### 13. ADJOURNMENT

NOTE: Any person, firm or corporation decides to appeal any decision made by the Town Commission with respect to any matter considered at this meeting, such person will need to ensure that a verbatim record including testimony and evidence upon which the appeal is to be based. (State Law requires the above Notice. Any person desiring a verbatim transcript shall have the responsibility, at his/her own cost, to arrange for the transcript.) The Town neither provides nor prepares such a record.

In accordance with the Americans with Disabilities Act, persons who need accommodation in order to attend or participate in this meeting should contact Town Hall 561-278-4548 within a reasonable time prior to this meeting in order to request such assistance.

### File Attachments for Item:

### C. Resolution No. 2023-014

A Resolution of the Town Commission of the Town of Highland Beach, Florida, setting the proposed not to exceed millage rate pursuant to Section 200.065(2)(B), Florida Statutes, and setting the date, time and place at which a public hearing will be held to consider the proposed millage rate and tentative budget.

### **RESOLUTION NO. 23-014**

A RESOLUTION OF THE TOWN COMMISSION OF THE TOWN OF HIGHLAND BEACH, FLORIDA, SETTING THE PROPOSED NOT TO EXCEED MILLAGE RATE PURSUANT TO SECTION 200.065(2)(B), FLORIDA STATUTES, AND SETTING THE DATE, TIME AND PLACE AT WHICH A PUBLIC HEARING WILL BE HELD TO CONSIDER THE PROPOSED MILLAGE RATE AND TENTATIVE BUDGET.

**WHEREAS,** Section 200.065, Florida Statutes, commonly known as the "Truth in Millage" Bill or the "TRIM" Bill, provides that each taxing authority shall advise the Property Appraiser of its proposed millage rate, of its current rolled back rate, and of the date, time, and place at which a public hearing will be held to consider the proposed millage rate and tentative budget.

## NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COMMISSION OF THE TOWN OF HIGHLAND BEACH, FLORIDA, THAT:

**Section 1.** That the foregoing "WHEREAS" clause is ratified and confirmed as being true and correct and is incorporated in this Resolution.

<u>Section 2.</u> That the proposed not to exceed tax millage rate of the Town of Highland Beach for Fiscal Year 2024 shall be:

Operating Millage: 3.4182
Debt Service Millage: 0.1693

Total Proposed not to

exceed Millage Rate: 3.5875

Section 3. That the Operating Millage roll-back rate for Fiscal Year 2024 is 2.8652 mills. As defined in Section 200.065, Florida Statutes, the "rolled-back rate" is that certain millage rate which, exclusive of: new construction, additions to structures, deletions, increases in the value of improvements that have undergone a substantial rehabilitation which increased the assessed value of such improvements by at least 100 percent, property added due to geographic boundary changes, total taxable value of tangible personal property within the jurisdiction in excess of 115 percent of the previous year's total taxable value, and any dedicated incremental value, will provide the same ad valorem revenue as was levied during the prior year less the amount, if any, paid or applied as a consequence of obligation measured by the dedicated incremental value.

**Section 4**. That the date, time, and place of the public hearing to consider the above proposed not to exceed millage rate and tentative budget shall be as follows:

Date of the First Hearing: Tuesday, September 05, 2023

Time of Hearing: 5:01 P.M.

Place: Highland Beach Library

Library Community Room 3618 South Ocean Boulevard Highland Beach, Florida 33487

**Section 5.** That this Resolution shall be in full force and effect immediately upon passage and adoption.

**DONE AND ADOPTED** by the Town Commission of the Town of Highland Beach, Florida, this **18**<sup>th</sup> day of **JULY** 2023.

Ordinance No. 2023-001, Legal Advertisement Affidavit, June 20, 2023 Agenda Memorandum, and Proposed Ordinance

### **RECOMMENDATION:**

Adopt Ordinance No. 2023-001 on second/final reading.

### TOWN OF HIGHLAND BEACH ORDINANCE NO. 2023-001

AN ORDINANCE OF THE TOWN COMMISSION OF THE TOWN OF HIGHLAND BEACH, FLORIDA, **AMENDING** ARTICLE "TECHNICAL CODES," OF CHAPTER "BUILDINGS AND 6, STRUCTURES,"  $\mathbf{BY}$ AMENDING **SECTION** 6-20, "PROPERTY MAINTENANCE CODE," TO ADOPT THE MOST RECENT EDITION OF THE INTERNATIONAL PROPERTY MAINTENANCE CODE; PROVIDING FOR THE REPEAL OF ALL ORDINANCES IN CONFLICT; PROVIDING FOR SEVERABILITY AND CODIFICATION; AND PROVIDING FOR AN EFFECTIVE DATE.

**WHEREAS**, the Town of Highland Beach, Florida (the "Town"), is a duly constituted municipality having such power and authority conferred upon it by the Florida Constitution and Chapter 166, Florida Statutes; and

**WHEREAS**, Section 6-29 of the Town Code adopts the 2012 edition of the International Property Maintenance Code as the property maintenance code for the Town of Highland Beach; and

**WHEREAS**, the Town Council wishes to amend Section 6-29 to adopt the most recent edition of the International Property Maintenance Code and to complete blanks within the Code for enforcement by the Town; and

**WHEREAS,** the Town Commission determines that the adoption of this Ordinance serves a public purpose and is in the best interest of the public health, safety and welfare of the Town of Highland Beach.

# NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COMMISSION OF THE TOWN OF HIGHLAND BEACH, FLORIDA, AS FOLLOWS:

**Section 1**. The foregoing facts and recitations contained in the preamble to this Ordinance are hereby adopted and incorporated by reference as if fully set forth herein.

**Section 2.** The Town of Highland Beach hereby amends Article II, "Technical Codes," of Chapter 6, "Buildings and Structures," by amending Section 6-29 to read as follows (additional language <u>underlined</u> and deleted language <u>stricken through</u>):

### Sec. 6-29. Property maintenance code.

(a) The International Property Maintenance Code, 2012 2021 edition, published by the International Code Council, is hereby adopted as the property maintenance code for the town and incorporated herein by

reference. For the purpose of applying this Code to properties within the town, the following provisions shall apply:

- (1) Section 103.1 is amended to provide for enforcement by the Town's Code Compliance Department.
- (2) Section 302.4 is amended to provide that all premises and exterior property shall be maintained free from weeds or plant growth in excess of twelve (12) inches.
- (3) Section 304.14 is amended to require insect screens, where required, year-round.
- (4) Section 602.3 is amended to require heat during the period from November 1 to April 30 to maintain a minimum temperature of 68° F (20°C) in all habitable rooms.
- (5) Section 602.4 is amended to require that indoor occupiable work spaces be supplied with heat during the period from November 1 to April 30 to maintain a minimum temperature of 65°F (18°C) during the period the spaces are occupied.

<u>Section 3.</u> <u>Severability</u>. The provisions of this Ordinance are declared to be severable and if any section, sentence, clause or phrase of this Ordinance shall for any reason be held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining sections, sentences, clauses, and phrases of this Ordinance but they shall remain in effect, it being the legislative intent that this Ordinance shall stand notwithstanding the invalidity of any part.

<u>Section 4.</u> <u>Repeal of Laws in Conflict.</u> All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

**Section 5. Codification.** Section 2 of the Ordinance shall be made a part of the Town Code of Ordinance and may be re-numbered or re-lettered to accomplish such.

<u>Section 6</u>. <u>Effective Date</u>. This Ordinance shall become effective immediately upon adoption.

The foregoing Ordinance was moved by <u>Commissioner Evalyn David</u>, seconded by <u>Vice Mayor David Stern</u> and upon being put to the vote, the vote was as follows:

### TOWN OF HIGHLAND BEACH NOTICE OF PUBLIC HEARING

YOU ARE HEREBY NOTIFIED that the Town Commission of the Town of Highland Beach will conduct a Public Hearing on Tuesday, July 18, 2023 at 1:30 PM in the Highland Beach Library Community Room at 3618 South Ocean Boulevard, Highland Beach, Florida to consider the following proposed ordinance:

#### ORDINANCE NO. 2023-001

AN ORDINANCE OF THE TOWN COMMISSION OF THE TOWN OF HIGHLAND BEACH, FLORIDA, AMENDING ARTICLE II, "TECHNICAL CODES," OF CHAPTER 6, "BUILDINGS AND STRUCTURES," BY AMENDING SECTION 6-20, "PROPERTY MAINTENANCE CODE," TO ADOPT THE MOST RECENT EDITION OF THE INTERNATIONAL PROPERTY MAINTENANCE CODE; PROVIDING FOR THE REPEAL OF ALL ORDINANCES IN CONFLICT; PROVIDING FOR SEVERABILITY AND CODIFICATION; AND PROVIDING FOR AN EFFECTIVE DATE.

A copy of the ordinance will be available for inspection in the Town Clerk's Office, Monday through Friday, during normal business hours 8:30 A.M. to 4:30 P.M. and on the Town's webpage at https://mmportal6.teammunicode.com/ no later than Friday, March 03, 2023.

Any person that decides to appeal any decision made by the Planning Board with respect to any matter considered at this meeting, such person will need to ensure that a verbatim record of the proceeding is made, which includes the testimony and evidence upon which the appeal is based. The Town of Highland Beach does not provide such a record.

In accordance with the Americans with Disabilities Act, persons who need special accommodation to attend or participate in this meeting should contact the Town Clerk's Office at (561) 278-4548 at least 48 hours prior to the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service at 1-800-955-8770 or 1-800-955-8771.

For additional information, please contact the Town of Highland Beach at (561) 278-4540.

B. Introduction of Fire Prevention Code Proposed Ordinance

An Ordinance of the Town Commission of the Town of Highland Beach, Florida, adopting the current edition of the Florida Fire Prevention Code and providing for local amendments; providing for the repeal of all ordinances in conflict; providing for severability and providing for an effective date.

# TOWN OF HIGHLAND BEACH AGENDA MEMORANDUM

**MEETING TYPE:** Town Commission Meeting

**MEETING DATE** July 18, 2023

**SUBMITTED BY:** Matt Welhaf, Assistant Fire Chief

**SUBJECT:** AN ORDINANCE OF THE TOWN OF HIGHLAND BEACH, FLORIDA,

ADOPTING THE CURRENT EDITION OF THE FLORIDA FIRE PREVENTION CODE AND PROVIDING FOR LOCAL AMENDMENTS; PROVIDING FOR THE REPEAL OF ALL ORDINANCES IN CONFLICT; PROVIDING FOR SEVERABILITY AND CODIFICATION; AND

PROVIDING FOR AN EFFECTIVE DATE.

### SUMMARY:

The Town is in the process of adopting an update to our local fire prevention ordinance. Pursuant to Chapter 633, Florida Statutes, every three years the State Fire Marshal adopts an updated Florida Fire Prevention Code, which establishes the statewide minimum fire safety code and incorporates Florida editions of the National Fire Protection Association's Fire Code (NFPA 1 Fire Code) and Life Safety Code (NFPA 101 Life Safety Code).

The Florida Fire Prevention Code adopted by the State Fire Marshal shall be deemed adopted by, and shall be enforced by, local governments with fire safety responsibilities as the minimum fire safety code. Local governments are authorized to adopt more stringent local amendments to the Florida Fire Prevention Code, which strengthen the requirements of the minimum fire safety code.

Attached are the proposed local amendments for the Town of Highland Beach to the Florida Fire Prevention Code, which were prepared by Town Staff and the Fire Marshal.

The ordinance is before the Commission for introduction and discussion. The first reading is scheduled for August 1<sup>st</sup>, 2023. Based upon approval of the first reading, the ordinance will then be advertised in accordance with Florida statutes and presented to the Commission for second read/final adoption on August 15<sup>th</sup>, 2023.

FISCAL IMPACT:	
N/A	

### **ATTACHMENTS:**

### Proposed Ordinance

Town of Highland Beach Local Amendments to the Florida Fire Prevention Code

### **RECOMMENDATION:**

Commission discussion.

### TOWN OF HIGHLAND BEACH PROPOSED ORDINANCE

AN ORDINANCE OF THE TOWN OF HIGHLAND BEACH, FLORIDA, REPEALING CHAPTER 9, "FIRE PREVENTION AND PROTECTION," OF THE TOWN CODE OF ORDINANCES IN ITS ENTIRETY AND SIMULTANEOUSLY ADOPTING A NEW CHAPTER 9 TO REFERENCE THE CURRENT EDITION OF THE FLORIDA FIRE PREVENTION CODE AND ADOPT LOCAL AMENDMENTS THERETO; REPEALING SECTION 35-11, "FLORIDA FIRE PREVENTION CODE," OF THE TOWN CODE OF ORDINANCES; PROVIDING FOR THE REPEAL OF ALL ORDINANCES IN CONFLICT; PROVIDING FOR SEVERABILITY AND CODIFICATION; AND PROVIDING FOR AN EFFECTIVE DATE.

**WHEREAS**, the Town of Highland Beach, Florida (the "Town"), is a duly constituted municipality having such power and authority conferred upon it by the Florida Constitution and Chapter 166, Florida Statutes; and

WHEREAS, the Town is in the process of establishing a Fire Rescue Department responsible for overseeing and enforcing the Florida Fire Prevention Code within the Town; and

WHEREAS, pursuant to Chapter 633, Florida Statutes, every three years the State Fire Marshall adopts an updated Florida Fire Prevention Code, which establishes the statewide minimum fire safety code and incorporates Florida editions of the National Fire Protection Association's Fire Code (NFPA 1 Fire Code) and Life Safety Code (NFPA 101 Life Safety Code); and

**WHEREAS**, Chapter 633, Florida Statutes, provides that the updated Florida Fire Prevention Code adopted by the State Fire Marshall shall be deemed adopted by, and shall be enforced by, local governments with fire safety responsibilities as the minimum fire safety code; and

**WHEREAS**, Chapter 633, Florida Statutes authorizes local governments to adopt more stringent local amendments to the Florida Fire Prevention Code which strengthen the requirements of the minimum fire safety code; and

WHEREAS, Town Staff and the Town's Fire Marshal have recommended that the Town adopt the most recent version of the Florida Fire Prevention Code and local amendments to the

Code, and the Town Commission determines that such local amendments are more stringent than and strengthen the minimum fire safety code and that the adoption of such amendments serves a public purpose and is in the best interest of the public health, safety, and welfare of the Town of Highland Beach.

# NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COMMISSION OF THE TOWN OF HIGHLAND BEACH, FLORIDA, AS FOLLOWS:

**Section 1.** The foregoing facts and recitations contained in the preamble to this Ordinance are hereby adopted and incorporated by reference as if fully set forth herein.

<u>Section 2.</u> The Town Commission hereby repeals Chapter 9, "Fire Prevention and Protection," of the Town Code of Ordinances in its entirety and simultaneously adopts a new Chapter 9 to read as follows:

### ARTICLE I. CODES AND STANDARDS

### Sec. 9-1. Codes and Standards—Adopted.

- (1) The town adopts by reference and incorporates into this code as though fully set out herein, that certain code known as the Florida Fire Prevention Code (8th edition) ("FFPC"), except as provided in this chapter.
- (2) The town adopts by reference and incorporates into this code, as though fully set out herein, those additional specific standards and codes published by the National Fire Protection Agency ("NFPA") and set forth below:

### Sec. 9-2. Inspections, Testing, and Maintenance.

The town hereby adopts the following local amendments to the FFPC:

(1) All systems, equipment, tanks, piping, devices, appliances, controls, or storage facilities over which the code contains regulatory provisions, or which are required by any other law shall always be maintained in a working, compliant condition.

- (2) All fire sprinklers, standpipe, fire pump, and all other fire suppression systems shall be maintained under a written service contract with service companies licensed by the State of Florida to provide such services. Regular inspection, maintenance, and testing of these required systems shall be completed in accordance with the applicable standards specified under the FFPC, NFPA 1, NFPA 13, 13D, 13R, NFPA 14, NFPA 17, NFPA 17A. NFPA 20, NFPA 24, NFPA 25, NFPA 33, NFPA 90A and 90B, NFPA 91, NFPA 92, NFPA 92A and 92B, NFPA 96, and NFPA 2001, and all state laws and local ordinances. All reports related to fire protection system inspection, testing, and maintenance shall be reported to the fire rescue department, through an internet-based fire inspection reporting system approved by the town. Any report not submitted through the town's internet reporting system will not be accepted.
- (3) The service company performing the inspections, maintenance and tests referred to in subsection (2) above shall forward all reports to the fire rescue department detailing:
  - (a) The nature of any deficiencies and/or impairments identified and the repairs, modifications and/or corrections completed by the service company;
  - (b) The date and time of all inspections, maintenance, tests, and repairs; and
  - (c) Any other information that may be requested or required by the town's fire rescue services department.
- (4) A copy of all required inspection and deficiency reports shall be provided to the building representative and kept in the fire command room, fire protection closet (if provided), or at a designated location approved by the fire marshal. The reports shall be available at all times to fire rescue personnel.

### ARTICLE II. HAZARDOUS MATERIALS.

### Sec. 9-3. Response to discharges of hazardous substances—Response costs.

- (1) For the purpose of this section, the following words and phrases shall have the meanings given herein:
  - (a) Discharge shall mean any intentional or unintentional action or omission resulting in the releasing, spilling, pumping, pouring, emitting, emptying, or dumping of a hazardous substance upon public or private property located within the corporate limits of the town.

- (b) Hazardous substances shall mean any substances or materials in a quantity or form which, in the determination of the town, poses an unreasonable and imminent risk to the life, health, safety, or welfare of persons or property within the town, or poses a risk of harm to the environment, and shall include but not be limited to those substances listed in the National Fire Protection Association Guide on Hazardous Materials, the Environmental Protection Agency's list of extremely hazardous substances (40 C.F.R. § 335 Appx. A), or the Florida Substance List promulgated by the Florida Department of Economic Opportunity.
- (c) Response actions shall mean any activity which is carried out in response to any discharge or potential discharge of a hazardous substance, including:
  - 1. Actions necessary for the cleanup or removal of discharged hazardous substances from the environment:
  - 2. Actions necessary to reduce and/or eliminate the threat of discharge of hazardous substances into the environment:
  - 3. Actions necessary to investigate, monitor, assess, and evaluate the discharge or potential discharge of hazardous substances;
  - 4. Actions necessary for the disposal of removed material; and
  - 5. Actions necessary to prevent, minimize, or mitigate damage to the public health, safety, or welfare or to the environment, which may otherwise result from a discharge or threatened discharge. Response actions also include the provision of security fencing or other means to limit access, the provision of alternative water supplies, temporary evacuation of potential individuals, and restoration of the site to pre-discharge conditions.
- (d) Response costs shall mean any costs incurred in undertaking response actions. Response costs shall not include costs incurred for actual fire suppression services which are regularly provided by the town or its authorized agents, except where a fire is caused or exacerbated by discharge of hazardous materials.
- (2) The town is hereby authorized to undertake response actions in the event of discharges or potential discharges of hazardous substances upon or into public or private property or facilities located within the corporate limits of the town.
- (3) When engaging in a response action caused by the unauthorized discharge or potential discharge of hazardous substances, the town shall keep a detailed record of the response costs.

