STAFF RECOMMENDATION:

Staff recommend that City Council review the attached reports and prepare any questions for LCSO Staff.

BACKGROUND INFORMATION:

Sergeant Frambes will be providing the September 2023 **(EXHIBIT A)** Linn County Sheriff Office City Report this evening. Sergeant Steve Frambes provides the City with both the LCSO City Report and the Contract Report for the previous month’s activities. If the reports are provided in time for the agenda process, they will be attached as exhibits. If they are provided after that point, but prior to the meeting, then Staff will forward them via email to Council members and will print them in time for the meeting. (LCSO Reports not appearing in the Council Agendas will be provided in the Minutes for that meeting instead.) This process gives Council the chance to review responses and actions in relation to both criminal and non-criminal activities by LCSO deputies in town monthly.

Agenda Bill
Harrisburg City Council
Harrisburg, Oregon

**THE MATTER OF MEETING WITH A MEMBER REPRESENTATIVE FROM THE
COBURG POLICE DEPARTMENT IF ONE IS AVAILABLE**

STAFF REPORT:

Exhibit A: Coburg 2023 3rd Quarter Stats Report

ACTION: DISCUSSION ONLY

THIS AGENDA BILL IS DESTINED FOR: Work Session Agenda October 24, 2023

STAFF RECOMMENDATION:

Staff recommend that City Council listen to the presentation provided by Chief Larry Larsen, who hopes to be present at this meeting.

BACKGROUND INFORMATION:

Coburg Police Chief Larry Larson provided the City with quarterly statistics for traffic enforcement and code enforcement services provided in Harrisburg (**Exhibit A**). If the reports are provided in time for the agenda process, they will be attached as exhibits. If they are provided after that point, but prior to the meeting, then Staff will forward them via email to Council members and will print them in time for the meeting. (Reports not appearing in the Council Agendas will be provided in the Minutes for that meeting instead.)

This process gives Council the chance to review responses and actions in relation to both criminal and non-criminal activities by the Coburg Police Department on a quarterly basis. If a representative is not available, questions can be conveyed by staff.

THE MATTER OF REVIEWING THE 3RD QUARTER CRIME RESULTS FOR THE CITY OF HARRISBURG

STAFF REPORT:

Exhibit A: Harrisburg Crime Comparison 3rd Quarter

Exhibit B: LCSO Contract Cities Report for 3rd Qtr.

ACTION: **NO ACTION. INFORMATION ONLY**

THIS AGENDA BILL IS DESTINED FOR: Work Session Agenda – Oct 24, 2023

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
N/A	N/A	N/A

STAFF RECOMMENDATION:

Staff recommends normal discussion of any concerns that Council might have in relation to crime issues.

BACKGROUND INFORMATION:

The Crime Comparison by Quarter Report (**Exhibit A**) has been updated by the addition of the 3rd Quarter of 2023. *Person Crimes* are down by 8 from the previous quarter, which is the lowest it's been from the last 2 years. *Person Crimes* are serious crimes, which can include assault, sexual abuse, child or elder abuse, fights, etc.

Property crimes are increased by 3, but are still lower than most of 2022. Most property crimes are theft, fraud, and 2 vehicle break in's, one of which had \$2,000 in tools stolen (near S. 6th St & Middle School). *Drug/Alcohol Crimes* is currently 2; one of which is in relation to the bartender at the Voo. *Traffic Offenses* are way up compared to previous quarters, and higher than in the last two years.

All other offenses are also up by 9 compared to the last quarter, but is one less than the first quarter. All others include warrant arrests, trespassing, harassments/menacing/stalking. One of the trespass crimes was in the vicinity of the gazebo, and included 4 juveniles who were trying to break into a vehicle, and who were doing severe damage to it with a crowbar. The investigation is ongoing.

In the YTD Crimes compared to last year (**Exhibit B**, Page 4), Council can see that overall, *property crimes* are almost tied with last year, *all other offenses* are down by 8,

and *person crimes* have increased by 1 from last year at this this same timeframe. This includes assaults which are up by 3 compared to last year.

