#### 1. CALL TO ORDER, 5:30 P.M.

Session 24-04, a Regular Meeting of the Port and Harbor Advisory Commission was called to order by Vice Chair Casey Siekaniec at 5:30 p.m. on May 22, 2024 in the City Hall Cowles Council Chambers located at 491 E. Pioneer Avenue, Homer, Alaska and via Zoom Webinar.

PRESENT: COMMISSIONERS BRADSHAW, FRIEND, PITZMAN, SIEKANIEC & ZEISET

ABSENT: COMMISSIONERS SHAVELSON & VELSKO (BOTH EXCUSED) & STUDENT REPRESENTATIVE ROGERS

CONSULTING: PORT DIRECTOR HAWKINS, PORT ADMINISTRATIVE SUPERVISOR WOODRUFF

STAFF: DEPUTY CITY CLERK PETTIT

#### 2. AGENDA APPROVAL

Vice Chair Siekaniec read the supplemental items into the agenda: **Under Staff & Council Report/Committee Reports Item D. Holland & Hart Federal Lobbying Intro Letter and the Washington, D.C. Trip Report, and under New Business Item A. Northrim Bank Letter of Financial Backing.** 

Vice Chair Siekaniec requested a motion and a second to approve the agenda as amended.

FRIEND/ZEISET MOVED TO APPROVE THE AGENDA AS AMENDED.

There was no discussion.

VOTE: NON-OBJECTION: UNANIMOUS CONSENT.

Motion carried.

#### **3. PUBLIC COMMENTS UPON MATTERS ALREADY ON THE AGENDA** (3 minute time limit)

#### 4. **RECONSIDERATION**

#### 5. APPROVAL OF MINUTES

5.A. Unapproved April 24, 2024 PHC Minutes

FRIEND/ZEISET MOVED TO APPROVE THE APRIL 24, 2024 MEETING MINUTES.

There was no discussion.

VOTE: NON-OBJECTION: UNANIMOUS CONSENT.

Motion carried.

#### 6. **VISITORS/PRESENTATIONS**

#### 6.A. City Council Champions – Harbor Expansion

Port Administrative Supervisor Woodruff noted that this report was a standing agenda item, and that the Commission should expect to hear from the harbor expansion champions next in June.

#### 7. STAFF & COUNCIL REPORT/COMMITTEE REPORTS

7.A. Port Finance/Budget Report – FYTD Report for May 2024

Port Administrative Supervisor Woodruff explained that a lot of the focus on the budget has been put towards individual line items to evaluate how the Port and Harbor is doing in each of those areas. She noted that the Port and Harbor is at 94% of its budgeted revenue and 60% of its budgeted expenditures. Ms. Woodruff provided clarification that the budgeted expenditures appear to be lagging in comparison to the budgeted revenue due to the fact that the revenue is updated on a daily basis.

Vice Chair Siekaniec questioned why the expenses are so far under budget. Port Director Hawkins stated that the electricity was budgeted at \$649,000 and is currently at \$478,000.

7.B. Port & Harbor Staff Report – May 2024

Port Administrative Supervisor Woodruff noted that the State House passed the capital budget that had already passed the Senate. From there, it will go to the governor's desk, and it includes the \$288,000 for the additional match funds for the harbor expansion study. Ms. Woodruff reported that the Army Corps of Engineers released their plan for this fiscal year, which includes \$800,000 for this year that the City had not expected to see come into the harbor expansion project until the next fiscal year. Other discussion topics included:

- PIDP (Port Infrastructure Development Program) Grant was submitted
- Strategic Planning
- Request for Proposal for the Fish Grinder Building
- 7.C. Homer Marine Trades Association (HMTA) Report

Port Administrative Supervisor Woodruff reported that HMTA will be hosting a meeting for their membership with the consultants for the Comprehensive Plan on Wednesday, June 5<sup>th</sup>.

7.D. Holland & Hart Federal Lobbying Intro Letter

Washington, D.C. Trip Report

Vice Chair Siekaniec stated that having lobbyists seemed like a worthwhile endeavor to him. Port Director Hawkins highlighted previous examples in his career where he's worked with State lobbyists, noting that it's an effective method to keep the City's priorities upfront.

#### 8. PUBLIC HEARING(S)

#### 9. **PENDING BUSINESS**

9.A. Election of Officers Memorandum PHC-24-008 from Deputy City Clerk as backup

Vice Chair Siekaniec introduced the item by reading of the title.

FRIEND/ZEISET MOVED TO VOTE BY SHOW OF HANDS.

There was no discussion.

VOTE: NON-OBJECTION: UNANIMOUS CONSENT.

Motion carried.

Vice Chair Siekaniec opened the floor for Vice Chair nominations.

Commissioner Zeiset was nominated; he declined to accept the position.

Commissioner Friend was nominated; he agreed to accept the position.

Commissioner Shavelson was nominated; he wasn't present to voice whether or not he would be willing to accept the position.

After a show of hands vote resulting in four votes for Commissioner Friend, one vote for Commissioner Shavelson, and zero votes for Commissioner Zeiset, Vice Chair Siekaniec declared Commissioner Friend as newly elected Vice Chair and passed the gavel.

