures adherence to relevant laws and regulations and ensures the product's creator is ultimately responsible for reviewing the product prior to release and held accountable.
- Be Effective - AI systems should be reliable, meet their objectives, and deliver precise and dependable outcomes for the utility and contexts in which they are deployed.
- Provide Workforce Empowerment - Staff are empowered to use AI in their roles through education, training, and collaborations that promote participation and opportunity.

Transportation Committee

Contact: Jim McCauley, jmccauley@orcities.org

2025 TRANSPORTATION PACKAGE

RECOMMENDATION: *The LOC supports a robust, long-term, multimodal transportation package focused on: stabilizing funding for operations and maintenance for local governments and ODOT; continued investment in transit and bike/ped programs, safety, congestion management, and completion of projects from HB 2017. As part of a 2025 package, the funding level must maintain the current State Highway Fund (SHF) distribution formula and increase investments in local programs such as Great Streets, Safe Routes to Schools, and the Small City Allotment Program. In addition, the package should find a long-term solution for the weight-mile tax that stabilizes the program with fees that match heavier vehicles' impact on the transportation system. The funding sources for this package should be diverse and innovative. Additionally, the package should maintain existing choices and reduce barriers for local governments to use available funding tools for transportation investments.*

Background: Oregon has one of the country's most transportation-dependent economies, with 400,000 jobs (1 in 5) related directly to transportation via rail, road, and ports. The State Highway Fund (SHF) is the primary revenue source for the state's transportation infrastructure, and comes from various sources, including gas

and diesel tax, weight mile tax, vehicle registration fees, vehicle title fees, and driver’s license fees. These funds are distributed using a 50-30-20 formula, with 50% to the state, 30% to counties, and 20% to cities. Continued investment in transportation infrastructure is critical for public safety objectives such as [“Safe Routes to Schools”](#) and the [“Great Streets”](#) program. The Legislature must develop a plan to match inflationary costs and a plan to transition from a gas tax to an impact fee based on miles traveled to stabilize transportation investment.

FUNDING AND EXPANDING PUBLIC AND INTER-COMMUNITY TRANSIT

RECOMMENDATION: *The LOC supports expanding funding for public transit operations statewide, focusing on inter-community service, service expansion, and a change in policy to allow for the use of funds for local operations and maintenance.*

Background: During the 2017 session, HB 2017 established Oregon’s first statewide comprehensive transit funding by implementing a “transit tax,” a state payroll tax equal to one-tenth of 1%. This revenue source has provided stable funding of more than \$100 million annually.

These funds are distributed utilizing a formula. Investments made since the 2017 session helped many communities expand and start transit and shuttle services to connect communities and provide transportation options. Many communities, however, still lack a viable public transit or shuttle program and would benefit greatly from expanded services.

SHIFT FROM A GAS TAX TO A ROAD USER FEE

RECOMMENDATION: *The LOC supports replacing Oregon’s gas tax with a Road User Fee (RUF) while protecting local government’s authority to collect local gas tax fees. An RUF will better measure a vehicle’s impact on roads and provide a more stable revenue stream.*

Background: Oregon’s current gas tax is 40 cents per gallon. Depending on the pump price, the gas tax represents a small portion of the overall cost of gas. Due to the improved mileage of new vehicles and the emergence and expected growth of electric vehicles, Oregon will continue to face a declining revenue source without a change in the fee structure. Capturing the true impact of vehicles on the transportation system requires a fee structure that aligns with use of roads. The federal tax has remained at 18 cents per gallon since 1993, effectively losing buying power or the ability to keep up with inflation.

COMMUNITY SAFETY AND NEIGHBORHOOD LIVABILITY

RECOMMENDATION: *The LOC supports a strong focus on funding safety improvements on large roads, such as highways and arterials, that run through all communities. This includes directing federal and state dollars toward safety improvements on streets that meet the Great Streets criteria but are not owned by ODOT, and increasing funding for the*

Great Streets program. For those cities that don't qualify for existing programs, ODOT should explore funding opportunities for cities with similar safety needs. Additionally, more funding should be directed to the Highway Safety Improvement Program (HSIP) and All Roads Transportation Safety (ARTS) programs.

