

Harrisburg City Council Meeting Agenda
August 24, 2021
6:30 PM

Mayor: Robert Duncan
Council President: Mike Caughey
Councilors: Kimberly Downey, Robert Boese, Adam Keaton, Randy Klemm, and Charlotte Thomas.
Meeting Location: Harrisburg Municipal Center @ 354 Smith St

PUBLIC NOTICES:

1. *This meeting is open to the public and will be tape-recorded.*
2. *Copies of the Staff Reports or other written documents relating to each item on the agenda are on file in the office of the City Recorder and are available for public inspection.*
3. *All matters on the Consent Agenda are considered routine and will be enacted by one motion. Any member of the public can request that a matter be removed from the Consent Agenda for discussion. It will then be discussed under the "Other" part of the meeting schedule.*
4. *The City Hall Council Chambers are handicapped accessible. Persons with disabilities wishing accommodations, including assisted listening devices and sign language assistance are requested to contact City Hall at 541-995-6655, at least 48 hours prior to the meeting date. If a meeting is held with less than 48 hours' notice, reasonable effort shall be made to have an interpreter present. The requirement for an interpreter does not apply to an emergency meeting. ORS 192.630(5)*
5. *Persons contacting the City for information requiring accessibility for deaf, hard of hearing, or speech-impaired persons, can use TTY 711; call 1-800-735-1232, or for Spanish voice TTY, call 1-800-735-3896.*
6. *The City of Harrisburg does not discriminate against individuals with disabilities, and is an equal opportunity provider.*
7. *For information regarding items of discussion on this agenda, please contact City Recorder Lori Ross, at 541-995-6655*
8. *Meetings are held in a facility that is disinfected. At this time, masks are required to be worn in all indoor public spaces. The City does ask anyone running a fever, having an active cough or respiratory difficulties to not attend this meeting.*
9. *If you wish to testify and are unable to attend due to the Coronavirus Pandemic, please contact the City Recorder to be placed on a Conference Call list during the meeting.*

CALL TO ORDER AND ROLL CALL by Mayor, Robert Duncan

CONCERNED CITIZEN(S) IN THE AUDIENCE. (Please limit presentation to two minutes per issue.)

STAFF RECOMMENDATION:

Staff recommend that City Council review the attached reports and prepare any questions for LCSO Staff.

BACKGROUND INFORMATION:

Sergeant Beth Miller provides the City with both the LCSO City Report and the Contract Report for the previous month’s activities. If the reports are provided in time for the agenda process, they will be attached as exhibits. If they are provided after that point, but prior to the meeting, then Staff will forward them via email to Council members and will print them in time for the meeting. (LCSO Reports not appearing in the Council Agendas will be provided in the Minutes for that meeting instead.) This process gives Council the chance to review responses and actions in relation to both criminal and non-criminal activities by LCSO deputies in town on a monthly basis.

LCSO Staff may not always be available to attend the meeting, therefore, if Council has any questions or concerns, they can save them for when a representative is available, or they can convey them to staff, who will find answers for them.

REVIEW AND APPROVAL:

08/18/2021

Agenda Bill
Harrisburg City Council
Harrisburg, Oregon

THE MATTER OF MEETING WITH A MEMBER REPRESENTATIVE FROM THE COBURG POLICE DEPARTMENT IF ONE IS AVAILABLE

STAFF REPORT:

Exhibit A: 2nd Qtr Report for April-June 2021

ACTION: DISCUSSION ONLY

THIS AGENDA BILL IS DESTINED FOR: Agenda – August 24, 2021

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
N/A	N/A	N/A

STAFF RECOMMENDATION:

Staff recommend that City Council listen to the presentation provided by Chief Larry Larsen, who hopes to be present at this meeting.

BACKGROUND INFORMATION:

Coburg Police Chief Larry Larson provides the City with quarterly statistics for traffic enforcement provided in Harrisburg. If the reports are provided in time for the agenda process, they will be attached as exhibits. If they are provided after that point, but prior to the meeting, then Staff will forward them via email to Council members and will print them in time for the meeting. (Reports not appearing in the Council Agendas will be provided in the Minutes for that meeting instead.)

This process gives Council the chance to review responses and actions in relation to both criminal and non-criminal activities by the Coburg Police Department on a quarterly basis. If a representative is not available, questioned can be conveyed by staff. Chief Larson thought he would likely be available for this meeting to provide the report in person.

REVIEW AND APPROVAL:

Michele Eldridge, City Administrator Date

Second Quarter April May, June 2021:

61 traffic stops

16 citations written

2 warrant arrests

April	6 citations	23 traffic stops
May	4 citations	19 traffic stops
June	6 citations	19 traffic stops

Officers worked Bailiff duties for Harrisburg Municipal Court on May and June

Officer Anson had a traffic trial on May 14

The defendant was found guilty

July 4th Coburg Officers worked the Harrisburg Fourth of July Celebration

Officers worked the parade and the fireworks show

August 3rd Coburg Officers participated in the Harrisburg National Night Out Event

August 6th and 7th Coburg Officers worked the Harrisburg Harvest Festival

Harrisburg City Ordinance issues

Officers continue to work city ordinance issues. Officers patrol the city and when we find an issue, we make contact with residents to resolve the issues.

Officers work additional issues brought to our attention by Lori or Carol.

We continue to give out police stickers and helmet reward coupons to Harrisburg kids.

Agenda Bill
Harrisburg City Council
Harrisburg, Oregon

**THE MATTER OF A DISCUSSION IN RELATION TO OREGON REDISTRICTING
STAFF REPORT:**

- Exhibit A: Marty Wilde Email and Timeline
- Exhibit B: Oregon State Legislature Redistricting Website Info

ACTION: DISCUSSION ONLY

THIS AGENDA BILL IS DESTINED FOR: Agenda – August 24, 2021

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
N/A	N/A	N/A

STAFF RECOMMENDATION:
Staff recommends the City Council review the exhibits and hold a discussion in relation to the process.

BACKGROUND INFORMATION:
State Representative Marty Wilde sent an email in relation to redistricting on Monday, August 16 (**Exhibit A**), and Councilor Adam Keaton asked that we bring this issue up for discussion at the next City Council meeting.

The results of the 2020 Census have finally been released. Although the City has not yet received official notification, Staff used the Census Bureau’s system to pull down the Oregon Census, in which it appears the City of Harrisburg has a population estimate of 3917. However, this number is likely for the entire zip code, which covers a large area that comprises both the school and fire districts. PSU, who provides Oregon cities with population estimates, has posted information showing that Harrisburg has increased population from 3567 (2010) to 3652, which is a 2.4% increase. 3695 is the figure provided to the City as an estimated population for 2020 in last year’s notification. The City has not yet received formal notification of the population change for 2021.

Every time the census is completed, it allows each state to redistrict. This allows for redrawing the United State House of Representatives (Congressional) and Oregon State Senate and State House of Representatives (Legislative) district boundaries. As Representative Wilde has pointed out, House District 11 boundaries might change. There is a process that citizens can use to allow them to testify in relation to House District 11, as well as to provide written testimony. The map software will also allow anyone to draw, save, and submit a map. Staff has included the website information

(Exhibit B) provided by the Oregon State Legislature, and Council can also access the links through the website at <https://www.oregonlegislature.gov/redistricting>.

REVIEW AND APPROVAL:

Michele Eldridge Date

To: John Hitt
Subject: Redistricting

Oregon just received the census data from the federal government, belatedly kicking off our decennial **redistricting** process. You're part of the process! This week, I'll tell you a bit about the timeline, the criteria for determining state and federal legislative districts, my concerns for House District 11, and **how you can be heard** in the process.

Timeline. Legislative staff will first put the data into a useable format and then release it around August 23. We'll take a look at it over the two following weeks and hold legislative hearings from September 8-13. **Lane and Linn County's hearing will be at 5:30 pm on September 9.** (Information about how to testify is below.). From September 13-20, the redistricting committee will deliberate on the proposed new maps. The Legislature will return for a special session from September 20-24. If all goes well, on September 27 we'll deliver those approved maps to the Supreme Court, which may then hear any objections to the maps. If we fail to come to an agreement, the Secretary of

State will draw State House and Senate districts, while a panel of judges will complete congressional redistricting.

How do we draw districts? Oregon law has five criteria for redistricting. Districts must -

1. Be contiguous;
2. Be of equal population;
3. Utilize existing geographic or political boundaries;
4. Not divide communities of common interest; and
5. Be connected by transportation links.

There's no particular weight given to any of the last three criteria, because we often have to tradeoff among them to get reasonable districts with the right population numbers. House District 11 is an example of that – it does well in accommodating political boundaries, but divides communities of interest and includes few transportation links. There are items that the Legislature may not consider, including the location of the residences of current legislators and the political mix of the voters in each potential district.

How might House District 11 change? There's a surprising amount of bipartisan agreement on likely HD 11 changes. Right now, several communities of interest are fragmented in and around the district, which includes downtown Eugene, the University of Oregon, Springfield, Pleasant Hill, and rural Linn County. The problem is not that the people of these different places have diverse interests. Rather the problem is that communities of shared interests are split among different districts, which limits their ability to represent their interests effectively as a group. I hope that the new district boundaries will address that issue.

SAVE THE DATE!
Redistricting
September 2021
COME TESTIFY!

What's this about? This September Oregon's State Legislature will redraw the electoral maps with 2020 census data and public testimony.

So what? How districts are drawn can impact which voices and communities are reflected in our governments, who runs for office, funding for communities, and what policies are passed for the next 10 years.

Make your voice heard. Testify! Come testify and tell local lawmakers about your community so districts can be drawn fairly.

Oh, how do I testify? What dates?
 Swipe to the next slide and see.

SAVE THE DATE!
Redistricting
COME TESTIFY!

Save the date! More details to come.

September 8

September 9
 Eugene at 5:30 PM

September 10
 Salem at 7:00 AM

September 10
 Oreg. in City/North Clackamas County at 5:00 PM

September 11
 Call text Portland at 9:00 AM
 HiBobby/Sooorion @ 5:00 PM

September 13
 Oregon Capitol in Salem at 9:00 AM -
 1:00 PM & 5:30 PM

How you can testify:

-  Virtually on MS Teams
-  In-Person
-  Online, written testimony

For updates, follow us!

-  @ORHouseDems
-  OregonHouseDemocrats

Oh, that's great, but what do I say when I testify? Swipe to the next slide and see.

SAVE THE DATE!
Redistricting
COME TESTIFY!

Step by step on how to testify:

Step 1. Introduce yourself. State your name and list any organization(s) you represent or speak on behalf of.

Step 2. Describe your community. Your voice matters!
 • Tell us about your community, how your community has grown, and how the lines could be drawn for fair representation.
 • Do current district boundaries divide your community?
 • How has your community come together to advocate for common interests or services?
 • If available, use data on income, education, housing and transportation, for example, to compare your neighborhood to ones nearby.

Step 3. Make a short closing. If there's time, repeat the most important parts you want remembered from your testimony.

How to be heard. Your voice will be most persuasive during the committee process in the second week of September. If you'd like to testify live, there are instruction on how to do so here. You don't have to testify live to be heard. Written testimony helps the committee as well, and it can be much easier to submit. Here's an outline of how to testify.

Introduce yourself:

- State your name for the record.
- Describe yourself and any organizations you're working with.

Describe your community:

- Describe your community, how it has grown, and how the legislature should draw the lines to **ensure your community isn't divided**.
- Explain how the current district boundaries divide or keep your community together.
- Tell what makes your community **unique** and why it is important that your community be recognized and **kept together**.
- If available, use data on income, education, housing, transportation to compare your neighborhood to ones nearby.
- **Give examples of how your community has worked together** to advocate for common interests or important services.