- (4) Any person or entity responsible for causing or allowing an unauthorized discharge or potential discharge of hazardous substances that requires response actions by the town or its authorized agents shall reimburse the town for the full cost of all response actions. Reimbursement shall be made within thirty (30) days after receipt of an itemized bill for response costs from the town.
- (6) Any person or entity responsible for causing or allowing an unauthorized discharge or potential discharge of hazardous substances that results in the town incurring response costs and who fails to reimburse the town for such response costs within the time set forth herein shall be subject to a late fee in the amount of ten percent (10%) of the total amount of the response costs after thirty (30) days. Thereafter, the late fee assessed on the unpaid balance shall be increased by two percent (2%) for each additional thirty (30) day period until the full amount, including any applicable late fee, is paid.
- (7) The remedy provided for in this section shall be supplemental to and in addition to all other available remedies at law or in equity.

### **ARTICLE III. GENERAL PROVISIONS**

### Sec. 9-4. Burning permit.

It shall be unlawful for anyone to set a fire on any lot, street, alley or other public or private place within the corporate limits of the town without first obtaining a permit to do so from the fire rescue department and paying all fees specified in the town's municipal facilities and services user fee schedule. The application shall be obtained from the department, and it shall be reviewed for approval or rejection by the chief of the department or his/her designee. Approved permits may be revoked by the department at any time if it is deemed by the department, in its sole discretion, that changes in weather or other circumstances render the fire a hazard or dangerous to the public in any manner.

### Sec. 9-5. Illegal storage.

A determination that storage is illegal or in violation of this or other NFPA code(s) shall be at the discretion of the fire chief or his/her designee. Illegal storage, for the purpose of this section, includes any material stored in an electrical room, in front of major electrical panels, fire pump rooms, fire command rooms (other than what is permitted by the Florida

Building Code and the FFPC), fire protection closet, and similar areas. Such areas shall be provided with signs indicating "No Storage."

#### Sec. 9-6. Premises identification.

All new and existing buildings shall include signage that identifies the building address. All such signs shall be permanent and shall meet the requirements NFPA 1. All such signage shall be placed on buildings in such a manner that their address numbers are plainly legible and visible from the road or street fronting the property.

### Sec. 9-7. Unit and Suite Identification.

All apartment units, condominium units, and business suites located in buildings, regardless of occupancy type, shall include signage that identifies their number (or any other identifying designation). All such signs shall be permanent and shall meet the requirements NFPA 1. Units shall be distinguished and identified using numbers or letters, or a combination thereof, in sequence. Proposed numbering or lettering schemes shall be subject to review and approval by the fire chief or his/her designee. Identification signs shall be located on the door of the unit, or the wall adjacent to the unit, such that it is visible and legible to approaching fire rescue personnel. Signs located on a fire rated door or fire rated wall shall not compromise the rating of the door or wall and shall not conflict with manufacturers recommendations.

### Sec. 9-8 Directional/Wayfinding Signs.

Approved directional signs shall be provided in corridors and other areas of the building, as required to assist fire rescue service personnel. The location of directional signs shall be at the discretion of the fire chief or his/her designee.

### Sec. 9-9 thru 9-25 - Reserved.

### Sec. 9-26. Fire lanes on private property.

(1) For the purpose of this chapter, a "fire lane" shall mean a space sufficient in width and length to permit the parking of fire trucks and other firefighting apparatus and located nearest to, or at the best location to permit firefighting operations for, a building or structure.

- (2) Fire lanes shall be established and maintained on private property where the public has the right to travel by motor vehicle and where the public is permitted by invitation or by license to travel by motor vehicle, to the extent that any such fire lane is necessary for the department to access buildings by fire trucks or other firefighting apparatus, as more specifically provided in FFPC, NFPA 1, Chapter 18. "Private property where the public has the right to travel by motor vehicle and where the public is permitted by invitation or by license to travel by motor vehicle" shall mean all parking lots, shopping plazas, and shopping centers, as well as all commercial, industrial, single family, and multi-family residential areas.
- (3) After notification by the fire rescue department to establish fire lanes on a particular property, the owner or person in possession and control of the property shall submit a site plan for the fire lanes on the property to the fire department for review and approval of the design and location of the fire lanes. The site plan shall be drawn to scale and shall show all related buildings, driveways, streets, and other information necessary to evaluate the sufficiency of the fire lanes.
- (4) Approval of fire lanes by the fire rescue department shall constitute authorization for the person owning, or in possession and control of, any such property to install required official signs and necessary pavement markings prohibiting the stopping, standing, or parking of motor vehicles within the fire lanes, and the posting of the fire lanes as tow-away zones. Such signs and necessary pavement marking and striping shall be furnished and installed by the owner or person in possession and control of the property at their own cost. The owner or person in possession and control of the property shall thereafter be responsible for the maintenance of the signs, markings, and striping of the required fire lanes.
- (5) All fire lane signs required by and installed pursuant to this section shall have red lettering, not less than two inches (2") or more than three inches (3") in height, on a white background. Each sign shall be twelve inches (12") wide by eighteen inches (18") in height and shall be consistent with the manual on uniform traffic control devices of the state department of transportation and Chapter 18 of NFPA 1, 8th edition).

### Sec. 9-27. Use of outdoor cooking appliances.

- (1) This section shall apply to all buildings and structures, except two-family dwellings of one-story design, and single-family dwellings. This section shall not apply to commercial cooking appliances.
- (2) For the purpose of this section, an outdoor cooking appliance shall mean any portable and non-portable cooking appliance, grill, stove, or smoker, fueled, or powered by electricity, wood, charcoal, liquefied petroleum gas, natural gas, gasoline, kerosene, naphtha, alcohol, or other liquid or gaseous fuel.
- (3) Outdoor cooking appliances shall be operated a minimum of ten feet (10') from the exterior of buildings or structures.
- (4) It shall be unlawful for any person to use or cause to be used any outdoor cooking appliance on any balcony, within any screened enclosure, in any covered parking area, in any corridor or hallway, under any overhang or within any area of any building or structure; notwithstanding the foregoing, a tabletop or countertop electric grill, with a cooking surface that is two hundred (200) square inches or less in size, may be used on a balcony, as long as the balcony is not enclosed or within a screened enclosure. This requirement also applies to one-and two-family dwellings.

### Sec. 9-28. Closing of private driveways, roadways, and entrances.

It shall be unlawful for any person to have or cause to have any driveway, roadway, or entrance barricaded or blocked by obstacles which would interfere with the response of the fire rescue department or other emergency vehicles. If an existing building requires a change of access, the owners shall provide revised life safety plans and obtain a permit from the town.

### Sec. 9-29. Processes deemed hazardous to life and property.

- (1) The fire chief or fire marshal may issue an order for the immediate cessation of any activity, operation, or process, when such operation, activity, or process constitutes a severe and immediate hazard to persons or property.
- (2) No person who, after being served with either a verbal or written order to cease such severe and immediate hazardous activity, operation, or process, shall fail or refuse to comply with such an order.

### Sec. 9-30. Evacuation of occupied buildings or structures.

In accordance with the Florida Fire Prevention Code, NFPA 1, sec. 1.7.16, the fire chief, the fire marshal, a fire inspector, or any department officer may order the immediate evacuation of any occupied building or structure or assembly area when such building, structure or assembly area is deemed hazardous due to a fire hazard, obstruction to exits, overcrowding of the premises, or any other hazard or potential which presents immediate and life-threatening danger to the occupants. The premises, or any portion thereof, may not be reoccupied until it has been examined and deemed free of the hazard or potential hazard that caused the evacuation to be ordered.

### Sec. 9-31. Fireworks, pyrotechnic special effects, flame effects.

- (1) The discharge, firing or use of the following fireworks products are prohibited inside buildings, tents, structures, and other enclosed spaces:
  - (a) Firecrackers, rockets, torpedoes, roman candles or other fireworks or substances designed and intended for pyrotechnic display, and of cap guns, starter pistols, canes, cannons, or other appliances (other than a "firearm" as defined in Fla. Stat. § 790.001) using blank cartridges or caps containing chlorate or potash mixture;
  - (b) Pyrotechnic special effects including, but are not limited to, chemical mixtures used in the entertainment industry to produce visible, audible, or thermal effects by combustion, deflagration, or detonation; and
  - (c) Flame effects including, but not limited to, batons, and/or torches fueled by liquid, solid or gaseous fuels, flame projectors which produce heat effects and/or flames, flash powders composed of fuel(s) and oxidizer(s), flares, and similar devices.
- (2) Except as provided in section 791.08, Florida Statutes, a permit shall be obtained from the town manager or his/her designee, prior to any outdoor use of fireworks, pyrotechnic special effects, flame effects, and/or any other fireworks item identified in section 1 above. The application for a permit shall be on a town form and payment of an application fee shall be required. The town manager or his/her designee may include conditions in the permit, including but not limited to additional inspection fees, to ensure compliance with all applicable requirements herein and state law or to protect the public health, safety, and welfare.
- (3) The permit applicant shall furnish with its application proof of financial responsibility in the form of liability insurance. Such liability insurance shall have a minimum of \$1,000,000.00 coverage for each occurrence and shall provide coverage for all claims

for damages to property or personal injuries, including death, arising out of the use of the fireworks. Additionally, the applicant shall provide the town with an endorsement from its insurer that names the town, and its officers and employees, as an additional insured and shall otherwise be in a form acceptable to the town.

(4) The outdoor use of fireworks shall be in accordance with NFPA 1123 and NFPA 1124.

### Sec. 9-32. Public Safety Radio Communication System.

In all newly constructed buildings, a minimum radio signal strength for public safety radio signals shall be required within the building. Installation and signal strength shall be the minimum requirements per NFPA 1225 (2022 edition), Chapter 18 (In-Building Emergency Responder Communication Enhancement Systems) or as otherwise specified by the town. In all new and existing buildings, as outlined in Section 633.202(18), Florida Statutes, that cause a reduction of Emergency Responder Communication signals below the acceptable level for reliable communications, a two-way radio enhancement system shall be required. In buildings where phone jacks are required as part of an alarm system, a two-way radio enhancement system shall be installed and maintained by the building owner, in lieu of the phone jacks.

### Sec. 9-33. Rubbish and linen chutes.

New buildings with a chute or chutes for trash, linen, or any other building services requires fire sprinkler protection, and all such chutes shall be provided with a riser for the purposes of complete isolation from the remainder of the building's fire sprinkler system. The valve to isolate the riser shall be supervised.

### Sec. 9-34. Liquefied Petroleum Gas Containers.

All containers installed for the storage, handling, transportation, and use of liquefied petroleum gas shall comply with the requirements of NFPA 58.

- (1) Containers shall not be filled prior to rough-in inspection without the prior approval of the fire chief or his/her designee.
- (2) Underground tanks shall be visually inspected prior to back filling the location of installation.
- (3) Tanks installed within ten feet (10') of a public vehicular thoroughfare or designated parking location shall be provided with vehicular barrier protection.

- (4) Tanks installed under a driveway or designated parking area shall be a non-interchangeable underground tank.
- (5) Tanks installed under a\_driveway or designated parking area shall be provided with a shroud that allows the tank to be installed at least eighteen inches (18") below grade.
- (6) Tanks installed under a driveway or designated parking area shall be provided with a protective dome or cover, engineered to protect the tank valve assembly, and support the weight of parked or moving vehicles.

### **ARTICLE III. ELEVATORS**

### Sec. 9-35. Dimensions and control of automatic elevators.

In all buildings three stories or more in height erected, after November 23, 1993, which are equipped with automatic elevators, all elevators of the structure shall be arranged for emergency use (firefighter's service) by department personnel. At all times, and regardless of circumstances, elevators shall remain operable and available for emergency use by department personnel. The control of all automatic elevators shall meet the requirements as set forth under Chapter 61-5C, "Florida Elevator Safety Code," Florida Administrative Code. In addition to these requirements, the following specifications shall be met:

- (1) Emergency auxiliary power required.
  - (a) Emergency auxiliary electrical power shall be provided for all elevators equipped with the key switch service for department personnel. The auxiliary power supply shall be capable of supplying power to the elevators for a period of at least twentyfour (24) hours. The auxiliary power supply shall be approved by the fire rescue department.
  - (b) Emergency auxiliary power shall remain on for the service car in use by firefighters regardless of selection switch devices, which may also be installed to rotate emergency power to other cars in the building.
  - (c) No more than ten (10) seconds shall be required for the auxiliary power to be in full operation and the operation of the emergency power supply shall automatically transfer to the firefighters' service car.
  - (d) A maintenance schedule shall be maintained in the generator equipment room to record all tests and operation of such auxiliary power equipment. At all times, the records shall be posted and available to the fire rescue services department.

- (e) All auxiliary power equipment and automatic transfer apparatus shall be tested weekly.
- (f) For all buildings which are designed and constructed having multiple separate towers, each tower shall be treated as though it were a separate building.
- (2) Key switch operation (firefighter's service).
  - (a) As used in this section, authorized personnel shall mean the fire chief and any fire rescue department officer designated in writing by the fire chief as authorized to possess the standard emergency elevator control key or key to a keykeeper box.
  - (b) A keykeeper box shall be installed adjacent to all firefighter's service elevators. The performance standards of the keykeeper box shall equal or exceed those of the Bommer key-keeper box, type 5620, F2828, or the AF Florence Manufacturing Company KK Series Key Keeper Box. The key keeper box shall be equipped with a lock that can be opened with the Emergency Response Region 7 Key (Yale Key No. R-80833-2006-7).
  - (c) The standard emergency elevator control key shall be issued only to authorized personnel.
  - (d) All buildings constructed following the adoption of this code regardless of the number of stories, shall use the emergency elevator control key for Emergency Response Region 7 (Yale Key No. R-80833-2006-7).
  - (e) Any building having undergone "substantial improvement," as defined in Section 161.54(12), Florida Statutes, must comply with subsection 9-35(2)(b) of this Code.
  - (f) All elevators in the town shall utilize the Emergency Response Region 7 (Yale Key No. R-80833-2006-7) key for the keykeeper box lock.
- (3) Minimum size and weight capacity.
  - (a) Elevators shall have a platform with dimensions of at least six feet (6') deep by five feet (5'), five inches (5") wide.
  - (b) Elevators shall have minimum headroom inside the car of at least seven feet (7'), six inches(6").
  - (c) Doors to elevators shall be at least six feet (6'), eight inches (8') high by three feet (3') wide.
  - (d) Elevators shall have a weight capacity of at least 3,500 pounds.
- (4) Emergency access keys.

- (a) A standard emergency access door key shall be provided to the department for all elevators.
- (b) An emergency key slot shall be located on each door on every floor or landing on which each elevator can stop.
- (5) A sign shall be posted directly above each elevator door on every floor, stating: "In Case of Fire: Use Exit Stairways—Do Not Use This Elevator."
  - (a) The sign shall be at least two and one-half (2½) inches high by three and one-half (3½) inches wide.
  - (b) The letters shall be of a color that contrasts with background.
- (6) Emergency use elevator to be identified.
  - (a) Any elevator provided with the fire rescue department key switch and emergency power shall be identified by a sign of at least three inches (3") wide by two inches (2") high displaying at least three-quarter (3/4) inch letters with the following information: "Fire Rescue Services Department Emergency Power."
  - (b) The background of the sign shall be red with white letters.
  - (c) The sign shall be posted in the center of the door frame directly above the door opening on the floor where the key switch is located.

#### **ARTICLE IV. PERMITS**

#### Sec. 9-36. Examination of building permits.

- (1) This section shall not apply to single-family or duplex residential units, except where the installation of fire suppression systems, fire alarm systems, or liquified petroleum fuel tanks, are proposed, or are required by this code, the Florida Building Code or the FFPC.
- (2) Any plans and/or specification submitted as part of an application for any building permit for new construction, demolition, moving of existing buildings, or renovation of existing structures shall comply with Section 1.14 of the Florida Fire Prevention Code, 8th Edition, and Subtitle 61-G15 of the Florida Administrative Code, as applicable, and examined and approved by the fire rescue department. Each set of plans and specifications submitted for approval pursuant to this section must also include all required fire permit applications.
- (3) The fire rescue department shall provide review comments following rejection of any submitted plans.

(4) The owner of any new building or any existing building undergoing a level 2 or level 3 alteration, as defined by the Florida Building Code ("FBC"), or extensive modification or reconstruction pursuant to the FFPC, shall provide floor plan drawings on a media type specified by the fire rescue department for the purpose of pre-fire planning. This shall be required prior to issuance of the temporary certificate of occupancy or certificate of occupancy, as applicable.

#### Sec. 9-37. Permits, fee schedule.

The following enumerated installations and activities require a permit from the fire rescue department. The applicable fees, as enumerated in the town municipal facilities and services user fee schedule, shall be paid after the permit application is approved. Main use building permits shall not be approved by the fire rescue services department for the following uses until all necessary fire rescue department installation permits for special systems and/or equipment have been applied for by the appropriate subcontractors and issued by the fire rescue department, or as may be specifically approved by the fire chief or a designee.

- (1) Motor vehicle painting—Spray booths and bake ovens.
- (2) Gas and fuel-oil-fired outdoor equipment.
- Elevators.
- (4) Liquid petroleum or natural gas storage.
- (5) Flammable or combustible liquid storage.
- (6) Flammable or combustible liquid dispensing.
- (7) Fire alarm systems.
- (8) Fixed automatic fire protection systems.
- Automatic fire sprinkler systems.
- (10) Standpipe systems, independent or part of sprinkler system.
- (11) Fire pumps.
- (12) Required emergency generators.
- (13) Fire hydrant flow test.
- (14) Hazardous substances storage.
- (15) Fireworks display (see sec. 9-31).
- (16) Outdoor burning (see sec. 9-3).
- (17) BDA Systems 2-way radio enhancement systems / Bi-Directional Amplification.

#### Sec. 9-37. Work started without a permit.

- (1) When work for which a permit is required by this chapter is started prior to issuance of a fire rescue department permit, the permit fees herein specified shall be tripled.
- (2) The payment of such fee shall not relieve any person from fully complying with the requirements of this chapter in the execution of the work, nor from any other penalties prescribed herein.

