STAFF RECOMMENDATION:

Staff recommend the City Council appoint Jeremy Moritz to City Council as per the recommendation of Mayor Robert Duncan. If the motion passes, the City Recorder will immediately administer the Oath of Office to Moritz.

BACKGROUND INFORMATION:

At the June 9, 2026 City Council Meeting, Councilor Charlotte Thomas submitted her resignation due to the fact that she will be moving from Harrisburg at the end of this summer. Thomas has been a valuable part of the City Council since August of 2018 and also served five (5) years on the Planning Commission before that. We appreciate her passion and commitment to our residents always advocating on their behalf. She will be truly missed.

On the recommendation of Mayor Robert Duncan, Jeremy Moritz submitted his application (**EXHIBIT A**). Moritz has been serving on the Planning Commission since Councilor Thomas resigned to join the City Council in 2018. It seems only fitting that Moritz is once again next in line to replace Thomas.

City Council members serve a four (4)-year term. This term is set to expire on December 31, 2026; therefore, Moritz would need to run for re-election in the 2026 General Election for a new term effective January 1, 2027, to December 31, 2030.

Phone Number:

Email:

Are you a Harrisburg resident? Yes ☒ No ☐

Employment:

In which position are you interested?*

Tell us why you would like to be included on the Board or Committee of your choice and what you will contribute:

I've had the pleasure to serve on our city's Planning Commission since 2018. I've been Vice-Chair for a few of those years. I feel moving on to the City Council is a natural progression in serving the community and home town that I've had the pleasure to grow up in. I feel like my current position as Executive Director of my organization gives me the skills and qualifications to help the city, mayor, staff and other councilors make good decisions that affect the residents of Harrisburg.

Please list any schooling, hobbies, prior experience or any other information that would indicate how you would contribute to the Board or Committee.

Again, my prior experience on the Planning Commission and my work experience gives me good insight on the ins and outs of how a city operates. I also have a good ear for common sense and what is good for the citizens of Harrisburg.

Please list a personal/professional reference that we may contact:

STAFF RECOMMENDATION:

Staff recommend that City Council review the attached reports and prepare any questions for Chief Larry Larson or the representative from the Coburg Police Department.

BACKGROUND INFORMATION:

Sergeant Dan Miller has provided the 2026, 2nd Quarter Overview Report as shown in **Exhibit A**. Sergeant Miller has also provided individual monthly reports for traffic, bailiff duties and also code enforcement services as shown in **Exhibit B**. **Exhibit C** shows the monthly billable hours for April, May and June of 2026 based on an average of 52 hours contracted monthly.

This information gives Council the chance to review responses and actions in relation to both traffic and code enforcement activities by the Coburg Police Department on a quarterly basis. If a representative is not available, questions can be conveyed by staff.

Quarterly Report to Harrisburg Council

2nd Quarter, 2026

Coburg Police Department Harrisburg Highlights

April – June of 2026

2nd Quarter Overview

For the past several years, the Coburg Police Department has enjoyed working with the city of Harrisburg while fulfilling roles in traffic safety, traffic enforcement, Bailiff duty to the Harrisburg Municipal Court and city ordinance compliance. Also, CPD officers assist with city functions, such as National Night Out, Harrisburg Harvest Festival, 4th of July parade and fireworks show.

The Coburg Police Department now has three “solo” reserve officers. “Solo” is the term we use to signify that the reserve officers have met the departmental training requirements to handle traffic stops and calls for service on their own, without the assistance of a full-time police officer. Reserve Officers Ceniga, Gonzalez, and Woods have all met these training thresholds and serve the Harrisburg community under the contract with the Coburg Police Department. Not only is this a huge benefit for the city of Harrisburg, but for the Coburg Police Department as well.

Quarterly Trends

- **Traffic Enforcement** – Traffic enforcement throughout the late spring, moving into the summer months, tend to increase with the number of people utilizing the roads throughout Harrisburg and Linn County. When violations were observed, CPD Officers conducted 53 traffic stops in the second quarter of 2026, netting 38 violations charged and 15 warnings issued. Officers from the Coburg Police Department provided 75 hours of dedicated traffic enforcement activity during the second quarter of 2026.
- **Municipal Court Bailiff**– Part of our contractual agreement is to provide the city of Harrisburg with an Officer to perform bailiff duties. These duties include courtroom security, security to court personnel, maintain order in the courtroom and to effect arrests of subjects who are being held in contempt of the court, as well as any warrants subjects possess who come before the court. Officers from the Coburg Police Department provided a total of 8 hours of dedicated bailiff duties to the Harrisburg Municipal Court. There was no court date held in May in the Harrisburg Municipal

Court. In the second quarter, the bailiff assigned to the Harrisburg Municipal Court arrested one subject on an outstanding warrant out of Benton County Circuit Court.

- **Community Oriented Policing-** Members of the Coburg Police Department are constantly on the lookout for incidents which are out of the norm from the day-to-day observations we see. During the second quarter, Chief Larson located a bicycle near Eagle Park that appeared suspicious. While investigating, Chief Larson found a group of juveniles who were looking for the bicycle, and he was able to return the bicycle to the group of juveniles.