Background: Community safety investment remains a critical challenge for local governments, reducing their ability to maintain a transportation system that supports the safe and efficient movement of people and goods. Traffic fatalities and serious injuries continue to grow to record levels in many communities. The lack of stable funding for these basic operations and maintenance functions prevents local governments from meeting core community expectations. Without increases in funding for transportation, this problem is expected to get even worse, as costs for labor and materials continue to increase.

Water and Wastewater Committee

Contact: Michael Martin, mmartin@orcities.org

INFRASTRUCTURE FUNDING (CO-SPONSORED BY COMMUNITY AND ECONOMIC DEVELOPMENT COMMITTEE)

RECOMMENDATION: *The LOC will advocate for a comprehensive infrastructure package to support increased investments in water, sewer, stormwater and roads. This includes: funding for system upgrades to meet increasingly complex regulatory compliance requirements; capacity to serve needed housing and economic development; deferred maintenance costs; seismic and wildfire resiliency improvements; and clarity and funding to address moratoriums. The LOC will also champion both direct and programmatic infrastructure investments to support a range of needed housing development types and affordability.*

Background: Cities continue to face the challenge of how to fund infrastructure improvements – to maintain current, build new, and improve resiliency. Increasing state resources in programs that provide access to lower rate loans and grants will assist cities in investing in vital infrastructure. Infrastructure development impacts economic development, housing, and livability. The level of funding for these programs has been inadequate compared to the needs over the last few biennia, and the funds are depleting and unsustainable without significant program modifications and reinvestments. This priority will focus on maximizing both the amount of funding and the flexibility of the funds to meet the needs of more cities across the state to ensure long-term infrastructure investment. The 2024 LOC Infrastructure Survey revealed the increasing need for water and road infrastructure funding. The results show \$11.9 Billion of infrastructure funds needed (\$6.4 billion for water and \$5.5

billion for roads).

Combined with federal-cost share decline on water infrastructure projects – despite the recent bi-partisan infrastructure law investment – cities face enormous pressure to upgrade and maintain water infrastructure. At the same time, cities across the state are working urgently to address Oregon’s housing crisis. To unlock needed housing development and increase affordability, the most powerful tool the Legislature can deploy is targeted investments in infrastructure to support needed housing development.

PLACE-BASED PLANNING

RECOMMENDATION: *The LOC will advocate for funding needed to complete existing place-based planning efforts across the state and identify funding to continue the program for communities that face unique water supply challenges.*

Background: Oregon’s water supply management issues are complex. In 2015, the Legislature created a place-based planning pilot program in Oregon administered through the Oregon Water Resources Department that provides a framework and funding for local stakeholders to collaborate and develop solutions to address water needs within a watershed, basin, surface water, or groundwater. In 2023, the Legislature passed a significant bipartisan Drought Resilience and Water Security package (BiDRAWS), which included \$2 million into a place-based planning water fund to continue efforts to address a basin-by-basin approach.

OPERATOR-IN-TRAINING APPRENTICESHIPS

RECOMMENDATION: *The LOC will advocate for funding for apprenticeship training programs and the expansion of bilingual training opportunities to promote workforce development of qualified wastewater and drinking water operators due to the significant lack of qualified operators.*

Background: Water utilities must resolve a human-infrastructure issue in order to keep our water and wastewater systems running. Currently, water utilities face challenges in recruiting, training, and retaining certified operations employees. In addition, retirements of qualified staff over the next decade will exacerbate the problem.

In 2023, the Legislature approved one-time funding for the development of a training facility for certified operators and technical assistance staff in partnership with the Oregon Association of Water Utilities. Sustained funding for regional training facilities and direct funding for utilities hosting training programs is needed to train the next generation of water and wastewater operators.