Looking at the Contract Cities Crime Report, (**Exhibit B**, Page 5) at the end of the report, Harrisburg is only slightly higher than last year, while Mill City and Millersburg both are catching up to Harrisburg in current year stats. Harrisburg does receive more services than any of the other contract cities, and the numbers reported can also be skewed due to one person having multiple charges.

A Year In Review

I am proud and excited to provide you with the 2022 Oregon Cascades West Council of Governments (OCWCOG) annual report. This report gives a snapshot of the work that is done throughout the communities we serve in the Linn, Benton, and Lincoln County region.

Over the next few pages, you will see highlights of the services we provide and how they have impacted the region in the past year, whether it has been delivering hot meals to those in need, providing small business loans, or orchestrating multi-million dollar transportation initiatives. OCWCOG has 25 member governments throughout the region who provide financial and directional support to the OCWCOG on the region's priorities. This year, we are providing each member agency with an annual report which shows some of the impact of our services, directly in their community. Individual member reports can be found on our website at OCWCOG.org/AnnualReports.

The work that is captured in this report is carried out by approximately 200 staff, 400 volunteers, and local contractors in every corner of the region. These dedicated individuals care deeply about the region and everyone in it, and are committed to promoting a thriving region through service, connectivity and innovation; making it a prosperous area for generations to come. It is an honor to serve alongside them each and every day.

I am grateful for the support of our staff and volunteers, our many community partners, and our active Board of Directors for the support and hard work it takes to provide these services to you.

Ryan Vogt
Executive Director

As Chair of the Board of Directors for the Cascade West Council of Governments (OCWCOG) it is my pleasure to offer a few opening remarks to this annual report.

OCWCOG is governed by elected officials from its member jurisdictions in Lincoln, Linn, and Benton Counties: this includes city and county governments, port districts and tribes. It is our job to provide fiscal and program oversight to the diverse portfolio of the business managed and carried out by this council. I consider it our responsibility and our privilege and honor to provide the foundation on which the council's dedicated staff and volunteers carry out their important work on behalf of the people of our region.

From building a stronger economy by helping businesses start and grow, to providing and overseeing care and services for our disabled and senior populations; from developing stronger road and public transportation systems to helping the veterans of our U.S. Military access the benefits they have earned; the people of OCWCOG are making a positive difference every day.

The area we serve encompasses a beautiful swath of Oregon, from the majestic Cascade Mountains to our rugged Pacific Ocean. We are all united in our dedication in developing stronger communities and improving the lives of all the citizens we serve.

Claire Hall
Lincoln County Commissioner

We commit to:

- Measure ourselves by staff developed agency values
- Align our daily work with our strategic priorities
- Identify and respond to service gaps in the region
- Use data and consumer input to continually improve

VALUES

Compassion Actively caring for others

Collaboration Working together to achieve common goals

Diversity, Equity & Inclusion Creating an environment where everyone is welcomed, supported, and given the resources to thrive

Integrity Always doing the right thing

Respect Honoring one another

SERVICES

Senior and Disability Services

OCWCOG's Senior and Disability Services department serves as both the Area Agency on Aging (AAA), and the Medicaid long-term care agency for our region of Linn, Benton, and Lincoln Counties.

Community Service Programs

The Community Services Program department serves the region's older adult population, adults with long-term physical disabilities, and Veterans through a variety of programs.

Community and Economic Development

The Community and Economic Development Department provides the Region's economic development strategy, works on priority efforts under a regional action plan, provides comprehensive transportation and implementation work, and promotes coordinated economic development efforts.