#### ARTICLE V. FIRE FLOW REQUIREMENTS

#### Sec. 9-38. Fire flow requirements.

- (1) Intent. The intent of this section is to ensure an adequate water supply for fire suppression by establishing minimum flow rates required to control and extinguish fires that may occur within prescribed occupancy classifications. The requirements of this section shall be applicable to public and private water systems, including individual properties and land development projects.
- (2) Required fire flow.
  - (a) The "required fire flow" is the rate of flow needed for firefighting purposes to confine a major fire to the buildings within a block or other contiguous grouping. The determination of this flow depends upon the size, construction, occupancy, and exposure of buildings within and surrounding the block or group of buildings, and upon the existence of automatic sprinkler protection. The determination of required fire flow in each case shall be made by the fire chief, or a designee, according to the criteria established by this section and by the Guide for Determination of Required Fire Flow, published by the Insurance Services Office, ISO Edition 06-2014, and as it may from time to time be amended, which are adopted and incorporated herein by reference.
  - (b) The minimum required fire flow in the various zoning district classifications shall be as listed in Table I at the end of this section. Where conditions indicate that consideration must be given to possible simultaneous fires, as determined by the fire chief utilizing the criteria established or adopted herein, an additional 1,000 to 8,000 gallons per minute shall be required. However, the maximum fire flow requirement for any system shall be 12,000 gallons per minute. The required minimum duration for fire flow for private fire protection systems not serviced by the town shall be as listed in Table II at the end of this section. All required fire

- flow rates shall be in addition to the water flow rates necessary to supply the needs of normal flow demands.
- (3) Normal flow demands. Flow demands for design systems shall be calculated based on full ultimate development as known or projected. The average daily flow for domestic use shall be calculated pursuant to normal flow demand criteria as detailed in the town utilities services department standards manual.
- (4) Fire hydrants and fire flow requirements; exemptions and qualifications; interim criteria.
  - (a) All new buildings and all existing buildings being altered to increase the area, height, or occupancy shall have available the required number of fire hydrants as specified in Table III at the end of this section connected to a public water supply which meets the fire flow requirements specified in Tables I and II at the end of this section, except as follows:
    - 1. All duplex and single-family detached homes not requiring water main extensions for domestic purposes. For purposes of this subsection, "water main extension" shall mean the extension of a water supply system by installation and construction of a new water main, six inches (6") in diameter or larger, as required by the public utility.
    - Additions to existing buildings and accessory buildings not exceeding twentyfive percent (25%) of the square footage of existing structure, but in no event greater than 5,000 square feet.
    - 3. Neighborhood shopping centers with buildings totaling an area of less than 100,000 square feet with no building under one roof of more than 10,000 square feet, with no building exceeding two stories in height, and with at least twenty-five-foot (25') separations between buildings, shall meet fire flow requirements of at least 1,250 gallons per minute.
    - 4. Individual industrial or commercial buildings or structures not part of a neighborhood shopping center or industrial park, less than 5,000 square feet in area, and with low or ordinary hazard content shall meet a fire flow requirement of at least 750 gallons per minute.
  - (b) If the rate of fire flow required under the terms of this section is not available from the public utility at the time of application for a building permit, and none of the exemptions or qualifications in (a) through (c) above apply, then the following interim criteria shall govern the issuance of building permits:

- Properties classified as having low hazard contents, and not exceeding two
   stories in height, will be required to provide a minimum of fifty percent
   of the flow rate described in Table I for its zoning district at the end of this section.
- Properties classified as having ordinary hazard contents, and not exceeding two (2) stories in height, will be required to provide a minimum of seventy percent (70%) of the flow rate described in Table I for its zoning district at the end of this section.
- 3. Properties classified as having low or ordinary hazard contents, and having more than two (2) stories but not exceeding five (5) stories in height, will be required to provide a minimum of seventy-five percent (75%) of the flow rate described in Table I for its zoning district at the end of this section.
- 4. Properties classified as having high hazard contents will be required to provide one hundred percent (100%) of the flow rate described in Table I for its zoning district at the end of this section.
- 5. All properties, in excess of five (5) stories in height, will be required to provide one hundred percent (100%) of the flow rate described in Table I for its zoning district.
- As used herein, "low hazard contents," "ordinary hazard contents" and "high hazard contents" shall be defined as set forth in Florida Fire Prevention Code NFPA 101 section 6-2.2, which section is adopted and incorporated herein by reference.
- 7. In all cases of new construction where less than the flow rate described in Table I at the end of this section is permitted pursuant to the provisions of (b) above, engineering and construction of new facilities to meet the total fire flow requirements as described in Table I will be provided so that at the time the public utility is capable of providing full fire flow, the properties receiving the flow will be capable of utilizing the full fire flow provided by the utility.
- 8. In all cases wherein the interim criteria of (b) above are utilized, no less than a 500-gallon-per-minute fire flow shall be permitted for any type of improved property, and all fire flow tests will be calculated with a minimum of twenty (20) psi residual pressure remaining in the water main.
- (5) Supplemental flow systems. If the minimum fire flow requirements set out in this section cannot be met by the water supply utility, then the applicant for a building

- permit shall be required to supplement those flows through an on-site, or readily available, system meeting the minimum fire flow requirements of this section and meeting with the approval of the fire rescue services department.
- (6) Extensions of time; bond. If the required fire flow is not available to allow an applicant to obtain a certificate of occupancy, but it is determined by the fire rescue department that system improvements are in process and are imminent so that the applicant will be able to meet the fire flow requirements, then the fire rescue services department may extend the time to meet the requirements of this section for an initial interim period not to exceed ninety (90) days and may authorize a temporary certificate of occupancy based thereon. In order to meet the fire flow requirements, a bond sufficient to assure completion of the required system improvements shall be posted by the applicant with the town manager. The amount of the bond shall be determined by the fire rescue services department and shall be equivalent to two hundred (200) percent of the cost to complete the fire flow improvements.
- (7) Fire hydrants and fire hydrant branches.
  - (a) The location, number, and sizes of the fire hydrants, and fire hydrant branches, shall be designated by the fire rescue department in accordance with Table III at the end of this section.
  - (b) Fire hydrants of the approved municipal design and system pattern shall be provided along all primary roadways and fire lanes throughout any proposed project. When such development fronts on one or more existing public street(s), fire hydrants shall be located along the public street(s) as well as throughout the entire project. Spacing shall be measured along the actual route fire apparatus will travel.
  - (c) Unobstructed access to fire hydrants, or on-site private systems, shall be provided and maintained to accommodate firefighting apparatus.
- (8) Distribution systems. The supply mains shall be of adequate size and have properly arranged connections to the arterial mains, which shall extend throughout the system and have numerous connections to the secondary feeders that supply the minor distribution.
- (9) Main sizes. Main sizes and system patterns shall be subject to approval of all applicable agencies pursuant to fire and normal flow demand criteria. Design standards shall be in conformance with current editions of the town utilities services department standards manual.

- (10) Pressure. Sufficient pressures shall be provided within the system to maintain twenty (20) psi residual pressure while providing required fire flows. In those cases where system supply design and hydrant locations are capable of meeting full domestic, commercial and fire flow demands, residual pressures of ten (10) psi will be permitted.
- (11) Violations. No person shall:
  - (a) Use or operate any fire hydrant or other valve on any fire system that is intended for use by the town for any purpose unless a fire hydrant use permit has been issued by the town to such person and such person complies with the appropriate provisions of Chapter 29 of the Town Code of Ordinances.
  - (b) Remove, tamper with, or otherwise disturb any fire hydrant or firefighting appliance except for the purpose of extinguishing fires, firefighting training, or making necessary repairs, without first obtaining written approval by the fire rescue services department.

TABLE I. REQUIRED FIRE FLOWS BY ZONING CLASSIFICATION (Defined in Section 30-62 of the Town Code)

Zoning Districts	Requirement
Group 1: RE (Residential Single-Family	The system shall deliver not less than 500
Estate Zoning District), RS (Residential	gallons per minute at 20 psi residual on the
Single-Family Zoning District)	system. Each fire hydrant shall deliver not
	less than 500 gallons per minute.
Group 2: RML (Residential Multiple-Family	The system shall deliver not less than 1,000
Low-Density Zoning District)	gallons per minute at 20 psi residual on the
	system. Each fire hydrant shall deliver not
	less than 750 gallons per minute.
Group 3: RMM (Residential Multiple-Family	The system shall deliver not less than 1,500
Medium-Density Zoning District)	gallons per minute at 20 psi residual on the
	system. Each fire hydrant shall deliver not
	less than 750 gallons per minute.
Group 4: RMH (Residential Multiple-Family	The system shall deliver not less than 2,000
High-Density Zoning District)	gallons per minute at 20 psi residual on the

Zoning Districts			Requirement		
					system. Each fire hydrant shall deliver not
					less than 750 gallons per minute.
Group	5:	GSD	(Government	Service	The system shall deliver not less than 2,000
Zoning	Dist	rict)			gallons per minute at 20 psi residual on the
					system. Each fire hydrant shall deliver not
					less than 1,000 gallons per minute.

#### TABLE II. REQUIRED DURATION FOR FIRE FLOW

Required Fire Flow	Required Duration
(gallons per minute)	(hours)
10,000 and greater	10.00
9,500	9
9,000	9
8,500	8
8,000	8
7,500	7
7,000	7
6,500	6
6,000	6
5,500	5
5,000	5
4,500	4
4,000	4
3,500	3
3,000	3
2,500 and less	2

TABLE III. FIRE HYDRANT SPACING

		Hydrant
	Districts	Spacing
		(feet)
1.00	Multifamily structures 2 or more stories in height	300.00
2.00	Commercial, industrial, and similar structures regardless of height	300.00
3.00	Areas with multi-laned, divided highways (hydrants shall be provided along	400.00
	both sides of such roads with the location of curb cuts and median cuts	
	considered)	
4.00	Residential districts, single-family and duplex areas with dead-end streets	500.00
5.00	Residential districts, single-family and duplex areas with complete internal	600.00
	circulation	
6.00	Residential districts, cluster developments 1 story in height	400.00

# ARTICLE VI. FIRE ALARMS AND AUTOMATIC FIRE EXTINGUISHING SYSTEMS Sec. 9-39. Central station alarm disposition.

Alarm disposition between a central station and the fire rescue department may be transmitted via any of the transmission modes approved by NFPA 72. However, the maximum duration between the initiation of an alarm signal at the protected premise to transmission to and receipt of the signal by the fire rescue department shall not exceed ninety (90) seconds.

#### Sec. 9-40. Automatic fire-extinguishing and detection systems.

Any automatic or manual fire alarm signal system and automatic fire-extinguishing or automatic fire detection system hereafter installed, in addition to complying with the Florida Fire Prevention Code, the Florida Building Code, and the state fire marshal's rules and regulations, shall be listed by a Nationally Recognized Testing Laboratory ("NRTL") approved in accordance with the provisions of Section 633.334, Florida Statutes, and shall conform to the following requirements:

- (1) Any fire alarm system, automatic fire sprinkler system, smoke, ionization or heat detection system, clean agent extinguishing system, automatic fire-extinguishing devices, (except stand-alone automatic extinguishing systems in hoods and ducts), installed in any occupancy, which may be required by applicable provisions of these regulations, shall be so arranged that the normal operation of any required alarm-initiating device or the operation of any automatic fire-extinguishing system shall automatically transmit an alarm to a documented NRTL central station. Listing documentation shall be submitted to the fire rescue department for review and approval.
- (2) A NRTL central station, in accordance with NFPA 72 (2019) Section 26.3, shall be identified by the NRTL certificated service provider for all newly installed and required fire alarm systems. An existing required fire alarm system, wherein the control panel or alarm components are being replaced, shall be considered a new fire alarm system for the purposes of this section, and such system shall meet the certificating requirements of this code. NRTL listed central station service, in full compliance with NFPA 72 (2019) Section 26.3, shall be maintained at the protected property, so long as the requirement for the fire alarm system exists.
- (3) All fire alarm signal systems, and automatic extinguishing and detection systems, installed in accordance with this section shall be maintained under a written service contract providing for regular maintenance and testing of the system in accordance with the state fire marshal's rules and regulations. When the fire rescue department determines a fire alarm system is out of service in need of repair, or where confirmation is required to verify proper functioning of the system, the fire rescue department shall request the response of a technician as required in NFPA 72 within the timeframes specified therein, without consent from any building representative. Failure to comply with such a request for a technician or runner is a violation of this code.
- (4) The service company performing the maintenance and tests shall forward a written report to the fire rescue department indicating the nature of any deficiencies, impairments, repairs, modifications, and/or corrections completed by the service company, the date and time of such tests and inspections, and any other information, which may be required by the fire and life safety division. In addition, a copy of the service report shall be maintained in the fire protection closet or fire command room,

- or on the premises and it shall be subject to inspection by the fire rescue department at any time.
- (5) In accordance with NFPA 72 (2019), all fire alarm signal systems, automatic extinguishing and/or detection systems shall be provided with an approved annunciator panel. Annunciator panels, either remote or part of the FACP, shall be equipped with an LCD display with a minimum eighty (80)-character capability, designed to indicate the floor number and the section of the building reporting a fire alarm or fire condition. Fire alarm system activation in multi-level/story occupancies/buildings shall indicate an alarm condition on the floor of incident, one floor below the floor of incident, and all levels above the floor of incident. Each alarminitiating device shall indicate an individual location on such annunciator. The alarm initiating device shall indicate its individual location to the monitoring central station. The annunciator shall respond to either manual or automatic devices, and all devices within the system shall be connected to the annunciator. The location of the annunciator panel shall be designated by the fire rescue department, and it shall be so located as to be immediately available to the fire rescue department at all times. Fire alarm systems installed solely for the purpose of monitoring a fire sprinkler system shall be allowed upon the approval of the fire chief or his/her designee. In a complex with multiple buildings, each building shall have its own transmitter for alarm signal disposition to the central station.
- (6) Carbon monoxide detection systems shall be required in buildings as provided in NFPA 1, NFPA 101, and NFPA 72. Carbon monoxide levels shall be monitored in new parking structures in addition to the requirements of NFPA 88A. In addition to established requirements, carbon monoxide detection systems shall, upon the detection of carbon monoxide levels above 99 ppm, send a supervisory signal to the buildings fire alarm system panel, and any area attended to by security or staff. Detection of carbon monoxide levels exceeding 199 ppm shall activate a fire alarm signal to notify all occupants of the building and send a signal to central station. Existing parking structures will be required to comply with this section upon completion of a level 2 or level 3 alteration as defined in the Florida Building Code.
- (7) All fire alarm signal and detection systems shall be provided with a secondary source of power always available for use in the event of failure of the primary power supply to insure continuous operation of the system, pursuant to the requirements of NFPA 72 Section 10.6 (2019).

- (8) Pre-signal fire alarm systems shall not be permitted.
- (9) A change in service provider or a transmitter requires a permit and verification by the fire department that the alarm system is reporting the appropriate signals to the central station as required by code.
- (10) Communications methods shall comply with the requirements of NFPA72 (2019 ed.), Chapter 26, and shall be approved by the fire chief or designee.

#### Sec. 9-41. Alarm registration.

All required fire alarm systems must comply with the requirements of Chapter 9 of the Town Code. All fields on the alarm registration form shall be filled out in their entirety, and a copy of the form shall be posted adjacent to the fire alarm panel.

#### Sec. 9-42. Fire alarm installation permits.

- (1) The fire rescue department shall issue a fire alarm installation permit after receiving and approving a completed fire alarm application, plans, and required supporting documentation, and only after it is determined the fire alarm system meets the criteria of this section. The reason underlying a permit denial shall be documented on the town permitting system and be provided to the applicant.
- (2) The fire alarm system shall be installed in compliance with the Fire Alarm/Central Station Applicable Regulations and Official Policies Guidelines of the fire rescue department.

#### Sec. 9-43. - Fire alarm system certification requirements.

- (1) The applicant for a required fire alarm installation permit shall submit to fire rescue services department for review, along with the permit application, documentation listing the NRTL central station for the alarm system and provide documentation of NRTL certification at time of acceptance testing of the fire alarm system or added components.
- (2) The applicant must demonstrate that the fire alarm monitoring will be performed by a NRTL certified/listed central station.
- (3) All required NRTL certificated/listed fire alarm systems must maintain NRTL compliance and NRTL monitoring.

#### Sec. 9-44. False alarms.

False alarms are defined, and fees, therefore, are as provided for in Chapter 9 of the Town Code.

#### Sec. 9-45. Limitation of liability.

Neither the town nor any of its officers and agents shall be under any obligation or duty to an alarm user or to any other person. The town specifically disclaims liability for any damages, injuries, or losses caused by or resulting from a failure to respond to an alarm.

#### ARTICLE VII. FIRE PROTECTION SYSTEMS

#### Sec. 9-46. Applicability.

Chapter 9, Fire Protection Systems, of the Florida Building Code is supplemented as follows:

- (1) The requirements of this article shall apply to all newly constructed buildings, structures, and installations.
- (2) The requirements of this article shall also apply to any existing building or structure if a level 2 or level 3 alteration occurs, as defined in the Florida Building Code.

#### Sec. 9-47. Definitions.

For the purpose of this article, the following words, terms, and phrases shall have the meanings given in this section, unless the context clearly indicates otherwise:

Approved double check valve assembly is an assembly of two (2) independently operating check valves with Outside Stem and Yoke ("O.S. & Y") valves on each side of the check valves, plus properly located test cocks for the testing of each check valve. The assembly shall be listed in the "UL Fire Protection Equipment Directory" under "Backflow Special Check Valve Devices (BAEU)." The O.S. & Y valves shall be listed in the "UL Fire Protection Equipment Directory" under "Gate Valve (HMRZ)." The assembly shall be installed in the horizontal position, outside, above ground and shall be readily accessible for maintenance, testing and inspection. The O.S. & Y valves shall be supervised with properly installed tamper switches connected to the fire alarm system. The O.S. & Y valves shall also be secured with a chain and two interlocked padlocks, one of which shall be a Master lock, issued by the fire department, painted red, for fire rescue department access.

Fire Rescue Services department connections shall not be directly attached to the assembly.

Approved dual check valve assembly is a listed assembly of two (2) independently operating check valves. For fire main use a single O.S. & Y valve shall be installed on the supply side of the approved dual check valve. The O.S. & Y valve shall serve as the main control valve for the fire protection system. The assembly shall be installed in the horizontal position, outside, above ground, and shall be readily accessible for maintenance and inspection. The O.S. & Y valve shall be secured with a chain and a Master lock, issued by the fire department.

