COMMENTS OF THE AUDIENCE

COMMENTS OF THE CITY STAFF

Parks Superintendent commented on the benefits to having an additional meeting in February and adding the additional members. He gave a shout out to all the hard work that ADA Coordinator Krause accomplished on the transition plan.

City Clerk Jacobsen commented that it appeared the Committee had a very productive meeting.

COMMENTS OF THE COMMITTEE

Member Thorsrud expressed her appreciation for Parks Superintendent Steffy taking care of the Bayview Park so quickly and that it was a good meeting, very productive. She appreciated the constraints and what is needed to be done under the ADA but is glad that it is not like other meetings that just go on and on.

Member Deadrick commented on their previous discussion and was thinking about the ability to amend the resolution to require appointing a person with a physical disability to one of the new seats since they already passed a motion.

A brief discussion ensued on the legal aspect and Member Deadrick issued a reconsideration of the Resolution amending the membership in order to allow the City Clerk to check with the City Attorney on the ability to designate specificity for one position or seat to be reserved for a public member with physical disabilities.

Chair Aderhold noted that the Resolution will be reconsidered at the February meeting.

Member Geisler stated that the State Independent Living Council that oversees the Centers for Independent Living and three others in the state have developed and entered into a five year contract with Northwest ADA to perform statewide trainings and eventually some technical assistance and the person they hired, Amanda Coello, who lives in Soldotna, her father was one of the original signers of ADA. She may be able to offer assistance to them in the future.

Chair Aderhold expressed her appreciation for the work that was performed on the draft Transition Plan and as long as the Council approves their 2022 meeting schedule they will next meet on February 10th of next year. She noted how effectively they conducted their business in about 45 minutes or so.

ADJOURNMENT

There being no further business to come before the Committee the meeting adjourned at 4:50 p.m. The next regular meeting is scheduled for Thursday, February 10, 2022 at 4:00 p.m. at the City Hall Cowles Council Chambers located at 491 E. Pioneer Avenue, Homer, Alaska and via Zoom webinar.

Memorandum

TO: ADA COMPLIANCE COMMITTEE

FROM: RENEE KRAUSE, MMC, ADA COORDINATOR/DEPUTY CITY CLERK

DATE: FEBRUARY 2, 2022

SUBJECT: DRAFT PARKS TRANSITION PLAN AND ACCESSIBILITY SURVEYS

The following pages contain a draft of the Parks Transition Plan so far, I have not progressed as far as I hoped due to assignment of other more pressing projects. Please review the document, I have made some revisions in the written text portion of the draft. These are indicated by bold and underlined text and recommended deletions are stricken out.

Using the notes that were provided by the committee members and staff plus the photos, I created a spreadsheet entering the non-compliant feature or ADA issue and proposed recommendations as well as the section of the regulatory guidelines.

The next concurrent step is for Public Works Staff to start working on the estimates of cost to make the corrections and to determine if the work will be done in house or if it is an item that would require contracting out. That information would then be shown under the estimated cost column.

The final step once all descriptions and non-compliance issues listed would be to determine the priority or the corrections needed. I hope to be able to have those done for the May meeting.

Included are the checklists for reference.

Action Requested:

Please review the document and provide any amendments including formatting that the Committee would like to have done.

Memorandum

TO: ADA COMPLIANCE COMMITTEE

FROM: RENEE KRAUSE, MMC, ADA COORDINATOR/DEPUTY CITY CLERK

DATE: FEBRUARY 2, 2022

SUBJECT: PARKS TRANSITION PLAN DEVELOPMENT – COMMUNITY SURVEY

In review of other municipalities' transition plan development I found that Washington State Parks included a brief survey on their website, at their park kiosks and distributed to municipalities around the state to gather user feedback and input on the accessibility of their facilities. I think that this would be a great opportunity that the City can do for little to no cost by using the City website and Facebook page plus the new city newsletter. This would provide additional support and give a more defined accessibility picture of our facilities.

There are only seven questions as follows. I have tailored them already to the City of Homer.

Question 1. Are there programs or activities by the City of Homer, or facilities owned by city that you or someone you know cannot enjoy because of accessibility issues?

Question 2. Have you participated in a program or activity or visited a city facility or park that you particularly enjoyed?

Question 3. Which location owned by the City of Homer is most important to you?

Question 4. Rank the following types of City of Homer facility types in order of importance to you with 1 as most important.

- beach access
- picnic/fire ring/grill
- parking
- shelter
- playground
- sports field
- campground

Question 5. Is the City of Homer Parks website accessible to you?

Question 6. Do you feel that the City of Homer Parks system provides adequate emergency response services to assist citizens with disabilities?

Question 7. What program, activity, or facility improvements would best promote accessibility to City of Homer parks, beaches or trails?

Action Requested:

Please review and make a motion to request approval from the City Manager to implement.

RESOLUTION 21-083

A RESOLUTION OF THE CITY COUNCIL OF HOMER, ALASKA, ESTABLISHING THE 2022 REGULAR MEETING SCHEDULE FOR CITY COUNCIL, ECONOMIC DEVELOPMENT ADVISORY COMMISSION, LIBRARY ADVISORY BOARD, PARKS ART RECREATION AND CULTURE ADVISORY COMMISSION, PLANNING COMMISSION, PORT AND HARBOR ADVISORY COMMISSION, AND AMERICANS WITH DISABILITIES ACT (ADA) COMPLIANCE COMMITTEE.

WHEREAS, Pursuant to Homer City Code (HCC) Section 1.14.020, the City Council annually sets the schedule for regular and some special meetings, noting the dates, times and places of the City Council, Planning Commission, Advisory Commissions and Boards, and Standing Committee meetings; and

WHEREAS, The public is informed of such meetings through notices located at the City Clerk's Office, Clerk's Calendar on KBBI, the City Clerk's Website, and postings at the Public Library; and

WHEREAS, HCC 1.14.020 - 040 states that meetings may be advertised in a local paper of general circulation at least three days before the date of the meeting and that special meetings should be advertised in the same manner or may be broadcast by local radio at least twice a day for three consecutive days or two consecutive days before the day of the meeting plus the day of the meeting; and

WHEREAS, HCC 1.14.010 notes that the notice of meetings applies to the City Council and all commissions, boards, committees, subcommittees, task forces and any sub-unit of the foregoing public bodies of the City, whether meeting in a formal or informal meeting; that the failure to give the notice provided for under this chapter does not invalidate or otherwise affect any action or decision of a public body of the City; however, this sentence does not change the consequences of failing to give the minimum notice required under State Statute; that notice will ordinarily be given by the City Clerk; and that the presiding officer or the person or persons calling a meeting are responsible for notifying the City Clerk of meetings in sufficient time for the Clerk to publish notice in a newspaper of general circulation in the City; and

WHEREAS, This Resolution does not preclude additional meetings such as emergency meetings, special meetings, worksessions, and the like; and

WHEREAS, Council adopted Resolution 06-144 on October 9, 2006 establishing the Regular Meeting site for all bodies to be the City Hall Cowles Council Chambers.

NOW, THEREFORE, BE IT RESOLVED by the Homer City Council, that the 2022 meeting schedule is established for the City Council, Economic Development Advisory Commission, Library Advisory Board, Parks Art Recreation and Culture Advisory Commission, Planning Commission, Port and Harbor Advisory Commission, and the American with Disabilities Act (ADA) Compliance Committee of the City of Homer, Alaska, as follows:

Memorandum

TO: Mayor Castner and Homer City Council
FROM: Rob Dumouchel, City Manager
DATE: January 20, 2022
SUBJECT: City Manager's Report for January 24, 2022 Council Meeting

HERC Update

The survey is complete; 478 people responded! 68% view a redesigned HERC as an important facility, and would be willing to contribute on average, several hundred dollars a year per household through both user fees and increased taxes. The preferred funding sources are: Reallocate Existing Funds (29%), Sales Tax (24%), and Property Tax (14%). Businesses responded that they would be interested in helping to fund the HERC by renting facilities. The most popular facilities included: Multi-Activity Room, Commercial Kitchen, Convention Center and Fitness Center.