Officers from the Coburg Police Department carry coupons for \$1 dollar off of the purchase of ice cream from DariMart. These coupons are given to juveniles who are observed taking place in safe bicycling practices. For example, wearing bicycle helmets and/or obeying traffic signs...ect. During the second quarter, approximately 10 of these coupons were given to juveniles in Harrisburg who have been deserving of this award.

- **Code Enforcement-** Members of the Coburg Police Department work closely with the City of Harrisburg staff to ensure compliance with city ordinances. Issues as “attractive nuisances,” parking violations, junk abatement and other such ordinance violations are issues we address. Many of these violations are handled with a letter and/or a brief personal contact addressing the issues at hand. Should the initial contacts have little or no effect, further actions such as warnings or citations can be issued.

Abandoned Vehicle code enforcement actions which were addressed in the second quarter are listed below:

- Removal of a camping trailer in the 800 block of Smith St.
- Removal of a camping trailer from Arrow Leaf
- Removal of a flatbed trailer in the 900 block of S. 9th St.
- Removal of a SUV stored on S. 9th St.
- Removal of a vehicle stored on Arrow Leaf and Applegate Pl.
- Removal of motorhome from 7th and Territorial St.
- Removal of a dump trailer parked on Sommerville Lp.
- Removal of a Ford pickup on Heckard Ln.

Parking violations addressed in the second quarter are listed below:

- Multiple vehicles were parked along Priceboro, Spurlock, Umpqua, S. 9th St., Siuslaw, Whitledge, Dempsy St. and Smith St. The owners were contacted and the vehicles are now within compliance.

Noxious Growth/Attractive Nuisances that have been addressed in the second quarter are listed below:

- A resident on Kesling St. has been contacted regarding an ongoing issue with overgrown blackberry bushes and tall grass. The property has partially been mowed, and further action will be taken to gain compliance.

- A resident on Azalea St. has been brought into compliance regarding tall blackberries, tall grass and refuse on the property
- A vacant lot on N. 7th St. has been mowed and brought into compliance

Patrol Checks conducted in the second quarter are listed below:

- Riverfront Park, Eagle Park, Skate Park, Harrisburg Elementary, Harrisburg Middle School, Harrisburg High School, and the Riverfront boat launch.

THE MATTER OF APPROVING ORDINANCE NO. 1014, “AN ORDINANCE AMENDING HARRISBURG MUNICIPAL CODE TITLE 18 ZONING AND DEVELOPMENT TO REFLECT AND STRENGTHEN CODE LANGUAGE IN RELATION TO GARAGES AND CARPORTS”

STAFF REPORT:

Exhibit A: Ordinance No 1014

ACTION: MOTION TO APPROVE ORDINANCE NO. 1014, “AN ORDINANCE AMENDING HARRISBURG MUNICIPAL CODE TITLE 18 ZONING AND DEVELOPMENT TO REFLECT AND STRENGTHEN CODE LANGUAGE IN RELATION TO GARAGES AND CARPORTS

STAFF RECOMMENDATION:
Staff recommends the City Council approve Ordinance No. 1014

BACKGROUND INFORMATION:

For the last year, the Planner and our Administrative Assistant have been working with citizens who have been focusing on developing vacant lots throughout town. It has come to our attention lately that more people are claiming that they didn’t realize the size requirements for our garages/carports.

As such, Staff is adding some simple clarifying language, that should both make things simpler to find, as well as strengthening some of the policies that the City has. One of the best changes are shown within Ordinance No. 1014. **(Exhibit A)** This table is a one-stop shot for many people and is likely where most of the confusion has arisen.

In Exhibit B to the Ordinance, you’ll find the minimum size requirement, as well as removing an old clause that has no place in the current development code. The fact

that a manufactured dwelling can't be dropped off until the carport/garage permit is issued is also strengthened.

Finally, in Exhibit C to the Ordinance, you'll find the one section in the code referring to garages, in which the standards are spelled out. This is a great place to clarify and strengthen the minimum size requirements.

Because this is a simple, housekeeping type of ordinance, that doesn't change densities, sizes, or otherwise qualify as major changes to the ordinance, the City isn't required to report this ordinance to the Department of Land Conservation and Development. It will therefore be effective in August.

REVIEW AND APPROVAL:

Michele Eldridge Date
City Administrator

ORDINANCE NO. 1014**AN ORDINANCE AMENDING HARRISBURG MUNICIPAL CODE TITLE 18 ZONING AND DEVELOPMENT TO REFLECT AND STRENGTHEN CODE LANGUAGE IN RELATION TO GARAGES AND CARPORTS**

WHEREAS, since Harrisburg Municipal Code (HMC) Title 18, Zoning and Development was adopted in 2022, the City has been steadily making changes to code language that clarifies the intentions of the City Council and Planning Commission; and,

WHEREAS, the City of Harrisburg has a minimum size requirement of 18'x12' for garages and carports, which has been in place for decades; and,

WHEREAS, the Planner has determined that the current wording is not sufficient for citizens to clearly know and understand those size requirements.