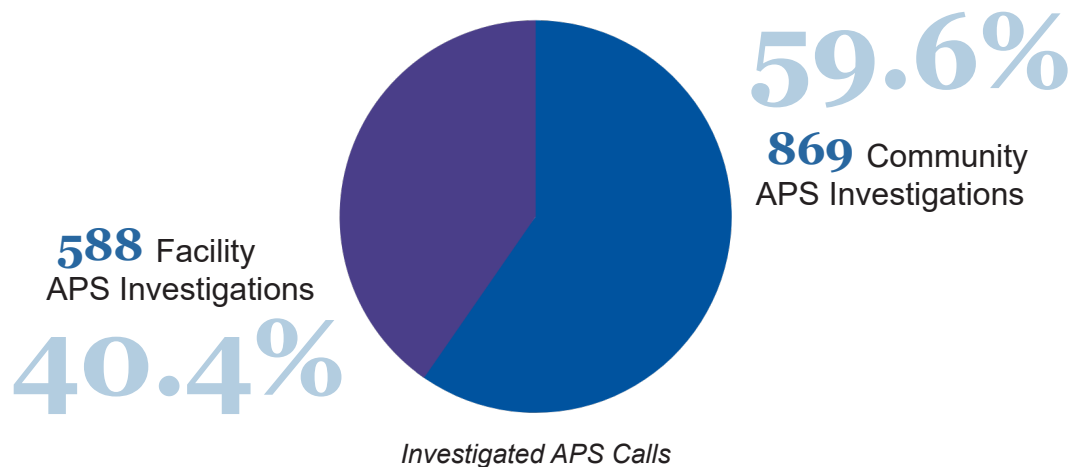

Senior & Disability Services

The Senior and Disability Services (SDS) department is committed to providing services and support to keep older adults and people with disabilities independent, safe, secure, and healthy in our communities. SDS staff provide case management and authorize and coordinate supportive services such as assistance with dressing, bathing, toileting, and grooming.

ADULT PROTECTIVE SERVICES

Adult Protective Services (APS) workers within the Senior and Disability Services department investigate allegations of abuse and/or neglect of seniors and adults with disabilities.

APS received **3,657** calls regarding elderly citizens throughout Linn, Benton and Lincoln Counties. Of those calls, **1,457** resulted in investigations by APS staff.

HOUSING SYMPOSIUM JOINS LOCAL LEADERS

OCWCOG brought together local leaders and decision makers for a Housing Symposium in October of 2022. This work session brought together those dedicated to improving services and support for medically fragile, care dependent, older adults and people with disabilities who are experiencing homelessness. Through a collaborative discussion, the attendees identified gaps and barriers to service and explored our current systems. Moving forward, input and data from the symposium will be compiled and work groups will be formed to begin work on the identified top priorities. There will also be discussion and planning related to future housing symposiums, with the goal of expanding the discussion and bringing more parties to the table.

AGING AND DISABILITY RESOURCE CONNECTION

The Aging and Disability Resource Connection (ADRC) is a free service that offers the public a single point of entry to access resources, information, and assistance on issues affecting older adults and people with disabilities regardless of their income.

7,943
TOTAL NUMBER
OF CALLS RECEIVED

3 Call Center Agents answered a total of 7,943 calls from residents across the region requesting information and assistance.

THE MATTER OF A DISCUSSION IN RELATION TO FUTURE LEGISLATIVE ADVOCACY

BUDGET IMPACT		
COST	BUDGETED?	SOURCE OF FUNDS
N/A	N/A	N/A

STAFF RECOMMENDATION:

Staff recommends the City Council discuss and decide how they’d like to handle selecting advocacy issues in preparation for the upcoming 2024 short session.

BACKGROUND INFORMATION:

This report is being written prior to the SMAC training session being held on October 19th, which we presume will go over well with everyone participating. Holding this training session then raises the question of how Harrisburg will determine our priorities, as we work with the other cities on issues that are vitally important to small cities.

The Brownsville Legislative Advocacy & Policy Committee in **Exhibit A** is attached. This is a very formal process, which invites in a non-resident member from the community, and has actual terms established. Harrisburg doesn’t like to hold unnecessary committee meetings, and the potential of determining what is most important to our City could take 20 minutes, or it could take over 2 hours, depending upon the topics of conversation.

Knowing how our City Council likes to operate, Staff suggests that for the short session, we can talk about legislative priorities in the future at a City Council meeting or depending upon the number of bills suggested for the 2025 regular session, we can establish an ad-hoc committee. We will continue to use LOC Resources until it’s no longer expedient to do so; but a lot depends upon what kinds of subjects are being forwarded by the Policy Committee’s Staff does plan on joining the General Policy Committee, and the Water & Wastewater Committee.