One of the most interesting results of this project was the ability to compare the results from the 2015 Parks, Art, Recreation, and Culture Needs Assessment and the 2022 survey. This comparison allows insight into how the community responses have changed. The support to build a new HERC has significantly increased (from 30% to 70%). While non-significant, opposition has decreased from 40% of respondents to less than 10%; and moderates have decreased from 30% to 10%. The demand for programs and facilities has increased. The concern about the lack of programming/facilities is significantly higher (70% vs 25%) and is cited as the primary item preventing more recreation from occurring.

Next Steps:

- Staff continues to respond to businesses who expressed interest in the project;
- Stantec has begun site and building concept design work; and
- Full survey results and drawings will be available in early March.

FY21 Audit

Auditors from BDO have been working with Finance Department staff remotely and in person. There is still a significant amount of work for our contracted auditors to complete, however, the time focused on Homer across the last two weeks is a big step towards closing the books for FY21. Additionally, when the audit is complete, it will allow us to finalize the last pieces of the fiscal year change which was initiated by Resolution 20-112 and integrated into Homer City Code via Ordinance 20-89. The fiscal year change created a significant amount of work for the Finance Department, and we're very excited to be nearing the end of that project.

Mid-Biennium Budget Adjustment Preparation

Budget adjustment forms have been distributed to staff and the Finance Department is meeting with all departments to discuss fiscal year to date spend. I am anticipating that we will be before Council in March with proposed mid-biennium adjustments.

Library Annual Report

Attached to this report is the Homer Public Library's 2021 Annual Report. The report gives a great overview to the various programs, projects, opportunities, and challenges the Library faced in 2021.

Personnel Updates

Volunteer Fire Department: Jaclyn Arndt has been promoted to Firefighter/EMT II. Jaclyn joined the department in 2016 as the Department Services Coordinator where she took on both administrative and emergency response roles. She will now be focused on emergency response and using her skills as a certified training instructor for EMT-1 and Firefighter-1 classes.

Police Department: Tom Kirko has joined the HPD team as a Police Officer Recruit. He will attend the Department of Public Safety Academy in Sitka beginning in February. Tom was previously a dispatcher for the Seattle Police Department for the last five years.

Port & Harbor: Rose Riordan joined the Homer Port & Harbor as the Administrative Assistant this month. She has worked previously for the City in the Parks division as a seasonal Parks Maintenance Technician, where she partnered with Aaron Yeaton to create the Parks Forest Inventory. She is the 2021 State of Alaska Women's Disc Golf Champion.

2021 Annual Report

Artist Megan Frost exhibited her work in the fireplace lounge for the last three months of the year.

- Jan. 1: Start of FY 2021, a six-month fiscal year. The building remains closed to the public but patrons can access curbside pickup, outdoor wi-fi and all digital resources. The balance in the Library Endowment Fund stands at \$31,880.28.
- Jan. 26: The Library Advisory Board (LAB) holds a joint worksession with the Friends of Homer Library (FHL) to discuss coordinating fundraising between the two groups.
- February-May: Library staff run a Kids' Book Club.
- Feb. 1: The library building opens by appointment. Library

Calendar year 2021 began with the library building closed to the public and staff on staggered shifts. It ended with most library services back to normal and a few additional services in operation. During the past twelve months the library added or expanded several new subcollections, acquired self-checkout machines and thoroughly modernized day-to-day operations, to cite just a few improvements.

Staff demonstrated extraordinary dedication to their jobs through all the ups and downs occasioned by the coronavirus. HPL also owes a great debt of gratitude to the Friends of the Library and all the volunteers who helped over the past year, always without pay. The Library Advisory Board deserves recognition for its tireless efforts to develop and refine new policies, working to improve HPL's services and ensure the long-term financial health of the institution.

This report summarizes the major events at the library during 2021, capturing the highlights of a busy year.

January

The library doors remained closed due to COVID-19, but the staff served 497 patrons through curbside checkout. Electronic resources saw more usage than before the pandemic.

staff begin inserting Radio-Frequency ID (RFID) tags into all 50,000 items in the library's physical collection, with help from a great many volunteers.

- Feb. 2: The LAB reviews the fines and fees schedule but recommends no changes.
- Feb. 2-23: Artist Skywalker Payne leads a series of storytelling workshops for Black History Month.
- Feb. 3: Author Nadia Salomon reads her book *Heart of a Whale* for World Read Aloud Day.
- Feb. 16: The Homer Seed Library sets up shop at the library's front entrance.
- Feb. 22: Resolution 21-018 supports FHL's application for planning assistance from the National Park Service through the Rivers, Trails and Conservation Assistance (RTCA) program.
- Feb. 25: The Library Director assumes oversight of the City IT division.
- Mar. 2: The LAB debates a draft version of a Donation Acceptance and Management Policy.
- Mar. 9: Staff and Friends install a new microphone/speaker system in the fireplace lounge.
- Mar. 16: The LAB holds a joint worksession with FHL to finalize the Donation Acceptance and Management Policy.
- Mar. 29: The library building opens without appointments, on limited hours.
- Apr. 1: The library begins

The LAB and the Friends of the Library focused on planning for the coming year, including a collaborative approach to fundraising. Developing a clear set of priorities and dividing responsibilities took up much of 2021.

February

February saw the launch of the Homer Seed Library. A community-operated project, the seed library encourages patrons to share their own seeds and "check out" seeds from others!

The library received a boost from dozens of volunteers who began inserting Radio Frequency ID (RFID) tags into all 50,000 items in the print collection. This project pulled in helpers from the Friends of the Library, the regular staff and interested members of the community, and went on for months. The RFID tags play a critical role in the self-checkout system and also speed up operations at the front desk.

The LAB and the Friends of the Library exchanged reciprocal liaisons and committed to working together to raise funds for HPL.

March

The LAB held two in-depth meetings with the Friends to develop a framework for a donation strategy and a Donation Acceptance and Management Policy. In a completely unrelated incident, a snowplow knocked over a light pole in the parking lot.

Claudia Haines at the library's grand opening, Sept. 16, 2006.

April

After ten years as an employee and even longer as a community supporter, Youth Services Librarian Claudia Haines left to pursue other professional goals. Callista Faucher also stepped down as a Library Technician I.

The library switched on its new security cameras for the first time.

The LAB and the City Council approved a new Donation Acceptance and Management Policy, streamlining the process for handling financial donations to the library.

The Friends of the Library stayed busy. For the second year in a row, the Celebration of Lifelong Learning took place on KBBi. The Friends received a grant from the Rivers, Trails and Conservation Assistance (RTCA) program, which helps communities plan and implement improvements to outdoor infrastructure such as the walking trail to the west of the library.

May

Savanna Bradley joined the library staff as a Temporary Aide and Susan Jeffres came on board as a Library Technician I.

The Friends of the Library refurbished the bookmobile, adding solar panels and LED interior lights, and varnishing all the shelves. The Friends also collaborated with library staff and City parks personnel to devise a plan for reducing the labor cost of maintaining the landscaping. This plan marked the start of an ambitious effort to overhaul the library grounds, including removing invasive species, replanting some flowerbeds with grass, installing drainage, rebuilding damaged walls, clearing sightlines and simplifying maintenance.

A window on the south side of the building shattered during Memorial Day weekend. Security camera footage showed no snowplows at the scene.

RTCA personnel and City staff toured the western lot on June 21.

June

The library resumed its regular hours and the meeting room reopened. There was much rejoicing.

The Summer Reading Program began with a relatively full slate of activities, in spite of interference from COVID. Thanks go out to the Friends, and particularly Friends Coordinator Cheryl Illg, for putting in the huge number of hours needed to make the program a success. The virus forced many events to go

- Jul. 4: The bookmobile participates in the Independence Day parade, with a procession of FHL volunteers and kids handing out free books.

online, but we still managed a significant roster of authors and activities.

