### **Public Comment**

Ron Furtick, 1500 Turbeville Road, stated historically, over the last decade or two, the town administration has been hostile to his business interests. He believes the goal of the current administration is to put his trailer park out of business, destroying any future retirement income. The existence of the park has allowed the Town's economic development to proceed at its pace. If the park didn't exist, the land would have been used by single family developers years ago. The way he looks at it, the little trailer park has saved the Town's future. Unfortunately, the town administration does not recognize this and continues to treat the park, him and his wife with disrespect and contempt. When you're planning on making a hugely controversial decision, it's always a good idea to have a good look at it.

Hypothetically if the town wins big, beating him down badly, breaking his will to continue, he will be forced to close the park telling tenants they have a short period of time to leave, removing the infrastructure that has been installed the last thirty years and return the property to agricultural uses. He would be forced to litigate the issue because of the Town's success in using harassment to eliminate retirement income. The retirement income destroyed would be the value of the damages. He would like to extend his hand in friendship to work out the differences and begin working together towards the creation of a downtown, but his guess is the Town would slap his hand away. He plans to hire a top notch legal firm and sue the Town. He would place the property in a trust for his grandchildren. He would suggest the grandchildren deannex the property to give them the opportunity to develop a downtown that the administration has always denied him of which would delay the economic development for the town by decades.

Gloria Homans, 1500 Turbeville Road, stated she truly does not know what to think when she sees a discussion of litigation and the intent to sue involving her property. Does the Town want to put her and Ron out of business, making their tenants homeless? The tenants are fragile. They have refused to sell to developers that only want to build apartments. If they were greedy or didn't care they would have pocketed the money and followed other business adventures. Several years ago, they were going to sell the property to developers that wanted to build a downtown, but it never took off. It is her understanding that the citizenry of Hickory Creek does not want more apartments. She and Ron care about the Town, the citizens and their tenants. They believe, without sales tax revenue, property taxes will increase. She spoke with Chris Chaudoir regarding the letters and citations they are receiving almost daily for trash and filth as noted on the citations. The trash and rubbish that can be seen from the hole in the fence owned by the Town are wooden branches from trees cut up and placed on wood pallets due to storm damage. She would like to understand the purpose and the intent. She believes in kindness and fairness. With mutual cooperation, there can be success.

### **Public Comment**

Ron Furtick, 1500 Turbeville Road, stated the Town Council has him in executive session again to talk about suing him. He had what he thought was a great meeting with John Smith and Randy Gibbons. They talked about the future, widening the road and zoning. He has been trying to get zoning for 15 years. He walked away from the meeting thinking progress was made. He received a letter today stating the Town is accelerating the septic issue. From his perspective, the tickets he is receiving from the Town on a weekly basis, is to put him out of business. He wants to install sewer on the property and has had an engineer working on a sewer line design for the last six months. The design has been submitted to Lake Cities Municipal Utility Authority. He is unable to put the project out to bid until he has a final set of plans and then construction could take six to eight months. Nothing was ever done with the zoning, so he has not attended trade shows or contacted developers in the last seven years. He was excited to get started again to help the Town by sitting down to discuss the future and negotiate easements to widened the road. The Town Council needs to make a decision to either work together or beat on him and put him out of business.

STATE OF TEXAS §

COUNTY OF TRAVIS §

# AGREEMENT FOR THE TEMPORARY CLOSURE OF STATE RIGHT OF WAY

**THIS AGREEMENT** is made by and between the State of Texas, acting by and through the Texas Department of Transportation, hereinafter called the "State," and the Town of Hickory Creek, a municipal corporation, acting by and through its duly authorized officers, hereinafter called the "local government."

### WITNESSETH

**WHEREAS**, the State owns and operates a system of highways for public use and benefit, including the DCTA A-Train Rail Trail, in Denton, County; and

**WHEREAS**, the local government has requested the temporary closure of the DCTA A-Train Rail Trail for the purpose of rideATAXIA on November 2<sup>nd</sup> from 9:00AM – 12:30PM from Railroad Park in Lewisville to Arrowhead Park in Hickory Creek as described in the attached "Exhibit A," hereinafter identified as the "Event;" and

WHEREAS, the Event will be located within the local government's incorporated area; and

**WHEREAS**, the State, in recognition of the public purpose of the Event, wishes to cooperate with the Local Government so long as the safety and convenience of the traveling public is ensured and that the closure of the State's right of way will be performed within the State's requirements; and

**WHEREAS**, on the 16th day of September, 2024, the Local Government's Town Council passed Resolution No.\_\_\_\_\_\_, attached hereto and identified as "Exhibit B," establishing that the Event serves a public purpose and authorizing the local government to enter into this agreement with the State; and

**WHEREAS**, 43 TAC, Section 22.12 establishes the rules and procedures for the temporary closure of a segment of the State highway system; and

**WHEREAS**, this agreement has been developed in accordance with the rules and procedures of 43 TAC, Section 22.12;

**NOW, THEREFORE**, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, it is agreed as follows:

### AGREEMENT

### Article 1. CONTRACT PERIOD

This agreement becomes effective upon final execution by the State and shall terminate upon completion of the Event or unless terminated or modified as hereinafter provided.

### Article 2. EVENT DESCRIPTION

The physical description of the limits of the Event, including county names and highway numbers, the number of lanes the highway has and the number of lanes to be used, the proposed schedule of start and stop times and dates at each location, a brief description of the proposed activities involved, approximate number of people attending the Event, the number and types of animals and equipment, planned physical modifications of any manmade or natural features in or adjacent to the right of way involved shall be attached hereto along with a location map and identified as "Exhibit C."