Vice Chair Friend opened the floor for Chair nominations.

Commissioner Siekaniec was nominated; he agreed to accept the position.

Commissioner Shavelson was nominated; he wasn't present to voice whether or not he would be willing to accept the position.

After a show of hands vote resulting in five votes for Commissioner Siekaniec and zero votes for Commissioner Shavelson, Vice Chair Friend declared Commissioner Siekaniec the Chair and passed the gavel.

9.B. Amendments to Port & Harbor Advisory Commission Bylaws Memorandum PHC-24-007 from Deputy City Clerk as backup ZEISET/BRADSHAW MOVED TO UPDATE THE BYLAWS WITH THE STAFF RECOMMENDATION OF REQUIRING A QUORUM FOR THE PURPOSE OF CONDUCTING A WORK SESSION AND TO FORWARD THE RECOMMENDATION TO CITY COUNCIL.

There was no discussion.

VOTE: NON-OBJECTION: UNANIMOUS CONSENT.

Motion carried.

#### **10. NEW BUSINESS**

10.A. Berth II, Inc. Application for Lease Assignment from Y&C LLC for 4400 Homer Spit Rd Memorandum PHC-24-012 from Port Property Associate as backup

Chair Siekaniec introduced the item by reading of the title. He then requested any Commissioners that had any concerns with the lease assignment to speak up.

Commissioner Zeiset asked Port Director Hawkins if he had any concerns about the lease in looking it over. Mr. Hawkins stated that he had no concerns, citing that the current lease is up to date with payments. He added that this is a lease transfer with the current lease remaining active until 2039 with the extensions in place. The new lease is being requested for a full-term, which would extend the lease until 2044. In terms of the business plan, Mr. Hawkins stated that Berth II plans to take over the building and run it how it's currently being managed.

ZEISET/PITZMAN MOVED THAT THE COMMISSION SUPPORT THE LEASE ASSIGNMENT FROM THE CURRENT TENANT, Y&C LLC, TO BERTH II, INC., AND FORWARD THE RECOMMENDATION TO CITY COUNCIL.

There was no further discussion.

VOTE: NON-OBJECTION: UNANIMOUS CONSENT.

Motion carried.

10.B. Cruise Ship Capacity and Policy Memorandum PHC-24-011 from Port Administrative Supervisor as backup

The Commission briefly discussed the potential implications of limiting the number and size of cruise ships that come to Homer each year. Discussion topics included:

- Homer Police Department's capacity for handling cruise ships landings
- Details regarding the upcoming June 28<sup>th</sup> landing
- Specifics of what the deep water dock is capable of handling
- Security screening process for tourists coming ashore

6

#### 10.C. Port & Harbor Enterprise Fund Financial Policy Memorandum PHC-24-010 from Port Administrative Supervisor as backup

Chair Siekaniec introduced the item by reading of the title, sharing that a financial policy for the Port and Harbor Enterprise Fund makes sense to him, and added that he's surprised there isn't already one in place.

Commissioner Bradshaw emphasized the need for alternative revenue sources for the harbor, drawing a contrast with the Port of Los Angeles' extensive funding and expressing concern that raising harbor fees would price out many harbor users. He suggested following Kodiak's example of allocating a percentage of tax revenue to capital improvements. Mr. Bradshaw also pointed out the disparity between the revenue generated by facilities like the Large Vessel Haul Out and the minimal funds the harbor receives, advocating for a fairer share to sustain the services provided.

Chair Siekaniec explained that the financial statements are incomplete and the apparent surplus will disappear once depreciation is accounted for. He stressed the importance of adding to the reserves fund, which are intended to cover depreciation costs and ongoing investments needed to maintain and repair aging harbor infrastructure. Port Administrative Supervisor Woodruff noted that in 2021, the harbor was actually paying the City half a million dollars per year in recognition of the services rendered to the harbor.

Chair Siekaniec and Commissioner Bradshaw agreed to work with staff in drafting a financial policy for the enterprise fund.

#### **11. INFORMATIONAL MATERIALS**

- 11.A. May 2024 Port Operations Report April 2024 Statistics
- 11.B. May City Manager's Report to Council
- 11.C. Homer Harbor Critical Float Replacement Project
- 11.D. Homer Harbor Expansion General Investigation

Chair Siekaniec noted the informational materials. Discussion topics included:

- Review of the April 2024 statistics
- Shipping of scrap steel
- Stall waiting list
- Federal funding and overview of the float replacement project
- Continued funding for the harbor expansion

#### 12. COMMENTS OF THE AUDIENCE (3 minute time limit)

#### **13.** COMMENTS OF THE CITY STAFF

Port Administrative Supervisor congratulated Port Property Associate Kriegh on the lease memo that she had drafted.

#### **14.** COMMENTS OF THE MAYOR

#### 15. COMMENTS OF THE COMMISSION

Commissioner Bradshaw thanked everyone for their time and input, and added that he's hopeful to continue improving the harbor.

Commissioner Zeiset thanked Chair Siekaniec and Vice Chair Friend for accepting their elected positions.