Representatives from the RTCA toured the western lot and began the conceptual design work of upgrading the trail.

The library's new fiber-optic cable went live on July 22.

July

The July 4 parade featured the bookmobile cruising down Pioneer Avenue with sunglasses on and solar panels charged to the max, leaving books in the hands of young spectators. No synchronized dancing this year, but maybe next...

On July 20, the library marked a milestone as the RFID tagging project officially reached completion. In other collection-related news, the Pratt Museum collaborated with library staff to reproduce some of the historic maps in the museum collection and make the copies available in the library.

Self-checkout machines started up on August 3.

- Jul. 8: Author Vera Brosgol leads a workshop on comics and publishing.
- Jul. 12-16: Author Lee Post leads a series of workshops on comic-making for kids.
- Jul. 15: Minh Le's *Drawn Together* takes over as the StoryWalk® book for the month.
- Jul. 20: Staff and volunteers finish inserting Radio-Frequency ID (RFID) tags in all of the library's physical materials.
- Jul. 22: The library's internet connection speeds up, thanks to a new 400 Mbit/sec fiber optic cable. In partnership with the Pratt Museum, the library reproduces a selection of historic maps of Homer and makes the copies available to the public.
- Jul. 27: The LAB reviews a draft Donor Recognition Policy and votes to support placing a memorial bench for Duffy Murnane on the library grounds.
- Aug. 3: Self-checkout machines go live.
- Aug. 4: FHL volunteers finish the gardening improvements for the season.
- Aug. 7: End of the Summer Reading Program.

- Aug. 12: City policy once again requires masks in public buildings.

Molly of Denali visited the library on August 9.

August

The self-checkout machines went live on August 3. Molly of Denali, from the eponymous PBS series, visited the library and met with fans outside in the plaza. The Friends voted to resume the Art in the Library program, which provides display space for local artists in the fireplace lounge for three months at a time.

In the middle of the month, South Peninsula Hospital took over part of the library parking lot for a free COVID testing clinic. Medical staff administered roughly 1,000 tests over the course of a week.

- Aug. 15: *Salmon Boy* by Johnny Marks closes out the StoryWalk® season.
- Aug. 15-20: A free COVID clinic outside the library administers roughly 1,000 tests.
- Aug. 25: Brighter LED bulbs replace the fluorescent lights in the library parking lot.
- Sept. 7: The LAB forwards the draft Donor Recognition Policy to FHL for comment.
- Sept. 9: Author Elena Passarello discusses her process in collaboration with 49 Writers.
- Sept. 18: Tech Help resumes, offering free computer advice to the public every other Saturday.
- Sept. 21-22: Representatives of the RTCA program visit Homer and conduct visioning sessions at the library.
- Sept. 24-25: The Friends of the Library Book and Plant Sale, the first full-size sale since the beginning of the pandemic.
- Oct. 1: Savanna Bradley leaves the library after working as a temporary Library Aide throughout the summer. The library begins offering vinyl LPs for checkout, with a record player in one of the study rooms.
- Oct. 1-Dec. 31: Artist Megan Frost displays her work in the fireplace lounge as part of the Art in the Library program.
- Oct. 7: The LAB votes to approve the Donor Recognition Policy. Jimmy Riordan visits the library with his traveling Art Workshop.
- Oct. 8: Author Jesse Wegman

The Friends of the Library Book and Plant Sale delighted customers Sept. 24-25.

September

Representatives of the RTCA returned to Homer for two days of meetings with local community groups, including the Kachemak Heritage Land Trust, Bunnell Arts Center, the Pratt Museum and others. Local citizens contributed their input on how to improve the trail to the west of the library.

The Friends of the Library Book and Plant Sale turned out to be the event of the season. The first full-scale event since the beginning of the pandemic, it harnessed a lot of pent-up demand. All the plants sold out by noon on the first day.

October

Savanna Bradley left the library at the end of her six-month contract. Staff launched a new collection of vinyl LPs in the music section and installed a record player in study room 5. (Just to prove that Homer keeps up with the times, the record player comes with wireless headphones that can pick up the signal anywhere in the building.)

The LAB officially approved the Donor Recognition Policy and Council adopted it. The new policy lays out a process for acknowledging the many Homer patrons who contribute to the success of the library.

Traveling artist Jimmy Riordan visited the Bunnell Arts Center, with a side trip to the library to show off his Art Workshop, housed in a renovated bookmobile from Pittsburgh. The Homer bookmobile put in an appearance to welcome the visitors and compare amenities.

The meeting of the bookmobiles, Oct. 7.

November

Cinda Nofziger joined the library staff as the new Youth Services Librarian.

Local author Doug Dodd kicked off the first in-person reading of the year with his new book, *Hero Unaware*. Several other authors participated in events during November and December. The library also hosted the *Illustrating Alaska* exhibit, showing off the work of four Alaskan illustrators and describing their processes.

The Friends distributed book boxes to local schools, part of a long-standing effort to make sure even our most-distant patrons have access to reading materials.

Illustrating Alaska displayed the works of Alaskan artists Nov. 1-Dec. 23.

- Dec. 30: A new artist, Briana Hume, puts up work for display in the library fireplace lounge.
- Dec. 31: The unofficial balance in the Library Endowment Fund stands at \$38,708.73.

Many wonderful patrons contributed to the Giving Tree during December.

December

The annual Giving Tree occupied pride of place in the library lobby throughout December. In partnership with the Homer Bookstore, the Giving Tree encourages patrons to donate specific titles to the library by choosing gift tags off the tree. Over the course of the month patrons donated 52 books and \$700 worth of gift certificates to the library collection. In partnership with Community Recreation, the library began offering sports equipment for checkout from the front desk.

City Council accepted two grants from the Institute of Museum and Library Services, totaling \$25,091. These grants will fund several improvements to library services: upgrading the wi-fi network, purchasing ten hotspots for checkout and five little libraries to be installed in City parks, and providing \$2,500 for new print materials in the library's regular collection.

On December 27, maintenance staff discovered a series of leaks in the roof over the study rooms and in the back workroom. While the collection escaped harm, the wallboard above the study rooms sustained damage.

Thank you!

Our deepest thanks to all those who supported the library during 2021. Many members of the public contributed their time, energy and money to guarantee the success of the institution. We here recognize those who donated to the library's long-term sustainability:

City of Homer
Homer Foundation City Grant Program
491 East Pioneer
Homer, AK 99603

Dear Mayor Castner, City of Homer Council members and Homer Foundation Board of Directors,

I am writing on behalf of Kachemak Heritage Land Trust to thank you for the 2021 grant award from the City of Homer through the Homer Foundation. This grant was used as a 1:1 match for a grant from the US Fish and Wildlife Services' Coastal Program and funded staff time and materials dedicated to stewarding land under our care and to assessing the potential for new conservation efforts within City limits.

In addition, funds from this program show our other supporters and grant funders the support of our local city. Again, we appreciate the City's dedication to this program and look forward to continuing to build and maintain a strong connection to the City's goals, including work under consideration in the Beluga wetlands area and on the Poopdeck Trail.

Sincerely,

A handwritten signature in blue ink, appearing to read "Marie McCarty". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

RESOLUTION 22-008

A RESOLUTION OF THE CITY COUNCIL OF HOMER, ALASKA,
INCREASING THE MEMBERSHIP OF THE AMERICANS WITH
DISABILITIES ACT (ADA) COMPLIANCE COMMITTEE FROM FIVE
MEMBERS TO SEVEN MEMBERS.

WHEREAS, The American with Disabilities Act (ADA) Compliance Committee completed a portion of their responsibility to bring the City into compliance with Title II of the ADA by developing policies and procedures for the filing of grievances, and development of a Transition Plan that was adopted by City Council via Resolution 19-024; and

WHEREAS, City Council adopted Resolution 19-055 which further defined the Committee membership and confirmed it as a standing committee; and

WHEREAS, The ADA Compliance Committee has begun the next phase of the development of the Transition Plan that focuses on city owned parks, trails and campgrounds and has encountered obstacles regarding membership, attendance and performing the tasks needed; and

WHEREAS, The addition of two members to the committee would guarantee obtaining a quorum for each scheduled meeting, performance of the tasks required to complete the remaining phases of the required transition plan, and future reviews of programs and services offered by the City of Homer.