Brief closing:

- If there's time, restate the parts of your testimony that are most important.

Draw and submit the way you think districts should be drawn on the map software, ESRI. ESRI is a geographic information system software that anyone can use to draw, save, and submit a map with lines that you draw through the software. Until the 2020 census data is received in August, you can draw maps using the data from 2010.

Here's how to draw a map:

- Visit oregonlegislature.gov/redistricting.
- Scroll down the page to where it says, "Redistricting Software Information."
- From there, you can access ESRI, tutorials on how the software works, and submit a map.

In conclusion, your voice is important in redistricting. Citizen input helps the committee draw maps that help their elected legislators represent them better. I hope you'll consider sending in testimony or signing up to testify in person or remotely during the second week of September.

A Short Hiatus. I have a family vacation coming up later this week until Labor Day. On August 23 and 30, my update will feature guest writers to provide some different perspectives. Thanks to you all for being such loyal readers!

Other News

The People's Commission. If the Legislature is not able to complete the maps for redistricting the legislative districts by September 27, the duty falls to the Secretary of State. The Secretary of State is currently accepting applications for the People's Commission, which will serve as an advisory board if she is tasked with drawing the new maps. The People's Commission will include up to 20 Commissioners who represent the people of Oregon. The Secretary of State's office is conducting an open, public application process to ensure a broad representation of geography, experience, and identities are represented on the Commission. You can [learn more about this unique volunteer opportunity here](#). I hope you'll [consider applying](#).

Oregon State Legislature

[Senate](#) [House](#) [Bills and Laws](#) [Committees](#) [Get Involved](#) [Capitol Offices](#)

Welcome to the official Oregon State Redistricting site. Redistricting is the once-a-decade process of redrawing United State House of Representatives (Congressional) and Oregon State Senate and State House of Representatives (Legislative) district boundaries to account for changes in population.

Census Data Released

The U.S. Census Bureau has released the 2020 data needed for redistricting. The Bureau's press release as well as links to the data can be found [here](#).

Now that the data has been released, our ESRI partners will reformat and load it into the [redistricting application](#). This application may be used by the public to draw and submit maps for consideration. More information on using the application can be found below in the "Redistricting Software Information" section.

It may take ESRI several days to process the data but should be completed by Friday, August 20. Once this process is complete, the House and Senate Redistricting Committees will hold an informational hearing to discuss next steps and future public hearings. Please check back for additional updates.

Census Apportionment Numbers

On April 26, 2021 the U.S. Census Bureau announced the apportionment results for the 2020 Census. More information related to apportionment can be found on the Census Bureau's [website](#).

- Oregon Resident Population: 4,237,256
- Average Population per Congressional District: 706,209

- Average Population per Oregon Senate District: 141,242
- Average Population per Oregon House District: 70,621

Agenda Bill
Harrisburg City Council
Harrisburg, Oregon

**THE MATTER OF APPROVING THE SELECTION COMMITTEE
RECOMMENDATION TO ACCEPT A BID OF \$68,760 FOR THE HARRISBURG
PARKS MASTER PLAN FROM CAMERON MCCARTHY**

STAFF REPORT:

- Exhibit A: BID RESULTS
- Exhibit B: CAMERON MCCARTHY BID PACKET

**ACTION: MOTION TO AWARD THE BID FOR HARRISBURG PARKS
MASTER PLAN TO CAMERON MCCARTHY FOR \$68,760**

THIS AGENDA BILL IS DESTINED FOR: Agenda – August 24, 2021

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
\$68,760	Yes	OPRD Grant Funds/General Fund \$50,000 Parks SDC Fund \$18,760

STAFF RECOMMENDATION:

Staff recommends the City Council approve the recommendation, and to award the bid for a Master Parks Plan to the firm of Cameron McCarthy in the amount of \$68,760

BACKGROUND INFORMATION:

Earlier this year, the City was surprised to be informed that the Oregon Parks and Recreation Department (OPRD) Grant was approved. The City Council was given a choice of contracting with the firm that provided us with the 100-Acre Park Feasibility Study in 2016, or, they could choose a formal bid process. The City Council decided to generate some competition by going out for bid.

The current Master Parks Plan is 17 years old, and consequently, quite a lot has changed over the years in the Parks and Recreation Field. Staff had to research what would be included in a present-day Master Parks Plan, as well as what is required by the State of Oregon. In addition to more requirements for community outreach and involvement, it's extremely important that the City create an existing facilities inventory, as well as perform a needs assessment and level of service analysis. These will help the City to determine if all the parks in the City are being used adequately, and if they are providing the types of amenities needed by the citizens in the neighborhoods they are located in.

The overall Parks Master Plan will also allow the City to determine where any new parks sites should be considered, how to improve existing parks, and how to develop funding opportunities and create new partnerships that will help us to meet our community’s needs. Elements from the 100-acre Park Feasibility Study will be incorporated and will help move the city closer to starting to utilize our newest park. In addition, the work being done will allow the City to revise the Parks Capital Improvement Plan, and Parks SDCs.

There were 3 bids (**Exhibit A**) received by the City, from Conservation Technix (Portland and California), Cameron McCarthy (Eugene), and GreenPlay (Colorado). While Conservation Technix had the lower bid, they did not score as high as Cameron McCarthy. GreenPlay had the highest bid and was also planning on using sub-contractors. The selection committee was unanimous in selecting Cameron McCarthy as the contractor they are recommending be awarded with the Harrisburg Parks Master Plan Project. The bid packet can be found in **Exhibit B**.

After staff finalizes the contract, a project initiation meeting will be scheduled. This will allow Staff and the consultant to develop an internal communications plan and public outreach strategy. More information will be shared with the City Council once that meeting is held.

CITY OF HARRISBURG

Proposal for Harrisburg
Parks Master Plan Update

AUGUST 16, 2021

PROPOSAL

CAMERON McARTHUR

LANDSCAPE ARCHITECTURE & PLANNING

Michele Eldridge, City Administrator, City of Harrisburg
P.O. Box 378
120 Smith Street
Harrisburg, OR 97446

Re: **City of Harrisburg
Parks Master Plan Update
Request for Proposals**

Dear Michele and members of the Selection Committee:

Cameron McCarthy submits this proposal to the City of Harrisburg for planning services to update the City’s Parks Master Plan. We look forward to applying our experience with parks, recreation, and open space system planning to Harrisburg and to shape vital elements of community livability. In our practice, this means transforming visions into reality through collaboration and meaningful planning and design to create outdoor spaces that connect, revive, and inspire.

This proposal provides insight into our firm and highlights the projects we have completed during our 60+ years of experience. Our firm collectively offers to the City of Harrisburg:

- Knowledge of the technical aspects of system planning required to achieve results with lasting value;
- Commitment to planning excellence and sustainable outcomes, while responding to context and project dynamics;
- Demonstration of our understanding of the project and how we will approach delivering a beneficial long-term outcome;
- Prior experience working in Harrisburg for the City (100-acre Park Master Plan) and for the Harrisburg School District 7; and
- Enthusiasm for working directly with local communities and residents.

Working with 20+ public agency clients, our firm has completed over 100 park and recreation projects throughout Oregon during our tenure, including four parks and recreation system plans in the past 5 years. The representative projects and references included in our proposal demonstrate our team’s ability to manage the aspects of work required for the completion of a successful project. Most importantly, these projects demonstrate our ability and interest in collaboration.

In my capacity as an authorized agent of Cameron McCarthy Landscape Architecture & Planning, I am authorized by the firm to submit this response and will serve as your primary point of contact. Please feel free to contact me (E: cmcarthur@cameronmccarthy.com | T: 541.485.7385) if you have any questions about the information enclosed herein.

Thank you for your time and consideration.

Sincerely,
Colin McArthur

Understanding and Approach.

Eugene Town Square 'Block Party'
Public Involvement Event
City of Eugene

Project Understanding

The City of Harrisburg, located in Linn County, Oregon, serves a small but growing community of approximately 3,695 residents. Located along the east bank of the Willamette River, Harrisburg embraces a vibrant small town character that offers unique opportunities for residents and tourists to experience the City's agricultural heritage, riverside recreation, community festivals, and historic exhibits at the award-winning Harrisburg Area Museum. In addition to its historic charm, the city of Harrisburg also boasts a traditional white gazebo that is used to host special events along the riverfront and has become a symbol of pride for the city's small town values. The city currently owns and operates five parks and recreation sites, including Arrowleaf Park, Harrisburg Skate Park, Priceboro Park, Riverfront Park, and BN Park, in addition to the museum. Last year, the City also purchased a 132-acre stretch of formerly mined riverfront property and aims to revitalize the area as a public recreation space in the coming years.

Harrisburg prides itself on being a city that offers its residents quality public services and a strong sense of community. The city's industrial presence supports the local community with family wage jobs, while year-round community events and public recreation spaces keep residents connected to one another. The Harrisburg community is made up of predominantly young families, with a population that is approximately 82% White and 12% Hispanic/Latino. The median age is around

30 years old. Harrisburg has experienced a high rate of population growth in the last 10 years, with the number of residents increasing by over 12% since 2010. As the community continues to expand, updating and improving public amenities to reflect current and anticipated needs will be vital to maintaining the high level of public service that the City of Harrisburg prides itself on delivering to its residents.

In 2004, the City of Harrisburg adopted the Harrisburg Parks Master Plan, guided by the vision "to make the city more livable for residents and attractive to visitors; providing a place to bring the community together and a place for all ages to recreate and enjoy the city." This plan outlined a series of goals for the development of the City's parks system, along with a capital improvement plan, park inventory and needs assessment, and a robust public involvement process. Priorities identified in the 2004 Plan included acquiring new park land, ensuring walkability to recreation areas, expanding park amenities to include picnic shelters and active sport facilities, and improving riverfront access. Today, nearly two decades later, the City of Harrisburg is undergoing a Parks Master Plan Update to incorporate newly developed parks and acquired land and address current and anticipated community needs. Among the interests of the City and community are the goals to enhance connectivity between neighborhoods and recreation areas, examine and incorporate modern recreational trends, and address the City's strengthened values for

Drain Parks & Open Space Master Plan
 Drain, Oregon

accessibility and sustainability. The updated Parks Master Plan will also include the 100-Acre Park Feasibility Study conducted for the newly acquired riverfront property, and address the need to improve recreational and emergency access to the Willamette River.

The development of a Parks Master Plan demonstrates the City of Harrisburg's commitment to providing high quality public services to its residents and ensuring both immediate and long-term success of the park system. Ultimately, the outcomes of the Plan will impact residents of Harrisburg for years to come, and must therefore be guided by the needs, values, and interests expressed by the community. For this reason, a key focus of the planning process will be implementing a community outreach strategy that carefully assesses residents' needs and responds to current and anticipated demand for services. The proposed strategy is built on the principles of democratic and inclusive input, and combines broad outreach methods with targeted engagement to ensure all voices and park users in the community of Harrisburg have the opportunity to contribute to project prioritization and decision-making. The Plan will prioritize recreation programs, park maintenance, and facility capital needs in consideration of these community outreach outcomes and the City's core mission and goals.

Project Approach

This section details the proposed work program that the Cameron McCarthy Project Team will execute to complete the Harrisburg Parks Master Plan update according to the City’s requested services. The planning and design products generated from these services will be driven by the principle of putting the community first. We recognize that the Parks Master Plan is not our plan — it belongs to the community of Harrisburg. As such, the Plan needs to reflect the unique characteristics and desires of the community as well as the financial realities of operating and maintaining a parks system. In that context, we will provide objective technical information and accurate input that informs the planning process. This information can then be considered by City/County officials to make informed decisions about the future of Harrisburg’s parks system.

