5. Call to the Public

Martine Crane of Walnut Ridge subdivision came forward to follow up on the water rate increase that was notified to them in April 2026. He stated he was a new resident and stated he had some concerns based on discussions his Homeowner's Association (HOA) President had with Manager Luce. He went on to state that the water rate was a 320% increase that gave him some concern and he had four follow-ups regarding the increase. He cited Michigan Public Act 107 of 1941 that stated a Township can increase water rates for specific section of homes provided the increase is justified by the actual cost of providing the service. He stated the net cost can be raised specifically for the property owners in the designated system. He stated he was aware of the 851 homes that incurred this increase for the infrastructure changes but stated the power point presentation did not provide an outline or net cost for the infrastructure changes. He stated under the Headlee Amendment if these net costs were not clear it is interpreted as a disguised tax which residents need to be voting on. He also inquired as to why only 851 homes were targeted for these improvements for the next five years and not the rest of the 5321 Hartland Township homeowners. He was also concern with the proposed increases over the next five years which appear to him to be an amortization or note which would also violate Headlee. He also inquired as to why Walnut Ridge, which is only eight years old, is paying for new infrastructure so early in it's development. Supervisor Fountain stated we do not get into much discussion at Call to the Public but he has taken down notes on six items and that he, Manager Luce, or Public Works Director Scott Hable, are willing to meet with you to discuss a response. Supervisor Fountain did explain the dimensions of the Water System District, being relatively small, and that there are 851 users in the District, with the rest of the Township being on their own wells. Manager Luce provided his information to Mr. Crane to contact him to set up meeting to go over all of his concerns.

a. Comprehensive Development Plan 5 Year Review

Planning Director Troy Langer stated the Michigan Planning Enabling Act mandates that municipalities review their Comprehensive Development Plan every five years. He stated this went to the Planning Commission (PC) for review on October 8th and the PC recommended that no changes were necessary at this time. He stated our Comprehensive Plan is on our website should anyone wish to review it.

Move to determine that the five-year review of the Comprehensive Development Plan has been completed and that no amendments to the Plan are necessary at this time.
Motion made by Treasurer Horning, Seconded by Trustee Petrucci.
Voting Yea: Supervisor Fountain, Clerk Ciofu, Treasurer Horning, Trustee Lubeski, Trustee McMullen, Trustee Petrucci
Voting Nay: None
Abstaining: Trustee O'Connell (due to remote)

8. Board Reports
Trustee Lubeski - No report.
Trustee McMullen - Stated they are moving along with the Hartland Deerfield Fire Authority Building Committee reviews.
Trustee Petrucci - No report.
Clerk Ciofu - Stated we had a very successful election last night and everything went very well at the precincts. He stated we had to deliver the v-drives to the County as we had some difficulty with the transmission connections. He stated he did not have time to really research the results but that the overall County voter turnout was around 68% and we are usually slightly higher than the County so he thought we would be right around the 68% for voter turnout in Hartland Township. Trustee Petrucci inquired as to whether we had election inspectors in Hartland Township that lived in other municipalities and Clerk Ciofu responded that we had a few. Trustee Petrucci heard that one of these individuals reported that they wanted to continue working in Hartland as the process was very efficient and he thought this was a commendable comment from someone outside the community.
Treasurer Horning - Stated the Senior Center Advisory Committee met today and she was appointed Chair for the twelfth year as they like the way she oversees the meetings, getting them done quickly and orderly. She stated the Senior Center membership is at the highest level since before COVID and that half of the membership is from Hartland Township. She also stated the Senior Center is having

their largest fundraiser of the year which is their Annual Fall Show, a comedy written by Alice Andrews, and hoped our residents will support the Senior Center by attending. She will forward the specific time and dates to the Board.
Supervisor Fountain - Supervisor Fountain stated we had the Annual Veteran's Breakfast this morning and had a nice turnout and it is a pleasure meeting with our Veteran's.

[BRIEF RECESS]

