Staff recommend that City Council review the attached reports and prepare any questions for LCSO Staff.

BACKGROUND INFORMATION:
Sergeant Steve Frambes provides the City with both the LCSO City Report and the Contract Report for the previous month’s activities. If the reports are provided in time for the agenda process, they will be attached as exhibits. If they are provided after that point, but prior to the meeting, then Staff will forward them via email to Council members and will print them in time for the meeting. (LCSO Reports not appearing in the Council Agendas will be provided in the Minutes for that meeting instead.) This process gives Council the chance to review responses and actions in relation to both criminal and non-criminal activities by LCSO deputies in town on a monthly basis.

THE MATTER OF APPROVING A MURAL FOR THE LIBRARY

STAFF REPORT:

Exhibit A: Two Options for the Mural Design

ACTION: MOTION TO APPROVE / DENY OR APPROVE WITH CONDITIONS A MURAL FOR THE HARRISBURG PUBLIC LIBRARY TO BE PAINTED BY JERRY DAME AS SHOWN IN EXHIBIT A, OPTION 1 AT A COST NOT TO EXCEED \$3,000

THIS AGENDA BILL IS DESTINED FOR: Work Session Agenda- March 22, 2022

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
\$3,000	Partially	Library-Professional Improvement funds not being used this fiscal year

STAFF RECOMMENDATION:

Staff recommends the City Council review the information provided and determine if they approve the placement of a mural on the east side of the Harrisburg Public Library.

BACKGROUND INFORMATION:

Library Staff approached the Library Supervisor, Public Works Director and City Administrator last year regarding a mural for the outside of the Library. Their belief is the mural design will catch the attention of people passing by and will let our residents know where the Library is located, which will create a bigger patron following. Since that time, the Librarians and volunteer, Quinton Sheridan, have been researching designs and obtaining a artist willing to commit to the project for reasonable compensation.

At the March 10, 2022, Library Board meeting, the Board and City staff heard the proposal from patron Quinton Sheridan and Librarians, Cheryl Spangler, and Amanda Pelkey. They contacted a local artist, Jerry Dame who agreed to paint the mural for the Library. (At this time, this is a verbal commitment as City Staff has not received anything in writing from Mr. Dame.) He presented two designs for the Library Board to review (**EXHIBIT A**). At that meeting, the Library Board motioned to recommend mural option No.1 to the City Council.

Staff did advise the Board, that a colored version of the drawing would need to be submitted, prior to the council meeting. Staff would also require a written proposal from Mr. Dame indicating the cost of the mural. (Staff will email this information to Council

prior to the meeting and will also have paper versions available.) Once the proposal is received and the City Council agrees to their request, a formal agreement between Mr. Dame and the City, will be created prior to the start of the project.

The cost of the mural is estimated at \$2,000. The Library would like to pay \$3,000 for this project in order to properly compensate the artist if we are able to. At this time, the Library has raised \$368.57 from fundraising containers distributed around town which includes a \$200 donation from a Junction City business. They would like to start distributing fundraising letters to local business's, which will include the approved mural design in color. (Staff hopes to have the final version of this letter available at the meeting to present to Council.)

Staff did speak with the City Administrator and the Finance Officer about using Library funds for some of the cost of the mural. Professional Improvement has \$2,800 left in the Library fund. At this time, there are no plans to use that expenditure. Staff would like to apply between \$1,000 and \$1,500 towards the cost of the mural from the Professional Improvement fund if approved.

STAFF RECOMMENDATION:

Staff recommends the City Council approve the Strategic Plan for 2022-2027

BACKGROUND INFORMATION:

The City Council reviewed the Strategic Plan Draft at the work session scheduled for February 22, 2022 and March 8, 2022. The meeting on March 8, 2022 finalized the establishment of the priorities for the 2022-2027 Strategic Plan.

There is at least one objective from each of the 4 main themes established in our Strategic Plan. The City Council has determined that the new priorities are:

- Creating and Advocating for Housing Opportunities
- Developing & Improving Total City Park Land Inventory
- Making Regular and Substantive Improvements to City Streets
- Bringing Community Awareness to Crime Issues in Harrisburg
- Enhancing Outreach to Existing Businesses, while working with Regional Partnerships.
- Update the Capital Improvement Program

The City Council has met on the strategic plan several times since January, but still has the ability to make additional changes if desired. If Council is satisfied with the final version, they can now motion to approve the Draft Strategic Plan for FY 2022-2027.

Harrisburg Strategic Plan

FY2022 – FY2027

**Prepared by City Staff
January 2022**

City Administrator Message

Mayor and City Council,

I am pleased to present the City of Harrisburg's FY2022 - 2027 five-year Strategic Plan. This plan will serve as a guide to fulfill Harrisburg's mission and vision through a number of goals, objectives and actions. As we discussed and then adopted our five-year plans in both 2020 and 2021, no one foresaw the full and continued impacts of COVID-19 on our City, state, and nation.