The RFP outlines ten tasks, which are incorporated in our proposed scope of work. Cameron McCarthy will produce the Harrisburg Parks Master Plan through the development of work under eight key tasks: (Task 1) Project Initiation; (Task 2) Project Management and City Involvement; (Task 3) Community Outreach and Involvement; (Task 4) Document Review, Community Profile, and Existing Facilities Inventory; (Task 5) Needs Assessment and Level of Service Analysis; (Task 6) Goals, Policies, and Objectives Recommendations; (Task 7) Capital Improvement Plan; and (Task 8) Draft Master Plan and Adoption. The following project approach details the steps through which these tasks will be accomplished.

TASK 1. PROJECT INITIATION

Conduct project initiation meeting with City of Harrisburg staff to finalize project scope and schedule, work program, roles, and a communications plan. Discussions at this meeting will refine our understanding of the project, further define expectations, and ensure that our work will reflect the needs of the City and its constituents. This meeting will also allow the Project Team to identify key stakeholders and community groups, prior planning documentation, and data collection needs. Following the meeting, participate in site visits with the City staff to observe existing parks and recreation facilities, infrastructure, opportunities and constraints, and spatial contexts. Set dates for future meetings, prepare a communications plan, refine the public outreach strategy, and provide a memorandum summarizing the meeting discussion.

Deliverables:

- Project Initiation Meeting Notes
- Internal Communications Plan
- Public Outreach Strategy

Meetings:

- Project Initiation Meeting

TASK 2. PROJECT MANAGEMENT AND CITY INVOLVEMENT

Throughout the master planning and public involvement processes, conduct regular progress meetings with City staff, approximately every three weeks, to review plans and concepts, prepare for public meetings, and report on progress. Prepare

and transmit a meeting agenda prior to each meeting. Prepare, transmit, and maintain a project task matrix list noting items discussed, decisions made, unresolved issues and action items for each coordination meeting. Review project schedule at each meeting. These meetings will be held no less than once every three weeks. Any relevant reports, studies, forecast, maps, or plans will be provided to the City at least three (3) business days before each meeting. These meetings will also ensure that the Cameron McCarthy Project Team has all necessary and available information to complete this scope of work.

In addition to tri-weekly progress meetings, conduct a minimum of three (3) meetings with the City Council and/or Advisory Committee at key decision points throughout the project. For all committee meetings and open house public meetings, provide agenda and draft meeting materials to City at least ten (10) days in advance for approval and distribution. The City Project Team will arrange meeting venues and distribute meeting materials. Prepare and transmit meeting summaries that include attendance, issues raised, person(s) raising the issues, resolutions, and decisions made. Transmit meeting summaries within one week following the meeting.

Deliverables:

- Task Matrix
- Meeting Agendas, Materials, and Summaries

Meetings:

- Tri-Weekly (Minimum) Progress Meetings with City staff
- City Council/Advisory Committee Meetings (3)

TASK 3. COMMUNITY OUTREACH AND INVOLVEMENT

As a part of the project initiation meeting, the Project Team will meet with City staff to discuss and finalize the outreach activities outlined in the following sub-tasks.

Task 3.1. Plan Website: Work with City staff to either create a space on the existing City website or develop a new website to host information about the Plan, upcoming events, and opportunities for public input. Provide content for website and social media outreach. City staff will distribute announcements through social media and city newsletters.

Task 3.2. Stakeholder Interviews: Work with the City to identify 5 to 10 key community members who have

a particular interest in or knowledge of the parks and recreation system. The Project Team will conduct phone interviews with these individuals to understand areas of particular need and/or desire for future development of the parks system and recreation offerings.

Task 3.3. Targeted Conversations: To ensure we are engaging traditionally under-represented groups; we propose 2 to 4 targeted conversations with groups to be determined by the Project Team and City staff. We will rely on the input of City staff to help design appropriate and useful events. The format will be similar to a community forum or focus group meeting.

Task 3.4. Outreach at Public Events: We propose to table or host booths at up to two community events or public gatherings identified by the City. Through interactive booths/displays and conversations with residents, input gathered from these events will inform components of the Plan.

Task 3.5. Parks Master Plan Open House: The Project Team will work with City staff to publicize and host two open house events for community members during the planning process. The open house events will be used to gather feedback and measure public interest in proposed priorities and park developments. The events may include a brief presentation of the preliminary findings and recommendations and will feature interactive stations where residents can share their ideas and offer direct feedback on the proposed Plan. Event space will be secured by City staff.

Deliverables:

- Website and Social Media Content
- Stakeholder Interview Memorandum
- Targeted Conversations Meeting Summaries
- Supporting Materials for Outreach/Open House Events
- Open House Meeting Summaries

Meetings:

- Progress Meeting(s) (1-2)
- Stakeholder Interviews (5-10)
- Targeted Conversations (2-4)
- Public Outreach / Tabling Events (1-2)
- Public Open House (2)

TASK 4. DOCUMENT REVIEW, COMMUNITY PROFILE, AND EXISTING FACILITIES INVENTORY

Gather and review relevant background information, planning documents, and community demographics identified by the City, including but not limited to the Parks Master Plan (2004), Comprehensive Plan Volumes I and II (2000 and 2013), Urbanization Study (2014), 100-Acre Park Feasibility Study (2016), and Strategic Plan (2021-2026). Identify how the goals from these plans relate to one another, especially in regard to parks, recreation facilities, and other outdoor recreation opportunities. Review and interpret demographic trends and population characteristics of the City of Harrisburg.

Develop a comprehensive inventory of the City's existing parks, trails, open space, facilities, and nearby recreation resources. Site visits can occur on the day of the project initiation meeting. The inventory will utilize base maps and will include the park type and purpose, park location, acreage, inventory of facilities and amenities, current photographs, additional images as appropriate, and an evaluation of the physical conditions and functionality of those facilities. Consider the capacity of each amenity found within the park system as well as its functionality, accessibility, condition, comfort, and convenience. Compile above information in an Inventory and Conditions Report including photos and diagrams of each park and the park system.

Deliverables:

- Community Profile/Demographics and Trends Memorandum
- Inventory and Conditions Report

Meetings:

- Progress Meeting (1)

TASK 5. NEEDS ASSESSMENT AND LEVEL OF SERVICE ANALYSIS

Prepare a needs assessment that considers the latent and potential demand for services by examining the needs in existing parks and the needs for additional park land, park development and enhancement, and recreational facilities and programming. Draw from resources such as the inventory and conditions report; projections of population growth; demographic characteristics; recreation participation trends; National Level of Service (LOS) standards; geographic distribution within the City; identified unmet needs of residents; and identification of areas of significant recreational opportunities (not existing). Include a condition report for each existing park and their facilities. Include an assessment of alternative

public and private park and recreation service providers to provide understanding of market opportunities, and recommendations for improvements, including acquiring/developing new parks sites, improving existing parks, and potential partnership opportunities to meet community needs.

Deliverables:

- Needs Assessment Report

Meetings:

- Progress Meeting (1)

TASK 6. GOALS, POLICIES, AND OBJECTIVES

After analysing previously gathered data, public opinion surveys, and the core values expressed by Harrisburg constituents involved throughout the public input process, work with City staff to create goals, policies, and objectives to address identified community needs and values.

Deliverables:

- Goals, Policies, and Objectives Memorandum

Meetings:

- Progress Meeting (1)
- City Council/Advisory Group Meeting (1)

TASK 7. CAPITAL IMPROVEMENT PLAN

Based on the expressed values of the community, develop prioritized recommendations for improvements through renovation and maintenance of parks and outdoor facilities, development of additional recreational amenities and facilities, and land acquisition. Develop estimates of the capital and operational costs associated with these improvements. Meet with City staff to review priority recommendations, cost estimates, and an updated CIP list with an emphasis on System Development Charges (SDC) eligibility and flexibility. Provide suggested funding strategies. Conduct work session with the City Council to review priority recommendations and cost estimates.

Deliverables:

- Capital Improvement Plan (CIP)

Meetings:

- Progress Meeting (1)
- City Council/Advisory Group Meeting (1)

TASK 8. DRAFT MASTER PLAN AND ADOPTION

Based on the previous tasks and input received, provide Draft Parks Master Plan for review by City staff, local partners, and stakeholders. At a minimum, the Draft Parks Master Plan will include:

- Introduction and Executive Summary
- Park system vision, goals, and objectives
- Inventory of current park conditions
- Summary of public involvement process and findings
- Needs Assessment
- Prioritized existing and proposed facility recommendations accompanied with rationale
- Amendments to Harrisburg Zoning and Subdivision Codes needed to implement Master Plan
- Accompanying implementation tools including costs of prioritized recommendations

Meet with City staff to review the Draft Master Plan. Present the Draft Master Plan to the Advisory Committee, Planning Commission, and City Council for feedback. Revise the Draft Master Plan and amendments and prepare Final Master Plan for formal adoption as a reader-friendly document with an emphasis on

maps, charts, photos, graphics and tables to convey information. The Plan will be formatted in such a way that it is easy to update on a routine basis. The Plan should be constructed in a manner that allows for the relevant parts to be adopted by the City of Harrisburg and Linn County as part of their Comprehensive Plans. Prepare final amendments for formal adoption. Present Final Master Plan and associated amendments to Planning Commission and City Council in public hearings for adoption.

Deliverables:

- Draft Parks Master Plan
- Draft Amendments
- Final Parks Master Plan
- Final Amendments

Meetings:

- Progress Meeting (1-2)
- City Council/Advisory Committee Meeting (1)
- Planning Commission Meeting (1)
- Planning Commission and City Council Adoption Hearing (1)

100-Acre Park Feasibility Study

CITY OF HARRISBURG

Made possible through a grant from the Oregon Parks and Recreation Department, the City of Harrisburg contracted with Cameron McCarthy (CM) to conduct a Park Feasibility Study. The City is in the process of acquiring 132 acres of riverfront property from the Knife River Corporation.

The subject site is located south of the Highway 99 bridge along the east bank of the Willamette River. The site has roughly one mile of river frontage and includes two ponds that are linked. The site will undergo reclamation from the gravel mining operation and will not be usable by the public until the reclamation process is complete. A portion of the site is located inside the Willamette River Greenway, and the whole site is within the 100-year floodplain.

CM studied the feasibility of park and recreation uses on the site, which resulted in a report and concept plan for the park, based on public input, environmental factors, and site opportunities and constraints. The report contains a conceptual development plan, sustainable design strategy, and implementation plan, including cost estimates, phasing and prioritization, permitting requirements, and funding options.

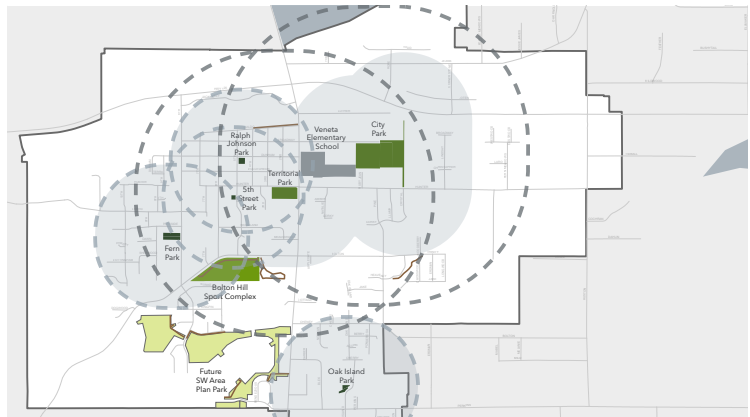

Veneta PROS Plan

CITY OF VENETA

In 2020, Cameron McCarthy provided a Parks, Recreation and Open Space Master Plan update for the City of Veneta. The project team brought a community-based planning approach and were able to address Veneta’s growing population and changing demographics. To support and identify community priorities, Cameron McCarthy implemented a multi-faceted public outreach process. Outreach included virtual and in-person communication and intentional dialogue with community partners and stakeholders.

