

# Agenda Port & Harbor Advisory Commission Regular Meeting

Wednesday, November 20, 2024 at 5:30 PM City Hall Upstairs Conference Room In-Person & Via Zoom Webinar

#### **Homer City Hall**

491 E. Pioneer Avenue Homer, Alaska 99603 www.cityofhomer-ak.gov

#### Zoom Webinar ID: 954 2610 1220 Password: 556404

https://cityofhomer.zoom.us Dial: 346-248-7799 or 669-900-6833; (Toll Free) 888-788-0099 or 877-853-5247

#### CALL TO ORDER, 5:30 P.M.

#### **AGENDA APPROVAL**

#### **PUBLIC COMMENTS ON MATTERS ALREADY ON THE AGENDA (3 minute time limit)**

#### **RECONSIDERATION**

#### **APPROVAL OF MINUTES**

A. Unapproved September 25, 2024 PHC Minutes

#### **VISITORS / PRESENTATIONS**

A. Jon Erickson, Homer Spit Leasing

#### **STAFF & COUNCIL REPORT / COMMITTEE REPORTS**

- A. Port & Harbor FY25 YTD
- B. Port & Harbor Staff Report November 2024
- C. Homer Marine Trades Association (HMTA) Report

#### **PUBLIC HEARING**

#### **PENDING BUSINESS**

A. Large Vessel Haul Out Facility Draft Response

Memorandum PHC-24-024 from Port Administrative Supervisor as backup

#### **NEW BUSINESS**

- A. End of Season Parking & Camping Reports, ADA Parking on the Homer Spit
- B. Application for Lease Transfer from Dragging Anchor LLC

Memorandum PHC-24-025 from Port Administrative Supervisor as backup

C. Application for Non-Competitive Lease from Mike Yourkowski

Memorandum PHC-24-026 from Port Administrative Supervisor as backup

D. Fuel Dock Services

Memorandum from Commissioner Shavelson as backup

E. 2025 Meeting Calendar

Memorandum PHC-24-027 from Deputy City Clerk as backup

#### INFORMATIONAL MATERIALS

- A. November 2024 Port Operations Report
- B. City Manager's Reports to Council

CM's Report for October 14, 2024 CM's Report for October 28, 2024

CM's Report for November 12, 2024

**COMMENTS OF THE AUDIENCE** (3 minute time limit)

**COMMENTS OF THE CITY STAFF** 

**COMMENTS OF THE MAYOR** 

**COMMENTS OF THE COMMISSION** 

#### **ADJOURNMENT**

Next Regular Meeting is **Wednesday, December 11, 2024 at 5:30 p.m.** All meetings scheduled to be held in the City Hall Cowles Council Chambers located at 491 E. Pioneer Avenue, Homer, Alaska and via Zoom Webinar.

## Memorandum

**To:** Port and Harbor Advisory Commission

**From:** Amy Woodruff, Port Administrative Supervisor

**Date:** November 13, 2024

**Subject:** November Staff Report

#### **Budget & Financial Policy next steps**

Your feedback from the budget work session will be incorporated into the items we send on to Finance for inclusion in the draft FY26/27 budgets. You will see the draft budget documents at a meeting in early 2025, and we'll try to have Finance Director Elizabeth Fischer attend to answer any questions you may have.

The Finance Director also provided feedback on the draft financial policy for the Port & Harbor, and we'll be working to address that feedback before bringing the policy back to you—probably in January.

I've also included rate comparison sheets for harbors across Alaska to allow you to see how Homer stacks up to other facilities.

#### Doyon

Commissioner Shavelson asked that I include an item about Doyon to allow for discussion. We don't have any business to conduct but I could add it as a business item at a future meeting if the conversation goes in that direction.

#### **Attachments:**

**Project Updates**

# Port & Harbor Special Project Status Updates Nov 2024

Fish Grinder Building Replacement & Drainage	Project in Progress	Demolition completed, construction underway
Parking Lot Improvements	Project on Hold	No further progress expected until permitting complete.
Paid Parking Program Planning & Permitting	Project in progress	Drafting language for permit application from DOT Right of Way
Outfall Line Pump Controls	Project in Progress	Will be completed when building replacement is complete
Ice Metering System	Project Funded	Delayed, parts are unavailable
Harbor Bottom Survey	Project Contract Awarded	Scheduled to complete before end of year
Crane 8 Control Replacement	Project in Progress	Still waiting on parts to complete project
Camera Pole Installation	Project Contract Awarded	Installation will be completed by Alaska Industrial Service
DWD Dolphin Repair	<b>Project Contract Awarded</b>	Will be completed in November by Fortune Sea Marine
Float Replacement	Design Funded	Completing the necessary steps to accept grant money from Denali  Commission

#### Land Allocation Plan - Large Vessel Haul Out

**Item Type:** Action Memorandum

**Prepared for:** Port and Harbor Advisory Commission

Date: November 13, 2024

**From:** Amy Woodruff, Port Administrative Supervisor

**Requested Action:** Review the draft response to Council for completeness and accuracy, ask questions of City Staff including Community Development Director Julie Engebretsen and make a motion to forward this response to Council.

#### **Excerpted from Resolution 24-024:**

NOW, THEREFORE, BE IT RESOLVED by the Homer City Council requests the Port and Harbor Advisory Commission to:

- 1. Review the revenue vs cost of a city run campground on this parcel.
- 2. Work with staff to determine the costs of the initial improvements.
- 3. Make a recommendation to the City Council on what part of the improvements the City should fund and those that a tenant would fund.
- 4. Make a recommendation to the City Council on lease terms that would attract long term private investment to develop the facility.
- 5. Respond to Council by the end of calendar year 2024.

#### **Attachments:**

Draft Response to Council Fishing Hole Campground Data Memo

### City of Homer, Port & Harbor Campground Operations - 2024 Year-End Summary

For the second summer in a row, the port & harbor department operated three city-owned campgrounds on the Homer Spit; the Fishing Hole Campground, Mariner Park Campground, and Tent Camp West from April 1st through October 31st, 2024. These campgrounds continue to offer visitors a cost-competitive and scenic alternative to more expensive lodging options while providing convenient access to Kachemak Bay and spectacular oceanfront views. With 6,819 camping permits sold in 2024, the campgrounds maintained steady demand, aided by limited but essential amenities and their prime locations.

#### **Annual Financial Summary**

Annual Camping Revenues: \$199,887

Fishing Hole Campground: \$108,934Mariner Park Campground: \$80,902

• Tent Camp West: \$10,051

Annual Parking Expenses: \$82,373

• Salaries & Benefits: \$55,012

• Maintenance & Operations: \$27,361

Net Operating Profit: \$117,514

#### **Key Accomplishments in 2024**

1. Serve the City Volunteer Effort:

In May, the Port & Harbor team participated in the annual Serve the City event, concentrating time and resources to grounds keeping, brush removal, and the restoration of picnic tables. This collaborative effort helped enhance the overall campground experience for visitors.

2. Campground Hosts:

To support day-to-day operations and improve customer service, Rob Olsen-Drye and Jordon Fisk were retained as campground hosts for the entire season. Their presence ensured efficient operations and positive experiences for campers.

- 3. Facility Upgrades:
  - Picnic Tables: 10 new recycled plastic picnic tables were purchased from Alaska Plastic Recovery and installed at various campground locations, ensuring more durable and eco-friendly options for visitors.
  - o Fire Rings: 10 new 36" diameter steel fire rings were acquired from Three Bears and placed in service, enhancing the comfort and safety of campers.
- 4. Mobile Payment Options:

In response to evolving visitor needs and to streamline payment processes, QR codes and informational signage were installed at campground registration stations. This new

feature allowed campers to conveniently pay for camping permits from their mobile devices, improving user experience and compliance.

5. The Whale Lot:

A new parking area, called The Whale Lot, was created across Outer Dock Road adjacent to the Fishing Hole Campground. This 30-space parking lot is designated for RVs and other vehicles over 20 feet in length, accommodating the growing demand for larger parking spots.

6. Improved Campground User Compliance:

2024 saw a reduction in issues related to non-payment of fees, unruly behavior, theft, and homelessness at the campgrounds. This improvement can be attributed to the consistent enforcement of campground rules and regulations, ensuring a safe and pleasant experience for all visitors.