Fire main is that pipe, and its appurtenances, on private property between a source of water and the base of the riser for the automatic fire sprinkler systems, open fire sprinkler systems, fixed water spray systems, fire standpipe systems and/or inlets to firefighting foam making systems. When connected to the public water system, the fire main begins at the supply side of the approved double check valve assembly or the approved dual check valve assembly. On NFPA 13D systems, the fire main begins at the point where the water supply line for the fire sprinkler system splits from the domestic water service.

#### Sec. 9-48. Backflow prevention for fire protection systems.

An approved DDCV assembly shall be installed on all fire mains serving all structures, except single-family homes and duplexes, as provided in NFPA 13, NFPA 13R and NFPA 13D. An approved dual check valve assembly shall be installed on all fire mains serving one- and two-family dwellings (NFPA 13D).

Previously approved post indicator valves ("PIV") shall be kept locked with a #2396 key Master lock. Previously approved PIV's shall be changed to double detector check valve ("DDCV") assemblies meeting the requirements of this section when they are determined to be out of service and in need of replacement.

#### Sec. 9-49. Fire mains.

Fire main taps connected to the public water system shall be sized for, and serve, only the building for which they were installed. Fire main taps shall not be shared with other buildings. Fire mains shall be constructed of class 52 ductile iron pipe (DIP) or other pipe UL listed for underground fire main use, as approved by the fire rescue department. Fire main taps may be shared only where a single fire pump is shared in accordance with section 9-50. Fire mains shall only enter a building above ground and through an exterior

wall. Fire mains shall not run under foundations or footers. In high-rise buildings (as defined in the Florida Fire Prevention Code and the Florida Building Code), fire main configurations shall be in accordance with the Florida Building Code, Chapter 4. Any alternative fire main configurations shall be subject to the approval of the fire chief or designee at the time of initial permit application.

#### Sec. 9-50. Fire pumps.

Fire pumps installed in buildings to meet requirements for standpipes or hydraulic demand of the fire sprinkler system shall be provided with a secondary source of power (emergency generator) if such system is provided. Fire pumps shall serve only the building or structure for which they were installed and shall not be shared with other buildings or structures, except that a single fire pump may be shared between a building and up to two (2) parking structures if all the following are provided:

- (a) All buildings and structures are under the same ownership.
- (b) A "unity of title" for the buildings and structures is provided before the installation permit is issued.
- (c) The fire mains serving each building/structure are installed underground in accordance with NFPA 24, and this article.

#### Sec. 9-51. Fire protection system closet.

- (1) A fire protection system closet shall be provided for all buildings and structures equipped with a fire alarm or fire sprinkler protection.
  - (a) The closet shall house the fire sprinkler system riser, all appropriate control valves, all appropriate flow and tamper switches, the fire alarm system control panel, annunciator panel, annunciator map/legend and the transmitter/control unit. As provided in the FFPC and NFPA 72, portions of the fire alarm system may be located elsewhere in the building subject to approval by the fire rescue department.
  - (b) The annual fire alarm registration and copies of the most recent fire alarm, and fire sprinkler, inspection reports shall be posted in the closet.
  - (c) The closet shall not be used for storage and shall not be used for any other electrical, plumbing, or mechanical equipment.
  - (d) The minimum size of the closet shall be two feet (2') deep by four feet (4') wide, which shall be increased to accommodate the provided equipment.

- (e) The closet shall be separated from all other portions of the building with one (1)-hour fire resistive construction as a minimum. The closet shall be located along an outside wall near the fire primary fire department access, at grade, with access from an outside swinging door, which need not be fire rated.
- (f) The door shall be labeled with a sign that reads "Fire Protection Closet." The closet shall be kept locked at all times. A key box approved by the fire and life safety division shall be installed on the outside wall, within three feet (3') of the closet. The key box shall be installed forty-two inches (42") to forty-eight inches (48") above grade. The key box shall be sized appropriately such that the keys, access cards, fobs, and other contents fit inside in a manner that is practical for fire rescue department personnel to open and close with ease. The key box shall contain a key to access the closet, all the keys necessary to control the fire alarm system, and keys to access the building and other important areas, including but not limited to, electrical rooms, fire pump rooms, elevator machine rooms, roof access, hazardous materials storage areas, etc. The property owner may provide additional keys for access to other areas of the building as appropriate.
- (g) A weatherproof horn/strobe or speaker/strobe shall be installed directly above the key box at a height easily seen upon approach to the area.
- (h) The closet shall be designed and constructed so as to provide and maintain an air-conditioned temperature of no greater than eighty (80) degrees Fahrenheit.
- (2) Fire protection system closets are not required in high rise buildings and other buildings where a fire pump room and a fire control room are required or provided. Fire protection system closets are not required for fire sprinkler systems provided in single family homes and duplexes.

#### Sec. 9-52. - Fire rescue services department connections (FDC).

- (1) A single 2½-inch freestanding fire rescue department connection located within fifty (50) feet of a fire hydrant shall be provided on all NFPA 13R fire sprinkler systems with twenty (20) or more fire sprinkler heads.
- (2) A double (Siamese) 2½-inch freestanding fire rescue department connection located within fifty (50) feet of fire hydrant shall be provided on all NFPA 13 fire sprinkler systems with twenty (20) or more fire sprinkler heads.

- (3) Two double (Siamese) 2½-inch freestanding fire rescue department connections, each located within fifty (50) feet of a fire hydrant shall be provided on all the following fire sprinkler systems:
  - (a) Light hazard and ordinary hazard NFPA 13 fire sprinkler systems with four hundred (400) or more fire sprinkler heads.
  - (b) Extra hazard NFPA 13 fire sprinkler systems with two hundred (200) or more fire sprinkler heads.
  - (c) On special fire protection systems or situations as designated by the fire chief or designee.
- (4) Multiple fire rescue services connections shall be installed in locations as remote as possible from each other, as approved by the fire chief or designee.

#### Sec. 9-53. Hose connections as a part of fire sprinkler systems.

- (1) Approved 2½-inch fire department hose connections, in accordance with NFPA 13 sec. 8.16.5.2, shall be installed in buildings and structures as follows:
  - (a) All one (1)-story buildings with a floor area of 52,000 square feet or more.
  - (b) All two (2)-story buildings with a combined floor area of 52,000 square feet or more.
  - (c) All three (3)-story buildings with a combined floor area of 52,000 square feet or more.
- (2) Hose connections shall be fed from an adjoining sprinkler zone on the same floor or from a sprinkler zone on a different floor. Hose connections may be fed directly from the riser ahead of a zone valve. All hose connections, including those that are part of a standpipe system, shall be installed at locations approved by the fire chief or designee, such that all areas of the building can be reached with one hundred feet (100') of hose and twenty-five feet (25') of fire stream throw. Hose connections shall be equipped with caps to protect hose threads.
- (3) Class I standpipe systems shall be provided with 2½" hose connections in the following locations:
  - (a) On the inside of the stairwell at each landing.
  - (b) On the outside of the stairwell at each landing.
  - (c) On each side of the wall adjacent to the opening of horizontal exits.
  - (d) On the roof, near the point where the stairwell terminates. This shall be a double 2½" hose connection. It shall be provided with a UL or FM listed gauge.

- (e) At other locations required by the fire chief or a designee.
- (4) All standpipe systems permitted and installed shall be a manual wet system, or automatic wet system, based on occupancy code requirements, as defined by the FBC or NFPA 14, Standard for the Installation of Standpipe and Hose Systems.

#### Sec. 9-54. Automatic Wet Fire Sprinklers.

- (1) All new buildings or structures, including one- and two-family dwellings, 7,500 square feet and larger shall be provided with a wet automatic fire sprinkler system in accordance with the requirements in NFPA 13, 13R, or 13D.
- (2) All new buildings or structures, including one- and two-family dwellings, three (3) or more occupiable stories in height shall be provided with a wet automatic fire sprinkler system in accordance with the requirements in NFPA 13, 13R, or 13D).

#### **ARTICLE VIII. ENFORCEMENT**

#### Sec. 9-55. Enforcement authority.

The fire chief or his/her designee shall have the authority to conduct investigations and to do all other things necessary to enforce the provisions in this chapter.

#### Sec. 9-56. Violations.

Failure to comply with any provisions of this chapter shall be deemed a violation.

#### Sec. 9-57. Penalty for violations.

Any person or entity violating the provisions of this chapter shall be punishable as provided in the Florida Fire Prevention Code, and as otherwise authorized by the town code, including, but not limited to, section 1-9 and through the initiation of code enforcement proceedings.

<u>Section 3.</u> The Town Commission hereby repeals Section 35-11, "Florida Fire Prevention Code," in its entirety.

<u>Section 4.</u> <u>Severability</u>. The provisions of this Ordinance are declared to be severable and if any section, sentence, clause, or phrase of this Ordinance shall for any reason be held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining sections,

sentences, clauses, and phrases of this Ordinance but they shall remain in effect, it being the legislative intent that this Ordinance shall stand notwithstanding the invalidity of any part.

**Section 5.** Repeal of Laws in Conflict. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

<u>Section 6.</u> <u>Codification.</u> Section 2 of the Ordinance shall be made a part of the Town Code of Ordinance and may be re-numbered or re-lettered to accomplish such.

<u>Section 7</u>. <u>Effective Date</u>. This Ordinance shall be effective immediately upon adoption at second reading and shall apply prospectively only.

The foregoing Ordinance was moved by _			, seconded

A. June 20, 2023 Town Commission Meeting Minutes

## TOWN OF HIGHLAND BEACH TOWN COMMISSION MEETING MINUTES

LIBRARY COMMUNITY ROOM 3618 S. OCEAN BLVD HIGHLAND BEACH, FL

Date: June 20, 2023

Time: 1:30 PM

#### 1. CALL TO ORDER

Mayor Moore called the meeting to order at 1:30 P.M.

#### 2. ROLL CALL

Commissioner Judith M. Goldberg Commissioner Donald Peters Commissioner Evalyn David Vice Mayor David Stern Mayor Natasha Moore Town Manager Marshall Labadie Town Attorney Glen Torcivia Deputy Town Clerk Jaclyn DeHart

#### 3. PLEDGE OF ALLEGIANCE

The Town Commission led the Pledge of Allegiance to the United States of America.

#### 4. APPROVAL OF THE AGENDA

**MOTION:** David/Stern - Moved to approve the agenda as presented, which

passed unanimously 5 to 0.

#### 5. PRESENTATIONS / PROCLAMATIONS

#### A. Proposed Operating Budget Presentation for Fiscal Year 2023-2024

Town Manager Labadie and Finance Director DiLena presented an overview of the Proposed Operating Budget for the Fiscal Year 2024. Discussion ensued and there were no suggested changes to the operating Budget. Mayor Moore requested that the Building Department Fund Balance be included in the next presentation. Date: June 20, 2023

#### 6. PUBLIC COMMENTS

Mayor Moore opened public comments.

Timothy Routole, 3400 S. Ocean Blvd., spoke about the shared path in Highland Beach.

#### 7. ANNOUNCEMENTS

Mayor Moore read the announcements as follows:

#### **Board Vacancies**

Board of Adjustment an	d Appeals	Two (2) vacancies, all for three-year terms  One (1) vacancy for an unexpired term ending September 21, 2024		
		One (1) vacancy for an unexpired term ending September 21, 2024		
Natural Resources Advisory Board	Preservation	Two (2) vacancies for unexpired terms ending April 30, 2024		

#### **Meetings and Events**

July 04, 2023	Town Hall closed in observance of Independence Day				
July 11, 2023	1:00 P.M.	Code Enforcement Board Regular Meeting			
July 13, 2023	9:30 A.M.	Planning Board Regular Meeting			
July 18, 2023	1:30 P.M.	Town Commission Special Meeting			

#### **Board Action Report**

None.

**8.** ORDINANCES (Public Comments will be limited to three (3) minutes per speaker per item after Commission initial discussion.)

#### A. Proposed Ordinance

An Ordinance of the Town Commission of the Town of Highland Beach, Florida, amending Article II, "Technical Codes," of Chapter 6, "Buildings and Structures," by amending Section 6-20, "Property Maintenance Code, "to adopt the most recent edition of the International Property Maintenance Code; providing for the repeal of all ordinances in conflict; providing for severability and codification; and providing for an effective date.

Mayor Moore read the Proposed Ordinance title.

Building Official Jeffery Remus presented this item and explained the need to adopt the most recent edition of the International Property Maintenance Code.

MOTION: David/Stern - Moved to accept the Ordinance of the Town Commission of the Town of Highland Beach, Florida, amending Article II, "Technical Codes," of Chapter 6, "Buildings and Structures, " by amending Section 6-20, "Property Maintenance Code, " to adopt the most recent edition of the International Property Maintenance Code; providing for the repeal of all ordinances in conflict; providing for severability and codification; and providing for an effective date. Based upon a roll call; Commissioner Goldberg (Yes); Commissioner Peters (Yes); Commissioner David (Yes); Vice Mayor Stern (Yes); and Mayor Moore (Yes). The motion passed unanimously 5 to 0.

<u>9.</u> <u>CONSENT AGENDA</u> (These are items that the Commission typically does not need to discuss individually, and which are voted on as a group.)

#### A. Approval of Meeting Minutes

May 23, 2023 Town Commission Special Meeting Minutes

**June 06, 2023 Town Commission Meeting Minutes** 

**MOTION:** David/Stern - Moved to approve the Consent Agenda, as presented,

which passed unanimously 5 to 0.

#### **10. UNFINISHED BUSINESS**

#### A. Fire Rescue Implementation Update

Fire Chief Glenn Joseph introduced this item and gave an update on staff recruitment, construction contracts, foundation pouring, and the fire prevention code process.

Mayor Moore inquired about the service data tracking system that will be in place once Highland Beach is responsible. Chief Joseph explained that there will be one platform to take in all data and that it will be analyzed and tracked thoroughly to provide accurate data. He spoke about the unreliability of the historical data that we have received in years past. He commented on the importance of having accurate data to improve public safety. He will be attending safety meetings with FDOT to ensure the project does not impact emergency vehicles.

#### B. Florida Department of Transportation (FDOT) RRR Project Update

Town Manager Labadie explained that FDOT has been communicating with Fire Chief Joseph on a safety plan, and a new round of plans have been submitted and will be printed for viewing. The Town will be paying FDOT to raise manholes/water valves, the cost will be worked into the water sewer budget, and

#### **Town Commission Meeting Minutes**

Date: June 20, 2023

the information will be brought back before the Commission at a later date. The project is moving forward and there will be a construction meeting in the Fall.

11. <u>NEW BUSINESS</u> (Public Comments will be limited to three (3) minutes per speaker per item after Town Commission initial discussion.)

A. None

#### 12. TOWN COMMISSION COMMENTS

Commissioner Judith M. Goldberg commented that it was an informative meeting.

Commissioner Donald Peters thanked Finance Director DiLena for his presentation.

Commissioner Evalyn David thanked everyone for the updates.

Vice Mayor David Stern inquired it there were legislative updates in regard to building recertification. Town Manager Labadie said he will have Building Official Remus come and speak at a future meeting with an update.

Mayor Moore requested an update on the building certification program and an update on the Gulf Stream Contract. She requested a proclamation to express the Town's gratitude for the appropriation money, and the Town Commission agreed.

She spoke about a national fitness campaign that she received an email from, that designs outdoor fitness courses. The Town Commission agreed that it was not a good fit for the Town due to the lack of space.

Mayor Moore also requested an item be placed on a future agenda to discuss the pros and cons of having a special magistrate for Code Enforcement. The Town Commission agreed that it would be good to discuss it.

She mentioned that a resident asked the Town Commission to review the ordinance workflow. She requested this item to be placed on a future agenda and the Town Commission agreed.

#### 13. TOWN ATTORNEY'S REPORT

Town Attorney Torcivia spoke about the millage rate, other towns that have moved to a special magistrate, and updating the purchasing code.

#### 14. TOWN MANAGER'S REPORT

Town Manager Labadie reported the following:

The Town received their GFOA (Government Finance Officers Association) award for excellence in financial reporting and the audit is being wrapped up.

**Town Commission Meeting Minutes** 

Date: June 20, 2023

#### 15. ADJOURNMENT

The meeting was adjourned at 3:47 P.M.

APPROVED: July 18, 2023, Town Co	ommission Meeting.
ATTEST:	Natasha Moore, Mayor
	Transcribed by Jaclyn DeHart and Lanelda Gaskins
	07/18/2023
Lanelda Gaskins, MMC	Date

Disclaimer: Effective May 19, 2020, per Resolution No. 20-008, all meeting minutes are transcribed as a brief summary reflecting the events of this meeting. Verbatim audio/video recordings are permanent records and are available on the Town's Media Archives & Minutes webpage: https://highlandbeach-fl.municodemeetings.com/.

#### File Attachments for Item:

B. Approve and authorize Town Staff to purchase two (2) Lucas Chest Compression Devices from Stryker in the amount of \$43,407.74 for the Fire Station #116 (Piggyback SAVVIK contract #2021-06).

# TOWN OF HIGHLAND BEACH AGENDA MEMORANDUM

**MEETING TYPE:** Town Commission Meeting

**MEETING DATE** 7/18/23

**SUBMITTED BY:** Fire Rescue Department

**SUBJECT:** Piggyback Procurement – Two (2) LUCAS Chest Compression

Devices

#### SUMMARY:

The LUCAS Device serves as an alternative to manual CPR in emergency medicine. It ensures consistent and high-quality chest compressions at a fixed rate, which has been proven to significantly improve outcomes for victims of cardiac arrest. The Fire Rescue Department recognizes the importance of these devices in providing the very best emergency medical services to the community.

A quote to supply the two devices was provided by Stryker through a cooperatively sourced SAVVIK agreement with a discount off list price of 14% for the device assemblies and discounts ranging between 15-21% for various components.

#### **FISCAL IMPACT:**

\$43,407.74

#### ATTACHMENTS:

Quote for LUCAS Chest Compression Devices SAVVIK Price Sheet

#### **RECOMMENDATION:**

Approve and authorize the purchase of two (2) LUCAS Chest Compression Devices in accordance with SAVVIK contract #2021-06.

C. Approve and authorize Town Staff to purchase the Locution System Prime Alert IP System from Locution Systems Inc. (sole source) in amount of \$104,196.00 for Fire Station #116 in accordance with the Town's purchasing policy.