In addition to public outreach, the team provided an inventory and composed a needs assessment to establish a solid foundation for the Plan. The carefully assembled foundation built on community feedback and local data to provide a clear path to the pertinent recommendations and the capital improvements plan. The PROS Plan will enable the City of Veneta to continue to work in concert with other local planning efforts and prioritize their growing community. The PROS Plan was successfully adopted in Fall of 2020.

Follow this [link](#) to view plan.

Drain Parks & Open Space Master Plan

CITY OF DRAIN

Cameron McCarthy created the Parks and Open Space Master Plan for the City of Drain in 2019. The Plan acts as a guiding vision for the City of Drain as they aspire to sustain and improve liveability through their parks and recreation services. The Plan provides direction for both short-range and long-range planning for the tight-knit community located in southwestern Oregon.

During the planning process, Cameron McCarthy identified current and future park needs by engaging with the community to capture local insight and feedback, reviewing demographic data, and conducting an inventory of existing parks.

The culmination of planning work resulted in essential goals, policies, recommendations, and implementation measures to shape the development of the parks system over the next 20 years. The Plan balances a vision and community goals with recommendations and a detailed capital improvements plan to provide the step by step measures needed to achieve the City's vision for parks and open space.

Follow this [link](#) to view plan.

Hermiston PROS Plan

CITY OF HERMISTON

Cameron McCarthy provided the City of Hermiston with an update to their Parks, Recreation and Open Space Plan in 2019-2020. Cameron McCarthy reviewed local demographics and inventoried current parks and recreation facilities. The project team created a public outreach process that amplified a diverse range of voices to reflect the entire community of Hermiston. The project team strived to create an inclusive process by using bilingual communication and adapting to community needs. Residents' voices informed the Plan recommendations which identify and prioritize how to improve livability in Hermiston. The PROS Plan update addresses the unique needs of Latinx, youth, and users 65 years or older, gaps in the park and recreation service area, and demand for trails and multi-modal connectivity within the park system. The Plan proactively addresses the needs of a growing and diversifying community. The Plan was adopted in Summer 2020.

Follow this [link](#) to view plan.

In July, 2020 the Hermiston Herald published the article [City plans for new parks and trails](#) that summarizes the process and provides a look into the outcome of the master plan.

NWCPRD PROS Plan

NORTHERN WASCO COUNTY PARKS AND RECREATION DISTRICT

Cameron McCarthy worked with the Northern Wasco County Parks and Recreation District to develop the District's first Parks and Recreation Master Plan. Cameron McCarthy completed a thorough study of the current inventory of park and recreation facilities, a needs assessment, and a public outreach process to develop a 20-year plan to guide the District. The project team crafted a well-rounded public outreach process and offered different levels of engagement opportunities across multiple platforms including online surveys, interviews, focus group meetings and community events. Local groups had opportunities to dialogue and inform the project team of community needs. Completion and adoption of the Plan was a milestone for the District as it captured a unified vision for future park developments and improvements for the community. The Plan provides five unique park concepts and a capital improvements plan that provide a roadmap for the District to accomplish their vision. The District will be able to prioritize capital improvements, programmatic changes, and accessibility of services for residents. The planning process is complete, and the Plan was adopted in Spring 2019.

Follow this [link](#) to view plan.

Comprehensive Plan Update

WILLAMALANE PARK AND RECREATION DISTRICT

Cameron McCarthy prepared Willamalane’s original Comprehensive Plan and, in 2012, supported an update of the plan by preparing the implementing land use application for plan adoption. Cameron McCarthy planned and designed Quartz Park, a neighborhood park that includes a natural turf youth soccer field, basketball courts, off-street vehicle and bicycle parking, paths and trail connections, and the largest universally accessible playground in the Southern Willamette Valley. Cameron McCarthy was the prime consultant for the design of 14.5 acres of improvements to Willamalane’s Les Schwab Sports Park, completed in 2014. Cameron McCarthy recently completed planning and design for the Mill Race Path, a bond-funded, 3.1 mile multi-use path extending from the Middle Fork Path to the Booth-Kelly site in downtown Springfield. In 2018, Cameron McCarthy completed planning services for Thurston Hills Natural Area Park.

An aerial photograph of a river with vibrant autumn foliage along its banks. A paved path runs parallel to the river, with a few people walking. The scene is framed by a large white circle.

Personnel and Qualifications.

Personnel & Qualifications

Colin McArthur

PRINCIPAL IN CHARGE

Colin McArthur brings over 15 years of planning experience to the team. He has been a managing partner of Cameron McCarthy since 2012 and has built an impressive planning portfolio. He offers a wealth of knowledge in community planning, a finesse in working with the public, and a deep drive to provide practical and thoughtful solutions. He positions his team to succeed and provides exceptional client services from project kick off through completion. He will provide planning leadership and direct staff throughout the project.

Liz Auvil

PROJECT MANAGER

Liz will be the project manager and the main point-of-contact. She utilizes her skills in synthesizing site analysis and public engagement feedback to inform conceptual design refinement. Liz brings a powerful blend of critical thinking and emotional intelligence to design an inclusive neighborhood park that will combine the environmental conditions with the aspirations of the community.

Kelsey Zlevor

PLANNING AND COMMUNITY OUTREACH SPECIALIST

She brings an excellence in communication, thoughtful ideas, and is naturally empathetic to all stakeholders and community members. She will facilitate an inclusive public engagement process that is specialized in local park development and will generate a community vision for the park and translate it into an actionable plan.

Zach Rix

LANDSCAPE ARCHITECT

Zach brings over a decade of experience to the team. His portfolio spans a broad diversity in project type and scale which provides the team with a deep and strong foundation in design leadership. Zach's role will be a combination of landscape architecture leadership and master planning support.

Victor Garcia

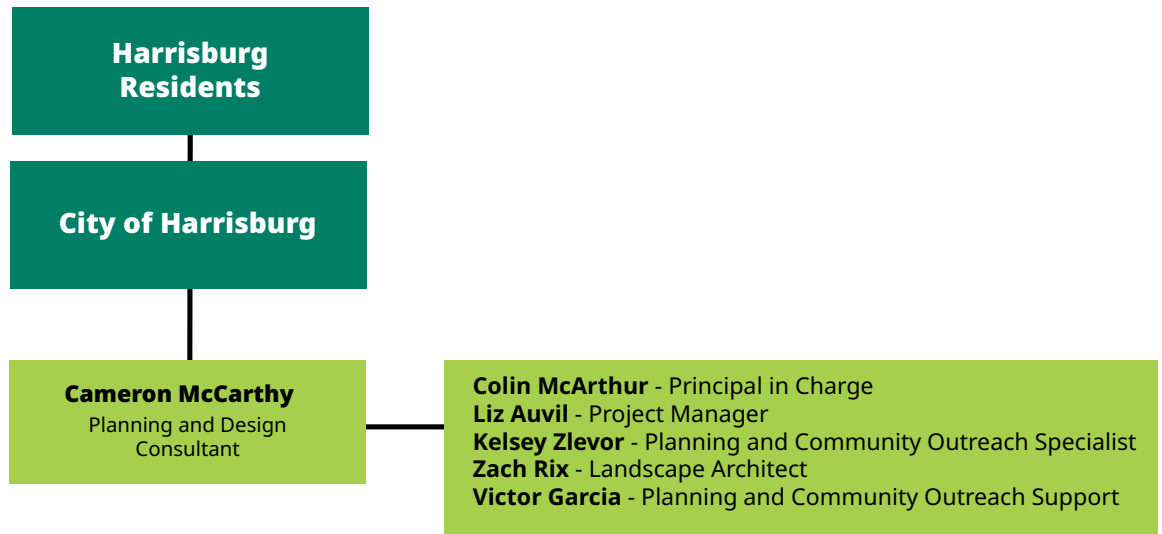

PLANNING AND COMMUNITY OUTREACH SUPPORT

Victor will provide planning and community outreach support throughout the entire project. Victor contributes a generous amount of perspective and lived experience to community planning and design. His experience in design/build and planning work equip him with the skills and tools needed to execute an inclusive process. Victor has a deep understanding of design that is truly accessible and inclusive. The team relies on his perspective and insight.

Staffing, Capacity, and Work in Progress

Cameron McCarthy is equipped to handle all of the necessary services that will deliver on the scope of work outlined in our proposal. The project team is a balanced blend of planning leadership, public engagement expertise, and landscape architecture. The project team will work as a collective group alongside the City of Harrisburg to achieve the goals outlined in the RFP, and further defined during the project initiation phase.

Staffing

Statement on Work-in-Progress and Capacity.

The figure shown here illustrates the percentage of time that each of our staff will dedicate to City of Harrisburg’s Parks Master Plan Update and their current work-in-progress.

Work in Progress	Capacity	Availability
NWCPRD Sorosis Park Master Plan, Lewis Creek Park Master Plan, River Road-Santa Clara Neighborhood Plan, Willamette Greenway Code Amendments, CRPD Skate Park Bowl, Finn Rock Reach Boat Landing	Colin McArthur Principal in Charge	30% Availability
NWCPRD Sorosis Park Master Plan, Hermiston High School Annex, PPS Grant Bowl Upper Field Improvements, Hermiston Rocky Heights Elementary School, Hermiston Theater Lane Elementary School	Liz Auvil Project Manager	40% Availability
Lewis Creek Park Master Plan, Hermiston High School Land Use, CRPD Skate Park Bowl, River Road-Santa Clara Neighborhood Plan	Kelsey Zlevor Planning and Community Outreach Specialist	50% Availability

Colin McArthur

He/His

Principal Planner, AICP

CMCARTHUR@CAMERONMCCARTHY.COM

PROFILE

Colin started his career with Cameron McCarthy in 2005, earned his planning certification in 2007, and became a partner in 2010. He currently enjoys a unique dual role with CM as the director for the firm’s planning practice and as a project manager and lead designer on park and recreation projects.

EDUCATION

2006

Master of Community and Regional Planning
University of Oregon

2005

Certificate in Sustainable Development &
Energy Planning
University of Oslo

2001

Bachelor of Landscape Architecture
University of Oregon

McArthur directs Cameron McCarthy’s planning practice and has more than 15 years of experience working in Oregon communities. McArthur specializes in supporting public agencies with comprehensive planning; parks, natural resource, and infrastructure planning; implementation; and development. An area of emphasis is parks and recreation, where McArthur has developed comprehensive system plans and park concept plans for cities including Eugene, Hermiston, The Dalles, Lebanon, Monmouth, Veneta, Sisters; and, counties including Linn County, Sherman County, Jackson County, and Douglas County. McArthur’s park and recreation district clients include Northern Wasco County Park and Recreation District, Willamalane Park and Recreation District, and Bend Park and Recreation District.

CAMERON McCARTHY

Liz Auvil

She/Hers

Project Manager, ASLA, RLA

LAUVIL@CAMERONMCCARTHY.COM

PROFILE

Liz joined Cameron McCarthy in 2017. She brings a strong foundation of experience in the realms of park planning and active transportation planning and design. Liz synthesizes data and public engagement feedback to produce collaborative designs driven by project goals and community input.