City Administrator Michele
Eldridge

Everyone had hoped that COVID would be under more control by the end of 2021. However, debate continues to swirl around public and private sector response to COVID-19, and we can now anticipate that the Coronavirus or its variants will continue in 2022 and likely beyond.

There are four overarching themes in the plan, which bring focus to the mission and vision of the city and organize the long-term goals of the plan. The four themes of the plan are:

1. Great Neighborhoods
2. Public Safety
3. Economic Development
4. Efficient Governance

Within each theme are goals, objectives and actions. Most of the goals are intended to last for many years and should only change with shifting community values or new city opportunities or needs. The objectives and actions, however, are dynamic and should be modified to ensure the goals, vision, and mission of the city are being met.

The Strategic Plan fulfills the desires of the Mayor and City Council to be proactive and to plan ahead. The plan is intended to enhance the quality of life for our citizens and patrons, as well as ensuring the city organization is run with efficiency and effectiveness.

A special thanks to the management team involved in the development of this plan. Staff's contributions and expertise are vital. A good Strategic Plan depends on staff, as well as elected officials in both its formation and execution. Ultimately, of course, this plan belongs to the City Council. Their contributions and input are fundamental. It is hoped that the City Council members will frequently review this plan and team together with staff and the public to achieve the vision and mission it embraces.

Michele Eldridge
City Administrator

OUR MISSION

“Providing the highest quality public services
for a better hometown Harrisburg”

OUR VISION

“A vibrant and charming community that has a high quality of life, great neighborhoods, balanced economic growth, and quality public services”

OUR VALUES

The City of Harrisburg's Strategic Plan is governed by three key elements: our mission, vision, and values. Our Mission Statement reflects the character of our community and is based on the principles of service and commitment. Our Vision Statement honors our history and looks to a promising future to which this Strategic Plan is directed. Our mission and vision are built on the foundation of the following core values, by which our elected officials, employees and volunteers are expected to follow.

Transparent, Open, and Honest Government – This value reflects our most important responsibility to our citizens and customers. Our competence is measured and, in fact, reinforced through active engagement of those we serve. We maintain an organizational reputation for openness, honesty, and integrity.

Public Service – We are public servants. We proactively find solutions to the community's needs. We are accessible, responsive, respectful, consistent, and understanding. We provide assistance beyond our customers' expectations.

Fiscal Responsibility – Proper use of public resources is a trust which we honor and protect. In our management of this trust, we must avoid even the appearance of impropriety. In our management of public funds, we constantly strive for the greatest possible efficiency and effectiveness.

Personal Honesty and Integrity – Each of us demonstrates the highest standards of personal integrity and honesty in our public activities to inspire confidence and trust in our government.

Excellence – Excellence is shown by being creative, professional, innovative, showing initiative, and being committed to our community. In this pursuit, we support continuing education and training for everyone in the organization.

Teamwork – We are a team that supports each other and the community, and we emphasize a high level of trust. We embrace a spirit of teamwork, empowerment, cooperation, collaboration, and community. We operate under the Together Everyone Accomplishes More (T.E.A.M.) concept.

Diverse and Humane Organization – We are an organization that honors diversity and protects individual rights. Open communication, respect for others, compassion, and a sense of humor are essential tools in our organization. We value the cultural and social diversity that is reflected in our community, and we welcome the changes and new perspectives that this diversity brings to us.

Strategic Plan Themes

The Strategic Plan has four main themes that reflect our Mission and Vision Statements: Great Neighborhoods, Public Safety, Economic Development, and Efficient Governance. Specific goals, objectives, and actions related to these four themes will allow the city to achieve its mission and follow the vision of the community.

Each theme includes the City's primary goals under that theme for the foreseeable future. The goals should remain constant over time and only be revised to reflect significant community changes or unanticipated events. A list of measurable objectives with benchmarks helps us track progress towards the goals. Objectives are generally identified to cover the five-year strategic planning period from the date they are adopted. Action items are the steps needed to meet the objective. Many more strategies and action items will be developed throughout the organization to align the entire organization with the goals and objectives identified in this plan.

This Plan is intended as a work in progress. While the mission, vision, values, and goals should remain constant, the objectives and action items will need periodic review and adjustment. We will track progress through regular reporting on the measures, and they will be incorporated into organization and community publications. The annual Budget and Capital Improvement Program will serve as reporting and implementing policy documents, that bear close relationships with the Strategic Plan. The Comprehensive Plan, Transportation System Plan, Water Master Plan, Wastewater Master Plan, Storm Drainage Plan, and Parks Master Plan, and related planning documents also support the Strategic Plan.

The Plan, although adopted near the beginning of the calendar year, depends on the Fiscal Year for its annual progress or implementation. For example, a plan objective identified to be accomplished in 2016 means Fiscal Year 2016-17. (July 1, 2016 – June 30, 2017) The timing of the adoption of the plan allows the City Council to have a mid-year check on how the prior year's plan objectives are progressing, and also assists City staff with preparing the budget to assist with the Council's priorities adopted in the Plan.