# TOWN OF HIGHLAND BEACH AGENDA MEMORANDUM

**MEETING TYPE:** Town Commission Meeting

**MEETING DATE** 07/18/23

**SUBMITTED BY:** Fire Rescue Department

SUBJECT: Sole Source—Locution Prime Alert IP System for Fire Station #116

# SUMMARY:

The Locution Prime Alert IP System is designed to broadcast messages, alarms and alerts to all parts of the station simultaneously. It is an essential emergency communication and notification system that facilitates a rapid and efficient response to emergency situations.

The locution system helps to improve communication between firefighters, providing clear and concise instructions during emergencies, and promote safety through voice-activated alarms. These features are designed to reduce response times and improve first responders' quality of life.

Palm Beach Fire rescue currently utilizes Locution Prime Alert IP and can now include the Town of Highland Beach in their Countywide Common Dispatch Program if the Town purchases the Locution System. This is operationally necessary due to the Interlocal Agreement for Fire-Rescue Dispatch Services between Palm Beach County and The Town of Highland Beach. The Locution system was specifically designed to meet the equipment specifications of Palm Beach County's Countywide Dispatch Program and take into account the geographical response, boundaries, and other operational details outlined in the interlocal agreement.

A quote to supply the system was provided by Locution Systems Inc. which totaled \$104,196.00

# **FISCAL IMPACT:**

\$104,196.00

# **ATTACHMENTS:**

Quote for Locution Prime Alert IP System

#### 1.0 Notes and Assumptions

# **Quoted:**

Locution PrimeAlert IP add-on system (ties into existing Palm Beach County Fire and Rescue head-end system - the head-end system must be in place for this system to be fully functional). Quoted for:

Station 116: EZ-Zone

Spares Quoted: (1) MAMP-A24 and (1) MAMP-A03

Customer must ensure that good network connectivity exists between the central server and all station PCs, in order for the system to be fully functional.

It is the Customer's responsibility to ensure 120V power exists within 6' of all Locution provided station enclosure(s), amplifier(s), monitors/zone tracker(s), and reader board(s).

Includes full installation.

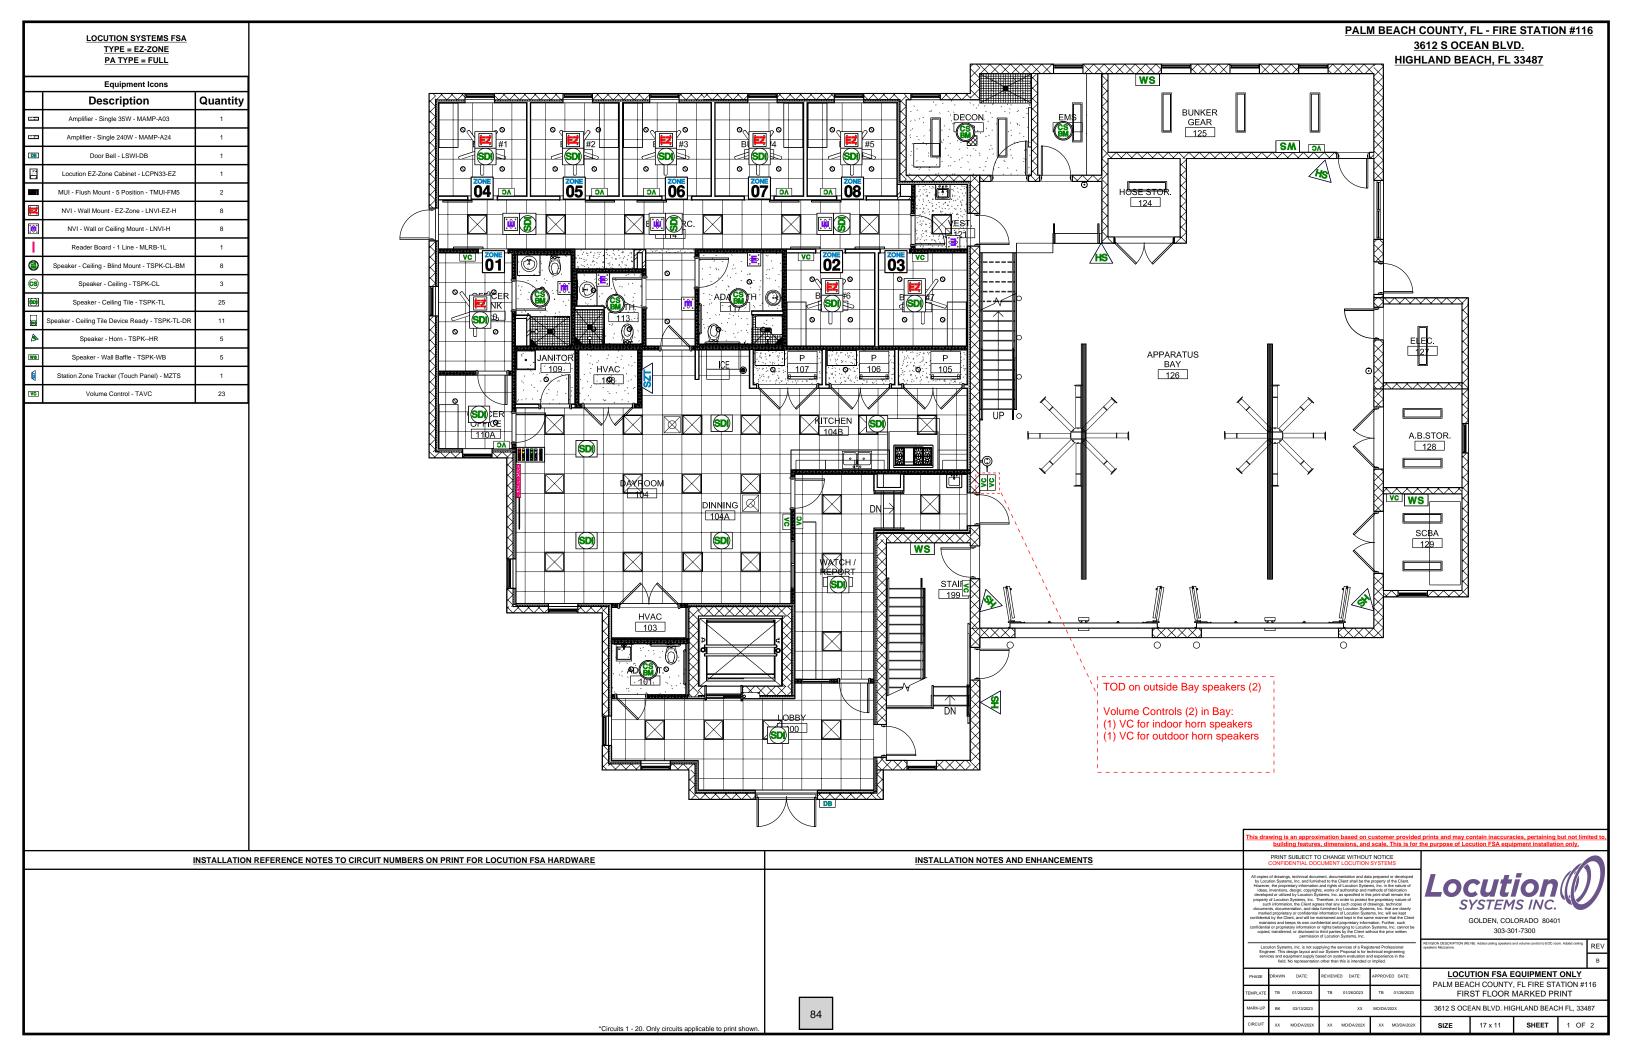

Installation to be provided by Communications International.

# INTERLOCAL AGREEMENT FOR FIRE-RESCUE DISPATCH SERVICES BETWEEN PALM BEACH COUNTY AND THE TOWN OF HIGHLAND BEACH

THIS AGREEMENT is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, APR 12 2022, by and between PALM BEACH COUNTY, FLORIDA, a political subdivision of the State of Florida (hereinafter the "County"), by and through its Board of County Commissioners and the Town of Highland Beach, a Florida municipal corporation located in Palm Beach County, Florida (hereinafter the "Town").

WHEREAS, Section 163.01, Florida Statutes, known as the "Florida Interlocal Cooperation Act of 1969," authorizes local governments to make the most efficient use of their power by enabling them to cooperate with other localities on a basis of mutual advantage and thereby to provide services and facilities that will harmonize geographic, economic, population and other factors influencing the needs and development of local communities; and

WHEREAS, through funding from countywide ad valorem tax revenues for countywide common fire-rescue dispatch services (hereinafter "Countywide Common Dispatch" or "Common Dispatch"), fire-rescue dispatch services may be provided by Palm Beach County Fire-Rescue to any fire-rescue providers in Palm Beach County that desire said services from the County, including the Town upon its commencement of fire-rescue services; and

WHEREAS, the Countywide Common Dispatch program provides a real and substantial benefit to the residents and property throughout Palm Beach County, including the residents and property within the Town; and

WHEREAS, the Town and County hereby determine that the public health, safety and welfare are promoted by the County's provision of fire-rescue dispatch services to the Town pursuant to this Agreement.

**NOW, THEREFORE,** in consideration of the terms and conditions set forth herein and the benefits following from each to the other, the County and the Town do hereby agree as follows:

# **ARTICLE I: COMMON DISPATCH**

Section 1. Common Dispatch: The Town shall be included within the Countywide Common Dispatch program implemented by the County. The County (through its Fire-Rescue Department) will provide the necessary equipment and services to implement and provide fire-rescue Common Dispatch and related communication services for the Town as detailed herein. Each party hereby authorizes its Fire Chief or designee to meet with the other party's Fire Chief or designee to develop Common Dispatch plans and procedures, including but not limited to a list of necessary equipment, a time-line for Common Dispatch implementation, geographical response boundaries, and other operational details. These plans and procedures shall be set forth in a Letter(s) of Understanding between the Fire Chiefs, and the Fire Chiefs are hereby authorized to enter into and amend such Letter(s) of Understanding on behalf of their respective parties, consistent with this Agreement and the applicable policies and procedures, if any, of the respective parties. The Fire Chiefs are also authorized to promulgate necessary administrative regulations and orders to implement and administer these plans and procedures. The Letter(s) of Understanding shall specifically identify the Town's level of participation in the Countywide Common Dispatch program, the equipment that will be provided by the County to the Town for its use in implementing the dispatch services provided by County hereunder (hereinafter the "Equipment"), and a time-line for Common Dispatch implementation. The County shall maintain ownership of all said Equipment.

# Section 2. Town Responsibilities:

The Town agrees:

- A To maintain a Common Dispatch Letter(s) of Understanding between the parties' Fire Chiefs as discussed above.
- B. To adopt dispatch protocols mutually agreed upon in the Letter(s) of Understanding referenced above.
- C. To review response protocols every twelve (12) months.
- D. To transfer to County all 911 calls received by the Town's Public Service Answering Point (PSAP) as soon as the need for fire-rescue services is identified.
- E. To use the Equipment provided by the County to implement the dispatch services

provided by the County hereunder.

- F. To immediately notify the County in writing if any Equipment is lost, stolen or destroyed beyond repair.
- G. To promptly reimburse the County for any Equipment that is lost, stolen or destroyed beyond repair.
- H. To notify the County and provide the County access to all Equipment requiring maintenance or repair.
- I. To promptly return all Equipment provided by County upon expiration or earlier termination of this Agreement.
- J. To certify the accuracy of Town street addressing included in County database and on a continuing basis promptly notify the County of any necessary changes/updates to the street addressing database.
- K. To assist the County in the annual fixed asset inventory identification process.

# Section 3. County Responsibilities:

The County agrees:

- A. To receive and dispatch in a timely manner all emergency calls for fire-rescue services received from the Town's PSAP.
- B. To document unit times (e.g., response time, arrival at scene) in accordance with the standards adopted and established by the Countywide Level of Service Committee.
- C. To provide dispatch related communication support for all emergency fire-rescue incidents.
- D. To provide for Town's use the Equipment necessary to implement Common Dispatch services to the Town.
- E. To provide maintenance and repair to dispatch related Equipment provided to the Town by the County.
- F. To replace any Equipment that is lost, stolen or destroyed beyond repair.
- G. The commencement date for each of the County's responsibilities, as set forth in paragraphs A-F of this Section, shall be identified in the time-line set forth in the Letter(s) of Understanding between the Fire Chiefs.

# ARTICLE II: GENERAL CONTRACT TERMS

- **Section 1. Preambles:** The facts set forth in the preambles to this Agreement are true and correct and are hereby reaffirmed by the parties.
- Section 2. Representative and Contract Monitor: The County representative and contract monitor during the performance of this Agreement shall be the Assistant Fire Chief, whose telephone number is (561) 616-7000. The Town representative and contract monitor during the performance of this Agreement shall be the Town Manager, whose telephone number is (561) 278-4548.
- **Section 3. Employee Functions:** No employee of either party to this Agreement shall perform any function or service which is not within the employee's scope of duties as defined or determined by the employee's employer.
- Section 4. Relationship of Employees: No employee, officer, or agent of either party shall, in connection with this Agreement or the performance of services and functions hereunder, have a right to or claim any pension, workers' compensation, unemployment compensation, civil service, or other employee rights, privileges, or benefits granted by operation of law or otherwise except through and against the entity by whom they are employed. No employee or officer of either party shall be deemed the employee or officer of the other for any purpose whatsoever. Neither party is authorized to make or enter into any contract, agreement, or warranty for or on behalf of the other, unless the parties to this Agreement have entered into a written agreement expressly authorizing such.
- **Section 5. No Assumption of Liability:** Neither party to this Agreement nor their respective officers or employees shall be deemed to have assumed any liability for the negligent or wrongful acts or omissions of the other. Further, nothing herein shall be construed as a waiver of sovereign immunity.
- **Section 6. Liability for Injury:** All the privileges and immunities from liability, exemptions from law, ordinance and rules, and all pensions and relief, disability, workers' compensation and other benefits which apply to the activity of the officers or employees of either party when performing their respective functions, within the territorial limits for their respective agencies, shall apply to the same degree and extent to

the performance of such functions and duties extraterritorially. Liability for injury to personnel, and for loss or damage of equipment, shall be borne by the party employing such personnel, and owning or possessing such equipment, except as may be otherwise provided for in this Agreement.

Section 7. Indemnification: Each party shall be liable for its own actions and negligence and, to the extent permitted by law, County shall indemnify, defend and hold harmless the Town against any actions, claims or damages arising out of County's negligence in connection with this Agreement, and the Town shall indemnify, defend and hold harmless the County against any actions, claims or damages arising out of the Town's negligence in connection with this Agreement. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in Florida Statutes, Section 768.28, nor shall the same be construed to constitute agreement by either party to indemnify the other party for such other party's negligent, willful or intentional acts or omissions.

Section 8. Effective Date and Term: This Agreement shall take effect November 1, 2023; provided, however, that the County's obligations hereunder to receive and dispatch emergency calls, and provide related communication support, shall not commence until the commencement of the Town providing fire-rescue services, which is anticipated to begin on May 1, 2024. This Agreement shall continue through April 30, 2034, unless sooner terminated as provided herein.

**Section 9. Notice of Termination:** Either party to this Agreement may, upon ninety (90) days' prior written notice to the other, terminate this Agreement for any reason or for no reason at all.

Notwithstanding anything herein to the contrary, should the Town no longer anticipate that it will commence its own fire-rescue services, then the Town shall promptly notify the County of such, and this Agreement shall not take effect and/or shall automatically terminate upon such notice.

**Section 10.** Capital Improvement Plans: On an annual basis, the Town shall provide the County with Capital Improvement Plans indicating projected location(s) and anticipated time frames for construction of future fire stations within its jurisdiction and/or service area. It is understood that these plans may be modified subsequent to

submission and said plans are subject to subsequent funding allocations and approvals.

**Section 11. Assignment of Rights:** Neither party shall assign, transfer or convey, in whole or in part, its rights, duties, or obligations without the prior written consent of the other.

**Section 12. Modification and Amendment:** No modification, amendment, or alteration in the terms or conditions of this Agreement shall be effective unless contained in a written document executed with the same formality and equality of dignity herewith.

Section 13. Entirety of Agreement: This Agreement, and any Letter(s) of Understanding entered into between the Fire Chiefs as authorized in this Agreement, represents the entire understanding of the parties and supersedes all other negotiations, representations, or agreements, either written or oral, relating to this Agreement. This Agreement shall inure to the benefit of, and be binding upon, the parties, and their respective assigns and successors in interest.

Section 14. Nondiscrimination: The County is committed to assuring equal opportunity in the award of contracts and complies with all laws prohibiting discrimination. Pursuant to Palm Beach County Resolution R2017-1770, as may be amended, the Town warrants and represents that throughout the term of the Agreement, including any renewals thereof, if applicable, all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, gender identity or expression, or genetic information. Failure to meet this requirement shall be considered default of the Agreement.

Section 15. Annual Appropriations: Each party's performance and obligation under this Agreement is contingent upon an annual budgetary appropriation by its respective governing body for the purposes hereunder.

Section 16. Remedies: This Agreement shall be construed by and governed by the laws of the State of Florida. Any and all legal action necessary to enforce the Agreement will be held in Palm Beach County. No remedy herein conferred upon any party is intended to be exclusive of any other remedy and each and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial

exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof. No provision of this Agreement is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to this Agreement, including but not limited to any citizen or employees of the County or the Town.

**Section 17. Records:** Each party shall maintain all records related to this Agreement or the services delivered under this Agreement in accordance with Florida law and for a period of at least five (5) years. Each party shall provide the other party with access to, and copies of, all such records upon request and at no cost.

Section 18. Inspector General: Palm Beach County has established the Office of the Inspector General in Palm Beach County Code, Section 2-421 - 2-440, as may be amended. To the extent permitted by law, the Inspector General is authorized with the power to review past, present and proposed County contracts, transactions, accounts and records. The Inspector General's authority includes, but is not limited to, the power to audit, investigate, monitor, and inspect the activities of entities contracting with the County, or anyone acting on their behalf, in order to ensure compliance with contract requirements and to detect corruption and fraud. Failure to cooperate with the Inspector General or interfering with or impeding any investigation shall be a violation of Palm Beach County Code, Section 2-421 - 2-440, and punished pursuant to Section 125.69, Florida Statutes, in the same manner as a second-degree misdemeanor.

**Section 19. Joint Preparation:** The preparation of this Agreement has been a joint effort of the parties, and the resulting document shall not, solely or as a matter of judicial constraint, be construed more severely against one of the parties than the other.

Section 20. Notice of Suits: Each party agrees to notify the other of any claim, or the initiation of any legal proceeding against it, which relates in any manner to the services provided by the other party. Each party will cooperate with the other in the defense of any suit or action arising out of, or related to, the services rendered under this Agreement.