EDUCATION

2013

Bachelor of Landscape Architecture
University of Oregon

2016

NCI Charrette System Certificate

REGISTRATIONS

Landscape Architect Oregon #1082

Liz is a critical thinker and attentive listener which enables her to develop creative recommendations while adhering to project goals. Liz has expertise in parks and recreation and active transportation projects. From her experience working on state, national and international projects, Liz brings a context-sensitive approach to her park planning projects. Liz leverages her experience across planning, public engagement and landscape architecture to provide continuity and clarity throughout the lifespan of a project. Liz also develops thorough charrette and public engagement strategies unique to the needs of each project.

CAMERON McCARTHY

Zach Rix

He/His

Landscape Architect, ASLA, RLA

ZRIX@CAMERONMCCARTHY.COM

PROFILE

Throughout his career at Cameron McCarthy, Zach has undertaken a diverse collection of projects reflecting his dedication to positive, fun, healthy social spaces with urban, suburban, and passive experiences. He provides design and project management for a variety of public agency and institutional projects from site specific parks and urban plazas, streetscapes, and higher education. He has accumulated experience in park master planning, bus rapid transit corridors, athletic facilities, healthcare facilities, and community housing projects.

EDUCATION

2010

Bachelor of Landscape Architecture
University of Oregon

REGISTRATIONS

Landscape Architect Oregon #0823

Zach's contributions to a collaborative design approach include his fun and exploratory attitude to design workshops, understanding of team organization and applied leadership in team environments, conceptual development with concise, gestural hand illustrations or multi-media presentation graphics, and technical as well as creative software knowledge.

He draws inspiration from interests in local geology, native flora and fauna, and the cyclical patterns of our rivers, oceans and regional climate. A native Oregonian, he takes pride in his northwest roots and advocates for continued growth in diversity of culture, it's people who uplift it and the places they rely on to form community.

CAMERON
McCARTHY

Kelsey Zlevor

She/Hers

Planner

KZLEVOR@CAMERONMCCARTHY.COM

PROFILE

Kelsey joined Cameron McCarthy in 2016. Through her first career path as an environmental scientist, it became evident that there is a rising need for socially and scientifically competent public servants: those who understand the science behind environmental issues while possessing the ability to support equitable practices in real communities. With a multi-faceted background in environmental science and urban planning, Kelsey's facilitation style seeks to build local resiliency, appreciation for the environment, and lasting humanity in dialogue.

EDUCATION

2016

Master of Community and Regional Planning
University of Oregon

2014

Bachelor of Arts Environmental Science
University of Iowa

Kelsey's portfolio of experience spans both current land use planning, and parks and recreation master planning across Oregon. She is adept at facilitation, public engagement with an eye for coalition-building, and understanding the critical nexus between access to open space and environmental stewardship. Kelsey's planning practice is informed by her experience chairing the City of Eugene Sustainability Commission and the Eugene Downtown Neighborhood Association, and her participation in Pathways to Equity, a cohort program through the Open Architecture Collaborative designed to teach methods for understanding historical and systemic racism within the built environment, and strategies for community-building and engagement. Kelsey is a policy advocate, facilitator, and convener focused on issues of equity, land use, public space, and sustainable development.

CAMERON
McCARTHY

Victor Garcia

He/His

Associate, ASLA

VGARCIA@CAMERONMCCARTHY.COM

PROFILE

Victor joined Cameron McCarthy in 2020 after graduating from UO with a master’s degree in Landscape Architecture. During his time in graduate school, he participated in the Overlook Field School Program and explored maintenance and the transition of space over time. Victor’s master thesis studied spatial justice as it relates to public recreational spaces in Salem, Oregon. Victor’s community has had a profound impact on who he is today and his values in equity and inclusion.

EDUCATION

2020

Master of Landscape Architecture
University of Oregon

20XX

Bachelor of Environmental Science
Willamette University

Victor has been involved in the field of landscape architecture from an early age. As a first-generation Mexican American from Salem, Oregon, he learned about the complexities of landscape maintenance, design, and installation while working for his family’s landscape business. He is passionate in exploring the intersectionality between public space and social equity. As a landscape designer, Victor aspires to use his experience working with landscapes and people to contribute to the Cameron McCarthy team in thoughtfully creating spaces that speak to issues of spatial equity, sustainability, and inclusivity. Victor will be a critical part of the team as planning and community outreach support.

Agenda Bill
Harrisburg City Council
Harrisburg, Oregon

**THE MATTER OF REVIEWING AND APPROVING THE ENGINEERS
RECOMMENDATION FOR THE NEW NORTH & SOUTH WATER TREATMENT
FACILITIES**

STAFF REPORT:

Exhibit A: Engineer’s Recommendation Letters
(To be distributed at the meeting if available.)

**ACTION: MOTION TO ACCEPT THE BID FOR THE NORTH & SOUTH
TREATMENT FACILITIES IN THE AMOUNT OF \$**

THIS AGENDA BILL IS DESTINED FOR: Agenda/Work Session – August 24, 2021

BUDGET IMPACT		
Estimated COST	BUDGETED?	SOURCE OF FUNDS
\$ 5,500,000.	Yes	Water Bond

STAFF RECOMMENDATION:

Staff recommends the City Council approve the bid for the North & South Water Treatment Facilities

BACKGROUND INFORMATION:

As part of the Water Bond passed by voters, the City is building two water treatment facilities and is using a pre-construction, equipment purchase process already approved by the Council to keep costs down. The filtration system, generators and onsite chlorine system have already been purchased for the North and South treatment facilities. These treatment systems are designed to treat approximately 400 gallons-per-minute of water and add 500,000-gallon storage tank at the South Treatment Plant and 800 gallons-per-minute of treatment and 1,500,000-gallon storage tank at the North Treatment Plant.

REVIEW AND APPROVAL:

Michele Eldridge 08/17/2021
City Administrator

Agenda Bill
Harrisburg City Council
Harrisburg, Oregon

THE MATTER OF APPROVING THE CONSENT LIST

STAFF REPORT:

Exhibit A: Payment Approval Report for July 2021

Exhibit B: Harrisburg City Council Minutes for May 25, June 8 and August 10, 2021

Exhibit C: Planning Commission Minutes for July 20, 2021

Exhibit D: Municipal Court Collections Report for July 2021

Exhibit E: Municipal Citation Report for July 2021

ACTION: MOTION TO APPROVE THE CONSENT LIST

A motion to approve the consent list will approve the following:

- 1. The Payment Approval Report for July 2021**
- 2. Harrisburg City Council Minutes for May 25, June 8, and August 10, 2021**

THIS AGENDA BILL IS DESTINED FOR: Consent Agenda – 08.24.2021

STAFF RECOMMENDATION:

Staff recommends the City Council approve the consent list.

BACKGROUND INFORMATION:

Building Permits:

July 2021:	Submitted: 12
	Issued: 13
New Homes:	None

YTD Valuation: *Please note valuation is not added to the City's property tax base until the fall period following when the permit is finalized. As such, the typical timeframe for most construction to show up on our tax base is the following year in November. The valuation figure includes new home values, the value of commercial or industrial construction, and the value of extensive remodels.*

Report Criteria:

- Detail report.
- Invoices with totals above \$0 included.
- Paid and unpaid invoices included.

Harrisburg City Council Work Session Minutes

May 25, 2021

6:30 PM

Mayor: Robert Duncan
 Council President: Mike Caughey
 Councilors: Kimberly Downey, Adam Keaton, Randy Klemm
 Councilors Absent: Charlotte Thomas and Rob Boese
 Staff Present: City Administrator Michele Eldridge, Public Works Director Chuck Scholz, Finance Officer Cathy Nelson, and City Recorder Lori Ross
 Meeting Location: Harrisburg Municipal Center @ 354 Smith St.

CALL TO ORDER AND ROLL CALL by Mayor, Robert Duncan at the hour of 6:31pm

CONCERNED CITIZEN(S) IN THE AUDIENCE. All present were there for the meeting and for items on the agenda.

THE MATTER OF MEETING WITH A MEMBER REPRESENTATIVE FROM LCSO

LCSO REPORT: Sergeant Beth Miller reviewed the report for the month of April and elaborated on a few of the standout reports. There were no questions or comments.

THE MATTER OF A DISCUSSION IN RELATION TO A RESOLUTION AND LETTER OF ADVOCATION FOR THE CITY OF HARRISBURG

Before opening up the discussion, Duncan started by thanking the ad-hoc committee for taking initiative on this topic. In the past, he has refrained from responding to emergencies on social media but felt like he wanted to write an open letter regarding this issue and asked that we indulge him while he read aloud a letter addressed to all in attendance. (Addendum 1)

STAFF REPORT: Eldridge addressed her staff report stating it took the ad-hoc committee about three hours to complete the proposed resolution based on the resolution done in Baker City and also created a letter. There were a few things that were part of the resolution language that they didn't agree on, so it was brought to City Council. Eldridge stated that she contacted local businesses and asked if they supported the language. The committee did not want to speak for

May 25, 2021

them, if this was not what they were saying. Eldridge did hear from 10 businesses, and they all agreed. Mike Hurd stated to Eldridge that they are firmly in support of the resolution and appreciate what the City is doing.

Eldridge addressed the highlighted areas of the proposed resolution and asked the Council if they were okay with those words. Eldridge asked if ad-hoc members Keaton or Caughey would like to comment on the highlighted sentences.

- Keaton addressed the first two areas. He stated that the language was modified and toned down a bit and feels that the sentence now, is a good representative of where we are now. For the second sentence, he stated the committee agreed that original projections were blown out of the water and the most recent are more accurate. He is happy with it as is and was also happy with the stronger wording.
- Caughey stated that the first sentence does warrant that it is survivable and that lockdowns did reduce the number, or we would be in worse shape. He does agree that there were some inaccurate statements because of lack of knowledge and wouldn't grumble about the second.
- Duncan asked about the wording prolonged or unjustified or unnecessary referring to the lockdowns. Keaton replied that's why there stating that lockdowns don't work and used Sweden and Europe as an example and also Texas stating they have not had another spike since lifting the shutdown.
- Downey's argument is she doesn't like the way the lockdown happened for the businesses. She never saw any data that restaurants caused this and that's why she liked the statement. The second sentence she's all for, but the first she doesn't know. She asked if the shut down helped reduce the spread.
- Caughey answered be believed that was true and stated that things opened up, and the cases shot up. Keaton commented that cases went up, but hospitalizations didn't due to knowing the treatment and the signs of Covid.
- Duncan asked what she thought of the resolution as a whole? Downey answered that she loved it.
- Klemm's would like to have something in the first section referencing the length of lockdowns and would like to have something in the first section stating the continual lockdowns do not stop the spread and the metric used was insufficient. Since we do mention it later on in the resolution, he is fine with the way it is.
- Eldridge informed Council that we do have a business that has closed, and others are barely hanging on. The County is also in another week of high risk, and she also verified that Linn County is our local jail and the are only keeping felony cases.
- Heather Keaton, of N 6th PI, asked if the Gridiron counted as two business's or one? Eldridge and Ross responded that it was one business.
- Duncan commented that we are doing this resolution to let the citizens know that we have their back, so did it meet the need? Downey answered yes. She felt we should have been able to govern our town and felt helpless as a City Councilor. Keaton commented that this year has shown how little power the County and Cities have.
- Keaton stated that he was happy with it but would like to hear Klemm's general overview and Duncan's part as well.
- Klemm stated that after relying on the state and CDC for information on Covid, and over that nine-month period he came to realize that there are government entities, that do not have our best interest in mind. The City needs to use whatever tools they have to bring light to this. Klemm stated he was keeping track of all negative, positive and the total number cases tested and the media and government were only reporting positive cases, and not how many people were tested. Klemm

May 25, 2021

reached out to OHA and wanted to know why we weren't getting that information and got no response. He also asked how the state website could say that one million Oregonians had been tested in a four month period, then overnight, another million were. Again, no response. Klemm stated that he has lost faith and that we should use any tool we have to raise concern with the issue for our citizens.