### Article 3. OPERATIONS OF THE EVENT

- **A.** The local government shall assume all costs for the operations associated with the Event, to include but not limited to, plan development, materials, labor, public notification, providing protective barriers and barricades, protection of highway traffic and highway facilities, and all traffic control and temporary signing.
- **B.** The local government shall submit to the State for review and approval the construction plans, if construction or modifications to the State's right of way is required, the traffic control and signing plans, traffic enforcement plans, and all other plans deemed necessary by the State. The State may require that any traffic control plans of sufficient complexity be signed, sealed and dated by a registered professional engineer. The traffic control plan shall be in accordance with the latest edition of the Texas Manual on Uniform Traffic Control Devices. All temporary traffic control devices used on state highway right of way must be included in the State's Compliant Work Zone Traffic Control Devices List. The State reserves the right to inspect the implementation of the traffic control plan and if it is found to be inadequate, the local government will bring the traffic control into compliance with the originally submitted plan, upon written notice from the State noting the required changes, prior to the event. The State may request changes to the traffic control plan in order to ensure public safety due to changing or unforeseen circumstances regarding the closure.
- **C**. The local government will ensure that the appropriate law enforcement agency has reviewed the traffic control for the closures and that the agency has deemed them to be adequate. If the law enforcement agency is unsure as to the adequacy of the traffic control, it will contact the State for consultation no less than 10 workdays prior to the closure.
- **D**. The local government will complete all revisions to the traffic control plan as requested by the State within the required timeframe or that the agreement will be terminated upon written notice from the State to the local government. The local government hereby agrees that any failure to cooperate with the State may constitute reckless endangerment of the public and that the Texas Department of Public Safety may be notified of the situation as soon as possible for the appropriate action, and failing to follow the traffic control plan or State instructions may result in a denial of future use of the right of way for three years.
- **E.** The local government will not initiate closure prior to 24 hours before the scheduled Event and all barriers and barricades will be removed and the highway reopened to traffic within 24 hours after the completion of the Event.
- **F.** The local government will provide adequate enforcement personnel to prevent vehicles from stopping and parking along the main lanes of highway right of way and otherwise prevent interference with the main lane traffic by both vehicles and pedestrians. The local government will prepare a traffic enforcement plan, to be approved by the State in writing at least 48 hours prior to the scheduled Event. Additionally, the local government shall provide to the State a letter of certification from the law enforcement agency that will be providing traffic control for the Event, certifying that they agree with the enforcement plan and will be able to meet its requirements.

- **G.** The local government hereby assures the State that there will be appropriate passage allowance for emergency vehicle travel and adequate access for abutting property owners during construction and closure of the highway facility. These allowances and accesses will be included in the local government's traffic control plan.
- **H.** The local government will avoid or minimize damage, and will, at its own expense, restore or repair damage occurring outside the State's right of way and restore or repair the State's right of way, including, but not limited to, roadway and drainage structures, signs, overhead signs, pavement markings, traffic signals, power poles and pavement, etc. to a condition equal to that existing before the closure, and, to the extent practicable, restore the natural and cultural environment in accordance with federal and state law, including landscape and historical features.

### Article 4. OWNERSHIP OF DOCUMENTS

Upon completion or termination of this agreement, all documents prepared by the local government will remain the property of the local government. All data prepared under this agreement shall be made available to the State without restriction or limitation on their further use. At the request of the State, the Local Government shall submit any information required by the State in the format directed by the State.

### Article 5. TERMINATION

- **A.** This agreement may be terminated by any of the following conditions:
  - (1) By mutual written agreement and consent of both parties.
  - (2) By the State upon determination that use of the State's right of way is not feasible or is not in the best interest of the State and the traveling public.
  - (3) By either party, upon the failure of the other party to fulfill the obligations as set forth herein.
  - (4) By satisfactory completion of all services and obligations as set forth herein.
- **B.** The termination of this agreement shall extinguish all rights, duties, obligations, and liabilities of the State and local government under this agreement. If the potential termination of this agreement is due to the failure of the local government to fulfill its contractual obligations as set forth herein, the State will notify the local government that possible breach of contract has occurred. The local government must remedy the breach as outlined by the State within ten (10) days from receipt of the State's notification. In the event the local government does not remedy the breach to the satisfaction of the State, the local government shall be liable to the State for the costs of remedying the breach and any additional costs occasioned by the State.

### Article 6. Reserved

### Article 7. RESPONSIBILITIES OF THE PARTIES

The State and the Local Government agree that neither party is an agent, servant, or employee of the other party and each party agrees it is responsible for its individual acts and deeds as well as the acts and deeds of its contractors, employees, representatives, and agents.

### Article 8. INSURANCE

**A.** Prior to beginning any work upon the State's right of way, the local government and/or its contractors shall furnish to the State a completed "Certificate of Insurance" (TxDOT Form 1560, latest edition) and shall maintain the insurance in full force and effect during the period that the local government and/or its contractors are encroaching upon the State right of way. **B.** In the event the local government is a self-insured entity, the local government shall provide the State proof of its self-insurance. The local government agrees to pay any and all claims and damages that may occur during the period of this closing of the highway in accordance with the terms of this agreement.

### Article 9. AMENDMENTS

Any changes in the time frame, character, agreement provisions or obligations of the parties hereto shall be enacted by written amendment executed by both the local government and the State.

### Article 10. COMPLIANCE WITH LAWS