#### **Looking Ahead: Future Projects for 2025**

1. Additional Picnic Tables:

Plans are in place to purchase more picnic tables to replace damaged or broken ones, continuing efforts to improve the campground facilities for guests.

2. Fire Ring Replacements:

Additional fire rings will be purchased to replace damaged or missing units, further enhancing the camping experience.

3. Mariner Park Drainage Improvements:

To address drainage and runoff concerns at Mariner Park Campground, materials will be used to raise its elevation. This will help mitigate potholes and improve access during wetter months.

4. ADA-Compliant Camping Spaces:

The development of two ADA-compliant camping spaces at Mariner Park is a priority. These new spaces will ensure accessibility for visitors with disabilities, expanding the inclusivity of the campground facilities.

#### **Conclusion**

In 2024, the Port & Harbor's campgrounds continued to serve as a vital and popular option for visitors to Homer, contributing both to local tourism and the city's economy. The steady source of revenue combined with low-overhead continues to have a positive effect on the port & harbor enterprise fund. With the basic upgrades and projects planned for 2025, the campgrounds are poised to continue to offer a low-cost recreational lodging alternative with exceptional value and enjoyment for years to come.

#### Year-End Summary: City of Homer, Port & Harbor Parking Operations (2024)

Annual Parking Revenues: \$231,610

• Daily Fee Parking: \$96,000

Long-Term Parking Passes: \$30,000L&L Ramp Parking Levy: \$99,360

• Citations: \$6,250

Annual Parking Expenses: \$155,778

• Salaries & Benefits: \$99,186

• Maintenance & Operations: \$56,952

Net Operating Profits: \$75,822

#### **Overview of 2024 Parking Operations**

The City of Homer's parking program provided the vital service congestion mitigation while simultaneously generating significant revenue to support maintenance and improvement of public spaces. As is often the case in parking management, policies and decisions tend to please one group while frustrating another, and 2024 was no exception. However, a standout project this year not only made parking safer and more efficient but also enhanced the overall experience for residents, business owners, tourists, and the port & harbor customer base.

Despite the inherent challenges of parking enforcement and policy, 2024 marked a year of positive impact, with several key improvements implemented across the parking facilities.

#### **Key Achievements in 2024**

- 1. L&L Ramp Parking Levy Increase
  - The L&L Ramp launch fee was raised to \$25, and the season pass was increased to \$250. The parking levy, which accounts for 48% of the revenues generated at the ramp, was necessary due to the increasing number of vessels utilizing the facility. These adjustments better aligned user fees with demand and helped support parking space management in the high-traffic area.
- 2. Permit Price Reduction benefiting users of the port & harbor engaged in long-term use. Annual Long-Term & Seasonal Fee-Pay Parking Permit prices were reduced from \$200 to \$100 for the long-term annual parking permits and from \$250 to \$150 for the seasonal fee pay permit.
- 3. Steel Grid Parking Lot
  - A T2 pay kiosk was installed at the steel grid parking lot, creating 15 additional daily fee parking spaces on the west side. These spaces are available at a \$10/day fee, boosting short-term parking capacity and contributing to improved flow and space utilization.

4. Ramp 3-5 Striping and Delineation

Significant upgrades supporting space efficiency were made to Ramps 3-5, including the elimination of parking for vehicles exceeding 20' (RVs) and the striping and delineating vehicle spaces. This new layout created clearly defined parking spots. It improved pedestrian safety by delineating the Homer Spit Road shoulder lane and eliminating the former "free for all" vehicle access between the roadway and parking lots, focusing traffic into clearly established access lanes.

5. Tour Bus Passenger Loading Zones

To better accommodate tour bus passengers, three designated loading zones were established:

- o Lots 9 & 10 adjacent to the walking path
- o Ramp 4, near the Homer Chamber of Commerce Visitors Center
- The Whale Lot, adjacent to the walking trail on Homer Spit Road
   These loading zones allow for smoother traffic flow and a safer environment for pedestrians and passengers.
- 6. Ramp 2 Short-Term Parking Changes

The tour bus loading zone at Ramp 2 was replaced with six one-hour short-term parking spaces. This change better served the need for quick, convenient parking, especially for those using the harbor and the restrooms.

7. Whale Lot Expansion

The Whale Lot was expanded to accommodate vehicles over 20 feet. Located at the intersection of Homer Spit Road and Freight Dock Road, the lot now has 30 dedicated spaces for larger vehicles, ensuring that these vehicles have a designated area and freeing up other lots for standard-sized vehicles.

8. Mobile Pay Implementation

The mobile pay system was fully implemented, allowing customers to pay for parking using their cell phones at Ramps 1-4, the Steel Grid Lot, and the Homer Airport. This move streamlined the payment process, provided redundant and alternate means of payment other than T2 pay kiosks located in the field, and offered users greater convenience and ultimately an improved parking experience.

9. Homer Airport Signage Upgrade

The Homer Airport saw a full upgrade to its parking signage, replacing outdated signs and adding new ones that provide clear information on parking fees, overnight parking, employee parking, free day-use parking, and taxi loading zones. These updates were designed to improve customer navigation and the overall parking experience at the airport.

#### **Financial Summary**

The year-end financials reflect a healthy balance of revenue and expenses:

• Annual Parking Revenues totaled \$231,610, with the largest shares coming from daily fee parking (\$96,000) and the L&L Ramp Parking Levy (\$99,360).

- Annual Parking Expenses were \$155,778, primarily allocated toward salaries and benefits (\$99,186) for parking operations staff and maintenance and operations (\$56,952) to keep the facilities functional.
- The result was a net operating profit of \$75,822, a modest outcome that justifies reinvestment into the parking management and supports further improvements in the coming years.

#### **2025 Future Projects**

- 1. Cannery Row ADA Parking
  - To ensure accessibility and compliance with federal design specifications, the City will reorganize existing ADA parking spaces along Cannery Row and add two additional ADA spaces between Seafarer's Memorial and Boardwalk Fish'n Chips.
- 2. Steel Grid Parking ADA Compliance In keeping with federal regulations, two ADA parking spaces will be added to the steel grid parking lot to meet federal parking lot design specifications.
- 3. Freight Dock Road and 30 acres parking lot drainage and runoff improvements. A project involves filling the ditches adjacent to Freight Dock Road to grade. Raising the elevation and grading of the surface surrounding the locations of the storm collection drains on the 30 acres parking lots.
- 4. State of Alaska ADOT Right-of-Way Encroachment Permit
  The City plans to apply for an encroachment permit from the Alaska Department of
  Transportation (ADOT) for the Ramps 3-5 area and the Seafarer's Memorial parking lot.
  This permit would allow the City to manage parking fees and conduct improvements on
  the state-controlled portions of these lots. Revenue generated from these improvements
  would be earmarked exclusively for parking lot enhancements, rather than for general
  use.

#### **Conclusion**

2024 was a year of positive developments in Homer's parking operations, with several important upgrades and pricing initiatives that not only improved both efficiency and safety for users, but saved money for those engaged in long-term use of the port & harbor. Parking revenues combined with responsible expense management resulted in a healthy net operating profit benefitting enterprise fund. As we look forward to 2025, the focus will remain on mitigating congestion, enhancing accessibility, managing public safety, and improving the overall user experience.

# City of Homer, Port & Harbor 2024 Parking Improvements

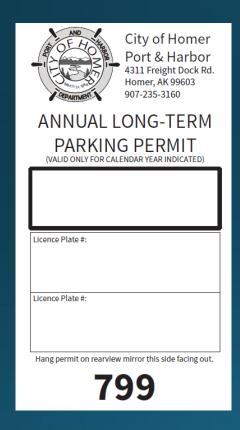

Parking Lots Facilitating Load & Launch Ramp traffic. In 2024, daily pass & annual permit fees were increased to \$25 & \$250 which include a 48% parking levy.

## Parking Permit Price Reductions

#### Accessible/Disabled Parking on the Homer Spit

**Item Type:** Action Memorandum

**Prepared For:** Mayor Castner and City Council

**Date:** July 10, 2024

**From:** Councilmembers Lord and Aderhold

We have received correspondence from a Homer resident concerned about paid accessible/disabled parking on the Spit adjacent to the harbor. A relative of the individual was not able to find available accessible/disabled parking in the area of the harbor that remains free and was frustrated that their relative was then required to pay for accessible/disabled parking because free parking was not available. The individual complained to the harbormaster's office and received a preprinted explanation of the reasoning behind the requirement to pay for accessible/disabled parking in the areas that are paid parking.