**Section 21. Notices:** All written notices required under this Agreement shall be sent by certified mail, return receipt requested, and if sent to the County shall be mailed to:

Palm Beach County Fire Rescue Fire Rescue Administrator 405 Pike Road West Palm Beach, FL 33411

and if sent to the Town shall be mailed to:

Town Manager Town of Highland Beach 3614 South Ocean Blvd, Highland Beach, FL 33487

Each party may change its address upon notice to the other.

**Section 22.** Captions: The captions and section designations herein set forth are for convenience only and shall have no substantive meaning.

**Section 23. Filing:** A copy of this Agreement shall be filed with the Clerk of the Circuit Court in and for Palm Beach County.

Section 24. Delegation of Duty: This Agreement is an Interlocal agreement for the provision of services, as authorized by Section 163.01, Florida Statutes, and shall not in any way or manner whatsoever be deemed to constitute a transfer of powers or functions. Nothing contained herein shall be deemed to authorize the delegation of the constitutional or statutory duties of State, County, or Town officers.

Section 25. HIPAA Compliance: Both parties acknowledge and agree that their respective fire-rescue departments are covered entities under the Health Insurance Portability and Accountability Act ("HIPAA") and therefore are bound by the provisions of HIPAA and the regulations promulgated thereunder (including the privacy and security rules), all as may be amended from time to time. Should any provision of this Agreement be determined to be inconsistent with the requirements of HIPAA and/or the regulations promulgated thereunder, then the parties shall promptly amend such provision as necessary to comply with HIPAA and its regulations.

Section 26. Force Majeure: County shall not be deemed in default or in breach of this Agreement to the extent it is unable to perform due to an event of Force Majeure. For the purpose of this Agreement, Force Majeure shall mean and include any strike, lockout, civil commotion, war-like operation, natural disaster, invasion, rebellion, pandemic, military power, sabotage, government regulations or controls over which County has no amendatory powers, inability to obtain any material, utilities, service or

financing, through Acts of God or other cause beyond the reasonable control of the County.

Section 27. Severability: In the event that any section, paragraph, sentence, clause, or provision hereof is held invalid by a court of competent jurisdiction, such holding shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect.

**Section 28.** Survivability: Any provision of this Agreement that is of a continuing nature, or which by its language or nature imposes an obligation or right that extends beyond the term of this Agreement, shall survive the expiration or earlier termination of this Agreement.

Section 29. Conflict Resolution: Any dispute or conflict between the parties that arises from the provision of services under this Agreement shall be presented in writing to the respective Contract Monitors. The Contract Monitors shall then meet to discuss the disputed issues and attempt in good faith to resolve the dispute or conflict prior to either party initiating the intergovernmental conflict resolution process provided for by Chapter 164, Florida Statutes.

**Section 30. E-Verify - Employment Eligibility:** Each party warrants and represents that it is in compliance with section 448.095, Florida Statutes, as may be amended. Each party has registered with and uses, and shall continue to use, the E-Verify System (E-Verify.gov), to electronically verify the employment eligibility of all newly hired employees. If either party has a good faith belief that the other party has knowingly violated Section 448.09(1), Florida Statutes, as may be amended, said party shall terminate this Agreement with the violating party.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the undersigned parties have caused these presents to be signed by their duly authorized officers on the day and year first written above.

APR 1 2 2022 PALM BEACH COUNTY, FLORIDA BY ATTEST: ITS BOARD OF COUNTY JOSEPH ABRUZZO, COMMISSIONERS **Clerk of the Circuit Court & Comptroller** Robert S. June 29, 2023

Highland Beach Fire Department 3612 South Ocean Blvd Highland Beach, FL 33487

Attn: Randy Ali

To Whom It May Concern,

This is to confirm that Locution Systems, Inc. of Golden, Colorado, is currently the only manufacturer, distributor, retailer, or provider of an automated voice dispatching system that provides a digitally recorded and complete word and phrase-based human voice automated voice dispatch message that provides capabilities at the levels required for Fire and EMS emergency dispatching. This automated alerting technology has been developed by Locution specifically for alerting and dispatching fire and EMS station personnel. Keys to this technology, shared by no other station alerting system are:

- 1. The system does not require a multi-second hearing adaptation period to reach understanding of a full dispatch announcement. This is because it is word and phrase-based human voice.
- 2. The system is the only such system that provides full dispatch announcement understandability to the high level required by Fire/EMS department. This is also due it being word and phrase-based human voice.
- 3. The system is the only system that provides allowance for 99% accuracy. Each street name, incident, and unit name is specifically run through a record/review process at Locution operations with a final review process at the department. Each element can be matched precisely to the required way it needs to be said, including special pronunciations.

All three points above: minimal interpretation lag, very high understandability, and high announcement accuracy are required for EMS and Public safety operations in order to prevent the potential for an unacceptable number of location deployments, while still providing very quick turnout times. No other station alerting system provides all three of the above, a requirement for acceptable automated Fire and EMS dispatch operation.

Glenn Neal,

Sincerely

President, Locution Systems, Inc.

D. Approve and authorize the Mayor to execute contract between the Town and Capital City Consulting, LLC. in an amount of \$25,000.00 for lobbying services ending March 8, 2024.

# TOWN OF HIGHLAND BEACH AGENDA MEMORANDUM

**MEETING TYPE:** Town Commission Meeting

MEETING DATE July 18, 2023

**SUBMITTED BY:** Town Manager's Office

**SUBJECT:** Consideration for the Mayor to execute an agreement between the Town

and Capital City Consulting, LLC. For lobbying services ending March

8, 2024

# SUMMARY:

Over the past few years, the Town has taken a more proactive approach to state issues as well as a stronger presence in Tallahassee, as we have seen with the recent award of appropriation from the State. With that being said, it would be in the best interest of the Town to retain Capital City Consulting, Inc. for lobbying services, providing the Town with direct representation before, during and after legislative session. Capital City Consulting, LLC has assigned Jared Rosenstein and Nick Iarossi as the primary contacts for the Town. They will continue to work with Representative Gossett-Seidman, Senator Berman and any other legislators and/or stakeholders to support the Town on the State level.

Mr. Rosenstein attended the June 6<sup>th</sup> Commission meeting and provided a legislative update with Representative Gossett-Seidman and Senator Berman, outlining the actions that took place during state session. Additionally, Mr. Rosenstein has offered to assist the Town with brainstorming the upcoming needs and projects of the Town, during a public meeting, to identify the best strategies for moving forward as we navigate through the state legislative process.

The agreement for consideration shall begin upon the execution of the agreement and continue through March 8, 2024.

Mr. Rosenstein will be in attendance to answer any questions.

# FISCAL IMPACT:

\$25,000 which have been budgeted in account 001-512.000-531.000 (Town Manager Professional Services)

#### ATTACHMENTS:

Contract for Lobbyist/Consultant Services between the Town of Highland Beach and Capital City Consulting, LLC.

# **RECOMMENDATION:**

Commission discussion and approval.

# **CONTRACT FOR LOBBYIST/CONSULTANT SERVICES**

THIS CONTRACT is made as of the \_\_\_\_\_ day of July, 2023, by and between the Town of Highland Beach, a Florida municipal corporation ("Town") with a mailing address of 3614 South Ocean Boulevard, Highland Beach, FL 33487 and Capital City Consulting, LLC ("Consultant"), with a mailing address of 124 West Jefferson Street, Tallahassee, FL 32301.

WHEREAS, the Town wishes to retain the services of Consultant to represent the Town before Florida's legislative and executive branches pursuant to the terms and condition of this Contract.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Contract, the receipt and sufficiency of which is acknowledged by both parties, the Town and Consultant agree as follows:

#### SECTION 1: SCOPE OF SERVICES.

Consultant shall assist the Town with Representative Gossett-Seidman's request for an Auditor General operational audit of its Agreement with the City of Delray Beach. Consultant shall engage with elected officials and staff in both the Florida House of Representatives, the Florida Senate, and the Governor's Office to help raise the Town's political profile as this audit is conducted. Additionally, Consultant shall assist the Town with both legislative budget requests and executive branch grant funding opportunities. Jared Rosenstein and Nick Iarossi will have primary responsibility for this engagement.

#### **SECTION 2: TERM.**

The term of this Contract shall commence upon approval by both parties and shall continue through March 8, 2024.

#### **SECTION 3: FEES.**

Consultant shall provide its services for a one-time fee of Twenty-Five Thousand Dollars (\$25,000.00), payable upon execution of this Contract by the Town. Additionally, the Town shall reimburse Consultant for out-of-pocket expenses, such as travel required by the Town's representation, lobbyist registration fees, Consultant's employees' meals while meeting with legislators and staff and any other nonstandard office expenses. Consultant shall use its best efforts to keep such expenses to a minimum and obtain the Town's written consent to any expenditure in excess of one hundred dollars (\$100.00). Consultant shall also split the expenses among clients where appropriate. Consultant shall not pay for meals or expenses of legislators or other government officials.

# **SECTION 4: CONFIDENTIALITY.**

To the extent permitted by law, Consultant shall treat all information, communications, or materials of the Town as confidential and shall not disclose or divulge same unless otherwise directed or authorized by the Town or ordered to do so by a court of competent jurisdiction.

#### SECTION 5: REPORTING.

Consultant shall monitor all relevant actions of the Legislature and provide oral and written reports. Consultant shall be available to meet or discuss the status of any activities undertaken on behalf of Town. At mutually convenient times, Consultant shall schedule periodic meetings or conference calls at the Town's direction to review the progress of any given task or project. Consultant's employees are continuously available by telephone, e-mail, and cell phone to serve the Town's communication needs.

# SECTION 6: INDEPENDENT CONTRACTOR.

Consultant is, and shall be, in the performance of all services under the Contract, an independent contractor, and not an employee, agent, or servant of the Town. All persons engaged in any of the services performed pursuant to this Contract shall at all times be subject to Consultant's sole direction, supervision, and control. Consultant shall exercise control over the means and manner in which its employees, agents and contractors perform the services.

# SECTION 7: ETHICAL AND LEGAL CONSIDERATIONS.

Consultant agrees to comply with all applicable local, state, and federal laws, rules, and regulations in its representation of the Town under this Contract. In accordance with Florida reporting obligations required of lobbying firms, the firm must report percentages of this fee allocated to the legislative and executive branch services. Based on our previous experience and the nature of your issues, we project the work to be allocated 50% toward executive branch lobbying efforts and 50% toward legislative.

# **SECTION 8: CONFLICTS OF INTEREST.**

Consultant does not foresee any potential conflicts of interest with current clients. However, if a conflict does arise with a future client, Consultant agrees to disclose the conflict to both parties as soon as practical and will attempt to resolve such conflict to the satisfaction of both parties. If a resolution agreeable to both parties is not achievable, then Consultant must resolve the conflict in favor of any client represented prior to the Town's initial retention of Consultant.

#### **SECTION 9: INDEMNIFICATION.**

Consultant shall indemnify, hold harmless and, at the Town's option, defend or pay for an attorney selected by the Town to defend, the Town and its officials, employees, and representatives, against any claim, action, loss, damage, injury, liability, cost or expense including, but not limited to, reasonable attorneys' fees and court costs at all trial and appellate levels, directly or indirectly arising out of or related to any omission or act by the Consultant, its directors, officers, employees, agents, contractors, subcontractors, licensees or representatives, in the performance of this Contract. Nothing contained in this provision or in any of the Contract Documents shall be construed or interpreted as consent by the Town to be sued, nor as a waiver of sovereign immunity beyond the waiver provided in Section 768.28, Florida Statutes.

# SECTION 10. PUBLIC ENTITY CRIMES.

As provided in Sections 287.132-133, Florida Statutes, as amended from time to time, by entering into this Contract, Consultant certifies that it and its affiliates who shall perform services hereunder have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the date hereof.

# SECTION 11: TERMINATION AND EFFECT OF TERMINATION.

The parties acknowledge and agree that the Town is a political subdivision of the State of Florida, and as such, the Contract is subject to budgeting and appropriation by the Town of funds sufficient to pay the costs associated herewith in any fiscal year of the Town. Notwithstanding anything in the Contract to the contrary, in the event that no funds are appropriated or budgeted by the Town in any fiscal year to pay the costs associated with the Town's obligations under the Contract Documents, or in the event the funds budgeted or appropriated are, or are estimated by the Town to be, insufficient to pay the costs associated with the Town's obligations hereunder in any fiscal period and the Town is not seeking the same or similar services from a competitor of Consultant, then the Town will notify Consultant of such occurrence and either the Town or Consultant may terminate the Contract by notifying the other in writing, which notice shall specify a date of termination no earlier than twenty-four (24) hours after giving of such notice. Termination in accordance with this section shall be without penalty or expense to the Town, including, but not limited to any early termination fees or costs, except that the Town shall be responsible for any amount owed to Consultant for services provided prior to and through the date of termination.

# SECTION 12. PALM BEACH COUNTY INSPECTOR GENERAL.

In accordance with Palm Beach County Ordinance No. 2011-009, this Contract may be subject to investigation and/or audit by the Palm Beach County Inspector General. Consultant should review Palm Beach County Ordinance No. 2011-009 in order to be aware of its rights and/or obligations under such ordinance and as applicable.

# SECTION 13. LAW, VENUE, AND REMEDIES

This Contract shall be governed by the laws of the State of Florida. Any and all legal action necessary to enforce the Contract will be held in Palm Beach County. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

# SECTION 14: ENTIRETY OF CONTRACT.

The Town and Consultant agree that the Contract sets forth the entire contract between the parties, and that there are no promises or understandings other than those stated herein. None of

the provisions, terms and conditions contained in the Contract may be added to, modified, superseded, or otherwise altered, except by written instrument executed by the parties hereto.

#### **SECTION 15: SURVIVAL.**

Any provision of this Contract which is of a continuing nature or imposes an obligation which extends beyond the term of this Contract shall survive its expiration or earlier termination.

# **SECTION 16: SEVERABILITY.**

If any term or provision of this Contract, or the application thereof to any person or circumstances shall, to any extent, be held invalid or unenforceable, to remainder of this Contract, or the application of such terms or provision, to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected, and every other term and provision of the Contract shall be deemed valid and enforceable to the extent permitted by law.

# **SECTION 17: AUDIT; RECORDS.**

Consultant shall maintain adequate records to justify all charges, expenses, and costs incurred in performing the services for at least three (3) years after completion of the Contract. The Town shall have reasonable access, during normal business hours, to such books, records, and documents as required in this section for the purpose of inspection or audit during normal business hours and upon reasonable prior notice, at Consultant's place of business. In no circumstances will Consultant be required to disclose any confidential or proprietary information regarding its products and service costs.

#### **SECTION 18: PUBLIC RECORDS.**

Consultant shall comply with Florida's Public Records Laws, and, if it is acting on behalf of the Town as provided under section 119.011(2), specifically agrees to:

- A. Keep and maintain public records required by the Town to perform the service.
- B. Upon request from public agencies custodian of public records, provide the Town with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the Contract if Consultant does not transfer the records to the Town.
- D. Upon completion of the contract, transfer, at no cost, to the Town all public records in possession of Consultant or keep and maintain public records required by the Town to perform the service. If Consultant transfers all public records to the Town upon completion of the Contract, Consultant shall destroy any duplicate public records that are confidential and exempt from public records disclosure

requirements. If Consultant keeps and maintains public records upon completion of the Contract, Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Town, upon request from the Town's custodian of public records, in a format that is compatible with the information technology systems of the Town.

IF CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, PLEASE CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE TOWN OF HIGHLAND BEACH: LANELDA GASKINS, AT (561) 278-4548, LGASKINS@HIGHLANDBEACH.US, 3614 SOUTH OCEAN BOULEVARD, HIGHLAND BEACH, FL 33487.

#### SECTION 19: SCRUTINIZED COMPANIES.

Consultant certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Town may immediately terminate this Contract at its sole option if Consultant or any of its subcontractors are found to have submitted a false certification; or if Consultant or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Contract.

#### SECTION 20: E-VERIFY.

Pursuant to Section 448.095(2), Florida Statutes, the Consultant shall:

- A. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all subcontractors (providing services or receiving funding under this Contract) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees;
- B. Secure an affidavit from all subcontractors (providing services or receiving funding under this Contract) stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien;
- C. Maintain copies of all subcontractor affidavits for the duration of this Contract;
- D. Comply fully, and ensure all of its subcontractors comply fully, with Section 448.095, Florida Statutes;
- E. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Contract; and
- F. Be aware that if the Town terminates this Contract under Section 448.095(2)(c), Florida Statutes, Consultant may not be awarded a public contract for at least one

year after the date on which the Contract is terminated and will be liable for any additional costs incurred by the Town as a result of the termination of the Contract.

IN WITNESS WHEREOF, the parties hereto have caused this Contract to be executed as of the day and year set forth above.

A. Continued discussion on the Request to Amend Settlement Agreement with Highland Beach Real Estate Holdings, Inc. (Milani – Eastern Parcel 10E Non-Park Property)

# Highland Beach Real Estate Holdings Inc. Lucia Milani

4612 S. Ocean Blvd Highland Beach. FL 33487

April 27th, 2023

**Hand Delivered** 

Mayor Natasha Moore & Commission Members Town of Highland Beach 3614 S. Ocean Boulevard, Highland Beach, FL 33487

**RE: Lot 10 East Settlement Agreement Extension.** 

Dear Mayor & Members of the Commission,

As some of you may know, I have been a winter resident of Highland Beach for almost 50 years. My late husband and I chose this Town because of its namesake physical attributes...literally the height of its beach. It is still as beautiful today as it was then. We also decided to invest in the Town, buying parcels of land and seeking development approvals of them to help the town grow. We kept a few however, and those are the purposes of my correspondence to you today.

The attached development agreement with the Town is set to expire very soon. It has a 30 year timeframe in order to implement. The agreement applies to my winter home at 4612 S Ocean Blvd, which is known as Lot 10 East in the agreement. I am not quite yet ready to leave my home and the family memories it contains and Gods willing, perhaps I have another 20 years left. I would like to continue to live in my current house for at least as long as I can, as opposed to being forced to demolish the house because of an agreement to develop, move to a hotel or something and build 1 of the options in the settlement agreement sooner than I would personally like. I know life throws a lot of curveballs at you and mine has gracefully given me almost 50 years of memories in this home. I would like those memories preserved as long as I can.

I am respectfully requesting the attached agreement be extended another 10 additional years for lot 10 East only. I appreciate your consideration.

Highland Beach Real Estate Holdings Inc.