NOW, THEREFORE, BE IT RESOLVED by the City Council of Homer, Alaska, to increasing the membership of the ADA Compliance Committee from five members to seven members.

BE IT FURTHER RESOLVED that the City Council of Homer, Alaska, encourages residents with disabilities, including non-residents of the area, business leaders, and property owners, to apply to fill the additional committee member seats.

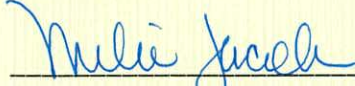

PASSED AND ADOPTED by the Homer City Council this 10th day of January, 2022.

AARP COMMUNITY CHALLENGE

Grants to make communities livable for people of all ages
aarp.org/CommunityChallenge

2022 AARP Community Challenge

*A grant program to make communities **more livable** for people **of all ages** with **tangible improvements** that jump-start long-term change*

AARP invites you to submit applications for quick-action projects that can help your community become more livable for all (especially those age 50 and over), by improving public places; transportation; housing; civic engagement; diversity, equity, and inclusion; federal funding implementation; and more.

Applications must be submitted through www.aarp.org/communitychallenge and are due by March 22, 2022, 5:00 p.m. ET. All projects must be completed by November 30, 2022.

AARP AND LIVABLE COMMUNITIES

AARP's work on livable communities supports the efforts of neighborhoods, towns, cities and counties nationwide to become more livable for all. We believe that communities should provide safe, walkable streets; affordable and accessible housing and transportation options; access to needed services; and opportunities for residents (especially those age 50 and older) to participate in civic and community life.

AARP has offices in every state, the District of Columbia, Puerto Rico and the U.S. Virgin Islands and is working with local leaders in roughly 600 communities who are part of the AARP Network of Age-Friendly States and Communities. Our vision is for a future in which communities—urban, suburban and rural—are great for people of all ages.

AARP COMMUNITY CHALLENGE

It takes time to build great communities, but quick actions and tangible improvements can help spark longer-term progress. To support this, in 2017 AARP launched the AARP Community Challenge to fund projects that build momentum for change.

Since then, the AARP Community Challenge has awarded over 800 grants that have demonstrated the ability to:

- Leverage **additional funds** and support from public, private and philanthropic funders;
- Advance change and **overcome policy barriers**; and
- Lead to new relationships, and greater **awareness and engagement** with the effort.

AARP is currently soliciting applications for 2022 funding. Applications are due by March 22, 2022, 5:00 p.m. ET, and all projects must be completed by November 30, 2022.

Applications must be submitted through www.aarp.org/communitychallenge. See Attachment A for the sample application.

PROJECT TYPES

AARP will prioritize projects that support residents age 50 and over, are inclusive, address disparities, directly engage volunteers and aim to achieve one or more of the following outcome areas:

- Create vibrant **public places** that improve open spaces, parks and access to other amenities.
- Deliver a range of **transportation** and mobility options that increase connectivity, walkability, bikeability, wayfinding, access to transportation options and roadway improvements.
- Support a range of **housing** options that increases the availability of accessible and affordable choices.
- Ensure a focus on **diversity, equity and inclusion** while improving the built and social environment of a community.
- Support communities' efforts to **build engagement and leverage funding available under new federal programs** through laws like the American Rescue Plan Act, the Infrastructure Investment and Jobs Act, and more.
- Increase **civic engagement** with innovative and tangible projects that bring residents and local leaders together to address challenges and facilitate a greater sense of inclusion.
- **Other community improvements**; including health services, community development, and coronavirus pandemic recovery.

Community Challenge grants can be used to support the following types of projects:

- **Permanent physical improvements** in the community
- **Temporary demonstrations** that lead to long-term change
- **New, innovative** programming or services

Please note: Project types described above will be prioritized over those that support ongoing programming or events.

See **Attachment C** for specific examples from previous AARP Community Challenge funded projects.

ELIGIBILITY

The program is open to the following types of organizations:

- 501(c)(3), 501(c)(4) and 501(c)(6) nonprofits
- Government entities
- Other types of organizations considered on a case-by-case basis

GRANT AMOUNTS

Grants have ranged from *several hundred* dollars for smaller, short-term activities to *tens of thousands* of dollars for larger projects. Since 2017, our average grant amount is \$11,500 and 76% of grants have been under \$15,000. While AARP reserves the right to award compelling projects of any dollar amount, the largest grant that has been awarded under the Community Challenge is \$50,000.

2022 TIMELINE

Dates	Key Activity
March 22, 2022 (5:00 p.m. ET)	Deadline for applications.
May 2022	Selected and non-selected applicants will be notified of their status via email.
June 15, 2022	Deadline for MOU and vendor forms to be completed and returned by grantees to AARP.
June 29, 2022 (tentative)	Announcements of selected grantees to public and projects can start.
November 30, 2022	Deadline for project completion.
December 14, 2022	Deadline for After-Action Report.

APPLICATION REQUIREMENTS

- Applicants must meet the eligibility requirements.
- Applications must be submitted through AARP.org/CommunityChallenge with all pertinent information by March 22, 2022, 5:00 p.m. ET.
- Incomplete applications will not be reviewed.

GRANT SELECTION

Grant recipients will be selected by an AARP panel of experts on aging, community development and livable communities. Projects will be judged on the degree to which their goals make an immediate change that leads to longer-term impact in a manner that meets all other selection criteria.

The following projects are **NOT** eligible for funding:

- Partisan, political or election-related activities
- Planning activities and assessments and surveys of communities without tangible engagement
- Studies with no follow-up action
- Publication of books or reports

- Acquisition of land and/or buildings or a vehicle (such as a car or truck) purchase
- Sponsorships of other organizations' events or activities
- Research and development for a non-profit endeavor
- Research and development for a for-profit endeavor
- The promotion of a for-profit entity and/or its products and services

Eligible projects will be assessed on:

- **IMPACT (60 points)** – The project addresses a clear need that brings positive change and demonstrates the ability to overcome barriers and accelerate, grow and/or sustain the community's efforts to become more livable for residents (especially those age 50 and older), focuses on diversity, inclusion and addresses disparities.
- **EXECUTION (30 points)** – Applicants demonstrate capacity to deliver the AARP Community Challenge project on time and within the awarded budget, effectively engage residents and key stakeholders, and leverage volunteers (especially those age 50 and older) in the execution.
- **INNOVATION (10 points)** – The project demonstrates creativity or unique design or engagement elements which will contribute to its impact on residents (especially those age 50 and older)

In addition to the criteria provided, AARP will also evaluate each project based on its consistency with the AARP mission to serve the needs of people 50-plus.

ADDITIONAL OPPORTUNITIES

An Opportunity for Other Possible AARP Funding:

By submitting a proposal for the AARP Community Challenge initiative, you and your organization give AARP permission to reach out to you and others at your organization about other possible AARP funding opportunities that your proposal may be eligible for based on the AARP Community Challenge criteria. However, please note that AARP is not obligated in any way to consider your proposal for any additional AARP funding.

Note Regarding Other Potential Funders:

AARP might be contacted by other potential funders that could be interested in funding projects that were not funded through the AARP Community Challenge. The potential funders may have additional process steps and funding requirements than those of the AARP Community Challenge. If requested, AARP would like to send your contact information, organization name and a short description of the proposal, including the community where the project would take place ("Project Information"). Please note that these projects will be subject to any potential funder's own terms, conditions and review. Please indicate in your application whether or not you give permission to AARP to share your Project Information with other potential funders. We will alert you before this Project Information is given to potential funders.

GRANT SELECTION NOTIFICATION

Grant recipients and unselected applicants will be notified by email in May 2022. Grantees must execute and email a binding Memorandum of Understanding and completed vendor forms to AARP by June 15, 2022. Noncompliance with this deadline may result in disqualification or delayed funding.