While we know that parking on the Spit and the parking policy related to accessible/disabled parking complies with the Americans with Disabilities Act (ADA), we believe the Homer Spit parking policy related to accessible/disabled parking deserves additional review by both the Port and Harbor Advisory Commission and the ADA Advisory Board. Overall parking is at a premium and accessible/disabled parking is limited and widely dispersed, as are the businesses most people want to visit. Parking is an ongoing issue on the Spit, and each year harbor staff try new methods to adequately accommodate harbor users, Homer residents and visitors in very limited space.

Homer City Code (HCC) 07.10.010 designates the Harbormaster as the City Traffic Authority for parking on the Spit. HCC 07.10.030(a) provides the Harbormaster the authority to:

- 1. Establish time limits for parking in City parking lots;
- 2. Designate City parking lots for paid parking, and establish fees for paid parking in City parking lots; and
- 3. Designate City parking lots for permit parking, and the fees and qualifications for obtaining a permit.

We know from the Port Director that a previous attempt to provide free accessible/disabled parking within the paid parking areas was not successful because individuals who park at the harbor regularly

Action Memorandum City Council July 22, 2024 CC-24-150

found methods to dominate these parking spaces, thereby not allowing visitors with disabilities to park in the accessible/disabled spaces.

We would like to request City Council direct the ADA Advisory Board and the Port and Harbor Advisory Commission to work with the Harbormaster to evaluate accessible/disabled parking on the Spit to make it most useful for those with disabilities while discouraging misuse and provide recommendations to the Harbormaster through the City Council on fees for accessible/disabled parking in City lots on the Homer Spit, as well as any recommended changes in accessible/disabled parking distribution and number of spaces on the Spit. In developing those recommendations, we ask the Board and the Commission to consider the following:

- Parking Requirements of the ADA;
- ADA parking policies of other Alaska harbors;
- Overall adequacy of accessible/disabled parking at the harbor, particularly in the large parking area near Ramps 3 & 4;
- Distance from accessible/disabled parking to Ramp 3 (the most accessible ramp in the harbor) and other visitor amenities (restaurants, shops, fishing charters, etc.) at the harbor; and
- Past ADA related parking policies and why they did not work and whether there are methods or revised policies that would discourage misuse.

Understanding that the Board and Commission may recommend retaining existing policies, we would request recommendations be returned to City Council by the end of 2024.

#### **RECOMMENDATION:**

Discuss and approve Memorandum CC-24-150 and refer to the ADA Advisory Board and Port and Harbor Advisory Commission.

#### **Application for Lease Transfer from Dragging Anchor LLC**

**To:** Port and Harbor Advisory Commission

**From:** Amy Woodruff, Staff Liaison

**Meeting Date:** November 20, 2024

**Summary Statement:** Current tenant Cory DeCook has notified us that he is in talks with Dave and Erika Atwood, owners of Dragging Anchor LLC, to sell his business. Dave and Erika submitted the attached application for lease transfer (also referred to as 'assignment'), and we have reviewed it and found it to be complete.

**Staff Recommendation:** Make a motion to council recommending that they approve the lease transfer and the extension of the lease term.

# The Dragging Anchor LLC

PO Box 2794, Homer, AK 99603

owned by

The Dragging Anchor LLC

is licensed by the department to conduct business for the period

October 10, 2024 to December 31, 2025 for the following line(s) of business:

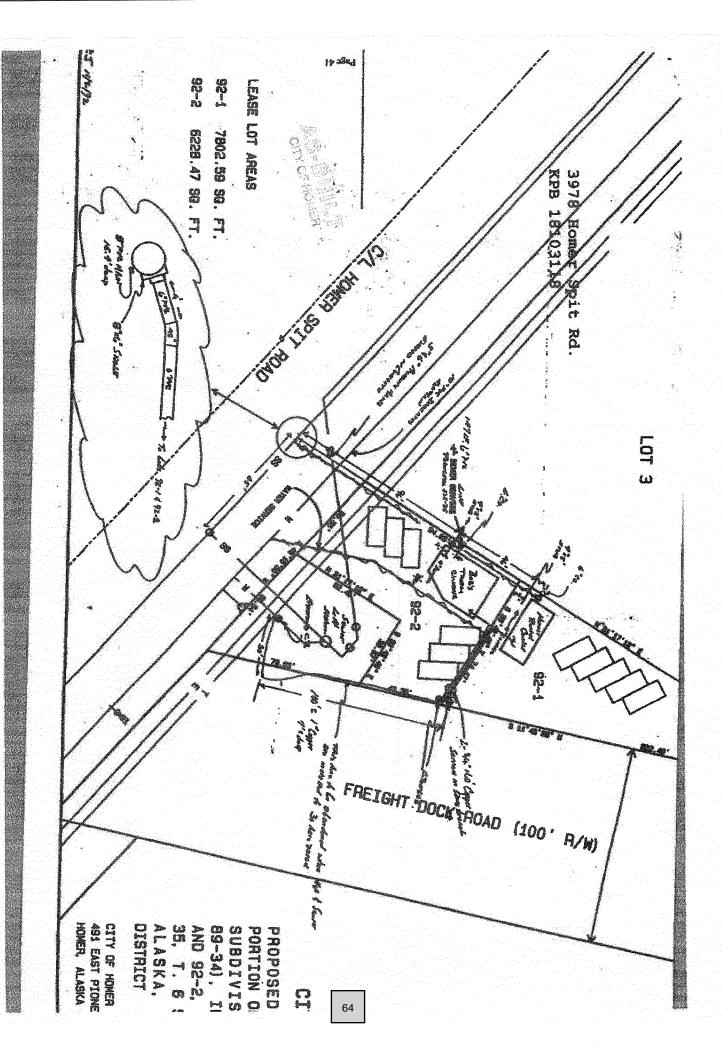

44-45 - Retail Trade

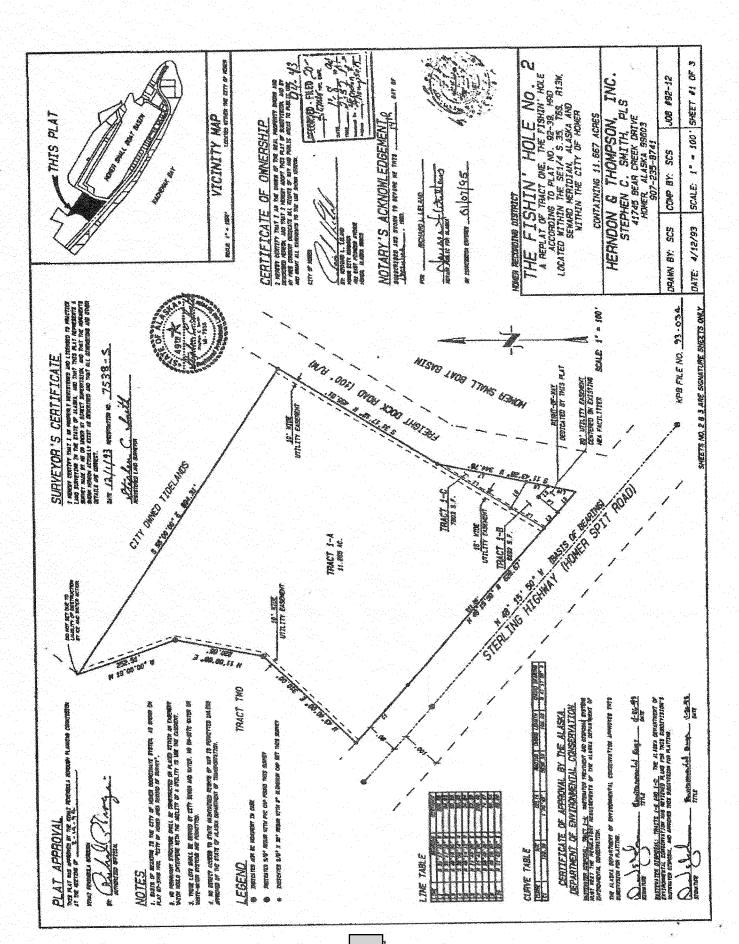

This license shall not be taken as permission to do business in the state without having complied with the other requirements of the laws of the State or of the United States.