Commissioner Pitzman echoed Commissioner Zeiset's comments.

Commissioner Friend thanked everyone for a good meeting, and noted that this Commission is where the rubber meets the road for the harbor.

Chair Siekaniec thanked the Commissioners for their support in electing him the Chair. He also thanked Ms. Woodruff for all the work that she does.

#### 16. ADJOURNMENT

There being no further business to come before the Commission Chair Siekaniec adjourned the meeting at 7:10 p.m. The next Regular Meeting is Wednesday, June 26, 2024 at 5:30 p.m. All meetings scheduled to be held in the City Hall Cowles Council Chambers located at 491 E. Pioneer Avenue, Homer, Alaska and via Zoom Webinar.

Zach Pettit, Deputy City Clerk

## Harbor Expansion Update

Bryan Hawkins and Jenny Carroll will have an in-person meeting with HDR and USACE in Anchorage on June 27<sup>th</sup>. This 'kickoff' meeting will be a chance for all parties to coordinate how the study will move forward when activities resume in July. We'll have more details for you on upcoming study activities at our next meeting. We are having conversations about outreach and a possible public meeting in the fall or spring.

## Homer Spit Waste Management

We've accepted a bid from Alaska Waste to handle the solid waste from the spit for the next 5 year contract. All parties are in agreement that we'll continue under the current agreement with Moore & Moore until the fall and transition once the season is quieter.

We've been seeing significant abuse of the waste oil facilities, including bilge water being dumped directly in to oil tanks, buckets of oil being left next to the tanks, and more. There are a significant number of man-hours being expended on cleanup to put these facilities back in to service.

## Steel Grid

We received an estimate from RESPEC engineering for an analysis of the steel grid and written report. The cost for those services is \$12,500. That does not include design drawings for any repair, retrofit, or construction. We are in communication with DEC about what permits would be needed to repair or replace the grid. When we know more about what is permissible we will engage RESPEC or explore other options, which could include cost estimates for the cost of demolition/removal of the existing structure or the cost to build a new grid.

# Memorandum

To: Port and Harbor Advisory Commission

From: Casey Siekaniec

Date: 06/12/2024

Subject Cruise Ship Policy Discussion

As discussed in the Port and Harbor Advisory Commission's May meeting, Bruce and I met with Harbor staff to discuss and learn about cruise ships and their impact on the operations of the Harbor. Council has directed the P&H Commission to work towards a cruise ship policy for the City to use as a guide when working with the cruise industry in the future.

Cruise ships have been coming to Homer for many years now, with ebbs and flows of frequency. Covid brought the cruise ship visits to Homer down significantly, but interest in Homer as a cruise ship landing is starting to rise again, and we will be seeing one of the largest (by head count) cruise ship landings on June 28th of this year. This event will be used like a case study for further discussions about how Homer may want to limit the size of cruise ships that are allowed to unload in Homer.

Port infrastructure was a large focus of discussion in determining how large of a vessel the P&H can safely manage. Frequency and seasonal timing of cruise ship landings were discussed and the impacts that might come from cruise ships visiting too often or during otherwise very busy seasons.

Passenger lightering was discussed and the different challenges and opportunities that arise from lightering operations. Given the City ownership of lands and tidelands it would be very difficult for a private entity to build its own deep water dock, but it would not be impossible for a private entity (think the barge basin) to build a passenger lightering terminal that could by-pass the P&H authority.

port@cityofhomer-ak.gov (p) 907-235-3160 (f) 907-235-3152

At this point we are looking forward to June 28th to learn what its like having a ship with 2,000+ passengers lighter into the P&H facilities. Also in the realm of learning, we are looking into other municipal policies that have been created in places like Juneau, Haines, and Skagway.

Discussion generally centered on the possibility that eventually Homer might be highly sought after as a destination by the cruise ship industry and how we might limit it or control it in the most beneficial manner for both the City of Homer and specifically the Port and Harbor.

# Memorandum

To: Port and Harbor Advisory Commission

From: Casey Siekaniec

Date: 06/12/2024

Subject Financial Policy Discussion Report

As discussed in the P&H Advisory Commission's regular May meeting, Jared and I met with Harbor staff to discuss the crafting of a financial policy document for the Port and Harbor. We used policy documents from the Port of Long Beach and the City of Homer Water and Sewer Utility for reference and ideas.

It was generally agreed upon that the size and scope of the Long Beach policy was more than the Homer Port and Harbor required, but that it was written in a reader friendly fashion that was clear and easy to understand. The size and scope of the City of Homer Water and Sewer Utility financial policy document was more in-line with what the Harbor needs and could use as a template of sorts.

Important topics to cover in the policy were discussed and include some of the following:

- ♦ An introduction stating the operating mission of the P&H Enterprise and a brief overview of the different revenue streams of the P&H.
- ♦ Defined reserve accounts and the different goals for each.
- ♦ Rate setting principals or explanation of how it should be done.
- ♦ Debt policy for the P&H.
- ♦ [Place holder for items to be added by the commission or staff]

Topics of the meeting stayed pretty high level knowing that staff would likely be getting into the details further when composing the document and allowing for further discussion.