Per Lucia Milani

cc. Town Manager Mr. M.Labadie

DECAT IMPAN	270	662	
RESOLUTION	NO:	662	

RESOLUTION APPROVING SETTLEMENT AGREEMENT BETWEEN THE TOWN OF HIGHLAND BEACH AND HIGHLANDS BEACH REAL ESTATE HOLDINGS, INC. REGARDING CERTAIN PARCELS OF PROPERTY LOCATED ON STATE ROUTE A-1-A NEAR THE MUNICIPAL BOUNDARY WITH BOCA RATON AND DESCRIBED AS TOWN LOTS 9 WEST AND 10 WEST AND 10 EAST.

WHEREAS, HIGHLANDS BEACH REAL ESTATE HOLDINGS, INC. (hereinafter "Owner"), is the owner of certain real property (hereinafter the "Property") located in the TOWN OF HIGHLAND BEACH, Palm Beach County, Florida, more particularly described in the Settlement Agreement attached hereto as Exhibit "A", and

WHEREAS, the TOWN OF HIGHLAND BEACH is a Florida municipal corporation (hereinafter "Town") within whose boundaries the Property is located; and

WHEREAS, Town has agreed to enter into a Settlement Agreement to resolve previous litigation regarding development rights to the Property; and

WHEREAS, Owner and the Town are currently involved in litigation regarding the subject property in case styled "Highlands Beach Real Estate Holdings, Inc. v. Town of Highland Beach", Case No. CL 94-5293 AJ in the Circuit Court of the Fifteenth Judicial Circuit in and for Palm Beach County, Florida; and

WHEREAS, Owner and Town wish to amicably resolve this matter without further litigation pursuant to the terms of the Settlement Agreement; and

2 21

WHEREAS, Town believes pursuant to the requirements of Section 14.1 of Chapter 30 of the Code of Ordinances of the Town of Highland Beach, entitled "Settlement of Litigation", that this proposed Settlement Agreement is in the public interest and in the best interest of the residents and citizens of the Town; and

WHEREAS, all of the requirements of Section 14.1 of Chapter 30 have been duly and timely met and accomplished and a public hearing regarding this proposed Settlement Agreement was duly advertised and conducted on the 21st day of April, 1995.

NOW, THEREFORE, BE IT RESOLVED by the Town Commission of the Town of Highland Beach, Florida:

Section 1. The foregoing recitations are true and correct and are hereby incorporated herein by reference.

Section 2. The Town Commission hereby finds and determines the proposed Settlement Agreement attached hereto and made a part hereof as Exhibit "A", is in the public interest and in the best interest of the residents and citizens of the Town.

Section 3. The Commission hereby finds and determines that the Town's Comprehensive land use plan shall be amended to be in conformance with the Settlement Agreement as a part of the normal amendatory cycle for amendments under the provisions of Chapter 163, Part II, Florida Statutes.

### Page 3

Section 4. The Settlement Agreement and this proposed Settlement are in compliance with all relevant requirements of Section 14.1 of Chapter 30 of the Town Code of Ordinances.

Section 5. The Commission hereby approves the Settlement Agreement attached hereto as Exhibit "A" and has executed the same for and on behalf of the Town of Highland Beach, Florida. The Town's Attorneys are hereby directed to take whatever legal steps necessary in order to effectuate the terms of the Settlement Agreement.

ADDENDUM TO RESOLUTION NO. 662
APPROVING SETTLEMENT AGREEMENT BETWEEN
THE TOWN OF HIGHLAND BEACH AND
HIGHLANDS BEACH REAL ESTATE HOLDINGS, INC.

Pursuant to Section 14.1 "Settlement of Litigation" of Chapter 30 and specifically with regard to Section 14.1(d) the following information is provided:

. . . . . .

- A. The Town's existing regulations contain pertinent development regulations as to Lots 9 West and 10 West, as follows:
  - The Town's existing regulations provide for approximately three (3) residential dwelling units;
  - 2) The Town's existing regulations provide for a twenty-five (25) foot frontage setback for onestory units and two-story units and provide for a forty (40) foot frontage setback from State Route A-1-A;
  - The Town's existing regulations provide for a twelve (12) foot side setback for one-story units and twenty (20) foot setback for twostory units;
  - 4) The Town's existing regulations provide for a twenty (20) foot rear setback or ocean setback, whichever is greater;
  - 5) The Town's existing regulations provide for a minimum of 1,400 square feet for one (1) bedroom units, 1,600 square feet for two (2) bedroom units and 1,800 square feet for three (3) bedroom units;
  - 6) The Town's existing regulations provide for a height of thirty (30) feet;
  - The Town's existing regulations provide for two (2) spaces per residential dwelling unit;
  - 8) The existing Town regulations provide for review by the Planning Board and Community Appearance Board in addition to the Town Building Officials and Town Commission.

### - Page 2

- B. the Town's existing regulations contain pertinent development regulations as to Lot 10 East, as follows:
  - The Town's existing regulations provide for approximately one (1) residential dwelling unit;
  - 2) The Town's existing regulations provide for a twenty-five (25) foot frontage setback;
  - 3) The Town's existing regulations provide for a twelve (12) foot side setback;
  - 4) The Town's existing regulations provide for a twenty (20) foot rear setback or ocean setback, whichever is greater;
  - 5) The Town's existing regulations provide for a minimum of 1,600 square feet;
  - 6) The Town's existing regulations provide for a height of thirty (30) feet;
  - 7) The Town's existing regulations provide for two (2) spaces per residential dwelling unit;
  - 8) The existing Town regulations provide for review by the Planning Board and Community Appearance Board in addition to the Town Building Officials.
  - C. For review of other pertinent current Town Regulations governing the property reference should be made to the Town Zoning Code and Town Zoning Map. This information can be obtained from the Town Building Official with regard to the existing building parameters under the RML District in which part of the subject property is located, per Section 4.3 of Chapter 30 of the Code of Ordinances entitled "Residential Multiple Family Low Density (RML)" which sets the building parameters in the district, and with regard to the existing building parameters under the RS District in which part of the subject property is located, per Section 4.2 of Chapter 30 of the Code of Ordinances entitled "Residential Single Family (RS)" which sets the building parameters in the district.

The pertinent regulations regarding the subject property under the Town's existing ordinances are summarized in the information contained in Paragraphs A, B and C above. The differences between the Town's existing regulations and those contained in the proposed Settlement Agreement are shown by a comparison of the information contained in Paragraphs A, B and C above with the information contained in the Settlement Agreement.

### EXHIBIT 4

### RESOLUTION NO. 663

# A RESOLUTION OF THE TOWN OF HIGHLAND BEACH, FLORIDA, RELEASING RESTRICTIONS ON LAND.

WHEREAS, C.D. Milani, Trustee and Richard G. Orman and Robert A. Wutt, as Co-Trustees of the Milani Family Trust were Plaintiffs/Petitioners in a suit brought against the Town of Highland Beach a Municipal Corporation under the laws of the State of Florida and other in the Circuit Court of the Fifteenth Judicial Circuit of Florida, in and for Palm Beach County, Florida, Case #82 6846 CA (L) 01 J, and

WHEREAS, the aforesaid suit was settled and a Stipulation for Settlement was executed by all of the parities on May 11, 1984, and

WHEREAS, the aforesaid Stipulation for Settlement provided for the development of certain property and the issuance of certain building permits, all as more particularly set forth in Paragraphs 1 and 2 of said Stipulation for Settlement, and

WHEREAS, said Stipulation for Settlement further provided in Paragraphs 5 and 6 thereof, that in consideration of the development approvals provided in Paragraphs 1 and 2 of the Stipulation for Settlement certain restrictions would be agreed to with regard to property more particularly described in said Paragraphs 4 and 5 of the Stipulation for Settlement, which property is also described on Exhibit "A" attached hereto and made a part hereof, and

WHEREAS, said Stipulation for Settlement provided that such restriction when applicable would be effected and evidenced by certain deed restrictions to be subsequently prepared and recorded in the Public Records of Palm Beach County, Florida, and

WHEREAS, said Stipulation for Settlement specifically provided in Paragraph 6 thereof that the deed restrictions referred to in Paragraphs 4 and 5 of the Stipulation for Settlement would not be put of record until the building permits for the projects referred to in Paragraphs 1 and 2 of the Stipulation for Settlement had been issued, and

WHEREAS, the development contemplated and described in Paragraphs 1 and 2 of the Stipulation for Settlement did not take place and such permits were never issued, and

WHEREAS, notwithstanding all of the foregoing, the Stipulation for Settlement and all of its recitations were recorded in the Public Records of Palm Beach County, Florida, Official Records Book 4242, Page 0622, and

WHEREAS, the Town of Highland Beach wishes to abide by the terms and conditions of the May 11, 1984 Stipulation for Settlement and the Settlement Agreement dated April 21, 1995 between Highlands Beach Real Estate Holdings, Inc. versus Town of Highland Beach, Case # CL 94-5293 AJ, in the Circuit Court in and for Palm Beach County, Florida.

NOW THEREFORE, be it duly resolved by the Town of Highland Beach, Florida as follows:

- 1. All of the foregoing recitals are true and correct.
- 2. The restrictions on the use of real property recited in Paragraphs 4 and 5 of the aforesaid May 11, 1984 Stipulation for Settlement are hereby released and discharged and shall be of no force and effect, and further the development of the said property is to be governed by the terms of the aforesaid Settlement Agreement dated April 21, 1995.
- 3. This Resolution shall be recorded in the Public Records of Palm Beach County, Florida.

WHEREFORE this Resolution has been duly adopted by the Town of Highland Beach, Florida this 21st day of April, 1995.

### SETTLEMENT AGREEMENT

THIS SETTLEMENT AGREEMENT is made this <u>21st</u> day of <u>April</u>, 1995 by and between HIGHLANDS BEACH REAL ESTATE HOLDINGS, INC., a <u>Florida</u> corporation (hereinafter HBREH) and the TOWN OF HIGHLAND BEACH, a Florida municipal corporation (hereinafter TOWN), who agree upon the following terms and conditions:

### WITNESSETH:

WHEREAS, HBREH is the owner of certain real property described as TOWN Lots 10E, 9W and 10W, as is more fully-described in the attached Exhibit 1, located in Highland Beach, Palm Beach County, Florida;

WHEREAS, HBREH has filed an action against the TOWN styled HIGHLANDS BEACH REAL ESTATE HOLDINGS. INC. vs. TOWN OF HIGHLAND BEACH, Case No: CL 94-5293 AJ in the Circuit Court of the Fifteenth Judicial Circuit in and for Palm Beach County, Florida and has alleged therein, inter alia, that its property has been taken under principles of inverse condemnation and that the zoning applicable for the property is unconstitutional in its application inasmuch as it is controlled by a stipulated settlement recorded in the records of Palm Beach County as a result of the settlement of a previous lawsuit between Plaintiff's predecessor titled and styled C.D. MILANI, TRUSTEE et al vs. TOWN OF HIGHLAND BEACH et al., Case No: 82-6846 CL (L) (01) J in the Circuit Court of the Fifteenth Judicial Circuit in and for Palm Beach County, Florida;

WHEREAS, the TOWN and HBREE have agreed to resolve their differences by the execution of this Settlement Agreement which has been approved by the TOWN at a duly noticed public meeting by virtue of its passage of Resolution No: 662 pursuant to Chapter 30, Section 14.1 of the Highland Beach Town Code;

WHEREAS, the TOWN AND HBREH agree that this action derives from the status of the certain real property as it existed when it was acquired by HBREH;

WHEREAS, the parties have reached this agreement which they mutually feel is in the best public interest and to accommodate the legitimate interests of each other and that by this agreement the parties are seeking to restore their respective rights as they existed at the time the property was acquired by HBREE; and

NOW, THEREFORE, in consideration of the above and mutual interests arising hereunder, the legal sufficiency which is hereby acknowledged, it is hereby stipulated and agreed as follows:

1. The statements set forth in the preamble above are restated and incorporated herein by reference.

- 2. The HBREH shall execute a release in favor of the TOWN, its agents, servants, officials, attorneys, employees and insurer, a copy of which are attached as Exhibit 2.
- 3. Counsel for the parties shall execute a Stipulation for an Order of Dismissal with Prejudice of the above lawsuit, with each party bearing its costs and attorneys fees, a copy of which is as attached as Exhibit 3 which shall provide that, the Circuit Court of Palm Beach County, Division AJ shall retain jurisdiction solely of the settlement agreement to enforce any non-compliance therewith. In the event that any action is brought for enforcement, the prevailing party of that action shall be entitled to recover taxable costs and a reasonable fee for one attorney from the losing party.
- 4. For a period of 30 YEARS from the date set forth above, HBREH or any heir or devisee, successor, purchaser or assign thereof, shall be allowed to pursue development of the above described property under the following parameters which will be substituted for any provision of the TOWN code relating to building and zoning that is inconsistent herewith:
  - (A) TOWN Lots 9W and 10W.
    - (1) Total density: Nine (9) dwelling units.
    - (2) Permitted uses: Single-family detached, single family townhouse, single-family zerolot line and multi-family condominium.
    - (3) Permitted attachments and accessory uses and buildings: Privacy walls to a maximum height of eight feet (8'); walkways; decks; patios; fireplaces; awnings; verandas; trellis/arbors; skylights; screened pool/decks; detached garages with storage lofts above.
    - (4) Minimum setbacks for principal buildings:
      East 10 feet; north and south side (from property line) 5 feet; interior side (from other principal buildings) zero (0) feet; west 5 feet; west and north (from existing tennis court) there shall be no minimum setback.
    - (5) Minimum setbacks for accessory buildings and pools: East 5 feet; south and north side (from property line) 5 feet; interior side (from other buildings) 0 feet; west 5 feet; west and north (from existing tennis courts there shall be no minimum setback; all

- privacy walls and hedges may be located on the property lines.
- (6) <u>Parking</u>: Two (2) designated spaces per dwelling unit.
- (7) Ingress and Egress: The Town shall not restrict points of ingress and egress for the subject property along State Road AlA.
- (8) Maximum height: 40 feet, measured from the ground level which shall be 8.5 feet above mean sea level for principal buildings. Detached garages with storage lofts shall not exceed 25 feet in height as measured above the slab for such garages.
- (9) Maximum number of floors: 3 floors exclusive of any ground floor parking.
- (10) Minimum Finished floor level for accessory buildings: a minimum of six (6) inches above the crown of State Road AlA fronting the subject site, but not less than the TOWN Code in effect at the time this Agreement is executed.
- (11) <u>Building Code</u>: The Southern Standard Building Code with any county-wide amendments.
- (12) Site work improvement. Building Code and Piling permits: To be issued upon request to the TOWN building official provided that the plans submitted comply with the provisions of this Agreement and the Southern Standard Building Code and any county-wide amendments. Provided, however, the property described above and herein shall be exempt from compliance with any provisions of the TOWN Code pertaining to regulated vegetative and animal species and archeological artifacts for the issuance of a site work improvement permit.
- (13) Impact fees: The TOWN shall waive any impact fees applicable to the development of the subject property during the term of this agreement. However, all other fees of the TOWN shall be paid in accordance with the TOWN Code relating to the development of the subject property in effect at the time of the execution of this Agreement.

- (B) TOWN Lot 10 E.
  - (1) Total density: 4 dwelling units.
  - (2) <u>Permitted uses</u>: Development may occur in one of the following three ways:
    - (a) One (1) single-family detached unit with detached maid quarters and a four-car detached garage with guest quarters above; or
    - (b) Three (3) single family detached units with appurtenant amenities and accessory buildings such as attached garages; or
    - (c) Four (4) single-family attached units with all appurtenant amenities and accessory buildings attached.
  - (3) Permitted attachments and accessory uses and buildings: Privacy walls to a maximum height of eight feet (8'); walkways; dune walk-overs or stairways to the beach; decks; patios; fireplaces; awnings; verandas; trellis/arbors; skylights; pools; and screened pool/decks.
  - (4) Minimum setbacks for principal buildings: West - 10 feet from the property line along SR AlA; north and south side (from property line) - 5 feet; interior side (from other principal buildings) - 0 feet; east - 13 feet east of Coastal Construction Control Line.
  - (5) Minimum setbacks for accessory buildings and pools: West - 10 feet from property line along SR AlA; north and south side (from property line) - 5 feet; interior side (from other buildings) - 0 feet; east - 13' east of the Coastal Construction Control Line.
  - (6) <u>Parking</u>: Two designated spaces per dwelling unit.
  - (7) Ingress and Egress: The TOWN shall not restrict points of ingress and egress for the subject property along State Road AlA right of way.
  - (8) Maximum height: 45 feet above the slab of the principal habitable floor of the home existing at the time of the execution of this Agreement.

- (9) Maximum number of floors: three (3) floors above the slab of the principal habitable floor of the home existing at the time of the execution of this Agreement.
- (10) Minimum finished floor level for accessory buildings: A minimum of six (6) inches above the crown of State Road AlA fronting the subject site, but not less than the TOWN Code in effect at the time of execution of this agreement.
- (11) <u>Building Code</u>: The Southern Standard Building Code with any county-wide amendments.
- (12) Site work improvement, Building Code and piling permits: To be issued upon request to the TOWN building official provided that plans submitted comply with the provisions of this Agreement and the Southern Standard Building any Code and county-wide amendments. Provided, however, that the property described above and herein shall be exempt from compliance with any provisions of the TOWN Code pertaining to regulated vegetative and animal species and .archeological artifacts the issuance of their site work improvement permit.
- (13) Impact fees: The TOWN shall waive any impact fees applicable to the development of the subject property during the term of this agreement. However, all other fees of the TOWN shall be paid in accordance with the TOWN Code relating to the development of the subject property in effect at the time of the execution of this Agreement.
- 5. That during the 30 YEARS after the date of the execution of this Agreement as set forth above:
  - (a) All parameters of developments specified herein would be applicable to the property and will run with the title to the property as to HBREH or any successor, purchaser, assign, heir or devisee. All building permits for the development permitted hereunder must be secured within 30 YEARS from the date of the execution of this Agreement. Any permit not secured for the construction of a residential dwelling unit building, accessory use or amenity within 30 YEARS from the date of execution of this Agreement cannot be built, at which time this Agreement will terminate and the property shall, thereafter, be subjected to TOWN Codes, rules,

regulations and ordinances then in effect and the continuing jurisdiction of the Circuit Court of Palm Beach County, Florida for enforcement purposes only shall terminate.