Part of our discussion should also include which of our City Council members will be the primary volunteers for calling, writing letters, researching, or providing testimony when needed. There may be circumstances in the future that will require all hands-on deck, or we can simply handle each legislative issue on a case-by-case basis.

STAFF RECOMMENDATION:

Staff recommends the City Council discuss this issue with the City Attorney

BACKGROUND INFORMATION:

As of the date of this Staff Report, BNSF Railroad and PNWR have not yet provided the City with a draft construction and maintenance agreement for the City to review. Their local counsel has assured us that they are working diligently on a draft. If we receive a draft prior to Tuesday's meeting, we will review and provide it to the City Council for discussion at the meeting.

If they haven't yet provided us with an agreement, then the City can discuss the consequences of not having a new agreement in place by November 1, 2023. The Council discussion and review of the agreement, if available, will be in Executive Session.

ORDINANCE NO. 999

**AN ORDINANCE RENEWING THE FRANCHISE OF BNSF RAILWAY COMPANY
FOR THE PLACEMENT OF RAILWAY FACILITIES WITHIN THE CITY OF
HARRISBURG, STATE OF OREGON, SUPERCEDING ORDINANCE No's. 798 AND 988,
AND TO DECLARE AN EMERGENCY.**

WHEREAS, the CITY OF HARRISBURG has determined it is appropriate and in the best interests of the public to allow BNSF RAILWAY COMPANY the nonexclusive privilege of using the Fourth Street publicly owned right-of-way to construct and maintain private railroad facilities within the corporate limits of the City; now, therefore,

THE CITY OF HARRISBURG ORDAINS AS FOLLOWS:

SECTION 1: Definition of Terms

1.1 Terms. For the purpose of this Franchise, the following terms, phrases, words, and abbreviations have the meanings ascribed to them below. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number:

- A. **"BNSF Railway"** or **"BNSF"** means the BNSF Railway Company or Grantee.
- B. **"City"** means the City of Harrisburg, Oregon, or the lawful successor, transferee, or assignee thereof.
- C. **"Grantee"** means The BNSF Railway Company or the Grantee's lawful successor, transferee, or assignee.
- D. **"Franchise Area"** means the areas illustrated in Exhibit A, incorporated by this reference as part of this Franchise, located within the corporate boundaries of the City of Harrisburg and generally within the Fourth Street Public Way.
- E. **"Person"** means an individual, partnership, association, joint stock company, trust, corporation, or governmental entity.
- F. **"Public Way"** means the public streets, highway, bridges, alleys, courts, sidewalks, parkways, lanes, public ways, drives, circles, or other public rights-of-way, including, but not limited to, public utility easements, dedicated utility strips, or rights-of-way dedicated for compatible uses by the CITY or the general public as Fourth Street, including any cross streets or intersections, now or hereafter held by the City.
- G. **"Rail Facilities"** means all railroad and associated structures owned by Grantee for use by Grantee in providing rail services that are located in the Public Way.

SECTION 2: Grant of Franchise

2.1 Grant. The City grants the Grantee a nonexclusive Franchise which authorizes the Grantee to use a public way within the Franchise Area to construct and maintain rail facilities and related structures.

2.2 Other Ordinances. Every term, provision or condition of this Franchise is subject to the applicable provisions of State law, Federal law, the Charter of the City of Harrisburg, and the ordinances and regulations enacted pursuant to these laws as provided in this section.

A. The Grantee agrees to comply with the terms of any lawfully adopted generally applicable local ordinance or regulation pursuant to the provisions of State law, Federal law, or the Charter of the City of Harrisburg, to the extent that the provisions of the ordinance are not preempted by federal and/or state law. Neither the City nor the Grantee may unilaterally alter the material rights and obligations set forth in this Franchise during its term.

2.3 Term. The Franchise granted in this agreement shall be for an initial term of three (3) years commencing August 1, 2023, unless otherwise lawfully terminated in accordance with the terms of this Franchise. During the initial term, the Parties have made provisions for completion of reconstruction of the Franchise Area. If the parties have successfully completed the requirements of Section 3 on or before July 31, 2026, or as otherwise agreed to through any written extension executed by both parties, upon the City's written acceptance of the work by Grantee, said acceptance to not unreasonably be withheld or delayed by City, this franchise will automatically extend for 20 years under the terms and conditions set out in Sections 1, 2, 4, 5, 6, 7 and 8.