## Land Allocation Plan - Large Vessel Haul Out

| Item Type:    | Action Memorandum                            |
|---------------|--|
| Prepared for: | Port and Harbor Advisory Commission          |
| Date:         | June 18, 2024                                |
| From:         | Amy Woodruff, Port Administrative Supervisor |

**Requested Action:** Answer follow up questions to further define a possible Public Private Partnership for the Large Vessel Haul Out

## Background:

This is a continuation of our conversation in April about the Large Vessel Haul Out facility, where the commission agreed that the city should investigate a public private partnership for management of the land. In discussion with Economic Development Manager Julie Engebretsen, some additional questions came up to incorporate in our report back to Council

**Requested Action:** Answer follow up questions to further define a possible Public Private Partnership for the Large Vessel Haul Out.

- 1. Establishing the unique value of this facility
  - a. Is this the only land where boat haul out operations can happen, or the only **City-owned** land?
  - b. What difference will the requested improvements make for haul out operations?
  - c. How might the requested improvements increase demand for use of the facility?
- 2. Address the opportunity cost if camping is removed
  - a. How seasonal is demand for the haul out? Is it worth making changes that mean the site is permanently unavailable or unsuitable for camping?
  - b. What would the summer activity really look like if we did a trial run? Would this site be used as a shipyard for active work, or just boat storage?
- 3. Addressing general concerns
  - a. How do we prevent derelict vessels from accumulating in the facility?
  - b. Staff has a strong recommendation to require an economic impact study from interested applicants
  - c. How would boat work impact the experience for campers on the adjacent parcel? How can we minimize that impact
- 4. Suggested structure
  - a. 5-10 year lease with minimal improvements as a trial run

Action Memorandum Port & Harbor Advisory Commission April 24, 2024

- b. What improvements would City fund, what improvements would tenant fund?
- 5. Small Shipyard Grants Program
  - a. \$1m federal grants program for small shipyards, could be used to fund improvements to the haul out. The applicant must be the operator of the shipyard, so the City cannot apply. What terms can we consider for the lease that could support the application?

## 2024 Small Shipyard Grants Notice of Funding Opportunity (example)

SUMMARY: This notice solicits applications for the Maritime Administration's ("MARAD") Small Shipyard Grant Program. Under the fiscal year (FY) 2024 Small Shipyard Grant Program, up to \$8,750,000 is currently available for grants to: (1) make capital improvements to qualified shipyard facilities that will be effective in fostering efficiency; competitive operations; and quality ship construction, repair, and reconfiguration; and (2) provide training for workers in shipbuilding, ship repair, and associated industries. Potential applicants are advised the number of applications will likely exceed the funds available and that only a small percentage of applications will be funded. Historically, the average grant amount has been approximately \$1 million."

Staff Recommendation: None

## June Staff Report 2024

## **Ice Plant**

Fish Dock/Ice Plant deliveries have been moderate. A few Salmon have started showing up

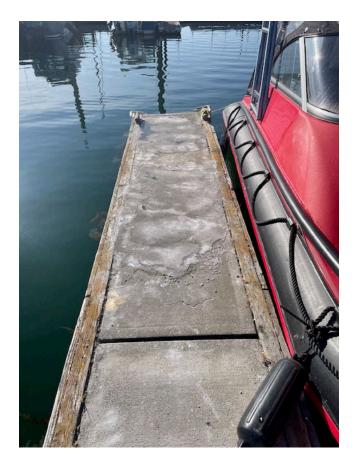

In addition to normal duties, Ice Plant personnel have been busy with:

- Condenser maintenance (Cleaning the condenser pump screens and condenser spray bar nozzles)
- Weekly removal of hard ice buildup from rake and evaporators to maintain efficient operation.
- Daily dock cleanup.
- Maintaining bird deterrent equipment.
- Monthly Crane inspections.
- Crane #7 Rating increased to 12000 lbs Lift

## **Port Maintenance**

- Ongoing Float maintenance
- High Mast Light inspections
- Ongoing Dock and Float inspections. (see example of repairs to finger float on W below)
- Ongoing electric pedestal Maintenance
- Keeping up with recurring monthly work orders.
- Ongoing used oil collections.
- Deep Water dock ladder maintenance

## **Harbor Operations**

- Port & harbor small boat harbor occupancy and demand for space and services peaked during the first week of June with approximately 900 vessels moored in the harbor. Harbor officers focused efforts on hotberthing vessels into vacant stalls in an effort to alleviate congestion in the transient mooring areas. The Deep Water Dock was used to accommodate overflow traffic from the fish dock during periods of maximum occupancy.
- The Alaska Marine Highway System resumed service for the Tustumena on May 21st.
- Harbor operations staff assisted the USACOE while providing the harbor tug for bottom trawl surveys of the area identified in the port expansion project.
- Seldovia Village Tribe resumed service of the Kachemak Voyager on May 20th.
- System 4 float system's potable water was repaired and returned to service on June 4th.
- Seasonal staff including five harbor assistants and four parking enforcement officers have been hired and trained.
- Daily staffing of the L&L ramp fee collection booth commenced May 21st.
- The Marine Repair Facility was converted to the Pier 1 Theatre campground on June 13th. Approximately 80 additional camping spaces were created.
- Daily fee parking in the access ramps 1-4, boathouse pavilion and steel grid parking lots commenced Friday, May 24th.
- On May 30th, harbor officers responded to an EMS call involving a 65 year old female suffering from a broken leg aboard a 50' charter vessel.
- Harbor operations acquired its new Ford F-150 patrol truck on June 12th.