- (b) The TOWN shall cooperate with the property owner in and not lodge any objections to, any application made by the property owner to any county, state or federal agencies with respect to the development of the subject property within the parameters set forth in this Agreement.
- (c) Upon submission of a proper application for permits, the TOWN shall provide the required water and sewer services and hook-ups to the property to accommodate the residential dwelling units specified herein at the same rate charged to similar residential service in the TOWN at the time of connection.
- 6. The TOWN shall, to the extent necessary, amend its Comprehensive Land Use Plan as it affects the subject property during its next scheduled review to allow development consistent with the provisions of this Agreement. The TOWN agrees and acknowledges that development consistent with this Agreement may commence immediately without any changes to the TOWN's comprehensive land use plan or zoning code.
- 7. No waiver by any party hereto of any provision of this Agreement shall be deemed to be a waiver of any other provisions hereof or of any subsequent breach by any other party of the same or any other provision or the enforcement thereof.
- 8. All of the terms and provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto, their respective assigns, successors, legal representatives, heirs, and devises and beneficiaries, as applicable.
- 9. This Agreement and the terms hereof shall be construed in accordance with the laws of the State of Florida.
- 10. The preparation of this Agreement has been a joint effort of the parties' counsel. It shall accordingly not be construed more severely against one of the parties than the other.
- 11. This Agreement cannot be amended, supplemented or modified except by an instrument in writing signed by both parties.
- 12. The TOWN and HBREH, agree that the Stipulation for Settlement executed on May 11, 1984 and recorded in the Public Records of Palm Beach County, Florida on May 17, 1984 at O.R. Book 4242, page 0620 by the Clerk of the Circuit Court of Palm Beach County is hereby canceled and held null and void and of no effect and that an appropriate instrument shall be prepared, executed and recorded in the form described in Exhibit 4 within concurrently

with the entry of the Order of Dismissal with Prejudice of the litigation described above.

13. This agreement may be recorded at the option of HBREH after the Order of Dismissal with Prejudice has been entered by the Court. Provided, however, if HBREH elects to record this agreement, it, on behalf of itself and any heirs, successors or assigns, hereby waives and releases TOWN from any future claims or causes of action that the recorded agreement is a slander or defect in its, or any heirs', successors' or assigns', title to the property.

# TOWN OF HIGHLAND BEACH AGENDA MEMORANDUM

**MEETING TYPE:** Town Commission Meeting

**MEETING DATE** July 18, 2023

**SUBMITTED BY:** Leonard G. Rubin, Town Attorney

SUBJECT: Request to Amend Settlement Agreement with Highland Beach Real

Estate Holdings, Inc. (Milani – Eastern Parcel 10E Non-Park Property)

### **SUMMARY:**

### Background:

At its May 16, 2023 meeting, the Town Commission considered a request by Lucia Milani ("Milani") for a ten-year extension of a portion of the 1995 Settlement Agreement between the Town and Highlands Beach Real Estate Holdings, Inc. ("Agreement"). The Agreement stipulates the right to, and extent of, development of three parcels of land at the southern end of the Town (Lots 9W and 10W on the western side of A1A and Lot 10E on the eastern side of A1A) ("Lots"). Under the terms of the Agreement, the Lots must be developed by April 21, 2025 or the Agreement terminates. Milani requested a ten-year extension of the deadline for Lot 10E, which is currently improved with a single-family home she occupies during the winter months.

In response to this request, the Commission raised various concerns regarding the procedure by which the extension could be granted, the standards for consideration of the request, and the ramifications of granting the requested modification.

# A. The Town has the authority to approve a modification of the Agreement without Circuit Court approval.

The terms of the Agreement expressly contemplate that the parties may amend, supplement, and modify the Settlement Agreement by written instrument executed by both parties. In this case, the Settlement Agreement was not incorporated into a judgment entered by the circuit court; rather, the circuit court dismissed the case with prejudice based on the execution of the Agreement. Under Florida law, the parties may modify the terms of a settlement agreement not expressly incorporated into a judgment. The circuit court retains jurisdiction solely for the purposes of the enforcement of the terms of the Agreement.

# B. If the Commission wished to entertain Milani's request, it should follow the same procedures applicable to the Commission's initial approval of the Agreement.

As indicated above, any modification must be in the form of a written instrument executed by both parties. While neither the Agreement itself nor the provisions of the Town Code address the modification of a previously executed settlement agreement, this office strongly recommends that the Town Commission adhere to the procedures set forth in Section 30-10 of the Town Code. Section 30-10 applies to the settlement of any pending litigation arising out of the interpretation or application of Chapter 30 (Zoning Code) and requires consideration of the following criteria:

- A determination that the proposed settlement agreement is in the public interest and in the best interest of the residents and citizens of the Town (and approval of a resolution stating same); and
- A determination that the proposed settlement is consistent with the Land Use Element of the Town's Comprehensive Plan or that adequate provision to amend the Comprehensive Plan is included within the agreement.

Section 30-10 also requires the Town Commission to conduct a duly advertised public hearing on the proposed settlement agreement, and that the agreement include the nature of the proposed development and the specific differences between the settlement plan and any existing town development standards affected by the settlement agreement.

While there is an argument that the Commission could modify the Agreement without going through this process, such a procedure would undermine the purpose and intent of Section 30-10, i.e., to ensure that settlement is in the public interest and that members of the public are notified of the terms of the settlement.

# C. If the Commission wished to entertain Milani's request, it should require some additional benefit to the Town.

The procedures set forth above require that any settlement agreement be in public interest, as well as in the best interest of the residents and citizens of the Town. It is unclear how the Town's unilateral extension of the deadline for Lot 10E is in the public interest without Milani providing some type of additional consideration in return. By way of example, the Commission could require the payment of impact fees waived in the Agreement, narrow the permitted uses of the property, or modify the setback requirements.

# D. The approval of an extension of the Agreement generally would not constitute "spot zoning."

Spot zoning is generally defined as the piecemeal rezoning of small parcels of land to a greater density for the benefit of a particular property owner, leading to disharmony with the surrounding area. So long as the Commission follows its public notice and hearing requirements and any decision to extend the terms of the Agreement is not pre-determined before the notice and hearing process, it is unlikely that a court will consider the requested extension spot zoning. Courts recognize that local governments must have the ability to settle litigation, and the Commission already approved the enhanced entitlements for the Lots when

it approved the Agreement back in 1995. Milani is only seeking an extension of the term of the Agreement as it applies to one of the Lots, not additional development entitlements.

# E. The Commission's approval of any modification of the Agreement is subject to legal challenge.

Section 30-10(e) of the Town Code grants any person substantially affected by a settlement agreement approved by the Town Commission to seek review in the circuit court. Prior to seeking such review, the affected person must raise his or her objections at the public hearing before the Town Commission to give the Commission an opportunity to consider the nature of the objection. Based on the foregoing, if the Commission "reopens" the Agreement, substantially affected persons (most likely adjacent property owners) have a renewed ability to object to the terms of the Agreement.

### Conclusion:

In conclusion, the Town Commission may (but is not required to) entertain Milani's request for an extension of the Settlement Agreement as it applies to Lot 10E. If the Commission wishes to consider the request, it should follow the same procedures it followed when approving the Agreement back in 1995. While the grant of extension likely would not be considered spot zoning, the Commission would need to determine that the extension serves the public interest and is in the best interest of the residents of the Town. The Town should also require some form of additional consideration. Finally, the approval of any modification of the Agreement would reopen its terms to legal challenge by substantially affected persons.

Should you have any additional questions, please do not hesitate to contact me.

It is also important to note that Ms. Milani is also seeking an amendment to increase the building height on Lot 9W and Lot 10W that would allow the proposed building to be 5 to 6 feet higher. This amendment will require to follow the same process as outlined above. It would also require a finding of public benefit, and amendment to the existing settlement agreement and setting a public hearing.

B. Continued discussion of the Troiano Family request regarding lot split at 4611 South Ocean Blvd.

# TOWN OF HIGHLAND BEACH AGENDA MEMORANDUM

**MEETING TYPE:** Town Commission Meeting

MEETING DATE July 18, 2023

**SUBMITTED BY:** Leonard G. Rubin, Town Attorney

**SUBJECT:** Request for Lot Split (Troiano Property – 4611 South Ocean

Boulevard)

### **SUMMARY:**

### Background:

At its May 16, 2023 meeting, the Town Commission considered a request by Laura Troiano to approve the division of a parcel of property located at 4611 South Ocean Boulevard ("Troiano Parcel" or "Parcel") into two separate lots. As discussed at the meeting, the Troiano Parcel is bifurcated by A1A. The portion east of A1A is improved with a single-family residence and has a zoning designation of Residential Single-Family, and the portion west of A1A is vacant and has a zoning designation of Residential Multiple-Family Low Density. Splitting the Troiano Parcel into two separate lots would violate Section 30-103(d) of the Town Code, which expressly provides that "a division of any parcel shall not be made which creates a lot which does not conform to the requirements of this chapter." If the portion west of A1A became a separate lot, it would be only sixty-eight (68) feet wide. Section 30-64 of the Town Code (Table 30-2) requires a minimum lot width of eighty (80) feet.

### **Discussion and Recommendation:**

The Town Commission directed Staff to attempt to develop language that would address this type of situation. While there are two other parcels in the Town bisected by A1A, the Troiano Parcel is the only parcel where the division of the parcel into two separate lots would be prohibited due to the creation of a non-conforming lot. Consequently, after consultation with Town Staff, this office does not recommend amending the Town Code to address a single parcel of the property within the Town.

At the Commission meeting, Laura Troiano represented that her family wished to construct a single-family home on the portion of the parcel located west of A1A. Given the nature of the request, this office recommends that the Troiano family be encouraged to apply for a variance from Sections 30-103(d) and Section 30-64 of the Town Code. The unique conditions applicable to the Troiano Parcel appear to justify the grant of a variance. Because the variance application will need to address both the non-conformity and lot width provisions, the variance

request should go before the Board of Adjustment and Appeals for a recommendation and the Town Commission for final consideration. Utilizing the variance process would allow the Commission to impose reasonable conditions on the grant of the variance. Such conditions could include limiting the new parcel to the construction of a single-family residence, approving the actual footprint of the proposed residence, and imposing a time-frame in which the residence must be constructed.

Should you have any questions relative to the foregoing, please do not hesitate to contact me.

### **ATTACHMENTS:**

Letter from Mrs. Troiano dated May 10, 2023 Aerial Maps

### **RECOMMENDATION:**

Commission discussion.

Highland Beach Town Commission Town of Highland Beach 3614 South Ocean Blvd. Highland Beach, FL. 33487

Attn: Agenda for meeting May 16, 2023 @1:30PM

Dear Honorable Mayor, Vice Mayor and Highland Beach Town Commissioners,

My husband Dr. Frank Troiano and I are requesting that the parcel, addressed 4611 S Ocean Blvd., to the west of A1A be recognized by the Town of Highland Beach as a separate lot, than the lot, addressed 4611 S Ocean Blvd., to the east of A1A. We would like to build a family home on the west side parcel in the future.

Due to the construction of A-1-A and the adoption of the Highland Beach Comprehensive Plan the lots became separate and distinct lots.

Both lots have always been given different land use and zoning classifications in the **Highland Beach Comprehensive Plan**. RMI - multi family land use on the west side and single family land use on the east side.

Palm Beach County recognizes the lots as being separate on our/their county record card, specifically, lot size designation, tax billing and zoning.

The zoning for the lot is complimentary and in keeping with the zoning of all the other lots around it (north, south and west).

There has been some question regarding non-conformity which calls for conforming lots to be 80' wide. Our lots are 68.06' wide which is considered non-conforming; however, this non-conformity is benign and does not have a negative impact on the health and safety of the public. Our lots are less than 12 feet shy of the 80' conformity. Another reason to further our case, was pointed out by Mr. Labadie and that is our lots are the only lots in Highland Beach that are of this particular type and therefore they are unique and the situation is unique. No case law has been discovered that would negatively apply to our circumstance.

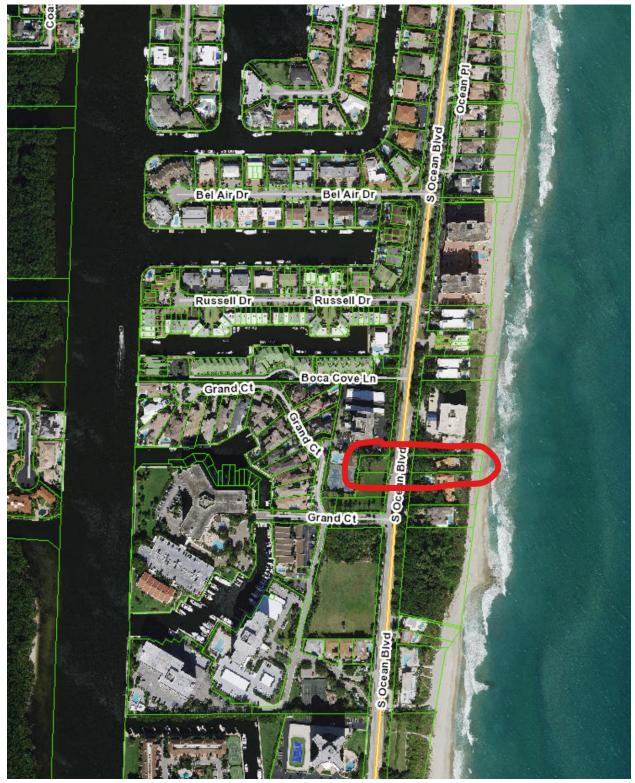

**Conclusion:** The two separate lots are physically divided by A-1-A. Both lots have separate zoning classifications. The county record card recognizes the lots as being separate as defined by lot size, tax billing and zoning classification. All of

the other lots around our west side lot are zoned the same as ours. There is no negative impact on the health and safety of the public by recognizing the lots as distinct and separate. By recognizing that the lots are separate our family would be able to build a beautiful home on the west side lot.

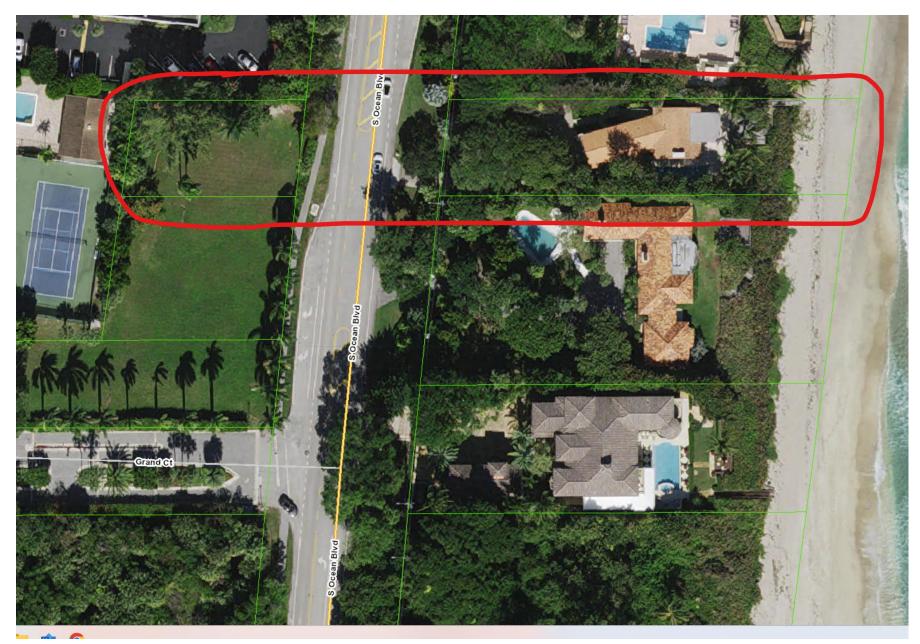

Thank you for this opportunity to meet with you.

Respectfully,

Laura Troiano

A. Designation of a Voting Delegate for the Florida League of Cities 97<sup>th</sup> Annual Conference – Required Business Meetings

# TOWN OF HIGHLAND BEACH AGENDA MEMORANDUM

**MEETING TYPE:** Town Commission Special Meeting

**MEETING DATE** 07/18/2023

SUBMITTED BY: Lanelda Gaskins, Town Clerk's Office

**SUBJECT:** Designation of a Voting Delegate for the Florida League of Cities 97<sup>th</sup>

Annual Conference – Required Business Meetings

### SUMMARY:

The Florida League of Cities (FLC) encourages each municipality to delegate one (1) elected official to serve as a voting delegate and cast their vote at the League's Annual Business Session on Saturday, August 12, 2023. This year the Florida League of Cities' Annual Conference will be held at the Hilton Orlando Bonnet Creek in Orlando, Florida on August 10-12, 2023.

Former Commissioner Gossett-Seidman was selected as the voting delegate for the 96<sup>th</sup> Annual Conference.

Staff is requesting the Town Commission to delegate a member from this Commission as the Town's voting delegate for the Florida League of Cities Annual Business session.

### FISCAL IMPACT:

Travel and Training: Mileage Reimbursement Lodging and Per Diem Meals

### ATTACHMENTS:

June 6, 2023, Letter from the Florida League of Cities

### RECOMMENDATION:

Staff recommend Town Commission delegate one (1) Commissioner as a voting delegate for the FLC 97<sup>th</sup> Annual Conference / Business Session.

To: Key Official

From: Eryn Russell, Florida League of Cities

Date: June 6, 2023

Subject: 97th Annual Conference Voting Delegate Information

The Florida League of Cities Annual Conference will be held at the Hilton Orlando Bonnet Creek in Orlando, Florida, from August 10-12, 2023. This conference will provide valuable educational opportunities to help Florida's municipal officials serve their citizenry more effectively.

We ask that each member municipality sending delegates to the Annual Conference designate one of their officials to cast their votes at the Annual Business Session, which will be held on **Saturday, August 12**. Election of League leadership and adoption of resolutions are undertaken during the business meeting. One official from each municipality will vote on matters affecting the League.

In accordance with the League's by-laws, each municipality's vote is determined by population, and the League will use the Estimates of Population from the University of Florida.

Conference registration materials were sent to each municipality via the League's e-newsletter and are available online at *flcities.com*.

If you have any questions about voting delegates, please email *erussell@flcities.com*. **Voting delegate forms** must be received by the League no later than July 31, 2023.

Attachments: Form Designating Voting Delegate

97th Annual Conference Florida League of Cities, Inc. August 10-12, 2023 Orlando, Florida

It is important that each member municipality sending delegates to the Annual Conference of the Florida League of Cities designate one of their officials to cast their votes at the Annual Business Session. League By-Laws require each municipality to select one person to serve as the municipality's voting delegate. *Municipalities do not need to adopt a resolution to designate a voting delegate.* 

Please fill out this form and return it to the League office so that your voting delegate may be properly identified. Voting delegate forms must be received by the League no later than July 31, 2023.