SECTION 3: Additional Standards of Service August 1, 2023 to July 31, 2026

3.1 Initial Three Years. For the initial term of this franchise, from August 1 2023 through July 31, 2026, the Parties intend to reconstruct the street, curb, gutter, crossings, and railways within the Franchise Area.

3.2 General Description/Incorporation of MOU. The parties acknowledge and by this reference incorporate the Memorandum of Understanding and executed by BNSF Railway on March 21, 2023 as Exhibit B. In summary, the parties will refine and complete plans for the 4th Street Franchise Area, obtain estimates, and divide the work to rebuild the Franchise Area so that the City is responsible for paying for the work required to install curbs, and gutters along the frontage of property adjoining 4th Street for the length of the project. BNSF will be responsible for paying for the work required to make improvements to the railbed, install curbs around the rail bed and pave from the curb around the railbed to the street curb and gutter, and install street crossings that meet ADA standards.

- A. The parties acknowledge that a construction and maintenance agreement shall be completed within 90 days from the approval of this ordinance, which sets forth the requirements and duties of the parties, the timeline for construction, and the tasks each party is to perform or complete during the initial three years of this agreement.
- B. During the initial three years of this agreement, where any conflict arises between the express terms of this franchise document and incorporated terms from any Exhibit or between Exhibits, the conflict must be resolved in a manner that is consistent with the general understanding of the parties set out in Exhibit B.

3.3 Project Duration and Plan. The parties anticipate that the project will take the entire three years from August 1, 2023 until July 31, 2026. The first year is expected to be required for completion of a construction and maintenance agreement and final engineering and design, the second year for construction, and the third year for contingencies and delays. The parties may, by agreeing upon a written addendum to this Franchise, add to the duration of the project beyond the initial three years as the parties may require for successful completion of the project. Any addition of time to the initial three years extends the time for the parties to complete and for the City to accept the Grantee's work, so that an automatic extension of this Franchise, as contemplated by paragraph 3.5, does not commence until the work is complete and accepted.

3.4 Communications. The parties will meet as often as necessary to coordinate the work, but not less than monthly during this initial three years. The meetings may be telephonic, remote, or in person, and the agenda may be as substantive as the parties need but must include a status check by both parties. Written notes of the meeting will be provided to both parties describing actions taken, decisions made and next steps. Meetings will be coordinated by the persons designated by each party as the contact in Section 8 of this Franchise. Change of a contact person required written notice to the other party. Meetings by engineers, construction meetings and similar events satisfy this requirement if written notes of the meeting are provided to the contact persons set out in Section 8.

3.5 Automatic Extension. Consistent with the terms of Section 2.3, upon the successful completion of the initial three years of this franchise, and acceptance of the Grantee's work, this Franchise will automatically extend for 20 years.

SECTION 4: Standards of Service after July 31, 2026

4.1 Conditions of Use.

A. Grantee shall have the right to construct and maintain standard gauge railway tracks, either single or double, and other such connections and other equipment as Grantee may deem necessary or convenient, in Grantee's sole discretion, and to operate cars thereover, and to transport passengers, freight, mail, baggage and express upon Fourth Street as it extends through the Franchise Area of the City, with the right and privilege of crossing all intervening streets, at grade or otherwise, alleys and sidewalks, and also the right and privilege of constructing and maintaining such wyes, frogs, switches, curves and connections as the Grantee may deem necessary or convenient, in Grantee's sole discretion.

B. The rail facilities may include, but are not limited to, sidetracks, switches and other equipment to connect to facilities on private property.

C. For single or double track construction, the track or tracks must be constructed as near the center of the street as reasonably practicable.

D. City owns the right-of-way on 4th St., therefore the Grantee has a duty to construct its rail facilities in such a manner as to not reasonably interfere with utilities located within Grantee's construction area. Grantee is required to provide City with a right-of-way permit prior to any construction work on 4th St., and Grantee is liable for any damage to any utilities, paving, and other public infrastructure, to the extent such damage is proximately caused by Grantee's construction of its facilities, and Grantee had knowledge, or should have known following standard utility locate procedures, of the presence of such utilities at the time of construction.