Agenda Bill
Harrisburg City Council
Harrisburg, Oregon

THE MATTER OF APPROVING THE CONSENT LIST

STAFF REPORT:

- Exhibit A: City Council Minutes for June 25, 2024
- Exhibit B: Payment Approval Report for July 2024
- Exhibit C: Out of State Travel for Cathy Nelson and Caleb Smith
- Exhibit D: Municipal Court Collections Report July 2024
- Exhibit E: Municipal Court Citation Report July 2024

ACTION: MOTION TO APPROVE THE CONSENT LIST

A motion to approve the consent list will approve the following:

- 1. Minutes from the June 25, 2024 City Council Meeting**
- 2. The Payment Approval Report for July 2024**
- 3. Out of State Travel Costs to Allow Cathy Nelson and Caleb Smith to Attend the Annual Caselle Conference in Salt Lake City, Utah**

THIS AGENDA BILL IS DESTINED FOR: Consent Agenda –August 27, 2024

STAFF RECOMMENDATION:

Staff recommends the City Council approve the consent list.

Building Permits:

July 2024:	Submitted: 7
	Issued: 9
New Homes:	3 Issued

Residential Valuation: \$8,986.00
Commercial Valuation: \$9,800.00
2024 YTD Valuation: \$2,073,133.00

Please note valuation is not added to the City’s property tax base until the fall period following when the permit is finalized. As such, the typical timeframe for most construction to show up on our tax base is the following year in November. The valuation figure includes new home values, the value of commercial or industrial construction, and the value of extensive remodels.

Business Licenses Issued:

- None

Harrisburg Municipal Court:

- Collection Report (**EXHIBIT D**) for the month of July 2024 is \$4,587.00 which includes \$349.01 from collections.

- There were 28 citations issued in the month of July 2024 for a total of 31 offenses (**EXHIBIT E**). Criminal Citations include three charges of Failure to Appear, one charge of D.U.I.I, one charge of Reckless Driving and two charges for Theft II.

Committee Minutes: *Please note all committee/board minutes are approved by the individual committee, and not by the City Council consent agenda approval.*

Harrisburg and HRA Budget Committee Chairperson: Randy Klemm

The Harrisburg and HRA Budget Committee last met on May 13, 2024. Those minutes are not yet available.

Next Scheduled Meeting: TBD

Library Board: Chairperson: Desria Hansen

The Library Board last met on May 7, 2024. (July 2, 2024 meeting was canceled)

Next Scheduled Meeting: September 3, 2024

Personnel Committee: Chairperson; Kimberly Downey

The Personnel Committee last met February 2, 2024

Next Scheduled Meeting: TBD

Planning Commission: Chairperson; Todd Culver

The Planning Commission last met June 18, 2024. Those minutes are attached. (The August 20, 2024 meeting was canceled)

Next Scheduled Meeting: September 17, 2024

REVIEW AND APPROVAL:

<i>Lori Ross</i>	08/13/2024
Lori Ross	Date
City Recorder	

This document is supplemented by agenda packet materials, meeting materials distributed and audio recordings of the meeting and may be reviewed upon request to the City Recorder.

Harrisburg City Council Minutes
June 25, 2024

Mayor: Robert Duncan, Presiding
 Council President: Mike Caughey, Present
 Councilors Present: Kimberly Downey, Robert Boese (via Phone), and Cindy Knox
 Councilors Absent: Randy Klemm (Excused) and Charlotte Thomas (Excused)
 Staff Present: City Administrator Michele Eldridge, Public Works Director Chuck Scholz, Finance Officer/Deputy City Recorder Cathy Nelson and City Recorder/Municipal Court Clerk Lori Ross
 Meeting Location: Harrisburg Municipal Center Located at 354 Smith St

Mayor Robert Duncan led the Pledge of Allegiance.

CALL TO ORDER AND ROLL CALL by Mayor, Robert Duncan at the hour of 6:32pm

CONCERNED CITIZEN(S) IN THE AUDIENCE: Troy Jones of Gap Rd, approached Council. He stated that he appreciates the support the Friends of Gap Road (FOGR) has received from the City and respects Council decision of staying neutral. Jones informed Council the FOGR have formed into a Political Action Committee (PAC) in addition to attending the Engineering Facility Siting Council meetings monthly. The FOGR efforts have been put towards why an alternative site isn't required when this property has zoning conditions and is considered wetlands. Jones informed Council that Qcells still has not submitted their application.