- Caughey commented that the letter was phenomenal and addresses the problem. Small town businesses have been affected negatively way more than bigger chains. Caughey felt that the letter addressed it very well.
- Eldridge stated that if she had everyone's consensus, she would make the changes and have the Mayor sign it.

THE MATTER OF REVIEWING AND APPROVING AN INTERGOVERNMENTAL AGREEMENT (IGA) WITH THE STATE OF OREGON BUILDING CODE DIVISION (BCD)

STAFF REPORT: Eldridge commented that it was a straightforward agreement with Oregon Building Codes Division and the agreement needs to be signed to assume our new permit program. The new program will allow our citizens to get permits a little easier.

- Klemm **motioned to approve the IGA with the Oregon Building Code Division and to authorize the City Administrator to sign the agreement on behalf of the City of Harrisburg and was seconded by Caughey. The Council voted unanimously to approve the IGA with the Oregon Building Code Division and to authorize the City Administrator to sign the agreement on the behalf of the City of Harrisburg.**

THE MATTER OF A DISCUSSION IN RELATION TO COUNCIL POLICY 18-1.04

STAFF REPORT: Eldridge stated that the City Attorney was going to provide a memo and she was not able to get it before the meeting, but he did give her some information regarding the code of conduct; sleeping or loitering. They pointed out that if someone is at City Hall and they are just sitting, disrupting staff, or not using any City services, it is not allowing staff to effectively conduct City business. It was also suggested removing the word loitering and felt that the rest of the policy will support what we want.

THE MATTER OF DISCUSSING RECREATIONAL IMMUNITY/ACCESS AND NEW SIGNS FOR THE 132-ACRE PARK

STAFF REPORT: Eldridge started by informing Council that the park is indeed 132 acres and not 100 acres. The park has no trespassing signs but they continue to be vandalized or stolen. Staff and LCSO have noticed that there are people using the park and the gate cannot be locked due to it being an easement. Eldridge stated that Duncan did have some safety concerns with how deep the north pond was. She pointed out page 51 of the packet, which showed the north pond. The pond is adjacent to the access road and was unsure of the depth.

- Duncan asked if it was a continual thing that Knife River would need to come back and do reclamation. Eldridge responded that it is with the southern ponds only and they would need to keep up with the trees and the channels between the ponds. Duncan is concerned that if someone falls in or jumps in, that they can't get out because it's too steep.
- Eldridge spoke with the City Attorney and he felt that if our sign stated "undeveloped and unsupervised area and enter at your own risk" instead of "no trespassing", that it would be more effective and recreational immunity would still apply. Recreational immunity applies to a natural area and puts the risk onto the

May 25, 2021

person who goes onto the property for recreational purposes. It won't stop people from going onto the property, but the signs are there to warn them that it's at your own risk.

- Eldridge mentioned that there are some suggestions from League of Oregon Cities about signage to inform residents about hazards.
- Eldridge commented that she reached out to the HFD asking if the park was a fire danger and Fire Chief Griffith responded in severe drought, they might start checking the area since it's owned by the City.
- Duncan asked about signage for the park in case of an emergency and someone needed to call 911. Should we get together with Griffith and 911 to let them know that is it the 100 Acre Park? Eldridge responded that we could go through and name the park if we wanted to going forward.
- Scholz commented that if it's an undeveloped park, let it continue to be undeveloped until we can find the funds to develop it. The City has had no less than 60 signs stolen from the property this last year and two hunting cameras stolen or vandalized. He is all for signing for liability purposes at the main entrance and mentioned that you can access the ponds from other areas not including the river access. His opinion is to leave it as an undeveloped park until we can come up with something and to quit throwing money at it for signs.

THE MATTER OF APPROVING A PARADE PERMIT WITH TWO DIFFERENT ROUTES FOR THE OLD-FASHIONED 4TH OF JULY PARADE

STAFF REPORT: Eldridge informed Council that they are applying for two different routes this year. The first being the normal route and the second without leaving the highway if ODOT doesn't approve the permit.

- **Caughey motioned to approve the two parade routes for the 2021 Old-Fashioned 4th of July Parade and was seconded by Klemm. The Council voted unanimously to approve the two parade routes for the 2021 Old-Fashioned 4th of July Parade.**

THE MATTER OF APPROVING THE 3RD QUARTER 2020/2021 EXPENSE REPORT

STAFF REPORT: No concerns or questions.

- **Caughey motioned to approve the 3rd Quarter 2020/2021 Expense Report and was seconded by Downey. The City Council voted unanimously to approve the 3rd Quarter 2020/ 2021 Expense Report.**

OTHER ITEMS.

- **895 S 6th St:** Eldridge responded to a previous inquiry regarding 895 S 6th St and said that the scaffolding has been up since 2017/2018. The owner started with the roof and then the siding in 2020. She sent off for information to Linn County about if the permits are still open. She also spoke with City Attorney and said that part of our code might apply to the timeline concern. Downey said if they're moving along and within their permits, she's okay with it. Eldridge stated he is doing the work himself and that he works several hours a week while having a family. Eldridge commented that it's on the Historical Resource and the porch was not historical to that goal. He will be putting it back to be more traditional to what was originally there.

 May 25th, 2021

To All in Attendance;

Growing up in the 50's and 60's I never really got into the meaning of the protests of that time. I just like the music and how do I discreetly say the entertainment value at the time, plus I looked good in long hair and bell bottoms. The older I got though I began to hear the real music more clearly, maybe it was the lack of entertainment that cleared my head and I began to hear things as time progressed,,, the Tet offensive, the pentagon papers, Watergate, Iran/Contra, read my lips, white water, Monica, Missing WMD's, If you like your Dr. you can keep your Dr., Benghazi, of course not the CIA or the NSA would never spy on US citizens stated their respective former directors as they lied to Congress and a political party would never weaponize the IRS or Justice Dept to go after the enemies on their lists and the full power of the white house would never go after a journalists or his family for reporting on something they didn't want made public, then Russia, Russia, Russia, Russia, Ukraine, Ukraine. Do I really even need to waste your time mentioning the lying decrepted institutions that call themselves the objective press, the open graves of what's mislabeled as the mainstream media, the ones that pee on our legs and tell us it's raining while they smile through their lily white teeth hiding the stench of their fraudulent objectivity. So where am I going with all of this, bare with me, I will try and make the bow at the end tied up neatly, no promises though.

We've sat through 2020 and now into 2021 behind masks looking into people with unrecognizable eyes and to an unknown future filled with lies and subjugation. We've absorbed tainted information and half truths fertilized from the mouths of politicians bent on reelection and making the opposite party look bad at the cost of the truth and to the detriment of millions. Our leaders have looked toward book deals, TV appearances, glowing adulation from Hollywood and sports teams, my dog leaves more intelligent information on the grass in my backyard than any athlete or movie star I've heard in the last year and a half. We receive emails and fliers in our mail from our elected officials spinning the yarn with one hand of what wonderful things their doing for us and with the other filling their pockets with stock options and funds from the very corporations that think us uneducated Bible toting gun loving rubes. I'm not too cold I know many of them started out with good intentions only to be ensnared with power and

the daunting task of getting and keeping power so their ends can justify their means. Many of those in leadership positions have made our whole nation suffer through so very much just to make the former president look bad, the policy of “the end justifies the means”, I would described that policy as pure evil incarnate to let so many suffer to meet that sick and worthless need, it was beyond shameful, but those who would practice that policy would have no shame.

The summer of love; what came out of our elected representatives’ mouths during this time can only be described as, well I can’t, I can’t find a word that would be fitting, it was like their very own human waste was emanating from the wrong ends of their bodies, flowing freely, like we would just believe and accept it as truth and the sad thing is that some did, some thought it was unicorn and rainbows that torching a minority owned business was somehow a noble endeavor. The only difference with the press reporting at that time was they spewed their filth with that platinum smile, those amazing “mostly” peaceful protests, look out watch your legs here comes that rain again!!! Our cities burned due to lies and misstated statistics bent on filling a despicable narrative and the poor once again took the brunt of the violence, all as the press and their sycophants filled their coffers with internet clicks and TV adds for rating boosts and book deals.

Systematic Racism?; this one is probably the most dangerous for all of us no matter what your skin color,, those who call ourselves proud Americans. This is one type of evil plan our former greats warned us about, Washington, Jefferson, Lincoln Dr.Martin Luther King all spoke of our nation falling from within, the race baiters who profit from division are the true enemies of us all. When we speak of the past great men and women of our great nation we say “we stand on the shoulders of those who came before us” the great ones who endured hardship and suffering, those who chose to take a stand at all cost in order to make it better than they found it. Some paid higher costs than others but together they form the foundation on which we stand. I’ve been thinking hard trying to come up with an emotional word picture to depict how I feel about what is taking place in our nation as far as those who are bent on separating us into groups or tribes. Picture if you will people like MLK, Rosa Parkers, The Tuskegee Airmen, Harriet Tubman, all those that marched in Selma Alabama, black, white and brown, now picture if you will the generations that have followed them standing next to them, those from the sixties and seventies building and making strides as they all hold us up today, now look around today at the race haters and baiters the critical race theorist, the lairs of the 1619 project, the political who seek only hate and destruction, now picture those same racists standing on that foundation of greatness spewing their hate out of their mouths down on top of all the great people whose shoulders they stand on. Their filth and excrement that is their policy and ideology falling down on those who gave so much for them and now they are returning to and embracing the very hatred that those foundational people fought so hard against. Those that came before them et al would be ashamed of them for they foment hate and division their outright lies and spin seek to bring a lairs wedge into our schools and institutions to weave their hate into every aspect or our existence, why? In most cases follow the money and smell the hate.

So now comes the bow I was talking about earlier, so what do we do about all the corruption and hypocrisy we see on a daily basis. Thomas Sowell wonderfully stated, “its amazing how much panic one honest man can spread among a multitude of hypocrites”. I send you amongst them, go forth, speak boldly and hold close the truth of this great nation warts and all.

I have full confidence in you citizens of Harrisburg Oregon and in you as city staff and the elected city council and other leadership of this great city. You will continue on in truth, you will stand firm against the lies of those whose goal is destruction of the American way of liberty for all, all the same under the law, Councilors I know you will stand firm in your oath of office to the constitution of the United States of America, you will look on all others as more important than yourselves and each day you will strive to leave this place, this life better than you found it. It’s the least we can do for those whos shoulders “WE” stand on. So what’s left of the haters, will I’m sick of them, they can just go piss up a rope, remember earlier I said no promises.

Mayor Robert (Bobby) Duncan
City of Harrisburg Oregon
May 25th, 2021

Harrisburg City Council Business Meeting Minutes

June 08, 2021

6:30 PM

Mayor: Absent Robert Duncan
 Council President: Mike Caughey
 Councilors Present: Kimberly Downey, Robert Boese and Adam Keaton
 Councilors Absent: Randy Klemm and Charlotte Thomas
 Staff Present: City Administrator Michele Eldridge, Public Works Director Chuck Scholz and City Recorder Lori Ross
 Meeting Location: Harrisburg Municipal Center @ 354 Smith St.