SUBMISSION TERMS AND CONDITIONS If you submit this application, you agree on behalf of yourself and your organization to release AARP and its affiliates and their respective officers, directors, employees, contractors, agents and representatives from all liability associated with sharing the Project Information with potential funders.

By submitting an application to AARP, the applicant agrees that:

- The decisions of AARP regarding the eligibility of applicants and the validity of entries shall be final and binding.
- All submissions will be judged by AARP, whose decisions and determinations as to the administration of the award and selection of award recipients are final.
- AARP has the right, in its sole discretion, to cancel, or suspend the award.
- All projects and applications shall not violate any third-party rights.
- Except where prohibited by law, participation in the AARP Community Challenge constitutes the Applicant's consent to AARP's use of the organization's name and corporate logo, street address, city, state, zip code, county, and names, likenesses, photographs, videos, images, and statements made or provided by the Applicant's representatives regarding the award for promotional purposes in any media without further permission, consent, payment or other consideration.
- All promotional materials (such as newsletters, press releases), events and signage related to the funded project will include a statement indicating that support was received from AARP.
- The organization is required to capture photos of the project and is encouraged to capture video. As the organization captures photos and video of the project, if an identifiable individual appears in the photos and/or videos, the organization is responsible for having him/her sign the AARP General Release (this document will be provided to grantees with the MOU and other required paperwork). In addition, the organization should not include any element in photos or videos provided to AARP that may violate third party rights such as artwork and trademarks in text and logo other than those owned by the organization and AARP. The organization should be prepared to send work in progress photos to AARP upon request. Following the grant period, grantees are required to respond to periodic requests for updates from AARP.
- AARP and its affiliated organizations, subsidiaries, agents and employees are not responsible for late, lost, illegible, incomplete, stolen, misdirected, illegitimate, or impermissible submissions or any other error whether human, mechanical or electronic.

Frequently Asked Questions

1. WHAT TYPES OF ORGANIZATIONS ARE ELIGIBLE FOR FUNDING?

The program is open to the following types of organizations:

- 501(c)(3), 501(c)(4) and 501(c)(6) nonprofits
- Government entities
- Other types of organizations, considered on a case-by-case basis

2. HOW DO I APPLY?

All applications must be submitted through aarp.org/communitychallenge by March 22, 2022 at 5:00 p.m. ET. All applications must be completed through the online portal; no emailed applications will be accepted.

3. WHAT IS YOUR TYPICAL GRANT SIZE?

Grants have ranged from several hundred dollars for smaller, short-term activities to tens of thousands of dollars for larger projects. Since 2017, our average grant amount is \$11,500 and 76% of grants have been under \$15,000. While AARP reserves the right to award compelling projects of any dollar amount, the largest grant that has been awarded under the Community Challenge is \$50,000.

4. MAY I SUBMIT MORE THAN ONE APPLICATION?

Yes, your organization can submit as many applications as you like.

5. HOW CAN I SAVE OR PRINT A COPY OF MY APPLICATION?

You can save a copy of your application as a PDF or print the entire application at any time. First, go to “My Account” and click on “My Applications” from the menu on the left-hand side. Then locate the application you would like to print and select “Print” on the far-right side. From there, you have a copy you can hold onto, email or print.

6. WHEN AND HOW WILL I BE NOTIFIED IF OUR APPLICATION WAS SUCCESSFUL?

Selected grant recipients and unselected applicants will be notified by email in May. Grantees must complete a binding Memorandum of Understanding and completed vendor forms to AARP by June 15, 2022. Noncompliance with this deadline may result in disqualification or delayed funding.

7. I LIVE IN A SMALL COMMUNITY, IS THIS JUST A PROJECT FOR BIG CITIES?

No. In fact, 38% of the Challenge projects AARP has funded have gone to rural communities with another 20% going to suburban communities. Communities with populations as small as several hundred residents have received grants.

8. DOES THE PROJECT HAVE TO TAKE PLACE IN A COMMUNITY THAT BELONGS TO THE AARP NETWORK OF AGE-FRIENDLY STATES AND COMMUNITIES?

No. Hundreds of grants have been delivered to NAFSC communities since 2017, but projects can benefit any community so long as they satisfy all other eligibility criteria.

9. MY ORGANIZATION RECEIVED A GRANT PREVIOUSLY. ARE WE ELIGIBLE TO APPLY?

Yes, absolutely.

10. MY ORGANIZATION APPLIED AND DID NOT RECEIVE A GRANT RECENTLY. ARE WE ELIGIBLE TO APPLY AGAIN?

Yes. You are eligible to apply again, and several grantees have been selected after previously applying and not receiving a grant. Please carefully review the project examples that are provided in **Attachment C** to help inform your application.

11. WHAT TYPE OF PROJECTS WILL YOU NOT FUND?

The following projects are **NOT** eligible for funding:

- Partisan, political or election-related activities
- Planning activities and assessments and surveys of communities without tangible engagement
- Studies with no follow-up action
- Publication of books or reports
- Acquisition of land and/or buildings
- Purchase of vehicles (such as a car or truck)
- Sponsorships of other organizations' events or activities
- Research and development for a nonprofit endeavor
- Research and development for a for-profit endeavor
- The promotion of a for-profit entity and/or its products and services

12. WHAT IS DIFFERENT FROM PREVIOUS YEARS?

In 2022, AARP will prioritize projects that support residents age 50 and over, are inclusive, address disparities, and directly engage volunteers. The 2022 AARP Community Challenge is very similar to previous years with some notable additions:

- **NEW CATEGORY – Engagement Under New Federal Programs:** AARP will fund projects that support communities' efforts to build engagement and leverage funding available under new federal programs through laws like the American Rescue Plan Act, the Infrastructure Investment and Jobs Act, and more.
- **COMBINED CATEGORY – Other Community improvements:** AARP has moved coronavirus recovery projects from a separate category to one combined with health services and community development.
- **DEEPER FOCUS – Older Population:** In 2022, the program will place added emphasis on projects that engage older volunteers and focus on the 50-plus population, while improving communities for all.
- **EARLIER TIMELINE:** The grant cycle is beginning earlier in the year to maximize time for grantees to complete their projects.
- **APPLICATION WEBSITE:** The Community Challenge is using a new grant management system, OpenWater, to enhance user experience and ease of use.

13. WHERE CAN I FIND EXAMPLES OF PREVIOUS STANDOUT PROJECTS?

Please view **Attachment C** for examples of projects that AARP has funded in the past. While these projects can help inform your thinking, we are also interested in innovative and fresh ideas!

You can see videos of previous projects, videos of each category, descriptions of previously funded projects, and more at AARP.org/communitychallenge.

14. IF MY APPLICATION IS NOT SELECTED, CAN I RECEIVE FEEDBACK ON WHY IT WAS NOT FUNDED?

Unfortunately, due to the high volume of applications we receive, we cannot offer feedback on individual applications.

15. CAN WE APPLY WITH A PARTNER?

Yes, you can. On the "Organization Name" line, you can list the main applicant name and add "in partnership with" and list the second name. From there, we only need the information for the primary point of contact.

16. CAN CHALLENGE GRANTS BE USED FOR ADMINISTRATIVE COSTS OR CONSULTANT FEES?

Typically, Challenge grants do not fund indirect costs such as salaries or administrative fees. The majority of Challenge funds will need to go directly to project execution or implementation – we would not pay for a significant portion of administrative overhead, staff time, ongoing program costs or the hiring of a designer or surveyor or facilitator, such as a project planner, graphic designer, landscape designer or site surveyor unless those indirect costs were a very small part (0-15%) of the overall request. If the application demonstrates that these types of activities are part of a broader project which shows a commitment to engage residents with some tangible demonstration, then a larger percentage of paying for a consultant or facilitator may be eligible and warranted.