## Memorandum

| TO:      | Mayor Castner and Homer City Council                    |
|----------|---|
| FROM:    | Melissa Jacobsen, Interim City Manager                  |
| DATE:    | June , 2024   |
| SUBJECT: | City Manager's Report for June 10, 2024 Council Meeting |

#### A BIG Thank You to Senator Murkowski!

The City thanks Senator Murkowski for selecting two of Homer's Community Designated Spending requests to move forward for Appropriations Subcommittee consideration.

The Senator forwarded the <u>Homer Spit Climate Resiliency Project</u> to the <u>Commerce</u>, <u>Justice</u>, <u>Science and Related</u> <u>Agencies subcommittee</u> and the <u>Subcommittee on Commerce</u>, <u>Justice</u>, <u>Science and Related Agencies</u> for funding consideration. The project develops resiliency data and evaluates a range of coastal erosion mitigation measures for the Homer Spit to inform and produce a climate resiliency action plan. The State of Alaska Department of Transportation and the US Army Corps of Engineers would be lead participants in the project under agency agreements. She also advanced the Design and Permitting phase of the Homer Harbor Critical Float Replacement project to the <u>Transportation</u>, <u>Housing and Urban Development Subcommittee</u>.

Senator Murkowski's selections is great news, but is just one step in a long decision-making process. The next step is for the individual appropriations bills to be drafted, amended and approved by the Appropriations Committees. After that comes floor consideration and bicameral negotiations on final spending levels and individual provisions. Senator Murkowski's office said they would keep the City informed as they learn more about which Alaska projects are able to be funded, and at what level, towards the fall.

## **Capital Improvement Plan Update Underway**

The annual cycle of updating the City's Capital Improvement Plan (CIP) kicked off after approval of the CIP development schedule at the last Council meeting. The CIP is a 6-year planning document for major acquisition and construction projects. While most of the CIP projects are specific to City government infrastructure and services (e.g. roads, water/sewer projects, harbor or public safety projects), the CIP contains a separate section for projects sponsored by area non-profits. Organizations can propose a new project for the FY26 CIP by filling out a Nomination Form and submitting it to the City by the end of June. To be eligible, projects must have a value of \$25,000 or greater, result in a fixed asset with a useful life of at least three years and provide benefits to the Homer community. Go to https://www.cityofhomer-ak.gov/citymanager/city-homer-solicits-nominations-2025-2030-capital-improvement-plan for more information.

Work on the CIP will continue through the summer, to gather comments and recommendations from City departments and advisory bodies, and into the fall, with final City Council adoption of the entire CIP and the City's legislative priority list in September.

#### Spit Parking

If you've been out on the spit recently you've probably noticed the new parking delineations in the free parking areas and a new area for RV day use parking. I've attached a few photos here, along with a memo and area map from the Port Director that includes all the details for parking this summer. A big thank you to the Port and Harbor Advisory Commission and Port and Harbor staff for all your work on parking around the harbor!

#### **Electoral and Public Information Signs**

Elections are coming up! And with that comes Election Signs. It's important for candidates and their supporters to remember a few key points about displaying signs. We're also seeing other signs with a similar appearance to electoral signs that are more of a public information type sign. For clarification Homer City Code 21.60 defines-

- An electoral sign is any sign used to advertise or promote a political party, or the election or defeat of a candidate initiative, referendum or proposition at an election and,
  - Can be placed on private property with the permission of the owner
  - Must not impede visibility for turning vehicles
  - Can be a maximum of 16 square feet in area (per side if double sided)
  - May be places up to 60 days prior to an election and removed within 7 days after
- **A public sign** is an off premise sign, other that provides direction or information, identifies public facilities, or a district of the City. There are specific rules for public signs in Homer City Code 21.60.097 but the important message for this report is,
  - No public sign is allowed without a permit from the City.

Sometimes there is some confusion when it comes to City and State right-of-way. State Roads include the Sterling Highway to the end of the Spit, East End Road, and Diamond Ridge Road over the ridge to East Skyline, as well as East Hill, West Hill, and Kachemak Drive. A State press release is attached for more information regarding signage.