This license must be posted in a conspicuous place at the business location. It is not transferable or assignable.

Julie Sande Commissioner

The Dragging Anchor will be Homer's new marine consignment store, and continued businesses. This venture will be brought to Homer by Dave and Erika Atwood with help from their son Ozzie. Dave brings experience from the maritime and service industry while Erika is a local celebrity gaining fame at the Salty Dawg and Kharacters Bar.

The market for the consignment shop will be commercial and charter fishermen, private boaters and tourists. Boaters and fishermen will find everything from anchors and buoys to bilge pumps, shackles and line. Consigned products will be provided by the community while new products will be sourced through vendors. The Dragging Anchor will also serve as a marine supply store where new products will be offered. New products will be consumables like 5200, heat shrink connections and a variety of hardware. We also hope that tourists and locals will find vintage and unique marine related curios.

A considerable marketing campaign will begin in March to begin procuring items for consignment from the community.

Since Homer has been a fishing and boating community for many years there are many marine related products that are lying around not being utilized by our community. Likewise, many of these products are often in demand. The Dragging Anchor is especially poised to meet the needs of both the consignor and the buyer given its location directly across from the harbor. We hope to provide easy access to boaters and fishermen for their marine supplies.

The Dragging Anchor will continue three segments of the business that have already been established on the property. First, the two rooms for rent in the upstairs of the building. The rooms will provide continuity of cash flow and meet a demand set by the tourists. While our tourist industry is heaviest during the summer months, we plan to offer rooms year round.

Second, we will also continue to offer a coffee shop during the summer months. We will offer coffee, drinks and an undetermined type of to-go food. We plan to operate this from the middle of April until the end of September.

Third, we will continue our relationship with Spit Spots, providing a space where they can offer quality internet service.

We have no plans for major changes that would modify or add to any of the existing structures. The only changes necessary are to the inside, downstairs of the main building. It will be redesigned to accommodate the new type of business. This will mainly involve removing the existing desks and office space and replacing it with racks and shelving.

General maintenance, landscaping and parking will continue similarly as it has in the past. The Fire Marshall Plan has been provided by the current owner.

We expect to need an additional 3-5 employees during the summer to meet the needs of our business. Positions will include baristas, cleaners and counter sales.

Requested Lease	Short Term Lease (One Year or Less) – Duration (in months):  Long Term Lease (More Than One Year)		
Term:			
	• Standardized Lease is a 20-year term with two 5-year Options to Renew; City Manager may deviate from standardized lease term when reasonable and necessary, and approved by Council (18.08.030).		
	• No more than two Options to Renew; each option cannot exceed 25% of initial lease term (18.08.110).		
	Duration (in years): 20 No. of Options to Renew: 2		
Property Plan:	Describe your Property Plan in your written narrative. Details should include but not be limited to:		
	<ul> <li>Proposed utilization of the lot/space, including parking</li> <li>If there are existing buildings on the property and what their proposed uses are</li> <li>Any intentions to rent out or sublease space on the property</li> <li>How the use is compatible with neighboring uses and consistent with applicable land use regulations including the Land Allocation Plan; Comprehensive Plan</li> </ul>		
	Provide a detailed schematic (to scale) that shows the following:		
	<ul> <li>Size of lot – dimensions and total square footage</li> <li>Placement/size of existing buildings, storage units, and other miscellaneous structures</li> <li>Parking spaces – numbered on the drawing with a total number indicated</li> <li>Note: an as-built survey from a licensed surveyor may be required</li> </ul>		
_			
Development Plan:	Do you have a development and/or improvement plan for the property, including plans for repairs or maintenance to any existing buildings?		
	Yes In your written narrative, provide as much information as possible on how you intend to develop/improve the property. Include a time schedule from project initiation to completion, major project milestones, cost estimate and financing plan, and any additional designs not already provided in the Property Plan's detailed schematic.		
	No In your written narrative, explain why.		
City Planning & Other Agency Approvals:	Does your business/proposed use and/or development plan require agency approval? The granting of any lease is contingent upon lessee obtaining approval, necessary permits, and/or inspection statements from all appropriate City, State and/or Federal agencies. This includes but is not limited to:		
	Applicable permits/approval from City Planning for zoning compliance, such as Conditional Use Permits, Zoning Permits		
	<ul> <li>Fire Marshall Plan Review and Permitting</li> <li>Waste Disposal System Plan Approval – Includes fish waste if applicable</li> <li>Other applicable permits/inspection statements from agencies such as U.S. Army Corps of Engineers, U.S. Environmental Protection Agency, and Alaska Department of Environmental Conservation Division of Environmental Health</li> </ul>		
	Explain in your written narrative what necessary approvals, permits, and/or inspections are applicable to your business/proposed use and the current status of your application with those agencies.		
÷	Attach any relevant documentation that verifies completion or pending status.		

The granting of any lease is contingent upon lessee obtaining and keeping in full force insurance as outlined in HCC 18.08.170. Certificates of insurance showing the required insurance is in effect and identifying the City as an additional insured must be provided to the City at the time a lease becomes effective and annually thereafter, and upon every change in insurance provider or insurance coverage.
Provide proof of insurability for public liability insurance in the amount of not less than \$1,000,000 coverage per occurrence for bodily injury, including death, and property damage, and the City of Homer as co-insured. Additional insurance limits or types may be required due to the nature of the business, lease, or exposure.
In your written narrative answer the following questions:
<ul> <li>What experience do you have in the proposed business or venture?</li> <li>How long have you resided or conducted business in the City, Kenai Peninsula Borough, and/or the State of Alaska?</li> <li>What are some of the economic, social, and financial benefits and/or impacts your</li> </ul>
business/proposed use brings to the community?
In your written narrative, list four persons or firms with whom the Applicant or its owners have conducted business transactions with during the past three years. Two references named shall have knowledge of your financial management history, of which at least one must be your principal financial institution. Two of the references must have knowledge of your business expertise.
Each reference must include the following:
<ul> <li>Full Name</li> <li>Name of the organization/business and their title at this entity</li> <li>Address</li> <li>Phone number and email address</li> </ul>
Nature of association with Applicant
Include in your written narrative, or attach relevant documentation, that you deem pertinent to your application/lease proposal. Criteria for evaluating and approving proposals and competing lease applications can be found under HCC 18.08.060.

#### Application from Mike Yourkowski for Non-Competitive Lease Renewal

**To:** Port and Harbor Advisory Commission

**From:** Amy Woodruff, Staff Liaison

**Meeting Date:** November 20, 2024

**Summary Statement:** Mike Yourkowski is a current tenant on the Homer Spit. His lease expires in 2025 with no options to renew. HCC 18.08.030, excerpted below, allows for current tenants to request a non-competitive process to assign a new lease. Mr. Yourkowski has submitted an application for a non-competitive new lease, which City staff have reviewed and found to be complete. Please review the parameters set out in code, review the attachments, and discuss as a body.

#### 18.08.130 Lease renewal.

- a. Council, upon written recommendation by the City Manager, may exempt the renewal of a lease from competitive bidding if Council finds such exemption serves the City's best interests.
- b. A lessee seeking to enter into a new lease with the City exempted from competitive bidding under this section must submit a lease application and a written request for a new lease to the City Manager at least 12 months but no more than 18 months prior to the expiration of the existing lease. The City Manager shall notify Council of new lease requests under this section. The City will review the application but is under no obligation to enter into a new lease.
- c. If Council approves the new lease without a competitive process, it must do so by resolution within six months prior to the date of lease termination.
- d. Council shall consider the following factors when determining whether to exempt a lease from competitive bidding under this section:
  - 1. Lessee's past capital investment and binding commitment to future capital investment;
  - 2. Lessee's financial condition and prior lease history;
  - 3. The number of persons employed and the prospect for future employment;
  - 4. Tax revenues and other financial benefits to the City anticipated in the future if the lease is renewed:
  - 5. Consistency of past use and intended future use with all applicable laws, including land use codes and regulations, the Comprehensive Plan, and overall economic development plan;
  - 6. Other opportunities for use of the property that may provide greater benefit to the City; and
  - 7. Other social, policy, and economic considerations as determined by Council.