17. CAN CHALLENGE FUNDS BE USED TO SUPPORT ONGOING PROGRAMS?

Challenge grants do not typically support ongoing programming; however, we would fund a tangible, short-term purchase that would benefit a current, ongoing program. For example, Challenge funds wouldn't pay for the staff, training, vehicle upkeep or gas needed to implement a current, year-round food delivery program, but funds could be used to purchase new technology or items such as a new freezer, storage pantry, reusable coolers/delivery bags, tables, benches, etc. Funds could also be used to host a temporary demonstration, civic engagement opportunity or pop-up event related to an ongoing program.

18. WHAT ARE YOUR REVIEW CRITERIA?

Eligible projects will be assessed on:

- **IMPACT (60 points)** – The project addresses a clear need that brings positive change and demonstrates the ability to overcome barriers and accelerate, grow and/or sustain the community's efforts to become more livable for residents (especially those age 50 and older), focuses on diversity, inclusion and addresses disparities.
- **EXECUTION (30 points)** – Applicants demonstrate capacity to deliver the AARP Community Challenge project on time and within the awarded budget, effectively engage residents and key stakeholders, and leverage volunteers (especially those age 50 and older) in the execution.
- **INNOVATION (10 points)** – The project demonstrates creativity or unique design or engagement elements which will contribute to its impact on residents (especially those age 50 and older)

In addition to the criteria provided, AARP will also evaluate each project based on its consistency with the AARP mission to serve the needs of people 50-plus.

19. WHAT IF I AM HAVING TECHNICAL DIFFICULTIES WITH THE LOGIN OR THE ONLINE APPLICATION?

Please look for the "REQUEST SUPPORT" link in the bottom left of the application log-in screen. From there, you can fill out a help ticket and someone from the online platform's tech support will get back

to you.

20. ARE THERE OTHER AARP GRANT OPPORTUNITIES AVAILABLE?

By submitting a proposal for the AARP Community Challenge initiative, you and your organization give AARP permission to reach out to you and others at your organization about other possible AARP funding opportunities that your proposal may be eligible for based on the AARP Community Challenge criteria. However, please note that AARP is not obligated in any way to consider your proposal for any additional AARP funding.

AARP might be contacted by other potential funders that could be interested in funding projects that were not funded through the AARP Community Challenge. The potential funders may have additional process steps and funding requirements than those of the AARP Community Challenge. If requested, AARP would like to send your contact information, organization name and a short description of the proposal, including the community where the project would take place ("Project Information"). Please note that these projects will be subject to any potential funder's own terms, conditions and review. Please indicate in your application whether or not you give permission to AARP to share your contact information and a description of your proposal. If you select "yes," you agree on behalf of yourself and your organization to release AARP and its affiliates and their respective officers, directors, employees, contractors, agents and representatives from all liability associated with sharing the Project Information with potential funders.

21. AARP BRANDING

If your application is funded, you will receive detailed guidance about branding, including a package with AARP logo files and pre-approved language. For now, we are looking for a general idea of how you will incorporate the AARP name/logo/message in your promotions. For instance, if you'll be installing a sign at the site of your project, it should include the AARP logo. If you'll be putting out press releases or social media posts, those should include verbiage about how the project was funded by AARP. If your project is ultimately funded, you will design and secure your own signage or banners, but we'll provide plenty of examples and guidance at that time. You may include funding to pay for this signage to your grant request and project budget. You will also be invited to coordinate publicity with your state office.

22. I DON'T KNOW MY AARP STATE OFFICE CONTACT. WHERE CAN I FIND IT?

You can go to states.aarp.org to find contact information for your AARP State Office. Click on your state and then you will find it on the next page.

23. I DON'T SEE THE ANSWER TO MY QUESTION HERE. WHO CAN I CONTACT?

If your question and answer are not on this page, please email us at CommunityChallenge@AARP.org.

Please share any **visual documentation (photos, fliers, manuals, etc.)** of your project to help us showcase your good work!

Photo tips:

- *If your project included any AARP branding, please be sure to capture that in your photos!*
- *Don't forget to include people in some of your shots. We love seeing your projects in action! (just don't forget to have them sign the AARP General Release)*

The organization is required to capture photos of the project. As the organization captures photos and video of the project, if an identifiable individual appears in the photos and/or videos, the organization is responsible for having him/her sign the AARP General Release (this document is provided to grantees with the MOU). In addition, the organization should not include any element in photos or videos provided to AARP that may violate third party rights, such as artwork and trademarks in text and logo other than those owned by the organization and AARP. The organization may be asked to send work-in-progress photos to AARP upon request. Following the grant period, grantees are required to respond to periodic requests for updates from AARP.

This report (with photos and/or video) must be delivered to AARP by 5:00 p.m. ET, December 14, 2022. Information on submitting the report to AARP will be shared with grantees once they are selected.

By sending AARP photos, videos, and/or any other types of recordings of your project ("Project Recording"), you grant AARP a license to use your Project Recording in perpetuity in its materials in whole or in part in all platforms and mediums and to make all necessary edits to use the Project Recording at AARP's sole discretion and you warrant and represent that use of your Project Recording by AARP or its affiliates or licensees shall not violate any third-party rights.

ATTACHMENT C: EXAMPLES OF PREVIOUSLY FUNDED COMMUNITY CHALLENGE PROJECTS BY CATEGORY

CREATE VIBRANT PUBLIC PLACES that improve open spaces, parks and access to other amenities for residents (especially those 50-plus).

Public Places	Metuchen, NJ (2020) Metuchen Downtown Alliance	To help support the COVID-19 recovery of downtown, project funding was used to install parklets and other interventions that repurposed sidewalks, streets, parking lots and alleys so residents could engage in public activities at safe social distances.
Public Places	Avoca, IA (2018) Avoca Public Library	The AARP Community Challenge grant funded the city's new "music park" outside of the public library. The location's oversized, weather-proof instruments require neither training nor talent to play. During the summer, Avoca closes its main street for a weekly farmer's market. The instruments provide a stay and play area that encourages people to spend time outdoors and enjoy the downtown. <i>Watch the video.</i>
Public Places	Boston, MA (2019) City of Boston	Age-friendly benches were installed in each of the main street districts to help engage older residents and enhance local community activity. This project helped build a framework for a sustainable city-wide bench program that addresses longer-term issues of installation and maintenance. <i>Watch the video.</i>
Public Places	Camden, SC (2017) City of Camden	Bereft of any welcoming amenities, a 120-foot-long alleyway in downtown Camden received a major face-lift. Passersby were encouraged to pop in during the "alley activation project" and make a stained-glass globe that hangs alongside new shade canopies and LED string lights to help increase social interaction in a previously unused area. <i>Watch the video.</i>
Public Places	Jackson, MS (2019) City of Jackson	The City of Jackson used Open Streets design practices to engage residents of the downtown community by activating new public spaces for people of all ages to interact with each other. Designing a parklet with a large mural backdrop and ground mural for safe crossing enhanced public safety by improving pedestrian accessibility. <i>Watch the video.</i>

Public Places	Los Angeles, CA (2020) Los Angeles River State Park Partners	As part of a new Chinatown Health Initiative, the grant created a culturally responsive and inclusive green space to help bridge the gap between the services, programs and park accommodations needed by older adults.
Public Places	Bridgeport, CT (2021) Groundwork Bridgeport	A series of intergenerational walks paired older adults with local youth. Older residents were able to socialize and get active while teaching younger residents about their experiences in Bridgeport and the city's history.

More public places projects

Boise, ID (2017) Idaho Smart Growth	The grantee organization constructed a pop-up plaza to demonstrate the benefits of public gathering places. <i>Watch the video.</i>
Charlotte, NC (2018) City of Charlotte	The grant funded two porch swings at bus stops along Belmont Avenue, the community's primary bus route, where many older adults rely heavily on public transit and need comfortable place seating. <i>Watch the video.</i>
Greenfield, MA (2020) City of Greenfield	A parking lot was transformed into a vibrant pocket park and community gathering spot in the center of the downtown area. The park includes the creation of a pollinator/rain garden, a new bench at an existing bus stop, a chess table with chairs and a bike pump/repair station. <i>Watch the local news report.</i>

DELIVER A RANGE OF TRANSPORTATION AND MOBILITY OPTIONS for residents (especially those 50-plus) that increase connectivity, walkability, bikeability, and access to public and private transit.