- Downey commented, for the record, that she has a possible conflict of interest with this topic and won't be partaking in any further discussion.

THE MATTER OF MEETING WITH A MEMBER REPRESENTATIVE FROM LCSO IF ONE IS AVAILABLE: Lieutenant Brian Hardy presented the May LCSO Report. Some of the highlights included:

June 25, 2024

- Hot dog calls where pets were left in vehicles unattended on a hot day.
- Occupants hanging out in the riverfront bathrooms after hours.
- LCSO is beginning to enforce illegal parking down by the gravel bar.
- Lt. Hardy informed Council the Posse will be attending the Mill City 4th of July parade this year and not Harrisburg's.
- Caughey pointed out a vision clearance issue at the intersection at Priceboro Rd and Powerline Rd. Scholz informed Council since it is out of the City, a complaint form, which he has, will need to be submitted to the County.

THE MATTER OF APPROVING STATE REVENUE SHARING RESOLUTIONS, AND HOLDING A PUBLIC HEARING GIVING CITIZENS OPPORTUNITY TO COMMENT ON THE USE OF STATE REVENUE SHARING FUNDS:

Mayor Duncan opened up the Public Hearing at the hour of 6:44pm.

- Nelson stated that these two resolutions are a requirement and by approving them, we are affirming that the City provides the required services to participate in State Revenue Sharing.

With no testimony provided, the Public Hearing closed at the hour of 6:45pm.

- Downey motioned to approve Resolution No. 1288, "A RESOLUTION CERTIFYING THE CITY OF HARRISBURG IS ELIGIBLE TO RECEIVE STATE REVENUE SHARING MONEY IN FY 2024-2025" and Resolution No. 1289 "A RESOLUTION DECLARING THE CITY OF HARRISBURG'S ELECTION TO RECEIVE STATE REVENUES IN FY 2024-2025" and was seconded by Caughey. The motion passed unanimously by a vote of 4-0. (Yes: Downey, Caughey, Knox and Boese. No: None.)

THE MATTER OF APPROVING THE CITY BUDGET FOR FISCAL YEAR 2024-2025 BY APPROVING RESOLUTIONS TO INCREASE WATER RATES (RESOLUTION NO. 1290), SEWER RATES (RESOLUTION NO. 1291), STORM DRAINAGE RATES (RESOLUTION NO.1292), AND TO ADOPT BUDGET APPROPRIATIONS FOR FY 2024-2025 BY APPROVING RESOLUTION NO. 1293: Nelson informed Council that this is the same budget presented to the Budget Committee and that water and storm drainage rates will increase by 3% and sewer by 4% in order to support those funds.

- Caughey motioned to adopt the Approved FY 2024-2024 City Budget as presented and to approve the following Resolutions;

Resolution No. 1290, "A RESOLUTION ESTABLISHING WATER RATES FOR USERS OF THE HARRISBURG MUNICIPAL WATER SYSTEM, REPEALING RESOLUTION NO. 1278, AMENDING RESOLUTION NO. 578, SECTION 5, AND ESTABLISHING AN EFFECTIVE DATE."

Resolution No. 1291, "A RESOLUTION ESTABLISHING SEWER RATES FOR USERS OF THE HARRISBURG MUNICIPAL SEWER SYSTEM, REPEALING RESOLUTION NO. 1279, AMENDING RESOLUTION NO. 579, AND ESTABLISHING AN EFFECTIVE DATE."

Resolution No. 1292, "A RESOLUTION ESTABLISHING STORM DRAINAGE RATES FOR USERS OF THE HARRISBURG MUNICIPAL STORM DRAINAGE SYSTEM, REPEALING RESOLUTION NO. 1280, AND ESTABLISHING AN EFFECTIVE DATE."

June 25, 2024

Resolution No. 1293, “A RESOLUTION MAKING APPROPRIATIONS FOR THE CITY OF HARRISBURG, OREGON, FOR THE FISCAL YEAR 2024-2025.”

