Land Development Text Amendment- Lot Split Amendment

Purpose

In line with the development philosophy that assists local citizens in developing their land in an economically responsible manner, we propose to increase the creation of new lots that are split to three lots by administrative process. This will reduce the cost for smaller developers and lower income homeowners to develop their property with a higher density to help increase the City's tax base.

Current Language- Sec 152-39-4 Necessity Of Plat; Exemption From Plat Requirements

A subdivision creating no more than one new lot may be approved by city staff without the necessity of preparing and filing a preliminary plat or final plat if:

Summary of Application

The Applicant is requesting approval of a Zone Change.

Request 1:

Amend the zoning map to re-zone Parcel HD-1-5, commonly addressed as 725 N Willow, Hildale, Utah from the current Residential Agriculture Zone (RA-1) to Single-family residential 8 R1-8. Should the zone change be approved, the applicant intends to submit an application for a subdivision on the same parcel.

Background

This application's parcel HD-1-5 was subdivided without compliance to Hildale City ORD Chapter 39 by the property's previous owner(s). The applicant had made inquires on how to proceed with improvements while returning to compliance with Hildale City's Ordinances. As per City policy, no building permits are approved on illegally subdivided property and the City would take action against any party attempting to improve an illegally divided parcel. Hildale City Staff are in the process of recording deed restrictions to all properties believed to have been illegally subdivided which will inform potential buyers of the restrictions that have been applied to those lots. Additionally, the City reserves the right to criminally prosecute individuals who record subdivisions without complying to Hildale City ORD Chapter 39. However, in order to allow property owners who have purchased illegally subdivided lots to return those lots into compliance with City Ordinances, City Staff committed to work with those individuals in accordance with our Land Use Codes to correct outstanding issues.

In this case, City Staff determined that they would not recognize the subdivision and therefore had to apply for rezone on the parent lot HD-1-5. Additionally, since there were now two parties claiming ownership of the property included in HD-1-5, both would need to agree with the rezone application.

Below is a summary of actions taken in relation to this zone change application:

- The applicant submitted the application on February 3rd, 2022 to the Hildale City offices and paid the fee of \$100.
- As of February 4th, 2022 Hildale City had received two signed affidavits indicating that the two parties claiming ownership of property with HD-1-5 have agreed to the application of rezone.
- The applicant provided addressed, stamped envelopes for all property owners within the required boundary of the subject property.
- City staff prepared a Rezone Letter for Neighboring Properties and mailed the letters within the required notice time.
- The Public Hearing for this zone change request was noticed, as required.

General Plan and Zoning

The property is bounded on the North by HD-1-5 On the East by Willow Street; On the South by Field Ave; and on the West by a canal street; Surrounding properties are zoned RA-1, and RA-.5.

Analysis

The zone change request complies with required standards for approval, as identified in Hildale Planning and Zoning ordinance, section 152-13-3 Uses allowed; and Sec 152-13-4 Development Standards In Residential Zones, as follows:

ZONE CHANGE APPLICATION (General Information)

PURPOSE

All lands within the City are zoned for a specific type of land use (single family residential, multi-family, commercial, industrial, etc.). Zoning occurs to provide for a relationship between various types of land uses which promotes the health, safety, welfare, order, economics, and aesthetics of the community. Zoning is one of the main tools used to implement the City's General Plan.

WHEN REQUIRED

A zone change request is required any time a property owner desires to make a significant change to the use of his/her land. The change may be from one zone density (say 1 acre lots) to smaller lots (10,000 square foot lots). Or, it may be to an entirely different type of use, such as a change from single family zoning to multiple family or commercial zoning. Since the zone applied to your land limits what you can do, a rezoning application is typically the first step toward a change.

REQUIRED CONSIDERATIONS TO APPROVE A ZONE CHANGE

When approving a zone change the following factors should be considered by the Planning Commission and City Council:

1. Whether the proposed amendment is consistent with the Goals, Objectives and Policies of the City's General Plan;
2. Whether the proposed amendment is harmonious with the overall character of existing development in the vicinity of the subject property;
3. The extent to which the proposed amendment may adversely affect adjacent property; and
4. The adequacy of facilities and services intended to serve the subject property, including, but not limited to roadways, parks and recreation facilities, police and fire protection, schools, storm water drainage systems, water supplies, and wastewater and refuse collection.

PROCESS

Contact the Planning Department for when the deadline for submission is. After it is deemed complete, staff will review the request, and prepare a report and recommendation for the Planning Commission. This will be reviewed at a public hearing where the applicant should attend, present the project, and respond to questions from the Planning Commission. Since it is a public hearing, members of the public may also have questions or comments. At the public hearing the Planning Commission will review the application and staff's report and forward a recommendation to the City Council of approval, approval with modifications, or denial the zone change application.

Upon receipt of the Planning Commission recommendation, typically 1-2 weeks after the Planning Commission action, the City Council will consider and act on the Commission's recommendation. The action of the City Council is final. If denied, a similar application generally cannot be heard for a year.

1. Whether the proposed amendment is consistent with the Goals, Objectives and Policies of the City's General Plan;
2. Whether the proposed amendment is harmonious with the overall character of existing development in the vicinity of the subject property;

Subject: Zone Change Application- Lot 12

To Whom it May Concern,

I am writing in reference to a Zone Change Application that was submitted, in my name, on January 31, 2022. The application proposes a change of the zoning district to R1-10, allowing the property to be split into three 10,000 sq.ft lots. This is not my intention with the property, but I did feel that it was the closest representation of the size intended for smaller lot. Ultimately, the purpose is to subdivide the lot into two unequal portions, approximately 1/3 acre and 2/3 acre. I will be keeping the 2/3 acre and selling the 1/3 acre to a family member who intends to build.

Please feel free to contact me if further clarification is needed.

Best regards,

Irene Jessop
