ZONE CHANGE APPLICATION (General Information)

PURPOSE

All lands within the City are zoned for a specific type of land use (single family residential, multi-family, commercial, industrial, etc.). Zoning occurs to provide for a relationship between various types of land uses which promotes the health, safety, welfare, order, economics, and aesthetics of the community. Zoning is one of the main tools used to implement the City's General Plan.

WHEN REQUIRED

A zone change request is required any time a property owner desires to make a significant change to the use of his/her land. The change may be from one zone density (say 1 acre lots) to smaller lots (10,000 square foot lots). Or, it may be to an entirely different type of use, such as a change from single family zoning to multiple family or commercial zoning. Since the zone applied to your land limits what you can do, a rezoning application is typically the first step toward a change.

REQUIRED CONSIDERATIONS TO APPROVE A ZONE CHANGE

When approving a zone change the following factors should be considered by the Planning Commission and City Council:

1. Whether the proposed amendment is consistent with the Goals, Objectives and Policies of the City's General Plan;
2. Whether the proposed amendment is harmonious with the overall character of existing development in the vicinity of the subject property;
3. The extent to which the proposed amendment may adversely affect adjacent property; and
4. The adequacy of facilities and services intended to serve the subject property, including, but not limited to roadways, parks and recreation facilities, police and fire protection, schools, storm water drainage systems, water supplies, and wastewater and refuse collection.

PROCESS

Contact the Planning Department for when the deadline for submission is. After it is deemed complete, staff will review the request, and prepare a report and recommendation for the Planning Commission. This will be reviewed at a public hearing where the applicant should attend, present the project, and respond to questions from the Planning Commission. Since it is a public hearing, members of the public may also have questions or comments. At the public hearing the Planning Commission will review the application and staff's report and forward a recommendation to the City Council of approval, approval with modifications, or denial the zone change application.

Upon receipt of the Planning Commission recommendation, typically 1-2 weeks after the Planning Commission action, the City Council will consider and act on the Commission's recommendation. The action of the City Council is final. If denied, a similar application generally cannot be heard for a year.

RE: Notice of Public Hearing — Re-zone Request
Parcel Numbers: HD-SHCR-3-44 & HD-SCHR-3-45
Address: 920 North Oak St., Hildale, Utah

You are invited to a public hearing to give any input you may have, as a neighboring property owner, regarding a request to rezone the above-listed parcel from Residential Agriculture 1 (RA-1) to Residential 1-8 (R1-8).

Residential agriculture zones allow a mix of agricultural and residential uses on large lots. Limited agriculture activities, the keeping of limited numbers of animals, and the enjoyment of a "gentleman farmer" type neighborhood are the purpose of these zones. RA-1 zone fosters very low- and low-density development with little impact on its surroundings and municipal services; to preserve the character of the city's semi-rural areas; and to promote and preserve conditions favorable to large-lot family life, including the keeping of limited numbers of farm animals and fowl. Other major uses in these zones are small farms, hobby farms and agricultural developments. Ancillary uses include churches, schools, and parks to serve neighborhood areas.

Residential zones protect the stability of neighborhoods and encourage, collectively, diverse types of desirable new residential development and protect existing residential uses. The purpose of the R1-8 zone is to permit development of detached single-family homes on individual lots at medium to high densities. Ancillary uses include churches, schools, and parks to serve neighborhood areas.

Details of Zones are found in the Hildale City Land Use Ordinance, available from City Hall, or at https://hildale.municipalcodeonline.com/book?type=ordinances#name=CHAPTER_13_RESIDENTIAL_ZONES

The hearing will be held Thursday, June 10, 2024. Objections, questions or comments can be submitted in person at the Hildale City Hall, or by mail to:

City of Hildale Zoning Administrator
P.O. Box 840490, Hildale, Utah 84784
or Zoning Administrator (435) 874-2323
or at manager@hildalecity.com.

Any owner of property located entirely or partially within the proposed zoning map amendment may file a written objection to the inclusion of the owner's property in the proposed zoning map amendment, not later than 10 days after the day of the public hearing. Each written objection filed with the municipality will be provided to the Hildale City Council.

Sincerely,

Eric Duthie, City Manager / Zoning Administrator