He was seconded by Downey. The motion passed unanimously by a vote of 4-0. (Yes: Downey, Caughey, Knox and Boese. No: None.)

THE MATTER OF APPROVING RESOLUTION NO. 1294 ACCEPTING OWNERSHIP OF PUBLIC INFRASTRUCTURE IN THE SHADOWOOD SUBDIVISION ACCORDING TO THE CITY OF HARRISBURG DEVELOPMENT CODE: Eldridge reviewed the staff report noting that this resolution is the formal acceptance of the new infrastructure being provided by the subdivision, which will then be added to the list of Capital Assets for the City.

- **Downey motioned to approve Resolution No. 1294, “A RESOLUTION ACCEPTING OWNERSHIP OF PUBLIC ASSETS IN AND FOR THE SHADOWOOD SUBDIVISION ACCORDING TO THE CITY OF HARRISBURG’S DEVELOPMENT CODE” and was seconded by Caughey. The motion passed unanimously by a vote of 4-0.** (Yes: Downey, Caughey, Knox and Boese. No: None.)

THE MATTER OF REVIEWING AND APPROVING RECOMMENDATIONS FOR THE 3RD BID FOR THE NEW NORTH & SOUTH WATER TREATMENT FACILITIES: Scholz informed Council there were some engineering design changes to cut down on things that were unnecessary and an increase in costs, partially due to the addition of state requirements.

- **Knox motioned to recommend the contract be awarded to HP Civil, Inc. in the amount of \$9,045,000 and was seconded by Caughey. The motion passed unanimously by a vote of 4-0.** (Yes: Downey, Caughey, Knox and Boese. No: None.)
- After the motion, Caughey asked when we can expect to start seeing things happen.
- Scholz replied that due to the way the infrastructure needs to be built, and having to stay operable at all times, it’s going to take a while. Some of the work needs to be done during the warmer weather like the construction of the tanks, due to contraction and expansion, but they will get started on the groundwork soon. Scholz thinks it will take about two years to complete but realistically, the spring of 2027.
- Caughey commented on the importance of keeping residents updated with the work progress and timeline.
- Eldridge reassured Council that City Staff would keep the website and social media updated.

THE MATTER OF AUTHORIZING THE CITY ADMINISTRATOR TO SIGN THE PROFESSIONAL SERVICES AGREEMENT WITH TATE PUBLIC AFFAIRS AS WE START THE 2ND YEAR OF BELONGING TO THE SMALL MUNICIPALITY ADVOCACY COALITION:

Eldridge reviewed the staff reports and reminded Council that Sean Tate is providing advocacy services on our behalf. She stated that discussions will be coming back to Council in the fall to determine what we want to be working on this next year. Eldridge referred to page 135 of the agenda outlining the key issues and ongoing efforts for the first year. Eldridge informed Council the agreement is the same as the previous including the fee which has been budget.

- Downey asked about having more outreach and commented that she would like to have an update on how his goals for the short session went and what his goals for the long session are.
- **Downey motioned to authorize the City Administrator to sign the Professional Services Agreement with Tate Public Affairs as we start the 2nd year of belonging to the Small Municipality Advocacy Coalition called SMAC and was**

June 25, 2024

seconded by Knox. The motion passed unanimously by a vote of 4-0. (Yes: Downey, Caughey, Knox and Boese. No: None.)

THE MATTER OF AWARDING AN INCREASE TO ADMINISTRATIVE STAFF BASED ON COURT STATISTICS AND STELLAR PERFORMANCES: Eldridge reviewed the staff report.