#### Attachment for Lease renewal for Michael Yourkowski at 4460 Homer Spit Road

#### Property Plan and Development Scenario;

My plan is to maintain the existing rental spaces that provide business opportunities and employment for the community. Currently I am subleasing existing spaces to a restaurant, a coffee shop, a caretaker residence, two gift shops, a helicopter tour company and a mini spa facility. I also would like to create a harbor overslope pier as depicted in Exhibit A of the attached asbuilt survey. This would make available extra space for more businesses or the expansion of existing businesses. I do not have fixed plans for buildings on the proposed overslope boardwalk but they will meet all the requirements set out in the City's overslope regulations including setbacks and access. It is my belief that the overslope area is an excellent space for expanding business opportunities at this location. Ideally I would like the overslope area added to the existing lease. I do not believe that there should be an extra charge for the overslope until income is generated from it. I can't get a building permit until I have a lease in place, nor am I willing to pay engineering costs for the pier unless I have a lease secured. A proposed time line for the overslope project would be Spring of 2026. I have talked to Dave Northrup at Techno Post about construction. Also construction techniques used in the overslope construction of the Harbor Offices can be explored. Sewer and water would not be supplied to the pier initially. Project would be self financed. Initial cost estimates would be around \$200,000. If you would like to renew my current lease and explore the overslope as a separate purposal I would be fine with that as well.

There are many tourist oriented shops in the area. There are a couple of fishing oriented businesses as well. All current uses are compatible with the Comprehensive Plan and the Land Allocation Plan. All existing structures are permitted by the City Planning Department and have State Fire Marshal approval as well as meeting the City of Homer's Fire Department requirements for access and water supply.

#### Benefits and Impacts on Community

I have lived in Homer since 1981 and have leased 4460 Homer Spit Road from the City for 29 years, I started with two businesses, a fishing charter outfit and a gift shop as I recall. As Homer grew so did development on the property. Currently there are nine buildings surrounding a landscaped courtyard. We have a coffee shop, a prep/ storage building and a restaurant, with five picnic tables outside and indoor seating as well. Two gift shops are next to the restaurant. Behind this, we have a helicopter tour office, a mini spa, a caretaker cabin and another storage building. Tourist love this area as well as locals. The Spit Trail runs through this property. Business is good. One business has been in operation since 1998 and others have been operating for 15 years at this location. We are a stable economic engine for the Spit and Homer, creating jobs for approximately 15-20 people. I would like to continue to improve the area and create more opportunities.

RE:

Property at 4460 Homer Spit Rd.

Homer, Alaska 99603 Homer Fire Chief Approval Fire Department Access

Attn: Plan reviewer

Attn: COH Planning department

Mr. Yourkowski,

I have reviewed the site plan and physical location of the above referenced property regarding fire department access and fire protection water supplies.

Access to the above referenced property is accesble for Homer Fire Department fire apparatus.

Fire protection water supplies in the existing system meet the requirements of IFC-Chapter 5- section 507 (2018 edition)

Yours truly,

Mark Kirko

JOSEPH WARREN-KAHLES

City of Homer 491 East Pioneer Avenue Homer, Alaska 99603

#### To the Homer City Council and to the Port & Harbor Commission:

My name is Kirsten Dixon. I am submitting an independent opinion regarding the property I lease at 4460 Homer Spit Road, Lot #18103442, as well as several other buildings I have purchased over the years. My daughter Mandy Dixon and I have owned and operated La Baleine Cafe since 2013. This small, community-focused cafe has allowed us to share our passion for service and hospitality with both residents and visitors during the summer season. Over the years, La Baleine Cafe has gained national attention, and we are grateful for the awards and recognition we have received. We hope to have served as an asset to the City of Homer.

In keeping with Section 18.08.005, which outlines the City's goal of awarding "leases that provide the highest and best use of City-owned property," I respectfully submit my experiences with our current landlord, Michael Yourkowski, for your consideration as you evaluate his lease renewal.

Unfortunately, Mr. Yourkowski has not proven to be a responsive or reliable landlord. Despite operating at La Baleine for over a decade, we have never had a formal lease contract with him. Recently, in light of this lease renewal process, he provided a draft contract, but it remains incomplete. Over the years, our experiences have been marked by challenges: we have faced confusing and irregular water bills, last-minute rent increases (including one for 2024, announced in May), and unmet promises of assistance with necessary boardwalk repairs.

One persistent issue has been waste management. For several years, we requested a larger dumpster to support the waste volume generated by La Baleine Cafe. While we offered to cover the costs ourselves, Mr. Yourkowski has refused to facilitate this. This year, though the existing small, shared dumpster was emptied more frequently, he continued to decline our requests for a larger one. At every turn, it feels as though financial gain is prioritized over our needs and the property's upkeep.

Last year, we encountered another challenging situation when Mr. Yourkowski leased the small space between our kiosk and prep room to another tenant for a massage therapy building—without notifying us or seeking our input as ap 11-year tenant. While I wholeheartedly support

new businesses joining the Spit, the lack of communication felt disrespectful and dismissive of our longstanding presence and investment in this location.

Mr. Yourkowski's efforts in maintaining the property's aesthetics and functionality for public enjoyment have also been minimal. I had hoped to make our small courtyard a welcoming area for guests, but my efforts have not received any support from him.

In light of these issues, I would like to express my interest in submitting an application for this lot. I envision a clean, inviting space, both indoors and out, where locals and visitors can enjoy Homer's unique charm, our vibrant harbor, and the scenic beauty of Kachemak Bay. I am a full-time resident of Homer, committed to developing community spaces that allow people to connect and celebrate the essence of our special town.

If Mr. Yourkowski's lease is renewed, however, Mandy and I may be forced to consider closing La Baleine Cafe. This decision weighs heavily on us, as we feel discouraged by the prospect of continued challenges under his management.

Thank you for the opportunity to share my experiences at 4460 Homer Spit Road. I appreciate your time and consideration of this matter, and I welcome any questions you may have. It is my sincere hope that together, we can work towards a solution that benefits both our community and the city's valuable harbor property.

Respectfully, Kirsten Dixon

port@cityofhomer-ak.gov (p) 907-235-3160 (f) 907-235-3152

#### Memorandum

**To:** Port & Harbor Commission

**From:** Bob Shavelson, Commissioner

**Date:** November 5, 2024

**Subject** Fuel Dock Services

The fuel dock on the north side of the harbor ("small fuel dock") opened for roughly 30 days this past summer. The lease extends through 2038, and if the lessee exercises two five-year extensions, it endures until 2048. The City currently collects under \$22,000 per year for the lease, which includes tidelands, overslope and uplands.

The lease for the small fuel dock does not specify a purpose for the lease; the application form for the lease only lists "fuel, lubricants and marine supplies" as the purpose for the lease. Other than payment of rent, compliance with relevant laws and other generic provisions, the lease contains no provisions describing the lessee's obligations to make good and regular use of the leased acreage.

The small fuel dock occupies highly valuable real estate in the Homer Harbor, and its persistent lack of use does not appear to meet the "highest and best use" of the property as required by City Code (HCC 18.08.005). Furthermore, the current lease expresses City of Homer policy to ensure the City receives "maximum benefit" from the lease.

**<u>Requested Action</u>**: Adopt the following resolution directed to the City Manager:

"The Homer Port & Harbor Advisory Commission hereby requests the Homer City Manager to write a letter to Petro Marine asking how many hours it operated the small fuel dock in 2024, and how many hours it expects to operate the small fuel dock in 2025?"

Resolution 24-xxx, A Resolution of City Council of Homer, Alaska Establishing the 2025 Regular Meeting Schedule for City Council, Economic Development Advisory Commission, Library Advisory Board, Parks Art Recreation & Culture Advisory Commission, Planning Commission, Port & Harbor Advisory Commission and ADA Advisory Board. City Clerk.

**Item Type:** Action Item

**Prepared For:** Port & Harbor Advisory Commission

**Date:** November 20, 2024

**From:** Zach Pettit, Deputy City Clerk I

Please review the draft resolution that establishes your meetings for 2025 and make any changes by way of motion.

Requests for meeting schedule changes will then go to City Council, who will be setting the 2025 meeting schedule for Council and Advisory Bodies via resolution no later than their November 25, 2024 meeting.

#### Recommendation

Review the attached draft resolution; make a motion to approve the resolution either as-is or with amendments and recommend adoption by City Council.