Contact City Planning for information on signs in City Limits, planning@ci.homer.ak.us

Illegal sign in State ROW

# MEMORANDUM

## Spit Parking Plan/Updates for the Season (2024)

| ltem Type:    | Informational Memorandum              |  |
|---------------|---------------------------------------|--|
| Prepared For: | Homer City Council & Mayor Castner    |  |
| Date:         | June 5, 2024                          |  |
| From:         | Bryan Hawkins, Port Director          |  |
| Through:      | Melissa Jacobsen, Acting City Manager |  |

As we move into another busy summer season we're gearing up for the crowd out at the Harbor. Part of that preparation always includes our parking facilities and how we can best use the limited space available. Staff, commissions, and the public and been weighing in, planning, and thinking about 2024 since last fall. I know Council is already aware of fee changes in the parking realm via the recent adoption of the amendment to our tariff, but I'd also like to provide and update of the physical changes and space management for this upcoming year. The following changes are the ones we've settled on for 2024. Please see below:

- > 2024 Parking Updates Steel Grid Parking Lot
  - Memorial Day Labor Day:
    - o \$10 Calendar Day Fee Parking
    - No Long-term Parking
    - Vehicles 20' & Under
  - Labor Day Memorial Day:
    - Free Short-term parking up to 7 consecutive days
    - Long-term parking by permit only

In an effort toward grouping similar areas under the same management/fee type, the paved area adjacent to the steel grid will be treated the same way as the paved areas at the tops of each of the ramps.

- > 2024 Parking Updates Ramps 3-5
  - No Vehicles Exceeding 20' in length (maximum vehicle size limit is 20')
  - 7-Day free short-term parking
  - Long-term vehicle parking by permit only.

Memorandum City Council Date June 5, 2024

> Longer vehicles and RVs, when parked in these areas, have been found to cause impaired line of sight for vehicles attempting to exit onto the roadway. They also have been found to cause flow pattern and other parking issues. For safety and efficiency of space, vehicles exceeding 20' in length will no longer be allowed in these areas. The newly created parking (signed with a highway traffic reader board) lot behind Bob's Trophy Charters with its egress driveways exiting onto the less trafficked Outer Dock Rd instead of the main Sterling Hwy will be dedicated to oversized vehicles.

> As an additional safety measure for the Ramp 3 to 5 areas, we will be installing parking delineation from ramp 3 to Freight Dock road at the transition point between the parking lot and roadway/right of way, separating the parked vehicles from the main roadway and creating dedicated "driveways". In its current configuration, vehicles were able to exit at any point along the 1500' of parking lot and this causes sightline issues for drivers with concern to pedestrians and bicycles using the shoulder corridor. The delineation will provide designated parking lot entrances and exits, signaling to everyone that this is an area to approach and exit with caution as you join traffic in the roadway. The delineation consists of black parking pylons that will effectively separate the parking from the highway but will be temporary and removed after the season in September.

## > 2024 Parking Updates Ramp 2 Restrooms

• Bus loading Zone is discontinued and replaced with short-term, 1-hour parking

This area was found to be too congested to provide safe and easy access for large buses, additionally it was often full, or blocked by other vehicles. Three new areas with better approaches and more space, located with access to the walking trails and shops, have been created (see update for lot 9&10 and Bob's trophy lot west)

- 2024 Parking Updates Lots 9 & 10, and area next to chamber of commerce kiosk (ramp 4 parking area)
  - The shoulder lane between the lot 9 spit walking trail and Homer Spit Road will be designated as a passenger bus loading zone.
  - An area in front of the chamber of commerce kiosk by ramp 4 parking area will be designated as a passenger bus loading zone
- > 2024 Parking Updates Bob's Trophy Lot West
  - The parking lot will be dedicated to Oversized Vehicle Parking Only, 21' Minimum Limit
  - Free 7-day Short-term parking
  - Long-term parking by permit only

Memorandum City Council Date June 5, 2024

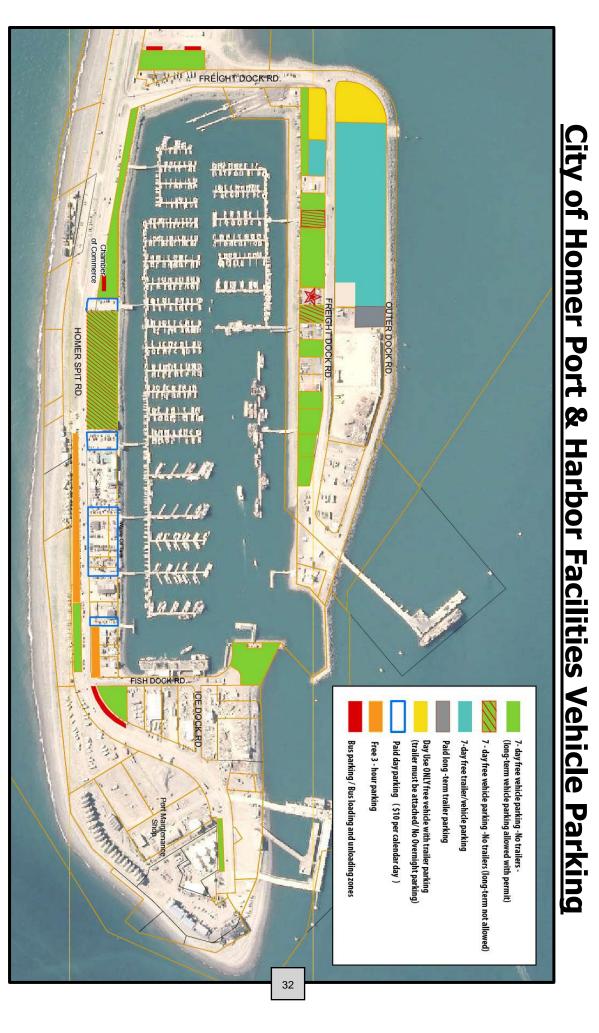

- No Camping
- The area in the red will be dedicated to passenger bus loading zones

For an overview of the whole parking plan and areas of interest, please see our attached current parking map.