E. Construction work performed by the Grantee must follow the guidelines as shown in HMC Chapter 18.85 and must adhere to roadway transportation design and safety standards, as well as ADA standards, when applying railroad geometrical design standards.

F. If Grantee ceases to use the Franchise Area for a twelve (12) month period and the track is formally abandoned by the governmental body having jurisdiction to do so, upon 120 days written notice to Grantee, City may require Grantee to remove the rail facilities and restore the public way at Grantee's sole expense. If Grantee fails to remove the rail facilities and restore the public way within the 120- day period, City may, at its option and in its sole discretion, remove the rail facilities from the public way and require Grantee to pay for the full cost of removal and restoration of the public way, or City may assume possession and ownership of the facilities.

i. For purposes of this franchise, the public way is considered to be restored when the

road bed, road surface, curbs, gutters and vehicular and pedestrian crossings meet the City of Harrisburg standards for City streets with the same classification in the version of the City of Harrisburg Transportation System Plan in place at the time of abandonment or the final construction documents agreed upon by the parties during the initial three years of this Franchise, whichever the City of Harrisburg determines is in the best interest of the public.

4.2 Preservation of Public Ways.

A. If during the course of the Grantee's construction, operation, or maintenance of the rail facilities there occurs any damage of the public way within the Franchise Area where such damage is proximately caused by Grantee, Grantee has a duty to replace and restore the public way to a condition reasonably comparable to the condition of the public way existing immediately prior to the damage. In the event Grantee fails to restore the public way to a condition reasonably comparable to the condition existing immediately prior to such damage, the City may restore or cause to restore the public way at the expense of Grantee; provided, that the City provides Grantee with reasonable notice to restore, and Grantee fails to restore such public way within the time period given by the City.

B. Grantee must construct and maintain rail tracks so as to conform to the grade of streets to the extent the same is reasonably practicable and in such manner as to not materially interfere with the public use of the streets

- i. Construction documents jointly approved by the parties are conclusive proof that rail tracks are reasonably practicable and do not materially interfere with the public use of the streets.

4.3 Safety Requirements. Construction, operation, and maintenance of the rail facilities must be performed in accordance with applicable federal laws and regulations.

4.4 Communications. After the first three years, the parties will meet not less than on an annual basis during the duration of the Franchise. The meetings may be telephonic, remote, or in person, and the agenda may be as substantive as the parties need but must include a status check by both parties. Written notes of the meeting will be provided to both parties describing actions taken, decisions made, and next steps. Meetings will be coordinated by the persons designated by each party as the contact in Section 8 of this Franchise. Change of a contact person requires written notice to the other party.

SECTION 5: Regulation by the City

5.1 Franchise Fee.

A. For the first three years of the Franchise, the Grantee is required to pay to the City a fee of \$13,000 ("Franchise Fee"), with the Franchise Fee increasing annually by 3% each July 15th, with the first increase on August 1, 2024. The Franchise Fee payment must be paid annually, by August 1st of each year, beginning August 1, 2023. If there is less than a full year at the start or conclusion of the franchise agreement, the Franchise Fee will be prorated during those periods. If the amount of lineal rail foot should change under this agreement, the Franchise Fee will be adjusted accordingly.

B. Beginning the Fourth year of this Franchise (August 1, 2026) the Franchise Fee will increase to \$20,000 per year. For each following year, the Fee will be increased annually by the

amount of increase in the construction cost index for Seattle Washington as reported in the Engineering News Record (ENR) for the prior 12-month period.

C. The payment of the Franchise Fee will not be credited toward the payment of property taxes or payments in lieu thereof, nor any tax adopted by the City, nor credited toward any permit fees required by the Harrisburg code.

D. Limitation on Franchise Fee Actions. The period of limitation for recovery of any Franchise Fee payable under this Franchise will be four (4) years from the date on which payment by the Grantee is due.