Transportation	Charleston, SC (2018) Charleston Moves	The West Ashley Greenway is a former rail line that has been converted into a bicycle and pedestrian trail that connects businesses, parks, schools, municipal facilities and neighborhoods. AARP provided funds for upgrading select intersections with artistic crosswalks. The goals were to slow down automotive traffic and draw attention to the safety needs of pedestrians and cyclists. With the increasing numbers of retirees and families in the neighborhood interested in nonmotorized transportation, improving the greenway has become a vital need. <i>Watch the video.</i>
Transportation	Fort Defiance, AZ (2021) Navajo United Way	This project supported the installation of bus shelters throughout the Navajo Nation to accommodate people traveling through the vast Navajo reservation and help them get to work and school, or to attend medical appointments, shop and tend to other business.

Transportation	Christiansted, VI (2019) Virgin Islands Trail Alliance and Partners & St. Croix Foundation for Community Development	To enhance physical activity and social engagement, VI Trail Alliance and Partners and the St. Croix Foundation for Community Development used this grant to install a permanent bike lane, with benches and bike racks, that extends around Historical Christiansted Town. <i>Watch the video.</i>
Transportation	Statewide, MI (2021) League of Michigan Bicyclists	Communities across the state will have access to a bike safety lending library offering separators for protected bike lanes, bike counters, and curb extenders so they can pilot and test improvements in their local transportation infrastructure.
Transportation	Miami, FL (2018) Urban Health Partnerships & the Miami-Dade Age-Friendly Initiative	Residents of Miami's Little Havana neighborhood use public transit three times more often than the general population in Miami-Dade County. Multiple bus routes and two free trolley routes serve the area. However, because of constraints in the right-of-way, there are few benches where riders, particularly older adults, can sit while waiting. AARP funded the purchase of 12 benches, which were installed through a pilot project with the City of Miami. <i>Watch the video.</i>
Transportation	Whitesburg, KY (2021) Appalshop, Inc	A popular trail that serves as transportation and exercise for a rural town was updated with resurfacing, a large crosswalk, signage, stencil art and benches.
Transportation	West Sacramento, CA (2018) City of West Sacramento	Feedback from older residents in West Sacramento has targeted transportation as a key concern. However, it can be a challenge for city buses to meet all of the community's needs. Although ride-sharing apps are becoming more available, some older people aren't comfortable using the technology. AARP funding enabled older residents to receive training and a free trial use of two transit programs: an on-demand, ride-sharing car service, with a wheelchair-accessible van available, and the bikes rental program, which provides dockless, electric-assist bicycles. <i>Watch the video.</i>

More transportation projects

Chino Valley, AZ (2017) Yavapai Regional Transit Inc.	The grant was used to install a much-needed ADA-compliant pad and walkway at a transit station.
Henderson, NC (2021) Flint Hill Kittrell Vance Community Development Corporation	The grant helped improve transportation mobility by funding the creation of artistic crosswalks that pay homage to the history of Henderson, NC, including a famous hometown musician, state symbols and the community's diversity.
Honolulu, HI (2018) Bikeshare Hawaii	The grant funded a workshop, social rides and free bikeshare access in order to build confidence and familiarity among older adults with a mobility option that promotes healthy lifestyles.

Kansas City, MO (2018) BetterBlockKC	As part of the city's broader Complete Streets efforts, this grant funded the installation of an enhanced crosswalk, parking, protected bike lanes and floating bus stops to promote safety and increase pedestrian activity along Oak Street. Read more.
---	---

SUPPORT A RANGE OF HOUSING OPTIONS for residents (especially people 50-plus and their families) that increase the availability of accessible and affordable choices.

Housing	Lexington, KY (2018) City of Lexington Aging and Disability Services	Funds helped create a manual for homeowners and builders about planning for and constructing accessory dwelling units, which can be an affordable option to help people remain in their home and live independently in their community. Read more.
Housing	Medford, OR (2021) Rogue Retreat	"Project Turnkey" provided unhoused residents of Jackson County with non-congregate emergency shelter and transitional housing through acquisition and conversion of the existing Redwood Inn. Challenge funds helped to acquire and install furnishings and accessibility ramps at the former motel.
Housing	Louisville, KY (2021) Louisville Metro Planning and Design Services	This project helped raise awareness of Louisville's work to increase the availability of Accessory Dwelling Units for older adults and all residents.
Housing	Atlanta, GA (2018) MicroLife Institute	The AARP grant was used to create a documentary and lecture series about accessory dwelling units (ADUs) and the obstacles communities and homeowners face in creating these secondary housing units. ADUs are one way of increasing the amount of affordable housing in a community. <i>Watch the video.</i>
Housing	Philadelphia, PA (2019) City of Philadelphia, Office of Community Empowerment & Opportunity	The AARP grant helped support the eviction prevention landlord-tenant mediation program that utilizes mediation, financial assistance, information and referrals to reach mutually agreeable solutions in landlord-tenant disputes, reduce eviction and displacement, and foster vibrant, inclusive communities for residents of all income levels. <i>Watch the video.</i>
Housing	Santa Cruz, CA (2017) Habitat for Humanity Monterey Bay	AARP Community Challenge grant funds supported the Habitat for Humanity "My House My Home" program that helps build aging-friendly accessory dwelling units, typically as an attachment to existing houses. Older homeowners can reside in an accessible home on their own property and earn rental income from either the new unit or the original house, contributing to their financial resilience. <i>Watch the video.</i>
Housing	Des Moines, IA (2020) Home Opportunities Made Easy	Funding was put toward the construction of accessory dwelling unit demonstrations in order to introduce ADUs as a housing alternative for the area and way to increase housing options.

More housing projects

Eugene, OR (2017) SquareOne Villages	<p>The funds were used for construction materials to complete an ADA-compliant tiny home in Emerald Village Eugene, an affordable housing community of 22 tiny houses.</p>
Bethel, ME (2017) Bethel Area Age-Friendly	<p>The grant was used to construct a display and tool kit featuring accessories that make homes safer and help prevent falls.</p>

INCREASE CIVIC ENGAGEMENT with innovative and tangible projects that bring residents (especially those 50-plus) and local leaders together to address challenges and facilitate a greater sense of inclusion.

Civic Engagement	Seattle, WA (2017) City of Seattle	<p>The city used the grant to help host a hackathon called “A City for All” to coincide with the National Day for Civic Hacking. Participants broke into teams to develop ideas for using data to improve Seattle’s outdoor spaces, address the social isolation that can come with age and increase transportation accessibility. One prize winner focused on improving the pedestrian experience by creating an app that maps the city’s sounds, smells, tree canopy, points of interest and other street-level information. With the hackathon, the city was able to promote both intergenerational and interdepartmental engagement. <i>Watch the video.</i></p>
Civic Engagement	Gainesville, FL (2020) City of Gainesville	<p>The city’s Online Civic Hackathon brought together people of all ages and backgrounds to codesign a more livable city using human-centered design ideation strategies, new technologies and Gainesville’s open data portal.</p>
Civic Engagement	Washington, D.C. (2021) The George Washington University Center for Aging, Health and Humanities in partnership with the GW Nashman Center for Civic Engagement and Public Service; Age-Friendly DC, Arlington, Alexandria, Hyattsville, and Montgomery County	<p>The Age-Friendly Social Innovation Challenge brought a diverse, intergenerational group together for one day to co-design actionable strategies for building age-friendly infrastructures and to establish an age-friendly ecosystem network of multisector partners.</p>
Civic Engagement	West Sacramento, CA (2019) City of West Sacramento	<p>The city provided targeted fire safety education to a group of older adult households that are at heightened risk and offered an in-home consultation and free smoke alarms and installation.</p>

Civic Engagement	Hyattsville, MD (2020) University of Maryland School of Public Health Community Engagement, Environmental Justice and Health Lab	The project increased digital literacy, knowledge of and access to local services by creating a smartphone app and teaching residents to use it for reporting community resource gaps to local policymakers.
Civic Engagement	Orlando, FL (2021) City of Orlando	To bring internet access and social connection to underserved neighborhoods with limited internet access, this project installed solar charging tables and shade structures with wireless hotspots painted by local artists.