NOW THEREFORE, THE CITY OF HARRISBURG ORDAINS AS FOLLOWS:

Section 1. Harrisburg Municipal Code Chapter 18.45.040. Lot and development standards table is amended as shown in **Exhibit A**; and

Section 2. Harrisburg Municipal Code Chapter 18.50.120 Manufactured home on a single-family lot is amended as shown in **Exhibit B**; and

Section 3. Harrisburg Municipal Code Chapter 18.65.030 Residential buildings, is amended as shown in **Exhibit C**;

PASSED by the Council this 28th Day of July, 2026.

APPROVED by the Mayor this 28th Day of July, 2026.

EFFECTIVE DATE: August 26, 2026.

Mayor Robert Duncan

Special Setback for Planned Street Improvements. New structures or structure additions on lots abutting an existing public street that do not meet the minimum standards of HMC § [18.85.020](#) for right-of-way width shall provide setbacks sufficient to allow for the future widening of the right-of-way, plus the minimum required yard setback. Building permits shall not be issued for new structures or additions that do not meet this standard. An exemption to this requirement is allowed where the City Engineer/Public Works Director determines that the street is at its ultimate width and no additional right-of-way is likely to be needed for future improvements, as consistent with the TSP.

Exhibit B:

§ 18.50.120. Manufactured home on a single-family lot.

Manufactured homes are permitted on individual lots, subject to all of the following design standards. Manufactured dwellings relocated into the City of Harrisburg shall conform to City standards. The following standards do not apply to dwellings lawfully established and existing within the City prior to the effective date of this chapter. See also Chapter [18.45](#) HMC and HMC § [18.50.130](#) and § [18.50.140](#), respectively, regarding mobile home and manufactured home parks, and mobile homes and recreational vehicles used as dwellings.

1. Floor Plan. The manufactured home shall be multi-sectional and have an enclosed floor area of not less than 1,000 square feet and be at least 20 feet wide.

2. Roof. The manufactured home shall have a pitched roof with a slope not less than three feet in height for each 12 feet in width (14 degrees).

3. Residential Building Materials. The manufactured home shall have exterior siding and roofing which in color, material, and appearance are similar to the exterior siding and roof material used on nearby residences; horizontal wood or horizontal wood-appearance siding and composite roofing is also permitted.

4. Garages and Carports. A carport or garage, minimum size 18'x12', and -sufficient to house two or more vehicles shall be constructed of materials and of similar appearance to those used on the home prior to manufactured home occupancy.

a. Placement of the manufactured dwelling on the lot will not be allowed until the building permit for the primary garage/carport is issued.

5. A manufactured home will be considered new construction and all City requirements for curbs, gutters, sidewalks and landscaping shall be complied with.

6. At time of placement, the manufactured dwelling shall be in good repair, free of damage or any internal or external material defects and built after June 15, 1976, and conform to the NHCSA Act of 1974, as amended, and fully prepared for human habitation.

7. Wheels, axles, and tongue shall be removed.

8. Thermal Envelope. The manufactured home shall be certified by the manufacturer to meet the thermal envelope requirements equivalent to those for a single-family dwelling constructed under the State Building Code. Evidence demonstrating that the manufactured home meets "Super Good Cents" energy efficiency standards, or an equivalent standard, is deemed to satisfy the exterior thermal envelope certification requirement.

9. Manufactured Dwelling Placement Permit. An approved permit is required prior to placement.

10. Placement. The manufactured home shall be placed on an excavated and continuous back-filled foundation and enclosed at the perimeter such that the manufactured home is located not more than 16 inches above grade and complies with the minimum set-up standards of the adopted State Administrative Rules for Manufactured Dwellings, OAR Chapter 918. Where the building site has a sloped grade, no more than 16 inches of the enclosing material shall be exposed on the uphill side of the home.

11. Floodplain. Manufactured homes shall comply with HMC § 15.20.170 and § 15.20.180 and the following standards:

a. The stand shall be a minimum of 12 inches above base flood elevation (BFE) unless the foundation wall is opened on one side or end so that floodwater cannot be trapped.

(Manufactured Dwelling Specialty Code, 4-3.1(5))

b. The bottom of the longitudinal chassis frame beam in A zones, and the bottom of the lowest horizontal structural member supporting the dwelling in V zones shall be a minimum of 12 inches above BFE. See definition of "lowest floor" in Manufactured Dwelling Specialty Code.

c. The manufactured dwelling shall be anchored to prevent flotation, collapse, or lateral movement during the base flood. Anchoring methods may include, but are not limited to, use of over-the-top or frame ties to ground anchors (reference FEMA's "Manufactured Home Installation in Flood Hazard Areas" guidebook for anchoring techniques). (44 CFR 60.3(c)(6))

d. Electrical crossover connections shall be a minimum of 12 inches above BFE. (Manufactured Dwelling Specialty Code, 6-4.2(1))

12. Foundation Skirt. The foundation area of the manufactured home shall be fully skirted with concrete, horizontal wood or vinyl siding, or other materials, pursuant to applicable building codes and consistent with the rest of the manufactured dwelling. The foundation skirt shall be painted with a color and style consistent with the rest of the manufactured dwelling.