#### Memorandum

TO: Mayor Castner and Homer City Council

FROM: Melissa Jacobsen, City Manager

DATE: October 9, 2024

SUBJECT: City Manager's Report for October 14, 2024 Council Meeting

#### Library Trail - West Lot and Storybook Trail and Lucky Shot Trail

This project was completed on October 8, 2024 with in-house resources rather than contracting out the work as originally intended. Based upon previous work completed, it is estimated that the Public Works Department was able to save the City approximately \$50,000 by conducting this work using in-house resources. The Public Works Roads staff provided additional equipment and labor to support the Parks Division staff at completing the project. The only remaining work to be completed on the Storybook Trail portion of the project is the installation of the Storyboards. The installation of the Storyboards was not intended to occur this construction season as part of this effort and will be installed early next summer. Even though the Storyboards were not installed, wide spots in the trail were constructed as part of this effort to accommodate the Storyboards. The wide spots were constructed so the folks stopping to read the storyboards are not in the main trail. The Parks Division of the Public Works Department recognized the opportunity to save money by making improvements to the Lucky Shot Trail during the same mobilization effort, so this work was added to the project. Adding this work allowed for a seamless transition between the two trails. Photos below show before and after images of the Lucky Shot segment.

#### 2024 Homer Transportation Plan

The 2024 Homer Transportation Plan has been submitted to the Kenai Peninsula Borough for final adoption. Staff expects the adoption process to be complete during the first quarter of 2025. In the meantime, now is a good time to be thinking of which projects and policies are priorities. All implementation requires staff time, funding, or a combination of both. The upcoming budget process is the ideal time to identify funding and staff resources for transportation related projects.

#### **Utility Billing Vendor Update**

The program the City uses to process autopay for City water and sewer monthly bills is aging out and will no longer be supported after November. The Finance Department has identified a new vendor to provide this service and is working towards implementing the replacement prior to the old system going offline. Similar notice will be going out to utility customers in our monthly bills in October and November. Customers will have to setup a profile with our new vendor to continue autopay services after November. Periodic updates will be provided as we move through the implementation process.

#### **Homer Harbor in the News**

Homer Harbor has recently made headlines, catching the attention of the media. Staff was interviewed for an article in the Alaska Contractor Magazine fall 2024 issue titled <u>When the Ship Comes In- Port and harbor projects support economic vitality in Alaska</u> and staff collaborated with HDR on an article for the Alaska Business Monthly about capacity issues at Homer Harbor, which ran in the <u>October 2024 issue</u>.

#### **Homer Harbor Critical Float Replacement Project Funding Update**

The City was recently informed that the planning and design phase of the Systems 4 & 1 Critical Float Replacement project, with a total estimated cost of \$2,205,000, was selected by the Denali Commission for a \$1.1 million Waterfront Improvement grant. This grant will assist with completing 100% design, environmental review, and permitting. Staff is currently responding to the Denali Commission's request for information for drafting a funding agreement. Once the Obligating Award Document is complete, staff will bring an Ordinance approving and accepting the funds for Council consideration. Denali Commission funds could potentially be in place to begin engineering and design activities in the first quarter 2025.

This funding, combined with a potential additional \$250,000 Federal appropriation submitted by Representative Peltola and contained in the FY25 House Department of Transportation Port Infrastructure Development Program Appropriations bill, will be instrumental in kick-starting the predevelopment activities for this critical project. Together, these funding sources would cover approximately 61% of the total design and permitting cost, significantly advancing the project's feasibility and timeline.

#### **Homer Animal Shelter First Friday Event**

The Homer Animal Shelter (HAS) hosted a First Friday Open House on Oct. 4 to help showcase local artists, as well as meet community members who may have never visited the City's shelter. Around 40 folks visited over a couple of hours to meet the animals and staff while taking a tour of the building. Volunteers provided food, face painting, and photos to support the event. HAS provides a safe haven for Homer's homeless pets, offers resources to pet owners in need, and enforces the City's animal ordinances by providing animal control services.

#### Memorandum

TO: Mayor Lord and Homer City Council

FROM: Melissa Jacobsen, City Manager

DATE: October 23, 2024

SUBJECT: City Manager's Report for October 28, 2024 Council Meeting

#### **Bayview Park Grand Re-Opening Celebration**

Bayview Park improvements are **almost** complete and we are ready to celebrate! The City is hosting a Bayview Park re-opening celebration Wednesday, October 30th at 1:30 pm. Everyone is welcome to attend. Enjoy hand-warming hot cocoa and treats for the kids and thank our partners: Kachemak Bay Rotary Club, the Alaska Department of Health and our community for helping us transform Bayview Park into a fun and accessible destination for preschool age children and their families!

In the meantime, please note that the park is not yet reopened. Paving was completed on October 22, after which there will be some cleanup, installing the last of the play equipment and spreading mulch – so it is close to being open. The Alaska Department of Health helped fund the project through a Healthy & Equitable Communities Grant, which was supplemented by City of Homer HART funds and a Homer-Kachemak Bay Rotary Club donation of playground equipment.

#### **Homer Spit Road Erosion**

On October 17<sup>th</sup>, following a high tide reaching over 22 feet and winds blowing up to 25 mph there was significant erosion on the west side of the Homer Spit Road resulting in damage to the unprotected section of the road which is encroaching on the roadbed itself with some areas just a few feet from the edge of the pavement. Port Director Hawkins reported the issue to AKDOT Commissioner Ryan Anderson, the US Army Corps of Engineers (USACE), Representative Vance and Senator Stevens. Director Hawkins emphasized that if we continue to monitor this situation passively, before the end of the winter storm season we may have to close one lane of the highway due to the extent of the erosion. Inspections by AKDOT engineers and USACE are anticipated to happen soon.

#### **Comprehensive Plan Open House**

The City held an open house for the Comprehensive Plan on Tuesday October 22<sup>nd</sup>. The meeting was well attended by some 90 participants and good conversations were held all around on the three growth scenarios that were developed through the initial Comprehensive Plan surveys and public meetings. An online opportunity will be available soon where folks who were unable to attend can review the information and provide feedback to Agnew::Beck. The next Comprehensive Plan Steering Committee is scheduled for Monday December 2<sup>nd</sup>.

#### **Community Development Update**

For the first time in 19 months, Community Development is fully staffed! Homer residents Will Anderson and Jackie McDonough have joined the team; Will is an Associate Planner and Jackie is a Community Development Associate. Will has previously worked in Homer as a framing contractor and holds degree in Architecture. Jackie is a 9-year veteran of the Homer Public Library and brings a wealth of knowledge about the community to the team.

#### Ohlson Lane and W. Bunnell Avenue Roadway and Water Improvements Update

**Item Type:** Informational Memorandum

**Prepared For:** Mayor Lord and Homer City Council

**Date:** October 22, 2024

**From:** Melissa Jacobsen, City Manager

In 2020 a City Council Retreat was held and the Council at that time identified road improvements as a priority issue. Following that, former Public Works Director Keiser worked to develop a roads financial plan (Ord 20-33). The current plan includes a full reconstruction project for Ohlson Lane and West Bunnell for design and construction of the road, sidewalk, storm drain, water main, and traffic calming.

Design work was authorized by Task Order in Resolution 22-052. This work uncovered the need for more comprehensive storm drain improvements and replacement of an old 8" cast iron water distribution line as explained in Memo CC-23-168. This memo also includes a breakdown of project components, funding sources, estimated costs, and subsidies.

Resolutions 23-068 and 070 authorized the application of ADEC Clean Water and Drinking Water loans for the storm drain and water main pipe replacement portions of this project, and the projects are included on the ADEC Intended Use Plans with an anticipated start date of June, 2025.

On January 3, 2024, Nelson Engineering completed a 95% design for this project. According to the cost estimate attached to the 95% design, the project will cost a total of \$2,370,409 to construct, minus \$815,400 in loan subsidy leaves \$1,555,009. Nelson is currently working to complete the 100% design for this project and anticipates an increased total project cost based mostly on steadily escalating material costs over the last year.

In an effort to stay on track with this project we will be bringing an ordinance forward on November 12<sup>th</sup> to appropriate \$2 million from HART Roads for this project. This will ensure the funds are available for the project to proceed to construction in the summer of 2025.