Some of the highlights included:

- Court dockets have increased over 29% on an annual basis including a 45% increase in criminal cases.
- Eldridge commented on the amount of work that goes into running court and both Ross and Knox do a great job keeping up with it along with their other responsibilities.
- Eldridge pointed out court revenue are \$14,000 over projections
- Eldridge also pointed out that Ross's position has only seen an increase of 17% over the last 10 years vs Public Works who has seen an increase of 35% and other Administration who average a 32% increase.
- Eldridge commented on the extra responsibilities that Knox has also taken on, justifying her supervisors requesting a step increase.
- Downey supports this motion because court cost are not in the red. Downey would like to make sure these positions are not overlooked in the upcoming wage analysis.
- Eldridge commented that these positions have been difficult to find comparisons to in past studies, leaving them out of a wage increase.
 - Caughey **motioned to add another step to the wage scale for the City Recorder/Municipal Court Clerk and the Utility Billing Clerk to be effective July 1, 2024 and to direct the City Administrator to return with a council policy in relation to compensation at a future meeting and was seconded by Downey. The motion passed unanimously by a vote of 4-0.** (Yes: Downey, Caughey, Knox and Boese. No: None.)

OTHERS:

- **4th of July:** Eldridge reminded Council of the 5K signups Friday and Saturday with the race being held on Sunday. The Car Show and Shine begins at 3pm Sunday with the Pet Parade being held on July 3rd.
- **New Hours:** City Hall new hours are effective July 1st.

The City Council Meeting adjourned at the hour of 7:42pm to begin the HRA Board Meeting.

The HRA Board meeting adjourned at the hour of 7:45pm and the City Council Meeting resumed at the hour of 7:47pm.

Council Member Thomas joined the meeting by phone for the Executive Session.

The City Council Meeting adjourned at the hour of 7:49pm to begin the Executive Session.

THE MATTER OF HOLDING AN EXECUTIVE SESSION UNDER ORS 192.660(2)(B) "TO CONSIDER THE DISMISSAL OR DISCIPLINING OF, OR TO HEAR COMPLAINTS OR CHARGES BROUGHT AGAINST A PUBLIC OFFICER, EMPLOYEE, STAFF MEMBER OR INDIVIDUAL AGENT WHO DOES NOT REQUEST AN OPEN HEARING"

The City Council exited the Executive Session at the hour of 8:35pm.

The City Council Meeting resumed at the hour of 8:35pm.

The consensus of the City Council was that no recommendation be made on the matters discussed in the Executive Session.

With no further business, the City Council Meeting adjourned at the hour of 8:37pm.

Mayor

City Recorder

UNAPPROVED

Agenda Bill
Harrisburg City Council
 Harrisburg, Oregon

**THE MATTER OF APPROVING OUT OF STATE TRAINING AND TRAVEL EXPENSES FOR THE FINANCE OFFICER AND UTILITY BILLING SUPERVISOR
 STAFF REPORT:**

Exhibit A: Classes Available

ACTION: THE MOTION TO APPROVE THE CONSENT LIST WILL APPROVE THE OUT OF STATE TRAVEL COSTS TO ALLOW CATHY NELSON AND CALEB SMITH TO ATTEND THE ANNUAL CASELLE CONFERENCE IN SALT LAKE CITY, UT.

THIS AGENDA BILL IS DESTINED FOR: Consent Agenda – August 27, 2024

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
\$2130.00 each	Yes	General/Water/Sewer Funds

STAFF RECOMMENDATION:

Staff recommends the City Council approve the travel request for Cathy Nelson and Caleb Smith to attend the annual Caselle Conference in Salt Lake City, Utah.

BACKGROUND INFORMATION:

The Finance Officer and the Administrative Assistant requests approval to attend the annual Caselle conference in Salt Lake City, Utah that begins October 15th through the 16th of 2024. This conference is a great educational opportunity for both our Finance Officer and Administrative Assistant to learn more about the system the City uses for our financial tracking, budgeting, and utility billing. The conference will include 2 General Sessions and 10 different educational breakout sessions.

This conference offers diversified educational sessions. It increases our overall productivity in Administration for the City of Harrisburg. The City of Harrisburg will pay for full registration (at the early bird discount rate) of \$595, room charges of \$239 per night (three nights) and airline flights per employee. All meals other than dinner are covered in registration costs. Per Diem will be paid to cover other meals and incidental in the amount of \$153.00 per employee.

REVIEW AND APPROVAL:

7/30/24

Michele Eldridge, City Administrator Date