13. Prohibited. The manufactured home shall not be located in the City's designated historic district (H-1) or next to any structure on the Harrisburg register of historic resources. (Ord. 987 § 1 (Exh. A), 2022)

Exhibit C:

§ 18.65.030. Residential buildings.

1. Purpose. The following requirements are intended to create and maintain a built environment that is conducive to walking; reduces dependency on the automobile for short trips; provides natural surveillance of public spaces; and maintains the historic integrity/architectural character of the community.

2. Applicability. All residential buildings in the R-1, R-2, and R-3 zones shall comply, respectively, with the requirements of this code.

3. Building Orientation. Residential buildings that are subject to the provisions of this chapter, pursuant to HMC § 18.65.020, shall conform to all of the following standards:

a. Building Orientation to Street. Except as provided below, dwelling units shall orient toward a street, have a primary entrance opening toward the street, and be connected to the right-of-way with an approved walkway and residential front yard. For purposes of this section, the primary entrance shall face or be within 45 degrees of parallel to an abutting street. A dwelling may have its primary entrance oriented to a yard other than the front or street yards where:

(1) The only permitted access to the property is from a shared driveway or flag lot drive and orienting the dwelling entrance to the street is not practical due to the layout of the lot and driveway;

(2) There is no adjacent street to which a dwelling may be oriented, or it is not practical to orient a dwelling to an adjacent street due to lot layout, topographic, or other characteristics of the site, or if the specific nature of the project or structure as a whole focuses or centers on a feature or area that is not a public street, or the dwelling is designed to face onto a central courtyard or away from the street, then the dwelling may orient to a walkway, courtyard, open space, common area, lobby, or breezeway (i.e., for multiple-family buildings) (see also HMC § 18.50.060, Townhomes, attached single-family dwellings, special review criteria); or

(3) Where a flag lot is permitted, building orientation shall conform to the provisions for flag lots under Chapter 19.20 HMC.

4. Garages. Garages or carports are required for all residential dwellings, with the exception of ADU's. The minimum size requirement for the primary garage/carport is 18'x 12', and shall conform to Table 18.45.040.4. The following standards apply to all types of vehicle storage, including, but not limited to, buildings, carports, canopies, and other permanent and temporary structures. The standards are intended to balance residents' desire for a convenient, safe, and private vehicle access to their homes with the public interest in maintaining safe and aesthetically pleasing streetscapes. The standards therefore promote pedestrian safety and visibility of public ways, while addressing aesthetic concerns associated with street-facing garages.

a. Alleys and Shared Drives. Where a dwelling abuts a rear or side alley, or a shared driveway, including flag lot drives, the garage or carport opening(s) for that dwelling may orient

to the alley or shared drive, as applicable, or street. Setbacks for garages facing alleys or shared driveways shall be 20 feet or more from the garage or carport to the closest edge of the alley or driveway easement of right-of-way.

b. Setback for Garage Opening Facing Street. No garage or carport opening shall be placed closer than 20 feet to a street or alley right-of-way except where the City approves a reduced setback and parking in front of garages is restricted.

c. Garages for Duplex Dwellings. Duplex design shall conform to Table 18.45.040.54. (Ord. 987 § 1 (Exh. A), 2022)

STAFF RECOMMENDATION:

**Staff recommends the City Council authorize the City Administrator or his
designee to recommend that OLCC grant the new liquor license.**

BACKGROUND INFORMATION:

The City Council has asked that all new OLCC Liquor Licenses (Oregon Liquor and Control Commission), selling liquor in Harrisburg, be reviewed by the City Council, while renewals are put on the consent agenda. OLCC requires the issuance of a new license whenever a business with an existing liquor license changes owners.

L & D Retail Management, LLC, dba US Market, is a convenience store that will be located at 325 S 3rd St., where Dari-Mart is currently operating. They are hoping to open on or around August 28th, 2026. US Market began in Silverton, Oregon in 1998 and they currently have 65 stores. They are looking forward to coming to Harrisburg and serving the community.

US Market Representative, Bernie Rubio, will be in attendance to answer any questions, Council may have.

OREGON LIQUOR & CANNABIS COMMISSION

Local Government Recommendation – Liquor License

Per OAR 845-005-0304(3): The Commission requires an applicant for issuance of a new license issued under ORS chapter 471, to provide written notice of the application to the local government in the form of a complete, accurate, and legible Commission form.

The local government is as follows:

- (a) If the address of the premises proposed to be licensed is within a city's limits, the local government is the city.
- (b) If the address of the premises proposed to be licensed is not within a city's limits, the local government is the county.

INSTRUCTIONS:

Step 1: Applicant completes all of Section 1 (including top of Page 2).

Step 2: Applicant submits both pages of the form to the appropriate local government. NOTE: The local government may require additional forms and/or fees.

Step 3: Local government completes at least Section 2 and returns all pages of the form, or a copy thereof, to the applicant. The local government is allowed up to 45 days to complete Section 3.

Step 4: Applicant takes the form with at least Sections 1 and 2 completed and includes it with their CAMP application to meet the Local Government Recommendation document requirement. Submissions that do not have at least Sections 1 and 2 completed will not be accepted.