## **RECOMMENDATION:**

Informational. No action needed.

Attached: Homer Spit Parking Map

(Restrictions for vehicles over 20'. See Reverse Side for Parking Areas where vehicles over 20' are allowed.)

port@cityofhomer-ak.gov (p) 907-235-3160 (f) 907-235-3152

## Annual / Monthly / Weekly Long Term Vehicle Parking Passes

Long term means vehicles that are parked anywhere in the port facility (excluding leased lots) in excess of seven consecutive calendar days. Annual and monthly passes are available for vehicles under 20'. Monthly passes are available for vehicles over 20'. <u>All Vehicles over 20' are Restricted</u> to the Seafarer's Memorial parking lot, 7 Day free trailer parking area, or Parking area at the junction of Homer Spit Rd/Outer Dock Rd across from Pier one campground.

- Regular annual price: **\$150.00**
- Discounted annual price for vessel owners with reserved stall or pay transient annual moorage: **\$100.00**
- Monthly pass for vehicles less than 20': \$70.00
- Monthly pass for vehicles over 20': **\$85.00**
- Annual passes are valid January 1 to December 31 of the year being used. Monthly passes are 30 consecutive days.
- Weekly pass for vehicles less than 20': \$25.00
- Weekly pass for vehicles over 20': \$35.00
- <u>Restricted long-term parking areas from May 1 to October 1 See map for seasonal restricted areas.</u>
- Passes are purchased at the Harbormaster's Office, or online at tocite.net/HomerAK
- Only ONE vehicle can be registered under each permit.

#### **Seasonal Fee-Pay Vehicle Parking Lot Pass**

During the summer, the paved ramp access parking areas become PAID parking lots. For individuals that frequently use these areas, a fee-pay parking pass, good for the season, can be purchased in lieu of paying \$10.00 each day.

- Pass price: **\$150.00**
- Passes are valid Memorial Day to Labor Day.
- Park in the Paid Parking Areas located in between ramps 1&2, in the paved areas at the top of Ramp 3 & 4 and the steel grid
- Only vehicles less than 20' allowed.
- Passes are purchased at the Harbormaster's Office, or online at tocite.net/HomerAK
- Only ONE vehicle can be registered under each permit.
- Monthly Fee-Pay Vehicle Parking Lot Pass also available for \$100.00
- No long term parking allowed in these parking areas May 1 through October 1.

#### Monthly Boat Trailer Parking (No Boats on Trailers)

- For boat trailers parked for more than 7 consecutive days
- \$7/per foot per month
- Passes are purchased at the Harbormaster's Office. A numbered plastic tag will be issued.
- Paid Boat Trailer parking located across Frei ck Road from the Harbormaster's Office

## DOT&PF campaign sign laws clarified

(JUNEAU, Alaska) – On Sept. 10, 2018, the Alaska Superior Court ordered the Alaska Department of Transportation & Public Facilities (DOT&PF) to clarify how laws restricting outdoor advertising will be applied during the current campaign season to political signs within and outside of state highway rights of way.

The Alaska Superior Court directs:

- Unauthorized signs within state highway rights of way, including both commercial and political signs, remain illegal under AS 19.25.75-180. DOT&PF will continue to enforce this ban; any sign placed within a state highway right of way may be removed by DOT&PF crews without prior notice.
- Small, temporary, political campaign signs no larger than 4' x 8' may be displayed on private property adjacent to state highway rights of way by the owners or occupants of that property, provided they have not been paid to display the signs.
- DOT&PF will continue its current practice of not removing small, temporary, political campaign signs from private property outside highway rights of way.
- All signs that pose a safety concern to roadway users will be subject to removal by DOT&PF regardless of the content of the signs or whether they are located on private property.

In 1998, Alaskans overwhelmingly voted to keep the state free from <u>outdoor advertising</u>, both within and along the state's public rights of way. Alaska <u>statutes</u> and <u>regulations</u> address unauthorized signs, including such signs displayed on parked vehicles and some signs on private property. Those statutes and regulations remain in full force and effect, except for small, temporary, political campaign signs permitted by the Court's order outside highway rights of way.

A copy of the order can be viewed <u>here</u>.

The Alaska Department of Transportation and Public Facilities oversees 237 airports, 9 ferries serving 35 communities along 3,500 marine miles, over 5,600 miles of highway and 839 public facilities throughout the state of Alaska. The mission of the department is to "*Keep Alaska Moving* through service and infrastructure."

City of Homer City Council Members 491 E Pioneer Avenue Homer, AK 99603

RE: Thank you for the City of Homer Grant funded through the Homer Foundation

Dear Mayor Castner and Council Members,

On behalf of the Homer Community Food Pantry board of directors, volunteers and clients, I'd like to extend our sincere appreciation for your generous grant funded through the Homer Foundation in the amount of \$4,170.