CALL TO ORDER AND ROLL CALL by Mike Caughey sitting in for Mayor, Robert Duncan at the hour of 6:33pm

CONCERNED CITIZEN(S) IN THE AUDIENCE. Those present were there for items on the agenda

- Caughey read the letter sent to Governor Brown (ADDENDUM 1), from the City of Harrisburg, aloud as a request from Mayor Bobby Duncan.

RESOLUTIONS

THE MATTER OF ALLOWING VOLUNTEER WORKER'S COMPENSATION COVERAGE 2021-2022 BY APPROVING RESOLUTION NO. 1253

STAFF REPORT: Ross stated that there were no changes from last years reports except the rate increase from \$140 to \$150. This accounts for 1% of our total workers' compensation cost. Scholz asked if this was based on last year FY 2020-2021 budget and Ross answered yes. It's always based on the previous years audit.

- Keaton motioned to approve Resolution No. 1253 "A Resolution extending workers' compensation coverage to volunteers of the City of Harrisburg for policy year 2021-2022". He was seconded by Downey. The City Council voted unanimously to approve Resolution No. 1253 "A Resolution extending workers' compensation coverage to volunteers of the City of Harrisburg for policy year 2021-2022".

June 08, 2021

THE MATTER OF APPROVING RESOLUTION NO. 1254, AND THEREBY APPROVING THE CITY OF HARRISBURG STANDARD FEE SCHEDULE EFFECTIVE ON JULY 1, 2021

STAFF REPORT: Eldridge stated that the changes will be effective July 1st, 2021. The standard fee schedule is available online or in the lobby at City Hall. There were a few wording changes made and changes to the Library fee schedule to reflect our fine free program. The biggest changes are at the back of the schedule which shows the breakdown of fees for our new building permit program with Junction City. Mechanical and plumbing fees have gone up and building permit fees have gone down.

- Boese asked Eldridge for an example of something that is broken down. She pointed out to page 23 of the fee schedule. In the past, we have never had a broken-down fee schedule, even though it was something she had asked Linn County for. In the past, when residents would ask her questions regarding fees, she would only be able to estimate.
- Boese asked when someone applies for a permit is that written up by Junction City? Eldridge responded that it will be our application form and she is in the process of creating it. The building permit fees match Junction City's fees, and the electrical fees have to stay the same for four years.
 - Keaton **motioned to approve Resolution No. 1254, "A Resolution approving amendments to the City Fee Schedule and setting an effective date."** He was **seconded by Downey. The City Council voted unanimously to approve Resolution No. 1254, "A Resolution approving amendments to the City Fee Schedule and setting an effective date."**

OLD BUSINESS

THE MATTER OF A DISCUSSION IN RELATION TO COUNCIL POLICY 18-1.04

STAFF REPORT: Eldridge stated that this policy has come before Council before. She has since spoken to our City Attorney, and he supplied this Confidential Legal Memorandum that is protected by ORS 192.660(1)(2)(f). It is not something that we can put out into the public, however, we can discuss as he did not feel it was crucial enough to go into an executive session. The research that he did, is reiterated in the confidential memo and she wanted to point out that that HB 3115 is still sitting on the senate desk awaiting disposition. That bill is different as it is dealing with sleeping outdoors and ours is regarding indoors. A few changes were made to the policy starting with the definition of active uses of government services, removing the word "loitering" and adding the definition of "what prohibited conduct is." She also added the staff's responsibility to follow the code of conduct policy, which we didn't have before, and make sure that no discrimination is exhibited. If patrons are not actively using City services, staff can ask them to leave based on this policy.

- Boese asked if HB 3115 was something that we should add in. Eldridge stated that we can later as this policy is related to inside and not outside facilities. There are lot of things coming down from bigger cities so we might be addressing it again in the future. With consensus, Eldridge will bring back to future meeting.

NEW BUSINESS

THE MATTER OF AUTHORIZING THE CITY ADMINISTRATOR TO APPROVE A PUBLIC EVENT PERMIT FOR THE HARRISBURG OLD FASHIONED 4TH OF JULY

STAFF REPORT: Eldridge noted that usually the City Administrator approves the permit for the 4th of July and the only thing brought to Council would be the ODOT permit for the parade. With Eldridge being both the City Administrator and the person responsible for putting the permit together, she felt it would be unethical to approve without City Council. This is large permit with a

June 08, 2021

lot of moving parts. The breakdown of the permit shows how things are set up to protect the community and participants. It covers traffic, who's responsible for what, the actual days of the events from morning to night, it shows parade routes, barricade schedules with the placement of the safety corridors, railroad safety barriers, car show markers and no parking signs and Covid social distancing requirements. She also stated that there will be no bouncy houses this year due to Covid.

- Keaton asked where do you find the one-page schedule that shows everything and is there an online version available? Ross and Eldridge stated that we are in the process of including it with the City utility bill and that City website will be updated soon.
- Eldridge stated that she thinks it will be a big turnout even though they have been stressing local people or people with ties to the community.
 - Keaton **motioned to authorize the City Administrator to approve the Public Event Permit for the Harrisburg Old-Fashioned 4th of July. He was seconded by Downey.**
- After the second motion, Barnett of Siuslaw St, thanked Eldridge for all of the detail that was included in the permit application. Eldridge referred to Scholz stating he was a great resource and help. Caughey agreed there is a lot of information that Chuck has that help us make better decisions in general.
- Keaton asked about the slots in the new sidewalk corners downtown and if those are useful for anything, possibly a gate. Scholz answered no and that some of those are just conduits that haven't been finished.
 - **The City Council then voted unanimously to authorize the City Administrator to approve the Public Event Permit for the Harrisburg Old-Fashioned 4th of July.**

THE MATTER OF DISCUSSING A POSSIBLE BUSINESS EMERGENCY GRANT

STAFF REPORT: Eldridge stated that the City is trying to come up with something that can help our businesses further. Without knowing the status of the American Relief Fund money, we do have \$20,000 in our CED Fund that we could use for this purpose by chance that we don't receive funds. Eligibility requirements would be similar to what our other grants were. The grant could be used for past due mortgage, utilities, or overdue invoices from suppliers, up to one time per month for a maximum of \$500 until funds are expended.

The amount of funding coming from the ARP has increased from \$397,200 to \$432,547 for this next fiscal year. The state is supposed to be working on the program to get the money out to the Cities. We are expecting some kind of agreement from the Department of Administrative Services, and we haven't seen anything. We don't know when we will be receiving those funds. If we want to go through and approve this program, we do have the funding to use for this purpose. She stated there are a couple business that are really hurting now and she wanted to present this to Council.

- Downey stated that we needed to do it, so they could recover faster.
- Keaton stated that he was skeptical that the funds would even appear or existed.
- Caughey asked for clarification if we had already received funding. Eldridge responded that when she originally put this proposal together, it included the funds we were expecting and that we already did have around \$56,000 set aside in the CED fund.
- Downey stated again that she wanted to help businesses and she doesn't want to lose another. We can't wait for false hopes, and we need to take care of our own.
- Keaton mentioned that we already have this funding, and we can use it whatever way is best suited for CED and keeping business alive is a good source.

June 08, 2021

- Boese asked if the business that closed would be able to come back with this funding? He agrees that using what we have now is a great idea to try and help.
- Caughey stated that he believes Eldridge has the consensus to go forward.
- Edie Moro, of the Tri-County Tribune, stated that Junction City had a program similar to this grant and it helped save the theater with rent. She believes that the Council is on the right track.

THE MATTER OF AUTHORIZING THE CITY ADMINISTRATOR TO APPROVE A PUBLIC EVENT PERMIT AND POSSIBLE TEMPORARY SPECIAL EVENT LIQUOR LICENSE FOR THE TASTE OF TRI-COUNTY AND BUSINESS EXPO EVENT

STAFF REPORT: Eldridge stated that this is a Chamber Event that includes a Business Expo where they get an opportunity to talk about the product that they offer. Oregon Rain will attend to speak with people about entrepreneurship, Community Lenders will be available for businesses that want to expand. They are also looking into bringing in wineries and have a taste of tri-county event. Business will be able to sell their product at the event. They are anticipating 100 to 200 people to attend and several wineries. There will be no charge for restaurants to participate.

- Boese suggested with that many people attending, there could be a raffle to raise money for businesses. He also stated that it's a good opportunity for Harrisburg to get people close by to help with things we have planned.
 - Keaton motioned to authorize the City Administrator to approve the Public Event Permit and Temporary Special Event Liquor License if it is required, for the Taste of Tri-County and Business Expo Event. He was seconded by Downey. The City Council voted unanimously to authorize the City Administrator to approve the Public Event Permit and Temporary Special Event Liquor License if it is required, for the Taste of Tri-County and Business Expo Event.

THE MATTER OF APPROVING THE CONSENT LIST

- Downey motioned to approve the Consent List. She was seconded by Boese. The City Council voted unanimously to approve the Consent List. The items approved by this action were as follows:
 - The City Council Minutes for April 27 and May 11, 2021
 - The Payment Approval Report for May 2021

CITY ADMINISTRATOR VERBAL REPORT

- **VFW:** The VFW has had their water turned off the last few months. In the past, they have had a hard time paying the bill which were formally paid by former Mayor Dick Peterson. Eldridge stated that the Senior Center is not being charged for utilities and she wanted to know what the Council felt about not charging the VFW for utility fees. They have low usage and last years charges ran about \$930. Ross stated that some of the charges are for late fees. The City has tried calling and writing letters regarding the account status and has not received any response.
 - Keaton clarified that the Senior Center is not a City service and that it's private. Eldridge confirmed and said that they use our building, and that the City does contribute funds yearly. Downey asked if the City donated to the VFW and Eldridge answered no. Keaton asked if there were any other examples of organizations that we donate to, and Caughey responded HART. Keaton asked

June 08, 2021

if we charge them rent and Eldridge and Scholz responded it's a very small amount, like \$1.00.

- Boese asked about Gods Storehouse and what they get charged. Ross responded that they get charged like everyone else.
- Keaton stated that he didn't like the idea of government taking over the responsible of private charity. He believes it's an important organization but wants to be sure there is a precedence for doing so.
- Edie Moro, of the Tri-County Tribune, commented that the VFW of Monroe mentioned possibly pairing with the Harrisburg VFW to try and build up. She suggested researching if there was a viable VFW in town still. Eldridge responded that yes, they do still exist, and that the Monroe VFW did reach out to them about a year ago and offered to help, but it was not accepted at that time.
- Downey asked how their payment history was before Covid? Ross stated that it was good. Downey suggested helping them out with our Covid Relief Fund to start out. Keaton said he believes it would fall under community.
- Scholz believes that would be a good suggestion. We could use the CED fund to get them back to zero.
- Boese stated that he liked the idea and suggested reaching out to them again.
- **Landscaping Job:** Harrisburg Christian Church completed the landscaping job on the north side of town this last weekend. They paid for the plants and put together the design.
- **Butterfly Gardens:** Coming back to Planning Commission as townhouses. It will no longer be elderly living as far as she knows.
- **Vince Ferris Construction:** Site Plan will be covered for 1070 S 6th St at the Planning Commission Meeting, Tuesday.
- **HRA:** Heidi Kropf finished fence work on her parking lot. Clearance was given for \$50,000 from the HRA Grant Fund. She will receive it as of this Thursday.
- **Grand Re-Opening Celebration:** Eldridge handed out the flyer for the Grand Re-Opening Celebration (ADDENDUM 2). She wanted to be able to get people interested in our downtown, prior to the 4th of July. She has reached out to our businesses and received response from about seven. Businesses will be offering specials and Hurds will be offering free ice cream. The event is June 19th from 10am to 3pm.
- **5K Registration:** Double registration with Scandinavian Run and 4th of July 5K, from 9am to 1pm in Junction City.
- **Franchise Agreement:** The City has an expired franchise agreement with Century Link that was not caught by a former employee. Century Link has now become Lumen. Scholz went through and found some examples from other Cities and put something together for the City attorney.
 - The City has another franchise agreement due this August, this one with AT&T.
 - Eldridge has also asked both attorneys are to attend a future workshop to discuss how we want to approach the BN Franchise Agreement.
 - Caughey asked if Council could get a copy of the original agreement. He stated that his feeling is they should have to repair 4th St before we sign the agreement. Keaton asked if that qualified for an executive session and Eldridge answered yes.
 - Boese asked about the bridge and if they are planning on repainting it as it appears they are only painting what they are replacing. Scholz agreed it appears that's what they are doing.