Step 5: The local government issues its final recommendation in Section 3 and returns the completed form to the applicant. If the applicant has already submitted their initial application via CAMP, they hold on to the final recommendation and provide it to their investigator, when requested. If they have not already submitted their application, they upload the fully completed Local Government Recommendation form with their initial application submission.

Applicants within the city of Portland ONLY: After completing the attached form, please follow these steps to complete the Local Government Recommendation process:

- Apply via the [City of Portland website](#).
- Once you have completed the application with the City of Portland, you will receive an email notifying you that your application has been accepted, usually within two business days. The email will contain an attachment titled "ABC Public Notice."
- Upload the ABC Public Notice document with your CAMP application to meet the Local Government Recommendation document requirement.

NOTE: This document only provides proof of submission. Once you receive your final recommendation from the City of Portland, you will need to provide that to your assigned OLCC investigator.

BACKGROUND INFORMATION:

Ryan Vogt is the Executive Director of both the Oregon Cascades West Council of Governments (OCWCOG), and Community Services Consortium (CSC). He will be making his annual presentation to the City Council as he has in past years at this meeting.

Executive Director Vogt will review all three reports, available as **Exhibits A, B** and **C**. OCWCOG provides services to Harrisburg residents; **Exhibit C** shares the 2025 Report. Services include Senior & Disability Services; which includes Eligibility Services & Medical Cases. Harrisburg had 34 (20 LY) residents supported with case management & long term care issues. There were 48 (21 LY) calls received for Adult Protective Services (APS). Staff hopes getting the word out about those services has helped our vulnerable senior citizens. The Cascades West Ride Line (CWRL) also provided 588 (576 LY) trips for Harrisburg citizens who needed non-Emergency Medical Transportation.

Meals on Wheels provided 3,310 meals served and delivered throughout the Linn, Benton & Lincoln counties. The City contributes \$5,464 for our membership, and up to \$2,000 for aging services. These are services that are very needed for Harrisburg, and other cities, to help take care of citizens and seniors in our community.

Harrisburg does work with the OCWCOG on several other programs. That includes support provided by Justin Peterson (Planning Supervisor) for the Cascades West Regional Consortium (CWRC). In addition, Susan Patterson (Interim Economic Development Supervisor); she also works in Grant Services & Support. Staff also works with Matt Lehman, who is the Community & Economic Development Director.

There are many more services that OCWCOG is now offering; for a whole range of what they offer, please visit their website at <https://orcw.gov/>. Mike Caughey currently serves on the OCWCOG Board for Harrisburg as part of the Linn County representation.

FOREWORD FROM OUR DIRECTORS

Cascades West has been serving our region for 59 years with the goal of helping communities work better, together. Across Linn, Benton and Lincoln Counties we bring coordination, momentum, and expertise to local initiatives to help our member agencies provide incredible services to our residents.

Over the past year, we continued to strengthen the systems that support aging populations, economic vitality, transportation access, and community well-being. Through planning, convening, and service delivery, Cascades West helps turn shared priorities into action, ensuring that public investments remain effective and aligned with local goals.

By connecting local governments, partners, and service providers, we create pathways for communities to respond to change and lead thoughtfully through it. The work reflected in this report demonstrates how coordination, trust, and long-term thinking result in tangible outcomes.

I am grateful for the partnerships and collaboration that make this work possible. Together, we are building a region that is prepared, resilient, and focused on sustained progress.

Ryan Vogt
Executive Director

The work of Cascades West is deeply personal because it centers on people at pivotal moments in their lives.

Every day, staff engage directly with individuals and families as they navigate important decisions about health care, housing, nutrition, financial stability, and independence. Our team grounds these interactions in expertise, empathy, and making complex systems understandable and accessible.

They take the time to explain options, follow through on next steps, and ensure people feel supported rather than rushed or overlooked. The outcomes in this report are built from thousands of these interactions, each one handled with professionalism and respect.

Cascades West is a people-centered community advocate. The trust placed in us is earned through daily practice, and it is reflected in the impact shared in these pages. I am proud of the teams who do this work with care and accountability, and grateful for the partners and community members who make it possible.

EMPOWERING AN INDEPENDENT LIFESTYLE

Oregon Project Independence – Medicaid (OPI-M) helps eligible Oregonians remain safely in their homes by providing support with daily living activities. Services may include personal care, meal preparation, housekeeping, and other assistance that helps maintain independence and stability.

Publicly launched mid-2025, OPI-M added a new option for people who need in-home care and supports. As a state-funded, federally supported program, OPI-M is easier to qualify for than traditional Medicaid, expanding access while ensuring continuity of services for those transitioning from OPI Classic. By offering flexible, person-centered support, the program can delay or prevent the need for more intensive care while supporting quality of life.

308 OPI-M RECIPIENTS

Cascades West is committed to reducing food insecurity across our region.

FOREWORD FROM OUR DIRECTORS

Utility Assistance

We have the privilege and responsibility of looking beyond any single program, year, or challenge to focus on the long-term well-being of our region.

That perspective makes one thing clear. **The need in our region is growing, and the future feels uncertain for many of our neighbors.** Housing affordability, climate impacts, workforce shortages, and economic instability are not isolated issues. They are deeply connected, and they require thoughtful, coordinated solutions.