With ongoing inflation, we have seen a significant increase in the need in our community due to the higher cost of food, rent, and utilities. We are currently serving more than 160 families on a weekly basis, an increase of about 20% over last year. Clearly more families are struggling, which has placed stress on our available funds to meet the needs of our most vulnerable.

We are currently purchasing food at an average of \$12,000 per month with another \$3,000 - \$4,000 per month in emergency aid, mostly for rent and utilities. We look for every possible cost-saving measure available as we've noticed that inflation has also affected our donors ability to give as much as they have in years past.

Thank you for your unending support of the Food Pantry. Your award of \$4,170 will be instrumental in providing consistency for our clients as we assist them while they navigate through this difficult time.

To all of you, a heartwarming thanks from all of us at the Food Pantry! We are so fortunate to live in such a caring community.

Be well,

Cinda Martin Homer Community Food Pantry Treasurer (907) 399-4574 homerfoodpantry@gmail.com

## The City of Homer Provides for HCFP!

We have been awarded a check in the amount of \$4,170 for the Food Pantry from the City of Homer through the Homer Foundation. Our work of providing assistance to those in need would simply not happen without YOU!

Just a reminder...Homer Fish Processing has offered to process any fish you want to donate to the Homer Food Pantry for free! They are located at 1302 Ocean Dr. 907-235-1997. Just let them know it's for the Pantry!

Fish In, Out, On! Sharon and Jerry Froeschle stopped by the food pantry this week with a large container of vacuum sealed halibut! They said they were cleaning out their freezer & preparing for another year of fish and decided to donate last year's fish. Halibut is such a treasured *catch* for the pantry!

## A big THANKS to the Kenai Peninsula Food Bank!

Every week we purchase food at a greatly reduced price from the KPFB. This week we had a great haul of 600+ Ibs of a variety of fish. We appreciate all that you do for the Homer Food Pantry!

Kyra Harty, manager of *Alaska Food Hub*, informed us that Farmers Markets across the state have access to USDA Local Food purchase Assistance (LFPA) which allows managers to purchase local foods at full market price and donate to anti-hunger organizations. This is a win for our local farmers and those who need it most! We are thrilled to receive these farm fresh eggs, which are utilized by our cooks to prepare meals for the Community Free Fridge. Many vendors have their products available every Wednesday at the **Alaska Food Hub**, which operates out of Homer United Methodist Church. Check it out!

Kyra Harty is shown donating eggs from Emprise Homestead

## Senior Center Sandwich Club!

**Sandy Christen** said to me one day, "Have you ever seen the movie, *The Starfish Throwers*?" It's a beautiful documentary about altruism and things people have done to help feed people around the world. One of those things is a former teacher who makes totes of sandwiches and delivers them to the homeless in the wee hours of the night, every night. To make a long story short, out of that sprung her idea of the seniors at the Senior Center making sandwiches for our Community Free Fridge! (Pictured above are **Sharon Shealy, Sandy Christen** and **Mary Sanders**.) What a beautiful way to give back to our community! We welcome and give gratitude to **The Senior Sandwich Club**!

## A special thanks to...

\*Gary Porter from Bald Mountain Air Service for his donations of cereal, cheese, hot dogs and buns.

\*Mike Hiller who has offered to help us out with some of our food container purchasing needs.

\*All of **YOU** who show up weekly in support of the pantry through your labor and/or donations. We are **nourished** and **blessed** through the generosity of those who are dedicated in so many ways to the Homer Community Food Pantry.

Providing food and emergency assistance,36compassion, to those seeking our services.770 East End Rd., Homer, Alaska 99603907-235-1968 text or voicehomerfoodpantry@gmail.com

## Thank You to USDA Local Food Assistance!

## Memorandum

| TO:      | Mayor Castner and Homer City Council                    |
|----------|---|
| FROM:    | Melissa Jacobsen, Interim City Manager                  |
| DATE:    | June 13, 2024   |
| SUBJECT: | City Manager's Report for June 17, 2024 Council Meeting |

## **Mission Road Utility and Trail Easements**

The City of Homer is working with property owners in the Stream Hill Park and Mission Road area to explore the idea of extending city water, sewer and trail access from the end of Craftsman Road, up to Mission Road. There is a lot of background on this topic, but the essential information is that the City interest is in acquiring water, sewer and trail easements for this infrastructure. Long term, construction of these facilities will enable water and sewer service along Mission Road, improve water flow through the Stream Hill Park subdivision to provide adequate flow for fire protection, and create legal access for pedestrians between Mission Road and East End Road. Updates will be provided to Council as the conversation with land owners progresses.

## **Ben Walters Sidewalk Project**

The Ben Walters Lane Sidewalk Improvements project construction is well underway. Clearing, excavation, fabric and earthwork embankment for the new sidewalk is being constructed and other improvement materials are being reviewed and for installation. ordered Utility coordination, storm water permitting and traffic control are all in place and ongoing. The new storm drain, curb, and fresh pavement will follow later this summer. Excavation and below ground work to replace a critical pressure reducing valve in the water system will be taking place soon.