#### Resolutions 23-068, 23-069, 23-070, and 23-071

**Item Type:** Backup Memorandum

**Prepared For:** Mayor Castner and Homer City Council

**Date:** July 13, 2023

**From:** Janette Keiser, PE, Public Works Director/City Engineer

**Through:** Rob Dumouchel, City Manager

**Issue:** The purpose of this Memorandum is to update the Council on the Ohlson Lane/Bunnell Avenue Pavement Restoration Project and recommend new strategies.

**Background:** One of the projects in the Pavement Restoration Program established by Ordinance 22-26 was the Ohlson Lane/Bunnell Avenue Project. Resolution 22-052 authorized issuance of a Task Order, in the not to exceed amount of \$55,518, to Nelson Engineering to design the project. In the course of the design work, we learned that Ohlson Lane and Bunnell Avenue have an old 8" cast iron water distribution line, which is subject to cracking and should be replaced before the roads are repaved. The estimated cost for the water line replacement is \$540,000, as a stand-alone project. We submitted a Questionnaire for an Alaska Department of Environmental (ADEC) State Revolving Loan (SRF) for the water line replacement. The project is now listed on the ADEC's Intended Use Plan for SRF Drinking Water monies in the amount of \$491,400. Further, we've been offered a Principal Forgiveness Subsidy in the amount of \$491,400. The remaining costs will be requested from the Water CARMA Fund at later date.

Also, in the course of the design work, we learned that more comprehensive storm drain improvements are needed to address long-standing problems on Bunnell Avenue. The estimated cost is \$324,491 as a stand-alone project. Storm drain projects qualify for ADEC SRF Clean Water monies, so we submitted a Questionnaire for this project as well. This project is now listed on the ADEC's Intended Use Plan in the amount of \$324,000. Further, we've been offered a Principal Forgiveness Subsidy in the amount of \$324,000.

The ADEC's Intended Use Plan is good for three years, after which the City must re-apply for eligibility and there is no guarantee we will be offered new subsidies. In order to lock in the subsidies, we must apply for the loans.

City Council July 13, 2023

The City needs to decide how it wants to proceed. We recommend moving forward with the road project by adding the water line replacement component and the upgraded storm drain improvements. This will give us a fully-functional road system, with a rehabilitated road bed, new pavement, a sidewalk on the south side of the road, a new water line and comprehensive storm water improvements. The cost estimates for the three elements of the project were developed as if each project were built separately. It is highly likely we will achieve some economies of scale if we build all three elements at the same time; for example, we will only need to pay for one SWPPP plan, one traffic control plan, one set of mobilization costs, etc. The estimated total cost of the entire project are:

	Component of Project	<b>Funding Source</b>	Est. Cost	Subsidy
•	Road restoration project	HART Road	\$1,171,292	\$0
•	Storm drain improvements	HART Road	\$ 342,491	\$324,000
•	Water line replacement	Water CARMA	\$ 540,000	\$491,400
		Total Project Cost	\$2,053,783	

The design for the road work was funded, a contract was issued to Nelson Engineering and the work is almost complete. That contract did not include design of a water line. Nelson's proposal to design the water line is estimated to be \$55,867. The contract did include most of the storm water work, but some additional effort is necessary. Nelson's proposal to provide this additional effort is estimated to be \$11,634. Both costs will be covered by the ADEC Principal Forgiveness Subsidies. The FY24 Capital Project includes \$90,000 design work related to Ohlson Lane/Bunnell Avenue.

#### **RECOMMENDATIONS:**

That the City Council adopt Resolutions authorizing the City Manager to apply for ADEC SRF loan funds, in order to lock in Principal Forgiveness Subsidies:

Ohlson Lane/Bunnell Avenue Water Line Replacement	\$491,400
Ohlson Lane/Bunnell Avenue Storm Drain	\$324,000

That the City Council authorize a new Task Order to Nelson Engineering for the design of a water line replacement in the Not to Exceed amount of \$55,867.

That the City Council authorize a new Task Order to Nelson Engineering to design more comprehensive storm drain improvements in Bunnell Avenue for the Not To Exceed amount of \$11,634.

**Road Grader Lease** 

**Item Type:** Informational Memorandum

**Prepared For:** Mayor Lord and Homer City Council

**Date:** October 23, 2024

**From:** Daniel Kort, Public Works Director

**Through:** Melissa Jacobsen, City Manager

The City currently owns and uses five graders. This chart is information from the FY24/25 capital

budget document-Department Asset

Department	Asset ID	Asset Description	Manufacture Date	Expected Life	Risk Rating
EQ OPS	E169	1980 CAT 12G GRADER - Herdon Grader	1980	20	3
EQ OPS	E164	1994 720A CHAMPION GRADER	1994	20	5
EQ OPS	E168	2002 163H AWD CAT GRADER	2002	20	4
EQ OPS	E180	2021 CAT 160 AWD GRADER	2021	20	2
	E181	2022 CAT 160 AWD GRADER	2022	20	1

E169 is a small 1980's grader. It functions as a spring breakup grader that is used as the ground softens and frost boils start to surface in the roads. Its light weight helps retain the integrity of the roads when plowing is needed during this time of year.

E164 is a 1994 model grader that has served the City well and is currently functioning as a backup grader. It has significant transmission issues and is currently out of service with no return to service date.

E180 and 181 are newer graders that are running well and should do well in their 20-year lifespan.

E168 is a 2002 model that has passed its 20-year mark and is showing its age in transmission leakage to the point the operators carry a jug of transmission fluid with them and have to scrape the ice off the windows of the cab on their routes.

The purpose of this ordinance is to appropriate funds to lease a new 2024 model 160-15AWD grader under a government contract. The lease term is seven years at a 5.49% interest rate and the City would

Memorandum City Council October 23, 2024

own the grader interest rate at the end of the term. According to the NC Machinery representative the lease will be through Caterpillar and the CAT Finance Gov Lease has a non-appropriations clause which allows the City to return the machine to NC Machinery if for some reason the funds aren't appropriated in order to continue the lease during the length of the contract.

The Homer Accelerated Roads and Trails (HART) Fund has a provision for equipment purchases and Council has approved this in the past to purchase a grader. However, a fair amount of HART Roads funding has been appropriated in recent years to fund various projects, and there are other projects on the immediate horizon that will require HART Roads funding to complete. As of October 9<sup>th</sup> the remaining available balance in the fund is approximately \$2.1 million (per financial supplement attached to Ordinance 24-49).

Public Works Fleet CARMA has a balance to accomplish the first annual payment. Going forward a budgeted transfer will be necessary to fund future payments.

From a road maintenance and rolling stock perspective, graders E168, 180, and 181 (E164 is the backup) are used for winter maintenance and snow plowing city roads around and within our subdivisions. There are three winter plowing routes and typical snow event requires 14-16 hours of operator time to complete. With the addition of new subdivisions within the City over the past few years, the requirement for plowing is growing and Public Works will likely be establishing a fourth route soon. Reliable equipment is necessary for the operators to complete their routes safely, timely and efficiently.

With the lease purchase of the 2024 grader, E168 will move to the backup grader position and E164 will be sold through surplus at the next available opportunity.

Our intent is to bring an ordinance before Council at their November 12<sup>th</sup> meeting after the City Attorney has an opportunity to review and provide input.

October 17, 2024

City of Homer 491 E. Pioneer Ave Homer, AK 99603

Dear Mayor Lord, City Council, and City Staff,

This letter serves as our quarterly report from July 1 to September 30, 2024. Homer Business Advisor Robert Green put together another steady quarter for the Alaska SBDC. On August 22, Robert joined the Small Business Administration, the Alaska Women's Business Center, and Business Impact NW to present a Business Power Workshop. The workshop was so well attended, it set the Alaska SBDC record for the most attendees to an SBA workshop in Homer. Robert continues to excel with client satisfaction, now reaching nine consecutive quarters with 100% client satisfaction on surveys. Here is a summary of deliverables to the Homer community during the quarter (year):

Client Hours: 116.6 (376.2) Jobs Supported: 63 (184)

Total Clients: 53 (101) Capital Infusion: \$0 (\$1,000,000)

New Businesses Started or Bought: 2 (3) Client Surveys: 100% positive (100% positive)

This next section provides lists of the top advising topics and top industries obtaining technical assistance from the Alaska SBDC in Homer. The top topics list was nearly identical to last quarter, with assistance to entrepreneurs looking to start new businesses again number one, followed by managing an established business, buy/sell business, and financing/capital. For industries, food services moved atop the list, followed by professional services and manufacturers, which joined the list in the quarter.