What gives me hope is how this organization responds. **We listen, adapt, and invest in approaches that stabilize people today while building resilience for what comes next.** The work highlighted in this report shows what is possible when we align services, partnerships, and resources around people's real lives.

We do a great deal with what we have. But sustained impact requires sustained support from partners, donors, and community members who believe in this work.

As you read through this report, I invite you to see not only what we have accomplished, but what your partnership makes possible as we continue to serve. Together, we can ensure that everyone we are fortunate to call a neighbor has access to what they need to live healthy, happy, and full lives.

Thank **you** for choosing to be part of this work.

Every day at Community Services Consortium, **our staff show up ready to respond to what our communities need, right when they need it.**

In 2025, those needs were significant. Families across our region continued to face rising costs, housing instability, food insecurity, and an increasing strain just to meet basic necessities. The affordability crisis is no longer a looming concern. It is the daily reality for many of the people we serve, including individuals and families who never expected to need support.

Through it all, our teams met these challenges with care, creativity, and determination. Whether helping a family stay housed, ensuring a child receives a strong start through early childhood education, keeping the heat on during a time of loss, or walking alongside someone as they work toward stability and employment, this work is deeply personal and grounded in dignity.

This report reflects the strength of our staff, the trust our communities place in us, and our shared belief that people deserve more than crisis response. **They deserve opportunity, stability, and support that meets them where they are and takes them where they want to go.**

I am incredibly proud of the work we accomplished together this year, and deeply grateful to the staff, partners, volunteers, and supporters who made it possible.

A SAFE PLACE TO CALL HOME

After fleeing domestic violence, a single father and his two young children found safety in a local emergency shelter. Through close coordination among a variety of providers and supports, the family received timely assistance during a challenging and vulnerable period.

Together, CSC and our partners helped the family secure an affordable home and obtain assistance with their security deposit, removing the final barriers to housing. Today, they are safely housed in a place they can sustain, demonstrating what is possible when community partners work together to respond quickly and effectively to housing crises.

HOUSING STABILITY INVESTMENTS

\$2.3M

in eviction prevention and rehousing efforts

These funds stabilized households, helped people secure new housing, prevented displacement, and helped families obtain or maintain safe, stable homes.

\$1.1M

supporting local shelters and organizations

We couldn't do what we do without our incredible housing partners. From coordinated entry and shelter providers to landlords, employers, and service organizations, collaboration allows us to reduce barriers and increase impact.

Together, we create pathways to stability and long-term success for our community.

ENERGY SERVICES INVESTMENTS

\$3.8M

in utility
assistance support

These funds helped households stay connected to essential utilities during times of financial strain. By preventing shutoffs and reducing utility-related debt, utility assistance provided stability when people needed it most.

\$2.1M

supporting
energy-related home
improvement efforts

Energy-related home improvements lowered monthly bills, reduced energy waste, ensured households had reliable heat, and improved property values.

Our energy services improve the safety, comfort, and efficiency of homes across our communities.

STABILITY DURING TRAGEDY

After losing her spouse to cancer, a woman was still grieving when her mother passed away only months later. As she worked to cover the final expenses for both of her loved ones, she discovered that the cremation service she contacted was fraudulent, charging her for services that were never provided. The unexpected financial loss quickly put her behind on rent and utilities, compounding an already overwhelming period of grief.

*As the threat of losing electricity became real, CSC's Utility Assistance program stepped in to bring her account current and prevent disconnection. **This support provided stability and care during one of the most difficult periods of her life, when she needed it most.***

FEED THE NEED

COMING TOGETHER TO FEED THE NEED

Delays in SNAP benefits caused by the 2025 government shutdown created immediate and widespread hardship for individuals and families across Linn, Benton, and Lincoln counties. Household food access was suddenly disrupted, pushing many families into crisis.

*As demand surged, **LBFS had to increase its monthly food budget by five times to meet the needs of the region.***

*In response, the Feed the Need Challenge mobilized community members and businesses in a grassroots fundraising effort that raised more than \$150,000, ensuring LBFS could continue meeting rising food support needs. This collective action helped prevent SNAP disruptions from becoming a wider crisis and demonstrated the power of a community united around food access and care for one another. **As affordability challenges persist, sustained support for LBFS remains essential.***

ENSURING EVERYBODY EATS

5.1M

THE POWER OF FAMILY PARTNERSHIPS

When a child with autism transitioned from Early Childhood Special Education into one of our Head Start classrooms, their family felt anxious about entering a community preschool setting.

Working together, the family, education team, and Head Start staff created a gentle “soft start” plan that supported the child’s unique needs.

*Just months later, the family shared meaningful changes. **Communication and social skills improved, independence increased, friendships formed, and the child became more comfortable self-regulating in a group setting. At home and in the classroom, the child also began trying new foods.***

At a follow-up meeting, the team and family reflected on the progress together, a moment that ended in grateful, happy tears.

FOUNDATIONS FOR LIFELONG SUCCESS

STRONG STARTS

Head Start nurtures learning, social-emotional development, and health from critical growth periods in children’s lives giving children the skills and confidence they need to enter school ready to succeed.

