STAFF RECOMMENDATION:

Staff recommends normal discussion of any concerns that Council might have in relation to crime issues.

BACKGROUND INFORMATION:

The Crime Comparison by Quarter Report has been updated by the addition of the 1st Quarter of 2022. Person and property crimes are down from where they were, while the other types of crime match the 4th qtr. results. It would make sense that the 4th qtr. would have more property crime, due to the Christmas holiday.

Arrests by Crime Group is similar to the 4th quarter, although the category of all other has increased by two. All 13 “Other” arrests belong to one person, Roger Brasier. This one person has a case balance of \$25,005 at this time. (The majority are for traffic violations.) He was arrested for multiple outstanding warrants and is currently on the court docket for May 11th for a Criminal Trespass charge and an FTA Criminal charge. .

In comparison to last year to date, we are now one crime over what we were last year at this same time. In January, we reviewed our annual crime statistics; I’ve attached that information for you here in addition to the quarterly crime report.

COST	BUDGETED?	SOURCE OF FUNDS
Engineers Estimate \$355,000 - \$370,000	Yes -	Capital Outlay – Water Bond Const. Project Capital Outlay – Street Const. Projects Sca Grant - \$100,000

STAFF RECOMMENDATION:

Staff recommend City Council Review and Motion based on the City Engineers Recommendation

BACKGROUND INFORMATION:

The Citizens of Harrisburg voted in a Water System Improvement Bond in 2017. This project is one of many water pipe replacements associated with the water bond to remove deteriorating pipes that can generate water discolor, tastes, and odors.

The City Council understands that the condition of our Streets & Water System has a major impact on the quality of life for many of our residents. That is why it has been a City Council priority and commitment to improving the City's infrastructure.

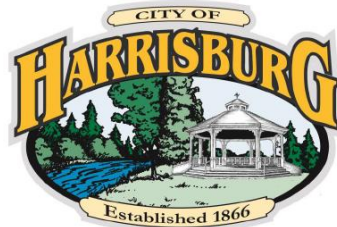

This project would include new main waterlines as outlined in the Water Bond main line replacements, some service line replacements, new asphalt, and other street improvements. The Engineer completed the Plans, and the project sent out for Bid on March 28, 2022. The project Bid opening was on April 19th, 2022; all bids (**EXHIBIT A**) that are found to be complete and in compliance with project manual requirements are on the supplied tally sheet. The Engineers recommendation will be in the meeting handout materials.