#### **Topics**

- 1. Start-up Assistance: 44.8 hrs (38%)
- 2. General Management: 16.6 hrs (14%)
- 3. Buy/Sell Business: 14.9 hrs (13%)
- 4. Financing/Capital: 14.5 hrs (12%)
- 5. Business Planning: 14.0 hrs (12%)

#### **Industries**

- 1. Food Services: 19.0 hrs (16%)
- 2. Professional: 15.5 hrs (13%)
- 3. Manufacturer: 15.4 hrs (13%)
- 4. Services: 11.5 hrs (10%)
- 5. Accommodation: 11.0 hrs (9%)

We would like to thank the City of Homer for supporting the Homer Business Advisor position. We greatly appreciate the knowledge, experience, and consistency Robert Green brings to efforts in Homer. Please do not hesitate to contact us if you have any questions.

Sincerely,

98AFA012679B4D7...

DATE: November 6, 2024

SUBJECT: City Manager's Report for November 12, 2024 Council Meeting

#### **Bayview Park Grand Re-Opening Celebration**

On October 30, 2024, we celebrated the grand reopening of Bayview Park with a festive ribbon-cutting ceremony and cups of hot cocoa! Thank you to everyone who joined us—it was inspiring to see so much community involvement in bringing this project to life. The park was closed for just over a month—from September 26 to October 30—and has reopened with several exciting upgrades, including ADA-compliant parking, an accessible pathway, new playground equipment, and fresh mulch. We extend our deepest thanks to those who made these improvements possible:

- Alaska Department of Health, for their Healthy Equitable Communities grant.
- **Kachemak Bay Rotary Club**, for generously donating playground equipment.
- Community members who collaborated with design contractor Peter Briggs of Corvus Design to shape the park's vision.
- City's ADA Advisory Board and Independent Living Center, for consulting on accessibility features.
- Homer City Council, for approving Homer Area Roads and Trails (HART) funding, which helped complete the park's drainage, accessible parking, and entrance trail. (HART is a voter-approved tax initiative dedicated to enhancing Homer's roads and trails.)
- Parks Art Recreation and Culture Commission, who invested considerable time in planning and design.

We also acknowledge our fantastic contractors, Corvus Design and East Road Services, who worked alongside City staff from the Community Development and Public Works Departments to make this project a reality. Thank you all for creating a beautiful, accessible space for our community!

#### Fish Grinding Building Replacement Project Update

After Council approved the grant amendment to add construction activities to the Alaska Department of Fish & Game Cooperative Agreement to replace the City's Fish Grinding Building, we hit the ground running to be able to complete construction before fishing season gets going again in the spring. Contractors began demolition of the old building the week of October 12, and Beachy construction's sub-contractor Richards Masonry arrived on site the last week of October to begin building the walls of the new grind shack.

#### Alaska Association of Harbormasters and Port Administrator's Employee of the Year at the 2024

At the Alaska Association of Harbormasters and Port Administrator's Annual Conference that recently concluded in Homer, Amy Woodruff was awarded Port of Homer Employee of the Year. In her position as Administrative Supervisor, Amy manages a diverse set of responsibilities that connect all divisions within the Port, ensuring efficient handling of billing and payables. The AAHPA award acknowledged Amy's enthusiasm and remarkable technological skills that have propelled Homer Port & Harbor forward in terms of efficiency and accountability. In addition, it was also recognized her invaluable involvement and contributions to the Homer Harbor Expansion General Investigation study and the Federal grant application to the Port Infrastructure Development Program for float system replacement, which showcases her exceptional ability to juggle multiple projects simultaneously while managing her daily office responsibilities. Congratulations Amy!

#### Comment Period for the Comp Plan Rewrite Growth Scenarios Available Online Through Nov 15

The Growth Scenarios that debuted at the October 22, 2024 Community Work Session as part of the Homer Comprehensive Plan were made available on the Homer Comp Plan Update website November 1 for the public to be able to view and provide comment. The public can review the scenarios and provide your feedback through the link: <a href="https://homercompplanupdate.com/">https://homercompplanupdate.com/</a>. Comments on the Growth Scenarios are being accepted through November 15th. The online feedback, and the feedback received from over 90 Homer residents who attended the Community Work Session, will be used to improve the Growth Scenarios Report Card and related materials, and help identify elements of a "preferred scenario" that we will use to inform the revised Comprehensive Plan (slated for release in January 2025).

#### **Homer Spit Road Erosion**

We're keeping a watchful eye on the areas of the Spit Road that are being impacted by erosion from recent high tide and wind events. We'll be experiencing another large tide cycle November 13-19 and if that coincides with high winds from the south west further damage may likely occur along the road. The Spit Road is a state owned road and Port Director Hawkins has been in contact with our local AK 132 ighway Supervisor to keep AKDOT looped in to respond

as best they can. City departments including Police, Fire, Port, and Public Works are communicating internally on response planning as well.

#### **Controlled Burn of Brush Pile on Homer Spit**

The City is conducting a controlled burn of a brush pile on the Homer Spit, June 12th through the 15th. This is a routine clean-up operation that happens about every other year for driftwood that has been pulled out of the harbor and some brush from Public Works. The fire has been permitted and is being carefully monitored, so while folks may see smoke, there is no need to contact the Fire Department.

#### **HERC Update**

The City had a successful application to the State of Alaska's Department of Environmental Conservation (DEC) Brownfields Assessments and Cleanup Service (DBAC). The State pays and manages all the tasks. The work outlined in the attached letter will help prepare the City to apply for future EPA funding. Federal Grant opportunities next year are anticipated to be the last of the large federal funding opportunities for brownfield cleanup work. The State's work will help the City have a more complete application next year.

#### **Work Session with the Economic Development Advisory Commission**

Council will hold a joint work session with the EDC on Monday November 18<sup>th</sup>. If there is something you'd like to discuss at that work session, please let staff know.

#### **Homer Spit Road Erosion**

We're keeping a watchful eye on the areas of the Spit Road that are being impacted by erosion from recent high tide and wind events. We'll be experiencing another large tide cycle November 13-19 and if that coincides with high winds from the south west further damage may likely occur along the road. The Spit Road is a state owned road and Port Director Hawkins has been in contact with our local AKDOT Highway Supervisor to keep AKDOT looped in to respond as best they can. City departments including Police, Fire, Port, and Public Works are communicating internally on response planning as well.

#### **Imitation is the Highest Form of Flattery**

Harbor Staff had some fun on Halloween with an unexpected trick for their boss. Some of the team dressed up as "Bryan in the office", "Bryan in the field", and "Bryan giving a Harbor tour". Can you spot the real Bryan?

Re: ADEC Approves the Response to Comments, dated April 26, 2023

Dear Ms. Engebretsen,

The Alaska Department of Environmental Conservation (DEC) Contaminated Sites Program (CSP) received the *Site Characterization Work Plan*, dated October 9<sup>th</sup>, 2024 and submitted to the department the same date. The work plan is approved.

The work plan proposes the advancement of 80 test holes using hand tools. Soils will be field screened at 6 inches, 1 foot below ground surface (bgs) and 2 feet bgs using an x-ray fluorescence (XRF) device. The 40 samples with the highest XRF results will be submitted for laboratory analysis for lead and RCRA metals, 8 soil samples will be submitted for PCBs. An additional 4 duplicate samples will be submitted blind. If any soil field screening samples exceed 100 milligrams per kilogram (mg/kg) for lead, two samples will be submitted for analysis of Toxic Characteristic Leaching Procedure. An additional 10 soils samples will be collected to analysis of asbestos.

BGES is proposing to undertake a comprehensive inspection of HERC 1 for lead-based paint, asbestos and PCB-containing materials. An XRF will be used to identify lead-based paint, and any samples of suspected asbestos containing materials will be collected using wet methods for laboratory analysis. A report detailing the above site characterization activities will be submitted to DEC at the finalization of field activities. Additionally, BGES will work with the community of Homer to draft an Analysis of Brownfields Cleanup Alternatives.

You can reach me by phone at (907) 465-5368 or by email at: <u>Flannery.ballard@alaska.gov</u> with any questions.

Sincerely,

Flannery Ballard Environmental Program Specialist III