FAMILY PARTNERSHIPS

By removing barriers to high-quality education and offering family support services, Head Start partners with parents and caregivers, empowering them as their child’s first teachers and strengthening family stability during a formative stage of life.

LASTING IMPACTS

Comprehensive early childhood education supports positive health and life outcomes for children and recognizes that **investing in children also means investing in the stability, well-being, and strength of the families who care for them.**

PROVIDING PATHWAYS TO STABILITY

UPSTREAM SOLUTIONS

Whether participants are navigating crisis or working toward their next step, our programs build skills and career pathways that reduce instability and support long-term growth.

WHOLE-PERSON SUPPORT

Coaching and wrap-around services remove barriers to education and employment while stabilizing housing, health, and basic needs so participants can fully engage and succeed.

HOLISTIC STABILITY

Participants build skills, confidence, and a sense of purpose that supports meaningful work, improved well-being, and long-term self-sufficiency.

This transformational approach prepares participants for more than jobs.

It supports whole health, provides opportunity, and strengthens communities for the long term.

SUPPORTING RECOVERY & REBUILDING FUTURES

After losing their home in the September 2020 **Echo Mountain Complex Fire**, one Otis resident faced nearly a year of displacement. The emotional toll of the disaster made returning to work impossible, placing the household at serious financial risk.

CSC's **wildfire recovery assistance** provided rental and utility support during a critical period, preventing further housing loss and allowing time to heal.

That support became a pathway forward. In 2022, the participant joined CSC as a disaster case manager, helping others navigate recovery. What began as emergency assistance **grew into meaningful employment** and long-term stability. For this family, CSC's support didn't just aid recovery. It changed the course of their future.

THE INNOVATION:

We've combined community protection, workforce action, and wildfire prevention in a single, integrated approach.

THE RESULT:

Risk is directly reduced through the creation of defensible space in high-risk areas, helping protect homes, forests, and critical infrastructure while also creating education and employment opportunities within the community.

RETURN ON INVESTMENT:

Each project strengthens environmental resilience while building local workforce capacity, delivering both immediate safety benefits and long-term community development.

LONG-TERM OUTLOOK:

This approach builds a sustainable model where climate mitigation, workforce development, and community preparedness reinforce one another. Over time, the program helps strengthen local systems that can respond to environmental risk while supporting economic mobility.

CSC and Cascades West fit together like puzzle pieces.

Our strategic alignment allows us to deliver a comprehensive suite of social, workforce, and economic support programs, focused exclusively on workforce development services. Together, we ensure people of all ages and stages in our region have what they need to live healthy and stable lives.

Regional Convener

CALL TO ORDER AND ROLL CALL by Mayor, Robert Duncan at the hour of 6:34pm.

CONCERNED CITIZEN(S) IN THE AUDIENCE: All in attendance were there for items on the agenda.

THE MATTER OF MEETING WITH A MEMBER REPRESENTATIVE FROM LCSO IF ONE IS AVAILABLE: Sergeant Frambes with LCSO reviewed the April 2026 reports. Some of the highlights include:

- Issues locally with electronic bikes. LCSO has been speaking with students and educating them about the requirements for using an E-bike, including the minimum age requirement of 16 years old.
- Several scams involving the elderly.
- Henry inquired about nuisance towing for traffic stops. Sergeant Frambes informed Council the ORS states that if the driver has no license or insurance, the vehicle can be towed. He added that LCSO will work with the defendant typically to have someone pick up the vehicle, but if they are unable to, the vehicle is towed.

May 26, 2026

- Knox voiced her appreciation for LCSO for being proactive and educating students.
- Eldridge added her appreciation for Deputy Smith and his work on patrolling Eagle Park.

THE MATTER OF AUTHORIZING THE CITY ADMINISTRATOR TO APPROVE A PUBLIC EVENT PERMIT FOR THE 74TH YEAR OF THE HARRISBURG OLD FASHIONED 4TH OF

JULY: Eldridge reviewed the application. Highlights included:

- The Firecracker 5K Event will be held on Sunday, June 28th.
- The Pet Parade will be held on Friday, July 3rd.
- On Friday, July 3rd, live music will be playing at the Gazebo and on the 4th of July, two bands will be playing this year.
- The only condition of approval is the requirement for the City to receive a copy of the OSMB (Oregon State Marine Board) permit for the Boat Parade.
 - Knox **motioned to authorize the City Administrator to approve the Public Event Permit for the 74th year of the Harrisburg Old-Fashioned 4th of July Celebration and was seconded by Caughey. The motion passed unanimously by a vote of 5-0.** (Yes: Knox, Caughey, Downey, Klemm and Henry. No: None.)

THE MATTER OF APPROVING A PARADE PERMIT FOR THE HARRISBURG COMMUNITY OLD-FASHIONED 4TH OF JULY PARADE:

Eldridge reviewed the conditions of approval and noted the Harrisburg Community 4th of July Association (HC4JA) is required to obtain a permit from ODOT and work with the railroads as well.

- Downey **motioned to approve the Parade Permit for the Harrisburg 2026 Old-Fashioned 4th of July Parade and was seconded by Henry. The motion passed unanimously by a vote of 5-0.** (Yes: Downey, Henry, Caughey, Klemm and Knox. No: None.)