ENSURE A FOCUS ON DIVERSITY, EQUITY AND INCLUSION while improving the built and social environment of a community for all ages (focusing on residents age 50 and over).

Diversity & Inclusion	Athens, GA (2021) Athens Downtown Development Authority	A newly established interpretive exhibit, an African American culture and heritage library, and a walking tour map help generate conversation in the community and forge a connection between two historically significant buildings.
Diversity & Inclusion	Falcon Heights, MN (2020) Philando Castile Peace Garden Committee	The project provided for the groundbreaking, soil testing and a foundational level of plantings and pathway for a new public space and peace garden that is being created in memory of area resident Philando Castile. The goal is to beautify the park and help enhance social engagement.
Diversity & Inclusion	Buffalo, NY (2020) LISC Western New York	The "Discover Your Neighborhood" project created a map of cultural landmarks, natural areas, parks, transportation hubs, public art and other essential neighborhood anchors in three historically African American neighborhoods to enhance social engagement. <i>Watch the video.</i>
Diversity & Inclusion	El Cajon, CA (2020) Circulate San Diego	The grant created educational resources for older adults, particularly the community's large Iraqi refugee population, to help them become more comfortable using public transit and lay the foundation for future transit use.

Diversity & Inclusion	Englewood, NJ (2021) Northern New Jersey Community Foundation	To build inclusion and beautify a neighborhood, this project celebrated the achievements of Black women through an artistic mural designed by Black female community members.
Diversity & Inclusion	Southport, NC (2021) John N Smith Cemetery Restoration and Preservation, Inc	An "outdoor museum" within a historic African American cemetery provides visitors and residents a way to appreciate the contributions made by Black residents.
Diversity & Inclusion	Charlotte, NC (2020) North End Community Coalition	To help bridge the digital divide and fight social isolation during the COVID-19 crisis in this largely African American community, a Wi-Fi hotspot lending program was created allowing residents to borrow a device for up to three weeks at a time.

SUPPORT COMMUNITIES' EFFORTS TO BUILD ENGAGEMENT AND LEVERAGE FUNDING available under new federal programs to support residents (especially those 50-plus) through laws like the American Rescue Plan Act, the Infrastructure Investment and Jobs Act, and more.

Through this new category, AARP is hoping to support projects that will achieve one or both of the following objectives:

- **Engage residents in decision-making** around future investments in the community that are being planned using funding under federal programs through the American Rescue Plan Act and the Infrastructure Investment and Jobs Act.
- **Make additional, tangible improvements** to projects already underway with funding through the American Rescue Plan Act or the Infrastructure Investment and Jobs Act.

Examples can include:

- Hosting temporary demonstrations of roadway or crosswalk improvements (bike lanes, street trees, etc.) that can help gain input for planned permanent changes.
- Making temporary or permanent improvements to transit stations that improve accessibility to gain public input or test concepts for future installations leveraging federal funding.
- Holding charettes to gain public input and feedback on potential investments/improvements planned using funding from these new federal programs.
- Testing and building onto programs under the American Rescue Plan Act that help prevent evictions and foreclosures.

- Adding additional seating, lighting or amenities to public spaces that are being improved using funding under new federal programs.
- Expanding public access to high-speed internet with hot spot programs and more, building on programs authorized under federal programs.

Below are examples of previously funded Community Challenge projects that are not directly tied to the American Rescue Plan Act or the Infrastructure Investment and Jobs act, but serve as examples of grantees testing concepts or building onto major improvements under federal funding.

Federal Funding	<p>Gulfport, MS (2017) City of Gulfport</p>	<p>After Hurricane Katrina nearly leveled the Bayou View West neighborhood in Gulfport, Mississippi, in 2005, the Federal Emergency Management Agency bought out the remaining residents and handed the property over to the city.</p> <p>Funded by an AARP Community Challenge grant, the city's first dog park was created in the FEMA purchased land. If the area floods again, homes won't be at risk. And once the park dries out, people and pups can return. <i>Watch the video.</i></p>
Federal Funding	<p>Fort Wayne, IN (2017) City of Fort Wayne</p>	<p>If the community and local government were interested in making long-term changes to traffic management and improve pedestrian safety using federal funding, the Challenge Grant could fund "pop-up" or temporary traffic patterns to build community support for larger pedestrian-friendly traffic infrastructure projects.</p> <p>In Fort Wayne, there was a mismatch of hard-to-cross, fast-moving one- and two-way streets. After a pop-up demonstration makeover from the urban planners of Team Better Block, the chaotic corner became a "Complete Street," one that could be safely used by drivers, pedestrians and cyclists. <i>Watch the video.</i></p>
Federal Funding	<p>St Louis, MO (2017) Citizens for Modern Transit</p>	<p>If the community and local government were interested in expanding public transportation opportunities or making existing public transportation hubs for other community activities (shopping, housing, entertainment, etc.), the Challenge Grant could be used for small demonstration projects that engage with the community.</p> <p>St. Louis' transit system covers 46 miles and hosts 37 stations of light-rail and interconnected bus systems. A one-day pop-up market in the North Hanley Station's massive, underused parking helped the community see how the space could be better used. The event featured dining and retail options, Tai Chi sessions and entertainment. Attendees were asked to share their ideas for the space and, if they chose, use LEGO blocks to create a model of the lot's possibilities. <i>Watch the video.</i></p>

Federal Funding	Wilmington, DE (2019) Wilmington Alliance	<p>If the community and local government were interested in redeveloping vacant lots and/or brownfields, the Challenge Grant could be used for small projects that support larger initiatives/other funding sources.</p> <p>In 2015, the Wilmington Alliance received a National Endowment for the Arts grant to plan four public spaces and host community engagement sessions about how to replace vacant lots with something better. The community adjacent to one lot requested a community vegetable garden and well-lit gathering space. The Wilmington Alliance worked closely with neighborhood organizations, including churches. Partnerships with the local and state government also helped make the park possible, because some sites were brownfields. Additional grants were necessary to complete the entire \$1.3 million project.</p> <p>The 2019 AARP Community Challenge Grant funds financed 11 raised garden beds, two large beds for blueberry and raspberry bushes, and a shed for storing garden equipment. The shed has lighting and hosts a community bulletin board and an outdoor countertop workspace for gardeners. Read more.</p>

OTHER INNOVATIVE COMMUNITY IMPROVEMENT PROJECTS including health services, community development, and coronavirus pandemic recovery (with a focus on the needs of people 50-plus).

Other	Philadelphia, PA (2018) Southeast Asian Mutual Assistance Associations Coalition	<p>A community-based elders program serves Asian emigrants and refugees age 60 or older. Nearly all are low-income and not fluent in English. AARP funds helped furnish and enhance the Elders Story Cafe, a weekly intergenerational gathering in Mifflin Square Park, the neighborhood's green space. The project helps keep residents' personal stories and histories alive, involves them in outdoor activities, and increases intergenerational use of the park. Watch the video.</p>
Other	New Castle County, DE (2020) Latin American Community Center	<p>The grant developed and implemented virtual outreach efforts to the Latino community and included "Know Your Rights" sessions to help ensure that Delaware's Latino community is receiving essential information throughout the coronavirus pandemic. Watch the video.</p>
Other	Wichita, KS (2019) City of Wichita	<p>To combat the "digital divide" and social isolation, the city developed a hotspot lending program using 60 hotspot devices that allow individuals to connect wirelessly to the Internet. Residents can check out a device at their Neighborhood Resource Center and use it at home for a certain number of days. Watch the video.</p>