9. Information / Discussion

a. Manager's Report

Manager Luce gave an update on conversation with Spalding DeDecker regarding the projects included in the first Water Bond installment of $4.5 million. He stated we have seen some changes in the Water Treatment Plant rehabilitation where we have done the filters and the media and now have the valves, and the SCADA system upgrades. He stated part of this rehabilitation is replacing the generator that runs the water system should the plant lose power. He stated we are seeing an increase of over $1.2 to $1.3 million for this project. Manager Luce stated we are meeting tomorrow to discuss whether we can move some projects around to make everything fit under the first $4.5 million bond. He stated we would not be able to get this project done timewise or within the limits of the bond proceeds and we are looking at the possibility of moving projects forward to replace this. We are considering completing the water line to the new tower, engineering of the new pressure reducing valve, and putting a deposit on the water tower itself. Manager Luce stated the National Fitness Campaign is looking to partner with the Township for fitness centers in the parks, and he displayed a rendering of a site from their brochure. He stated the grant would be from $50 to $80 thousand but there would still be a significant cost to the township. A brief discussion was held on the rendering, physical fitness locations in the parks, alternative of low maintenance sports courts, insurance aspects related to this, and fall risks. Manager Luce also asked the Board for potential projects in the parks and elsewhere as we develop the Capital Improvement Plan for next year's budget. Trustee Petrucci also reminded the Board that we need to consider future maintenance costs for Capital Improvement Projects. Supervisor Fountain inquired as to where the grant money comes from and Manager Luce stated it comes from Priority Health as a give back to communities to support physical activity. Manager Luce gave a brief overview of the HDFA Building Committee meeting stating we toured four fire stations and they have now defined the sizes of the specific areas, such as the apparatus bay, the kitchen, the turnout gear room, the restroom and locker rooms, etc.. They are putting this information together to go out for requests for proposals (RFP's) for an architect's cost for preparing a rendering of a new fire station. He stated the plan was to go out for RFP's at the beginning of December. Supervisor Fountain inquired as to when we would potentially put this out to the voters and Manager Luce stated in 2028

Hartland Township Board of Trustees Meeting Agenda Memorandum

Submitted By: Scott Hable, Director of Public Works

Subject: San Marino Road SAD - Resolution 2 / Public Hearing

Date: November 17, 2026

Recommended Action
(Conduct Public Hearing prior to resolution adoption)

Move to approve Resolution No. 2 - Approving Project and Special Assessment District (San Marino Subdivision Hartland Township) (2 of 4 meetings total) for the San Marino Road improvement special assessment district as presented.

Discussion

The residents of San Marino Subdivision approached the Township to explore the options of a special assessment to improve the existing conditions of their public roads in early 2025. If approved this will become a 2027 project.

The referenced lots and parcels of land have road frontage along Park Ridge Court, Deer View Court, Thorn Ridge Dr, Glen View Dr, Glen Haven Dr, Glen Cross Dr, Mist Field Ct, Mist Wood Dr, Woodmar Ct, West View Tr, South Ridge Dr, Thorn Ridge Dr, Clover Ridge Dr, Moonlight Dr, Glen Valley Dr, North Hills Ct, Starlight Ct and Woods Crossing Dr and S Hills Dr, public roads located within the San Marino development, petitioned the Township to undertake the project with an approximate 70% signature collection. The scope of work proposed includes road milling, limited drainage improvements, and repaving of all San Marino roads. The project scope does NOT include any formal drainage improvements; however, the road improvements will inherently improve overall drainage. The engineering construction estimates for the proposed improvements total $4,104,072 or approximately $11,895.86 per parcel. The costs for the project will be collected annually by the Township in the amount of $1,189.59 per parcel annually for ten (10) years, plus an interest rate to be determined. No penalties exist for pre-payment of early payoff.

Re: San Marino Subdivision - Petition for Road Improvements; Establishment of Special Assessment District and Notice of Public Hearing

Dear Hartland Township Resident:

Please find attached the Notice of Hearing scheduled for **November 17, 2026 at 7:00** pm at the **Hartland Township Hall located at 2655 Clark Road, Hartland, MI 48353** in connection with road improvements to the roads located within the San Marino subdivision. You are receiving this Notice because your property is within the proposed San Marino Road Improvements Special Assessment District No. 1 and will be served by the road improvements.

This is the first of two public hearings in accordance with Act 188 of the Public Acts of Michigan of 1954 ("Act 188"). Pursuant to Act 188, the Township received a petition from landowners within the San Marino subdivision requesting improvements to the roads, and further, requesting a special assessment district be established to pay the costs of the road project. The first hearing is for the purpose of considering landowner objections to the Petition, the proposed improvements and establishment of the special assessment district. Following the hearing, should the Township board determine the sufficiency of the petition, the proposed road improvements and the special assessment district, a second public hearing will be scheduled to approve the special assessments and special assessment roll.

As a property owner, you have the right to present objections and contest the sufficiency of the petition, the improvements and/or the establishment of the San Marino Road Improvements Special Assessment District No. 1. If the Township determines the sufficiency of the Petition and proceeds with the Improvements and special assessment district, the sufficiency of the Petition is not subject to attack except in an action brought in a court of competent jurisdiction within 30 days after the adoption of the resolution determining the sufficiency of the petition. (MCL 41.725(1)(c)).

Additional information, including preliminary plans and estimate of costs of the road improvements, are on file with the Township Clerk for public examination.

Sincerely,

Mike Luce
Hartland Township Manager