5.2 Transfer of Franchise. The Grantee's right, title, or interest in the Franchise must not be sold, transferred, assigned, or otherwise encumbered, other than to an entity controlling, controlled by, or under common control with the Grantee, without the prior consent of the City, such consent not to be unreasonably withheld. No such consent will be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Grantee in the Franchise in order to secure indebtedness. Within thirty (30) days of receiving a request for transfer, the City must notify the Grantee in writing of any additional information it reasonably requires to determine the legal, financial and technical qualifications of the transferee.

If the City has not taken action on the Grantee's request for transfer within ninety (90) days after receiving such request, consent by the City will be deemed given, unless the requesting party and City agree to an extension of time.

SECTION 6: Books and Records

Grantee must provide City with "as built" drawings for the rail facilities at City's business office and shall provide the City with any as-built updated records made during maintenance and repair work. Notwithstanding the foregoing, Grantee shall not be required to disclose trade secrets, or information that it considers commercially sensitive or a security risk.

SECTION 7: Enforcement and Termination of Franchise

7.1 Notice of Violation. In the event that the City believes that the Grantee has not complied with the terms of the Franchise, the City must informally discuss the matter with Grantee. If these discussions do not lead to resolution of the problem, the City must notify the Grantee in writing of the exact nature of the alleged noncompliance.

7.2 The Grantee's Right to Cure or Respond. The Grantee will have thirty (30) days from receipt of the notice described in Section 7.1: (A) to respond to the City, contesting the assertion of noncompliance, or (B) to cure such default, or (C) in the event that, by the nature of default, such default cannot be cured within the thirty (30) day period, initiate reasonable steps to remedy such default and notify the City of the steps being taken and the projected date that they will be completed.

7.3 Public Hearing. In the event that the Grantee fails to respond to the notice described in Section 7.1 pursuant to the procedures set forth in Section 7.2, or in the event that the alleged default is not remedied within thirty (30) days or the date projected pursuant to 7.2(C) above, if it intends to continue its investigation into the default, then the City must schedule a public hearing. The City must provide the Grantee at least thirty (30) days prior written notice of such hearing, which specifies the time, place and purpose of such hearing, and provide Grantee the opportunity to be heard.

7.4 Enforcement. Subject to applicable federal and state law and other remedies expressed in this Franchise, in the event the City, after the hearing set forth in Section 7.3, determines that the Grantee is in default of any provision of the Franchise, the City may:

- A. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages; or
- B. Commence an action at law for monetary damages or seek other equitable relief.

7.5 Force Majeure. The Grantee shall not be held in default under, or in noncompliance with, the provisions of the Franchise, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by circumstances reasonably beyond the ability of the Grantee to anticipate and control.

SECTION 8: Miscellaneous Provisions

8.1 Actions of Parties. In any action by the City or the Grantee that is mandated or permitted under the terms of this Franchise, the party must act in a reasonable, expeditious, and timely manner. Furthermore, in any instance where approval or consent is required under the terms of this Franchise, such approval or consent shall not be unreasonably withheld.

8.2 Entire Agreement. This Franchise and its incorporated attachments constitute the entire agreement between the Grantee and the City. Amendments to this Franchise must be mutually agreed to in writing by the parties.

8.3 Notice. Unless expressly otherwise agreed between the parties, every notice or response required by this Franchise to be served upon the City or the Grantee must be in writing, and will be deemed to have been duly given to the required party when placed in a properly sealed and correctly addressed envelope: a) upon receipt when hand delivered with receipt/acknowledgment, b) upon receipt when sent certified, registered mail.

The notices or responses to the City must be addressed as follows:

City of Harrisburg
City Administrator
P.O. Box 378

The Grantee's designated Contact Person is:
Alex Funderberg: 206-625-6152 6

The City and the Grantee may designate such other address or addresses from time to time by giving notice to the other in the manner provided for in this Section 8.3.

8.4 Descriptive Headings. The captions to sections contained in this Franchise are intended solely to facilitate the reading thereof. Such captions will not affect the meaning or interpretation of the text in this Franchise.

8.5 Severability. If any section, sentence, paragraph, term, or provision of this Franchise is determined to be illegal, invalid, or unconstitutional, by any court of competent jurisdiction or by any state or federal regulatory authority having jurisdiction over the issue, such determination will have no effect on the validity of any other section, sentence, paragraph, term or provision hereof, all of which will remain in full force and effect for the term of the Franchise.