THE MATTER OF DISCUSSION IN RELATION TO THE SMALL MUNICIPALITY ADVOCACY COALITION (SMAC):

Eldridge referred to page 89 of the agenda noting the next SMAC meeting will take place at the Municipal Center on June 3rd at 7pm and pointed out future dates as well. She informed Council that SMAC is in the process of speaking with some professionals who can assist with lobbyist, marketing and administrative tasks. Eldridge and Scott McDowell, the City Administrator of Brownsville, will be conducting the interviews.

- Eldridge then informed Council that some of the other cities, including Brownsville, have budgeted \$30,000 for SMAC this next fiscal year, due to the uncertainty of the cost of hiring a firm to assist with SMAC and the cost for suggested programs. Eldridge informed Council that \$8,000 was proposed and recommended to City Council, however, that amount can change since the budget hasn't been adopted yet. Eldridge has been assured by Nelson, that the General Fund can afford an increase of \$22,000. Eldridge noted that in previous years, only half of the budgeted amount for SMAC has been spent and assured Council they have control over how these funds are spent.
- Henry asked for clarification on what Brownsville and the other cities will be contributing to hiring a firm and other expenses. Eldridge responded, stating that each members cost is a percentage based on population. Eldridge added that we would make sure our funds are used for the purposes we want to use them for.
- Knox confirmed that if the City did budget for \$30,000, those funds would not be spent without coming back to Council for a further discussion. Eldridge stated that would be noted in the IGA (Intergovernmental Agreement) with SMAC.
- Henry is okay with having that amount budgeted but also wants to be thoughtful about how those funds are spent.

- Klemm asked what the advantages was for changing the budget amount now from \$8,000 to \$30,000. Eldridge replied that it would give us more options available to be proactive. Klemm is opposed to changing it to \$30,000 due to not knowing what the expense would be. Klemm suggested if the need did arise, to involve the citizens.
- Nelson stated that Council could approve that amount now and have it reflected in the budget, or it could be approved by Resolution, then transferred when needed.
- Downey is okay with it either way.
- Caughey doesn't feel that it's an issue to have it budgeted now, as we don't have to spend it, unless Council chooses to.
- Mayor Duncan inquired if our budgeted amount reflects how committed we are to SMAC.
- Klemm commented that Lobbyist are great, but in order to get the legislatures attention, it's up to the individual constituents and Councils involvement in joining the fight.
- *The consensus was to hold off until more information was available.*

OTHER ITEMS:

- Eldridge informed Council of a family medical emergency over the Labor Day holiday weekend and thanked Mayor Duncan and Scholz for taking her place at the Grand Re-Opening of Eagle Park.
- Eldridge reminded Council of the Veterans Memorial, scheduled for June 13th at 2pm at the Museum.
- Downey thanked Eldridge for making the monument at Riverfront Park happen.
- Caughey gave Knox a special thank you for her involvement in the community with parks and also for helping with fixing up the north entrance into town.

With no further business, the City Council Meeting adjourned at the hour 7:24pm.

June 2026

Area/Location:	Issue:	Action(s) taken:
N 6 th Place	Junk/inoperable vehicles	More noticeable improvement
7 th & Periander area	Junk/vegetation	SIGNIFICANT improvement-resolved for now
230 N 3 rd	Unpermitted construction	Expansion of retail space had no permits. Advised owner to apply for proper permits and Work needed to stop immediately pending Approval.-Permits have been obtained
9 th & Arrow Leaf	Prohibited Parking	RV stored on street, spoke with owner, resolved
400 blk S 2 nd	Possible transient vehicle	Vehicle moved regularly, no transient activity seen.
End of N 7 th	Prohibited parking	RV stored on street, letter sent, RV moved off street.
End of N 6 th St	Unlicensed solicitation	2 from WeatherBuilt Homes, 2 nd contact to advise that they needed a license.
Parade Route	Check conditions	Multiple checks of the parade route, looks good.

Overall narrative:

Current messaging for citizens is to manage vegetation now before it gets out of control as well as curb appeal for summer activities and visitors. City Wide cleanup day saw over 110 loads brought in. Regular checks on the parade route were done. Overall, the route looked good. Multiple concerns about vegetation, especially the fields surrounding sections of the city. All reported fields have been harvested before the 1st of July. More proactive and visible code enforcement seems to be providing good results.

BACKGROUND INFORMATION:

Staff is grateful that after the previous Grant Applications for the Federal CRISI Grant was submitted, that it appears our grant options are now finished for the time being. Staff did ask BNSF and the grant consultants to attend yet another Grant Presentation for the ODOT CONNECT Grant, which occurred while she was attending training in Ashland at the OCCMA (Oregon City County Managers Association) Conference. That was the 3rd presentation for the CONNECT grant, in this case, for the Oregon Freight Advisory Committee.

After the June meeting with Council, and with BNSF, the BNSF Attorney, and our City Attorney, have been working on the terms of the new agreement.

This Executive Session will only be held if necessary, and if direction in relation to current negotiations is needed by the City Council.