June 08, 2021

- Downey commented about the Bless the USA that is over a main road in Junction City and how nice it was, especially at night. Scholz will look into cost.

OTHER ITEMS

- After Caughey learned about the repaving of the road between Harrisburg and Junction, he emailed ODOT asking why they are paving a road that didn't need paving and not doing Harrisburg 99E and Junction City 99. He received a call from ODOT and the person explained that there was money that wasn't spent by the end of the biannual budget, so they were looking for a project to spend money on. There main thrust was to improve ADA ramps on every state road, and it was a very expensive proposition. The only one they could find, that was a reasonable amount, was that stretch from Harrisburg to Junction City. Caughey questioned whether there were ADA ramps for that section, and the ODOT representative, agreed with Caughey that there was not. Caughey asked how do we get our road fixed? The representative answered that it was a major job and there are a lot of other places ahead of us on their list.
- Caughey received another call from Savannah Crawford with ODOT, the District Manager who decides. The first person he spoke with on Monday, suggested that speaking with higher elected officials could possibly speed us along on the list.
- Scholz stated that Halsey has been on the list for several years and until we see Halsey moving, we would be wasting our time. Our road will be much more difficult than Halsey. The ground is too big, and we would be paying for all of the manholes to be dropped. It's a huge project.
- Keaton stated that he is part of the Cascade West Area Community of Transportation and spoke with Savannah. CWACT only has minor authority with ODOT as far as funding goes. He stated that ODOT has shifted away from maintaining roads to bikeways. They are budgeting out for 2024/2028 session, and he has seen no mention of Harrisburg. He suggested getting someone on the technical advisory committee for CWACT as other Cities have one and Harrisburg does not.

ADJOURN: The meeting was adjourned at the hour of 8:16pm.

Mayor

City Recorder

May 27, 2021

Governor Kate Brown
State of Oregon
900 Court Street Suite 254
Salem, OR 97301-4047

Dear Governor Kate Brown:

We are writing on behalf of our community members who have suffered through the coronavirus pandemic for the past year. Our small businesses have been forced to weather this monumental obstacle with very little assistance from the state or federal government. Regardless, our community has adapted a great deal to business and life with ever changing restrictions, closures, and uncertainty.

Our business owners do not have the capital to survive multiple, long periods of shutdowns that keep their doors closed to their valuable customers. While some have been able to take advantage of the small amounts of local, state and federal assistance, it is not nearly enough to survive and keep workers employed. Many of our citizens are turning to state assistance or being forced to travel to find work.

At the same time, large corporations thrived to unprecedented levels as people turned to online and 'big box' retailers that were guaranteed to be open. In 2020, Amazon reported record revenues of over \$386 billion, and Walmart reported an astonishing \$548 billion in revenue. These numbers were made possible by shutdowns across the country that took those dollars away from local business and services. Once again, large corporations' benefit at the expense of small business owners.

We understand the need to act quickly to implement measures that will keep as many Oregonians safe as possible and potential risks that must be weighed in this extraordinary situation. However, we also feel that those measures should be regularly updated with input from all Oregon communities, using sound scientific data, local medical capacity information, the needs and desires of the local community, and a reasonable level of common sense.

In 2020, the Oregon State office of Diversity, Equity, and Inclusion was directed to make Oregon a more equitable place for every Oregonian. One of the core elements of the Equity Framework is to form community-informed policy and partnerships to work with community leaders in decision making processes. We do not currently feel that this element of the framework is being realized. Our community is not currently being heard by our state leadership. We are asking for a seat at the table, a voice for our citizens, and an opportunity to provide input to restrictions that have a profound effect on our rural community.

We would welcome an opportunity to speak about how we might help implement the Diversity, Equity, and Inclusion framework in a way that will amplify voices across the entire state, open our businesses, and maintain a reasonable safety standard for our citizens. We appreciate your consideration of our concerns and look forward to following up with the appropriate state agency.

Sincerely,

Mayor Robert Duncan; On Behalf of the Harrisburg City Council

UNAPPROVED

City of Harrisburg and Historic Downtown

Grand Re-Opening Celebration

Saturday, June 19th, 10:00am to 3:00pm

Smith St. between 2nd and 3rd Streets—In the HUB (Harrisburg United Businesses) of things!

Tri-County Chamber of Commerce Ribbon Cutting and Celebration of the Completion of the Smith St., 2nd St., and Macy St. Improvement Project

The City of Harrisburg would like to hold a Grand Opening Celebration to bring attention to the businesses in the downtown area who have been affected by both a year of COVID, and a street improvement project on top of it all! The proposed date is planned for Saturday, June 19, from 10:00am to 3:00pm.

The street work isn't completely done, but we wanted to draw attention to businesses prior to the 4th of July. Plans are to work with our small businesses in town, with a focus on the Smith St. location which was shut down for some time. Some ideas for what we can do on this day are:

- Sidewalk sale: We invite your business to move out to the sidewalks (a 3' wide area must be maintained at all times for ADA access.) We can also use the street, or parking areas.
- Provide an Open House!
- Specials that the City can advertise for you in the Tribune and on Social Networks. **(Deadline is June 8 to provide me with logo or ad copy! See email below)**
- Retail stores could provide discounts on specific items.
- If you have other ideas....please contact Michele at the City of Harrisburg: 541-995-2200 or email at meldridge@ci.harrisburg.or.us, or drop by City Hall!

Join 'ME' in the Main Street Program/Exploring Downtown.

City of Harrisburg—and Local Business.

Together, We are Strong!

Harrisburg City Council Business Meeting Minutes
 August 10, 2021
 6:30 PM

Mayor: Robert Duncan
 Council President: Mike Caughey
 Councilors: Kimberly Downey, Adam Keaton, and Randy Klemm
 Councilors Absent: Robert Boese and Charlotte Thomas
 Staff Present: City Administrator Michele Eldridge, Finance Officer Cathy Nelson and City Recorder Lori Ross
 Meeting Location: Harrisburg Municipal Center @ 354 Smith St.

CALL TO ORDER AND ROLL CALL by Mayor, Robert Duncan at 6:30pm.

CONCERNED CITIZEN(S) IN THE AUDIENCE. No concerned citizens present.

THE MATTER OF HOLDING AN EXECUTIVE SESSION UNDER ORS 192.660(1)(2)(H): THE GOVERNING BODY OF A PUBLIC BODY MAY HOLD AN EXECUTIVE SESSION: (H) TO CONSULT WITH COUNSEL CONCERNING THE LEGAL RIGHTS AND DUTIES OF A PUBLIC BODY WITH REGARD TO CURRENT LITIGATION OR LITIGATION LIKELY TO BE FILED.

The Mayor declared an Executive Session as per ORS 192.660 (1)(2)(H) at 6:31pm.

The City Council exited the Executive Session at the hour of 7:44pm.

- Downey motioned to proceed as our City Attorney has suggested. She was seconded by Caughey. The City Council then voted unanimously to proceed as our City Attorney has suggested.

ADJOURN at 7:54pm.

Mayor

City Recorder

Planning Commission Meeting Minutes July 20, 2021

Chairperson: Rhonda Giles, Presiding
 Commissioners Present: Jeremy Moritz, Kurt Kayner and Kent Wullenwaber
 Absent: Todd Culver, Roger Bristol, and Susan Jackson
 Staff Present: City Administrator/Planner Michele Eldridge, Finance Officer/Deputy City Recorder Cathy Nelson, and Consultant John Hitt
 Meeting Location: Harrisburg Municipal Center located at 354 Smith St.

CALL TO ORDER AND ROLL CALL: Order was called at 7:11pm by Chairperson Rhonda Giles.
CONCERNED CITIZEN(S) IN THE AUDIENCE. Everyone present were there for items on the agenda.

APPROVAL OF MINUTES

Wullenwaber motioned to approve the minutes for June 15, 2021 and was seconded by Kayner. The Planning Commission then voted unanimously to Approve the Minutes for June 15, 2021.

WORK SESSION

THE MATTER OF REVIEWING CHAPTER 1 AND 2.2 OF THE DRAFT CODE.

STAFF REPORT:

Hitt summarized his memo to the Planning Commission found on page 8 of the agenda packet. He has already reviewed Chapters 1 and 2 with the Planning Commission during previous meetings. He quickly reviewed key points. The new code will allow for multi-use and larger lots for building, along with more flexibility than the current code. Hitt highlighted the different options available for lot coverage on page 35 of the agenda and explained that a coverage bonus is an incentive. Hitt then referred to page 29 of the agenda and reviewed the matrix and key. The Planning Commission will still be involved if the City Administrator finds the application questionable or if a citizen appeals the City's decision. Hitt pointed out that the matrix also clearly identifies when a Conditional Use Permit is needed, which will involve the Planning Commission. Hitt gave some details about his vision for Chapter 3 – Building Design. Chapter 4 will increase time from begin to completion from six (6) months to eighteen (18) months. Chapter 5 is for definitions. Hitt reviewed the timeline. He asked if the Planning Commission would consider moving next months meeting to August 25th, a Wednesday. The Planning Commission agreed to the request.

July 20, 2021

Hitt stated he would have the matrix completed for the August meeting and hope to complete the entire process by March 2022.

- Moritz said he wanted to move forward with the process. He felt it would make it easier for both the city and our residents.
- Kayner asked if trade-off options will change with different Planning Commissions. Hitt replied that he tends to lean more towards a flexible code structure. Legally, we cannot bind future commissions. We can make our intent clear in the new code. Harrisburg wants quality and attractive development, job opportunities, a variety of housing choices and a range from low to medium income housing.
- Kayner stated that the Planning Commission has continued to “kick the can down the road” to the next group of commissions. It is nice to set standards and address the issues we have been having now. Eldridge said that the TMG and TSP plans will help assist moving forward on resolving many of the issues we are currently facing. The C-1 and C-2 zones will be combined, and we will eliminate contradicting issues within the code. The lot setbacks will depend on the height of the dwelling to take into consideration a 2-story residence being built in an area with mostly 1-story homes.

OTHERS

- Eldridge reviewed the letter of support handed out to the Planning Commission regarding the ODOT TGM (Transportation Growth Management) Grant. The city is requesting \$190,000.
Kayner **motioned to authorize the Vice-Chair, Rhonda Giles, sign the letter of support for the TGM Grant Application. He was seconded** by Wullenwaber. **The Planning Commission then voted unanimously to authorize the Vice-Chair, Rhonda Giles, sign the letter of support for the TGM Grant Application.**
- Kayner asked if ODOT was working in Hwy 99. Eldridge said that they were working in ADA ramps.
- The next meeting will be Wednesday, August 25. We will be discussing a historical restoration permit for the property in 6th and Summerville Loop.

With no further discussion, the meeting was adjourned at the hour of 8:02 pm.