8.6 Effective Date. Inasmuch as this ordinance is necessary for the immediate preservation of the peace, health and safety of the City of Harrisburg, Oregon, an emergency is hereby declared to exist and this ordinance and Franchise will be in full force and effective as of August 1, 2023, pursuant to the provisions of applicable law. This Franchise shall expire on July 31, 2026, unless extended automatically under the terms of this agreement or as otherwise set out in writing as a mutual agreement of the parties.

INTRODUCED AND ADOPTED by the City Council of the City of Harrisburg and signed by me in authentication of its passage on this 25th day of July, 2023.

Exhibit B

Memorandum of Understanding BNSF Railway Company – City of Harrisburg

Parties to the agreement are:

BNSF Railway Company ("BNSF"), a Delaware Corporation registered to do business in Oregon and the City of Harrisburg ("CITY"), an Oregon Municipal Corporation. Both organizations together, are identified in this memorandum as the "Parties."

Relationship:

By ordinance, the City granted BNSF a franchise to place railway facilities within City owned street right of way along Fourth Street. The franchise was scheduled to expire on June 30, 2022. The City informed BNSF it was not willing to enter into a new franchise because of the deteriorating condition of the right of way along Fourth Street. The City and BNSF have met a number of times to discuss and collaborate and are continuing to work toward a resolution that will allow repair of the street and a longer duration franchise. Based on this progress, the City extended the duration of the current franchise until midnight on June 30, 2023. The Parties have met most recently to discuss initial conceptual design proposals, and the requirements to involve the Oregon Department of Transportation – Rail Division, and to develop engineered plans for a functioning shared right of way that will serve passenger vehicles, public safety vehicles, pedestrians, and the railroad.

Purpose:

This memorandum provides a general statement of the next steps the Parties expect to take towards a new franchise agreement with a longer-term duration.

Once the MOU has been signed by both parties, the City will start work on a 3-year agreement, that will take into consideration the following:

1. During the 2023 calendar year, the Parties will refine the plans for the 4th Street Franchise area, which may require adjustments to City standards regarding driving lane widths, identification of crossings that will be closed, and discussion with the Fire District to address needs for emergency vehicles.
2. The Parties will meet with ODOT Rail as necessary to approve street crossings and closing crossings.
3. The Parties will share an engineering estimate of the costs for the project.
4. In concept the parties expect to pay for the work in the following manner:
 - a. The City will be responsible for paying for the work required to install curbs, gutters, and sidewalks along the frontage of property adjoining 4th Street for the length of the project.
 - b. BNSF will be responsible for paying for the work required to make any improvements to the railbed, install the curbs around the rail bed and pave from the curb around the railbed to the street curb and gutter, and install street crossings that meet ADA standards.
5. The Parties will collaborate on any grant applications as may be necessary or most advantageous for one or both Parties to fund all or part of the project.

Page 1 of 2
Memorandum of Understanding:
City of Harrisburg-*

6. The Parties anticipate that the project will take 3 years (including 1 year for final engineering/design, 1 year for construction and 1 year for contingency/delay).
7. The Parties anticipate that the City will grant a franchise for a three-year period to cover the time of construction, with the City granting a long-term franchise upon completion and acceptance of the project. The City will provide the initial franchise agreement language for review and the parties shall enter into the agreement no later than June 30, 2023. If additional time is needed for this collaboration, the parties could agree to extend the agreement for a shorter period, not to exceed an additional 90-days.
 - a. Both the three year and the long-term franchise are expected to include terms regarding on going communication and meetings.
 - b. The long-term franchise is expected to include terms assigning maintenance obligations between the parties balanced with the amount of the franchise fee.
 - c. Work on the project must be done in a way that reduces interference with neighboring property owners where possible.

Modification, Termination and other conditions

- Any modification to this memorandum must be approved by both Parties in writing.
- Either party may terminate its involvement at any time by providing a 30-day written notice to the other party.

This MOU becomes effective when signed by both Parties and will remain in effect until modified or terminated.
