7. Items for decision - regular agenda

- A. General use rezoning: 1509 Orange Grove Rd. (PIN 9864924639); R-10 to Multifamily

The board considered approval of an ordinance amending the Zoning Map, rezoning a parcel on Orange Grove Road from R-10 to Multifamily. The board also considered approval of the consistency statement that the rezoning is consistent with the Future Land Use Map.

Ferguson expressed concern about the project. Lloyd agreed with her, particularly because it may be challenging for the town to provide sewer services to the site due to topographical challenges.

Hughes said he was in favor of approving the rezoning because right now single-family housing is already allowed on that land.

English agreed with Hughes and noted this is an opportunity to increase density within walking distance to downtown.

When the board asked for a summary of the sewer service possibility, Utilities Director Marie Strandwitz said the Utilities Department has told the developer that the town does not want another pumping station for sewage, so the developer would have to figure out how to make gravity work. Water is available, and the developer could explore installing a septic system. Strandwitz also said she had reminded the developer that there are sewer basin limits in place due to capacity issues, so duplexes may have to be built one or two at a time instead of all at once.

The board did not reach a unanimous decision to rezone. Ferguson and Lloyd decided to vote against the project, expressing concern that the land was not a good location for multifamily housing because of topography that could make a gravity sewer connection difficult or impossible. Commissioner Mark Bell was absent, so the mayor broke the tie with a vote in favor of the rezoning, noting that she was voting this way because of walkability to downtown and other locations along Churton Street.

Motion: Hughes moved to adopt rezoning ordinance and consistency statement. English seconded.

Vote: 3-2. Ayes: English, Hughes and Weaver. Nays: Ferguson and Lloyd.

B. Hot topics for work session March 27, 2023

At the work session on March 27, the board plans to review priority transportation projects.

C. Revisions to Appendix F of Town Code of Ordinances: Technical Specifications for Water and Sewer Systems

Motion: Hughes moved to adopt the revised document into town code Appendix F by reference and to note the document will be updated periodically, not requiring board approval. Ferguson seconded.

Vote: 4-0. Nays: None.
